Helian Qingyu kept staring at her face, wanting to see why she had suddenly changed into a different person.

Li Ruochu hung up his jacket and came back to his side to invite him to sit down. "Mr. President, would you like a cup of tea? Or would you like to start eating right away?"

Helian Qingyu stared at her with his dark eyes. He suddenly pulled her onto his lap and asked, "What's going on? Are you trying to please me?"

Li Ruochu controlled her racing heart and smiled as she explained, "Yes, I want to thank Mr. President."

Helian Qingyu thought about the gifts. Perhaps it was because of the gifts. He had given her face and that was why she was so grateful to him.

Could it be that if he gave her more things, she would be happy and treat him well?

It was as if Helian Qingyu had discovered a new world. His mood became inexplicably happy. He even pinched her cheek lovingly and announced, "Let's eat!"

It was true that he was hungry. After eating her food for the past few days, his appetite had improved. Every day, he thought about what delicious food she would make for his next meal.

After Helian Qingyu was served, Li Ruochu asked the servants to bring Nuo Nuo down. After the father and son sat down, Li Ruochu began to serve the dishes.

Helian Qingyu looked at the sumptuous dinner on the table and was very satisfied with Li Ruochu's performance. Not only that, but she even took the initiative to help him get some food first. It completely satisfied his vanity and made him very happy.

At night, Helian Qingyu prepared to take a shower. Li Ruochu took the initiative to ask, "Mr. President, do you need help?"

Helian Qingyu turned to look at her. "You have to help me shower."

"If Mr. President doesn't do anything rash, I'm willing to help you wash up." Li Ruochu lowered her eyelashes as her cheeks began to turn red.

Helian Qingyu was willing to give in for the long term benefits. "Okay, I promise I won't do anything rash."

Just like that, Li Ruochu helped Helian Qingyu take a shower. Helian Qingyu enjoyed it even more than an emperor would, he did as promised and did not have any improper thoughts throughout the whole process.

After taking a shower, Helian Qingyu returned to his room. Li Ruochu followed him and asked, "Mr. President, would you like a glass of milk to help you sleep?"

Helian Qingyu sat down on the bed and looked at her. "Tell me! What do you want?"

Li Ruochu did not expect him to see through her attempt to please him. She did not beat around the bush and said, "It's still about the Li family. My father is seriously ill and could pass away at any time. So I want to take a leave of absence and go back to accompany him to fulfill my filial duties. Also, I might take over the Li family business. When the time comes, I will be quite busy, so..."

Before Li Ruochu could finish her words, Helian Qingyu opened his arms. Li Ruochu was silent for a few seconds before she walked into his arms.

She was prepared to give herself to Helian Qingyu tonight in order to get the right to come and go as she pleased. If Helian Qingyu had made such a request, she might not have refused.

Helian Qingyu let her sit on his lap and held her by her waist. He said, "Just do whatever you want. The prerequisite is that you are not allowed to flirt with other men."

Li Ruochu was surprised. How could he be so easy to talk to? She felt touched. "Mr. President..."

"Don't be too grateful to me. What I want is not your gratitude..." He picked up her hand and pecked her on the lips. "It's your heart!"

Li Ruochu's heart skipped a beat. She stared at him blankly and didn't know how to react.

Helian Qingyu did not do anything else. He pinched her waist and urged her to go back and rest.

Li Ruochu was completely flattered. She did not expect him to be so easy to talk to. When she walked out of the door, she did not forget to look back at him.

Helian Qingyu smiled. "I don't mind if you want to sleep with me!"

Li Ruochu blushed and ran away.

At the Li Group Media Conference Center, all the shareholders were invited to the meeting.

Li Min'er attended the meeting as the executive director of the company. Her mother, Song Juan, chaired the meeting on behalf of Li Qingsong.

After everyone had arrived, Song Juan began to speak. "All shareholders, thank you for coming to today's temporary shareholders' meeting. On behalf of my husband, I would like to express my gratitude to all of you. As everyone knows, my husband is currently unwell and cannot lead the company. As the saying goes, a country cannot be without a leader for a day, and the company cannot be without a president for a day. Therefore, I've gathered everyone here today to choose the new president of Li Group."

As Song Juan spoke, the shareholders began to whisper to each other. After discussing for a while, one of the shareholders asked, "Chairman Li has two daughters, but which daughter does Chairman Li want to pass the position to?"

"My husband's condition is very serious. He can't explain these things clearly, so I'll have to trouble everyone to discuss it together," Song Juan added. "My husband has two daughters. One is his eldest daughter, Li Ruochu, and the other is his youngest daughter, Li Min'er. Li Min'er is the executive director of the company, and everyone knows about her. As for Li Ruochu, she hasn't heard from for so many years and doesn't know much about the company. Everyone should know who is more qualified to be the president, right? If there are no objections, then let's begin the selection!"

Song Juan asked her staff to project the two candidates of the Li family on the big screen, and the voting began.

There was a vote going on below the stage. The results of the vote were out and Li Min'er became the new president of Li Group by a landslide.

Li Min'er stood up and began her first report.

"Dear directors and leaders, thank you for voting for me..."

Her opening speech had just begun when the door of the conference center suddenly opened. A group of people appeared at the door.

Li Min'er looked at the door and saw Li Ruochu coming in with her lawyer and Chu Huai. She frowned.

The person she did not want to see was here!

Li Ruochu wore a white business suit and walked in from the door. She stared at Li Min'er on the stage and said, "The votes won't count if the candidates are not present!"

The shareholders all looked at Li Ruochu.

Li Min'er looked at her mother. Song Juan stood up and said, "Ruochu, you haven't been in the business world for so many years. And you said that you would give up the inheritance rights. Why are you going back on your word now?"

Li Ruochu did not give up the right for inheritance. Song Juan was obviously trying to confuse the shareholders.

"Since when did I say I'm giving up? I also have 10% of Li Group's shares.

Li Min'er was not to be outdone. "So what if I have 10% of your shares? I have 20% of the shares, which is far more than you. Even if you stand here and compete with me now, you might not win."

The two daughters of the Li family began to argue. The people below the stage could smell the smoke of war that had arisen because of the fight over the assets. They all quietly observed the situation.

“Let's not talk about winning or losing for now. At the very least, we should let everyone know what my father's rule of succession for the Li family is.”

Chapter 2393

Li Ruochu turned around and said to Hong Jin, “Mr. Hong, please announce the Li Group's rules for succession in front of everyone. Thank you!”

After that, Hong Jin stood on the stage and opened the folder in his hand to read the contents.

According to the rules of succession of the Li Group, in addition to the share of shares, there was also a prerequisite. This prerequisite was that the heir had to be married.

After Li Min'er heard this, she laughed out loud. “I totally agree with this. My husband, Qiu Yuzhe, and I have been married for many years. Moreover, we have a son who is already three years old. As for you, Li Ruochu, are you married? Do you have a husband? No matter how hard you try, it's useless!”

Li Ruochu quietly looked at Li Min'er, who was gloating at her misfortune, and sneered. “Even so, I have the right to veto. I declare today's temporary shareholders' meeting void and the vote invalid!”

Li Min'er could not take it lying down and said, “Fine! You're doing this because you don't want me to inherit my father's company. Fine, I'll give you three days. If you can find a man and get married within three days, then you'll have the right to stand here and talk! All the shareholders here can testify. When the time comes, we'll compete fairly and vote again. How about it? Do you dare? It's not too late to give up now!”

“So be it! Three days it is!”

Because of Li Ruochu's appearance, the temporary shareholders' meeting was announced to be over. Li Min'er's plan to succeed as the company's president had failed.

When they left Li Group, Li Ruochu discussed with Chu Huai, “Assistant Chu, what do you think my chances are?”

Chu Huai looked at her and did not say anything. Li Ruochu had already gotten the answer. “Right now, besides the 10% shares difference between me and Li Min'er, I still lack a husband, right?”

“That's right, Miss... actually...”

Chu Huai nodded and looked at her.

In fact, no one knew what Chu Huai was thinking. The reason why he had chosen to work at the Li Group was mostly because of Li Ruochu.

It was also because of her that he had chosen to stay in the Li Group until now. Now, she had finally returned.

If she wanted to inherit the Li Group, he would continue to support her and help him.

If she wanted to marry someone, if she could fall for him, he was willing...

“What's wrong, Assistant Chu? What do you want to tell me? Just say it!”

Li Ruochu looked at the tall man in front of her. He was always gentle and refined, just like her big brother.

Chu Huai was still lacking in courage because there were many things that he was uncertain about. “Actually... actually, you can think of a way to first equalize the shares with the Second Miss. This way, you will have a little more advantage in the competition. Also, if you want to get married, does the Eldest Miss have anyone she likes?”

Li Ruochu suddenly remembered Helian Qingyu's cold face. But she shook her head. “Not yet. I'll think of a way to solve this matter within three days.”

Coincidentally, her phone rang. It was an unknown number. Li Ruochu picked it up and realized it was her brother, Bai Yanchuan.

The other party knew that she had returned to the country and specially flew over from the Dragon Kingdom to meet her. Li Ruochu agreed.

“Okay, I still need to see someone. I'll contact you later.”

The car arrived and Ah Wen opened the door for Li Ruochu. Before Li Ruochu got into the car, she asked Chu Huai, “I will still have to trouble you with company matters for the time being, Assistant Chu.”

“No problem. This is what I should do.”

Chu Huai watched Li Ruochu leave thoughtfully.

Ah Wen sent Li Ruochu to the prearranged Costa Cafe. Li Ruochu walked into the shop and saw a man in a silver suit sitting down.

Chapter 2394: Untitled

Bai Yanchuan also saw her and took the initiative to wave at her. Li Ruochu walked over and sat down in front of him.

“Long time no see, Big Bro!”

“Long time no see.”

Compared to a few years ago, Bai Yanchuan was more mature and charming now. There was a restrained and sedative look on his face.

The two of them looked at each other and smiled in the end. It was as if they could forget all the unpleasant things that had happened in the past.

Bai Yanchuan ordered a cup of coffee for her and said, "It's been a few years since we last saw each other. My sister is still as lovely as ever and people still say the President has never forgotten her."

"Big Bro, stop teasing me! I heard you're already married and have a son? Congratulations!"

"Mm, I already have a wife and child. What about you? When are you going to marry him?"

Bai Yanchuan had gotten into a fight with Helian Qingyu because of Li Ruochu, and he understood what was going on between Li Ruochu and Helian Qingyu.

She knew that the reason why Helian Qingyu did not marry her after her sister went abroad was to wait for her.

"I'm still early! I'm not thinking about it now! Oh right, I heard that sister-in-law used to be a news anchor right?"

"That's right. She used to work at Estan TV Station, and now she's the head of Dragon Kingdom TV Station."

"Impressive!"

As the two of them chatted, Bai Yanchuan took out a photo of his wife and child and showed it to her. When Li Ruochu saw Ning Luoxiao, she thought of her. "I recognize sister-in-law. We've met before! Ah, your son is so cute. Call me Auntie!"

"Mm."

After chatting about family matters for a while, Bai Yanchuan finally revealed his purpose for coming today. "I heard that you want to take over the Li Group this time?"

"I'm not really interested in business. I just don't want Dad's hard work to be ruined. If Li Min'er were to take over, she would definitely give the Li Group to Qiu Yuzhe without hesitation."

Li Ruochu expressed her inner thoughts and decision.

"Yes, you're right. I think so too." Bai Yanchuan pushed a document towards Li Ruochu. "I might not be of much help to you. Take this and see if it's useful!"

"What?"

Li Ruochu opened the document and was shocked after reading it. She looked at the document and then at him. "Brother, these are your shares..."

(If you have problems with this website, please continue reading your novel on our new website [myboxnovel.com](http://myboxnovel.com) THANKS!)

"I'll give them all to you! I only have 8% of the shares. In addition, I've helped you acquire some of the shares of the individual investors. It should add up to about 12%. Perhaps it will be of use to you!"

"It's definitely useful! Thank you, brother! You're like a lifesaver!"

Li Ruochu had 12% of the shares that Bai Yanchuan had given her. In addition to her 10%, she had 22% of the shares. By then, she would have the ability to compete in the selection.

“Don't stand on ceremony with me! I hope you can bravely take over the Li family's business!”

“Oh, right,” Bai Yanchuan added. “Come to my house one day and meet your sister-in-law and nephew. I've brought them all here.”

Li Ruochu agreed readily and arranged to visit Bai Yanchuan at his house another day.

Li Ruochu had to solve the problem of marriage in the next three days first.

She had considered finding someone to pretend to be her husband, or perhaps to apply for a fake certificate. But in the end, she rejected the idea because the consequences would definitely be very bad if she was exposed.

Moreover, with Helian Qingyu around, how could he allow her to marry someone else?

She wanted to discuss this matter with Helian Qingyu, but the man was not in the presidential mansion. She waited until night fell, but he still didn't return.

Li Ruochu had no choice but to call Helian Qingyu.

Chapter 2395: Untitled

When the call came, Helian Qingyu was in a meeting at the Blue Palace. Suddenly, he saw the name flashing on the screen and stopped the meeting.

The officials were relieved to hear that the meeting was over.

Helian Qingyu picked up the call. “Hello? Looking for me?”

He might not have realized how gentle he sounded on the phone today.

“Mr. President, are you busy right now? Is it convenient for you to talk? Did I disturb you?” the woman asked worriedly.

“It's alright, go ahead.”

As Helian Qingyu spoke, he had already picked up his jacket and was about to leave Blue Palace.

“Yeah... it's... about the matter of remarriage.”

Li Ruochu realized that she was on the phone and was too embarrassed to say it. She asked again, “Mr. President, when can you come back? I want to discuss it with you in person.”

Hearing this, Helian Qingyu suddenly stopped in his tracks. He was suddenly in no hurry to go back.

He recalled Ah Wen's report and knew that Li Ruochu's condition for taking over the family business was to get married within three days. So the woman had taken the initiative to ask him to remarry?

What should she say?

When he proposed to remarry, she would reject him to the end, as if she would rather die than marry him.

Why did he have to cooperate when she needed to get married?

Helian Qingyu did not plan to go back now. He decided to leave her hanging and make her anxious. He knew how important he was.

“Okay, wait for me! I have something to take care of for the time being. I might not be able to go back.”

“Okay, I'll hang up now!”

Could it be that she did not want to talk to him about anything else? If she could talk to Bai Yanchuan for an entire afternoon, why couldn't she talk to him more?

“Is there anything else you want to tell me?”

“That's all.”

Helian Qingyu's mood instantly turned sour. He said unhappily, “Let's talk about remarrying when I get back. If you dare to marry any random man, you're dead!”

(If you have problems with this website, please continue reading your novel on our new website [myboxnovel.com](http://myboxnovel.com) THANKS!)

Helian Qingyu's last sentence was filled with danger and warning. He then hung up the phone in a huff.

Li Ruochu hung up and looked at the screen. She couldn't help but complain, “What kind of person is he? He changes his attitude faster than flipping a book!”

But there was nothing she could do about it. If she really married a random man, Helian Qingyu would probably cut her into pieces!

She had no other choice but to wait patiently for him to come back.

For the next two days, Li Ruochu went back to visit her father during the day. She spent the rest of her time with her child, contacting Chu Huai, and getting to know Li Group. She wrote a report on the competition.

On the third day, Helian Qingyu finally came back. When Li Ruochu heard that he was back, she immediately ran out to welcome him.

In the past, she had never felt that leaving a man was a big deal. It was only now that she realized how anxious she had been for the past few days to see him.

“Mr. President, you're back!”

Li Ruochu was even more obsequious than the last time. Her face was full of smiles as she came to welcome him happily.

He was always so attentive when she needed his help. When could he open his heart to her?

“Do you want tea or coffee?”

After he sat down, she followed him to the side and asked thoughtfully.

Helian Qingyu glanced at her but did not say anything. He directly called the butler, Uncle Lian, and ordered, "Prepare a banquet. We have to entertain the commander of the three armies today!"

"Yes, sir." Uncle Lian obeyed and went to prepare.

Li Ruochu also knew from the news that Estan had made a major breakthrough in their defense against the South. The commander-in-chief of the three armies, Jun Yan, was leading the army well. Because of this, Helian Qingyu held a banquet at the presidential mansion.

Chapter 2396: Untitled

After Uncle Lian left, Li Ruochu waited for a chance to speak. Just as she was about to speak, Helian Qingyu's phone rang again.

Helian Qingyu got up and picked up the phone. He walked upstairs and returned to the study to answer the call.

Li Ruochu was depressed. He was so busy that she didn't even have a chance to talk. What should she do? Today was the last day!

Upstairs, in the study.

Helian Qingyu finished his work. When he opened the door, Li Ruochu, who was leaning against the door, almost fell in.

"What are you doing here?" Helian Qingyu asked.

"Oh, I..."

Before she could explain, Helian Qingyu grabbed her wrist and pressed her body against the wall. "Are you trying to eavesdrop on me? Or are you trying to steal secrets?"

"No, no... I just wanted to discuss something with Mr. President."

"What is it?"

"You said before that you wanted to remarry me..."

Helian Qingyu let her go and straightened his collar. He turned around and said, "Did I say that? Don't forget what you are now!"

Li Ruochu realized that she was completely at a disadvantage now. At that time, he wanted her to remarry. When she was his wife, she was unwilling even if she died. But now, this man did not want to remarry her at all.

Fine!

Li Ruochu shouted at his back, "Mr. President, you've thought it through. If you're not willing, then I'll marry another man!"

Helian Qingyu stopped in his tracks and turned to look at her. "Say that again?"

"I mean, if the President doesn't want to marry me, I'll marry someone else!" Li Ruochu repeated fearlessly.

"Are you threatening me?"

Helian Qingyu turned around and approached her step by step. When Li Ruochu was forced into a corner by him, she mustered her courage and said, "It's not a threat... It's a proposal. Can't I?"

It was the first time she had seen someone propose like this.

Helian Qingyu looked at her with interest and couldn't help but smile.

"Why are you laughing? Are you not willing?"

(If you have problems with this website, please continue reading your novel on our new website [myboxnovel.com](http://myboxnovel.com) THANKS!)

Li Ruochu's hairs stood on end hearing his laughter.

Helian Qingyu placed a hand on her side and asked in a deep voice, "Do you think I'm that stupid to think that you're trying to use me as a shield at the last minute? What confidence do you have that I would agree to your request?"

Li Ruochu was speechless. She really had no right or confidence.

It was indeed a little unkind of her to use him as a shield. But now, he was unwilling, right?

Helian Qingyu stared at her for a while. Without a word, he grabbed her wrist and pulled her down the stairs.

"Hey! Helian Qingyu... why are you pulling me?"

Li Ruochu could not keep up with his long legs.

Helian Qingyu said without turning his head, "Aren't we getting married? Let's go now!"

"Hmm?"

Li Ruochu was surprised. His tone just now made her think that he would not agree.

He had already said it himself. Would he be that stupid?

In fact, Helian Qingyu felt as if there were countless fireworks blooming in his heart. It was undoubtedly a rare thing to hear Li Ruochu taking the initiative to propose marriage.

So, of course, he had to drag her to the registry immediately.

Even though he knew that she was using him and treating him like a fool, he was still happy to be the fool being used.

Just like that, Li Ruochu was led out by Helian Qingyu in a panic.

Chapter 2397: Untitled

Once the order was made, Estan's marriage registry was fully prepared. Helian Qingyu's assistant had already taken care of everything and kept it a secret.

Helian Qingyu pulled Li Ruochu to this place. Li Ruochu stopped to take a breath and said, "Mr. President, you should at least give me some time to change my clothes. Look at what I'm wearing now."

She came out wearing a servant's uniform and a white apron. A servant had come to register marriage with the president. It was hilarious.

"What does it matter? The important thing is that you're the one getting married!"

Helian Qingyu grabbed her shoulder and pulled her into his arms. "You were the one who proposed to me first! There won't be anymore time for regretting! Do you want to think it through first?"

"Yes. I'm sure."

Li Ruochu nodded seriously. In any case, she did not expect to find any true love in this life. It did not matter to her whether she married or not.

Instead of looking for a man she didn't know at the last minute, she might as well look for an old acquaintance like Helian Qingyu!

At least she could still continue to be Nuo Nuo's mother. The child would still be her own child. How wonderful.

Helian Qingyu pursed his thin lips into a line. He held her hand and interlocked their fingers, preparing to register.

The marriage registry process went very smoothly. When they were choosing the marriage period, Li Ruochu wanted to fill in the minimum ten years, but she accidentally keyed an extra zero.

The staff member looked at Li Ruochu in surprise. Li Ruochu did not realize it herself. When she got the marriage certificate, Li Ruochu was shocked by the number on it.

100 years?

She had pressed 10 just now!

After Helian Qingyu saw the marriage certificate, he couldn't help but smile. This woman could have just told him that she wished to celebrate a 100 years of marriage with him?

How dare she hide it from him!

Helian Qingyu was in a good mood. He stared at her with his dark eyes and said, "Okay, from now on, we are legally married. As your wife, you should express your gratitude with actions."

Helian Qingyu pointed at his own face. Li Ruochu understood what he meant. She blushed and said nothing.

"Let's go!" Helian Qingyu said as he put his arm around Xu Xiyan's shoulder. "I've booked a restaurant to celebrate our marriage."

With Helian Qingyu's status, not only was the wedding registration office cleared, but even the dining room was also booked. Only the two of them had lunch together.

Helian Qingyu was in a very good mood. He cut the steak elegantly. Li Ruochu kept thinking of something to say.

Just as she was about to speak, he handed her the steak he'd cut and pointed out a piece. "Eat this."

(If you have problems with this website, please continue reading your novel on our new website [myboxnovel.com](http://myboxnovel.com) THANKS!)

Looking at the evenly cut steak in front of her, Li Ruochu could not describe how she felt in her heart. The man who was usually high and mighty was now taking the initiative to serve her.

This was something she had never dared to hope for!

"I'm sorry, Chuchu!"

Helian Qingyu suddenly held her hand and said sincerely, "Actually... I've always regretted what I did to you all these years."

There were a lot of things buried in his heart. Today, he finally mustered the courage to tell her.

"It was only after I lost you that I realized how important you were to me. You were already deeply rooted in my heart.

"It's all my fault. I'm a bastard, the stupidest man in the world. I regret hurting you.

"Chuchu, can you forgive me? Give me another chance to redeem myself?"

Chapter 2398: Ying Bao's Side Story (1)

After listening to the man's heartfelt words, Li Ruochu's cold heart seemed to have cracked a little, and her cold shell slowly shattered.

She could no longer hold back her tears.

She thought about everything that had happened to her in the past few years. She thought that she had already trained herself to be invincible. However, the man's words had completely messed up her heart.

Hadn't she been waiting for his apology all these years?

He had already apologized to her and they were already married. What else was there to say?

"I'm giving you a chance because of Nuo Nuo. If you don't change your ways in the future, I'll take Nuo Nuo far away."

Li Ruochu said.

"I understand. I will definitely do my best and be a good husband and a good father. I will make up for all my past regrets."

Helian Qingyu was very happy to receive Li Ruochu's forgiveness. He helped her wipe the tears off her face and stared at her little face. "I won't give you another chance to cry in the future."

Ten years later, our Ying Bao had grown from an eight-year-old little girl to a beautiful young girl.

She had a pair of big talking eyes, a delicate nose, and a small mouth.

She was 18 years old, and she was almost as tall as her mother, Jing Xi. She also had some resemblance to Jing Xi. Many friends and acquaintances would say that she looked like Jing Xi when they saw her. They would even call her Little Jing Xi.

As the princess of the Dragon Kingdom, Ying Bao was the center of attention in school. Her noble identity was her blessing, but it also became an obstacle in her life.

For example, she really wanted to be friends with other classmates, but they would always keep their distance because of her identity.

And those who claimed that they were willing to be friends with her and didn't mind her identity only wanted to use her identity to gain some benefits.

As a princess, she was popular but also lonely.

Fortunately, her optimistic nature was not greatly affected.

Ying Bao was already in her third year of high school. Her favorite thing to do was to skip class and go to the university next door to look for Tang Feimo.

Tang Feimo, who was four years older than Ying Bao, applied to study in the Dragon Kingdom in order to be with his little Cherry. He was currently studying in the most famous university in the Dragon Kingdom.

In order not to expose her identity, Ying Bao had deliberately disguised herself as a tomboy when she came. No one could recognize her even when she walked on the campus of the Dragon Kingdom National University.

She saw the man standing under the banyan tree from afar. He was tall and slender, and his facial features were well-defined. He was wearing jeans and a white shirt. He was so handsome that she could not take her eyes off him.

But he seemed to be talking to a pretty girl. Who was that girl? What was her relationship with Tang Feimo?

She seemed to have given him something. Tang Feimo did not want it, but she stuffed it into his arms and ran away with a smile.

Tang Feimo looked at the letter and gift in his hand and was about to dispose of them when he turned his head and saw the young lass standing nearby.

“Cherry, are you skipping class again?”

Chapter 2399: Ying Bao's Side Story 2

Tang Feimo came to her and scrutinized the “fake boy” in front of him. Others might not recognize her, but he had seen her often and was very familiar with her.

“Of course! If I hadn't come, I wouldn't have known that you knew such a pretty girl!”

Ying Bao said sneakily, as if she did not mind that he was “dating” another girl.

Ying Bao's reaction gave Tang Feimo a headache.

He really hoped that Ying Bao would get angry or argue with him when he talked to other girls. But the young lass never got angry.

Moreover, Tang Feimo felt that it might be because they had known each other since they were young and their relationship was too familiar. Perhaps Ying Bao only regarded him as her brother and had never thought of dating him.

What should he do to make Ying Bao like him?

“Let me see. What did she give you?”

Ying Bao took the letter from him and opened it. She could not help but read it out loud. “The first time I saw your charming back, I was deeply attracted to you. I could never forget you again. I would even dream of you in my dreams...”

Tang Feimo did not want to hear her reciting something that other girls wrote. He wanted to snatch it from her, but she did not give it to him. She read even more enthusiastically. “You are the sun in the sky, the warm sunlight shining on me... I wish to be a sunflower, forever following you... Hahaha...”

Before Ying Bao could finish her sentence, Tang Feimo snatched the love letter back.

Tang Feimo's face darkened. He hid the love letter behind his back and said, “Okay, stop making a fuss. I don't like that girl at all! I'll return it to her now!”

Tang Feimo first made his stand clear. Whether he was dating Ying Bao or not, at least he would not be involved with other girls.

Ying Bao could not help but laugh when she saw Tang Feimo's angry look. “Brother Feimo, do you need my help? How about I help you scare her away? Make her back off?”

“What do you have in mind?”

Ying Bao giggled and winked at him.

With Ying Bao accompanying him, Tang Feimo took the love letter and gift and found the girl named Yi Na.

Yi Na suddenly saw Tang Feimo walking towards her and her heart almost jumped out of her chest. She thought that Tang Feimo had accepted her confession after reading the letter.

But what happened next made her feel extremely awkward.

"I'm sorry, Yi Na. I'll return everything to you. Please don't give me anything in the future. I have a boyfriend."

When Yi Na saw the two people in front of her, her mind went blank and she could not react.

Was the "boyfriend" Tang Feimo was talking about this fair-skinned boy?

But she had never heard of Tang Feimo having a boyfriend or a girlfriend. So she pretended to be generous and said, "It's okay if you have a boyfriend. Everyone can compete fairly."

When Yi Na said this, her eyes were filled with provocation.

The man that Yi Na had her eyes for could still turn straight, even if he was gay!

Ying Bao had never seen such a shameless person. Tang Feimo had already made it so clear, yet she still refused to let go?

He glared at her and warned her, "Miss, you're really ambitious."

"Of course!" Yi Na said smugly.

Chapter 2400: Ying Bao's Side Story (3)

"That's right. Otherwise, someone shouldn't be a toad lusting after a swan!" Ying Bao scolded.

"You —"

Ying Bao ignored her and hugged Tang Feimo tightly. "Let's go, Brother Feimo. Don't waste your breath on unimportant people."

"Okay." Tang Feimo's eyes were filled with love. The two of them hugged each other and left together.

Yi Na stared at their backs as they left. She was so angry that she dug her nails into her own flesh. She would never give up!

She had a strong family background and her father was a super farm owner. Their family owned seven to eight manors and thousands of acres of land in the Dragon Kingdom. With her qualifications, there were many rich young masters who wanted to get to know her. She did not believe that Tang Feimo would abandon her and choose that brat instead!

Just you wait!

Tang Feimo would definitely be attracted to her when the time comes!

Ying Bao let go of Tang Feimo as soon as the two of them came out of the classroom. She thought of how Yi Na looked just now and pouted. "Brother Feimo, do all men like that kind of beauty?"

Tang Feimo looked at her and smiled. "Why are you asking me this all of a sudden?"

Ying Bao scratched her head. "I'm just asking. Did you really not feel anything for that girl just now? Why don't you try dating her?"

Tang Feimo was about to puke blood from her words. He said angrily, "Do you think people settle for a girlfriend that casually?"

"Pfft... I was just randomly asking. Just pretend I didn't ask anything. Okay, go back to class! I'm going back too."

Ying Bao had skipped class because she was bored, but she did not want to delay his studies.

Ying Bao was about to leave, but Tang Feimo was not going to let go of such a good opportunity to get along with her. He said, "Since you're here and I'm also out of school, why don't we skip class together? I'll treat you to a movie, okay?"

Ying Bao was very happy. "Sure! I want to watch a movie too!"

"Then let's go! I'll drive!"

Tang Feimo was studying in the Dragon Kingdom and had prepared a car. It was convenient for him to travel. He quickly drove the car over and left with her.

In the biggest film studio in Mo City, Tang Feimo held Ying Bao's little hand and came here. Their appearance was quite eye-catching, and those who didn't know them mistook them for a couple with the same surname.

Tang Feimo was not afraid of other people's gazes. He only had eyes for Cherry.

Ying Bao was the same. She was disguised as a man, and no one knew her real identity. She was not afraid of being laughed at.

Ying Bao had a hard time choosing the film together. She didn't know what to watch. In the end, Tang Feimo chose a romantic film and bought a huge bucket of popcorn and coke.

He felt that even though Ying Bao had matured early when she was young and was very sensible, she was very slow when it came to relationships. Her reflexes were also very long.

There was only one word to describe it: love had yet to bloom. Right now, he had to guide her in more ways so that she could discover his goodness sooner and fall in love with him sooner.

It was time to enter.

Their seats were at the back, a little far from the screen in front of them. However, it was very comfortable to sit here and no one would disturb them.

The movie began, and the lights around them dimmed. It was dark, and only the projection of the movie appeared on the screen.

Amidst the romantic music, a beautiful romance film began.

Ying Bao was very serious. Even if she wanted to eat popcorn, she didn't have to do it herself. It was Tang Feimo who was serving her.
