

Priceless Baby 1001

Chapter 1001: A Fox

“Mr. Su, what made you decide to participate in this gala?”

“We've heard that you are filming a new movie right now, is that true?”

The reporters kept bombing Su Jimo with a lot of questions, and he answered them politely even though he was known for being cold towards reporters.

“Jing Xi is joining me in this red carpet event because we are both working on a new film called Landscape. The film will be out soon, and I hope everyone can catch it in the theater,” Su Jimo said as if he was advertising for the film.

As expected, most of the reporters couldn't react to the new film.

They all thought that Jing Xi had just finished filming Beauty of the World and wondered how she managed to find the time to film another movie.

The reporters' curiosity was successfully piqued by Su Jimo as they began to wonder what kind of movie Sceneries would be.

Both Su Jimo and Jing Xi instantly became the spotlight of the red carpet event.

A special event was set at the end of the red carpet where the celebrities had to answer a series of questions correctly to enter the hall.

Su Jimo got all of them right and went straight into the hall while Xu Xiyan got one wrong and was left behind to deal with the reporters.

Xu Xiyan kept changing her poses and angles for the cameras. She did it so perfectly, as if she'd been born for it.

Almost all of the reporters that were with Lan Ling'er and Shen Mengyuan instantly shifted their attention towards Xu Xiyan and the former two were left alone.

They'd become friends when they were at the charity visit, and now they became leftovers at the gala.

“What's special about that? Who cares if she came with Su Jimo?” Lan Ling'er scolded in a small voice.

“She's like a cockroach! What's good about her anyway? The only things she has that are better than us are her boobs and legs!” Shen Mengyuan scolded too.

“She's just good in bed, that's all!”

“That little bitch! I still haven't taught her a lesson yet!”

“Do you have any plans?” Lan Ling'er asked.

“Just wait and see.”

Lan Ling'er and Shen Mengyuan were arranged to stand next to Jing Xi when they were asked to take photos on the stage.

People who had no idea of the past would think they were besties because they participated in the charity event together.

Lan Ling'er and Shen Mengyuan both had huge smiles on their faces while Xu Xiyuan's face was cold and expressionless.

Just as Xu Xiyuan was about to take the microphone from the host, she stepped on a pearl and slipped backwards.

Chapter 1002: The Save Was Too Successful

It happened so suddenly that Xu Xiyuan was caught off guard. The audience and reporters below the stage gasped in shock as they saw this scene.

If Jing Xi were to slip and fall, she would become tonight's big "reveal."

All the reporters seized the chance to snap photos of her. Almost by reflex, Xu Xiyuan reached out to her sides to grab whatever could be grabbed on, then saved herself by executing a backflip and steadying herself.

She was finally back on her feet firmly, shocked but safe. However, the two actresses standing next to her were not so lucky.

Shen Mengyuan's blue dress had been pulled down by Jing Xi just now. The front of her dress had fallen to her waist and her skin felt chilly as her black wing-shaped Nubra was completely exposed.

Lan Ling-Er's bare-backed gown with high slits was also ruined; the slit of the dress had been torn so that it was almost up to her armpit.

When the two of them suddenly felt chilly, they finally reacted and were horrified out of their wits.

Shen Mengyuan quickly pulled up the front of her dress to cover her breasts. Lan Ling-Er could only cover her thigh with her hands desperately to prevent herself from being exposed.

The two felt very cold. After all, the temperature in Peijing was very low in December.

Every female star was wearing evening dresses for this event. They were indeed beautiful yet freezing.

Xu Xiyuan did not expect that she would tear and ruin their dresses, as it was an accident just now. At this time while in front of the cameras, what she could do was to find a way to save the situation.

She immediately pulled off the scarf around her waist, unfolded it and tied it around Lan Ling-Er's waist, successfully fixing the two parts of her dress together and covering the embarrassing parts.

Then she took off her jacket and put it around Shen Mengyuan's shoulders, covering the wretchedness of her blue dress at once. Also thanks to the jacket, it greatly improved her charm as well.

Despite not having the jacket and scarf anymore, Xu Xiyan was not affected herself. She was wearing a thin, half-translucent black chiffon top with a beautiful frill under the jacket.

At this time, after taking off her jacket, the frills of her top fluttered, adding an enchanting look to her while exuding the cold air of the regality of a queen.

The save was too successful. The reporters had taken pictures of what happened just now and they were full of praise for Jing Xi's actions.

After skipping the interview, Xu Xiyan accompanied the two frightened actresses to the backstage of the event hall to change their clothes.

There were no other people in the backstage resting lounge. Shen Mengyuan's face showed strong abhorrence as she complained, "Jing Xi, you were deliberate just now! You deliberately tore off my dress to embarrass me!"

Shen Mengyuan was an expert in reversing the facts. It was obvious that she was the one who had thrown the bead at Jing Xi's feet in her plans to make her slip. But in the end, she made it so that it was Jing Xi who had deliberately harmed her.

God knows where she got that kind of courage to stir up trouble!

Lan Ling-Er also cried out furiously, "Jing Xi! I never thought that you were that disgusting. You deliberately destroyed our dresses so you could have the limelight. You're really too mean."

In the face of their accusations, Xu Xiyan did not feel guilty at all. Instead, she raised her chin and asked, "Was it I who had deliberately embarrassed you? I already said that it was an accident just now. I almost slipped and accidentally pulled on your clothes. But after that, I already saved the both of you and apologized. If the dress is ruined, I can compensate. May I ask what else you want?"

"Who taught you to pretend to be kind! You just deliberately want to ruin me!"

Shen Mengyuan took off Xu Xiyan's jacket and threw it back at her rudely.

Xu Xiyan caught the jacket, shook it and sneered. "How could I ruin you? I was helping you to get on the headlines in Peijing."

Not buying her words, Shen Mengyuan cried out, "I am the original headline queen. Why would I want your help? You just can't bear to see me being good friends with Ling-Er. You're afraid that our limelight will overpower yours!"

Chapter 1003: Teammate

Lan Ling'er tore the scarf away and threw it on the ground before stepping on it.

"It's your fault!" Lan Ling'er scolded Xu Xiyan. "I hate you! I hate your face so much!"

"We should just tear her apart!" Shen Mengyuan added.

Shen Mengyuan and Lan Ling'er were so compelled to grab Xu Xiyan. They wanted to scratch her face and tear her clothes apart.

Yet Xu Xiyan did not want anything to do with them and cracked her fingers to show hostility.

“Tear me apart? Come on then! Don't blame me if I beat both of you to a pulp!”

Shen Mengyuan and Lan Ling'er were just angry at Xu Xiyan, there was no way that they would fight Xu Xiyan knowing that she was trained in martial arts.

Xu Xiyan could've put them down without breaking a sweat.

They would not want to leave the gala in ambulances.

“Don't talk shit when you can't do shit!” Xu Xiyan scolded and picked up her jacket. “This is your last warning!”

Xu Xiyan faked punching them to scare them, and they shrieked as they hugged each other.

They waited until Xu Xiyan left before they changed into different dresses.

“Why didn't you warn me before you dropped the pearls?” Lan Ling'er scolded after learning that it was her stupid teammate that should be blamed.

There was no way Lan Ling'er would do such a stupid thing because she might trip herself.

“I was just thinking of embarrassing her...” Shen Mengyuan said.

“And did it work? We were the ones who got embarrassed while she walked away unharmed! I'm sure that if the press learned of this, her fame would rise!”

The thing that pissed off Lan Ling'er the most was that whenever she tried to make a move on Xu Xiyan, it always favored Xu Xiyan instead.

“Forgive me, Ling'er. I did everything without thinking it through first. I'll follow your lead next time, okay?”

Ever since Shen Mengyuan had lost Li Zhonghao's support, she was looking for someone to lean on.

With Lan Ling'er's fame and Tianyu at her back, Shen Mengyuan believed that she was the right choice in taking care of Xu Xiyan.

They were just like two mice trapped in a cage.

Xu Xiyan left the resting room and went back to the main hall.

She was shocked by the merge of fashion and technology in the main hall as soon as she entered. The lighting, music, and aesthetic came together in harmony.

It was as if she was in the sky filled with shining stars.

Food and fine wines were placed on every table as celebrities and designers gathered together.

Xu Xiyan was guided to her own seat, and she sat next to Su Jimo, waiting for the main event to begin.

After tasting the foods prepared by some of the world's finest chefs, the award ceremony began.

Chapter 1004: Secretly Interacting

It was time for the awards ceremony. Miss Carmelin, the fashion expert, was to present the awards to the winners.

Miss Carmelin announced that the winner of the Most Beautiful People Award of the Year was Jing Xi.

When Xu Xiyan was named, she was very surprised. She did not expect that she would win an award tonight at all.

However, she had indeed been voted to win the award by the majority of netizens. From her stunning performance in ROSUE commercials to her popularity abroad due to her LK product endorsement, her beauty had been recognized by the world.

She fully deserved this award.

When Xu Xiyan returned from receiving her award on stage, she noticed that both Lan Ling-Er and Shen Mengyuan were already seated below the stage.

The two had watched her receiving the grand prize, and their eyes were filled with unconcealable jealousy and hatred.

Xu Xiyan ignored them and took her own award. Let them be envious and jealous!

The ceremony was still going on and the celebrities on the stage were interacting with each other. Xu Xiyan, who was below the stage, was not idle either; she was secretly interacting with her own husband.

Huo Yunshen had sent a message asking her what was going on at the ceremony.

After seeing the message, only then did Xu Xiyan realize that news about the incident just now had been spread onto the Internet and Huo Yunshen had seen it.

Many fans had left words of support for her. They commented that she did not forget to help others in that unexpected incident, and praised her behavior.

In order to not let her husband worry, Xu Xiyan simply explained the reason, reassuring him that everything was fine now. She also told him about her award.

[My wife is the best in the world!]

In the man's text message, she could tell how proud he was in his words.

Xu Xiyan gave him a reply: [You're wrong! My husband is the one who is the best in the world!]

In fact, they were forever the best significant other in the world in each other's eyes.

The fashion festival was coming to an end. Many celebrities and fashion brands had won awards. After the awards ceremony, there was also a public welfare campaign appealing to all sectors of society to show more concern to autistic children.

The fashion festival ended perfectly. Xu Xiyan and Su Jimo left the event together.

When they were standing by the road waiting for their celebrity van, a black Rolls-Royce stopped in front of her. The door of the car opened and Mo Yutian got down from its back seat.

The man stood firmly in front of her. Xu Xiyan looked at him coldly. Mo Yutian finally spoke up first. "Jing Xi, would you like me to send you home?"

"No, we have our own transport."

Xu Xiyan automatically stood next to Su Jimo, subconsciously keeping a distance from Mo Yutian. As long as she thought of what happened in Hengshan that night, she would grow apprehensive.

The man was exuding danger all over. She really didn't know what was in his mind at the moment.

Mo Yutian stared at Jing Xi for a moment. Then when he was about to say something, another Rolls-Royce parked next to them and a tall figure came down from the car.

Xu Xiyan saw that the car plate number was Huo Yunshen's. After seeing that her husband had come, she quickly bade farewell to Su Jimo, "Mr. Su, my husband is here. I might have to ride in his car and go home. See you again."

"Okay, see you next time," Su Jimo said, smiling.

Xu Xiyan turned and greeted Huo Yunshen, "Dear, why have you come?"

"I've come to pick you up."

Huo Yunshen had already seen Mo Yutian's car when he drove around the bend. He was deeply afraid that Mo Yutian would take Jing Xi away again. As soon Huo Yunshen got down from his car he rushed over to her like the wind.

Huo Yunshen came towards her. The first thing he did was to take off his coat and put it on Xu Xiyan's shoulders. Then he took her hand as he began to ask questions about the event.

At the side, Mo Yutian let out a deep sigh as he saw the way they were chatting intimately with each other.

Chapter 1005: The Biggest Insult

Mo Yutian noticed that the ways Xu Xiyan treated him and Huo Yunshen were completely different. One was coldness, and the other was warmth.

Just as Xu Xiyan was talking with Huo Yunshen, Su Jimo went over to greet them.

The coldness that Su Jimo had disappeared almost instantly when he talked with Huo Yunshen, as if they were brothers.

The reporters all struggled to get a picture of them shaking hands, as the sight of two world-renowned Movie Kings talking to each other was rare.

Huo Yunshen had his arm over his wife and let the reporters take pictures of them with Su Jimo.

The action that Huo Yunshen took was to pull the attention away from Mo Yutian.

The biggest insult that Huo Yunshen could give his opponents was to be able to ignore them even when they were there.

Since Mo Yutian wasn't in the entertainment business, he found it hard to have a conversation with other people.

It was awkward for him until Lan Ling'er came running to him.

"Brother, did you come here for me?" Lan Ling'er asked, trying to separate Mo Yutian from Xu Xiyan.

"Yup, come on, let's leave," Mo Yutian said.

He was at the gala trying out his luck, hoping that he could have a chat with Jing Xi.

But what he got was the cold response from Xu Xiyan. And after getting rejected by Xu Xiyan when he asked if she needed a ride home, the whole situation became awkward for him until Lan Ling'er saved him.

Not long after Mo Yutian left in his car, Huo Yunshen and Xu Xiyan went into theirs and left.

Huo Yunshen grabbed Xu Xiyan's hand and asked, "What did he tell you?"

"Nothing, actually, I just ignored him."

"Good," Huo Yunshen complimented while he tightened his grip a little.

The music that was playing in the car began with a violin tune and continued into a piano tune.

"What's this music? It's really good!" Xu Xiyan asked.

"It's the theme song for Landscape. Do you like it?" Huo Yunshen smiled.

"Yes! It's wonderful!"

Xu Xiyan had not asked Huo Yunshen to help with the theme song, but Huo Yunshen took the matter into his own hands.

Xu Xiyan listened to the music as she recalled the scenes in the film.

"Are there any lyrics?" Xu Xiyan asked since a theme song wouldn't be complete without one.

"Yes. The song will be called The Perfect Scenery, and I want you to sing it."

"Okay! I'll empty my schedule for the recording!"

After doing a duet with Huo Yunshen, Xu Xiyan wasn't afraid of singing anymore.

"Hubby, why don't you compose a theme song for Deep in the Shadows of the Stars too?"

"Do you even have to ask. It's already done," Huo Yunshen said and pulled out a music sheet with lyrics on it.

Xu Xiyan read through the lyrics and hummed along with the tune.

Priceless Baby's Super Daddy 1006 One Is Bound To Meet Enemies On A Narrow Road

"Oh my! This is so nice! I dare guarantee that when these two songs are released, they will be so popular that you'll hear them everywhere."

Xu Xiyan was full of joy. She felt that to be able to find a talented husband like Huo Yunshen was indeed the luckiest thing in her life.

After humming to the music for a while, Xu Xiyan thought of something. She asked, "Dear, when do you think Landscape will be released? Will anyone watch it when the time comes?"

She was somewhat worried. She was afraid that she would ruin her mother's legacy work. She was afraid that it would be harshly criticized.

"It should be after your birthday, around New Year's Day." Huo Yunshen encouraged her, "Don't worry, as long you're acting in it, someone will definitely watch it."

"Really?"

Xu Xiyan's birthday was on the eve of Christmas, on December 24th. As she calculated the days, she found that there weren't many days left.

As long as she thought about the release of the film, Xu Xiyan's heart was filled with anticipation.

"Yes. My wife is so beautiful, how could anyone not see it?"

"Oh, you're so full of yourself!" Xu Xiyan chided him. The man knew how to brag all the time.

In fact, Xu Xiyan's fears were superfluous.

As long as Landscape was handed over to Huo Yi Jing to package and promote, it was guaranteed that its release would be a roaring success.

Furthermore, Landscape had a good script; its release would definitely not be bad.

...

After the shoot of Landscape was wrapped up, Huang Guoqiang handed over the postproduction work to Huo Yi Jing's media company.

He planned to take a break for some time and prepare his wedding with Qi Liya.

As for Xu Xiyan, after finishing the shoot of a movie and a TV series, she shifted all her focus to the filming of Deep in the Shadows of the Stars.

She and Huo Yunshen had always cooperated with each other in the shoot very well. The shooting process was also very smooth and there weren't many retakes. If they were to keep to this rate of progress, it could be estimated that the shoot would be completed before the New Year.

Recently, there had been many advertisements offers, but Xu Xiyao did not participate in their auditions. Xiao Yuqian had accepted an invitation to attend a variety show for her; the show was called "Legendary Star Chef."

Xu Xiyao had seen the introduction of "Legendary Star Chef" so she knew a little about it. She knew that the slogan of this program was "You can eat good food and have love too" and it was a gourmet showdown between celebrities.

At the end of the competition, three winners would be selected. The grand prize winner would receive 5 million yuan for charity. This money would go to the care of left-behind children and autistic children.

This was a public welfare activity. Xiao Yuqian believed that the publicity gained from participating in such an event was much better than accepting ten product endorsements.

Xu Xiyao agreed to it, and she would officially participate in the press conference of "Legendary Star Chef" two days later.

At the press conference, Xu Xiyao learned which celebrities had come to participate in the show. There were veteran actors as well as young idol artists. Including Xu Xiyao, there would be a total of ten celebrities participating in the show. However, Shen Mengyuan was also among them.

When she saw Shen Mengyuan at the press conference, she thought to herself: Well, one is bound to meet enemies on a narrow road!

Regardless, now that they were participating in the same program, she would not stir up trouble herself for no reason as long as Shen Mengyuan did not come to her looking for trouble. It would be best that they were to not interfere with each other and keep things peaceful.

The program officially started. Xu Xiyao was fortunate to see other invited guests. They included the veteran actress, Madam Ke Hua; the popular actor, Wu Yaoyu; the list actress, Han Xinyu; and some others.

The program had invited four heavyweight judges and the lineup was very strong.

They included the international western food chef, Mr. William; Ysia's Chinese food master chef, Master Yan Nan; as well as the famous food and tourism expert, Mrs. Zhong Qingzi; and Hong Kong and Taiwan's famous TV host, Mr. Fu Qiang.

...

Chapter 1007: On Purpose

After the host had introduced all of the participants, they put on their uniforms and began to record.

The show could be divided into six sections, and it began with the first one which was titled Home Cooking. The first section required each participant to create a home dish that they could never forget.

Since Xu Xiyan was born and raised in Beijing, the first food she could think of was Sweet and Sour Mandarin Fish in Squirrel Shape.

Since the other participants all came from different parts of Zstan, there were all sorts of local dishes being prepared and Shen Mengyuan had prepared a dish called Golden Yellow Croaker.

Since Xu Xiyan and Shen Mengyuan were the only two that prepared fish dishes, they became aware of each other's dishes.

Shen Mengyuan peeked at Xu Xiyan and smiled like she had already won the competition.

The judges began to taste all 10 dishes that were presented and would score according to the taste, smell, and look. The participant who got the least total score would be disqualified.

Xu Xiyan's score was high from the beginning as An Nan gave her a high score and kept praising how good her food was.

But Zhong Qingzi gave a completely different comment on Xu Xiyan's dish.

"The fish is too dry and lacks umami. I think the yellow croaker is better than this. I'm sorry, but this is as much I can give you," Zhong Qingzi said.

She gave Xu Xiyan a score lower than 5 and gave Shen Mengyuan a hefty 9.6.

Xu Xiyan believed that everyone had a different view on dishes and thanked Zhong Qingzi.

"Thank you for your comment."

After being scored by every judge, the one to be disqualified first was one of the most-searched artists, Wu Yaoyu. Xu Xiyan barely passed the first stage.

After the first section had ended, the participants and judges were allowed a brief rest.

Shen Mengyuan snuck off during the rest to Zhong Qingzi's room.

As soon as she closed the door, Shen Mengyuan hugged Zhong Qingzi tightly.

"Let me have a look at you!" Zhong Qingzi smiled. "Looks like my niece is getting prettier every day."

"Thank you!"

Shen Mengyuan was very happy that her aunt had secured her a spot on the show. Since Zhong Qingzi was one of the judges, she could make sure that Jing Xi would not get first place.

Xu Xiyan got to know more about other participants before they returned to the main hall.

The second section was titled Celebrity Chef's Signature Dish, requiring the participants to produce a dish they were best at.

Xu Xiyan noticed that other than Zhong Qingzi, her dish was once again well received by the judges. A score lower than 5 was still given to Xu Xiyan by Zhong Qingzi.

She began to wonder if Zhong Qingzi was doing it on purpose.

She searched through her memory and couldn't remember crossing paths with Zhong Qingzi even once, and it made her more curious.

Xu Xiyan knew that even one judge could decide the participant's fate. If that kept going on, Xu Xiyan wouldn't even make it to the third round.

As soon as the second section ended, Xu Xiyan went straight to look for Zhong Qingzi.

"Ms. Zhong, could I have a moment of your time?"

Priceless Baby's Super Daddy 1008 I Want To Eat My Wife

Zhong Qingzi stopped. When she saw it was Jing Xi who had called her, she subconsciously furrowed her brow. "Speak. What do you want to ask?"

"I just want to know if Mrs. Zhong has any dissatisfaction and prejudice against me personally?"

Xu Xiyan stared straight into Zhong Qingzi's eyes.

Zhong Qingzi smiled and said, "I think Miss Jing Xi was just overthinking it. I treat everyone and everything fairly, and furthermore, I have no complaints with Miss Jing Xi. Why should I have any dissatisfactions and prejudices against you?"

Although there were no faults in Zhong Qingzi's answer, Xu Xiyan still argued according to reason, "But Mrs. Zhong has given me such low scores in both rounds. I just wanted to ask: Were my cooking skills really not good, or was there something wrong with Mrs. Zhong's taste? Why did the other judges give me a good score but only Mrs. Zhong is being very picky about me?"

Zhong Qingzi made a helpless expression on her face and shrugged. "Do you have a problem with my scores? Do you think that the dishes you've made are good enough? Do you think that you can earn all of the judges' favor? I can only tell you this: by seeing me privately to improve your scores, you're breaking the rules of the show."

After finishing her words, Zhong Qingzi looked at her watch. "Sorry, I have to go now. Do your best for tomorrow's competition then!"

She curved her lips, then turned and left.

Xu Xiyan remained where she was, her brow furrowing tighter.

Her instinct told her that Zhong Qingzi was deliberately targeting her, but she could not reasonably explain it.

She thought about it for a while, but she still could not figure it out. Ni Xuelin came over to pick her up and the two left the TV station together.

Huo Yunshen specially came to pick her up. Ni Xuelin sent her to his car and Xu Xiyan left in Huo Yunshen's car.

Xu Xiyan was silent the whole trip. Huo Yunshen could clearly sense that his wife was abnormally quiet today. He took her hand and asked, "Dear, is something troubling you?"

Xu Xiyan shook her head, looking a little tired. "No. I'm just thinking about what to cook for tomorrow's show."

"What is there to worry about? Just close your eyes and simply whip up something. I believe that with my wife's craftsmanship, she can definitely win first prize," Huo Yunshen comforted. In fact, he was very worried about his wife; now he was regretting letting her participate in the cooking competition show.

"Forget about winning first place. I would be lucky if I'm not eliminated by the third round."

"What's wrong? Do you think it's difficult to pass the rounds?"

"Yeah, that Mrs. Zhong Qingzi will give me a very low score every time. If I want to last until the final round, it's going to be very difficult."

"The old woman is always been like this. She's very picky."

When Huo Yunshen had chosen this program for Xu Xiyan, he had checked the list of staff and guests and judges of the program and confirmed that Tianyu had no hand in it.

As for Zhong Qingzi, he knew a little bit about her. He knew that no matter which show she was in as a judge, she would be very picky in her evaluation.

"Forget it, don't think about those worrisome things. Let's think about what we should eat tonight?"

Xu Xiyan smiled and dropped all troubling matters from her mind.

Huo Yunshen turned his head, glanced at her for a quick moment and said, "I just want to eat one dish."

"What kind of dish?"

The man said softly, his voice slightly husky, "I want to eat my wife. Whether it's braised or stewed, serve it all up to me."

Amused by her husband, Xu Xiyan laughed, slapped his arm and then said coyly, "In your dreams. The kitchen is out of service today."

...

Chapter 1009: It's Not A Question

"It's not a question," Huo Yunshen laughed as he stepped on the pedal and sped his way back home.

As soon as they entered Room 101, Huo Yunshen hugged Xu Xiyan and said, "I'll have the steamed one first."

"Hey! Stop!" Xu Xiyan stopped him in time and pointed at the floor.

Huo Yunshen lowered his head and noticed there were a few other small shoes on the shoe rack.

He had completely forgotten that a few kids would be playing in his house that day.

The couple went into the living room, and they could hear kids playing in Ying Bao's room.

The door wasn't completely closed, and they peeked into the room.

Fang Xiaocheng and Yi Xiao were also present in the room with four other kids, Ying Bao, Tang Feimo, Lu Qiancheng, and Mike.

Even though Ying Bao was the youngest, she played the part of an adult and asked everyone to sit down in a line.

"Let's play house later when we go live," Ying Bao said happily.

"Okay!" the other kids replied unanimously. They were always curious about Ying Bao's live stream, and they were finally able to see how she did it.

"Then let's begin!" Ying Bao announced, and she turned to Fang Xiaocheng. "We're ready!"

"Okay, I'll turn on the stream then," Fang Xiaocheng said and logged into the streaming website.

"Hi! It's me, Cherry Baby!" Ying Bao greeted the audience. "I won't be selling plants today, but instead, I want to introduce some of my important friends!"

After Ying Bao introduced all three other boys, she asked, "Can we play house together?"

The boys agreed, and Ying Bao continued, "I'll be the mum, who's the dad?"

Tang Feimo and Lu Qiancheng both raised their hands.

"Hey!" Tang Feimo scolded Lu Qiancheng. "Cherry's my wife, why are you raising your hand?"

"She's my sister! Of course I'm more suitable for the role!" Lu Qiancheng bit back.

"Then you should be the brother!"

The two little boys began to argue in front of the camera.

Ying Bao shook her head and turned to the camera.

"They are always like this, acting like three years old kids," Ying Bao explained. "They always fight when they meet each other. Oh, when will they grow up?"

The two little boys quieted down instantly with their faces reddened.

"Why don't you decide for us?" they both asked Ying Bao.

Ying Bao looked at both of them as Tang Feimo stood straight up, thinking that Ying Bao would definitely choose him.

In the end, Ying Bao pointed at Mike and said, "He'll be the father."

Mike's eyes widened as he never believed that he was good at games because he was always left alone.

"Then what should I do?" Tang Feimo asked angrily as he folded his arms.

"You can be the brother."

"What about me?" Lu Qiancheng asked while pointing at himself.

"You can be the sister," Ying bao said and put a pink hat on him.

Priceless Baby's Super Daddy 1010 He Could Laugh At The Joke For A Year

Lu Qiancheng had always been a little handsome boy but when he wore the pink hat, he looked so funny that everyone laughed at once.

Tang Feimo's stomach hurt from laughing. Hahaha! He could laugh at the joke about Lu Qiancheng dressing up like a girl for a year!

Not only did Lu Qiancheng's funny look amuse the children, but the adults and the audience viewing the live stream were amused too.

They were showered with gifts, donations, and comments from the viewers ceaselessly.

Among them, there was an upstart fan named "Beishan Knight" who had directly rewarded them a "luxury villa" gift worth 50,000 yuan.

Seeing that they were enjoying themselves, Xu Xiyan decided not to enter the room and disturb them. She said as she pushed Huo Yunshen out, "Come on, let's go cook some delicious meals. We should make more food for these little kids."

"Okay! Then let me eat you tonight!"

Huo Yunshen felt dissatisfied after being left hanging as he was not able to "eat" his wife.

"Eat me your ass! Your mind is really dirty!"

Xu Xiyan laughed, her lips curving up like a beautiful flower.

Huo Yunshen embraced her and kissed her beside her lips. "Whoever gave me such a beautiful wife! If not you, who should I think of?"

"You're so cheesy!"

Xu Xiyan pushed him away, laughing as she ran to the kitchen. Huo Yunshen quickly ran after her too.

They prepared a very rich lunch. Xu Xiyan informed Fang Xiaocheng and Yi Xiao that lunch was ready and told the kids to go wash their hands.

Just as everyone had sat down at the long table, the doorbell rang. Ying Bao toddled off cheerfully to open the door and saw that it was Ye Xun and Huo Sanyan who had come.

Before entering, Huo Sanyan sniffed the air and said, "Oh my! Something smells really good! Is it time for lunch?"

Ying Bao understood her very well. "Auntie Three-Eyes! You have a dog's nose, haven't you?"

Huo Sanyan picked up the little girl and turned her about. "How dare you say that? You say your Auntie's nose is a dog's nose? Why are you so cheeky towards your Auntie?"

"Hehehe..." Ying Bao giggled as her aunt teased her.

Huo Sanyan and Ye Xun entered the house. As professional freeloaders, they automatically sat down at the table without being invited.

Xu Xiyan set two more sets of tableware for them, then said, "Please help yourselves, everyone. We've prepared a lot of food today and there's enough for everyone to eat."

Fang Xiaocheng, who was almost 7 months pregnant now, winked at the four children as she reminded them, "Are you all forgetting something? Say thanks to her."

The children had watched the new version of the drama "Princess Huanzhu" during the day at home, so they had learned the way the characters address each other. After Fang Xiaocheng's reminder, the children chorused at the same time, "Thank you, Your Majesty!"

"Hahaha..." Xu Xiyan laughed in amusement. "You kids are very polite! Well then, I shalt reward my little subjects a big chicken drumstick each."

Xu Xiyan plucked food for the children with her chopsticks. Ying Bao looked at the head of the table but it was empty. She asked, "Where's my emperor daddy?"

Xu Xiyan laughed, wiping off her tears of laughter. She turned around and shouted toward the kitchen,

"Thy Majesty! Thy princess is calling thee for lunch!"

"Thy Emperor hath come!"

Huo Yunshen appeared with two more dishes, setting them on the table. He took off his apron, sat down and stroked his daughter's head. "It seemeth mine little princess is still the one who loves me the most."

Fang Xiaocheng was watching the family of three as they had fun acting as royals in an ancient time period. Without realizing herself, she began to laugh.

Ying Bao saw Fang Xiaocheng laughing. Pleasantly surprised, she said, "Father! Mother! Auntie Orange is laughing!"

Fang Xiaocheng froze, then subconsciously touched her own face. Had she laughed? She didn't even realize.

Xu Xiyan noticed that Fang Xiaocheng had really smiled. It seemed that being together with the kids was very helpful to her emotional healing.

"You little devils, you all must make Auntie Orange happy more often, understand?"

"Yes, ma'am!" the little devils chorused in unison.
