

Priceless Baby 1041

Chapter 1041: A Challenge from the Mistress

Jing Zhannan put on a pair of sunglasses and a cap before following Huo Yijing into the elevator and standing behind her.

Huo Yijing's head was down, and Jing Zhannan could not make out what kind of face she was making, but he could see from the reflection on the door that her face was pale.

His heart tightened as he saw her in an unusual mood.

Did something happen?

Huo Yijing was completely absorbed into her own thinking and did not notice the man standing behind her.

The elevator stopped on the 16th floor, and Jing Zhannan followed Huo Yijing out after waiting for a few seconds so that she wouldn't notice him.

Huo Yijing stopped in front of Room 1688 and tightened her grip. She paused for a moment before she raised her hand to knock on the door, but stopped mid-air.

After hesitating for a while, she was about to turn and leave when she noticed a cleaner coming out from another room.

Huo Yijing stopped the cleaner and gave her some cash to knock on the door.

The cleaner rang the doorbell, and before long, the door opened, and a man in a white bathrobe came out.

"I did not order any room service," the man said.

"My mistake, sorry for disturbing," the cleaner apologized and left.

The man closed the door but was stopped by a hand.

The man raised his head, and his eyes met the woman's eyes. They were both stunned and remained silent until another woman in a bathrobe walked towards the man.

"Mr. Lu, who are you talking to?" the woman asked.

She looked outside and noticed it was Huo Yijing. She was clearly surprised but quickly regained her posture.

"Oh, so it's Mrs. Lu," the woman said.

Huo Yijing had already recognized who the woman was; she was Lu Mingsheng's personal assistant, Shen Wan.

"So this is what you meant by work?" Huo Yijing scolded. "Working in the bed with another woman?"

If Huo Yijing had not received an anonymous tip, she would never have known that her own perfect husband was having an affair with his assistant.

She was the only one who always thought that their love was absolute.

She thought that her husband was a successful person who loved his son.

“What else should I do? Bring her back home?” Lu Mingsheng bit back.

There was no guilt or panic in Lu Mingsheng's voice, only excitement, and a taste of revenge.

Shen Wan's smile widened when she heard Lu Mingsheng scolding back.

“How did you become like this...” Huo Yijing asked with her shaky voice.

In her memories, Lu Mingsheng was always nice to her until a short while ago.

She thought that it was due to stress from his work.

“You should thank yourself for this,” Lu Mingsheng said. “Since you did not want to bear my kid, I have no choice but to find other people to take on that responsibility.”

The other person that Lu Mingsheng mentioned was lying in his arms as if she was the winner.

“Mrs. Lu, if you were a smart person, you would not have come here. But don't worry, you can still be the strong woman you always were. Leave the giving birth thing to me.”

Chapter 1042: Cuckolded For Six Years

No matter how Huo Yijing tried to protect the overall situation, she was still a courageous woman with a sense of uprightness. How could she tolerate others bullying her under their feet?

Almost subconsciously, she directly grabbed Shen Wan's hair, yanking her out from behind Lu Mingsheng and slapping her a few times viciously.

Shen Wan was caught off guard. She fell to the ground after being slapped, tears of grievances falling ceaselessly down her face. “Mrs. Lu, why did you hit me...”

“So what if I hit you? Who taught you to become a lowlife and steal someone's husband!”

The daughters of the Huo family were not to be trifled with. Huo Yijing was not a saintly lady either; there was no need to show mercy to bitches like Shen Wan.

She lifted her foot and began to kick Shen Wan viciously. In front of Lu Mingsheng, this cunning slut did not fight back at all; she even acted as though she was pitiful and miserable.

Seeing that his wife was acting irrationally, Lu Mingsheng directly grabbed her wrist and yelled, “Huo Yijing! What are you doing?”

Slap!

As soon Huo Yijing turned around, her other hand came and slapped Lu Mingsheng. She shook off his grasp and glared at him with reddened eyes, shouting at him:

“What am I doing, you ask? You, the great President Lu, are having an affair with another woman outside behind my back—have you ever thought about my feelings? You're so shameless but I'm not throwing away my dignity! Listen here, Lu Mingsheng! We are finished! I want to divorce you! You can get together with that bitch!”

“Huo Yijing, are you trying to mess with me?”

“You're the one who is forcing me!”

The two glared at each other angrily, neither wanting to back down.

“When I was being cuckolded long ago I should've known that this day would happen!” Lu Mingsheng said angrily.

“What do you mean? Since when did I betray you? Didn't we already have our son Chengcheng?”

Huo Yijing knew that Lu Mingsheng had always wanted a daughter, but she refused to have another child because she could not let go of her career.

Was it because of this that he went looking for another woman behind her back, and let that woman bear his children?

“Whether Chengcheng is my son or not, you should know very clearly yourself. You've cuckolded me for six years. Do you think that I'm a fool?” Lu Mingsheng said icily, his tone full of irony.

“...”

Huo Yijing lurched as though she was struck by thunder. “What are you talking about? Lu Mingsheng! Your son is yours! How could you say that?”

“Don't act dumb! I've already gotten a paternity test, he is not my own blood at all! Don't tell me you don't even know whose child it is, huh?”

Lu Mingsheng somehow knew it, because everyone around him had said that he and his son did not look alike. So he got suspicious and had secretly gotten a paternity test.

Sure enough, the child was really not his blood.

Six years!

He had helped someone else raised his child for six years!

What a f*cking joke!

Lu Mingsheng's tone turned even worse. “You should get lost quietly and stop bothering me! If you want a divorce, I'll fulfill your wish, but don't even dream of getting a single cent of my assets.”

After saying this, he helped Shen Wan up from the ground and said in an ironic tone, “I treated Shen Wan well because she is still a virgin unlike you. God knows how many men had f*cked you before we got married!”

“Lu Mingsheng!”

How could he say this to her?

She admitted that she had dated Jing Zhannan before she married him. Furthermore, she had confessed to him before that she was not a virgin.

At that time, he said that it didn't matter, and he didn't care about it. But now, he was discriminating against her for it?

She had been married to him for seven years, and the love she shared with her husband for seven years had turned cold just like this?

Chapter 1043: Butt In

Huo Yijing was extremely angered by Lu Mingsheng and raised her hand, trying to slap him.

But Lu Mingsheng caught her hand and slapped back.

The slap was so hard that a red mark was left on Huo Yijing's cheek.

One slap was enough to hurt all of Huo Yijing's pride.

“You would even hit me for her?” Huo Yijing scolded. “Come on! Slap me again if you dare!”

“And what makes you think I won't?” Lu Mingsheng said and raised his arm again.

But just as his hand was about to hit Huo Yijing, it was caught by another man.

Lu Mingsheng turned back and was met with a pair of eyes as sharp as an eagle's.

Huo Yijing also turned her head and was stunned by the person that appeared.

It was Jing Zhannan.

“You dare call yourself a man?” Jing Zhanna scolded, his stare sharp enough to pierce someone's skin.

The moment Jing Zhannan let his grip go, Lu Mingshen was punched in the face.

His nose was broken by the punch as Shen Wan shrieked from shock.

Jing Zhannan did not plan to interfere, but the thing he could not stand the most was people bullying Huo Yijing.

He had been hiding in the dark and learned that Huo Yijing was at the hotel to catch Lu Mingsheng with another woman.

Jing Zhannan used to date Huo Yijing in the past, but because of his father's disapproval, Huo Yijing was angered by it and married Lu Mingsheng without thinking twice.

Jing Zhannan thought that Lu Mingsheng would treat her well and love her dearly, but what he witnessed was completely different from what he had imagined.

There was no way Jing Zhannan would ignore what he was seeing. He had to butt in.

“Who the heck do you think you are? This is a family matter!” Lu Mingsheng scolded.

“Oh yeah? Then try and hit Yiyi one more time! I'll make sure your body is never found!” Jing Zhannan threatened with a voice cold enough to stop Lu Mingsheng from moving.

Huo Yijing's mind was in a complete mess. She never expected that the next time she met Jing Zhannan she would be in such a desperate state.

But the way Jing Zhannan stood up for her shook her a little.

Yiyi, remember this, as long as I'm alive, I won't let anyone hurt you.

Huo Yijing suddenly remembered the promise Jing Zhannan had made.

Even though they had broken up seven years ago, he still appeared right before her in times of need.

Lu Mingsheng noticed Jing Zhannan that called Huo Yijing “Yiyi” and suddenly thought of something when he focused on Jing Zhannan's face.

“You bastard! Is this the man that you're seeing?” Lu Mingsheng scolded.

The situation was very awkward.

“Yes! He is! And the most important part is that he's better than you in every way!” Huo Yijing said as she crossed her arm with Jing Zhannan's.

Perhaps it was an attempt to regain her pride, but Huo Yijing had no idea why she did that.

“Dear, let's go,” Huo Yijing said and left with Jing Zhannan.

But before they left, Jing Zhannan gave Lu Mingsheng a death stare as a warning.

But because Huo Yijing had twisted her ankle from Shen Wan's push, the first step she took was painful enough to stop her from moving.

Chapter 1044: Strike First To Gain The Initiative

Jing Zhannan knew that her ankle was injured. Without saying more, he directly picked her up and strode off with her in his arms.

Lu Mingsheng's face turned red like an angry bird as he saw his wife leaving with the other man, blatantly making a cuckold of him. He screamed in a demanding tone, “Huo Yijing! Stop right there! Come back here!”

However, he was ignored.

Outside the hotel, Huo Yijing asked Jing Zhannan to let her down, also thanking him for helping her to get out of trouble.

But the man turned a deaf ear. Not only did he not let her down, he directly carried her into his car and put her in the backseat, then got back to the front to start the car and drive away.

On the road, Jing Zhannan asked her, “Where do you want to go?”

“Wherever.”

Where could Huo Yijing go now?

At this time, her heart was wounded and scarred, and she had no home to return to.

After that, the two did not talk. Huo Yijing looked out of the window forlornly while Jing Zhannan quietly drove on until they reached the Jing family house.

After arriving home, Jing Zhannan carried Huo Yijing out from the back seat. Huo Yijing recognized the Jing family courtyard and went into a panic. "Hey! Why did you bring me to your house?!"

Jing Zhannan replied nonchalantly, "You're the one who said 'wherever.'"

Huo Yijing: "..."

As the two entered the house, they happened to meet Jing Huaduo, who had not retired to bed yet. Jing Huaduo's reading glasses almost fell off in his shock when he saw his son come back with a girl in his arms.

After looking carefully at the girl's appearance, he stood up from the sofa in astonishment. "Zhannan, you..."

Before the old man could reprimand him, Jing Zhannan quickly struck first to gain the initiative. "Dad, you said it during dinner just now. You said you wouldn't object to me and Yiyi."

"I didn't. I was just..."

Jing Huaduo felt like vomiting blood. Didn't his son know that he was just quarreling with that old man Huo Xun just now?

It was all out of spite when he said that he regretted preventing Jing Zhannan and Huo Yijing from dating. But he hadn't said that he could carry her back home right now, had he?

Besides, Huo Yijing was already married into the Lu family, and yet this kid had brought her back. What was he trying to do?

Jing Zhannan interrupted him coldly, "Dad, stop nagging. Yiyi is injured, go find our family's best bone-setting medicine for me."

After finishing his words, Jing Zhannan carried Huo Yijing straight to his own room.

Jing Huaduo was speechless. That rotten brat had even commanded his old man while acting as the girl's savior and knight in shining armor.

Hmph! Like he would!

Although he did not agree with his son's behavior, the old man still went off to look for the medicine obediently.

Who else could he blame?

This was all his doing in the first place, doggone it!

Otherwise, the two would have long been married, and their child would be all grown up now.

After the door was closed, Huo Yijing felt so awkward that she didn't know what to say. "Zhannan, it was all my fault just now. I shouldn't have used you as my shield. I'm sorry... I..."

"Don't say anything anymore! No matter what happened in the past, don't mention it anymore. I only know that now, I, Jing Zhannan, will never hand you over to that beast Lu Mingsheng! I can't watch him bully you again!"

Jing Zhannan and Huo Jingjing had gone on their ways for seven years. He wondered how her life had been for those seven years?

The public had spread stories about the unbreaking love between her and Lu Mingsheng and how they were a golden couple, but based on what he had seen today, that was not the case.

That man had failed her. What right did he have to have her as his wife?

He really regretted that he did not stop their wedding that year!

Huo Yijing was used to being a strong woman. She gave off the impression of a very capable and hard-bitten woman to other people. She rarely cried—or rather, she had never shed a tear ever since breaking up with Jing Zhannan seven years ago.

Chapter 1045: In Trouble

Huo Yijing did not cry when she caught her husband with another woman, and she did not cry when her husband slapped her. But tears began to roll down with Jing Zhannan's words, expressing all of her feelings that she had been holding in for the past seven years.

She cried as if she was a lost child.

Jing Zhannan waited until she stopped crying and helped treat her ankle with his family's traditional medicine.

Huo Yijing slept in Jing Zhannan's room that night and Jing Zhannan slept in the next room.

Even though only a wall was separating them, both of them could not sleep.

Huo Yijing couldn't help but recall the married life she had for the past seven years. Even if the public thought of them as a happily married couple, the truth was really ugly.

Huo Yijing was the type of person who would never tolerate her husband having an affair. Divorce was the only path left for her.

The only problem was that it would leave a scar in her son's heart.

Huo Yijing couldn't help but remember what Lu Mingsheng had said when she thought about her son.

If Lu Mingsheng was right, then the only person left that could be Lu Qiancheng's father was Jing Zhannan.

Huo Yijing had only had two intimate relationships in her past, One was Lu Mingsheng, and the other was Jing Zhannan.

The second was the first day of the Lunar New Year, and the news was covered with Huo Yijing's affair.

Even though Huo Yijing was no celebrity, she was still the person who controlled all of Zstan's media, and being Huo Yunshen's sister also garnered more attention from the public.

The first to learn about the scandal was Huo Sanyan. Her jaw almost dropped to the ground when she saw the news.

The first thing she did was call Huo Yijing, but her phone was off so Huo Sanyan could only call her brother next.

“Hey! Did you see the news? Our big sister is on the headline!”

Huo Yunshen got the call when he and his family were about to head to the Jing mansion.

“What? I haven't seen the news yet.”

“She might be in trouble! Big brother-in-law is filing for a divorce!”

“A divorce?”

Huo Yunshen was really surprised. If it were other people, he would've believed the news, but his eldest sister and her husband weren't the type of couple that would get a divorce.

Huo Sanyan explained the situation briefly and asked Huo Yunshen to take care of the scandal while she would try to contact Huo Yijing.

“What's wrong?” Xu Xiyan asked after Huo Yunshen hung up his call.

Xu Xiyan had heard the word “divorce” and was curious.

“Sanyan just told me that my big sister is filing for divorce. It's even on the headlines. They are saying that she was having an affair,” Huo Yunshen explained.

“Are you serious? Who the hell is making this up?”

Xu Xiyan would never believe that Huo Yijing would have an affair. She could feel it from Huo Yijing that she was happy with the state she was in.

“I already let Sanyan take care of it. Let's discuss it when we meet up with big sis,” Huo Yunshen said as Xu Xiyan scrolled through the news with her phone.

There was a picture in the news where Huo Yijing was being lifted into a man's arm.

The thing that shocked Xu Xiyan the most was that the man looked like her uncle.

Chapter 1046: He Had Learned To Hide A Woman In His House

She looked at his clothes carefully. Weren't they the same ones he had worn during the reunion dinner last night?

What was going on?

At that time, everyone had gone home after dinner. Did Jing Zhannan go off to look for Huo Yijing?

Later when she returned to the Jing family house, she could ask her uncle about it.

The three arrived at the Jing family house. Huo Yunshen took out various gifts from the trunk of the car, then walked through the main gate of the Jing family house with his wife and daughter.

“Great-Grandpa!”

Ying Bao took the lead, prancing off to look for her great-grandfather as Huo Yunshen and Xu Xiyan followed behind her.

Jing Huaduo heard Ying Bao's voice. When he came out of the house, he saw the little girl running towards him.

Ying Bao was wearing a red down jacket that brought out the fairness of her skin and her big, beautiful eyes were full of spirit.

“Oh you're here, Little Baby!”

“Happy new year, Great-Grandpa!”

“Happy new year to you too, little one!”

Jing Huaduo picked up the child. When he got up, he saw Xu Xiyan and Huo Yunshen coming in together. He said with a smile, “You should just come with yourselves! What did you bring so many things for?”

“Grandfather, these are our filial respect to you!”

They all entered the living room together. Jing Huaduo gave the red packet he had prepared to Ying Bao first. When Ying Bao received her red packet, the first thing she did was to hand it to her mother. “Mommy, please help Baby keep it so you can buy Baby's dowry in the future.”

Since the little girl often played playhouse, she had learned the word “dowry.”

“What kind of dowry do you want to buy?”

“Chocolates, lollipops, and also Peppa Pig's house.”

“Hahaha...”

The adults laughed so hard that they had a stomachache. It was really amusing watching the little girl being so serious!

After sitting in the living room for a while, Jing Zhannan was still nowhere to be seen. Xu Xiyan asked, “Grandpa, where is Uncle?”

“In his room.”

“Let me go look.”

Xu Xiyan left Huo Yunshen and the child to accompany the elderly man for a chat and went to find Jing Zhannan.

When she came to her uncle's room, she discovered that the door was open so she walked straight in.

“Un—”

Before she could finish her words, she was stunned by what she saw. There was a woman sitting on the edge of Jing Zhannan's bed, and Jing Zhannan himself was holding up her foot, carefully massaging her ankle.

Was there something wrong with her eyes? How could Huo Yunshen's eldest sister, Huo Yijing, be in her uncle's room?

When did her uncle learn to hide a woman in his house?

Didn't that mean that... today's scandal news was true?

“Uncle?”

Xu Xiyan's voice shocked the two who had been in the room. Huo Yijing jumped in shock and quickly retracted her leg, then greeted awkwardly, “Jing Xi...”

“Big Sis, why are you here?”

“Err, I...”

Huo Yijing found that she could not give a clear explanation.

Jing Zhannan was already standing up. He shot Xu Xiyan a scornful look, probably upset that she had come at a bad time. “Yanyan, you've just come at the right time. Please accompany and chat with Yiyi for me.”

“...” When Xu Xiyan heard her uncle calling Huo Yijing by her nickname “Yiyi” intimately, she felt even more puzzled. Was the two's old love rekindled?

After Jing Zhannan went out of the room, Xu Xiyan came to Huo Yijing's side. She looked at her swollen ankles, then at her red and swollen eyes before asking, “Big Sis, what's going on? You and my uncle... was the news true?”

“What news?”

Since last night, Huo Yijing had her phone turned off and she had no contact with the outside world. She didn't know what had happened out there.

When Xu Xiyan found the news and showed it to her, only then did she know that she had made the headlines.

At first glance, she could tell that it was obviously one of Lu Mingsheng's usual tricks!

After reading the news, Huo Yijing said angrily, "He was obviously trying to place the blame on his victim!"

Chapter 1047: A Chance

Lu Mingsheng was the one who had cheated on her first and yet Huo Yijing was the one who had to take all the blame.

The scandal was enough to ruin Huo Yijing's life. She would lose the most if the divorce were filed against her.

Xu Xiyan finally learned the whole story after talking with Huo Yijing.

"I would've never thought that he was that kind of person! You shouldn't have married him!" Xu Xiyan scolded.

"There's no point in saying that now," Huo Yijing sighed.

"But you can start a new life if you want. You can marry my uncle after the divorce. He'll definitely treat Chengcheng like his own!"

Ever since Xu Xiyan heard about her uncle and Huo Yijing, she felt that their story was a tragedy. But it was as if God was giving them a second chance.

Huo Yijing was finally able to see the real Lu Mingsheng and was given a chance to live her life again.

"Jing Xi, please don't say something like that. Our divorce has nothing to do with your uncle..."

After being married to Lu Mingsheng, Huo Yijing did her best to forget Jing Zhannan and live a happy life with her husband.

The only things that were left in her heart were Lu Mingsheng and her son. In short, Huo Yijing really liked Lu Mingsheng.

Even if she really did leave Lu Mingsheng, there was no spot for Jing Zhannan in her heart.

The only thing that she hoped for at that moment was for her leg to heal and to leave the Jing mansion.

"Fine, I won't say anything further," Xu Xiyan said, knowing that things like those could not be rushed. "If you really want to leave Lu Mingsheng, then you have my full support. We can have Tang Yitan help you with the case. Even if you don't want anything from him, we can't let him be this arrogant!"

"I know..."

"Yunshen and Sanyan are taking care of the scandal now. You should stay here for the moment."

"But I'm worried about Chengcheng..."

"Don't worry about that. I'll have him fetched over later."

“Thank you.”

“No problem!” Xu Xiyan smiled.

Xu Xiyan knew that, from how her uncle picked Huo Yijing up in public without giving a damn about other people, he wasn't going to give up on her this time.

But just when Xu Xiyan was about to go and fetch Lu Qiancheng, someone had already beaten her to it.

Jing Zhannan had asked Huo Yunshen to bring Lu Qiancheng over to the Jing mansion, and he was already playing with Ying Bao in the living hall.

“Chengcheng is already here?” Xu Xiyan asked when she arrived at the living hall.

“Yes! Look at what he has done! I don't even know what to say anymore!” Jing Huaduo scolded as he looked at his son, who had fetched other people's kid back to their home.

“Then shut your mouth!” Jing Huaduo scolded back.

It was as if he was blaming his father for breaking them apart in the past, or else Huo Yijing would never have to suffer the humiliation she was experiencing right that moment.

“Stop it, both of you!” Xu Xiyan scolded. “And grandpa! Can you at least calm down when there are kids here?”

Chapter 1048: An Inexplicable Closeness

Xu Xiyan came over to persuade Jing Huaduo, “In any case, it was you who had ruined Uncle's chances in the first place, and you have to be responsible for amending it now. Otherwise, you're just like an evil oppressor, a sinner of the ages.”

“...” Jing Huaduo was speechless after being rebuked by his granddaughter.

Xu Xiyan continued, pointing at Lu Qiancheng as she said, “Also, Grandpa, just look at it this way: if Big Sis and my uncle got together, you could even get a grandson for free. You've got nothing to lose in this.”

Jing Huaduo looked at Lu Qiancheng. The child looked very lovable, and he could even feel an inexplicable closeness with him.

Jing Zhannan was trying to interact with Lu Qiancheng. At first, the child was still unfamiliar with him; he kept staring at Jing Zhannan curiously.

Ying Bao introduced to Lu Qiancheng very proudly, “He's my granduncle! Brother, you can also call him Granduncle!”

Lu Qiancheng was very polite. He actually said to him, “Nice to meet you, Granduncle.”

“...”

Jing Zhannan's heart cried out in grievance. Granduncle? That's two whole generations from you, kid. You should call me Father.

Also last night at the hotel, he had heard something very shocking.

Lu Mingsheng had said that the child was not his. Then who had conceived the child with Huo Yijing?

Jing Zhannan had thought about it carefully all night, recalling what had happened between him and Huo Yijing in the past.

The only possibility was that when Huo Yijing married Lu Mingsheng in a flash marriage, she was already pregnant with Jing Zhannan's child. Maybe she had not realized it at the time.

If this inference was true, then Lu Qiancheng was definitely his child with Huo Yijing.

He looked closely at Lu Qiancheng's face. Indeed, the child didn't look like Lu Mingsheng. But looking at his facial features, they actually looked very similar to Jing Zhannan's.

This made him even more sure of his conjecture. Now all he had to do was to get a paternity test.

When the little boy called him "Granduncle," the atmosphere in the room became a bit awkward. Xu Xiyan stroked the child's head and said, "Chengcheng, you can just call him Uncle!"

"Okay, 'Uncle' sounds nicer."

Lu Qiancheng felt that it was much better to call him "Uncle;" he didn't even understand what "Granduncle" meant anyway.

When Jing Zhannan heard the boy calling him "Uncle," he felt much better too. He reached his hand out to him and said, "Chengcheng, want to go see your mother? Uncle can take you to her."

Lu Qiancheng did not extend his little hand to Jing Zhannan. Instead, he asked warily, "Where's Mommy?"

"Ying Bao, take your big brother to your big aunt. She is in your granduncle's room."

Xu Xiyan let her daughter take Lu Qiancheng to his mother so that the boy would be less wary of the unfamiliar environment.

Ying Bao took Lu Qiancheng's hand happily. "Okay! Brother Chengcheng, Baby will take you there now."

Huo Yunshen also stood up and said, "I'll go see my big sister too."

He walked away with the two children. When only the Jing family members remained in the living room, Xu Xiyan spoke her mind, "Grandpa, don't you all think that Chengcheng and Uncle look alike?"

"Huh?" Jing Huaduo suddenly froze all over, then asked in astonishment, "What do you mean?"

"Nothing really. What I mean is, wouldn't you be happy to have a grandson like him?"

"Nonsense! He is not even my grandson. What is there for me to be happy about?"

Jing Huaduo had already long prepared for the broken lineage of the Jing family.

At this moment, Jing Zhannan looked back at them and said quietly, "Chengcheng may be my son."

Jing Huaduo glanced at Jing Zhannan and Xu Xiyan incredulously, then said bluntly, "Don't you two dream of fooling me with this trick! This is something not to be proud of anyway. I disagree."

"Whether you agree or not, I won't let her go again this time. Just wait and see! Get ready to get a grandson for free!"

Chapter 1049: Too Overboard

Jing Zhannan finished what he wanted to say and left the living hall.

"You little...! Get back here!" Jing Huaduo shouted.

The only thing that the old man was worried about was how his son got mixed into Huo Yijing and Lu Mingsheng's situation. Jing Zhannan might be labeled as the one who broke the family's happiness

Huo Xun would've blamed Jing Huaduo for not educating his son properly if he found out about it.

It was impossible for Jing Huaduo to acknowledge the relationship between his son and Huo Yijing.

On the other side, Huo Yijing was really surprised to see her son.

"Mummy, why are you here?" Lu Qiancheng asked as he dug his head into his mother's arms. "Daddy was drunk and puked a lot when you weren't home last night."

But Huo Yijing had no idea how to tell the little kid the truth.

"I hurt my ankle yesterday," Huo Yijing said as she hugged him and patted his head. "Let's go back when I can walk again, okay?"

Lu Qiancheng lowered his head and saw that Huo Yijing's ankle was covered in herbs and bandages.

"Is this it?" Lu Qiancheng asked. "Let me help you."

By being such a good kid, Lu Qiancheng was only making Huo Yijing sadder.

How she hoped that the kid did not have to suffer for the mistakes his parents made.

Lu Mingsheng had always been living a happy life ever since he was born, and his parents never even fought once. Huo Yijing would not dare to picture how it would ruin his life if he learned about how their relationship broke.

"What are you planning to do now?" Huo Yunshen asked so that he could help her with the next step she was going to take.

But Huo Yijing remained silent, and Huo Yunshen asked Ying Bao to take Lu Qiancheng to the garden to play.

"You can tell me," Huo Yunshen said after the kids had left. "No matter what you decide to do, I'll support you wholeheartedly."

"There's no way I can ignore any of this," Huo Yijing said after thinking for a few seconds. "You know I'm the type of person who could not handle these things... I'm getting a divorce for sure, but what I'm worried about is Chengcheng..."

“Okay, I get it,” Huo Yunshen said. “Lu Mingsheng is at fault this time, and I’ll go talk to him. As for the kid, I’ll do my best to minimize the impact on him.”

And so Huo Yunshen went to talk with Lu Mingsheng.

Lu Mingsheng was still suffering from his hangover and had no idea what was happening outside.

Until Huo Yunshen threw a newspaper in front of him and scolded, “Lu Mingsheng! How dare you blame my sister when you were the one who cheated! If you really wanted a divorce, you could’ve just said it!”

Lu Mingsheng instantly woke up from the hangover after reading the headline.

“I did not do this!” Lu Mingsheng said.

“You can deny all you want, but the truth is there!”

“No! It really wasn’t me! I was angry at your sister, and I just wanted to teach her a lesson! I still love Jingjing! As long as she’s willing to come back, we can still go back to the perfect couple we were!”

It was the truth. Lu Mingsheng really loved Huo Yijing, but his love was defeated by his jealousy.

He hated the fact that Lu Qiancheng wasn’t his child by blood, hated the fact that Huo Yijing used to have a relationship with another man.

Learning about it hurt him a lot, it was as if he was struck by thousands of needles in his heart.

“Do you think she’ll give you another chance? You can just wait for a letter from our lawyer!”

In the face of a man who was clearly in the wrong and yet did not know to repent such as Lu Mingsheng, Huo Yunshen would not support Huo Yijing to continue living her life with him.

Today, he may sleep with another woman out of spite and retaliate against his sister. But tomorrow, who knew what other harmful things Lu Mingsheng would come up with.

After dumping such ruthless words on him, Huo Yunshen got up to leave.

Lu Mingsheng went after him anxiously and grabbed his arm. “Yunshen, we’re all men. Please help me persuade your sister. I’ve never thought about getting a divorce.”

Bam!

Huo Yunshen responded with a heavy punch to his face.

Lu Mingsheng fell back and crashed onto the coffee table, shattering it.

Huo Yunshen turned and looked down at him, saying in an icy voice, “You should’ve known the consequences the moment you betrayed her long ago! Whatever harm you’ve done to my sister, I’ll repay it tens and hundreds times fold. Lu Mingsheng, you’re on your own now!”

On the first day of the Chinese New Year, the greatest Huo family had become the talk of the town due to Huo Yijing’s scandal.

Huo Yunshen had let Tang Yichen take over Huo Yijing's divorce case and formally file a divorce lawsuit against Lu Mingsheng.

For a time, Huo Yijing and Lu Mingsheng's divorce case had become the focus of the public.

After Huo Yijing had almost recovered from her foot injury, she moved back to the Huo family home. During this period, Lu Mingsheng had come to see her several times, but Huo Yijing refused to see him.

As for Jing Zhannan, he had entrusted Xu Xiyan with the task of getting a paternity test for him and Lu Qiancheng.

On the eighth day of the Chinese New Year, the divorce case was officially brought into court.

Lu Mingsheng finally saw Huo Yijing in court. She still had the cold bearing of a career woman as though the incident had not caused any harm to her. She did not even look weary at all, but on the other hand, he was physically and mentally exhausted himself.

He thought that he would be content by having his revenge against her, but the truth was, that revenge had ruined his life and family, causing him to fall into a painful abyss.

As Huo Yijing was accompanied by the Huo family members as she attended court, there was no chance for him to approach her.

At this time, even though Lu Mingsheng had repented in his heart and did not want to divorce her, it was too late to change the situation, as lawyers of both sides had already taken their places in court.

The lawyer representing Lu Mingsheng took out evidence of Huo Yijing's infidelity in order to protect Lu Mingsheng's rights to his own property to the maximum.

The lawyer representing Huo Yijing also produced strong evidence, accusing Lu Mingsheng of committing adultery with his assistant, Shen Wan, as a counterattack.

The two sides held to their own statements. Finally, the judge asked for the litigant's thoughts.

In front of the court, Huo Yijing expressed that she only wanted full custody of her son. She didn't want any of Lu Mingsheng's assets, and the media company under her name would be donated to charity.

Lu Mingsheng was deeply shocked. He thought that she would fight hard for her rights in this divorce, but it turned out that she was willing to give up all of her assets.

He was afraid that he would never find another woman who was not greedy like Huo Yijing, a woman who was willing to stand side by side with him against the storm.

He only knew how precious she was after losing her.

At the end of the day, Lu Mingsheng refused to divorce and also to surrender the full custody of his son to her, hoping that he could retain Huo Yijing this way.

However, after the judge's review, the hammer finally dropped, pronouncing the success of the two's divorce.

After the court was closed, Huo Yijing left the court with the Huo family members. Still unreconciled, Lu Mingsheng came after her, wanting to ask for her forgiveness.

He said that he and Shen Wan were just putting up an act and there was no actual sexual relationship between them and that he had done it to anger her.

He said he was also pained that he had hit her, and his head must've been overtaken by anger at that time.
