### Chapter 2491 Love Comes Like The Southern Breeze (9)

When the manager, Tao Xiajian, saw that Qiao Ruoxi had come, he was rather hostile to her. “Little Qiao, you've only been at Yin Zun for a few days. Who gave you the courage to do this? Drugging a guest? Do you know who the guest you've offended is?”

Qiao Ruoxi did not know who she had offended, but she was not the one who did it. She was definitely not willing to take the blame.

“Manager Tao, I didn't drug the customer. You can check if you don't believe me.”

Qiao Ruoxi glanced at Yao Lili. Yao Lili raised her chin and looked even more smug.

“Little Yao saw that you put something in the guest's drink. Also, this is the powder we found in your bag. It can't be wrong, right?” Tao Xiajian pointed at Yao Lili and threw Qiao Ruoxi's bag and the bag of powder onto the table.

Yao Lili added fuel to the fire, “That's right, Manager Tao. If I hadn't run into her, I don't know how much trouble she would bring to Yin Zun in the future!”

“Manager Tao, is it appropriate for you to search my bag without permission? Also, I've never done anything as despicable as drugging the customer. I will prove my innocence.”

Qiao Ruoxi shot a glance at Yao Lili. She was impressed by her ability to twist facts. Only someone like her, who spent all her time trying to climb up the social ladder, would do something so despicable.

The current situation was very unfavorable for Qiao Ruoxi. Yao Lili had already taken the lead. No matter what Qiao Ruoxi said, Tao Xiajian would never believe her.

It was obvious that the two of them were in cahoots.

“You already have evidence and witnesses, and you still want to deny it?”

The more Tao Xiajian looked at her, the more annoyed he became. “Forget it, I won't pursue legal action against you anymore. Quickly pack your things and leave. You've been fired. Your salary this month is not even enough for compensations!”

“Fine! I won't do it!”

Qiao Ruoxi took off her work pass and threw it on Tao Xiajian's desk. “As a leader, you didn't handle things fairly. Instead, you colluded with your employees and maligned them. I've long had enough of scums like you!”

Impulsiveness is a devil!

Qiao Ruoxi threw the pot and left, completely ignoring the serious consequences—she lost her job.

She walked aimlessly on the streets, feeling extremely depressed. She really had the urge to cry.

She lost her job overnight and was fired by the manager. She could not even get a single cent of her salary this month.

She was being wronged by her colleagues. There was no place for her to reason with them.

How was she going to buy medicine for her mother and raise money for her brother's surgery?

And the monthly allowance that she had to pay for her aunt?

Her phone rang and she saw Qin Xuming's name flashing on the screen. Qiao Ruoxi frowned.

She had been dating for two years, and she had seen him fooling around with a female secretary. Now that they had broken up, why was he still looking for her?

Even though Qin Xuming wanted to get back together, Qiao Ruoxi would not give him another chance.

Once a cheater, always a cheater.

She was the type of woman who could not tolerate any unfaithfulness!

She went back to her rented apartment in a daze. Someone called her name from downstairs. "Qiao Ruoxi."

She looked towards the source of the voice and saw a middle-aged lady wearing a thin wool suit and gold-rimmed glasses waiting there.

Qiao Ruoxi could not believe her eyes. 'Is that woman Qin Xuming's mother?'

She had seen her photo on Qin Xuming's phone before and could recognize her at a glance but she did not know why she was here.

"I'm Xuming's mother," the lady introduced herself.

"Auntie..."

Out of courtesy, Qiao Ruoxi greeted her.

"I already know about you and Xuming. I came to you today to tell you that I don't agree to your relationship..."

Chapter 2492 Love Comes Like The Southern Breeze (10)

"You also know that Xuming is a great lawyer with a bright future. He has his own law firm and his career is on the rise. It's a very crucial period."

"I hope that the woman he marries in the future will have a better family background. Even if they don't have the same family background, at least it will be helpful to his career."

"As far as I know, Miss Qiao, your father committed suicide five years ago. The Qiao family was utterly defeated."

"Your mother took you and your brother to live in your granduncle's house. Both of them are not in good health. It would cost a lot to treat them, right?"

"And you. I'm very dissatisfied with your job."

"Even though the Qin family is not one of the biggest families, we are still a family with a reputation."

"It's not that I want to criticize you, but as a girl, it's best if you find a proper job. How many people would be able to remain chaste in a place like that?"

"What kind of help can your family give our Xuming? Other than dragging him back, there's nothing else you can do!"

When Mrs. Qin learned that her son was going to bring his girlfriend home, she paid someone to find out about Qiao Ruoxi's family situation.

Qiao Ruoxi was disappointed. Her heart was already broken, but now it was as if someone had sprinkled salt and glass on her wound.

So painful...

She had been in a car accident five years ago and could not remember many things.

She could only remember how she and her family had been ridiculed by the public and how they had always faced the hostility of others. The debt collectors had often forced their way to her door. She did not know how she had survived that difficult period.

The painful memories made her not want to look back, but someone insisted on exposing the bloody past.

Mrs. Qin continued to say expressionlessly, "You also know that my son is stubborn. Even if I say it ten times, it won't be able to beat you saying it once."

"If I stop you, he will definitely not agree to the breakup."

"If you are willing to break up with him, I can introduce you to a decent job."

"I believe you are a smart girl, Miss Qiao. You should know what to do."

Qiao Ruoxi held back her tears and replied, "No, thank you. I've already broken up with Qin Xuming, and we have nothing to do with each other now. But Auntie, you have a good son who is driven. Not only is he an outstanding lawyer, but he also has the ability to cheat on others. Auntie, if you have the time to persuade me, why don't you persuade your son to cover his traces in the future? Since we've already broken up, don't bother me anymore!"

After saying this, Qiao Ruoxi straightened her back and walked away.

Mrs. Qin was stunned and her face turned pale. So it turned out that her son had cheated on Qiao Ruoxi? They had already broken up?

Even though Qiao Ruoxi was in a bad mood, she still remembered her mother and brother.

Even if she had to stomach it, she would.

She could not fall. She had to live well for them.

The cruel reality did not allow her to grieve. Qiao Ruoxi wiped away the tears on her face and turned to walk to the newspaper stand outside the neighborhood. She bought a newspaper meant for job-seekers. She had to find another job to earn more money.

roo

Back in her room, Qiao Ruoxi flipped through the newspaper's recruitment page. She read it carefully from beginning to end. They were mostly hiring housekeepers, dishwashers, drivers, and matrons. None of these were what Qiao Ruoxi wanted.

When she reached the last page, she saw a recruitment ad that occupied one-third of the newspaper page. Her eyes lit up.

[Recruitment for staff at Di Ruiling Jewelry's flagship store. Salary negotiable in person.]

Qiao Ruoxi knew about Di Ruiling's jewelry brand. It was one of the brands under the Fengtian Group in Yun City. It was famous globally and had a hundred years of history. It had a deep cultural heritage.

Qiao Ruoxi had always loved jewelry design. Even if she could not become a designer, as long as she could work at a place with jewelry, she could learn a lot.

Chapter 2493 Love Comes Like The Southern Breeze

After making up her mind, Qiao Ruoxi called to arrange a job interview.

Maybe she was lucky, but the interview went very smoothly. The manager informed her that she would be on duty the next day.

After three days of training, Qiao Ruoxi officially went to work.

This flagship store was the largest store in the country in the Di Ruiling Jewelry chain. It was decorated in a high-end style, and it was low-key and luxurious.

The store was filled with expensive diamonds, jade, and emerald. Qiao Ruoxi looked at the dazzling and different-shaped diamond rings that she genuinely liked.

There was no woman who didn't like diamonds. She liked them too.

Especially when they were designed to look unique and give the meaning of happiness.

The first day of work happened to be the 20th anniversary of the shop's celebration. He heard from his colleagues that the company's superior would come to patrol the shop today.

"I heard that it's the 20th anniversary of the shop's celebration. President Feng is here personally to patrol the shop today."

"They say that the president of the Feng Group is mysterious and low-profile. He rarely appears in front of the media. If it wasn't for the 20th anniversary celebration, he wouldn't have personally patrolled the store."

"Do any of you know what President Feng looks like?"

"I don't know, but I heard that he's even more handsome than Hu Ge and Daniel Wu. He's the most eligible bachelor."

"Really? Really? That's great. I finally have the chance to meet Mr. Feng."

“The point is, I heard that he's very aloof and never gets close to women. He doesn't even have any scandals. Why didn't you introduce me to such a good man?”

“You're hopeless. From what I know, Mr. Feng already has a girlfriend.”

“Who is it?”

Before the excited colleagues could finish their gossip, someone shouted, “The leader is here! Gather quickly!”

Qiao Ruoxi put down the ring in her hand, stood up, and walked towards the door to welcome them in a line.

Not long after, a group of people rushed into the flagship store. The person in the lead was a tall and straight young man. He wore a pure black handmade suit, showing off his perfect figure.

The man's facial features were handsome, as if they were carved by a knife. His dark eyes were cold without any warmth, and his whole body exuded a strong and oppressive aura unique to kings.

Arrogant, noble, insufferably arrogant.

The people around him followed him with respect.

“So handsome... Prince Charming...”

“Mr. Feng is so handsome. I'm about to faint...”

Qiao Ruoxi heard a few female colleagues whispering to each other. She was confused.

Why did the legendary Fengtian Group's president, Feng Yunan, look so much like the man she had slept with that night?

Upon closer inspection, it really was him.

Thinking of his identity, Qiao Ruoxi's mind exploded.

Feng Yunan's dark eyes were cold and sharp. His eyes swept across the room and finally landed on a girl. He squinted.

Seeing the tip of the man's shoe coming towards her, Qiao Ruoxi lowered her head guiltily. She had already confirmed that it was the man from that night, so she could only secretly take off her badge and hide it.

'Please, please don't let me be recognized by him...'

The inspection began, and everyone held their breaths.

The female shop assistants were all excited on the outside.

A female shop assistant who had deliberately pulled down her black bodice and exposed herself was called out by the president.

“You can leave now.”

That one sentence ended all of the female shop assistant's fantasies, including the new job.

As soon as the president spoke, he fired a shop assistant. The other shop assistants were so frightened that they stopped showing off their figures.

Chapter 2494 Love Comes Like The Southern Breeze (12)

Feng Yunan walked past every salesperson and checked their clothes.

He stopped in front of Qiao Ruoxi and smiled. "You, step out."

Feng Yunan noticed her the moment he entered.

She did not expect that she would start to carry out her next step after just climbing into his bed.

'Knowing that I'm going to patrol the store today, she had deliberately infiltrated Di Ruiling and tried to get close to me, huh?'

The president was thinking too much. She really didn't have that intention.

Qiao Ruoxi's heart skipped a beat as she realized something was wrong. She had finally found a new job. Was she going to be fired on her first day of work?

She forced herself to take a step forward and kept her head down, not daring to look at him.

"Why not?"

His cold voice entered her ears, but it made her shiver.

She had deliberately hidden the nameplate because she was afraid that he would recognize her.

Now that everyone was looking at her, Qiao Ruoxi could only take out the nameplate from her pocket and put it back on her chest.

"Qiao... Ruo... Xi?"

Feng Yunan enunciated each and every word clearly. His tone was the same as when he called her name at Yin Zun last time, full of sarcasm.

"What are the three essentials for a salesperson?"

He must've recognized me. Is he testing me on purpose?'

Qiao Ruoxi replied softly, "Confidence, sincerity, and a smile."

"Are you confident enough?"

Feng Yunan asked again.

She did not know what was wrong with her.

Ever since he entered the store, her heart had started to feel weak. How could she still be confident?

In everyone's eyes, Qiao Ruoxi's performance today could be said to be terrible. The way she kept cowering and lowering her head was not suitable for a qualified employee.

There were also people who felt that it might be because President Feng's aura was too strong, shocking these newcomers.

Before she could answer, Feng Yunan scolded her, "Qiao Ruoxi, raise your head! Straighten your chest!"

His commanding tone was not to be questioned.

Qiao Ruoxi's heart skipped a beat and she immediately obeyed his order. She raised her head and straightened her back.

"Don't stare at your toes. Look at me!"

'I even raised my head and he's still forcing me to look at him? Is he crazy?'

Qiao Ruoxi looked into his eyes. The man was so tall. If she looked into his eyes, her neck might break.

Their eyes met and she was slightly stunned.

She did not take a good look at his face last time, but now, she could see him clearly.

The man's facial features were extremely handsome, as if they were the most perfect masterpiece of God. His dark eyes shone with a cold and dignified light. His eyes were so cold that there was no warmth in them.

The clearer it was, the more confused she became.

'Have I seen him somewhere before?'

"Smile!" he ordered coldly, not letting her get distracted.

She knew that the man was deliberately teasing her.

Qiao Ruoxi forced a smile.

"You have to smile from the bottom of your heart and be sincere."

He frowned, looking displeased.

Qiao Ruoxi told herself to treat him as a customer.

She smiled at him with a professional smile.

The girl's smile was so beautiful that it actually made Feng Yunan's heart flutter.

He ordered again coldly, "You, go to the door and train your posture."

The man then left.

Qiao Ruoxi let out a sigh of relief. It was fine as long as he did not fire her on the spot.

The leaders continued to patrol the store. Qiao Ruoxi stood at the entrance of the flagship store and posed in a standard etiquette posture.

After standing there for a long time, Qiao Ruoxi's legs and arms were almost numb.

## Chapter 2495 Love Comes Like The Southern Breeze (13)

Finally, the people from the review board came out. The luxurious cars outside the store were already ready. They were just waiting for the president and his executives to get in the car and leave.

Feng Yunan walked out of the store and stopped when he passed by Qiao Ruoxi.

He looked down at her and warned her in a voice that no one else could hear.

“Qiao Ruoxi, don't try to get close to me in any way. You're not worthy.”

'What a vicious and narcissistic man.'

'Does he think that I'm working at Di Ruiling Jewelry to get close to him?'

'Please, don't be so narcissistic. Do you think the whole world revolves around you?'

A cold wind blew past him as the tall man walked down the steps. He sat in the back seat of the Rolls-Royce and quickly disappeared from sight.

However, the sarcasm in the man's eyes pierced Qiao Ruoxi's heart.

The manager came over and patted her shoulder. “Qiao Ruoxi, that's enough. Go back to work!”

“Okay.”

Qiao Ruoxi lowered her numb hands and let out a long sigh. She turned around and returned to the store. In the next few days, Qiao Ruoxi's work became normal.

She learned well and quickly familiarized herself with historical backgrounds related to Di Ruiling Jewelry, jewelry production, craftsmanship, and the characteristics of Di Ruiling Jewelry

She would devote herself to her work every day, not giving herself the extra energy to think about what had happened.

Every day, she would receive messages from Qin Xuming asking for forgiveness, but Qiao Ruoxi would ignore them.

On the way home from work, a black car suddenly stopped beside her. Two people got out of the car, one blocking her way and the other opening the door for her.

“Miss Qiao? Our master invites...”

At first, Qiao Ruoxi was shocked. She quickly looked at the two people in front of her and realized that they were dressed appropriately, gentle and polite. They looked like they were well-trained.

“Who is your master?” she asked warily.

“You'll know when you see it.”

The other party kept them in suspense.

Qiao Ruoxi guessed that he was not a bad person. If he was, he would not have kidnapped a poor person like her, let alone inform her in such a polite manner.

Since she had nothing to her name, there was nothing to be afraid of now. Qiao Ruoxi got into the car.

The man led her to an elegant tea house and into a private room. She saw an old man with a dignified face and white hair.

He was making tea with his own hands, his expression focused. He did not raise his head but said lightly, "Miss Qiao, have a seat."

Qiao Ruoxi became even more suspicious. 'Who is this old man? Why is he looking for me?'

Out of curiosity, she walked to the opposite side of the old man and sat down. She asked, "Sir, were you looking for me..."

The old man raised his head slowly and placed a cup of tea in front of her. He said calmly, "Hello, Miss Qiao. I'm Feng Yunan's grandfather."

'Feng Yunan's... grandfather?'

'Doesn't that mean that he's Feng Yuanshan, the founder and current chairman of the Fengtian Group?'

"Grandpa... Uh, I mean, Greetings, Mr. Feng..."

Qiao Ruoxi was so shocked that she almost called him by the wrong name. "Excuse me, but is there anything I can help you with?"

Old Mr. Feng did not speak. He turned and took out a stack of photos from his bag and placed them in front of her.

Qiao Ruoxi picked up the photo and looked at it. The blood in her body seemed to have frozen in an instant, and she shuddered.

Almost all of the photos were of her and Feng Yunan getting it on in the hotel that night. They were in all kinds of positions and were extremely unsightly. It was simply... unbearable to look at.

Qiao Ruoxi could not breathe properly. She felt as if her throat was being choked and cold sweat was dripping down her back.

'Who took these photos?'

'How did they end up with the chairman?'

'Is he here to settle scores with me?'

Chapter 2496 Love Comes Like The Southern Breeze (14)

Just as Qiao Ruoxi thought she could die, old Mr. Feng spoke.

"Someone sent these photos to me. Since you've already gotten intimate with Yunan, I'll let Yunan take responsibility for you." "No, no, no... I don't need President Feng to be responsible for me. What happened that night was just an accident. I'm very sorry."

Qiao Ruoxi was really shocked. They did not ask for a huge sum of compensation, but even said that they would take responsibility for it. In her opinion, it was worse than asking for compensation.

“You don't have to be afraid. I'll take care of everything for you. I can promise you that my descendants are all willing to take responsibility for what they've done. I'll personally organize your wedding in a few days.”

Chairman Feng had always known that Feng Yunan liked the daughter of the Wen family, Wen Keler. He had no idea what Wen Ke'er had done to make Feng Yunan think so highly of her.

The old man had secretly observed Wen Ke'er and knew that she was not a simple girl. He thought that a girl like her was not suitable to be his granddaughter-in-law.

He tried to persuade Feng Yunan to stay away from Wen Ke'er, but Feng Yunan could not see through her. As his grandfather, he had to help him.

He had been secretly observing Qiao Ruoxi for a while. From her looks and the way she treated people, he could tell that she was a great girl and a rare find. That was why he wanted to help them get together.

Hearing the old man mention the word “wedding”, Qiao Ruoxi almost knelt down.

She wasn't familiar with Feng Yunan at all. They didn't have any relationship foundation at all. How could they be suitable for marriage?

“Please don't, Chairman. I really don't need President Feng to take responsibility, let alone marry me. Listen to me, it was an accident that I had slept with President Feng. I've already forgotten about it. Can you please stop talking about this?”

Qiao Ruoxi begged sincerely, hoping that the old man would not play matchmaker.

After observing her reaction, Chairman Feng was even more convinced that he was right.

She did not ask for more and did not want to marry his grandson. This meant that she was not a greedy girl.

“There's no need to decline. I think you and Yunan are very suitable for each other.”

'How are we suitable for each other?'

Qiao Ruoxi really didn't know how to explain it, so she decided to tell him everything. “Chairman, I really don't deserve President Feng! I have a sick mother and brother, and I need a lot of money to treat their illnesses. My family's financial situation is a bottomless pit, and marrying me is just looking for a burden. How could I be suitable for President Feng?”

“Oh, so what? The Feng family doesn't lack money. We can bring your mother and brother over and arrange for them to receive treatment at the best hospital.”

Qiao Ruoxi was stunned. 'Does the chairman not mind my family background?'

“Don't worry, it's settled. Just wait for the news.”

Chairman Feng was a man of his word.

It was decided.

After the old man left, Qiao Ruoxi felt like she was in a dream and couldn't come back to her senses for a long time.

'Why are the men of the Feng family so tyrannical?'

'Feng Yunan is like that, and so was Chairman Feng. They are both equally domineering.'

'After all, it's a matter of lifelong happiness. Yet, they had settled it with just one sentence?'

'Marrying Feng Yunan?' Qiao Ruoxi thought about it and felt that it was impossible. She heard that Feng Yunan already had a girlfriend. Moreover, she also heard that he was an extremely opinionated person with great foresight in the business world.

How could such a strong-headed man comply with his family's arrangements and agree to an arranged marriage?

Qiao Ruoxi tried to persuade herself not to let her imagination run wild. Right now, she just had to do her job well.

Unknowingly, a week had passed. Chairman Feng did not come to look for her again. Qiao Ruoxi, who had been worried, could not help but secretly sigh in relief.

'I was reading too much into things. It's impossible between me and Feng Yunan.'

"Perhaps Chairman Feng has completely forgotten about this matter in less than two days.'

However, it was too early to be happy.

Chapter 2497 Love Comes Like The Southern Breeze (15)

A black Rolls-Royce was parked on the road that she had to walk on during her journey home.

When Qiao Ruoxi passed by the car, she felt that it looked familiar. Before she could recall where she had seen it before, a gentlemanly bodyguard opened the car door and invited her in.

"Miss Qiao, please get in."

"I... Hey, you guys..." The other party saw that Qiao Ruoxi was hesitating and reluctant to get into the car. Without giving her any time to react, he forced her to get into the car.

Qiao Ruoxi fell into the back seat of the luxury car. She was so angry that she wanted to curse.

'These people are dressed like gentlemen, but why are they acting like gangsters and bandits?'

ea

'Do you know what it means to have tender, protective feelings for the fairer sex?'

The car was already moving. Qiao Ruoxi's body was swaying left and right. Her posture was quite awkward. She was lying there, unable to see anything clearly.

She struggled and finally found a strap. She pulled the strap and got up.

Just as she was about to catch her breath, her heart skipped a beat when she met a pair of dark and dangerous eyes.

'Feng Yunan?'

'Why is Feng Yunan in the car?'

Then she looked at her left hand. 'What am I pulling?'

It was not a seat belt, but the man's limited edition, custom-made tie.

Qiao Ruoxi's scalp went numb. She swallowed her saliva secretly and immediately squeezed out a smile that was uglier than her crying face.

"Mr. Feng? Your tie is a little wrinkled."

Qiao Ruoxi quickly smoothed the man's tie and scolded herself in her heart. 'Why did I become such a coward when I met his murderous gaze?'

'Even my domineering aura has diminished greatly.'

"Get your dirty hands off me!"

The man said coldly. His cold aura was too overbearing.

Qiao Ruoxi felt as if the entire car had turned into an ice cellar. A chill surged straight up in her heart.

Qiao Ruoxi felt a sharp pain in her heart as he looked at her with disgust. She withdrew her hand at lightning speed and moved back a little.

"Qiao Ruoxi, I didn't expect you to secretly take photos of us and send them to my grandfather. You're really good at forcing a marriage."

Feng Yunan couldn't help but recall what had happened a few days ago.

His grandfather threw a bunch of photos at him. "Yunan, I know about you and Qiao Ruoxi. What happened?" Feng Yunan was shocked and explained, "Grandpa, I was just drunk. Something that shouldn't have happened, happened."

Unexpectedly, his grandfather said, "Since you've already done the deed, you shall marry her. I've seen that girl before. She's a good child."

'Grandpa has already met Qiao Ruoxi?'

Feng Yunan naturally thought that Qiao Ruoxi must have taken the initiative to look for his grandfather and showed him the photos. That was why his grandfather was forcing him to marry her.

wa

W

The man's hateful eyes shot at her like a sharp sword, instantly cutting her into pieces. The fact that she had drugged him that night at Yin Zun and climbed into his bed showed that this woman was very scheming.

At that time, she was playing hard to get. Later on, she schemed to sneak into Di Ruiling Jewelry and even gave the photos to his grandfather.

'Aren't all of these actions deliberate and premeditated?'

'It's no wonder that she was not interested in a mere five million yuan. It turned out that she wants to marry into the Feng family. She's really too greedy.'

The sarcasm in the man's eyes intensified. Qiao Ruoxi felt as if her heart was being pricked by needles. She tried to explain, "President Feng, I never thought of doing that. I didn't send those photos."

"Who else could it be?"

She really didn't know who the culprit was.

Feng Yunan suddenly grabbed her wrist and pulled her close.

He stared at her fiercely and said, "I've really underestimated you. It turns out that you didn't want the check because you want to marry into the Feng family for greater benefits. Hah."

Qiao Ruoxi smiled bitterly and shook her head. "I don't want anything at all."

"Really?"

Chapter 2498 Love Comes Like The Southern Breeze (16)

Feng Yunan obviously didn't believe her. He rushed over and threw her onto the back of the chair.

He pressed her hands down with his strong arms and locked her in a small space.

"I've already gotten someone to investigate. You're not a woman who knows what's good for you. You're working at Yin Zun to get a rich husband. It seems like your mother and brother aren't in good health either, so you're anxious to find a money tree. That's why you targeted me. Am I right?"

At this moment, Feng Yunan only wanted to get rid of her as soon as possible. He said word by word, "Qiao Ruoxi, give up on me as soon as possible. Listen carefully, there is someone I like. If I want to marry someone, it will definitely not be you."

The man's oppressive aura was overbearing. Qiao Ruoxi felt that the air above her was getting thinner and thinner until it was almost suffocating.

Their noses were almost touching. She tried to lean back in a bid to pull away.

She gritted her teeth and retorted without any feelings of inferiority, "That's great, Mr. Feng. There is someone I like too. Don't worry, I will never marry you."

She did not call him President Feng, but instead called him “Mr. Feng” so that she would not have anything to do with him.

Mr. Feng was a very strange and distant term of address.

It was ironic.

Feng Yunan felt an inexplicable anger rising in his heart. It had always been women who pestered him, but now there was a woman who spoke to him with such an attitude.

'She will never marry me?'

'What a joke. Does she know how many women in Yun City would rack their brains to find ways to marry me?'

She was playing hard to get just to attract his attention.

Feng Yunan mocked, “You're playing hard to get again. I've seen plenty of women like you.”

Qiao Ruoxi sighed in her heart and said honestly, “Aren't you being too narcissistic, Mr. Feng? Do you think every woman in the world will fall for you?”

“Yes, Mr. Feng, you may be charming and you are the dream lover of millions of girls. But even if all the women in the world adore you, I will never be one of them.”

'Calling me a narcissist in front of me?'

'Good job, Qiao Ruoxi. You are the first woman who dares to challenge my bottom line.'

Feng Yunan was really angered by her words. In his 26 years of life, no one had ever dared to say such contemptuous words to him.

His angry breath was scattered on her forehead. “You'd better remember your words.”

“I will.”

“Mr. Feng, can you let go of me now?” Qiao Ruoxi asked calmly. “It's easy for people to misunderstand you like this and think that you have some ulterior motive.”

'Sh\*t!'

'I have ulterior motives about her?'

'Does she think that she's a charming person?'

“You have neither the looks nor the figure. What makes you worthy of having a man harbor designs on you?”

He did not hesitate to insult and criticize her.

Men can be really annoying if they decide to be vicious and sharp-tongued. Qiao Ruoxi maintained her cool professional smile.

"I may be useless, but please mind your own business, Mr. Feng. Don't harass me."

IL

Feng Yunan did not notice that his body was reacting to her.

He used his anger to cover up his embarrassment and pushed her away. He looked at her with disdain.

He looked at her as if she was a piece of trash.

In the argument, Qiao Ruoxi, who was at a disadvantage at first, had gained the upper hand.

However, it angered the arrogant man.

He grabbed her chin and said fiercely, "Woman, you deserve to die! Sleeping with you is the biggest humiliation of my life."

'It's your humiliation, but it's mine too.'

Chapter 2499 Love Comes Like The Southern Breeze (17)

'My life has been ruined by you.'

'You can still continue to be the president of the Fengtian Group, but I have fallen into the dust, ruined.'

Qiao Ruoxi looked at him calmly. "Mr. Feng, can I go now?"

Her eyes were clear and bright.

This pair of eyes that seemed to have magical powers seemed familiar.

At this time, Feng Yunan did not think too much about it. He only felt that Qiao Ruoxi's audacity had crossed his bottom line, and the anger in his heart intensified.

"Get lost!"

His thin lips moved slightly and a word popped out between his teeth.

Feng Yunan shook her off. Qiao Ruoxi's back hit the car door and hurt.

The Rolls-Royce came to a sudden stop by the side of the road. Qiao Ruoxi got out of the car as if she was running away.

The black luxury car sped away. Qiao Ruoxi stood under the sun, her body drenched in cold sweat.

The man's pressure was too strong. Talking to him for a few words almost took half her life.

The conversation ended on bad terms. That was for the best.

Since they were not from the same world, there was no need for them to interact with each other anymore.

In the blink of an eye, more than a month had passed. It was time for the monthly shop patrol.

Other than the 20th anniversary celebration, the supreme leader of the Fengtian Group didn't show up again. The other inspections were done by the higher-ups of the headquarters.

She was not worried that she would meet someone she did not want to meet.

Ordinary patrol shops would look at everything from the perspective of the customers. There was no need to line up to welcome them. All the employees could just do their own jobs.

Qiao Ruoxi could not figure out what was going on. She had been transferred from the front-row counter to the one in the corner.

It was located in the most inconspicuous spot. Even if the leader came to inspect, he might not find her.

In fact, Qiao Ruoxi did not know that it was because the manager, Bao Juhua, thought that she was too pretty. She was worried that Qiao Ruoxi would steal the limelight, so she had temporarily transferred her to a corner.

As the customers streamed in, Qiao Ruoxi began to introduce her favorite jewelry pieces to the customers who came to inquire. She even helped them try it on.

A group of people entered the store.

The store manager, Bao Juhua, noticed that the superior who was going to inspect the store, had arrived and immediately went up to welcome him. Many of the shop assistants also became nervous and looked at the door from time to time.

The two executives who were walking in front waved their hands and got into their positions.

Bao Juhua signaled for the employees to focus on their work.

The superior entered and stood to the side. A tall figure walked out from behind him with a cold and unstoppable aura.

No one had expected that their handsome and suave CEO would actually come again today to inspect in person.

It was even rarer than the Halley Comet that rarely appeared.

Besides, he had arrived quietly. There was no need for them to line up to receive them. The commotion was as small as that of an emperor's private trip out.

When the female shop assistants found out that the president had made a surprise arrival, they panicked and bit their tongues in excitement.

Originally, Feng Yunan did not need to inspect the store, but he heard from the head of Di Ruiling Jewelry that there was a practice of daily inspection.

He actually said that he was going to participate in the event. He even said that he was going to patrol the shop with the mindset of a customer because he wanted to see more of the real world.

Thus, he arrived without a word.

He stood in front of the store and looked around but he did not see that damn woman.

Her first thought was, 'Could it be that she has gotten fired by the manager because I criticized her last time?'

Or was it because she knew her place and took the initiative to leave?

It would be best if she wasn't there, but Feng Yunan's brows were stained with a hint of unhappiness. His expression became dark and scary, and he couldn't explain why.

Bao Juhua broke out in a cold sweat.

'What's wrong? Is there something wrong with the president?'

Feng Yunan was about to leave when he heard a sweet voice coming from the corner of the shop.

"Ma'am, your hand is fair and your fingers are slender. I suggest you wear this kind of ring. Why don't you try it?"

Because of Feng Yunan's arrival, the other employees were more or less affected and lowered their voices. That was why Qiao Ruoxi's voice could be heard without any resistance.

Feng Yunan looked towards the source of the voice and saw a girl trying on a product for a customer in the corner counter.

The girl was dressed in a white business suit with a black suspender. Her long hair was tied gently behind her head and she wore light makeup.

She did not look any different from the other employees. They were all dressed the same, but she was the most outstanding one among them.

She looked fresh and elegant, and her temperament was moving. She could always make people's eyes light up.

She was actually there. She did not leave her job.

Feng Yunan's troubled brows suddenly relaxed.

The dark clouds gradually dispersed.

Bao Juhua secretly wiped her cold sweat. Oh my god, she almost thought the president was going to flip out!

Feng Yunan waved his hand and let the executives inspect the shop. The shop quickly regained its order.

Qiao Ruoxi recommended a ring for the female customer and tried it on. It was very effective.

The female customer liked it very much, but she felt that the price was somewhat beyond their budget. She said to the man beside her, "Hubby, I like this one, but it's too expensive."

The man was probably a white-collar worker. Although he was a little hesitant, she could tell that he cared a lot about his woman. "You decide. If you like it, then buy it."

The woman was still hesitating. The higher the price, the harder the man would have to work for months. She was a little reluctant.

She was about to take off the ring and even thought of giving up.

Not far away, Feng Yunan squinted and calmly took in everything.

Usually, when customers chose to give up, it was time to distinguish between ordinary and outstanding employees.

Ordinary employees would only let their customers leave, while outstanding employees often created miracles.

He wanted to see if Qiao Ruoxi was ordinary or outstanding.

When customers took off their rings, many of the shop assistants would think that the couple would never buy them.

At this moment, Qiao Ruoxi smiled and said, "Ma'am, I can tell that Sir loves you very much. You also love your Sir very much and want to save money for him."

"Actually, if you ask me, a lifetime is a long time. There's plenty of time to earn money. But there might only be one marriage in a lifetime, and there's only one wedding ring.

"It doesn't represent the price or the right to show off. It represents the loyalty and longevity of marriage."

"To be able to meet the right person at the right time and give a suitable ring to the person you truly love, it has an irreplaceable meaning." "Please reconsider. This ring really suits you."

Qiao Ruoxi did not try to persuade him to buy the ring, nor did she tell him about the ring's craftsmanship and background.

Instead, he stood from the perspective of the customers and helped them analyze the situation seriously, using sincere words to move their hearts.

She had succeeded. The lady, who had intended to give up, picked up the ring again.
