

Priceless 2451

Chapter 2451 Ying Bao (54)

He thought it was his naughty little brother who was playing tricks on him. He couldn't help but turn back to teach him a lesson. "You little brat, are you looking for..."

Halfway through his words, he realized that Ying Bao was standing beside him. Lu Qiancheng quickly took off his headphones and stood up, asking in surprise, "Why is it you, Ying Bao?"

"I'm here to see you. I didn't expect you to be addicted to online games. Aren't you afraid of sinking into a slump by staying at home every day? Come on! Come and play with me!"

Ying Bao grabbed her cousin's hand and dragged him out.

Lu Qiancheng was very kind. He would rather sacrifice his precious gaming time to accompany Ying Bao. In the living room, Lu Mingsheng had also rushed back from outside to welcome Huo Yunshen. A few adults were chatting.

Huo Yijing saw that Ying Bao had successfully pulled her son out and praised, "Ying Bao is the only one who can convince him after all. We've been nagging him but he's not even willing to go out."

Ying Bao said to the adults, "Daddy, Auntie, Uncle, I'll go out with Qiancheng for a while."

"Take care of your sister," Huo Yijing said.

"Got it."

Lu Qiancheng agreed and left with Ying Bao.

"Where's your boyfriend?" Lu Qiancheng asked.

"What boyfriend?"

"Tang Feimo."

"Isn't that your best friend? You guys grew up together. Also, he's not my boyfriend. Brother Feimo and are best friends."

Ying Bao explained.

Lu Qiancheng scratched his head. "He likes you so much. You're not dating him?"

"What? I already said we're friends."

"Hahahaha..."

"What are you laughing at?" Ying Bao asked with confusion.

“It's nothing. I'm just laughing at how that guy can never show off in front of me again!”

Lu Qiancheng patted Ying Bao on her shoulder. “Girl, you've finally gotten your brother back.”

All these years, Lu Qiancheng had been disgusted by Tang Feimo. That guy had been showing off his relationship with Ying Bao in front of him every day. Now, it was over.

He remembered that he still had a bet with Tang Feimo. He bet that Tang Feimo and Ying Bao would never be together. Haha, he won.

Ying Bao sighed as she looked at Brother Weizhi's smug face. “Okay, let's not talk about this anymore. Where are we going now?”

“I'll drive you around!”

Lu Qiancheng drove his convertible and took Ying Bao with him on a joyride. The two of them sped along the broad road of Peijing.

Ying Bao cleared her head and felt much better.

o one noticed that a van was coming towards them from the opposite direction. When they arrived, the van started to speed up and deliberately crossed the road to meet them.

“Ying Bao! Be careful!”

Lu Qiancheng was driving fast. When he realized that the car was going off track towards them, he could only step on the brakes and hit the barrier at the side.

Boom! Boom!

The huge impact caused the convertible to be flattened instantly. Ying Bao and Lu Qiancheng's bodies were thrown forward. The convertible had no windshield so the two of them were thrown far away, unconscious.

The van flipped over and rolled to the side of a ditch. The oil tank burst into flames and caused a loud explosion.

A serious traffic accident occurred. The cars that passed by reported it to the police. Half an hour later, police cars and the ambulance rushed to the scene to save them.

The driver of the van died on the spot. Ying Bao and Lu Qiancheng were both seriously injured and conveyed to the hospital for emergency treatment.

Chapter 2452 Ying Bao (55)

Lu family.

Huo Yunshen was chatting with Huo Yijing and her husband. It was almost noon. The Lu family had prepared a sumptuous lunch for Huo Yunshen and his daughter.

However, it was almost time for dinner. Why were the two children not back yet?

Huo Yijing called her son, Lu Qiancheng. She wanted to ask him where he and Ying Bao were and what time they were coming back for dinner, but the call did not go through.

“Why can't I reach him?”

Huo Yijing mumbled, and Lu Mingsheng said, “Maybe they want to have some fun alone and think that we're in the way. Just stop calling him and let them have fun.”

The elders decided not to care about them, and it just so happened that the latest news was being broadcast on the TV.

The news was reporting about the car accident that Lu Qiancheng and Ying Bao had gotten into. Huo Yijing saw the license plate and exclaimed, “Isn't that our family's car? Did Chengcheng drive it out? They got into a car accident...”

“Car accident...”

The few adults saw the paramedics carrying two people out from the scene. They recognized the clothes that the two of them were wearing. Huo Yijing instantly burst into tears. “They're in trouble!”

Huo Yunshen could not sit still anymore. He quickly got up and said in panic, “Go take a look!”

Huo Yunshen and Lu Mingsheng drove to the hospital mentioned on the news and immediately went to look for them.

Peijing First People's Hospital.

After Lu Qiancheng and Ying Bao were conveyed to the hospital, the medical staff immediately pushed them into the emergency room for emergency treatment. The nurse contacted the family members.

When Lu Mingsheng received the phone call, they happened to arrive too. After confirming that Lu Qiancheng and Ying Bao were the ones who had gotten injured in the car accident, the elders were very worried.

Huo Yunshen wanted to take his daughter out for a walk, but he didn't expect something like this to happen.

If anything happened to Ying Bao, how was he supposed to explain it to Jing Xi?

At this time, the doctors were trying their best to save him. Huo Yunshen and the others could only wait patiently.

At the hotel.

Huangfu Xuanye returned to his room. The TV was still on, and it was broadcasting the Peijing news.

He took off his jacket and was about to take a shower when he suddenly heard the news about the accident.

According to the reports from the reporters, the identities of the injured persons had been confirmed. The male victim was Lu Qiancheng, the son of the president of the Lu Group. The female victim was from the

Dragon Kingdom and her name was Huo Yinyin. The initial guess was that she might be the Dragon Kingdom's Princess Cherry...

Huangfu Xuanye turned around when he heard this. He happened to see the paramedics carrying the injured out from the bushes. At first glance, he felt that the color of the clothes was very similar to the one Ying Bao wore in the morning.

He took a closer look. The close-up shot... It was indeed Ying Bao. 'How did she get into an accident?'

Huangfu Xuanye's heart tensed up. Without any hesitation, he grabbed his jacket and left.

Just as Shen Wanxin was about to knock on the door, the door opened. Huangfu Xuanye appeared at the door. Shen Wanxin promptly asked, "Your Majesty, where are you going now?"

"I'm going out."

"Do you need me to accompany you?" Shen Wanxin asked.

"No need."

Huangfu Xuanye did not explain the reason. He walked past her and left in a hurry without even looking at her.

Shen Wanxin's eyes turned gloomy as she watched the man leave.

She wanted to cause an accident and kill Princess Cherry, but she was lucky enough to escape.

However, Shen Wanxin had already seen the news report. The reporters had reported that Princess Cherry was seriously injured and was sent to the hospital for treatment. It was uncertain if she could survive.

Chapter 2453 Ying Bao (56)

Shen Wanxin curled her lips and smiled coldly. It was really satisfying. Even if she could not run Ying Bao over and kill her, it would be good if she could lie in bed forever paralyzed or become a vegetable.

If that was the case, no one would be her stumbling block anymore!

When they left the hotel, Huangfu Xuanye had already sent someone to check which hospital the car accident victims had been sent to. After finding out, they went straight to their destination.

He rushed to the hospital with his men. The emergency room was surrounded by the Dragon Kingdom's bodyguards. Huangfu Xuanye's heart sank. It seemed that Cherry was in a car accident.

He had to show his identity before he could enter.

When Huangfu Xuanye saw Huo Yunshen at the emergency room door, he rushed forward anxiously.

"Mr. Huo!"

“Xuanye, you're here!”

“What's going on? Wasn't Cherry fine this morning?” Huangfu Xuanye frowned as he looked at the light of the emergency room.

“I didn't expect this to happen either.”

Huo Yunshen sighed and briefly explained what had happened after he took Ying Bao to her aunt's house.

“What about the driver?”

Huangfu Xuanye had not seen the full news and did not know the exact reason. He only heard that the vehicle had crossed the line in the middle of the road and hit the car Ying Bao was in.

“Dead.”

Since the van driver was dead, the police could only investigate the cause of the accident. Right now, Huo Yunshen was most worried about Ying Bao and Lu Qiancheng's injuries.

The doctor tried his best to save them and finally pulled them back from the brink of death.

Lu Qiancheng's skull was damaged, and there were many fractures in his body. His ribs had punctured his internal organs, causing his liver to rupture. His injuries were quite serious. Whether he could wake up or not depended on fate.

Huo Yijing heard the doctor's words and immediately fainted from grief. Lu Mingsheng hugged his wife and was also very upset.

Even though Lu Qiancheng was not his biological son, he was raised by him since he was a child. He was even closer to him than his own son. Now that his son was in such a serious car accident, he felt terrible.

Ying Bao's condition was slightly better than Lu Qiancheng's. Her arm was broken, and two of her ribs were broken. The worst part was that her vocal cords were pierced by sharp objects, which might affect her ability to speak in the future.

Huo Yunshen's heart ached when he heard the doctor's description. He immediately grabbed the doctor's collar and begged, “Doctor, no matter what, you have to cure them!”

“Mr. Huo, Mr. Lu, we will do our best!”

The doctors already knew that the princess of the Dragon Kingdom was in a car accident. They were very cautious about this matter and would do their best. As for whether they could restore the two of them to their original state, it would depend on their own recovery ability.

After the doctor left, Huangfu Xuanye blinked with tears in his eyes and patted Huo Yunshen's shoulder to comfort him. “Mr. Huo, don't be too sad. Cherry is very lucky. She will definitely recover.”

In fact, the sadness in his heart was no less than Huo Yunshen's. Ying Bao was so important to him. If something happened to her, it would be equivalent to taking his life.

Lu Qiancheng was sent to the ICU.

Lu Qiancheng's condition was too serious. Lu Mingsheng decided to inform Jing Zhannan before his wife woke up.

No matter what, Jing Zhannan was Lu Qiancheng's biological father. He had to let him know that something had happened to his son.

Ying Bao was transferred to a special care unit. The news of their daughter getting into a major accident had already spread. Huo Yunshen could not hide it from his wife, so he called Jing Xi, who was far away in the Dragon Kingdom.

“Jing Xi...”

“How is it? Are you guys doing well over there? The meeting is the day after tomorrow. Are you ready?”

Jing Xi received a call from Huo Yunshen and she asked about the situation.

“No, listen to me. There's bad news...”

Huo Yunshen took a deep breath and told Jing Xi about his daughter's accident. Jing Xi instantly burst into tears. “What? Ying Bao is hurt? How is she? Are her injuries serious?”

Huo Yunshen did not hide anything from his wife and told her the truth. Jing Xi immediately made a decision. “Okay, I'll get someone to prepare a plane to fly to Zstan immediately. Don't worry, I'll be there soon.”

Hearing that her daughter was in critical condition, Jing Xi could not wait any longer. She got someone to prepare a private jet and flew straight to Zstan.

Huo Yunshen was making a call outside the ward. Huangfu Xuanye was sitting in front of the bed, holding Ying Bao's little hand. He felt extremely upset.

Huangfu Xuanye's heart ached when he saw Ying Bao covered in bandages and plugged to tubes. He wished that he was the one who had gotten injured. He would do anything he could to make Ying Bao get better.

The doctor said that her vocal cords were injured.

Everyone knew that Ying Bao's voice was the best. When she was doing live-streams, the fans loved to hear her sweet voice but now, Huangfu Xuanye was extremely worried. He was worried that she would never be able to recover in the future.

When Huo Yunshen returned to the ward, Huangfu Xuanye let go of Ying Bao's hand. The two men were also worried about the girl on the bed.

“Xuanye, if you have something to do, you can go take care of it. I'll take care of things here.”

Huo Yunshen did not want to hold him back. Huangfu Xuanye shook his head. "It's okay. If I leave Cherry here like this, I won't be able to feel at ease. I'll stay and take care of her with you so that she can have someone to talk to."

Since Huangfu Xuanye insisted on staying, Huo Yunshen did not say anything else. They stayed in the ward the whole time. The next morning, Zstan's leader, who had learned of the news, sent someone to ask about it.

He also claimed that since Princess Cherry had met with an accident in Zstan, all the treatment fees would be borne by the government of Zstan.

Huo Yunshen expressed his gratitude.

Not long after the representatives of Zstan left, Shen Wanxin arrived at the hospital with her bodyguards under the pretext of visiting Princess Cherry.

In the ward, she saw Huangfu Xuanye, who had not returned for the whole night, and the king of the Dragon Kingdom, Huo Yunshen. She promptly expressed his well wishes.

"Mr. Huo, I didn't expect such an accident to happen. Please be strong. I believe Princess Cherry will definitely recover. "

In order to express her sympathy and pity, she even forced herself to cry.

But in reality, she was only crying crocodile tears. She was so happy that she couldn't help but cheer.

She was especially thrilled when she saw Ying Bao lying on the bed in a tragic state!

It would be great if her vocal cords were ruined!

Would Huangfu Xuanye still be infatuated with her voice in the future?

Shen Wanxin asked Huangfu Xuanye, "Your Majesty, do you want to stay here with Princess Cherry or go back and prepare for the meeting tomorrow?"

"Go back first, Don't worry about me."

Huangfu Xuanye did not plan to leave. If he wanted to leave, he had to at least wait until Ying Bao woke up.

"Okay then. You can stay and help take care of her. I'll go back to the hotel first."

Shen Wanxin left the hospital after she was done with her visit. She was in a good mood after the trip and went back to the hotel to get a spa.

Jing Xi arrived at the hospital in the afternoon.

Huo Yunshen came out to pick her up. When she saw her husband, Jing Xi asked with reddened eyes, "Where's our daughter? Take me to her."

Chapter 2455 Ying Bao (58)

Jing Xi was brought to the ward. When she saw her daughter in such a miserable state, her heart ached so much that tears kept falling from her ears.

“Ying Bao... Mommy is here... How could this be... My daughter...”

Jing Xi came to her daughter's side and looked at her pale little face. She was wearing an oxygen mask and there was a cervical collar on her neck, as well as bandages on her arms and body... Her heart was broken!

Her daughter was still alive and kicking two days ago, but now she was unconscious after getting into a car accident. What should she do?

Huo Yunshen could only comfort his wife as she cried, feeling just as miserable as her.

“Will it affect Ying Bao's speech?” Jing Xi asked worriedly.

If a person's voice changed, it might affect their whole life. Jing Xi had experienced it herself. Losing her original voice was actually a very painful thing.

“It might affect her, but I'll definitely get the best doctor in the world to help her recover,” Huo Yunshen comforted as he hugged his wife.

Jing Xi wiped away her tears and finally had the chance to greet Huanfpu Xuanye. After doing so, she said, “Yunshen, Chengcheng is also injured, right? Take me to see him!”

“Yes.”

“Mr. and Mrs. Huo, don't worry. I'll take care of Ying Bao here,” Huangfu Xuanye said.

“Thank you, Xuanye.”

Since Huangfu Xuanye was there, the couple left the ward without worry. They went to the ICU and saw Huo Yijing and Lu Mingsheng.

Huo Yijing saw Jing Xi and held her hand. She said guiltily, “Jing Xi, it's all my fault. If I hadn't asked Ying Bao to bring Qiancheng out to play, they wouldn't have gotten into an accident. It's all my fault...”

“Don't blame yourself. No one wanted this to happen. As long as they are still alive, we have hope, right? Don't be sad!”

Jing Xi comforted her and looked at Lu Qiancheng through the glass window of the ICU ward.

After listening to Lu Mingsheng and his wife talk about Lu Qiancheng's condition, Jing Xi learned that Lu Qiancheng's condition was much more serious than Ying Bao's. It was possible that he would not wake up for the rest of his life. The couple was very upset.

“Have you informed my uncle?” Jing Xi asked.

“Mingsheng has already informed him. He should be arriving soon!”

Jing Xi sighed deeply. The only thing the adults could do now was to pray for the two children.

In the evening, Jing Xi decided to stay in the ward since there was a meeting the next day. She asked Huo Yunshen and Huangfu Xuanye to go back and rest to get ready for the meeting.

Huo Yunshen didn't want to leave and he wasn't in the mood for the meeting. Huangfu Xuanye wanted to cancel the meeting too.

"Don't waste your time here. This meeting is very important. You can't delay it because of Ying Bao. Don't worry, I'm here."

Jing Xi hoped that both her husband and Huangfu Xuanye would take the bigger picture into consideration. If they were already in Zstan but did not attend the meeting, it would only affect the relationship between the two countries.

It was already a fact that something unfortunate had happened to Ying Bao. There was no point in them staying.

Moreover, they had not slept for a day and night since yesterday. They had to go back and rest.

Under Jing Xi's orders, the two men went back. Huo Yunshen left enough subordinates here to protect them.

The third day after Ying Bao's accident was also the day of the leaders' summit. Huo Yunshen and Huangfu Xuanye attended the summit together.

After the meeting, Huo Yunshen and Huangfu Xuanye rushed to the hospital.

Chapter 2456 Ying Bao (59)

They met Jing Zhannan in the hospital. Jing Zhannan came back to visit his son Qiancheng, and Ying Bao.

Seeing the children in such a state, he, as a father and an uncle, felt very upset. He decided to stay and take care of his son for a period of time, fulfilling his responsibility as a father. At the same time, he also wanted to share some of the burden with Lu Mingsheng and his wife.

Other than Jing Zhannan who came to the hospital, their family friends all called to express their condolences when they learned that Ying Bao was in trouble. Those who were in Peijing all came to the hospital to visit her.

When Ye Xun learned that his daughter was in trouble, he flew over from the Dragon Kingdom to see her.

When Tang Feimo learned of this from his parents, he immediately flew back to the country.

For the past few days, there had been an endless stream of guests in the ward. Everyone could not help but tear up when they saw the two children's injuries.

Ying Bao was unconscious for three days and three nights. On the fourth day, she finally woke up.

Jing Xi was the first to notice that Ying Bao was about to regain consciousness. She felt her daughter's fingers moving and quickly looked at her face. She noticed that her eyes were starting to move too. She exclaimed at Huo Yunshen and the others happily, "Come and look! Ying Bao is about to wake up! She's finally waking up!"

Huo Yunshen, Huangfu Xuanye, Tang Feimo, and Ye Xun all came to take a look. Indeed, Ying Bao was about to wake up. "Cherry..." "Ying Bao..." Everyone kept calling her name. Not long after, Ying Bao finally opened her eyes weakly.

"She's awake! She's finally awake!"

Jing Xi covered her face and cried. Huo Yunshen held her shoulders and comforted her. "Cherry is the strongest. She will definitely be fine."

"Yes."

When Ying Bao woke up, she was blinded by the white light in front of her. She closed her eyes to adjust to the light before opening them again.

Her blurry vision gradually became clear. She could clearly see the familiar faces in front of her. Everyone's eyes were red and watery, glistening with tears.

Everyone was by her side. Ying Bao wanted to move, but she realized that she was in pain and could not move.

Ying Bao looked at her parents. The person she wanted to call the most was her mother.

"M..."

She wanted to call her mother, but she could not make any sound. She could only feel her throat hurting

"Ying Bao, don't speak. Don't speak now. You're injured. You can't speak for the time being, understand?"

Jing Xi wiped her tears and reminded her daughter. Ying Bao obeyed and did not say anything. She only looked at everyone. Ye Xun gently stroked her hair and forced a smile. "My dear daughter, you'll be fine soon." When she looked at Tang Feimo, Tang Feimo smiled and said, "Cherry, I specially came back to see you! Hurry up and get better! Come on!" In the end, she looked at Huangfu Xuanye. For some reason, the moment she saw him, the tears in her eyes surged like waves of the sea.

Huangfu Xuanye nodded at her and looked at her encouragingly. He also helped her wipe her tears. "Cherry, you will definitely get better. I have faith."

Ying Bao was touched by everyone's encouragement. Nothing was more important than being able to see her closest family and friends when she opened her eyes.

In particular, she was especially happy to see Huangfu Xuanye again.

After Ying Bao woke up, Huo Yunshen called the doctor to check on her. The doctor said that her condition was relatively stable. As long as she continued to be hospitalized, she would definitely recover soon.

Ying Bao had learned from her parents that her cousin Lu Qiancheng was seriously injured and was still lying in the ICU. She was very worried. She hoped that he would wake up soon!

Chapter 2457: Ying Bao (60)

Huo Yijing and the others came to visit Ying Bao when they learned that she was awake. In the following period of time, their friends came to the hospital one after another to visit her, regardless of whether they were far away or near. They sent their prayers and wishes.

There was good news. Lu Qiancheng finally woke up two weeks later. However, his injuries were too serious so he needed to continue his treatment.

No matter what, for Huo Yijing, Lu Mingsheng and the Jing family, Lu Qiancheng's survival was more important than anything else.

The results of the investigation from the Zstan police were that the driver was drunk and drove off the track, hitting Lu Qiancheng's car and causing the accident.

Due to the fact that the driver of the accident had died on the spot, the authorities of Zstan had to bear all responsibility and compensation for this incident.

Jing Xi and Huo Yunshen did not care about compensation. They only cared about their daughter's condition.

Ying Bao's recovery was stable. Her friends had all left, and Huangfu Xuanye had to return to the country to settle the state affairs that had been piling up. Huo Yunshen and Jing Xi helped their daughter settle the transfer procedures and brought her back to the Dragon Kingdom.

The external injuries on her body had already healed, and she had to recuperate slowly for her fractures to be healed. Most importantly, her vocal cords had not recovered, and she could not speak for the time being.

This made her very depressed, but her grandparents, uncles, and everyone else who cared about her kept coming to see her and cheer her on.

When fans from all over the world learned about it, they spontaneously organized a prayer ceremony for her, hoping that she would get better soon.

With so much care and concern, Ying Bao did not blame herself. She chose to face life positively.

Huo Yunshen and Jing Xi had also been looking for the best specialist to help Ying Bao with her follow-up treatment. Tang Feimo's main task was to accompany Ying Bao so that she did not have time to let her imagination run wild.

It was impossible for Ying Bao not to let her imagination run wild. She kept thinking about Huangfu Xuanye. He had been back in the country for so long and there was no news of him. 'What is he doing now? How is his marriage with Shen Wanxin?'

The Northern Kingdom.

Huangfu Xuanye was too busy with the state affairs and interviews so he couldn't leave.

Their country had organized a global economic forum. As the country's leader, he had to participate until the end.

He would receive guests every day, meet with the leaders of various countries, talk, and sign some peace treaties.

He did not forget to show his concern for Ying Bao.

Since Ying Bao could not speak, he could not call her directly. Every time he called, he would call Huo Yunshen to express his concern and say some comforting words.

After the economic forum was held, they had to start preparing for his wedding with Shen Wanxin and the IVE process.

This matter had been delayed for a while because of Ying Bao's incident, and now it had to be brought up again.

The wedding date had already been set. Soon, he would be married to Shen Wanxin.

Three months later, Ying Bao's fracture was healed. She no longer needed to wear bandages. Her body finally recovered. Ying Bao was very happy.

However, the aftereffects of the car accident were very serious. She had injured her right arm, and even though the fracture had healed, she could not exert any strength with her wrist.

Not only could she not hold a pen and write, but she could not even carry out basic tasks like holding her cutlery.

"Don't worry, Cherry! You have to practice slowly, you're only at the beginning of your road to full recovery!"

Tang Feimo saw that Ying Bao was crying and kept comforting her, encouraging her to try again.

However, it was useless. There was really something wrong with Ying Bao's wrist.

Jing Xi and Fluo Yunshen took their daughter to the hospital for a follow-up examination. The doctor's report was that Ying Bao's meridians were damaged and she might not be able to use her right hand normally in the future.

Chapter 2458: Ying Bao (61)

“What should we do?”

Jing Xi was incredibly upset because the doctor's words were as good as telling her that Ying Bao's right hand was disabled.

“Don't be sad. Think about how my leg got better. Let's go look for Grandpa and see if he has any ideas. If not, you can help treat Ying Bao in the future.”

“Okay. We'll leave tomorrow.”

Huo Yunshen's words boosted Jing Xi's confidence again. They decided to bring Ying Bao to Estan to look for Jing Huaduo and use traditional Chinese medicine to help her recover.

After settling the administrative processes for Ying Bao's leave of absence from school, they took her to Estan the next day.

They arrived at the Jing family's residence and met Jing Huaduo.

The old man was already advanced in years and had white hair. He had already retired and handed down the Renjing Medical Hall to his disciples.

Ever since he found out about his great-granddaughter, he had been wanting to go and see her but it was too inconvenient for him to move.

Now that Ying Bao was by his side, Jing Huaduo stroked her little head with his big, old hand. He was filled with love and affection for her.

“My poor baby, come and take a look at Grandpa.”

Jing Huaduo had checked her wrist and vocal cords. He believed that there was still a chance for her to recover through acupuncture treatment.

After that, Jing Huaduo and Jing Xi studied the theory of acupuncture points together and he gave the latter the key to the acupuncture. “Yanyan, follow this method from now on and give her treatment every single day, together with the application of the ointment that has been created with the secret formula of the Jing family. It helps with healing the muscles and bones, try to persist for three sessions.”

“I got it, Grandpa.”

Jing Xi had already memorized all the methods. She could personally put it into practice and help her daughter when she got back.

Other than Ying Bao, the old man also showed his concern for Lu Qiancheng. He asked, “Your uncle is still not back yet. How is Chengcheng?”

No matter what, Lu Qiancheng was Jing Zhannan's son and a descendant of the Jing family. The old man would definitely be worried.

“Grandpa, don't worry too much. Chengcheng has also woken up. I also heard that his condition is quite good. He will recover soon.”

"That's good, that's good. If something happens to Chengcheng, the Jing family will be doomed..." Jing Huaduo sighed.

Jing Xi thought of Jing Zhannan and said, "Grandpa, it won't happen. Chengcheng will definitely recover. Moreover, my uncle already has a girlfriend since a long time ago. Don't you know?"

"Who's his girlfriend?" Jing Huaduo was very surprised.

"When my uncle comes back, you can ask him yourself."

Jing Xi did not reveal anything more. They had lunch at the Jing family mansion and went to the president's residence in the afternoon.

Now that the president's house finally had a mistress, everything had changed.

Li Ruochu and Helian Qingyu welcomed them together. Previously, they had also gone to the Dragon Kingdom to visit Ying Bao after her accident.

Upon learning that they were in Estan, they invited them to visit the presidential residence.

Seeing Li Ruochu's baby bump, Jing Xi smiled and said to Helian Qingyu, "Brother, you two have conceived two babies in three years. Isn't this too fast?"

Helian Qingyu hugged Li Ruochu and smiled. "It can't be helped since we're lagging behind. In order to catch up with you guys, Ruochu and I have been working hard."

Helian Qingyu did not ask for much. He only hoped that he could be like Jing Xi and have a pair of children.

However, he already had three sons.. Now, he hoped that he would have an adorable daughter who was smart as Ying Bao,

After asking about Ying Bao's condition, Helian Qingyu realized that he could not help much. He could only wish for his little niece to recover as soon as possible.

At night, a sumptuous dinner was prepared at the presidential residence. They even brought Helian Wei and Jing Ruyue over to have dinner together.

That night, they stayed in the presidential palace for the night and returned the next day.

Chapter 2459 Ying Bao (62)

After returning to the Triumph Palace of the Dragon Kingdom, the assistant immediately brought some important documents for Huo Yunshen to sign. In the documents, he saw a red envelope.

"What is this?"

"Let me see," Jing Xi said as she opened the envelope and took out an invitation card.

"Xuanye's getting married. The wedding will be held tomorrow noon and he invited our entire family to the wedding."

“Then let's leave tomorrow morning. We should be able to make it in time for the wedding.”

The couple discussed about the wedding. Ying Bao, who was standing behind them, heard about the wedding invitation from the king. She felt extremely sad. 'No wonder Uncle hadn't come to see me for a long time. It turns out he's busy with the wedding.'

'The wedding is to be held tomorrow. Uncle is going to marry someone else tomorrow.'

Ying Bao walked back to her room, feeling lonely. She really wanted to close the door and cry.

She felt like an unlucky person. Not only did she lose her voice, but she also lost the ability to use her right hand normally. Most importantly, she also lost the courage to confess.

She could no longer tell the king how much she liked him.

Her heart felt like it was being pierced by thousands of arrows.

It turned out that loving someone was so heartbreaking. This should be the so-called unforgettable love!

Huo Yunshen noticed his daughter leaving quietly and said worriedly, “Cherry seems to be a little disappointed. Don't talk about this in front of her.”

“She has always been a sensitive child.”

Jing Xi came back to her senses and sighed. “How about this? I'll get Feimo to come over and help counsel her.”

“Fine, you decide. She can attend Xuanye's wedding if she wants. If she doesn't, don't force her.”

“Got it.”

The couple was so worried about Ying Bao that Jing Xi immediately contacted Tang Feimo.

There was a knock on the door. Ying Bao quickly wiped her tears and went out to open the door.

She opened the door and saw Tang Feimo with a bouquet of cute teddy bears. Tang Feimo smiled and said, “Cherry, I knew you were back and came to see you. This is for you.” Tang Feimo handed the bouquet to her. Ying Bao looked at the bouquet but did not take it.

Tang Feimo knew what she was worried about and explained, “It's just a bouquet of flowers representing friendship. There's no other meaning to it. Take it. I'm giving it to you. I hope you can recover soon.” Ying Bao thanked him in her heart and took the bouquet.

Tang Feimo saw that her eyes were red and guessed that she must have secretly cried. After coming in, he did not mention anything that would make her unhappy. Instead, he told her some interesting things.

No matter what she said, Ying Bao could not be happy. In the end, Tang Feimo asked her, “Do you know that Huangfu Xuanye is getting married?”

Ying Bao looked down to show her consent.

“I also received his invitation. He invited me to the wedding! This bastard! He's really getting married!” Tang Feimo scolded.

Ying Bao frowned and pouted. She was not happy that he said that about the king.

“Fine, fine, fine. I won't talk about him. I'll talk about you! Are you an idiot? Don't you like him? Why didn't you tell him?”

Tang Feimo was worried for her. She had gone to Zstan for Huangfu Xuanye. Not only did she fail to confess, but she also made herself look like a loser.

Ying Bao shook her head. Her lips were trembling as if she had suffered a great grievance. Her tears flowed uncontrollably again.

The problem now was not whether she liked him or not, but there were some things that could not be stopped or undone.

Chapter 2460 Ying Bao (63)

Tang Feimo could understand how Ying Bao was feeling right now. He hugged her and said, “Alright, don't cry, Ying Bao! Just tell me, do you want to go to his wedding? If you want to go, I'll go with you.”

Ying Bao cried silently.

“What's the use of crying? If you love him, go look for him and tell him! Didn't I tell you that Huangfu Xuanye can only live for ten more years? He probably let you go because he knows he wouldn't live for long. In fact, he loves you very much, no less than I love you. Moreover, he's only getting married now to get an heir. His heart definitely still belongs to you!”

Tang Feimo's words completely woke Ying Bao

up.

She finally realized that she cared a lot about Huangfu Xuanye. She might like him more than she thought!

Her inferiority complex, weakness, and hesitation were all shattered at this moment.

Tang Feimo was right. Why couldn't she fight for it?

She had never told Huangfu Xuanye that she liked him. How could she be sure that he would reject her?

Ying Bao grabbed Tang Feimo's arm and looked at him pleadingly.

Tang Feimo understood and comforted her. “Don't worry, his wedding is on the weekend. Mrs. Jing and the others are planning to rush over tomorrow morning, but we can fly over now and see if we can stop the wedding!”

Ying Bao nodded and smiled.

“Okay, hurry up and pack up. Find your passport. I'll book the plane tickets now.” The two of them told the adults that they were going to the Northern Kingdom in advance. After getting permission, they left the Triumph Palace and took a flight to the Northern Kingdom on the same day.

On the way, Ying Bao was very excited. She imagined countless scenes of her meeting with Huangfu Xuanye. 'How should I let him know how I feel?'

'What would happen if I stop the wedding?'

'Would others call me a third party?'

Many worries and contradictions filled her mind. She was excited and worried. She let her imagination run wild all the way until she arrived at the capital airport in the Northern Kingdom at night. They took a taxi from the airport and went straight to the palace in the Northern Kingdom, the Hua Er Palace.

Unfortunately, the whole of the Northern Kingdom was preparing for the king's wedding. Therefore, the area around the Hua Er Palace was under martial law.

There was no way they could get close to the Hua Er Palace, let alone see Huangfu Xuanye.

Ying Bao looked at Tang Feimo anxiously. Tang Feimo comforted her, “Don't worry. We can call him and tell him we're here. Let him send someone to pick us up.”

Ying Bao nodded and took out her phone. She dialed Huangfu Xuanye's number and handed it to Tang Feimo.

Tang Feimo placed the phone to his ear and listened. The call went through, but no one picked up.

“Answer the phone!”

Tang Feimo was also very anxious. Why couldn't he be contacted at the critical moment?

Huangfu Xuanye was taking a bath in the Hua Er Palace. His phone was placed outside. A servant saw it and was about to bring it to him but he met Shen Wanxin.

“Leave it to me. I'll give it to His Majesty!”

The servant did not suspect anything and handed the phone to Shen Wanxin respectfully.

Shen Wanxin saw the words “My Love” flashing on the screen and guessed that it was Princess Cherry's contact. Her heart burned with jealousy.

'Why is that woman calling the king again?' 'Is she trying to disturb him again?' 'No way!'

Shen Wanxin would never allow such a thing to happen. Tomorrow was their wedding. She had to make sure there was no interference.
