

## Priceless 2471

### Chapter 2471 Ying Bao (74)

The next morning, Huangfu Xuanye personally accompanied Ying Bao to the Royal Hospital to meet a few specialists and doctors.

After a consultation, the doctors told the king that Princess Cherry's throat could be cured.

Huangfu Xuanye was very happy. He immediately asked them to come up with a treatment plan. After that, Ying Bao began to undergo a month of sound correction therapy. Every time she came to the hospital, Huangfu Xuanye would accompany her.

Ever since the two of them established their relationship, they became inseparable.

One month later, Ying Bao's voice had an obvious effect. Now she could speak, but she could not say much at first. She mainly focused on recuperation.

"Uncle, I can finally speak."

Ying Bao hugged Huangfu Xuanye happily. Huangfu Xuanye smiled and said, "Great! I can finally hear your voice again."

"Let's go home!"

She pulled him up and prepared to leave the hospital.

Just then, the director of the hospital came to look for the king. He told the king that his body condition was stable and he could prepare for IVF treatment.

Now that Huangfu Xuanye had Ying Bao, he was not in a hurry to have a child. "Let's talk about this another time."

Ying Bao knew that the king was planning to have a test tube baby with Shen Wanxin. Now that they could finally do it, he gave up because of her. She felt it was a pity.

That night, Ying Bao knocked on Huangfu Xuanye's door after washing up. "What's wrong, Cherry?" Huangfu Xuanye had just taken a shower and was wearing a black silk bathrobe. He exuded an air of abstinence.

"Uncle, I have something to tell you," Ying Bao said as she wrung her hands nervously. "Okay, come in."

Huangfu Xuanye invited her in. "What is it?"

"I... I wanted to say... we..." Ying Bao blushed, her face like a cute little cherry.

"We what?"

Ying Bao thought for a while and finally decided to go all out. She raised her head and asked him, "Uncle, you don't have to go for IVF treatment anymore. Let's try it. I want to give birth to your child."

"..." Huangfu Xuanye was stunned for a long while. When he came back to his senses, he was very happy. But at the same time, he was also worried. "No, you're still too young... You're still in school... How could I bear to..."

"I'm not young anymore. My mommy gave birth to me when I was 18 years old. I've also grown up."

Ying Bao jumped into his arms. "I really want to give birth to a cute baby for you. Uncle, don't you like me anymore?" "No way, I'm just..."

"Don't be nervous! Treat me like an ordinary woman. Don't treat me like a child. Let's try it, okay?"

Huangfu Xuanye made the most important decision in his life under Ying Bao's plea.

Ying Bao touched his heart and asked, "Uncle, are you okay?"

"Not bad. My heart is beating a little too fast, but I'm feeling much better now."

"That's good. I was so worried."

"Yes, my beloved baby." Ever since Ying Bao started expecting, Huangfu Xuanye paid more attention to his health. He would train his body every day and strive to live longer.

One month later, Huangfu Xuanye chose a date and accompanied Ying Bao back to the Dragon Kingdom to meet her family.

Chapter 2472 Ying Bao (75)

In the Triumph Palace of the Dragon Kingdom. When Jing Xi and Huo Yunshen saw their daughter come back and heard her call them again, they were extremely touched.

"Xuanye, thank you. Otherwise, Ying Bao wouldn't have recovered so quickly," Jing Xi said.

Huangfu Xuanye shook his head. "You're welcome, my queen. This is what I should do."

When Ying Bao heard him calling her mother "queen," she pulled him and said coquettishly, "Uncle, shouldn't you call her Mommy?"

"..." Huangfu Xuanye's face turned red. After all, he was too old to call Jing Xi "Mommy."

"It's okay. It's just a nickname. I'll just call it what you usually call it."

Jing Xi had already guessed that the two of them might be together. She asked, "What are your plans from now on?"

"Mommy, I plan to transfer Ying Bao to the Northland and let her continue her studies there. After she graduates from university, we will get married."

Huangfu Xuanye mustered his courage and called her "Mommy," causing Ying Bao to snicker at the side.

Jing Xi smiled and nodded. "Okay. I'll have to trouble you to take care of her in the future."

Ying Bao disagreed. "Mommy, I can take care of Uncle too."

“Okay, okay. Our daughter has grown up.”

His daughter was about to get married when she grew up. As a father, Huo Yunshen would always feel reluctant, but he could not stop his daughter from finding happiness. He patted Huangpu Xuanye's shoulder and said, “Come on, Xuanye, have a few drinks with your father.”

“Daddy, Uncle is not feeling well. He can't drink,” said Ying Bao who was extremely protective of her husband.

Huo Yunshen looked like he was hurt. “Oh my, I'm not feeling well either. Why is no one concerned about me drinking?”

“What's wrong with you, Daddy?” Ying Bao asked anxiously.

“I don't feel well anywhere. My precious daughter is getting married. I can't bear it,” Huo Yunshen said with a smile.

Ying Bao did not know whether to laugh or cry. “Hey, Daddy, don't you still have Little Strawberry? Plus, you have Mommy to accompany you. Don't worry about me, okay?”

The family had a pleasant lunch in the palace. In the afternoon, Tang Feimo received the news and rushed to the palace to see them.

Tang Feimo was a little disappointed to see Ying Bao and Huangpu Xuanye being so intimate, but he quickly composed himself. “Cherry, I finally get to see you. Is your throat okay?”

“Okay, listen to me, Brother Feimo.” Ying Bao smiled.

“Yes, I heard it. Your voice is still as nice as before.” Tang Feimo thought of something and said, “I heard that you're transferring to the Northern Kingdom. It'll be hard to see you in the future.”

“It's fine. You can watch me in the live-stream.”

“I mean, I can't pinch your face if I want to.” Tang Feimo pinched her chubby little face.

“Hey, it hurts! I want to pinch you too.”

Ying Bao ran after Tang Feimo. Huangpu Xuanye watched them play and sighed about how good it was to be young.

On one hand, Tang Feimo came to the palace to see Ying Bao. On the other hand, he wanted to talk to Huangpu Xuanye about something very important.

The two men found a private place. Tang Feimo asked, “Xuanye, do you still remember Ying Bao's accident in Zstan?”

“Yes, why?” “I came back a few days ago and learned that the police had a new lead on the case. They found out that the accident was premeditated.”

“Who is the culprit? Have they found out?”

“Yes, I copied the evidence from the police. You'll know when you see it.”

Tang Feimo showed the information to Huangpu Xuanye. After Huangpu Xuanye finished reading it, his expression changed drastically. “How could it be her?”

Chapter 2473 Ying Bao (76)

“I'm also very surprised. The police of Zstan have already contacted your embassy, but they haven't received any feedback yet. I'm telling you now because I want you to go back and investigate what happened.” “Got it.”

Huangfu Xuanye's expression was grim as he thought of the terrible accident that almost caused him to lose Ying Bao forever. He thought it was just an accident, but he did not expect that someone was behind it.

Thinking of Shen Wanxin's face, Huangfu Xuanye's face turned sullen. He immediately contacted Sheng Yi and told him to handle this matter.

Ying Bao and Huangfu Xuanye stayed in Zstan for two days. On the third day, she said goodbye to her family and officially followed Huangfu Xuanye to the Northern Kingdom.

After returning to the palace, Ying Bao met Shen Wanxin who was watering the plants in the back garden. When the two met face to face, Shen Wanxin greeted her. “Your Highness.”

“Miss Shen, I'm really sorry for what happened last time. I wanted to apologize to you for meeting you today.”

Ying Bao felt that she was the one at fault. She thought that they might meet again in the palace, so it was better to apologize.

Shen Wanxin snorted. “Your Highness, I really don't understand. You're already a princess, high up in the air, with everything handed to you on a silver platter. Why do you have to come and ruin my happiness?”

“I...”

Ying Bao could hear the dissatisfaction in her voice. She was still holding a grudge against her for snatching the marriage. “If it wasn't for you, I would've been the queen of the Northern Kingdom by now. I would've been with His Majesty. It was you who ruined everything for me and made me unable to lift my head in front of everyone.”

Shen Wanxin put down the kettle and hatred shot out from her eyes. She walked towards Ying Bao step by step and said in a sinister tone, “Why did you take away His Majesty? You two are not even compatible for each other, okay? Do you really think that the prince and princess always end up living happily together in the end? That's all a fairy tale, a lie to a child!”

Ying Bao was forced to the edge of the pool by her. There was no way out for her. “I didn't snatch him at all. The one Uncle liked was me, and I liked him too. I didn't snatch away your happiness. And you know that Uncle only wanted an heir. If you can do it, I can do it too. Why can't he choose someone he likes and is willing to bear children for him?”

“What if you weren't present? Wouldn't I be His Majesty's only candidate?” Shen Wanxin gave Ying Bao a hard push.

“Ah...” Ying Bao fell into the pool and screamed for help.

CO.

“It's no use even if you shout. Very few people come to the back garden. This pool is very deep and the walls are smooth. It's completely impossible for you to come up.”

Shen Wanxin took advantage of the familiar terrain and environment. She had finally found an opportunity today. She might as well let Cherry Princess drown by accident. Wouldn't that remove her, the eyesore?

Seeing Ying Bao struggling in the water, Shen Wanxin smiled coldly and turned to leave the garden. Before she left, she deliberately locked the back door.

Huangfu Xuanye came back from outside and did not see Ying Bao. He went around asking the servants but they all said they did not see her.

He happened to see Shen Wanxin coming from the garden. He asked her if she had seen Ying Bao. Shen Wanxin said, “Your Majesty, I didn't see her. Isn't Princess Cherry with Your Majesty?”

“That's weird. She said she was out for a walk. Why is she gone?” Huangfu Xuanye waved his hand, signaling her to leave first. Then he went to the garden to look for Ying Bao.

Huangfu Xuanye shuttled back and forth in the garden. It was Sheng Yi who rushed over to look for him. “Your Majesty, I know where Princess Cherry is! Come with me!”

#### Chapter 2474 Ying Bao (77)

Under Huangfu Xuanye's orders, Sheng Yi had been secretly monitoring Shen Wanxin for the past few days. Every movement of Shen Wanxin's was told to him by his spies.

Just now, his spy told him that Princess Cherry and Shen Wanxin had gone to the back garden. Now that the king could not find Princess Cherry everywhere, he guessed that something might have happened.

With Sheng Yi leading the way, the two of them came to the back garden. Seeing that the gate was locked, Sheng Yi kicked the gate lock and rushed in with the king.

As expected, as soon as they entered the back garden, they heard a cry for help coming from inside. The two of them followed the voice and saw Ying Bao struggling in the pool. Ying Bao could not hold on any longer. Her body sank, and only one hand was left struggling on the water. “Cherry!”

Huangfu Xuanye was shocked. He immediately ignored the danger and jumped down to save her.

“Your Majesty, let me do it!” Sheng Yi was worried about his body. He wanted to jump down and save Princess Cherry, but Huangfu Xuanye did not need Sheng Yi to take the risk. He had to save his woman himself. If he could not save her, he would die with her.

Plop...

Huangfu Xuanye jumped into the water and swam towards Ying Bao. He finally grabbed her hand and pulled her up in time.

The pool was very deep. Seeing that the king had jumped down, Sheng Yi quickly found a rope and threw it down to help.

Huangfu Xuanye grabbed the rope that Sheng Yi threw down and successfully saved Ying Bao. "Cherry! Cherry..."

The girl had already fainted from drowning. Huangfu Xuanye performed CPR on her before she finally spat out the water and woke up.

"Cherry, are you okay?"

Huangfu Xuanye held Ying Bao in his arms, his heart aching. If Sheng Yi had not found out about it in time, Ying Bao would have drowned in the garden.

"Ahem... Uncle..."

Ying Bao opened her eyes weakly, thinking that she was definitely going to die. She did not expect that at the last moment, Uncle King would come to save her.

Seeing him again made her so touched that tears fell.

"What happened? How did you fall into the water?" Huangfu Xuanye asked.

"It's Shen Wanxin... push me..."

It was Shen Wanxin again...

Huangfu Xuanye was furious. He ordered Sheng Yi, "Sheng Yi, arrest that woman! I want to ask for her!"

"Yes, Your Majesty!"

Huangfu Xuanye carried Ying Bao back to the palace while Sheng Yi brought his men to catch Shen Wanxin.

Initially, Huangfu Xuanye had asked Sheng Yi to keep an eye on Shen Wanxin to prevent her from escaping the country. He did not expect that not only was she not repentant, but she had also harmed Ying Bao again. This time, he would not let her off easily!

Huangfu Xuanye carried Ying Bao back to her room and helped her bathe and change her clothes. He let her lie on the bed and rest. Then, he went to deal with Shen Wanxin.

In the main hall of the palace, Huangfu Xuanye sat on the throne of the main hall. Sheng Yi ordered his men to bring Shen Wanxin up.

When Shen Wanxin was captured, her father, Butler Shen, also came in. When he saw the king, he asked, "Your Majesty, why did you arrest Wanxin? What crime did she commit?"

“Butler Shen, you may ask your daughter what crime she has committed.”

Huangfu Xuanye glared at the woman below the stage. Just a moment ago, he had asked her if she had seen Ying Bao, but she was still able to calmly tell him that she had not seen her.

Butler Shen looked at his daughter, Shen Wanxin, who remained silent. Sheng Yi answered for her, “Butler Shen, your daughter pushed Princess Cherry into the pool in the back garden and Princess Cherry almost drowned. Do you think she is guilty?”

Chapter 2475 Ying Bao (78)

“Butler Shen, your daughter pushed Princess Cherry into the pool in the garden and Princess Cherry almost drowned. Do you think she is guilty?”

Butler Shen was shocked. He had already covered up what happened last time for her, and now she has created such a grave mistake again.

“Wanxin, is it true? How could you do this to the princess?”

Shen Wanxin did not expect that Ying Bao would be so lucky. In the end, she was still saved and they had reported the incident to the police.

However, it was impossible for her to confess. In front of the king, Shen Wanxin kneeled down and explained, “Your Majesty, I really didn't know that the princess fell into the water. This has nothing to do with me. I went to the garden to water all the flowers before leaving. I really didn't see the princess go over.”

“You're still denying it? Fine, let's not talk about this for now. Then how do you explain what happened in Zstan?”

Huangfu Xuanye took out a document that was provided to him by Tang Feimo. He took it out and let Sheng Yi read the contents.

“You hired someone to create a car accident and almost caused Cherry to lose her life in Zstan. You even implicated an innocent victim. Shen Wanxin, you are really evil!”

Huangfu Xuanye patted the armrest of the throne with a stern expression.

Shen Wanxin was so frightened that she fell to the ground. She did not expect that she would still be discovered even though she had done it so secretly.

“Your Majesty, this has nothing to do with Xin'er. It's me... I'm the mastermind,” Butler Shen said, trying to protect his daughter as he broke out in cold sweat and got on his knees.

Huangfu Xuanye looked at Butler Shen and said, “Butler Shen, you want to plead for your daughter, but you are not the mastermind. At most, you can be considered to be covering up for her. The ultimatum issued by Zstan to the Northern Kingdom's embassy has already been obtained by the people you sent. However, not only did you not persuade your daughter to surrender herself, you even covered up her crimes. Now, if I don't punish you all, I will not be worthy of being the king. Men, take Butler Shen into custody and detain her. Hand her over to the police of Zstan.”

“Your Majesty, your Majesty...”

Both father and daughter were taken away from the main hall.

This represented the decline of the Shen family in the Northern Kingdom. What awaited Shen Wanxin was imprisonment enforced by Zstan.

Huangfu Xuanye returned to the master bedroom after handling those matters overnight.

Ying Bao had not woken up yet. When night fell, Ying Bao woke up. She opened her eyes and saw Huangfu Xuanye beside her. She called out, “Uncle.” “You're awake?”

Huangfu Xuanye held her hand and asked, “How do you feel? Are you feeling unwell?”

“I'm fine.”

Ying Bao was about to get up when Huangfu Xuanye helped her up. “Are you hungry?”

“Yes.”

“I've asked the chef to prepare dinner. Let's go eat together!”

“Okay.”

Huangfu Xuanye brought Ying Bao to the dining room and sat down. The chef served a delicious steak, but for some reason, Ying Bao felt nauseous when she smelled the beef.

“What's wrong, Cherry?” Huangfu Xuanye asked as he patted her back.

“Uncle, is there something wrong with my head? Why do I feel like vomiting after seeing the steak?”

“Are you feeling unwell?”

“Yes.”

“Maybe it's because you almost drowned,” Huangfu Xuanye said decisively. “Don't eat the steak anymore. I'll take you to the hospital for a checkup now.”

Huangfu Xuanye went out with Ying Bao in his arms. Sheng Yi got the car ready and they soon arrived at the Royal Hospital.

After the examination, the doctor told Huangfu Xuanye, “Your Majesty, Princess Cherry is fine, but...”

“But what?” Huangfu Xuanye asked nervously.

Chapter 2476 Ying Bao (79)

The doctor continued, “But fortunately, the baby in the princess's belly are safe.”

“Baby?”

Huangfu Xuanye was stunned for a moment before he regained his senses. He said happily, “You mean... Cherry is pregnant?”

“Yes, Your Majesty. We'll have to wait for a while for Her Highness to go for a further examination to determine the number of days old the fetus is.”

“Okay, okay, I got it.”

Huangfu Xuanye paced back and forth in his room before returning to Ying Bao's ward. He held her hand and looked at her lovingly.

The thought of him and Ying Bao carrying his baby was simply too amazing.

But when he thought of Ying Bao falling into the water, he felt a lingering fear. If he had not saved her in time today, wouldn't he have lost two lives?

“Uncle, what's wrong? Am I ill...”

Ying Bao saw that he was just looking at her and not saying anything. She thought that she was sick.

“No, you're not sick... Cherry, you're not sick. You're pregnant.”

“I'm pregnant?” Ying Bao's eyes widened in surprise. She subconsciously touched her flat belly, unable to believe that she really had Uncle King's child.

“Yes, you're pregnant with my child now. This is our first child, and it might be the future heir to the Northern Kingdom. Cherry, I'm being kind, you know? I'm going to be a father! Thank you. I love you, Cherry!”

Huangfu Xuanye was moved to tears and kept kissing the back of her hand. “That's great, Uncle. I can finally give birth to a baby for you.” Ying Bao was also very happy. She was happy that she was going to be a mother.

TICI.

She thought of her mother and asked Huangfu Xuanye for his phone. “Uncle, give me your phone. I want to tell my parents about the good news.”

“Yes.”

The news of Ying Bao's pregnancy quickly spread to the Dragon Kingdom. After Jing Xi received the call, she immediately went to look for Huo Yunshen.

Huo Yunshen had just gotten out of the meeting room when he saw Jing Xi coming to pick him up. He asked in surprise, “What's wrong, honey? Why are you in such a hurry to see me today? Did you miss me?”

“I'm here to tell you some good news.”

“What's the good news?” Huo Yunshen asked as he took her home.

“You're about to become a grandfather.”

“What?”

Huo Yunshen could not react in time. He only reacted after Jing Xi reminded him again.

Seeing that he had no reaction, Jing Xi asked, "Hey, what's with your expression? Your daughter has a child and you're about to become a grandfather. Aren't you happy?"

"It's not that I'm unhappy, it's just that I'm a little emotional. I think Ying Bao is still the little girl in my memory. In the blink of an eye, she's going to get married and have children. Time flies!"

Perhaps being a father was different from being a mother. When he thought of his beloved daughter getting married and having children, he could not bear to part with her.

"Don't be sad. The children will grow up and have their own lives. We can only wish them well. Now that Ying Bao is pregnant, I reckon the wedding will be soon. We just need to prepare the dowry."

Instead of worrying about her children's lives, Jing Xi was only thinking about how to spend the rest of her life with her husband.

Ever since Ying Bao got pregnant, the entire Hua Er Palace was filled with a sense of peace and joy.

Huangfu Xuanye had already issued a national announcement to expose the crimes of Shen Wanxin and the Shen family. Only then did the commoners of the Northern Kingdom finally understand why the former queen-to-be, Shen Wanxin, was not destined to become the queen.

#### Chapter 2477 Ying Bao (80)

It turned out that in order to stop Princess Cherry and the king, she did not hesitate to cause trouble and almost caused Princess Cherry to lose her life.

Her character and behavior determined her fate. The king would never marry a vicious woman.

Shen Wanxin's matter was quickly forgotten by everyone. Everyone was concerned about the king and Princess Cherry and wondered if they would end up together.

After a while, Huangfu Xuanye went to the hospital with Ying Bao again for an ultrasound scan. He was surprised to find that Ying Bao had three gestational sacs in her belly.

This meant that Ying Bao was carrying three fetuses.

Huangfu Xuanye was so excited that he felt a pain in his heart. He rested for a long time before recovering

"Uncle, are you okay?"

"I'm fine, Cherry. I'm just too happy. This must be God's blessing. Since I had no children, he let us have three children at once."

Huangfu Xuanye quickly took out his phone in joy. "I'm going to call Mom now and tell them the good news."

Huangfu Xuanye was referring Jing Xi. He had already gladly accepted Ying Bao's family and called them "Dad" and "Mom." "Fine, fine, go ahead!"

Ying Bao was happy to see him so elated.

The good news spread to the Dragon Kingdom. Huo Yunshen and Jing Xi were very happy. It was not rare to see twins, but no one in their family was pregnant with triplets. Ying Bao was the first to be pregnant with triplets. Naturally, she was the most important person to protect.

While Ying Bao was still pregnant, Huangfu Xuanye announced to the whole country that he was going to marry the Dragon Kingdom's Princess Cherry. The wedding date was set, and the whole nation was celebrating.

On the day of the wedding, Ying Bao's family all flew to the Northern Kingdom to attend her wedding.

Even her uncle from Estan, Helian Qingyu's family, Jing Zhannan's family, Fang Xiaocheng's family from Zstan, and many old friends of Huo Yunshen and Jing Xi, had specially come to attend their daughter's wedding.

The wedding was unprecedented. Huangfu Xuanye and Ying Bao flew above the capital for a week, and all the commoners in the city came out to watch the wedding. Finally, they held the wedding ceremony in the largest Holy Cathedral.

Ying Bao was wearing beautiful makeup and a white wedding dress. The end of the wedding dress was six meters long. Today, she was the most beautiful bride in the world. She was going to go from being a princess to the queen of the Northern Kingdom.

Huo Yunshen walked towards the altar with his father.

On the altar stood the king of the Northern Kingdom, Huangfu Xuanye, in his white uniform. He had a faint smile on his face as he looked at the bride walking towards him step by step.

He only had eyes for her.

The seats below were filled with guests. Tang Feimo was sitting with Ying Bao's family. He looked up and saw his beloved girl wearing a wedding veil. He was so touched that his eyes were teary.

Even though he wasn't the groom, he was still very happy to see the person he liked obtain happiness.

He was really sad when a little hand touched his face. He looked down and saw that it was a cute little Strawberry. Little Strawberry saw the sparkle in Tang Feimo's eyes and thought he was very sad. She comforted him, "Brother Feimo, Sister is not married to you. When I grow up, I'll marry you! Don't cry!"

Tang Feimo was caught between laughter and tears. He pinched her little face and looked at the little girl who was 12 years younger than him. He smiled and said to her, "When you grow up, I will be old. Silly girl."

Chapter 2478 Ying Bao (81)

Tang Feimo had never had any other thoughts about Little Strawberry. He only thought of her as a child, but this cute and pure-hearted little girl regarded the matter of marrying Tang Feimo as the most important thing. Tang Feimo ignored Little Strawberry and focused on the couple on stage.

Huo Yunshen had already handed his daughter's hand to Huangpu Xuanye. Huangpu Xuanye took Ying Bao to stand on the altar. Following that, according to the etiquette of the Northern Kingdom, they officially exchanged rings and became husband and wife.

The last segment was the coronation of the new queen.

The crown worn by the queen was made by Ying Bao's second aunt, Huo Erqi. The diamonds and gemstones shone brilliantly.

Huangpu Xuanye put the crown on Ying Bao's head and the wedding ceremony was completed.

After that, all the guests went to the Hua Er Palace to attend the grand wedding banquet. Ying Bao and Huangpu Xuanye got into the royal family's car and went on a tour before returning to the palace.

At the same time, their wedding was being broadcast around the world via satellite. News channels from all over the world were broadcasting the news of their wedding. The whole world was giving them their best wishes.

After the wedding ended, the guests left, leaving only Huangpu Xuanye and his bride, Ying Bao.

Huangpu Xuanye picked her up and carried her back to the bedroom.

"Honey, you must be tired!"

He squatted in front of her and helped her take off her shoes before rubbing her feet gently.

"A little tired, but mostly happy."

Huangpu Xuanye patted Xu Xiyan's belly and smiled. "Yes. Go to bed soon. The babies must be exhausted."

"Okay."

Huangpu Xuanye helped her take off her dress and picked her up. Ying Bao cried out, "Uncle, I can walk by myself. I'm not as weak as you think."

"It's okay. I want to carry you every day while I can."

Huangpu Xuanye only had a short period of ten years left to live. Naturally, he wanted to give her the best tenderness and care.

Ying Bao was slim and did not weigh much. Huangpu Xuanye did not feel burdened at all as he carried her.

However, after a while, the three fetuses would grow larger and he might not be able to carry her anymore.

He accompanied his wife into the bathroom to take a shower. After both of them were done, they returned to their matrimonial room together.

Even though it was their wedding night, Huangpu Xuanye was very well-behaved. The two of them were chatting under the blanket.

After turning off the lights, he hugged his little wife and kissed her non-stop but she was pregnant and he did not do anything to her.

Huangpu Xuanye spent the rest of the pregnancy with Ying Bao after he was done with work. If there was a state visit, he would leave it to the Minister of State Affairs. Under the care of Huangpu Xuanye and his family and friends, Ying Bao's tummy was getting bigger by the day. When she was five months pregnant, the baby bump was already very large.

When she was seven months pregnant, her belly was so large that it was scary. She could not even see her toes when she lowered her head. It was basically impossible for her to bend down to pick up anything.

Every day when she went out, there would be a few servants accompanying her, afraid that she would bump into something.

Huangpu Xuanye was worried every time he saw Ying Bao's big belly. He was worried about how her small body could take it.

However, Ying Bao was not a spoiled person. She had never lost her temper at the servants in the palace. She would do what she could herself every day and only ask for help from others when she could not manage.

In order to welcome the three babies, Huangpu Xuanye had built a luxurious nursery in the palace. He even hired a few professional matrons and wet nurses to help take care of the babies.

Jing Xi and Huo Yunshen brought the children to the Northland to visit their daughter.

#### Chapter 2479 Ying Bao (82)

They had also prepared a lot of gifts for the three unborn children. There were also some clothes and shoes that Ying Bao's grandmother had sewn for the children. They were very cute.

Ying Bao's brothers and her sister surrounded Ying Bao's belly and discussed the genders of the fetuses. The three of them even started to make bets.

Little Apple said that Ying Bao would have a boy and two girls. Little Grape said that Ying Bao would have two boys and a girl. Little Strawberry said that Ying Bao would have three boys and no girls. For this bet, they all took out their own money. Whoever won would be paid by the other two who lost.

After lunch at Hua Er Palace, Ying Bao's parents decided to return so Ying Bao and Huangfu Xuanye saw them off.

In the garden of the palace, Ying Bao suddenly felt some discomfort in her stomach and cried out in pain.

Huangfu Xuanye was even more nervous than his wife. "Honey! Are you okay? Is it very painful? What happened?"

Jing Xi knew what was going on right away. "Ying Bao is about to give birth. Xuanye, quickly get someone to take her to the hospital." "Okay, I'll call someone right away." Huangfu Xuanye quickly called for help.

Little Apple and the other two were still happy at the side. "Oh, sister is about to give birth. We will soon know who will win."

Originally, their family was planning to return to the Dragon Kingdom. But now, they were all staying behind to accompany Ying Bao in labor.

They all felt that they were very lucky to be able to be there for Ying Bao's labor and see the newborns with their own eyes.

Huangfu Xuanye felt very lucky. If he was alone, he would definitely be flustered due to his lack of experience. However, with his parents-in-law around and their instructions, he was not so flustered.

Ying Bao was sent to the Royal Hospital. After a few hours of labor, she finally gave birth to three babies. They were all safe.

"Congratulations, Your Majesty. The queen has already given birth to three little princes. Now the mother and sons are safe. Please rest assured, Your Majesty."

The nurse came out to inform everyone of the good news.

"I have sons now! Dad! Mom! I have three sons!" Huangfu Xuanye said happily.

"Congratulations!" Jing Xi smiled.

"You're lucky!" Huo Yunshen was also happy for him.

It was rare for a 30-year-old man to suddenly have three sons after looking forward to having children for several years. It was simply like riding a rocket. There was no one else who could be so lucky.

Little Strawberry was the happiest because she had guessed correctly. She spread her hands and asked her brothers for money. "Brothers, you guys lost! Give me the money!"

"Here you go, money grubber!"

The two brothers pouted and reluctantly handed the money to their sister.

After the three princes were born, they kept them in the incubator for a period of observation. Ying Bao was weak after giving birth and was sent to the ward to rest.

When Ying Bao woke up, she saw Huangfu Xuanye sitting by the bed. His eyes were red and he seemed to be crying.

"Uncle, what's wrong?" "Honey, you're awake." Huangfu Xuanye saw that she was awake and quickly wiped his eyes. "I'm fine. I just feel too sorry for you..."

"I'm fine... Where are the babies?"

Ying Bao had only realized how difficult it was to be a mother after giving birth to her own children. It was not easy for her mother to give birth to her four children with her brother and sister.

"The babies are in the incubator. They are all very healthy. Mom is over there looking after the babies!"

"Is the last one a daughter?"

Ying Bao insisted on giving birth naturally. She worked hard to give birth to three children. The doctor had told her that the first two were boys but during the delivery of the last baby, she was weak and fainted. Hence, she did not know if it was a boy or a girl.

"No, it's a son. You've given birth to three sons. Honey, you're too noble, you know that?"

Chapter 2480 Ying Bao (83)

Huangpu Xuanye had three children at once. He did not have to worry about not having a successor anymore. This was all thanks to Ying Bao. Without her, his life would not be so complete.

"All three are sons—I still want a daughter!"

It was said that a daughter would be a mother's caring and precious gem. Ying Bao hoped that there would be a mix of boys and girls but it turned out that they were all boys. She had bought a lot of supplies for baby girls previously, but it seemed they wouldn't be of any use now. "Silly girl. Even if you want to give birth to a girl, don't think about it for the time being. Just take care of your body and we'll talk about it in the future."

In any case, Huangpu Xuanye could not bear to see her go through childbirth again. When he heard her heart-wrenching cries in the delivery room, his heart almost broke.

After a while, Jing Xi and Little Strawberry came back.

"Mommy, sister is awake."

"Yes. Ying Bao, you're awake!" Jing Xi came over to check on Ying Bao.

"Mommy—" For some reason, Ying Bao burst into tears when she saw her mother.

"Okay, don't cry. It's a happy thing to have a child. You haven't gotten the baby's picture yet, right? I took a picture on my phone just now and showed it to you."

Jing Xi wiped her tears and showed her the photos of the three babies.

"Look, this is the eldest, this is the second, and this is the youngest. All three of them weigh quite a lot. You were really thin but they're so large."

Ying Bao looked at the photos of the children. The little pink blobs were the flesh that had fallen out of her stomach. It was so magical!

"Where's Daddy?" Ying Bao asked as she was reminded of her father.

"Your dad has something urgent to attend to and has to rush back to the country. Apple and Grape are also going back. They have to go to class. They will come back to see you when they are on vacation."

“Yes.”

Huo Yunshen had to take care of some affairs in the country. After visiting his daughter, he took his two sons back to the country.

Jing Xi and her younger daughter stayed to accompany Ying Bao for a while. She could also give them some guidance. After all, Xuanye was a new father. There were definitely many things that he did not understand.

For the next few days, Huangpu Xuanye stayed by his side and took care of his wife carefully.

At the same time, he learned a lot from Jing Xi. He learned how to change diapers, mix milk formula, and bathe the babies.

Jing Xi stayed with Ying Bao for a week before taking her daughter home.

Ying Bao continued to stay in the hospital for half a month. Huangpu Xuanye took her back to the Hua Er Palace. The three newborns had also been taken out of the incubator and went home together with them.

The nannies and wet nurses in the palace were helping to take care of the three children. Ying Bao did not need to feed them. She only needed to be at ease during her confinement.

For the sake of her health, Huangpu Xuanye let her stay in postnatal confinement for three months.

After a hundred days, Jing Xi and Huo Yunshen came back with a few children. They even brought a gift from Tang Feimo.

It was a gift for the three children and a letter. He said in the letter that he had returned to Zstan after studying abroad and that he would have fewer chances to see her in the future. However, he would always give her his blessings and he hoped that she and Huangpu Xuanye could live happily ever after.

After reading Tang Feimo's letter, Ying Bao pondered for a long time. In this life, she felt that she owed Tang Feimo the most.

He had sacrificed a lot to help her. She would always remember his kindness and hope that he could find his better half soon.

After Ying Bao completed her postnatal confinement, she officially transferred to a school in the Northern Kingdom.

She continued to live a low-profile life on campus and attended classes as a tomboy. No one knew that she was the princess of the Dragon Kingdom, and no one knew that she was their queen.
