

## Priceless 2631

Chapter 2631: 2631

Li Yixue shook her head and forced a smile at Qiao Ruoxi. "I suddenly feel like drinking. Let's get wasted tonight!"

"Forget it. I can't carry you if you get drunk."

Qiao Ruoxi knew that Li Yixue was in a bad mood and wanted to drown her sorrows with alcohol. But she was worried that Li Yixue would go crazy after drinking, so she called the waiter over. "Bring us a jar of coconut juice. Please heat it up."

Li Yixue's lips twitched, but she did not say anything.

"Didn't you say you've already let it go? Why? Are you still caught up on it?" Qiao Ruoxi asked, seeing how listless and out of sorts she was.

Li Yixue seemed to have been exposed. She pretended to be strong and said, "What a joke. How could I not let it go? So what if it's coconut water? I want to drink it to my heart's content."

The waiter quickly served a jug of warm coconut juice. Li Yixue poured herself a cup and drank it all in one go.

She poured another glass and drank another three glasses in one go.

Realizing that she seemed to be downing the coconut juice like it was alcohol and choosing not to eat the dishes, Qiao Ruoxi said, "Hey, I ordered coconut juice, not wine."

Li Yixue put down the empty cup and raised her head. Her eyes were already red and she seemed to be in misery.

She reached out to her and called out to her as if she wanted to say something. However, in the next second, her body fell down with a loud thud.

Seeing that she had passed out, Qiao Ruoxi quickly got up to help her up, but she was already unconscious.

Qiao Ruoxi was terrified. What was wrong with Li Yixue?

Why did she faint out of nowhere?

Just as she was panicking, she heard the sound of tables and chairs collapsing next to her. Then she saw the tall Tang Yebing appear in front of her in a few steps and immediately checked on Li Yixue's condition.

He noticed that her lips had turned purple and she was foaming at the mouth. She seemed to be poisoned.

"She's in danger. We have to get her to the hospital."

After saying this, Tang Yebing bent down, picked up the girl on the ground and rushed out of the restaurant.

Qiao Ruoxi picked up Li Yixue's bag and chased after her.

The scene of Li Yixue passing out just now was too sudden. Before Xie Ruyan could react, Tang Yebing had already rushed over and picked her up. It was obvious how important Li Yixue was to him.

It was hard to describe how Xie Ruyan felt when she was abandoned by Tang Yebing just like that. She had worked hard to win his heart for a few years and was about to be happy. Now, it was all over.

It was because of Li Yixue.

'Of all times, why did she have to come back now?'

'Why is it that she can easily make Tang Yebing waver the moment she appeared?'

Her nails dug into her flesh and her eyes were filled with hatred.

Xie Ruyan was filled with indignation and resentment.

She would not let Li Yixue take Tang Yebing away. She would never.

Tang Yebing drove with a deep frown on his forehead and almost floored the gas pedal.

He was racing against time and seizing every second. His sister Tang Yixue was lying in the back seat. She was also the person he cared about the most in his life.

His heart had never been as chaotic as it was today. He was extremely afraid that something untoward might happen to her.

There were still many problems and misunderstandings between them. If she left just like that, his conscience would never be at peace for the rest of his life.

Qiao Ruoxi followed behind while Li Yixue lay on her lap. She was as anxious and helpless as Tang Yebing.

She could only pray in her heart that Li Yixue would be fine.

Tang Yebing's car arrived at the entrance of Fengtian Hospital. He carried Li Yixue and rushed towards the emergency room.

Along the way, many doctors and nurses recognized him. They looked at his back in surprise. No one knew what had happened to the director.

Chapter 2632: 2632

'Why did he rush into the hospital with a girl in his arms?'

'How is that girl related to him?'

'Why does he look so flustered?'

Qiao Ruoxi followed them to the emergency room. Li Yixue had already been sent in for emergency treatment.

Tang Yebing stood outside the emergency room and paced back and forth anxiously. There were a few times when he wanted to push open the door and go in, but he knew the hospital's rules. Those who were not involved in carrying out emergency rescue were not allowed in.

He was the head of the hospital, and he could not break the rules of the system.

After pacing back and forth for a while, he turned around and asked Qiao Ruoxi, "When did she come back?"

"She just arrived this afternoon."

After getting the answer, Tang Yebing fell silent. He was upset, but he was even angrier.

He was angry at Tang Yixue for not contacting the Tang family upon returning to the country.

'This girl is really heartless.'

Qiao Ruoxi had seen a different side of Tang Yebing. When she was in the hospital a few times before, he had given her the impression that he was frivolous. But now, he was cold and reserved. There was a trace of anger between his tightly knitted brows.

However, he was more worried than anything.

From the moment he stepped out from the restaurant to the time he was sent to the hospital for emergency treatment, everything he did had proven that he cared about Li Yixue a lot.

It wasn't true that he didn't love her and hated her, unlike what Li Yixue said.

On the contrary, he seemed to love her deeply and covertly.

After a round of emergency treatment, Li Yixue's life was out of danger. She was diagnosed with cyanide poisoning and the doctor had already performed a gastric lavage for her.

Li Yixue was sent to the ward with Qiao Ruoxi by her side. Tang Yebing did not enter, but he did not stay idle either.

He had already contacted Feng Yunan, who was already on his way to the hospital.

At the same time, he had already sent someone to investigate the cause of Li Yixue's poisoning.

Feng Yunan rushed to Fengtian Hospital and pushed the door open. Qiao Ruoxi's heart skipped a beat.

She looked up and saw Feng Yunan at the door.

His forehead was covered in sweat, and his chest was heaving up and down violently. His breathing was erratic, which only meant that he must have ran too quickly just now.

"Mr. Feng, why are you here?"

Qiao Ruoxi stood up and asked in surprise.

“I was just passing by... What are you doing here?”

Feng Yunan saw that someone was lying on the bed. Seeing that she was fine, he felt relieved.

“My friend Li Yixue was poisoned. I'm here with her,” Qiao Ruoxi explained.

He did not tell her that Tang Yebing had told him over the phone that Qiao Ruoxi and the others were poisoned. That was why he had rushed over.

After making sure that she was safe, Feng Yunan turned around and left the ward to look for Tang Yebing.

After the man left, Qiao Ruoxi sat down and told herself to calm down. He was just passing by. 'Why are you so agitated?'

In the director's office, Tang Yebing was standing in front of the floor-to-ceiling window, smoking.

When Feng Yunan came in, Tang Yebing took out a cigarette and handed it to him before passing him the lighter.

After lighting the cigarette, Feng Yunan let out a puff of smoke and said, “You f\*cking tricked me. It was your sister who got poisoned.”

Tang Yebing glanced at him and snorted. “I can't be the only one anxious. I have to drag someone down with me.”

He did not make it clear on purpose and made Feng Yunan incredibly anxious.

Look, he rushed here in a hurry. How dare he say that he didn't care about Qiao Ruoxi?

Tang Yebing immediately explained, “Okay, okay, just treat it as a joke.”

“If this happens again, you can forget about being the director of the hospital.”

Feng Yunan would never allow someone to joke around with him casually.

Moreover, this joke was not funny at all!

“I know, but I didn't call you here to trick you. I wanted to discuss something with you. Do you know how my sister was poisoned?”

Chapter 2633: 2633

“When she was eating with Qiao Ruoxi, she ordered coconut juice. It was laced with poison.”

The doctor ran a lab test on the contents of Li Yixue's stomach and found that there was cyanide in the coconut juice. He asked Qiao Ruoxi and learned that they had ordered coconut juice at the restaurant.

Li Yixue drank three cups of coconut juice and collapsed after getting poisoned.

Therefore, the problem was that the coconut juice in the restaurant was poisonous.

“How could coconut juice be poisonous?”

“This is also what I can't figure out. I've been to that Sichuan restaurant often and I'd order drinks regularly whenever I visited. There has never been a problem. But why did this happen today? And I've already sent someone to investigate. I've confirmed that the rest of the coconut juice served in the restaurant is not poisonous, except the jug on their table. Don't you think this is strange?”

“Are you saying that someone deliberately poisoned the coconut juice? What's their motive?”

“I'm not sure, but if it wasn't for my sister today, the one lying in the hospital right now might be Qiao Ruoxi.”

He had to investigate whether there was a problem with the coconut juice production or whether someone had deliberately poisoned it.

It was a different story if there was a problem with the coconut juice preparation. But if it was intentional poisoning, it was clear that the other party was viciously out to kill her.

What he could not be sure of now was whether the poison was meant for Qiao Ruoxi or Li Yixue.

No matter who it was, the restaurant had offended Feng Yunan and Tang Yebing.

In the ward, Li Yixue finally woke up. Qiao Ruoxi asked softly, “Yixue, how do you feel?”

“What... what's wrong with me? I feel a little uncomfortable...”

After the gastric lavage, Li Yixue's face was pale and she looked sickly. She was no longer as radiant as she was in the afternoon.

Qiao Ruoxi's eyes were red as she explained, “If it wasn't for your brother who happened to be there and sent you to the hospital, the consequences would've been unimaginable. Do you know that you've already walked around the gates of hell? You scared me to death.”

She had heard from the doctor that the coconut juice in Li Yixue's stomach was poisonous. Now that she thought about it, she felt a lingering fear. She had ordered the coconut juice on her own accord. If something really happened to Li Yixue, she could not escape the blame.

“He sent me to the hospital?”

Li Yixue's focus was not on the poisoning but on who had sent her to the hospital.

She could not believe that it was Tang Yebing who had sent her here. He should hate her to death. Why would he ask about her life?

“Yes, it's Director Tang. Your brother. I can tell that he still cares about you.”

Since Qiao Ruoxi was a bystander, she knew that Tang Yebing and Li Yixue cared about each other and could not forget each other. However, there were many things between them.

They could not reconcile or resolve the conflict. They were both very stubborn, and neither of them was willing to bow down to the other.

“How is that possible? He's a doctor. It's his duty to save the dying and heal the injured. If you were the one who was poisoned, he would definitely have sent you to the hospital. He's the kind of person who treats everyone well. Even if a stray dog is crippled, he would still treat it. I know.”

Li Yixue's pale lips trembled as she complained about Tang Yebing.

In short, in her opinion, Tang Yebing was a bad guy who could not be trusted. He was no longer the good brother who used to take care of her gently.

“All right, all right. Don't be agitated. Calm down. Let's not talk about him. Right now, the most important thing for you is to rest.”

Qiao Ruoxi tried her best to calm her down. She did not let Tang Yebing visit her for the time being because she was worried that Li Yixue would be agitated.

Li Yixue stopped arguing and quieted down. “I understand, Ruoxi. It's getting late. You should go back and rest early too! You still have to work tomorrow.”

Chapter 2634: 2634

“It's fine. I'll accompany you. I'll be worried if you're alone in the hospital.”

“What's there to be worried about? There are nurses in the hospital. I'll call them if anything happens. You should go home. Auntie and Jing are waiting for you at home.”

Li Yixue understood the difficulties Qiao Ruoxi was facing at home and urged her to go home early.

“Okay then. I'll come back tomorrow to see you.”

“Okay.” Li Yixue nodded and closed her eyes, preparing to rest.

Qiao Ruoxi tucked her in and left the ward.

She had just closed the door when she saw Tang Yebing coming from the corridor. The man came up to her and asked, “How is she?”

“Yes,” Qiao Ruoxi replied.

“Good. Thank you for your hard work, Sis-in-law. Go back and rest early.”

Tang Yebing walked past her towards the ward, but Qiao Ruoxi stopped him in time and asked, “Director Tang, can I ask you something? Can you not tell Yixue about my relationship with Feng Yunan?”

Tang Yebing thought about it and nodded. “Okay.”

Qiao Ruoxi thanked him and walked towards the elevator.

Her marriage with Feng Yunan was a secret, so she could not tell Li Yixue about it for the time being.

If Li Yixue knew that she had been forced to sign an unfair prostitution agreement, she might go to Feng Yunan and create a scene, given how hot-tempered she was. Moreover, Feng Yunan was a vicious man.

Therefore, she could not implicate her good friend.

Qiao Ruoxi was waiting for the elevator when she felt something tight grip around her wrist. Before she could see what was going on, someone had already brought her into the private elevator.

The elevator door closed. Qiao Ruoxi looked at Feng Yunan in surprise. "Mr. Feng, you're still here?"

Was she that reluctant to see him?

With his hand on her side and a gloomy gaze in his eyes, "The hospital is mine. I can leave whenever I want."

Qiao Ruoxi wanted to laugh. She did not mean to despise him.

Feng Yunan looked at her and asked, "You drank coconut juice?"

"No." Qiao Ruoxi shook her head.

Fortunately, she did not. If she had drunk the poisonous coconut juice, the baby in her belly would be in danger.

Feng Yunan pretended to be suspicious and said, "I don't believe it. We'll only know if we drink it or not."

As Qiao Ruoxi struggled, she accidentally removed Mu Yunli's clothes.

Qiao Ruoxi pushed Feng Yunan away and quickly picked up the suit, which was worth millions, from the ground and swept the dust away.

When he realized that Qiao Ruoxi was holding a man's jacket, Feng Yunan's eyes narrowed and his face darkened.

"What's that you're holding?"

Qiao Ruoxi's heart skipped a beat. She suddenly remembered that she shouldn't have tidied another man's clothes in front of Feng Yunan.

She finally understood how incredibly possessive Feng Yunan was.

As long as it was something within his sphere of influence, no one could covet it.

Take her for example. She was clearly not the woman he loved. It was just a contractual marriage, but the man had always been domineering and controlled everything about her. He interfered with her life and forbade her from interacting with other men.

If he knew that she was meeting Mu Yunli in private and was holding Mu Yunli's clothes in her hands, she would be finished.

Qiao Ruoxi quickly hid her clothes behind her back and smiled. "Nothing."

Feng Yunan stared at her suspiciously. Then, without saying anything, he reached out and pulled out the brand of the suit. It was Xiao Kebai, but not his Xiao Kebai. The man's eyes darkened.

## Chapter 2635: Love Comes Like The Southern Breeze (153)

Many people might not recognize Xiao Kebai's brand, but he was Xiao Kebai's most loyal user. He could tell at a glance that the suit in her hand was Xiao Kebai's brand.

“Whose clothes?”

Feng Yunan frowned.

Qiao Ruoxi felt like she was facing a huge disaster. She touched the back of her neck and forced herself to explain, “Nothing. I was carrying it for someone else.”

Feng Yunan stared at her twinkling eyes and quickly recalled where he had seen this dress before. It looked familiar.

He couldn't remember who had worn it for a while, but he remembered that Xiao Kebai's clothes were usually custom-made, and the owner's surname would be printed on the inner pockets of the clothes.

He opened his shirt and checked the inner pocket. To his surprise, there was a word sewn on it—Mu.

How many people in Yun City could afford a suit that was worth tens of millions and had the surname Mu?

“Does this belong to Mu Yunli?”

“How did you know?”

Qiao Ruoxi was shocked and quickly covered her mouth.

She was telling the truth.

She didn't expect him to have really made the right guess. Feng Yunan's dark brows were furrowed tightly.

Whenever he thought of Mu Yunli's arrogant and handsome face, he would get angry.

Why was Qiao Ruoxi so disobedient?

He told her not to hang out with other men, but she refused to listen. Not only did she not listen to him, but she even chose to date the man he hated the most.

Was she deliberately going against him?

“You actually met with that guy behind my back again?”

Feng Yunan thought about it carefully. He had left the Fengtian mansion this afternoon and dropped her off at the subway station halfway. She said that she had taken the subway to pick up Li Yixue at the airport.

According to reasonable calculations, she should have been with Li Yixue in the afternoon until just now. How could she have the chance to meet Mu Yunli?

“No, no. I didn't meet him behind your back. It was just a coincidence.”

Qiao Ruoxi quickly explained.

“When did this happen?”

The man's eyes were so cold that Qiao Ruoxi had to tell him the truth. “It's just... when I went to take the subway...”

“Go on. Continue making up stories.”

The elevator had already reached the underground parking lot. Feng Yunan stepped out of the elevator.

It was impossible for him to believe that she would meet Mu Yunli when she was on the subway. Given Mu Yunli's status, how could he possibly take the subway? Who was she kidding?

Qiao Ruoxi caught up with him and explained anxiously, “I'm telling the truth. It was really just a coincidence. I said I wanted to take the subway to the airport and he said he wanted to go too, so...”

“So you took the subway together and arrived at the airport?”

“Yes.”

Feng Yunan snorted and stopped in his tracks. “Then how do you explain this dress?”

Qiao Ruoxi lowered her head like a child who had done something wrong. She replied softly, “I was asleep at that time and accidentally drooled on his shoulder. I only wanted to help him wash it before returning it to him. I didn't think of anything else.”

“You even got your saliva on his clothes?”

Feng Yunan suddenly raised his voice. He could not believe what had happened.

Under what circumstances would a woman drool on a man's shoulder?

Even a fool would know that she had been sleeping on the man's shoulder.

The most Feng Yunnan could imagine was Mu Yunli draping his coat over Qiao Ruoxi's shoulders when they parted at the airport. But he never expected that she would fall asleep on Mu Yunli's shoulder.

'Is this woman trying to drive me to my grave?'

Chapter 2636: Love Comes Like The Southern Breeze (154)

“I really didn't do it on purpose.”

Qiao Ruoxi looked up at him innocently.

She had already tried her best to explain and did not dare to hide it from him. By right, this was not a big deal. He would not punish her, right?

“Then you did it on purpose! You clearly know what my relationship with Mu Yunli is, yet you still dare to get close to him? Have you never taken my words seriously?”

Feng Yunan pinched her chin and questioned her coldly.

"I didn't. I've said what I needed to say. Believe it or not."

Qiao Ruoxi slapped his hand away and said angrily, "We're just taking the subway together. I didn't cheat on you. Why are you so calculative?"

Feng Yunan glared at her. "Try it if you dare!"

Qiao Ruoxi felt her hair stand on end as he stared at her. She cowered backwards and shook her head.

"You're not allowed to see him again."

The man gave another compelling order and threw Mu Yunli's suit into the trash bin.

"Hey! Hey! Hey! What are you doing? Why did you throw his clothes away? Are you crazy?"

Qiao Ruoxi felt like her head was about to explode.

Oh no! It was a suit worth tens of millions!

Mu Yunli had asked her to wash it clean and return it to him. Now that Feng Yunan had lost his clothes, how could she live?

Qiao Ruoxi quickly went to rummage through the bin, but Feng Yunan did not give her a chance. He grabbed her wrist and dragged her away.

"Feng Yunan, let go... I'm going to look for his clothes... Do you know how expensive they are? I can't afford to compensate for them if I lose them..."

Qiao Ruoxi was about to cry, but the domineering man still didn't let go of her until he pulled her to the front of the car.

Huo Yunshen was already waiting for them. He pulled the door open for them.

Feng Yunan pushed Qiao Ruoxi into the back seat and followed him in. Qiao Ruoxi wanted to get out of the car on the other side, but Xiu Yi had already locked the car.

She could not get out of the car. As the car slowly drove out of the parking lot, Qiao Ruoxi had no choice but to feel anxious.

Come and read on our website [wuxia.worldsite](http://wuxia.worldsite.com). Thanks

In order to cut off all her thoughts, Feng Yunan immediately called the hospital's logistics department and ordered, "Clean up all the trash bins in the underground parking lot in ten minutes."

It was over.

Qiao Ruoxi fell into the back seat, stunned. What should she do?

Where could she get an identical gift for Mu Yunli?

Because of Feng Yunan's unreasonable behavior, Qiao Ruoxi was so angry that she did not want to talk to him. She ignored him the whole way.

When the car stopped by the side of the road, she heard the man's order. "Get out!"

Qiao Ruoxi quickly looked outside. She didn't seem to have arrived yet. In front of her was... No. 7 subway station.

It was the same stop where she and Mu Yunli took the subway during the day.

'Why does he want me to get off here?'

Qiao Ruoxi had no choice but to open the car door. As soon as she got out of the car, the man followed suit.

“You...”

Before she could react, Feng Yunan had already grabbed her wrist and brought her to the entrance of No. 7 subway station.

“Feng Yunan, what are you doing? Let me go!”

Qiao Ruoxi could not keep up with him. She could not guess what he was trying to do. She only felt that his back was cold and dangerous.

Feng Yunan dragged her down the stairs. “Aren't you good at taking the subway? Show me again today.”

A demonstration?

'Are you kidding me?'

Her legs were stiff and swollen from the exhausting day she had had. She just wanted to go home and rest.

She raised her head and tried to wake the stubborn man up. “Feng Yunan, are you crazy? It's already past 10: 30 and the subway service has ended for the day.”

Chapter 2637: Love Comes Like The Southern Breeze (155)

“I don't care.”

Feng Yunan wasn't sure why he was so upset about Qiao Ruoxi sleeping on Mu Yunli's shoulder. He only knew that another man had taken advantage of his woman, which meant that he had suffered a huge loss, as if he had been cheated on.

This feeling almost drove him crazy.

No matter if the sky collapsed or the ground caved in today, he wanted Qiao Ruoxi to demonstrate it to him again.

It seemed like that was the only way to regain some dignity and make himself feel better.

Oh my god, Feng Yunan is so scary!

This man was simply an unreasonable lunatic!

'So paranoid!'

Qiao Ruoxi scolded him in her heart.

When they reached the basement, the guards were already cleaning up the scene. Many of the lights had been extinguished and the entrance was blocked.

Everything showed that the subway service had really stopped running.

But Feng Yunan did not leave. He called Xiu Yi. "No matter what, let the subway start operating now."

Qiao Ruoxi could no longer understand the man's madness. Did he think his family owned the subway? Operating just like that?

After waiting for less than half an hour, all the lights in the subway station were turned on again. There were staff members rushing to work, and the fence was quickly removed. The track also showed that it was operating normally.

You are reading on MYBO XN O V E L. COM

It turned out that Feng Yunan was not the one who was crazy. Maybe the subway was owned by his relative.

While Qiao Ruoxi was still in a state of shock and could not digest the shocking truth, she was pulled into the car by the man.

The train was empty except for the two of them.

"Which seats were you guys on?" Feng Yunan asked.

Well, he was asking where she and Mu Yunli were seated.

Qiao Ruoxi pointed to the seat beside her. Feng Yunan pulled her to sit down without a word.

Not long after, a beeping sound came from the track. The door of the carriage closed and the train began to move out.

The cold wind blew in, making Qiao Ruoxi shiver. She pulled up her clothes and hugged her arms.

No one said anything. The only sound that could be heard in the empty car was the rumble of the train. It was like a scene from a supernatural movie. It was terrifying and creepy.

Qiao Ruoxi turned to look at the man beside her. She really wanted to know what he was thinking.

Isn't it crazy to take the subway in the middle of the night?

The man also turned to look at her. His dark eyes reflected the light of a speeding car, making him look especially deep and energized.

"Are you sleepy?"

"No."

"Are you tired?" Feng Yunan asked.

With an evil god like him sitting beside her, how could she dare to sleep? She continued to shake her head. "I'm not tired."

Apart from underground, there was still a long way to go.

As he passed by the tall bridge, he could see the beautiful night view of the city. It was different from the night view he usually saw in his office.

The train reached the highest point. In front of them was a myriad of lights, and behind them was a myriad of stars.

It was the most beautiful night he had ever seen.

Was it because it was his first time taking the subway?

There was a constant noise in the train carriage. After listening for a long time, Qiao Ruoxi was really sleepy. She opened her mouth and yawned.

Feng Yunan saw her yawning from the opposite window and was a little agitated. He turned to her and said, "Go to sleep."

"Huh?" Qiao Ruoxi was stunned.

Feng Yunan patted his shoulder and said coldly, "How did you drool on him? Show me!"

'He must be out of his mind.'

'No wonder he kept asking me if I was tired. So it's because of the drooling incident.'

Chapter 2638: Love Comes Like The Southern Breeze (156)

Qiao Ruoxi could not help but roll her eyes at him. She had never seen a man more childish than him.

She turned her head and ignored him, but he did not give up. He reached out and pulled her head over, pressing it on his shoulder.

"Close your eyes and sleep until you drool."

He ordered forcefully.

"Feng Yunan, are you crazy?"

Qiao Ruoxi's head felt very uncomfortable from the pressure. She tried to break free, but he would not let go.

"I am. If you don't listen to me today, I'll let you sleep until you do."

Qiao Ruoxi was at her wit's end. She knew that as long as she did not compromise, the man would definitely not let her go.

"Okay, okay, okay. I'll listen to you. I'll sleep. Can you let me go?"

Seeing that she was no longer struggling, Feng Yunan let go and Qiao Ruoxi's head rested on his shoulder.

Since she could not win against the evil man, she had to adjust her mindset.

She slept well. She was really tired anyway. It felt good to have such a broad shoulder to lean on.

Their faces were reflected on the glass window on the opposite side. Qiao Ruoxi leaned on Feng Yunan's shoulder with her eyes closed, showing her obedient side.

The two of them were like a couple in love.

Feng Yunan could clearly see himself and Qiao Ruoxi through the glass window on the opposite side. When he saw the little woman's petite figure, he felt an indescribable feeling in his heart.

Reading on MYBO X NOVE L. COM /Please!

It seemed a little sweet.

But as soon as he thought of her leaning on Mu Yunli's shoulder like this in the afternoon, the jealousy and anger in his heart emerged again.

Feng Yunan was immersed in the sweet and sour feeling alone, torturing himself. He had no idea how many stops the train had taken. Qiao Ruoxi, who was pretending to be asleep, actually dozed off for real.

She was really too tired. The rumbling train accelerated her sleep.

She fell asleep, her head sinking. He helped her up several times.

"Qiao Ruoxi, Qiao Ruoxi..."

Feng Yunan tried to wake her up but she was already sound asleep.

The temperature in the car wasn't high, and cold wind kept blowing in as they drove. At this time, Feng Yunan began to worry that she might catch a cold.

He hesitated for a moment and finally took off his suit jacket to cover himself.

What should she do next?

Feng Yunan looked out of the window at the flickering darkness of the night. He didn't know where he was going, but he suddenly realized that he shouldn't be so competitive.

What was the point of doing this?

The hopeless woman had already fallen asleep, and he still had to struggle to get her back.

He was asking for trouble.

Feng Yunan called Xiu Yi and asked him to contact the traffic department. He asked Xiu Yi to return to the original position of Line 7.

Feng Yunan lowered his head and looked at the girl sleeping soundly in his arms. His thin lips curved into a beautiful smile.

She looked so beautiful as she slept. There was a faint smile on her lips as if she was smiling, but also as if she was having a beautiful dream.

His heart skipped a beat. He suddenly had an inspiration and wanted to retain this moment of happiness.

He pondered for two seconds and finally took out his phone. He raised it high and took their first natural photo together.

Even though he hated taking photos, he couldn't help but want to capture her beauty.

The scene froze. Feng Yunan was admiring his masterpiece alone. Whether it was the angle or the composition, this photo looked very warm and beautiful.

The carriage finally stopped at the first stop of Line No. 7. Feng Yunan carried Qiao Ruoxi down the subway.

Chapter 2639: Love Comes Like The Southern Breeze (157)

Xiu Yi's car was waiting at the exit. When he saw them coming up, he opened the door for them.

After Feng Yunan got into the car, he let Qiao Ruoxi lie in the back seat.

Seeing the two of them being so intimate, Xiu Yi criticized in his heart. 'Mr. Ji has finally come to his senses. If he had been so gentle earlier, I wouldn't have had to spend so much effort to contact the traffic department.'

In the middle of the night, Ji Shiting's ridiculous action had disturbed the dreams of countless people.

After returning to the Ocean Pavilion, Feng Yunan took Qiao Ruoxi back to her bedroom. When he came out, he said to Xiu Yi, "Let's talk in the study."

"President, President Tang has already called. They've already found out that one of the employees in the store took revenge on Miss Li because the boss owed his salary. Miss Li's poisoning was just an accident. The person who poisoned her has already been sent to the police station."

After Feng Yunan figured out the truth of the matter, he nodded and ordered, "No matter who was poisoned, that restaurant must be closed down."

"Yes, sir. They will receive a notice to cease operations tomorrow."

Xiu Yi knew what to do. Feng Yunan waved his hand and signaled him to leave, but he did not.

"Is there anything else?" Feng Yunan asked.

"Mr. Ji, the last time you asked me to investigate the bankruptcy of the Qiao family five years ago, I checked the company's internal information and couldn't find any connection, but..."

Xiu Yi dragged out the last word.

“But what?”

Feng Yunan raised his eyebrows as he had a bad feeling.

Xiu Yi continued to report, “But I checked KANS and found...”

..

No one knew that KANS was a company that Feng Yunan had registered abroad. It was separate from Fengtian Group and had no business dealings with them.

“Speak your mind,” Feng Yunan ordered.

“I found out that you gave the order to destroy the Qiao Group five years ago...”

After Xiu Yi finished speaking, he observed Feng Yunan's expression.

“When did I give such an order?”

Feng Yunan could not believe it. He could not remember anything.

He couldn't help but recall what his grandfather had told him at the Feng family.

“Sometimes, a person's decision can lead to unexpected consequences.

“Just like five years ago, a small trick of yours destroyed not just a company, but a happy family.

“The Qiao family is gone. Qiao Ruoxi, her mother, and her brother are homeless. This is the terrible consequence.

“Have you ever thought about how Ruoxi would feel if she knew that you were the one who did it?”

At that time, Feng Yunan did not think that it was his fault that the Qiao Group was gone. He thought that it was Qiao Ruoxi who had fabricated it in front of his grandfather.

But now, he finally realized that the destruction of the Qiao family had something to do with him.

It seemed that Grandpa already knew about it. He had wronged Qiao Ruoxi again.

Most people would not suspect Feng Yunan for destroying the Qiao Group through KANS. Even he himself had neglected the incident itself.

He did not remember giving such an order. Perhaps it was because he had given it, but it had been too long.

After all, he had to sign a lot of documents every year and give out countless orders. It was impossible for him to remember every single one of them, let alone five years ago.

“There's nothing between me and the Qiao family. There's no need for me to deal with them. I only have one question now. Why did I give such an order? Do you still remember?”

Feng Yunan looked at Xiu Yi with confusion.

Generally, Xiu Yi knew every decision he made.

But this time, Xiu Yi also felt that there was something fishy. “Mr. Ji, this is exactly what I wanted to say. It's impossible that both you and I don't know about such a big thing. I can only think of these two possibilities.”

“What possibilities?”

“Maybe you weren't the one who gave the order, or maybe you didn't remember it when you were unconscious.”

“Okay.” Feng Yunan frowned and nodded.

“If it's the former, then only one person can make the decision for you.”

“You mean Wei Lingxiao?”

“Yes, it's Vice President Wei.”

KANS operated independently, and the executive vice president had the right to make decisions. This was also the power that Feng Yunan had given him. He could handle the company's affairs on his behalf.

It would be impossible for KANS to deal with the Qiao family without Feng Yunan's consent.

And without Feng Yunan's knowledge, the only reasonable explanation was that it should be Wei Lingxiao's private decision and forged Feng Yunan's signature.

In ancient times, this was equivalent to a fake decree.

“Wei Lingxiao? Why did he do that?”

Feng Yunan rubbed his chin as if he was thinking about Wei Lingxiao's motive.

“I don't know.”

“Where is Wei Lingxiao now?” Feng Yunan asked.

“I'm not sure. Vice President Wei left KANS two years ago and is now missing.”

Feng Yunan fell into deep thought as he recalled something. “President, I have a feeling that this matter is not simple. Before we find Wei Lingxiao and find out the reason, it's best not to let Young Madam know about the Qiao Group.”

..

Even Xiu Yi was worried about Feng Yunan's relationship with Qiao Ruoxi.

Feng Yunan was silent for a long time. He ordered Xiu Yi, “Destroy all information related to KANS and send someone to investigate Wei Lingxiao's whereabouts. Also...”

Feng Yunan wanted to destroy the evidence not because he was guilty, but because he was afraid.

He was suddenly afraid that Qiao Ruoxi would find out the truth.

It didn't matter who gave the order to destroy the Qiao Group. What mattered was that everything would be blamed on Feng Yunan.

Well, KANS was his company.

He was an indirect cause.

He could not imagine how Qiao Ruoxi would treat him if she knew about this.

But the uneasiness in his heart told him that if this matter was exposed, it would definitely bring about unpredictable consequences.

Feng Yunan was never an indecisive man. He had always been swift and decisive when it came to managing a company. He would issue countless orders every year.

Whether it was acquisitions, annexation, or raising the stock price to defeat competitors, every decision was based on the company's interests. He had a clear conscience.

The only thing he was afraid of was the Qiao family, for some reason.

He had asked Huo Yunshen to look up information about Qiao Ruoxi.

Five years ago, before the Qiao family went bankrupt, she was still the daughter of a wealthy family and lived a carefree life.

But in just one night, her family met with a family accident. Her father, Qiao Renian, committed suicide by jumping off a building. Her mother was traumatized and fell ill. Her brother had a congenital heart condition and was supposed to undergo a heart transplant surgery. But because of the change in his family situation, it was delayed again and again.

The burden of raising her family fell on Qiao Ruoxi's shoulders all of a sudden. This was also the reason why he had first met her at Yin Zun club.

She was lowly-educated and could only give up on her dream to start working in the humble service industry.

Feng Yunan clenched his fists and took a deep breath as if he had made a decision.
