

## Priceless 2401

Chapter 2401: Ying Bao (4)

He fed her one and she would open her mouth to eat another. She would also feed him from time to time. The two of them were so close that they could share a cup and two straws to drink.

However, ever since they turned 16 years old, their intimate actions were limited to holding hands and normal formal hugs.

Although Tang Feimo was already 22 years old and had become a hot-blooded man, he would often have the urge to turn his girl into his woman,

He didn't do so.

Tang Feimo could no longer kiss her domineeringly like he used to when he was a child. Back then, it was just fun between children. Now that they had grown up and she was the princess of a country, the difference in status made him not dare to do anything rash.

Moreover, the relationship between the two families made him unable to do anything to harm Cherry.

Even if he wanted her, he would wait until after they got married, if she was willing to marry him.

Tonight, the romantic film created an atmosphere that made him feel restless.

He could smell the fragrance in her hair and couldn't help but approach her. But when he saw the funny part of Ying Bao, he suddenly laughed out loud.

The sudden laughter disturbed Tang Feimo.

Tang Feimo felt like he had almost been caught doing something bad. He quickly retracted his body and became serious again.

After the movie ended, the two left the theater together.

"Brother Feimo, where are we going now?" Ying Bao asked.

"I'm taking you back to school."

Tang Feimo did not dare to stay with Ying Bao. He was afraid that he would not be able to control his desire for her.

"Huh? But I only just managed to escape!"

Ying Bao had not finished playing and did not want to go back.

"You should go back. There's no room for discussion."

Tang Feimo hailed a car and stuffed her into the back seat. He then got in and asked the driver to send her to the Royal High School.

The two of them did not speak on the way. She did not know why, but after watching the movie, Brother Feimo did not speak much. What was going on?

When they reached the entrance of the high school and saw her in, they only waved goodbye.

Ying Bao walked into the school and took off her hat. Her long black hair fell down and she turned back into a girl.

When they arrived at the class, the headteacher saw her coming back from outside. He did not say anything and directly invited her in.

(If you have problems with this website, please continue reading your novel on our new website [myboxnovel.com](http://myboxnovel.com) THANKS!)

In any case, everyone in the Royal School knew that she was the noble princess of the Dragon Kingdom, so they did not make any special requests of her.

The teacher turned a blind eye to her skipping class.

Ying Bao was actually not very interested in studying. Her ability to accept things was better than the average student. She knew everything they taught, so it was very boring to sit in class and listen to them!

In the remaining half of the class, the form teacher told everyone a piece of good news. The school had organized a stage play called "Sleeping Beauty." When the time came, they were going to participate in the competition outside the school. They hoped that those who were interested could register and interview for one of the roles.

Ying Bao perked up when she heard that. She wasn't interested in class, but she was very interested in performing stage plays!

Therefore, when someone raised their hand to sign up, she also raised her hand to sign up.

After the registration was successful, the audition for the role had to wait until the next morning. After the class ended that day, Ying Bao went home from school.

The first thing she did when she got home was to ask where her mother was. When she heard that her mother was in the kitchen, Ying Bao flew over like a swallow and found her mother before giving her a big hug.

"Mommy, I'm back!"

Chapter 2402: Ying Bao (5)

Jing Xi opened her arms and saw a little head sticking out from under her armpit. She smiled and asked, "Are you hungry after school? Mommy is making dinner. It will be ready soon."

"I'm a little hungry. Mommy's cooking smells so good! I'm salivating already!"

Ying Bao let go of her mother. Jing Xi turned around and stuffed some food into her mouth. It was so delicious. Ying Bao ate it happily.

"How was school today? Did you learn anything new?" Jing Xi asked.

"It was alright. But the school is holding a stage show for Sleeping Beauty today. I'm signing up!"

“That sounds good. What role did you sign up for?”

“I want to play Sleeping Beauty. I don't know if it will work. I have to try it tomorrow.”

“Okay, good luck!” Before Jing Xi could finish her work, three little guys ran in from outside. Little Grape Huo Qingheng, Little Apple Long Qinghan, and Little Strawberry Huo Sisi.

The first thing they did after school was to look for their mother.

The twin brothers were thirteen and Huo Sisi was a ten-year-old little girl, but in front of her mother, they were still children who had not grown up. They all ran over to call her mother.

“Mommy...”

“Mommy...”

Jing Xi put down the spoon in her hand and turned around. She first hugged all the children, then told her eldest daughter, “Ying Bao, take your brothers and sister to wash your hands, then go see if your daddy is back. It's almost time for dinner.”

“Okay, Mommy!” Ying Bao received the message and ordered the children. “Apple, Grape, Strawberry, listen to my orders now!”

Huo Sisi was the only one who listened to her sister and stood at attention. The two boys were extremely naughty. When they were asked to stand at attention, they ran faster than rabbits and disappeared in a flash.

“Hey! Stop right there!”

Ying Bao chased after them with her sister. The children's laughter echoed in the corridor.

Jing Xi watched as the children disappeared from the door. She smiled gently and turned around to continue her work.

Not long after the children left, Huo Yunshen returned from his official affairs. He also came to the kitchen door. Whether adult or a child, the first thing they did when they came back was to look for Jing Xi.

Jing Xi was the center of the family. Without her, the few of them would be at a loss.

Seeing his wife's busy back, Huo Yunshen's accumulated fatigue from the day instantly disappeared.

He walked over quietly and rested his chin on her shoulder, enjoying the peace and beauty of this moment.

“Why are you cooking again?”

(If you have problems with this website, please continue reading your novel on our new website [myboxnovel.com](http://myboxnovel.com) THANKS!)

Huo Yunshen did not want to tire her out. He hoped that he could leave cooking to the chefs so that she could enjoy more.

“As long as I have the time, I will cook. I hope that you and the children will be able to eat the food that I personally made. I will feel very happy.” Jing Xi was usually busy recording songs and had to attend concerts. It was rare for her to be free.

“Yes, I am.”

“Are you hungry?”

“Mm.”

“Dinner will be ready soon.”

“I know, but I want to eat you more.”

“Hey, let's talk about it tonight. How am I supposed to cook if you're like this?”

“Let's do it together.”

Huo Yunshen picked up her hand and started to help her prepare dinner.

Outside the door, Yin Feng came to deliver something. When he saw the scene in the room, he quietly left without disturbing anyone.

It had been ten years, and the king and queen were still as loving as ever. They were even getting better by the day. With the queen around, the king was in high spirits every day, bringing the whole Dragon Kingdom into a period of rapid development.

He should thank Jing Xi. She was an amazing woman because she could change the world and influence the people around her.

Chapter 2403: Ying Bao (6)

Dinner was ready. The servants helped to bring the food to the table. Ying Bao called her siblings over and everyone sat down to eat.

At the dining table, Huo Yunshen would ask about the children's studies. Then he remembered something and asked, “Oh right, Cherry's birthday is coming soon, right?”

“It's this Sunday.”

“Well, then you have to prepare well for a birthday party. When the time comes, you can invite all your classmates to your house to celebrate,” Huo Yunshen said.

“Really?”

“Of course!” Huo Yunshen looked at his daughter's beautiful face and said, “This year's birthday is very special. Not only is it your 18th birthday, but it is also your coming of age ceremony. After this birthday, you will be a big girl!”

“Awesome! Daddy, don't forget to prepare a present for me!” Ying Bao said happily.

“Of course.”

Ying Bao began to plan the birthday party and said, "Other than inviting my classmates, I also want to invite Brother Feimo and Uncle King."

Ying Bao had changed her way of addressing Huangfu Xuanye to "Uncle King." Because Huangfu Xuanye was 12 years older than her, he was already 30 years old.

"Sure. You can call in advance to invite Xuanye so that he can make time after your dinner."

"Mm."

Ying Bao was in a very good mood. She quickly finished her dinner and said politely, "Daddy, Mommy, you guys take your time. You guys take your time too. I'm done eating, I'll go back to my room first."

Ying Bao left the table and ran out happily.

Jing Xi looked at her daughter's back and said with a smile, "She's already 18 years old and still looks like a child who won't grow up. Why is this child becoming more and more childish?"

"This is how she should look at her age. Youth and vigor."

Huo Yunshen felt that it might not be a good thing if Ying Bao was too mature when she was young.

"Mommy, can I celebrate my birthday with Sis too?" Little Strawberry asked.

"Of course! You can have a share in your sister's birthday cake!"

Jing Xi rubbed her youngest daughter's face. This little girl's chubby face was even cuter than Ying Bao's when she was young.

It was one thing to be cute when she was young, but the baby fat had always been with her. Even now, it was still very cute.

"Will Strawberry have present?"

So this was what the little girl was concerned about!

(If you have problems with this website, please continue reading your novel on our new website [myboxnovel.com](http://myboxnovel.com) THANKS!)

"Yes! Daddy and Mommy also prepare gifts for Strawberry!"

Jing Xi told the little girl this and so that she would be satisfied and continued to eat. Ever since he was a child, she had to imitate his sister in everything. Whatever her sister had, she had to have it too. She especially liked what her sister liked.

For example, whenever Tang Feimo came to the palace, the little girl would talk to her non-stop.

In the princess room.

Ying Bao called Tang Feimo first and talked about her birthday. The call only ended after half an hour. Then she called Huangfu Xuanye, who was far away in the Northern Kingdom.

Huangfu Xuanye had just finished his checkup at the hospital and returned to the Hu Er Palace.

The doctor's report told him that he had a hereditary heart disease. His father used to have it.

Because this would greatly shorten his lifespan.

Unless he could find a suitable heart and get a transplant, he might not live past 40.

Now, the problem he was facing was, if he suddenly fell one day, what would happen to the Northern Kingdom in the future?

He didn't have any successor!

Chapter 2404: Ying Bao (7)

Walking alone in the empty palace, he felt lonely. He had no family or friends.

As a king, he stood at the top, but he was all alone. He didn't even have anyone to talk to.

Huangfu Xuanye looked at the vast and empty Hu Er Palace and felt like he was in a huge cage.

There was no way to escape.

Sigh...

When he was down, she would always think of Ying Bao who was far away in the Dragon Kingdom.

As long as he thought of her face that was as beautiful as a sunflower, his depressed mood would more or less be relieved.

Just as he was thinking about Ying Bao, she called him. Huangfu Xuanye's heart skipped a beat and he forced himself to calm down before picking up the call.

"Uncle, have you eaten?"

"Not yet. I just got home."

"Wow, you've worked hard!"

"It can't be helped. If we don't work, there will definitely be a lot of people going on strike," he joked as they walked.

Ying Bao informed him over the phone that it was her birthday on Sunday. She hoped that he could come to her birthday party.

"Okay, I know. I'll definitely go."

Even if she did not remind him, Huangfu Xuanye would still remember her birthday and would definitely look for her on time.

He knew that it was her coming of age ceremony this year, so he would prepare a birthday surprise for her.

At the Hua Er Palace, the chefs had already prepared dinner. After Huangfu Xuanye ended the call, he sat at the head of the long table.

He was the only one at the table.

After so many years, he had gotten used to this lifestyle. He would get someone to set up a table beside him as if Ying Bao was accompanying him.

Many ministers proposed for him to choose a good marriage as soon as possible so that he could have children in the Northern Kingdom and take over his throne in the future.

However, after so many years, he had never chosen anyone. He had always been waiting for the impossible.

(If you have problems with this website, please continue reading your novel on our new website [myboxnovel.com](http://myboxnovel.com) THANKS!)

Even though he knew that Ying Bao would never belong to him, he still stubbornly refused to let her go.

Perhaps he would only give up when Ying Bao got married.

Ying Bao and Huangfu Xuanye were on the phone when they heard someone knocking on the door. Ying Bao turned around and saw it was her mother.

“Mommy!”

“Have you finished the call?”

Jing Xi came to her daughter's side. She had heard her talking to Huangfu Xuanye just now, so she did not disturb her.

“Yeah, I just called Uncle King and invited him to my birthday party.”

After Jing Xi sat down on the bed, Ying Bao lay down on her lap.

“I want to ask you, who do you like between Brother Feimo and Uncle King?”

Jing Xi stroked her daughter's hair and asked gently.

“I like them all!” Ying Bao replied.

“Mommy is not talking about ordinary love. It's the love between men and women, just like your daddy and me.”

Jing Xi stared at her daughter and asked.

Ying Bao suddenly felt shy. “Mommy, I've never thought about this.”

“You can think about it. You're already 18 years old. You've grown up and have your own opinions.”

Tang Feimo and Huangfu Xuanye had always been good friends in her life. The two of them gave her a different feeling.

Tang Feimo was a little domineering and doted on her like a big brother. Huangfu Xuanye also doted on him, but he was more respectful and listened to her like a senior.

Perhaps Tang Feimo would make her unhappy and they would quarrel, but Huangfu Xuanye would not. He was always polite, listening to her talk, resolving her troubles, and even finding ways to make her happy.

Chapter 2405: Ying Bao (8)

Ying Bao really couldn't treat them with the feelings between a man and a woman because she didn't even know what it meant to like someone.

Ying Bao knew that the Uncle King was very good to her and liked her very much. She had always thought that it was the love of an elder, something she had grown up with.

"Oh my, Mommy, this question is so hard to answer. I really don't know. I only know that I like both of them."

Ying Bao's answer was equivalent to telling Jing Xi that she had no interest in both men.

After understanding the situation, Jing Xi said, "Ying Bao, you should have heard the saying you can't have both a fish and a bear paw, right?"

"Mm."

"So, Feimo and Xuanye, one is a fish, and the other is a bear paw. You can choose between them, but you can't want both. Do you understand?"

"I don't want them all! I'm not thinking about that yet. I'm still in school, mommy!"

Ying Bao only wanted to live a carefree life every day. It was still too early to discuss matters of the heart, at least until she went to university.

"I know. Since you didn't choose, then you should take this chance to tell Xuanye clearly when he comes over. If you can't marry him in the future, don't give him hope and hope. After all, Xuanye is already old. He has the responsibility of a country on his shoulders. The prosperity and succession of

(If you have problems with this website, please continue reading your novel on our new website [myboxnovel.com](http://myboxnovel.com) THANKS!)

the country depends on him. We can't delay his life just because he's waiting for you.

I know, Mommy.”

Ying Bao had never thought of delaying the king. She was just used to relying on him.

Huangfu Xuanye had been by her side during the years when her mother had gone missing. He had guided her and accompanied her. To her, Huangfu Xuanye was as close as family.

Since she could not give an answer in her heart, she really should explain it to the king. She hoped that he could find a woman who was more suitable for him and get married and have children sooner.

Jing Xi then went back to the master bedroom.

When she returned to her room, she realized that it was empty. She thought that Huo Yunshen had gone out to deal with something again. But unexpectedly, the man suddenly appeared behind the door.

Jing Xi was shocked at first, but she felt a familiar aura and touch. After knowing it was him, she relaxed.

“How old are you? Can you not be naughty?”

Jing Xi asked with a smile.

“This is not being naughty. This is a little fun in life.”

Huo Yunshen did not take her eyes off him. Instead, he brought her to the bed and said, “I have a gift for you!”

It's not a holiday today. Why are you giving me gifts?

Although Jing Xi said that, she was very happy in her heart. This man was usually so busy, but he did not forget to create small surprises. She wondered what he had prepared today.

Who said that we can only give gifts during the holidays? Huo Yunshen said

and let go of her hand. "Open it"

Jing Xi lowered her head and saw a light purple square box in front of her. She opened it curiously and found flowers and small colored lanterns inside.

At first glance, she really couldn't tell what he was giving her. When she brought it up, she could roughly tell what it was.

The workmanship was exquisite, and it made one blush.

Jing Xi glanced at him and said, "Why did you suddenly buy this?"

"How is it? Do you like it"

Huo Yunshen lay on his side on the bed, supporting his forehead with one hand as he gazed at her tenderly.

Even though he was already middle-aged, he still looked like he was in his 30s.

Chapter 2406: Ying Bao (9)

It was the same for Jing Xi. She kept her youthful face. No matter where the couple appeared, they did not look like parents with four children.

He asked her if she liked it. Jing Xi nodded. As long as it was prepared by him, she would like it. But she was only worried. "How can you wear this out?"

"Who do you want to wear it for? I bought it for you because I want you to wear it alone at home."

Huo Yunshen patted her. "Go change into it now and let me see."

"I don't think so!" Jing Xi was embarrassed. "The children are all at home now. It wouldn't be good if they suddenly came into our room. Let's do it another day!"

"How about this? On the day of our daughter's birthday, we'll give our space and freedom to the children. The two of us will go to Star Island for a holiday and spend some time alone together. When that time comes, you can wear them for me to see, okay? Mm, say something!"

Jing Xi smiled and agreed. "Okay, okay, I promise you!"

The next day.

It was a busy morning. After the children woke up, they were busy looking for clothes.

Jing Xi would wake up earlier than the children every day and help them

prepare their clothes for them to wear.

Ying Bao had grown up and she didn't need her mothers help at all. She would take care of her own affairs and take care of her sister Strawberry.

Strawberry was excited because her sister was about to celebrate her birthday.

She hoped that she would be able to eat her birthday cake soon and get a gift.

After washing up, the sisters went to the dining room. Breakfast was already prepared. Dad was sitting at the table, reading a new day's political newspaper.

Mom was setting up plates for them.

The children were used to this kind of breakfast. The harmonious family atmosphere made them feel very safe.

(If you have problems with this website, please continue reading your novel on our new website [myboxnovel.com](http://myboxnovel.com) THANKS!)

Everyone sat down to eat. Seeing that Strawberry wasn't eating, Jing Xi asked, "Strawberry, why aren't you eating?"

Little Strawberry knocked on the spoon and said innocently, "Strawberry has to keep her stomach and eat sister's birthday cake."

Her words made the adults want to laugh. Jing Xi tapped her nose. "Your sister's birthday is still a few days away! If you don't eat, you will starve to death. Hurry up and eat. When the time comes, your sister will leave you a very delicious piece."

"Really?"

Little Strawberry listened to her mother and finally decided to eat.

After dinner, they got into the royal car and went to school.

Ying Bao's class today was no different from yesterday's. After the morning class ended, she went to the registration office of the school drama club and planned to try out her role.

The main character in Sleeping Beauty was Sleeping Beauty. Many girls wanted to play this role.

Because this way, they would have a chance to get close to the school's prince,

Gu Beifeng

Ying Bao arrived late. Most of the characters in the play had already been chosen. The role of Sleeping Beauty had already been won by her fellow schoolmate, Yi Rou'er.

It was no longer a secret that Yi Rou'er liked the school prince, Gu Beifeng. She had already reached the point where she was pestering him.

In order to get this role, she had put in a lot of effort in secret. She had privately treated other members of the drama club to a meal and given them gifts to win over the voting.

When Ying Bao arrived, the stage manager saw that the princess was here. He did not dare to delay and followed the procedure. He took out the role distribution form and showed her what role he wanted to play.

“Why don't I try playing the princess?” Ying Bao suggested.

The person-in-charge laughed. “You are a princess. There's no need to act as one at all.”

Chapter 2407: Ying Bao (10)

They asked Ying Bao to change into her costume. It was a beautiful princess dress. After Ying Bao put it on, she walked out from the side of the stage. When she stood on the stage, many people were shocked.

Princess Cherry usually kept a low profile and never dressed herself up. But today, she was like Cinderella after being enchanted by her Fairy Godmother. She suddenly became beautiful.

At this time, the other actors who had chosen their roles were also watching from below the stage. Gu Beifeng, who was playing the prince, looked at Princess Cherry on the stage with a look of surprise in his eyes. His heart actually skipped a beat.

It was a feeling of being moved!

Yi Rou'er was standing next to Gu Beifeng. She was very unhappy to see her

spotlight being stolen.

She went to the person in charge and asked, "Didn't you guys decide to play this role for me? Why are you giving it to her now?"

Yi Rou'er was not afraid of Huo Yinyin's status as a princess. In her eyes, the princess of the Dragon Kingdom was just a decoration. Her grades were not good and she had to rely on her teacher to take care of her. She was just a real princess.

She could not let her seduce Gu Beifeng away!

Yi Rou'er's voice was very loud, and many people turned to look at her. The person in charge was in a difficult position. They did not dare to offend this

(If you have problems with this website, please continue reading your novel on our new website [myboxnovel.com](http://myboxnovel.com) THANKS!)

rich young lady of the Yi family, but they definitely could not offend the princess of the Dragon Kingdom.

Just as she was wondering what to do, Ying Bao heard the voice and walked over. "Let her play the role of Princess. Let me play another role! What other roles are still available?"

The person-in-charge thanked her for her understanding and said, "Basically, there are people acting. But now, only the evil black witch Maleficent hasn't been taken up yet."

"Really? Then can I play the Dark Witch?" Ying Bao did not mind acting. She just wanted to participate.

"Sure, sure." The person-in-charge immediately chose her.

Ying Bao was very happy. Her generosity and modesty made many people secretly praise her. On the other hand, Yi Rou'er was fighting for a role until her face turned red. It really made people feel that she was too stingy.

Ying Bao changed out of her princess dress and asked about the rehearsal time before leaving the drama club.

Just as she walked out of the door, someone chased after her. "Hey, Huo

Yinyin.”

Ying Bao stopped in her tracks and turned to look at him. She had no impression of him at first glance. “I’m sorry, you are.”

“My name is Gu Beifeng. I’m a year older than you. You might not know me yet.” It was rare for Gu Beifeng to find a girl that he was interested in, so he took the initiative to strike up a conversation with her.

“Oh, should I call you senior?” Ying Bao smiled.

“Sure, I’ve been following your livestream!”

Thank you!”

“Your live stream is really interesting. Every time I finish watching it, it makes me feel especially good,” Gu Beifeng said to her.

“Haha, I’m usually just playing around and doing pranks.”

Ying Bao’s livestream was very casual. She did not pay attention to the image of a princess in every aspect. Instead, she was very good at self-mockery and also very good at entertaining herself. Sometimes, she even disguised herself as a bearded man with unibrow and other rough-looking men.

“Where are you going now?” asked Gu Beifeng.

“Let’s go to the cafeteria for lunch, then to the library.”

“Let’s go together. I’m headed that way too.”

Ying Bao did not think too much about it and went to the cafeteria with Gu Beifeng. Gu Beifeng was the first person who was willing to be her friend.

She was usually alone in school.

Everyone was afraid of her identity and stayed away from her. Now that someone was finally willing to talk to her, she was very happy.

Chapter 2408: Ying Bao (11)

After they left, Yi Row’er saw Gu Beifeng taking the initiative to talk to Huo Yinyin. She was very angry. Just now, she had invited Gu Beifeng to eat. He said that he was not hungry and turned to look for Huo Yinyin to eat.

Huo Yinyin was just so annoying. Why did she have to appear just now? Otherwise, Idol Gu wouldn't have noticed her at all!

However, Yi Row'er felt that since Huo Yinyin was only acting as a black witch and had only appeared a few times, she definitely wouldn't be able to cause any trouble.

The show would still depend on herself as the main character. When the time came, it would be time for her to shine. She believed that she would definitely attract Gu Beifeng's attention!

'What Ying Bao did not know was that after she had joined the drama, a few people in charge of the drama club had discussed it with each other. They all believed that if this drama was to go out and participate in a performance competition, it would attract a lot of people to know that the princess of the

Dragon Kingdom was acting.

But if she chose the role of the Dark Witch, the audience would probably object because everyone thought that the princess should at least play the princess!

Because of this thought, a few people in charge came to the scene and messed up the whole storyline, making a new adaptation.

'They had created the role of the Dark Witch as the main character. The whole plot focused on the Dark Witch's path of revenge. They had even created the Dark Witch's appearance before she turned dark, forming a completely new character. It was the image of a kind and beautiful elf, played by Huo

Yinyin.

Two days later, Ying Bao got the script. After seeing the plot, she felt that the stage play this time was really too well choreographed.

She broke the tradition and gave the character a new life. Moreover, this witch turned out to be a beautiful and kind elf. She came for revenge because she was deceived and betrayed.

'The character that was hated by everyone had become a character that deserved sympathy and hoped that she could defeat everything.

Ying Bao liked the script very much. After taking over, she began to memorize the lines.

Today, Tang Feimo came to the school gate to wait for her. Ying Bao told the driver to head home so that she could go out and eat with Tang Feimo.

She told Tang Feimo about her role in the drama. Tang Feimo was also happy for her. "I wish you success in your performance!"

"Thank you."

"When do rehearsals start?"

"Next week."

After eating, the two went shopping together. Ying Bao put her hair back into her hat and pretended to be a tomboy.

Ying Bao went to the toilet while Tang Feimo waited for her at the mall. At this time, Yi Na and her sister Yi Rou'er also came to the mall.

“Look! It's him! Isn't he handsome?”

“You have good taste!”

“Just you wait. I'll go over and greet him. If I can handle him, don't wait for me!”

Yi Na let go of her sister's hand and walked straight towards Tang Feimo.

“Hello, Tang Feimo. Are you alone?”

Tang Feimo heard the voice and raised his head. He saw it was Yi Na and raised the two drinks in his hands expressionlessly, indicating that he was not alone.

Yi Na saw the two drinks and understood what he meant. But she pretended not to understand and said, “Tang Feimo, I came alone. Why don't we eat together? I'll treat you to a meal!”

Tang Feimo was very disgusted with Yi Na and immediately stood up. Yi Na thought that he had agreed to go for a meal and was instantly overjoyed.

Unfortunately, in the next second, a figure ran over and grabbed Tang Feimo's arm. “Brother Feimo, thanks for waiting!”

Ying Bao came out of the bathroom and saw from afar that the person who was talking to Tang Feimo seemed very much like Yi Na. Seeing Tang Feimo being pestered, she trotted over to save him.

'When Yi Na saw that it was the same boy from last time, she became angry. She realized that Tang Feimo only had eyes for that brat. The two of them walked past her happily and treated her as if she wasn't there.

How infuriating!

With that brat around, she didn't even have the chance to talk to Tang Feimo. No, she had to find a way to teach him a lesson!

After Tang Feimo and Ying Bao left, Yi Na made a call and asked her bodyguards to come over and secretly follow the two of them. She wanted to investigate the background of that brat first.

Ying Bao and Tang Feimo finished shopping at the mall. It was getting late, and Tang Feimo sent her back.

He drove Ying Bao to the entrance of the Triumph Palace. After parking the car, just as Ying Bao was about to open the door and get out of the car, Tang Feimo suddenly grabbed her hand and pulled her back.

“What's wrong, Brother Feimo?” Ying Bao asked.

Tang Feimo stared at her cherry red lips and said obsessively, “Cherry, I... I think...”

In fact, he really wanted to confess, but he lost his courage when he was about to say it. He was worried that the little girl would be angry if he said it out loud. He was even more worried that she would reject him and that they would not be friends in the future.

“Big Bro Feimo, what's wrong?”

Ying Bao stared at him seriously for a while and asked, “Why do you look constipated?”

Tang Feimo :” ...”

He was thinking of how to confess to her. Why did it seem like he was constipated?

“Okay, Brother Feimo, I'm going home now. We'll talk tomorrow! Be careful on your way back!”

Ying Bao jumped out of the car like a little deer. She waved at him and quickly disappeared out of the door.

Sigh, I was so close!

He was stuck!

Tang Feimo, you really are a fool!

Tang Feimo slammed the steering wheel in frustration and watched Ying Bao disappear before starting the car.

On the other side, the man in charge of tailing them came back to report. Yi Na looked through the photos she had secretly taken from the camera and was completely shocked.

The brat next to Tang Feimo was not a boy, but a girl!

The girl lived in the Triumph Palace. If you looked closely at her face, wasn't she the live-streaming Princess Cherry?

She was a princess

Yi Na was stunned.

Previously, she felt that her chances were good. Her father was a super farm owner. Their family owned seven to eight manors and hundreds of acres of land in the Dragon Kingdom!

But now, she knew the identity of her rival. She was the princess of the Dragon Kingdom.

Her father was the king, and the whole country belonged to him!

Oh my god! If she didn't check, she wouldn't know. But once she checked, she was shocked! Should she think of a way to get into Princess Cherry's good books now?

Yi Na seemed to have remembered something. Her sister had told her that the princess of the Dragon Kingdom was in the same class as her. Perhaps she was the one?

Yi Na found her sister and showed her the photo. When Yi Rou'er saw it, she was sure. "Yes! It's her! She's just a princess. What's so great about her? Her grades are not as good as mine!"

"No matter what, she's still the princess of the Dragon Kingdom," Yi Na said. "It's a fact that can't be changed. If you can think of a way, it's best if you can foster a good relationship with her."

"You want me to please her?"

It was as if Yi Rou'er had heard the biggest joke in the world. The person she hated the most was Huo Yinyin. She couldn't take it lying down for stealing her prince charming!

"I can only find a way through you now. I have no connections here. If you want to win the attention of your school prince, you have to listen to my arrangements."

Yi Na planned to help her sister chase after the school prince. The condition was for Yi Rou'er to help her get a good relationship with Princess Cherry.

"Fine!" Yi Rover said. "It's her birthday this weekend. She invited all her classmates to her birthday party at the palace. I didn't want to go at first."

Yi Na could not help but scold her, "Are you stupid? This is a once-in-lifetime opportunity and you can still go to the palace. Let me tell you, when you get the invitation, bring me with you. I'm sure that the people who are going to the palace to attend the princess's birthday party are all nobles. When

that time comes, even if you can't chase after the prince charming, if you can get to know a few of the prestigious young masters, you might even have much greater future prospects."

Even though their father was rich, he could only be considered an agricultural family in the Dragon Kingdom. He was a big farm owner and did not have a noble status. Right now, they only lacked a chance to change their social status.

The two sisters agreed to act according to the situation.

On the night of the birthday party, everyone who was invited could come to the palace to attend the princess's birthday party.

Ying Bao's classmates had all come because of the invitation. Everyone knew that Huo Yinyin lived in the palace, but no one had ever been there. Tonight, the students stepped into the palace with curiosity.

Apart from being attracted by the architecture and environment, the Triumph Palace was also beautiful and warm.

Yi Rou'er and Yi Na also put on their beautiful gowns. When they arrived, Yi Row'er showed them the invitation. The palace guards checked the invitation and saw that only one name was written on it. The other person was not on the invitation list.

"I'm sorry, but this lady is not in the princess's invitation list. She cannot enter the palace. I'm sorry!"

Yi Na refused to give up. "We are twins. The princess invited me, but I accidentally lost the invitation. Luckily, my sister still has it. Please let us both in!"

The guard could not make the decision. "Please wait a moment. I need to report to the palace."

After the guard made the necessary calls and got approval, he finally agreed to let them in.

Yi Na managed to sneak into the palace. She was nervous and excited as she kept looking around.

The Triumph Palace was even more magnificent than they had imagined. Walking in the palace, Yi Na could not help but sigh. "It would be great if the king's son could be older. If he could live in the palace after marrying the prince, it would be such a wonderful thing!"

"Sister, there aren't any princes but getting to now a few young masters from the noble families tonight is a good deal too, right?" Yi Row'er said.

"You're right! Whether my sister succeeds tonight will depend on your help!"

The two sisters walked in hand in hand.

The huge banquet hall in the palace was like a huge buffet party. Delicacies and wine were provided free of charge, and the environment was beautifully decorated, it was very party-like.

Many schoolmates had already arrived and brought their birthday gifts.

Yi Na and Yi Rou'er blended into the crowd and began to look around for their target.

When most of the guests had arrived, the birthday party officially began. Everyone was waiting for the birthday girl to appear tonight.

Someone shouted, "The princess is here! She's upstairs!"

Everyone looked upstairs and saw a white figure slowly appearing at the corner of the stairs.

The beautiful girl was dressed in a white dress. The style of the dress had been carefully crafted and she wore a small and unique diamond crown on her head.
