Chapter 2621: Love Comes Like The Southern Breeze (13)

Speaking of children, Qiao Ruoxi subconsciously looked up at Feng Yunan.

Feng Yunan did not have any special reaction. He drank his wine and listened quietly to his grandfather.

Feng Yuanshan added, "But the Feng family is too weak. You can't slack off. One child is not enough. You have to give birth to a few more while you are still young."

"Ahem..."

Hearing this, Feng Yunan, who was drinking, choked on his wine. He kept coughing and his face turned red.

How many children should she give birth to while she was still young?

Are you kidding me?

One accident with Qiao Ruoxi was enough trouble for him. He did not want to continue making mistakes.

He turned to look at the girl beside him. She was eating with her head lowered. She seemed to have not heard him, but her red cheeks and ears betrayed her.

Mr. Feng continued to nag and ramble on. "It would be best if I could see the children of the Feng family in my lifetime. Yannan, Xiao Xi, before I die, can you fulfill my wish?"

Qiao Ruoxi blushed. She was too embarrassed to answer directly. "Grandpa, you are healthy. You will definitely live a long life."

Feng Yunan didn't like listening to his grandfather talk about death. It wasn't auspicious. In order to make the old man feel relieved, an idea came to his mind and he pressed Qiao Ruoxi's hand on the table.

"No problem, Grandpa. Ruoxi and I will give birth to a bunch of children to make you happy."

'What is he talking about?'

'Give birth to a bunch of children?'

'Damn it, I'm not a sow.'

Moreover, she was still very young and had yet to realize her career aspirations. She did not want to become a tool for giving birth.

Most importantly, she did not want to have another child with Feng Yunan. The baby in her belly was already very unfortunate.

But after thinking about it, she felt relieved. Feng Yunan was just trying to make the old man happy. Even if they really had a child, the one-year agreement was only enough to give birth to the child in her belly.

When the contract expired, she would be free.

Mr. Feng was very happy to hear this. He raised his glass and drank another glass of wine with Feng Yunan. "Haha, good, good, good. I can be relieved now."

After lunch, Qiao Ruoxi and Feng Yunan stayed at the mansion for a while.

Mr. Feng asked Feng Yunan to accompany her and familiarize himself with the mansion.

The last time she was in a hurry and there was an accident, she did not take a good look at the Fengtian Mansion. Today, she followed Feng Yunan all the way down and realized just how magnificent the Fengtian Mansion was.

After visiting the back garden of the Feng family mansion, Qiao Ruoxi saw the snow-white mastiff Fu Bao.

When she first saw Fu Bao, it was as if some messy scene was flashing in her mind. But the scene was too fast and too broken to be organized.

Qiao Ruoxi liked little animals and couldn't help but walk towards the dog kennel. She asked, "Is this Grandpa's dog?"

Feng Yunan clasped his hands behind his back and explained, "It's not an ordinary dog. It's a snow mastiff, the most loyal friend of humans. It will never betray its master."

Qiao Ruoxi turned to look at him with a strange and confused look in her eyes. Why did he sound so familiar?

'Snow mastiff, snow mastiff...'

It was as if something was about to break through her brain, but it was just a little short.

She couldn't remember. Her head was starting to hurt again.

Forget it, let's not think about anything else. Qiao Ruoxi forced herself to get rid of her distracting thoughts and the pain slowly disappeared.

Fu Bao lay on the guardrail and looked at them.

Feng Yunan noticed that Qiao Ruoxi was walking towards Fu Bao and reminded her anxiously, "Don't go near it. Fu Bao is very fierce to strangers."

But he reminded her too late. By the time he finished speaking, Qiao Ruoxi was already touching Fu Bao's head.

Feng Yunan : "..."

Chapter 2622: Love Comes Like The Southern Breeze (140)

Fu Bao was not a docile dog. He was very fierce, especially when he did not like strangers approaching him.

In the Feng family, other than the breeder, only Mr. Feng and Feng Yunan could get close to it.

Whenever Gu Yunjin and the others appeared near the kennel, they would attract Fu Bao's barking.

If she got a little closer, Fu Bao would go crazy and want to bite her.

But now, Feng Yunan was speechless as he looked at Qiao Ruoxi touching Fu Bao and its obedient face. He was in disbelief that it actually didn't bite her.

It actually allowed her to touch its head?

Luckily, Fu Bao did not go crazy and bite him. Feng Yunan was relieved and went to Qiao Ruoxi and Fu Bao.

Qiao Ruoxi stroked Fu Bao's long fur and said with a smile, "Fu Bao is so obedient! Fu Bao's fur is so beautiful, just like a white lion!"

Feng Yunan was speechless as he looked at the disappointing Fu Bao enjoying himself.

Fu Bao seemed to like Qiao Ruoxi very much.

What kind of magic did Qiao Ruoxi have that could make the ferocious Tibetan Mastiff become as docile as a cat?

Was it because Fu Bao could smell his scent on her and knew that she was his woman and thus accepted her?

Qiao Ruoxi knew that Tibetan Mastiffs were very fierce, but Fu Bao was very obedient. She tilted her head and asked Feng Yunan, "Is Fu Bao a boy or a girl?"

"A boy of course."

"Oh, Fu Bao is so handsome."

Fu Bao seemed to have understood Qiao Ruoxi's compliment and wagged its tail excitedly.

When he heard Qiao Ruoxi praising Fu Bao, Feng Yunan's expression suddenly became very strange. Why did he feel that Fu Bao was too popular?

"Stop touching me."

Feng Yunan pulled her hand away, not letting her touch Fu Bao.

"Why? I really like it. Let me touch it again!"

"No, you can't. What if the bacteria from the dog infects you and passes to the baby?" He tried to explain.

"It's just a touch. It won't infect me."

Qiao Ruoxi wanted to reach out again.

In order to stop her, Feng Yunan wrapped his big hand around her little hand and took her away from the kennel.

He did not like her interacting with other men, including male animals.

He would never admit that he was jealous of a male dog.

After strolling in the garden, Feng Yunan had to go back to the company to take care of business. Qiao Ruoxi left with him.

Mr. Feng sent them to the door and told them to come back often.

Just then, Gu Yunjin came back from outside. She saw Feng Yunan and rushed over happily. "Yunan, when did you come back?"

Feng Yunan ignored her, pretending not to hear.

"They came back in the morning after lunch," Old Mr. Feng explained, knowing that they didn't get along well.

"Dad, why didn't you call me earlier to tell me that Yunan came back?"

Gu Yunjin frowned. It was clear that she was very dissatisfied with the old man's way of doing things. He didn't inform her that her son had actually come back.

"I forgot."

The old man simply explained, though he had deliberately chosen not to inform her. If she came back, his grandson and granddaughter-in-law would definitely leave without eating.

Since they missed lunch, Gu Yunjin asked Feng Yunan enthusiastically, "Are you leaving now? Why don't you stay for dinner and I'll cook for you tonight?"

"Thank you for coming."

Feng Yunan rejected her coldly.

Gu Yunjin was used to her son's cold attitude. She said patiently, "Then wait for a while. I made some snacks yesterday and asked someone to pack them up for you."

In order to save their relationship, Gu Yunjin did everything she could, but Feng Yunan was indifferent. "I have to send Ruoruo back to work now. I don't have time."

Chapter 2623: Love Comes Like The Southern Breeze (141)

As Feng Yunan said this, he grabbed Qiao Ruoxi's hand and held it in his.

Ruoruo?

'Is he calling me?'

Qiao Ruoxi's heart skipped a beat. She kept looking at the man, unsure if he was calling her.

If it was a nickname, people would usually call her Little Xi or Xixi, but no one had ever called her Ruoruo.

It sounded very stupid.

Besides, she was on leave today.

In order to reject his mother, Feng Yunan was lying through his teeth!

Gu Yunjin was upset that her son had rejected her. He looked at Qiao Ruoxi with hatred in her eyes.

Seeing that Qiao Ruoxi was silent, she was even more displeased and she tried to create trouble. "Qiao Ruoxi, don't you know the rules? Don't you know how to greet your elders?"

Qiao Ruoxi looked at Feng Yunan's face. The man's face was cold and hard, and his eyes were filled with warning. Qiao Ruoxi knew that he did not want her to teach Gu Yunjin a good lesson.

"What kind of senior are you? I'm sorry, I don't know the rules."

Actually, even without Feng Yunan's instructions, Qiao Ruoxi would not give Gu Yunjin any respect. She had not forgotten about the incident that caused her to fall into the water.

She also remembered how Gu Yunjin had provoked her mother and chased them out of the hospital.

She could not smile at him now. Moreover, Feng Yunan did not even acknowledge her as his mother. Why should she trouble herself?

Feng Yunan was very satisfied with Qiao Ruoxi's answer. Her attitude showed that she was on his side.

Qiao Ruoxi's blatant rebuttal made Gu Yunjin feel embarrassed and angry. "You... What kind of attitude is this? How dare you talk to me like this? Who gave you the guts?"

Come and read on our website [wuxia worldsite](#). Thanks

"I did."

Feng Yunan said coldly and pulled Qiao Ruoxi into his arms, announcing that he was her backer.

In any case, Feng Yunan had always been at odds with Gu Yunjin. Since Gu Yunjin did not like Qiao Ruoxi, he had to show off his love in front of her.

Gu Yunjin was about to vomit blood from anger, but he could not do anything about it.

Feng Yunan didn't want to stay any longer and pulled Qiao Ruoxi away.

Qiao Ruoxi automatically ignored Gu Yunjin's existence and directly said to Old Master Feng, "Grandpa, we'll be leaving first. I'll come back to see you when I have time."

"Okay, okay." The old man nodded.

Seeing the two of them get into the car and leave, Gu Yunjin stomped her feet angrily. "This is outrageous! This is really outrageous!"

In Gu Yunjin's eyes, Qiao Ruoxi was a classic example of not respecting her elders. To have such a daughter-in-law was simply asking for trouble.

Gu Yunjin turned to Feng Yuanshan and complained, "Father, don't you care about them? Look at what they've become. They don't even care about me anymore. Who else can they take seriously?"

Feng Yuanshan shot a cold glance at Gu Yunjin and snorted. "How am I supposed to care? He's all grown up now. He has his own opinions and can differentiate right from wrong. I can't care less. This is all your own fault. If you acted like a mother, do you think he will hate you?"

With that, the old man walked back with his cane.

Not only was Feng Yunan not fond of Gu Yunjin, but even Feng Yuanshan had his doubts about Gu Yunjin.

Back when Feng Sheng had passed away in an accident, Gu Yunjin had abandoned Feng Yunan and left the country. No matter what the reason was, it was hard to accept.

Even though she was back and was given the title of "daughter-in-law of the Feng family" and "Mrs. Feng Yunan", the old man was still very fond of her.

Chapter 2624: Love Comes Like The Southern Breeze (142)

If she wanted to stay in the Feng family, she would stay. If she wanted to leave the Feng family, he would not stop her.

"Dad..."

Looking at the old man's back, Gu Yunjin felt depressed. She was losing her status in the family.

Who was she going to complain to?

Her husband had passed away many years ago, but she had never thought of remarrying. She had always kept the Feng family in her heart and thought of her son. She had already sacrificed enough, right?

After all, she was the daughter-in-law of the Feng family. The old man did not like her, but he loved his granddaughter-in-law dearly. It was really infuriating.

On the way back, Feng Yunan had to rush back to the office. Qiao Ruoxi saw the subway station in front of them and said, "Mr. Feng, can you drop me off at the 7th subway station? I want to get off."

Feng Yunan slowed down and asked, "Where do you want to go now?"

"I want to take the subway to pick up a friend at the airport."

Feng Yunan stopped and asked, "Is it a man or a woman?"

Qiao Ruoxi laughed awkwardly. "Of course it's a girl. Li Yixue, my best friend, is back today."

After hearing her name, Feng Yunan unlocked the door and let her out.

Qiao Ruoxi unbuckled her seatbelt and opened the car door. Just as her heels touched the ground, the man's warning came from behind her. "Qiao Ruoxi, if I find out that you're fooling around with another man behind my back, you'll be dead."

The man stepped on the accelerator and left.

Who was fooling around?

'This annoying fellow. Can he not make his words sound so uncouth every time?'

Qiao Ruoxi rolled her eyes as the car sped away. She threw a few punches and kicked the air.

But what she did not know was that the man had already seen all of her little actions through the rearview mirror on the right.

Because of these interesting little actions, Feng Yunan's mood also became better. The corners of his mouth couldn't help but curl up.

After getting out of the car, the first thing Qiao Ruoxi did was to take off the ring on her finger and carefully put it away in the ring box.

Thinking that she might have to use this item more often in the future, Qiao Ruoxi decided to go back and buy a silver chain to put through the ring and wear it around her neck. This way, she wouldn't lose it easily.

She had just zipped up her bag when a car stopped in front of her.

Qiao Ruoxi felt that this black Bentley looked a little familiar. It seemed very similar to the one that Mu Yunli's driver had driven to pick her up last time.

Just as she was thinking about it, the window of the back seat rolled down and a handsome face appeared.

"Hey, pretty lady, where are you going?" the man asked with a smile and a deep gaze in his peach-blossom-shaped eyes.

Qiao Ruoxi realized it was Mu Yunli and smiled. She shook her head. "No need, Mr. Mu. I'm going to take the subway to the airport."

If that was the case, it would not be in the way at all. There would be no need for him to have anything to do with Mu Yunli.

Feng Yunan's warning just now was still ringing in her ears. Now she didn't dare to get a lift in Mu Yunli's car behind his back.

Besides, Mu Yunli was Feng Yunan's rival. It was better not to get involved with him.

"The airport? I'm headed there too. It's on the way."

Qiao Ruoxi was speechless.

'How could there be such a coincidence?'

Mu Yunli was very polite. He personally got out of the car and opened the door for her, inviting her to get in. "Get in, Little Xi."

In order to provoke Feng Yunan, Mu Yunli had deliberately called Qiao Ruoxi "Little Xi" at Tiffany's back then.

Now that he was calling her "Little Xi", he wanted to get closer to her.

Qiao Ruoxi felt really awkward. "Mr. Mu, you should just call me Qiao Ruoxi. I don't think we are very close yet. It's really not good to call me Little Xi."

"Okay then. Miss, let's get in the car, alright?"

Chapter 2625: Love Comes Like The Southern Breeze (143)

Mu Yunli invited her into the car again in a gentlemanly manner.

'This lady?'

She accepted it. "It's okay, I'm fine," she said. "I'm feeling a bit dizzy from the ride. I think it's better if I take the subway. Thank you."

But Mu Yunli was very patient with her. He closed the door and told the driver to drive to the airport to wait for him.

After the Bentley drove away, Mu Yunli spread out his hands at her. "Miss, I'm also planning to take the subway to the airport. Why don't we go together?"

What?

'He chose not to ride in a luxury car, but he wanted to squeeze into the subway with her?'

'Are you kidding me?'

By the time Qiao Ruoxi came back to her senses, Mu Yunli had already put on his sunglasses. He put his hands in his pockets and leisurely walked towards the subway entrance.

Qiao Ruoxi had no choice but to follow.

It was Mu Yunli's first time taking the subway, and he had no experience. After passing the security checks, he wanted to directly pass through the gantry, but he was stopped by it.

After being stopped, he was still wondering why he was not allowed to pass.

'Don't you know that you have to buy a ticket first?'

'Do you think you own the subway station?'

'No big boss could be so stupid as him.'

Qiao Ruoxi had no choice but to pull him back. She whispered to him, "Mr. Mu, you have to buy a ticket first."

"I'm so handsome and I still have to buy tickets?"

Mu Yunli had a very surprised expression on his face. In short, in all his life, things like buying tickets were the work of the assistants around him. He had never done it before.

"What else?"

'Although it is an era where looks matter, do you think that you don't need to buy tickets just because you are handsome?'

Qiao Ruoxi glared at him. The world of a rich man was indeed something that ordinary people could not understand.

Mu Yunli's posture changed. He finally understood that looks could not pay the bills. He smiled and said, "Miss, looks like you will be my director today. Lead the way!"

A subway tour guide?

Fine, Qiao Ruoxi decided that she will help a passerby.

She took Mu Yunli to the ticket office to buy tickets. When it was their turn, Qiao Ruoxi taught him, "Mr. Mu, you can give him money. He will give you a one-way ticket."

"I don't have money."

Mu Yunli turned around and said something that made the people in the queue turn to look at him.

Everyone thought that this man had good taste in clothes. How could a rich young man be so poor that he couldn't even afford a ticket?

Everyone was right. Mu Yunli could not afford it because his wallet was in the car. He only had his phone with him when he got out of the car.

'How dare you say that you have no money so self-righteously?'

'Qiao Ruoxi thought that he was doing it on purpose. He was the old president of the Mu Group so how could he not have any money?'

'Although buying a ticket for him was not a lot of money, she could not ask for it. If she did, what if he came back to her with the excuse of paying her back?'

'Well, maybe she was too narcissistic. It was impossible for Mu Yunli to come and look for her, but it was better to be safe than sorry!'

In order to avoid trouble, Qiao Ruoxi cleverly reminded him, "If you don't have cash, you can use your phone to pay for it. It's just as convenient."

Unexpectedly, he said, "My phone is out of battery."

Qiao Ruoxi was speechless.

'Why did she feel that he was doing it intentionally?'

The ticketing staff was getting impatient and urged them to hurry up. The people in the queue behind them were also rushing them anxiously.

Helpless, Qiao Ruoxi could only take out her wallet and buy two one-way tickets.

She handed one of the tickets to Mu Yunli and took him to the gate.

Mu Yunli tilted his head to look at her and smiled. "Miss, thank you for your ticket. I owe you another favor."

"No need, no need. It's just a ticket. It's nothing. Mr. Mu, you don't need to owe me a favor."

Chapter 2626: 2626

Qiao Ruoxi tried her best to distance herself from him. "Even if it's a stranger who's in trouble like Mr. Mu, I might still help him. This is nothing. It's very normal."

Mu Yunli looked down at the cute little twirl of hair on her head. He thought in his heart that this woman was deliberately drawing a clear line between him and her. But that was useless. The woman that Mu Yunli had his eyes on was determined to win.

He did not bring any money with him and said that his phone was out of battery. It was so that he could use her as an excuse to see her again.

He did not expect her to be so smart as to block his escape route.

But this was not a problem for Mu Yunli. He never needed a reason to get close to someone.

Originally, Mu Yunli had thought that she was a benefactor who had saved his mother and wanted to treat her to a meal to thank her. However, because of Feng Yunan's appearance, it had attracted his attention.

After understanding the importance of Qiao Ruoxi in Feng Yunan's heart, he felt even more that Qiao Ruoxi might be the breakthrough he needed to defeat Feng Yunan and take down the Fengtian Group.

He would not give up such a good chess piece so easily.

"The subway is here," Qiao Ruoxi said as the door opened. "Mr. Mu, let's go up."

The subway was crowded and there were no empty seats. Qiao Ruoxi tried to find a corner to stand in.

The tall man stood next to her and used his long arms to create a space between them, firmly covering her and preventing the crowd from squeezing her.

The man was too close to her, and the pressure he gave off was too strong. Qiao Ruoxi wanted to avoid him a little, but she realized that there was no way out.

Because the man was too handsome, the girls nearby kept looking at him and whispering about him. They said he was so handsome, like a model in a magazine.

Fortunately, Mu Yunli had just come to Yuncheng not long ago and the public did not know much about him. No one recognized him as the big boss of the Mu Group. The pressure in Qiao Ruoxi's heart lessened considerably.

The trajectory was unstable, sometimes fast and sometimes slow. The distance between the two of them was only one fist.

Sometimes, when the subway came to a stop, Qiao Ruoxi would lean forward due to inertia and inevitably hit Mu Yunli's chest.

The man's chest was as wide as Feng Yunan's. Even through the thin shirt, she could feel his firm muscles. They were very toned.

He held onto the railings with both hands and stood with his legs slightly apart. He was standing very steadily. No matter how the subway shook, he stood still like a mountain.

"I'm sorry. I lost my balance."

The tip of her nose bumped into his chest again. Qiao Ruoxi apologized awkwardly.

Mu Yunli lowered his head and said teasingly, "It's okay. You can eat my tofu as you wish."

Qiao Ruoxi was speechless.

She could not chat with him anymore. He was becoming more and more indecent. When he joked, he was especially hateful.

To ease the awkwardness, Qiao Ruoxi took out her earphones and put them on, listening to music on her phone.

As he listened, Mu Yunli suddenly took off one of her earphones and put it in his own ear. He squinted his peach blossom eyes and said with a smile, "It just so happens that I'm bored too. Let me listen to your music."

Qiao Ruoxi was speechless.

In fact, she hated it when people took away her things without telling her. But Mu Yunli had done it, and she couldn't find any reason to dislike him.

Therefore, the two of them listened to music together. Each of them had one side of the earphones and looked no different from a normal couple.

Qiao Ruoxi felt wronged. If she had known, she would not have listened to music.

After a few stops, there were fewer passengers in the cabin. Some people got out and there was an empty seat beside them.

Chapter 2627: 2627

Qiao Ruoxi saw the opportunity and crawled out from under his armpit. She quickly went to the empty seat and sat down. Great, now she didn't have to stand in a narrow corner with a man anymore.

Mu Yunli reluctantly followed her and sat down. If it was possible, he would rather stay standing so that he could be closer to her for a while.

Qiao Ruoxi closed her eyes and continued to listen to the music.

Mu Yunli wanted to talk to her a few times, but seeing that she seemed to be sleeping, he did not want to disturb her.

Qiao Ruoxi fell asleep amidst the rumbling sounds. Perhaps it was because she was pregnant, but she was getting more and more sleepy.

“Hey, miss, we're already at the station.”

When Qiao Ruoxi was woken up, she opened her eyes in a daze and realized that the subway had already reached the airport terminal. The passengers in the car had already left, leaving them alone.

She sat up straight and realized that she had been leaning on Mu Yunli's shoulder the whole time. Moreover, the drool from the corner of her mouth had soaked a part of his suit.

'Oh my god, I really fell asleep and even drooled all over him.'

The subway alarm sounded as if it was about to close. Mu Yunli did not wait for her to react and directly grabbed her wrist and brought her out of the car.

After they got off the subway, Qiao Ruoxi apologized awkwardly, “I'm sorry, I'm sorry, Mr. Mu. I didn't know how I fell asleep and even dirtied your clothes...”

Before she could finish her words, Mu Yunli had already taken off his jacket and threw it to her. “Since it's dirty, wash it and return it to me!”

'Qiao Ruoxi was speechless.

She was just apologizing politely. She had never thought of helping him wash his clothes!

Mu Yunli wanted to give her full marks for the excuse of washing the clothes. He felt a little pleased that his goal had succeeded, but there was no emotion on his face.

She looked at the time and said, “Let's go. My flight is almost here.”

Mu Yunli was only wearing a white shirt, but it made his figure look even more tall and slender. He walked away with big strides, and Qiao Ruoxi followed behind him while hugging his suit. She looked like a personal assistant who stayed by his side 24 hours a day..

The two of them parted ways outside the airport terminal. Before they left, he said that they would contact each other after he returned to the country. After sending off MUYUN LI, Qiao Ruoxi secretly let out a sigh of relief. She then took his clothes and rushed to the airport exit to pick him up.

After about half an hour, Qiao Ruoxi noticed a familiar figure amidst the crowd.

The girl had long black hair and wore a pair of sunglasses and a black beret. She was dressed in a tight black sweater and black leather pants with black knee-length boots.

Her outfit was black from top to bottom, but she wore a long red coat on the outside. She was burning seductively in the crowd like a fire. It was hard not to see her.

Qiao Ruoxi shouted through the guardrail.

Li Yixue, who was pushing her luggage, took off her sunglasses. When she saw Xu Xiyan, she quickened her pace excitedly and quickly walked out of the passage to her.

The two women had not seen each other for a long time. The moment they met, they hugged each other affectionately.

“Let me take a good look at you.”

Li Yixue let go of her and looked her up and down. “Why did you lose weight again? Did Qin Xuming abuse you?”

Qiao Ruoxi felt hurt when she suddenly heard her mention Qin Xuming. She had yet to tell Li Yixue about her breakup with him.

“No, I think I've gained weight recently,” Qiao Ruoxi said, pretending to be relaxed as she felt that it wasn't the right time to discuss this.

Chapter 2628: 2628

He held Li Yixue's hand and couldn't help but look at the beauty in front of him who was about the same height as her. He sighed and said, “I didn't expect you to change so much in just a few years. You've changed so much after learning fashion design. Your taste in clothes and aura have completely changed. If I hadn't looked carefully just now, I wouldn't have recognized you!”

“I can't compare to you. You look good in everything. I'm so jealous.”

Li Yixue smiled as she pulled the suitcase with one hand and walked outside. “Let's go back first and find a place to talk.”

Qiao Ruoxi was very happy to have a good friend like Li Yixue in her life.

She was so close to Li Yixue that she even knew about her secret.

Li Yixue's secret was only told to her. No one knew that she was the adopted daughter of the Tang family. Her official name was Tang Yixue.

But Li Yixue would always correct her: [Remember, my surname is not Tang. I have nothing to do with the Tang family anymore. My name is Li Yixue.]

Qiao Ruoxi did not know why her relationship with the Tang family was broken, nor did she know the real reason why she left crying and went abroad to study. She only knew that no matter what Li Yixue's name was, she was her best friend.

She liked Li Yixue's character. She did not have the air of a rich young lady. Instead, she was like a shrew.

Five years ago, when the Qiao family fell, everyone avoided them as if they were the plague. But Li Yixue did not. She still treated her as her best friend.

She had even lent her money during her most difficult time. Qiao Ruoxi would forever remember the kindness she had given her when she needed it most.

She had once sworn that whenever Li Yixue needed her, she would do anything for her.

On the way back, Li Yixue couldn't help but ask, "I saw you carrying a shirt. Whose is it?"

How should she explain it?

Qiao Ruoxi wanted to rub Mu Yunli's suit into her bag, but she was worried that it would spoil the expensive suit, so she could only keep hugging it.

Li Yixue had learned fashion design and was very familiar with the quality and style of clothes. She immediately realized that the suit in her hand was not an ordinary suit.

She grabbed it and took a look at the label on the collar, only to gasp in shock. "Oh my god..."

"What's wrong?" Qiao Ruoxi asked, at a loss for what to do.

Li Yixue was very excited. She held the clothes in her hands as if she had seen a god she looked up to in her heart. Her face was full of admiration and she said, "The designer I admire the most, Xiao Kebai. This handmade suit was made by him."

Qiao Ruoxi craned her neck to look at the complicated design on the collar. She did not understand it. She only knew about jewelry, but she was not very knowledgeable in fashion.

But she remembered that all of Feng Yunan's suits were branded with this design.

How interesting. The two men had exactly the same taste in clothes.

'Do all rich men like this brand?'

"Xixi, do you know how much this suit is worth?" Li Yixue asked.

Qiao Ruoxi thought about Mu Yunli's net worth. It definitely wouldn't cost just a few thousand yuan for one dress but at least over ten thousand yuan. Given his extravagance, there would be another zero.

"A hundred thousand is just a fraction, okay? Each of Xiao Kebai's works is a treasure. They are worth at least ten million."

Li Yixue touched the suit lovingly and praised.

Chapter 2629: 2629

Qiao Ruoxi was shocked. She could not believe that an ordinary suit would be worth so much money. She thought about how she had drooled on it just now. It was such a waste.

After Li Yixue finished admiring the suit, she suddenly turned her head and asked sharply, "Ruoxi, tell me the truth. Where did you get this suit from?"

She knew that she wouldn't believe her if she were to say that she had picked it up somewhere. Qiao Ruoxi thought for a moment and replied, "A friend."

"Friend? What friend? I'm really curious what kind of a friend of yours can afford a suit designed by Xiao Kebai."

Because of Xiao Kebai, Li Yixue became very interested in the owner of the suit.

"I'll introduce him to you the next time we meet."

Qiao Ruoxi had no choice but to only give a brief answer, afraid that Li Yixue would probe further.

"Sure, sure. I'd love to be friends with a rich guy," Li Yixue said excitedly.

Qiao Ruoxi wiped the sweat off her forehead. She wasn't even friends with the rich man yet, okay?

"Are you going back to the Tang family?" Qiao Ruoxi asked.

Hearing the words "Tang family," Li Yixue's excited expression faded as her spirits seem to have been dampened.

"Where are you going to stay if you don't go home?" Qiao Ruoxi asked worriedly.

"I can go and rent a place right now. Anyway, I don't want to go back to the Tang family," Li Yixue said, a little peeved.

She did not inform the Tang family about her return and only told Qiao Ruoxi that she was the daughter of the Tang family, but she had no home to return to.

Li Yixue had never told her the reason why she did not want to go back to the Tang family. Qiao Ruoxi did not probe further either. She was afraid of making Li Yixue unhappy.

It was possible that everyone had a secret in their hearts that even their best friend could not know of.

If she did not want to tell her, she would not ask. She believed that Li Yixue would tell her when she wanted to.

"If you don't mind, you can stay at my place for the time being."

There was no way that Qiao Ruoxi would not help her when she saw her in dire straits.

Li Yixue did not know that Qiao Ruoxi's family had already moved to the city so she thought that she was referring to the Jin Manor. "Forget it, forget it. I'll think of a solution myself. I'll stay in the hotel for a few days and move out after I find a good place."

Seeing that she had her own plans, Qiao Ruoxi did not try to persuade her any further.

The two of them returned to Yuncheng from the airport. Qiao Ruoxi accompanied Li Yixue to find a hotel with a decent environment. They booked a room and put their luggage down.

After that, the two of them held hands and left the house. They went to the city to shop and chat.

At night, Qiao Ruoxi invited Li Yixue to dinner to welcome her.

The venue was still set at the Sichuan Fragrance Restaurant where Li Yixue had dined at before she left the country.

Li Yixue was filled with emotions as she stood there once again. The restaurant's signboard hadn't changed, but the furnishings and decorations inside were all different.

Although the place was the same, everything else felt different.

She remembered the taste of the restaurant because her brother, Tang Yebing, used to bring her here for meals.

'Sigh, that man is no longer your brother. Don't think about him anymore.' She thought to herself.

"Let's go in. I've already made a reservation in advance."

Qiao Ruoxi nudged Li Yixue, who was still in a daze.

Li Yixue came back to her senses and followed Qiao Ruoxi into the Sichuan restaurant.

The two of them did not notice that there was a van parked on the road opposite the Sichuan restaurant.

In the van, Wen Ke'er saw Qiao Ruoxi and Li Yixue together and her heart was filled with resentment.

The two women were together again.

She did not forget that Li Yixue had slapped her for Qiao Ruoxi's sake. She vowed that she would return the slap sooner or later.

When she saw them enter the Sichuan restaurant, Wen Ke'er ordered her assistant, Little Cannon, "Go, do it quickly."

"Okay, Sis Ke'er."

Little Cannon put on his mask and got out of the car. The nanny van quickly drove away.

Qiao Ruoxi ordered a table of dishes and chatted with Li Yixue as they ate.

They subconsciously started chatting about the past. "I remember when you were drinking and crying your heart out as if the sky had fallen down. I was scared."

"Ahem... I forgot. Am I crying?"

How could Li Yixue forget?

What had happened back then was a pain in her heart for the rest of her life. Even after ten or twenty years, she would still remember it clearly.

“Yeah, it almost flooded the restaurant. You were drunk and you cried out Tang Yebing's name...”

“Don't mention it. Now that I'm finally back, can't we talk about something happy?”

When Qiao Ruoxi mentioned “Tang Yebing,” Li Yixue quickly stuffed a mouthful of food into her mouth.

At this time, two more customers entered the restaurant. Coincidentally, one of them was the person Li Yixue did not want to mention—Tang Yebing.

Tang Yebing and Xie Ruyan walked into the restaurant together. As soon as they entered the restaurant, he realized that his usual seat was occupied.

Upon closer inspection, he realized that it was Qiao Ruoxi.

'The girl sitting opposite Qiao Ruoxi is... Why does she look like Yixue?'

Qiao Ruoxi looked towards the door and was surprised to see Tang Yebing. She immediately signaled to Li Yixue with her eyes and whispered, “Psst, look who's here!”

Li Yixue turned back and was stunned.

The man at the door was also shocked and looked at her in astonishment.

Their eyes met, and it was as if two lightning bolts had gathered together. A clap of thunder resounded in his heart.

It's him?

It's her?

The memories of the past were buried deep in the bottom of her heart. Those that she thought would be forgotten were now raked up.

Bitterness, pain, sorrow, love and hate... All sorts of complicated emotions attacked him in an instant, gathering in his heart and congealing into a pain in his throat.

Li Yixue thought that she could finally face him. But when the man appeared in front of her, she realized that she had been deceiving herself all along.

She could not forget him. When she saw him again, her heart would still hurt. She would feel sad and want to cry.

Tang Yebing was not feeling any better. He had mixed feelings in his heart. He really wanted to rush over and grab the girl by her collar and interrogate her fiercely. Why did she leave without saying goodbye back then?

But he did not. It was as if someone had nailed his feet with nails. He could not move and could only look at her from afar.

He was afraid that he was hallucinating. He was afraid that the beautiful shadow would disappear once he got close.

Li Yixue looked at Tang Yebing. Five years had passed and he still looked as dashing as before.

Even the woman standing beside him was still Xie Ruyan.

Xie Ruyan's heart tensed up when she saw Tang Yebing and Tang Yixue meeting but she quickly regained her composure and reached out to hold Tang Yebing's arm intimately. "Yebing, let's go sit over there."

They were indeed together.

Li Yixue smiled bitterly. She turned around in time before her tears came out.

Tang Yebing could only see her slender back. Under Xie Ruyan's pull, he had no choice but to follow her to another place to sit.

They were both in the same restaurant, with only two tables and a corridor between them.

Li Yixue and Tang Yebing acted as if they did not see each other. They only treated each other as the most familiar strangers.

Seeing how sullen Li Yixue looked, Qiao Ruoxi asked worriedly, "Yixue, are you okay?"
