

## Priceless Baby 1061

### Chapter 1061: Cared About Him

Yuanbao opened his eyes and found his mother right beside him. It made him calm down a little. He felt like something was tying his arm down and tried to remove it.

“Hey, don't do that. Your arm is hurt,” Xiao Yuqian said and stopped him.

Yuanbao listened to his mother and stopped, but his eyes widened when he saw the beautiful woman standing right beside him.

Xiao Yuqian asked him to greet Xu Xiyan, and he did.

“Mummy, I'm fine,” Yuanbao said when he noticed his mother was on the brink of crying. “I'm a man, I can handle this.”

But it only made Xiao Yuqian cry for real when she heard her five-year-old son trying to comfort her instead.

Xu Xiyan was with Xiao Yuqian the whole time until Yuanbao went back to sleep again.

Wen Lanying had already learned from the nurses in the room of the man who had saved Yuanbao.

“Go get something for the person who saved him,” Wen Lanying said when she relayed the information to Xiao Yuqian.

“Okay.”

Xiao Yuqian went to get flowers and fruits from the store outside the hospital and went to the room that the person was staying in.

She noticed that the person was lying on the bed with his back facing her. Even though she couldn't see his face, she could still notice the bandages over his right arm.

“I'm sorry, are you...” Xiao Yuqian said.

The person turned over, and Xiao Yuqian's jaw dropped when she saw his face.

“Ma Haodong? You...”

Ma Haodong noticed the two women standing by the door and asked, “Wait, how did both of you know I'm here?”

Ma Haodong did not tell anyone about his injury and had asked the police and hospital to keep his identity a secret, which was why he was surprised when Xu Xiyan and Xiao Yuqian appeared in his room.

It was very awkward for Xiao Yuqian, as there was no way she could've predicted that the man who saved her son was none other than Ma Haodong.

“Oh my god! So you're the young fella who saved the kids in the news!” Xu Xiyan exclaimed.

“If you call me young fella one more time, you're dead!” Ma Haodong scolded with a smile on his face.

“Right! You're a man now!” Xu Xiyan laughed.

After Xiao Yuqian told Ma Haodong that he was too young, Ma Haodong had changed his style completely. After he let his beard grow, he became manlier than he was.

He had changed a lot for the woman he loved.

“Qianqian, come here. Let me take a good look at you,” Ma Haodong said when he noticed Xiao Yuqian was staring at him with her reddened eyes as if she was about to cry.

See! I knew you cared about me! You just don't want to admit it! Ma Haodong smirked in his head.

But Xiao Yuqian remained standing at her spot and did not move. Ma Haodong tried to sit up, but when he tried to lift himself with his hands, the pain put him back down.

“Mother...!” Ma Haodong scolded.

“Hey! Don't move too much!” Xiao Yuqian said worriedly as her body moved by instinct and ran forward to apply a little pressure on his arm.

“See! I knew you were worried about me. You must've come after seeing the news, right? Why can't you just admit it?” Ma Haodong smiled.

Ma Haodong got more than he had expected from the incident. Even though his arm was injured, he was happier that it gave Xiao Yuqian a chance to come and visit him on her own.

He was really glad when he saw Xiao Yuqian being worried for him and decided that he had to stay hospitalized for a few more days.

“Don't get too cocky!” Xiao Yuqian scolded. “I'm here with Jing Xi, and we weren't here to visit you!”

Chapter 1062: Trying To be Clingy With Her

Xiao Yuqian was very stubborn herself. She would not admit that she was very worried about his injury.

In fact, her heart was full of gratitude to him. If he hadn't appeared in time, then not only would Yuan Bao have been injured, his mother would not have escaped from harm either.

“Why did you come to the hospital, Jing Xi? Could it be that you're pregnant?” Ma Haodong asked nosily.

“...” Xu Xiyan laughed as she explained, “No, I'm not pregnant. I'm here to see a friend's child. It just happened that you're that brave man who saved the child—his name is Yuan Bao.”

Xiao Yuqian's heart skipped a beat. She looked at Xu Xiyan nervously, thinking that she was going to expose it.

Apparently Ma Haodong was still clueless. “Really? Is there such a coincidence?”

“Yeah! It's a real coincidence!”

Xu Xiyan didn't let out the secret but she laughed inwardly: Brother Dong, you have no idea that you've just saved your own son!

After chatting with Xu Xiyan for a short while, Ma Haodong asked again, "It's getting late. Aren't you going home, Jing Xi? Won't your husband worry about you?"

"It's fine. I'm here to accompany you guys for a chat," Xu Xiyan said.

Ma Haodong felt that this third wheel was taking up all the space. He winked at her, trying to imply something. "I don't need your company. You can go on with your business. Qianqian is enough to accompany me here."

Oh, it turned out that she was in their way!

Well, okay then!

Xu Xiyan got the message. She got up and prepared to leave, then said to Xiao Yuqian, "Sister Qianqian, I have to go pick up my daughter. I'll leave you to take care of things here. I'll come again tomorrow to see your Yuan Bao!"

"Hey, Jing Xi..."

Xiao Yuqian felt like crying. She was not specifically here to take care of Ma Haodong; she had only come to see him. Furthermore, she still had to take care of her son!

Since she could not get Xu Xiyan to stay, she decided to leave too. "I was only here to check on you. I have no time to accompany you."

But Ma Haodong grabbed her wrist in time. "You can't go! If you leave, who is going to take care of me?"

"..." Xiao Yuqian was speechless. Was he trying to be clingy with her?

But then again, she should be thankful to him and take care of him. As Xiao Yuqian thought of this, she was no longer in a hurry to leave.

As soon she sat down, Ma Haodong asked her, a suspicious expression on his face, "What did Jing Xi say just now? Your Yuan Bao? That child..."

"You've heard it wrongly!" Xiao Yuqian steeled herself as she explained, then quickly steered the subject away. "You haven't said...why were you there at the scene?"

Ma Haodong didn't mind her changing the subject. Instead, he began to chat with her happily, "I was accompanying my nephew at the amusement park."

Xiao Yuqian had heard him tell her before that he had a nephew and she had also seen photos of his nephew before. He was his uncle's child. Ma Haodong liked children very much, otherwise he would not have the patience to take his nephew to the amusement park.

Thus, the two began to get into conversation as though something had changed in them.

The next day, Xu Xiyan brought a fruit basket to visit Yuan Bao at the hospital.

The little guy was much more spirited. When he heard that it was an uncle who had bravely saved him, he pestered his mother that he wanted to see what that uncle looked like.

“We can talk about this again after you're discharged from the hospital!”

Xiao Yuqian didn't want to let the two meet.

Helpless, Yuan Bao asked his grandmother, “Grandma, when can Yuan Bao be discharged from the hospital?”

Wen Lanying laughed. “When the doctor comes to inform you, you can be discharged.”

Yuan Bao asked again, blinking his large eyes, “When will the doctor come inform me?”

“...” Wen Lanying was stumped by his question. She glanced at her daughter for help.

Yuan Bao had reached the age where he had a lot of questions. Once he opened his mouth to ask something, there would be no end to his questions, often causing the adults to be at loss on how to answer him.

Chapter 1063: Calling Her Husband For Help

“The doctor is having his lunch now,” Xiao Yuqian said. “If you get some rest right now, he might come after you wake up later.”

Yuanbao quickly lay back down and closed his eyes.

Xu Xiyan and Xiao Yuqian waited until Yuanbao was sound asleep before leaving.

“Are you planning to tell the kid about his father?” Xu Xiyan asked when they were on the way to the garage.

“Didn't I tell you that I'm not planning to do that soon?”

“But I don't think it's a bad thing to tell him. Just look at how much Haodong has changed for you. He is a responsible man now,” Xu Xiyan persuaded. “Most men would just run when they see people running around with a knife. Haodong was the only one who stood in and protected your mother and son. There's nothing bad about that guy now. Giving him a chance means giving you a chance too.”

Everything that Xu Xiyan had said, Xiao Yuqian understood perfectly. But she lacked the courage, and she had no idea why she was so worried about it.

“I'll go back now. Think about what I've just said, all right?” Xu Xiyan said as she walked out from the elevator, leaving Xiao Yuqian stunned in it.

Xu Xiyan really hoped that Xiao Yuqian would come to her senses and stop wasting time.

Xu Xiyan walked towards her car and started the engine once she got in.

But just as her car started to move out, a few cars also started their engines and drove towards her.

Two of the cars were right beside hers, and Xu Xiyan noticed that they were trying to ram her from both directions. She quickly stepped on the pedal and accelerated.

She avoided the collision as two other cars ran into each other.

She already guessed that those cars were waiting for her when other cars began to close in on her.

She noticed that another car had just left the garage, and the barrier was still opened. She couldn't care less and stepped on her pedal, rushing through the barrier.

The cars that were after her were all blocked by the barrier as it closed down.

Xu Xiyan thought that she was safe when she left all the pursuers behind, but she was wrong. It was as if there was a GPS on her as other cars began to close in on her once again.

Xu Xiyan increased her speed on the highway and drove through the traffic as if they were playing cat and mouse.

She quickly dialed Huo Yunshen's phone number and put on her Bluetooth earphone.

"Hey, where are you now? Do you need me to pick you up?" Huo Yunshen asked when he picked up the call.

"Yes! I'm on the outskirt highway now heading east! A few cars are chasing me from behind! Hurry up and send help!"

"I get it! Keep the line open! I'll get there right away!"

Chapter 1064: Still Had A Way To Deal With Them

Xu Xiyan was trying to lose the unknown vehicles pursuing her on the road for almost 15 minutes before two helicopters appeared over the skies of Peijing city.

Due to the helicopters' low-altitude flight, the noise of their engines was quite loud, causing the citizens of Peijing to stop in their tracks to look up.

The door of the leading helicopter was opened. Huo Yunshen was sitting by the door, his hands gripping tightly on his sniper rifle as he took aim at the road below.

In order not to frighten pedestrians, he had added a silencer to his rifle.

After looking down from the sky and determining the coordinates of Xu Xiyan's car, he could clearly see that Xu Xiyan's car was being pursued by four or five cars.

He was still in contact with her; Huo Yunshen said, "Dear, I see your car. I'm now right above you. Try to lead them to Binhai Highway."

"Okay."

Xu Xiyun cooperated with Huo Yunshen and drove towards Binhai Highway.

There were fewer vehicles and pedestrians there, making it easier to deal with the pursuing cars behind.

Xu Xiyun turned her car sharply onto Binhai Highway with a drift. The five cars tailing her like a shadow also caught up with her; some accelerated to overtake her car, sandwiching her in between their cars.

Xu Xiyun tried to steer her car calmly. Just thinking that Huo Yunshen was just above her gave her immeasurable peace.

Bang!

With a muffled bang, the car in front was hit in its wheel. Due to its extreme speed, the entire car flipped over the guardrail and plunged straight into the sea.

Splash! The car sent up a large wave as it hit the sea and finally sank into its depths.

Xu Xiyun bit her lips with an excited expression on her face. She praised her man for his precise shooting. "YES! Beautiful!"

As the cars sped on, several more muffled bangs followed. The first car behind Xu Xiyun's car crashed into the guardrail, suspended on its side on the seaside cliff. Then several other cars sped over and collided into it, crashing and stacking onto one another like a pyramid.

Unfortunately, all those cars tumbled into the sea together as they got too heavy.

Xu Xiyun glanced back at the empty road behind her, her lips curving into a bright smile. She quickly stopped her car at an empty spot by the sea.

Not long after, one of the two helicopters slowly landed near her. A tall figure jumped down from it, striding towards her quickly.

Before the man could approach, Xu Xiyun jogged forward a few steps before rushing forward, plunging herself into the man's arms and holding him tight.

"You must be really scared, dear!"

Huo Yunshen hugged the little woman in his arms tightly, one large hand rubbing her back. As long as he recalled the thrilling scene, he would feel panic surging from his heart.

"No! How could the wife of Huo Yunshen be a timid person? Even if you didn't come today, I still had a way to deal with them," Xu Xiyun said with a confident smile, giving the man an assured look to make him feel at ease.

"I know that you have the ability. You've done very well today and you've let your husband deal with the bad guys. I don't want you to be hurt."

Huo Yunshen felt lucky that he had called her at that time, and even more glad that she had not hidden the matter from him; otherwise, he could not have come to her aid in time.

“Yeah. As long as I think that you're by my side, I will not be afraid. Dear, you've given me a lot of courage and strength.”

After Xu Xiyan finished her words, she turned around in his arms and faced the sea, admiring the magnificent ocean.

“Me too.”

Huo Yunshen hugged her from behind and rested his chin on her shoulder, enjoying the beautiful scenery with her.

The car chase incident and then the crashing of the cars into the sea just now had attracted the attention of the police and the media, and news about it was quickly spread on the media network.

Chapter 1065: Intolerable

Shen Mengyuan was staring at her television in her mansion, waiting for the good news while Mary brought out the fruits she had cut and placed them in front of Shen Mengyuan.

“What's the situation now?” Shen Mengyuan asked.

“There's no way she can escape this time!” Mary said, as she believed that even getting out from the garage would be a feat to pull off.

Even if Jing Xi did manage to get out of the garage, Mary had also arranged for other people to wait for her outside. Their orders were to go after Jing Xi if she got out.

They were supposed to force Jing Xi off from the highway and lead her into an accident.

“I really can't wait for Channel News One tonight!” Shen Mengyuan laughed.

They sat in front of the TV until the news was on.

“At 10:17 a.m. today, an accident occurred at the Coastal Highway, causing more than 4 cars to plunge into the ocean. With us now is our reporter on scene...” the news anchor reported.

The screen changed and showed police and firefighters pulling the cars out from the water.

Mary looked at the car plates and shouted, “Oh my god! Aren't those our cars?”

“What?”

Shen Mengyuan sat up straight instantly and focused on the screen. Those really were the cars that she had hired.

“Where's Jing Xi? Where's her car?” Shen Mengyuan shouted excitedly, eager to notice Jing Xi's car among those that were pulled out from the water.

But she waited until all of the cars were pulled out from the water, and none of them belonged to Jing Xi.

It meant that Jing Xi had once again escaped unscathed.

Shen Mengyuan quickly checked online but found no post regarding Jing Xi's accident.

“What the hell!” Shen Mengyuan scolded as she crushed the tablet in her hand. “That bitch got away again!”

The thought of Jing Xi being alive still made her furious.

Ever since Jing Xi caused Shen Mengyuan to lose her sponsor, Li Zhonghao, she had been obstructing Shen Mengyuan's career. Not only had Jing Xi managed to pull Shen Mengyuan down from her first place in the Legendary Star Chef, but she also caused the truth about Shen Mengyuan's birth parents to be made public.

The scariest part to Shen Mengyuan was that Jing Xi was also nominated as one of the Best Newcomers in the Golden Goose Awards along with her.

Shen Mengyuan had no chance to win the award if Jing Xi was also nominated and she knew it herself.

And winning the Best Newcomer Award was the reason Shen Mengyuan had changed from being a model to an actress.

Shen Mengyuan knew that no matter what it took, she had to get rid of Jing Xi.

Just as she was planning the next step, she got a call from An Nan.

“Let's meet at the usual place,” An Nan said over the phone.

“I'm not free today,” Shen Mengyuan said, unable to bear the thought of looking at An Nan's oversized face and body again.

Shen Mengyuan had a relationship with An Nan because she wanted to get first place in Legendary Star Chef. Now that she had been stripped of her position, An Nan was of no use to her anymore.

Other than that, she also has an appointment with one of her new sponsors, and she could land a new role in a film if she went to the appointment.

“Yuanyuan, if you don't come, then the photos...” An Nan threatened.

Chapter 1066: Take Him Down Ruthlessly

In the beginning, she had taken photos of them so she could threaten him. But now, those photos had become his means of controlling her.

Shen Mengyuan fought down her disgust and anger, then said, "Fine. Wait for me, I'll come over right now."

She complied with him, but she felt a growing urge to deal with Yannan—she had to find a way to get rid of him.

In addition to winning the investor over to her side, she had to find another favorable backer—best to get one who could help her win the Golden Goose Newcomer Award.

Anyway, Shen Mengyuan had learned the reality of things. In the entertainment circle, the strong bully the weak; those with power will always have the influence.

In this industry, taking the honest route for your career would ultimately lead you to your doom.

Anyway, everyone in this industry was exploiting others to gain an advantage; they had all slept with someone else. The only difference was how many people they had slept with.

Why not take advantage while you're still young to seize all resources into your own hands?

What Shen Mengyuan did not realize was, since having such corrupted thoughts, she was walking down a dark path in her acting career.

Before leaving, Shen Mengyuan told Mary, "Go find out who the judges of this year's Golden Goose Awards are. I want detailed information."

She thought that if she could settle the judges of Legendary Star Chef, it shouldn't be difficult to deal with the judges of the Golden Goose Awards.

Men are all just the same; they are animals who think with their lower body.

Shen Mengyuan went to the usual place—Huayue Hotel. It was also the place where she and the investor Qi Guohua had agreed to meet each other. What a coincidence.

She went to the hotel room to meet with Yan Nan first. She knew that the man, who was a professional chef, liked to be pretentious. Before doing it, he had a habit of drinking a glass of red wine to help with the mood.

Thus, when Shen Mengyuan poured wine for him, she deliberately added a little something extra in it.

Yan Nan took the wine into his stomach, then the two frolicked in bed. After only one round of lovemaking, Yan Nan fell dead.

Shen Mengyuan pushed the dead man away, quickly got dressed and touched up her makeup, and sprayed herself with perfume to cover up the scent of their sweat.

After checking herself in the mirror and making sure that there was nothing amiss on her, she left the room quietly to look for the investor.

The investor Qi Guohua was the president of the Qi Group and he had long taken an interest in Shen Mengyuan's looks. He had taken the initiative to contact her and offered to invest in her new film.

Shen Mengyuan came to the appointment on time. After a conversation between the two, they climbed onto the a bed in tacit agreement.

In order to climb to the top, and in order to stamp Jing Xi under her feet, she was going all out for it!

At Shengshi Yujing.

Xu Xiyan and Huo Yunshen returned home. Huo Yunshen's men also reported back to him.

Since the cars that had pursued Xu Xiyan had fallen into the sea, none of the drivers survived. Thus, no valuable clues had been found so far.

Huo Yunshen wondered whether Mo Yutian was behind this incident. He asked Yi Xiao, "Did Mo Yutian do anything these past few days?"

"Nothing special. Everything seems normal."

"That's strange."

The quieter it was, the more he felt a conspiracy was being plotted. It was just like the calm before a storm; silent yet terrifying.

"Monitor him more closely. We must catch his every move," Huo Yunshen ordered.

In order to protect his wife and daughter, and many more innocent people, he had to take him down ruthlessly when necessary.

In March, the Black March, the JS Group would exterminate the Dark Zone in full force.

The Chinese New Year was over and the children were finally going back to school.

Xu Xiyan and Huo Yunshen personally sent Ying Bao to her kindergarten. They watched their daughter run into the school with her small schoolbag on her back. Both husband and wife could not describe what they were feeling.

They wished that their daughter would always be a small child who would never grow up so she could stay by their side all the time.

"Our daughter is just so adorable. Whatever are we going to do about her?"

Chapter 1067: Are They Worried Too?

The most worried one was definitely Ying Bao's father, Huo Yunshen, because Ying Bao would definitely grow into a beauty.

"Isn't that a good thing? We don't have to worry that she can't find a man for herself," Xu Xiyan said, being more open-minded than her husband.

"Do you think that Tang Yitan's kid will be a decent man in the future? What should we do if he turns bad?"

Huo Yunshen was worried that the man Ying Bao would see in the future would be a bad person.

He really wanted to know if every father in the world had the same worry as he did.

“Aren't you overthinking it? They are a decent family, so you don't have to worry about that,” Xu Xiyan said as she grabbed Huo Yunshen's arm. “Come on, you should get to work. Stop worrying about these things.”

After seeing her daughter and husband off, it was time for Xu Xiyan to get back to her job.

After reading through the scripts Xiao Yuqian had given her and getting suggestions from Huo Yunshen, Xu Xiyan decided to take on a new village life themed film, *The Brilliant Spring Flowers*.

Xu Xiyan did not choose the film at first but changed her mind after Huo Yunshen insisted her on taking the role.

Huo Yunshen's reason was that being a successful actress, Xu Xiyan needed a film that showcased her acting skills and nothing else.

It meant that every successful actor or actress has to take on roles in small films for them to leave an impact on the viewers' hearts.

*The Brilliant Spring Flowers* talked about a very plain village girl, Chun Hua. The film revolved around Chun Hua's life, and the story was told through her.

If the actress played the role perfectly, they could attract the hearts of millions of viewers.

Xu Xiyan was eager to try the new role, but Xiao Yuqian told her that she had to wait until after the Golden Goose Awards.

The Golden Goose Awards finally arrived in March.

It was the biggest film award in all of Zstan and winning one of the awards was every actor and actress' dream.

Xu Xiyan thought of her mother who had also been nominated as the Best Actress in the Golden Goose Awards. But she was not able to take it home.

Xu Xiyan had followed in her mother's footsteps, finally achieving a nomination in the Golden Goose Awards.

Her plan was to win the Newcomer Award and aim for the Best Actress Award shortly after by doing her best in portraying every character she got her hands on.

The day before the awards proved to be the most dangerous for every nominee.

Xu Xiyan's mother had met her life-changing accident just one day before the award, and so Xu Xiyan was on high alert. Xu Xiyan had asked Huo Sanyan to check if there were any scandals about her online and if there was, they had to take care of it right away.

At the same time, Shen Mengyuan was pleasuring the man under her at Huayue Grand Hotel.

The man was one of the Golden Goose's judges, Qin Taosheng, a person that held great power in the industry.

He had been a judge for the award for quite a few years, and his opinions were highly regarded among the judges.

If Shen Mengyuan could earn the favor of Qin Taosheng, she'd have a higher chance of winning the Newcomer Award.

Other than taking care of the judge, Shen Mengyuan had also asked Mary to handle another thing for her.

Shen Mengyuan had a picture from Lan Ling'er that showed Jing Xi having an affair with Mo Yutian.

The picture was a huge turnaround for Shen Mengyuan.

### **Priceless Baby's Super Daddy 1068 The Best Means Of Attack!**

These photos were simply the best means of attack!

As long as these photos were published through minor media channels, Jing Xi's name would be tainted in minutes. Furthermore, Huo Yunshen would even end up being cuckolded.

This was really a good idea to kill two birds with one stone!

When Shen Mengyuan was preparing for tomorrow, her assistant Mary had already contacted a minor media channel, which was an underground media studio. She wanted to let them find a way to release Jing Xi's scandal without being detected.

But unfortunately, she had found the wrong person. The person she had found was a paparazzi member called Ah Feng, a newcomer who had just joined the industry. This was his first job but he was a bit timid about it, so he took it to the boss of his studio for advice.

When the boss, Xia Bin, saw that it was related to Jing Xi, he immediately called Huo Sanyan to inform her about it. He and Huo Sanyan were former classmates—they had a strong relationship!

Last time, Huo Sanyan had treated him to a meal. She had also told him to immediately inform her if he had gotten hold of any scandals related to Jing Xi.

Therefore, to return Huo Sanyan's favor, Xia Bin relayed the news to her.

After learning about it, Huo Sanyan contacted Xu Xiyan immediately. Xu Xiyan received some pictures from Huo Sanyan. When she saw that they were photos of Mo Yutian and herself kissing passionately, she suddenly felt as though she was struck by thunder.

Who fabricated these photos?

She and Mo Yutian had never been so intimate before!

These must be Photoshopped!

They were definitely synthesized!

This was the only reasonable explanation Xu Xiyan could think of. She felt lucky that the scandal was intercepted before it could be released to the public. If this kind of scandal were to be published and seen by her jealous husband, the consequences would be simply unimaginable.

She immediately left Huo Sanyan a voice message. "Third Sis, these photos should be destroyed immediately. Do not let Yunshen see them, no matter what. I'm worried that he would misunderstand."

Huo Sanyan replied with a voice message: "Understood. I will handle it in secret, you can rest assured."

After listening to Huo Sanyan's voice message, Xu Xiyan prepared to delete it but her phone was suddenly snatched away. When she looked up and saw that it was Huo Yunshen, her heart sank.

"Dear..."

"What photos should be destroyed immediately and must not be seen by me? What is it that you're afraid that I'll misunderstand?"

"It's nothing. Please give me back my phone!"

Xu Xiyan wanted to snatch her phone back, but the man had already seen the photos through the still open WeChat screen.

He scrolled up to look at the previous messages, the horror in his eyes intensified. When he saw everything, Huo Yunshen's face turned dark. He held out her phone at her, asking, "What's this? You and Mo Yutian...?"

"No, dear, these photos were all fabricated. They were definitely photoshopped. I've never been like that with Mo Yutian before."

Xu Xiyan was extremely anxious now. What she had feared the most was that he would see those photos, and yet they ended up being accidentally seen by him.

"Whether they were really fabricated, I can test it with special software. Wait here!"

Huo Yunshen had actually taken her phone away to inspect the photos. After a short while, he returned angrily, throwing her phone back at her. He said to her furiously, "The photos are real. How are you going to explain this?"

"I don't know... Dear, someone wanted to destroy me by releasing these photos through minor media channels. Your third sister was the one who intercepted them for me. If you don't believe me, you can ask her. She can testify for me." Xu Xiyan tried her best to explain. She didn't want an unpleasant misunderstanding happening between her and Huo Yunshen.

"I'm not concerned about who was trying to spread the scandal. I'm concerned about what has happened between you and Mo Yutian. What have you hidden from me?"

As long Huo Yunshen thought about what Xu Xiyan had told him at Hengshan—about what Mo Yutian had done at the hotel in that evening—he could not calm down.

"Did this happen back at Hengshan? That time, you told me that he kissed you on your forehead while you were distracted, isn't that right? But what are these photos all about?"

...

Chapter 1069: Furious

The two people hugged each other tightly in the picture, and it was clear that they were French kissing.

Pictures of Xu Xiyan and Mo Yutian having an intimate relationship were like slaps in Huo Yunshen's face.

No matter how good of a person Huo Yunshen was, there was no way he could tolerate his wife having an affair with another man, and Mo Yutian at that.

"No! Please! Let me explain," Xu Xiyan said. "It's not like that! I never betrayed you!"

It was as if her head was about to explode. She finally realized what her mother had felt when she was caught in bed with another man by Xu Jinshan the day before the award.

No amount of explanation could clear her name.

The worst had befallen Xu Xiyan. Even though the pictures weren't made public, Huo Yunshen had learned about them.

Perhaps because Huo Yunshen was triggered by the pictures, he could not think logically anymore. He pushed Xu Xiyan onto the wall and pressed his hand on her chest.

"How did he treat you?" Huo Yunshen asked. "Like this? Huh?"

"No... Nothing happened between us..."

"Am I blind to you?" Huo Yunshen scolded and tore her shirt apart.

He lowered his head and bit her lips, treating her body roughly.

The usual kind and gentle Huo Yunshen was gone.

Xu Xiyan could taste the blood in her mouth. Huo Yunshen was completely furious and couldn't even care if he made her lips bleed.

Xu Xiyan finally collapsed from exhaustion, and Huo Yunshen washed her body before putting her to bed.

Only then could he calm down a little.

Xu Xiyan woke up the next day only to find Huo Yunshen not next to her.

She forced herself up and looked all over the house, but Huo Yunshen was nowhere to be found.

Normally Huo Yunshen would have to wake up earlier and prepare breakfast for her, but the table was empty.

Her husband was gone, and there was no breakfast.

The only explanation Xu Xiyan could find was that Huo Yunshen was still angry.

Xu Xiyan panicked and tried to call Huo Yunshen, but his phone was off.

Huo Yunshen rarely switched his phone off unless something huge was going on. And even so, Huo Yunshen would notify Xu Xiyan every time before he switched his phone off.

Xu Xiyan quickly cleaned herself up and drove to the Huo Group's building.

She asked the reception if Huo Yunshen was in his office, but the reply she got was that Huo Yunshen had not shown up at the office that day.

Xu Xiyan tried calling every friend Huo Yunshen had, even Tang Yitan, but all of them told her that they did not know where Huo Yunshen was.

On the other side of the phone, Tang Yitan ended his call with Xu Xiyan in White Bar's VIP room.

Huo Yunshen was by his side, chucking down glass after glass of alcohol.

“Are you sure it's a good thing for me to lie?” Tang Yitan asked while putting his phone down. “What really happened?”

It would be normal for couples to argue, but Tang Yitan could never believe it if the couple was Xu Xiyan and Huo Yunshen.

Chapter 1070: In Order To Make Him Give Up

When Tang Yichen saw that Huo Yunshen had become sullen, he became anxious. “Come on, say something! What happened? I'll help you find a solution.”

“You can't help.”

Huo Yunshen looked pained as though he had been struck by a blow to his heart.

“What's so big a thing that it cannot be solved? Are you looking down on me? I am a lawyer. There is no problem that I cannot solve,” Tang Yichen said feistily.

In order to make Tang Yichen give up, Huo Yunshen let him glance at the photos.

“Forget it. Just pretend that I've said nothing.”

Tang Yizhen sucked at his teeth after seeing the photos, finally understanding. It turned out that Jing Xi had gotten into a scandal with another man.

Looking at the problem, it was something he couldn't help Huo Yunshen with. This was something that could only be solved by the couple themselves.

After a moment of silence, Tang Yichen said again, “I think this is impossible! Jing Xi is not that kind of person! What's more, she loves you so much.”

That's right. Since she loved him so much, how could she be entangled with Mo Yutian?

This was exactly what Huo Yunshen could not figure out all this time.

Huo Yunshen could not be found anywhere. In the end, Xu Xiyan gave up looking for him, deciding to let him calm down before talking to him again.

She went to see Huo Sanyan to specifically track the source of the photos. According to information provided by Ah Feng, she found out that the photos had been provided by Shen Mengyuan's assistant, Mary.

Why had Mary gotten underground media channels to publish scandals about her?

The only logical explanation to this was that Shen Mengyuan had instructed her and it was highly probable that she had done it.

That woman had always hated her. It must be because she did not want her to win this year's Golden Goose Award.

"What are you going to do now?" Huo Sanyan asked Jing Xi.

"My usual style of treating such people is to make them taste their own medicine."

Xu Xiyan felt anger swelling in her heart. This was all Shen Mengyuan's fault. If it weren't for her, she would not have a misunderstanding with Huo Yunshen.

Since Shen Mengyuan wanted to ruin her behind her back, then she would make sure Shen Mengyuan suffered too.

"Okay! Leave this to me!"

As a former paparazzi of the entertainment circle, investigating whether a person has scandals was just a piece of cake to Huo Sanyan.

The Golden Goose Film Festival was held at the Peijing Cultural Exhibition Center and famous celebrities from various fields in the entertainment circle were invited. It was a grand event.

Originally, Xiao Yuqian had arranged for Jing Xi and Huo Yunshen to walk together on the red carpet as a couple, but now at the last minute, she had to arrange for her to walk the red carpet with Ma Haodong.

At 7 pm, after Xu Xiyan had dressed and styled herself, she and Ma Haodong were taken to the event venue by a celebrity van provided by Jingyue Entertainment.

The injury on Ma Haodong's arm had almost healed. He was supposed to get ready to walk the red carpet with Qi Liya and Huang Guoqiang.

However, he had been suddenly arranged to accompany Jing Xi without notice. He was surprised. "Why are you not walking the red carpet with your husband? I heard from Qianqian that you two are supposed to walk together as husband and wife!"

"He has something up that he couldn't put aside."

Xu Xiyan gave an awkward smile, brushing the matter aside with an excuse.

In fact, she was feeling very upset inside. She could only force herself to cheer up.

They arrived at the venue just in time. As soon as they got off the van, they were surrounded by the media.

Xu Xiyao wore a black off-the-shoulder dress tonight. The only accessory on her was the sun grass brooch on her chest. Under the spotlight, the diamonds and gems on the brooch glimmered dazzlingly.

She gave off an air of magnanimity, nobility, and imperiousness. She was full of a queen's regality.

Ma Haodong was not bad himself either; he wore a black handmade suit that brought out his slender figure, giving him a noble look.
