

## Priceless Baby 1101

### Chapter 1101: Honeymoon

“Yanyan, what should I do?” Fang Xiaocheng asked. “I think his mum is serious, she even asked us to bring the kid back home and have a wedding there. What is happening right now?”

Even though Fang Xiaocheng was nervous, Xu Xiyan thought that they were making good progress.

If Fang Xiaocheng were to really be one with Yi Xiao, not only would Xu Xiyan have to stop worrying about her friend, but Wang Dazhi would even be able to rest in peace.

Yi Xiao was a gentleman, and he was the nicest towards Fang Xiaocheng and her baby,

“Why don't you just go with the flow?” Xu Xiyan suggested. “You can have someone to take care of you, and in return, you can help shut Yi Xiao's relatives up from asking when he wants to get married.”

“But... Yi Xiao... I don't know...”

Fang Xiaocheng believed that a great person like Yi Xiao should find a better woman to live the rest of his life with and not someone like her who already has a child.

“I know, but I'm not asking you to do anything. It's just for show. You can still remain friends in secret while lying to the world that both of you are married,” Xu Xiyan explained. “I've already talked with Yi Xiao, and he does not mind you having had a relationship with another person in the past or having a child. He's willing to take care of you and the baby without asking anything in return. I really believe that Dazhi is living inside of him or else I can't find any other explanation as to why he was so nice to you.”

“...” Fang Xiaocheng thought about it, and just as Xu Xiyan had mentioned, Fang Xiaocheng did sometimes see a lot of Wang Dazhi in Yi Xiao.

After thinking it through, Fang Xiaocheng finally agreed to the fake marriage and was set to go back to Yi Xiao's hometown in two months.

And just a few days after the party, Huo Yunshen and Xu Xiyan got an invitation to Huang Guoqiang and Qi Liya's wedding.

Since the wedding was not far away, Huo Yunshen and Xu Xiyan decided to bring the kid together and treat it as a honeymoon for themselves.

“I'll let the others know,” Xu Xiyan said and opened the group chat that had all of her friends in it.

[Group Notice: We're going to Hawaii to attend Huang Guoqiang and Qi Liya's wedding tomorrow. Let us know if anything happens after we return to Peijing.]

But as soon as Xu Xiyan sent the notice out, the group burst into a discussion.

[Three Eyed Monster: Wait, are you going to Hawaii? I want to go too! Mr. Ye! Let's go on a romantic vacation!]

[Mr. Jing: Sure thing! Yunshen has already prepared his private jet.]

[Autumn Leaves: @Three Eyed Monster I'm not going!]

[Three Eyes Monster: Noooo! Come with me! I don't want to be lonely!]

[Autumn Leaves: Leave me alone! [angry emoji]]

Chapter 1102: A Big Treat For Everyone

[Dongxie Xidu]: Jing Xi, I've also received Director Huang's invitation. Please help reserve good seats for me and my Qianqian. Let's "planepool" together. Thanks.

[Qianqian Quege]: Don't reserve seats for me. I have no time to go.

[Dongxie Xidu]: You dare not go? Believe it or not, I'll teach you a lesson!

[Qianqian Quege]: [Sticker of a bloodied knife]

[Dongxie Xidu]: I'm wrong, dear. Please punish me however you wish tonight.

[Qianqian Quege]: Get lost!!!!

Since everyone seemed eager to travel and Xu Xiyan felt like inviting her friends to Qi Liya's wedding to liven up the party too, she might as well issue an assembly order in the group chat:

[Mr. Huo is having a big treat for everyone: A luxury tour to Hawaii! Food, accommodations, and return flight included! Those who are interested sign up now!]

And so this was how a big group of people had shown up to fly in the private plane the next day. Those who had said that they were not coming ended up being persuaded to come by their significant others.

When it came to travel, the most excited ones were the children. Ying Bao was happy that she was able to travel with her parents again.

What made her very happy this time was Brother Feimo and his family had come too. She could play with Brother Feimo together!

Everyone was here and they all shut down their electronic devices. The plane officially took off.

Not long after their plane flew away, a private passenger plane flying in from another country landed at the Peijing International Airport.

The cabin door opened, and a noble and mysterious man got off the plane with a group of people surrounding him.

Ever since he saw the film Landscape that day, Helian Wei had always wanted to come to Zstan to look for Jing Xi to confirm some things.

But every time he was about to come over, there would be a variety of situations happening around him. It wasn't until today that he had free time to fly over here.

As he was traveling privately, President Helian Wei kept himself very low-key. After getting off the plane, he got on his exclusive car and made his way towards the international hotel where he was going to stay.

When he arrived at the hotel, he did not take a rest. He immediately ordered Jin Xiu, "Invite Jing Xi in my name. I want to talk to her in private."

"Yes, Your Excellency."

After receiving his orders, Jin Xiu went off to contact Jing Xi.

However, in Zstan, he could not find out where Jing Xi and her family lived. He could only go to the entertainment company she was under to locate her.

Very unfortunately, the front desk of Jingyue Entertainment told him that Jing Xi had not accepted any jobs lately and her itinerary was not clear.

"Do you have Jing Xi's number?"

"I'm sorry, I cannot disclose her private number to you."

"Then do you have her manager's or her assistant's contact information?" These should be fine to disclose!

The front desk gave Jin Xiu a number, which was Jing Xi's assistant's—Ni Xuelin's.

After getting the number, Jin Xiu made the call but the other party had switched off her phone.

What was he going to do if he couldn't contact her?

It had been difficult for his president to take some time off to come due to his busyness. If he ended up not able to see Jing Xi, wouldn't that be very frustrating?

God knows how many of his brain cells were killed for the sake of locating Jing Xi. He inquired everywhere before finally going to the Huo family mansion.

Unfortunately, they told him that they did not know where Jing Xi was.

Damn it. After searching for her painstakingly, it seemed that she was not in Zstan. Great. Where else could he look?

Without success, Jin Xiu returned and reported to the president dejectedly. "I'm sorry, Your Excellency, I've failed you. I could not find Jing Xi."

"Forget it. Go find out Xu Jinshan's whereabouts now."

"Yes, Your Excellency."

Jin Xiu obeyed and went to investigate.

Xu Jinshan was easily found. It didn't take long for Jin Xiu to find out that Xu Jinshan was currently living in an asylum in the suburbs of Peijing.

Whether or not Xu Jinshan was a madman, Helian Wei had to meet this man.

Would this man, who had once married Jing Ruyue, know the whereabouts of her children?

#### Chapter 1103: He's Turning Insane

Xu Jinshan was sitting on his bed, scratching his legs.

The door was suddenly flung open and in came a group of men in black suits which made Xu Jinshan jump.

He was wary of the people who suddenly visited because he had no idea what they wanted with him.

Until a man in a pair of leather shoes and a bespoke suit walked in.

The man had a mysterious and powerful look in his eyes as if he was above everyone else.

The moment Xu Jinshan saw the man he knew that he was a danger.

The man signaled for all of his guards to wait outside except for Le Xiu.

“Xu Jinshan!” the man shouted as if he was from hell.

As soon as Xu Jinshan heard his name, he thought the devil had come for him. He began to wonder if the man was his former boss, Mo Xie.

Xu Jinshan had only seen the back of Mo Xie and never saw his face, that was why he mistook the man in front of him as his former boss.

He thought that his former boss had come to save him.

“Mr. Mo! Please save me! Get me out of here...”

Even though Xu Jinshan was not insane, he was already at his limit from being locked in an asylum.

He would really turn insane if he were in there any longer.

He tried to hug the man's leg but was kicked away by Le Xiu the moment he closed in on the man.

Helian Wei looked at Xu Jinshan from above.

“Do you know who I am?” Helian Wei asked as soon as he heard Xu Jinshan call him “Mr. Mo.”

“You're Mo Xie! Please get me out of here! I don't want to stay with these idiots any longer!” Xu Jinshan said.

Helian Wei never expected to hear the name of the man he hated the most from Xu Jinshan's mouth.

Helian Wei had already guessed that the person who ruined his relationship was Mo Xie ever since he saw Landscape.

It seemed to Helian Wei that Xu Jinshan had mistaken him for Mo Xie, but he did not tell Xu Jinshan just yet.

“Do you still remember what I ordered you to do?” Helian Wei asked. “You have to tell me since I can tell if you're the real Xu Jinshan or not from your ruined face.

“You gave me a huge sum of money and wanted me to marry Jing Ruyue at all costs. You also told me that I can do anything to her other than having sex with her. I did what you asked, and I tortured her at least three days a week!”

After hearing what Xu Jinshan has just said, anger filled Helian Wei's head as he gripped his fists tightly.

He had no idea that Jing Ruyue had suffered such humiliation after going back to Zstan.

Mo Xie was the one who ruined her life and made Xu Jinshan torture her.

“So you never had sex with her for the whole six years?”

Chapter 1104: Renewing His Views

“No, no, I absolutely did not! Even if you were to give me tens of thousands of bits of courage, I still wouldn't dare.”

Xu Jinshan was prostrated on the ground like a lowly ant.

Helian Wei felt a wave of pain in his chest. He had always thought that Little Moon would have a happy life after marrying someone else.

But who would've thought that her marriage had turned out to be a conspiracy, and furthermore cost her life?

Holding back his sorrow in his heart, Helian Wei asked again, “When Jing Ruyue married you that year, was she pregnant? Was it a pair of twins?”

“Y-yes, yes, t-they're twins.”

“Where are the two children now?”

Xu Jinshan did not dare to speak anymore. He was afraid that he would be punished by his boss. When he had secretly sold the child, he had done it without his boss's knowledge.

Seeing that Xu Jinshan was not talking, Helian Wei narrowed his eyes and took a deep breath. Before he could speak, Jin Xiu went up to Xu Jinshan and began to beat him up viciously. “Are you talking or not? Are you?!”

Xu Jinshan was spitting blood after being beaten up. “I... I... I'll talk...”

Jin Xiu shoved him away. Xu Jinshan struggled to lift his face; it was so swollen like a pig's head. “There's... there's a boy and a girl... I sold the boy when he was born... The girl... The girl has grown up... She is now called... Jing Xi...”

So Jing Xi was indeed his daughter!

And the boy... he had actually sold him?

Helian Wei decided to deal with him personally. He grabbed Xu Jinshan's collar with his white-gloved hands savagely and demanded, "Who did you sell him to?"

"Lady White Tea..."

"Who is Lady White Tea?"

"I... I don't know... I really don't know..."

"Damn you, animal!"

Helian Wei was completely enraged. His eyes seethed with a strong, murderous aura. Like a polar storm, his powerful fist struck Xu Jinshan in the face.

As soon the punch hit his face, blood sprayed from Xu Jinshan's mouth and a few of his teeth were knocked out.

Before he could react, the man's fists and feet came in full force, launching terrible blows at him.

Jin Xiu, who was standing at the sides, was dumbstruck by what he saw. As a leader of a country, President Helian Wei had always given him the impression of a gentle, wise and calm man.

No one had ever seen the President's terrible temper, and no one had ever seen the President beating up someone before.

But today, the enraged President had taught Xu Jinshan a lesson in a brutal manner, renewing Jin Xiu's views of the president.

It turned out that his president also had a bloody side!

Helian Wei vented the anger in his heart by force. He wanted to rip Xu Jinshan into a million pieces very badly. When he had beaten Xu Jinshan until he could no longer get up, only then did he fling him away.

Surrounded by a thick air of foulness and forebodingness, Helian Wei took off his blood-stained white gloves, no longer looking at the man on the ground.

When he turned around, he told Jin Xiu, "Settle this more cleanly. I don't want him to live past 12 o'clock."

"Yes, Your Excellency!" Jin Xiu obeyed, guaranteeing that he would finish the task the president had appointed him with outstandingly.

The President had told him not to let Xu Jinshan live past 12 o'clock. So that meant that he must die before 11:59.

After leaving the asylum, Helian Wei went to the cemetery.

When he looked at the photo of the woman's youthful face on the tombstone, he felt an indescribable heartache.

Pain and remorse spread in his heart ceaselessly.

Recalling the plot in Landscape, Jing Ruyue was forced by Mo Xie. In order to protect Helian Wei, she had no choice but to leave him.

After all, everything was a conspiracy by Mo Xie!

He had separated him and Little Moon by force and also tormented her for six years. Mo Xie had done this to retaliate against him, ruining his most beloved woman for his revenge.

Chapter 1105: Suffered

My Little Moon, how much did you have to suffer for me? Looks like I'll have to pay you back in our next life... Wait for me, we'll be together forever once I finish what I have to do...

Helian Wei sat in front of Jing Ruyue's grave until night fell, thinking of everything he had with Jing Ruyue.

The memories swarmed his mind as if they were waves, almost drowning him.

He sat there until Le Xiu came over and said, "Sir, it's about time we leave..."

Helian Wei got up and touched Jing Ruyue's gravestone as if he was touching her face.

"Little Moon, our daughter is very successful now. She even won the Best Actress Award," Helian Wei said. "As for our son... Don't you worry, I'll find him. And one day, we'll come to visit you as a family."

Helian Wei went back to the hotel, and back to Estan the next day.

After 10 hours of flight, the private jet landed at Honolulu International Airport.

Xu Xiyan and her companions went straight to the luxurious hotel Huang Guoqiang had prepared for them.

They were there two days before the wedding so they could get used to the jet lag.

Huo Yunshen had been taking care of Xu Xiyan and Ying Bao the whole trip, so Xu Xiyan was not tired at all. Since Ying Bao wanted to go to the beach, she packed her stuff and left the hotel.

Even though Peijing was still chilly in March, Hawaii was so much warmer.

They stopped by the beach, and as the kids played, Xu Xiyan, Huo Yunshen, Tang Yitan, and Liang Lan rested under a huge umbrella.

Their eyes never left the kids who were playing not far away.

"Brother Feimo, I want a huge castle!" Ying Bao said. She was wearing a cute sky blue skirt and was running around the beach without anything on her feet.

"Okay! I'll build the biggest one for you!" Tang Feimo said and began to pile up buckets of sands.

Tang Feimo worked fast, and in no time he had built a very delicate and pretty sandcastle for Ying Bao.

“Ying Bao! Look! The castle is done!”

“It's so pretty! Brother Feimo is the best!”

“I now pronounce you the castle's princess. From now on, you're Princess Peach!”

“And which one is the princess's room?”

“This one,” Tang Feimo said as he pointed at a random place.

“But there's no window...”

Tang Feimo quickly poked his finger into the sand and said, “There is one now!”

“Yay! Now I can stay here and look at the garden outside where the dogs are playing...”

Just as Ying Bao was making good use of her imagination, a beach ball flew over and destroyed the castle.

Chapter 1106: Let's Get Married

“Ah... my castle... sobsobsob...”

When Ying Bao saw the beautiful castle was destroyed, she was so sad that she cried.

Xu Xiyao and Huo Yunshen heard the child crying and hurried over to investigate.

Tang Yichen thought that his son had provoked Ying Bao. He asked him indiscriminately, “Feimo, didn't I tell you to play with your little sister? Why did you make her cry?”

Tang Feimo was very innocent. “Dad, I didn't make Cherry cry. It was this nasty ball that smashed our castle.”

The man who came to retrieve his ball realized that his ball had ruined the children's sandcastle, making one of them cry. He immediately apologized to them.

When the man left, Tang Feimo coaxed Ying Bao, “Don't cry, Cherry! Brother will build you an even bigger castle and make you the world's number one princess, okay?”

Ying Bao smiled, successfully amused. With tears still on her face, she nodded and said okay.

As the sun set, they returned to the hotel and had a buffet dinner at the hotel in the evening. They met up with Huang Guoqiang and Qi Liya and asked them about the wedding preparations.

The wedding preparations had been completed half a month ago and they were just waiting for the joyous day to arrive after that. It was obvious that Huang Guoqiang had put a lot of effort into the wedding preparations.

He was really regarding Qi Liya as his precious treasure, pampering her in his hands. Qi Liya was nourished by his love every day and she was exuding a glow of happiness and sweetness from the inside out.

Originally, Qi Liya had only asked Xu Xiyan to be her bridesmaid, but now, Xiao Yuqian, Wandou, Ni Xuelin, Huo Sanyan and several other girls had voluntarily joined the ranks of bridesmaids.

The bridesmaid group and the best man group had suddenly expanded several times. This was also equivalent to giving face to Qi Liya and Huang Guoqiang.

The wedding day finally arrived.

The clean and clear seaside was decorated with fresh and fragrant flowers and purple gauze that danced lightly with the wind. Romance filled the air everywhere.

There were also a lot of handsome men and beautiful women wearing beautiful clothes, all of which had become part of the beautiful beach scenery.

The wedding of Huang Guoqiang and Qi Liya was held here. No media was invited. Only good friends were invited so they could witness their love together.

The bridesmaid group today was very special, but in order not to steal the bride's limelight, everyone's bridesmaid dresses were low-key.

The two children, Ying Bao and Tang Feimo, acted as their little flower girl and boy. Under the blessings of the priest, Huang Guoqiang and Qi Liya completed a romantic wedding.

When the two kissed sweetly, everyone gave their sincere blessings.

After the wedding was completed, it was time for the bride to throw the flower bouquet. Everyone stood behind and waited for the bouquet to be thrown.

Perhaps it was God's will that the flower bouquet went straight to Xu Xiyan and she caught it. Everyone cheered and whooped, asking when she was going to hold a wedding with Huo Yunshen.

"Our daughter is already grown up and there's no hurry for the time being. This bouquet should be given to Sister Qianqian."

Xu Xiyan immediately shoved the flower bouquet to Xiao Yuqian. In their excitement, everyone asked when Ma Haodong was going to marry her. Ma Haodong said surely, "I'm ready any time. Now all Qianqian has to do is nod."

Embarrassed, Xiao Yuqian shot him a look, then handed the bouquet to Wandou. Wandou was so shocked, as though she had been handed a steaming hot potato. She immediately threw the bouquet to Huo Sanyan.

When the bouquet reached Huo Sanyan's hands, she did not continue to pass it to someone else. Instead, she accepted it cheerfully, smiling at Ye Xun as she said, "Young Master Ye, you see, this is simply Heaven's will. In my humble opinion, we should just go with the flow. Now the wedding venue is ready-made and even the priest is also here. Why don't we get married?"

## Chapter 1107: Tragedy Falls

It was courageous for a woman to propose, but it also made Ye Xun feel awkward.

When people started chanting for him to hug the girl, it made him blush even more.

After the ceremony was a trip onto the ocean.

A few boats were prepared, and each boat would seat a couple.

The sky was bright, and the ocean was clear.

As the boats passed through the beautiful ocean, no one had expected tragedy to befall them.

When Ye Xun's boat was about 80 feet away from the shore, it exploded.

The explosion was loud, as smoke rose into the sky.

It was too sudden for anyone to react as their boats were swept away by the blast.

Ye Xun survived the explosion and swam back up to the surface. All he could see were scraps of what his boat used to be, and Huo Sanyan was nowhere to be found.

Ye Xun began to think of the possibilities as he felt fear for the first time.

It would be traumatizing if the person who was asking you to marry her ended up dead the next minute.

The other boats quickly turned back to the shore. Huo Yunshen and Xu Xiyan quickly went back out into the ocean to look for survivors.

Xu Xiyan spotted Ye Xun and shouted, "It's Ye Xun! He's still alive! We have to get him up!"

But Ye Xun shouted back, "Huo Sanyan is missing! I'm going to look for her!"

Ye Xun dived back into the ocean.

They weren't sure if Huo Sanyan could have survived the explosion, but Huo Yunshen had to do something before the actual rescue arrived, and he dived after Ye Xun.

He knew what Ye Xun was feeling, it was the same as when he saw Xu Xiyan jumping out from the plane.

It was fear, worry, and panic.

Ye Xun kept coming up for air and diving back down again.

When the rescue boat had arrived, both Ye Xun and Huo Yunshen surfaced, with Huo Sanyan in Ye Xun's arm.

Her face was pale, and her head was bleeding.

Xu Xiyuan performed a quick check and said, "She injured her head! We have to stop the bleeding now and get her to a hospital!"

Because Xu Xiyuan was not sure if the explosion had caused any other injuries, she was reluctant to move Huo Sanyuan around too much.

Ye Xun looked at the woman who was lying unconscious in his arm, and he could feel his heart hurting.

"Huo Sanyuan, wake up!" Ye Xun shouted. "Please, wake up... wake up... You've always followed my orders, so wake up now, please..."

Ye Xun was hurt in his heart, and it was different than the time when Ying Bao was hurt.

He finally realized that he had already accepted Huo Sanyuan, that he had already fallen for her. It was his own pride that was stopping him from making the next move.

Ye Xun never stopped calling Huo Sanyuan's name, and she finally opened her eyes weakly.

"Sanyuan! Finally..."

Chapter 1108: He Would Not Simply Leave Her Again

In Huo Sanyuan's brief consciousness, to be able to see her beloved Young Master Ye still alive made her feel very good.

"Young Master Ye... I'll not bother you anymore in the future... You can go find any kind of woman you like."

"What the hell are you talking about? I've fallen in love with you since long ago. Don't you know? You stupid woman!"

She finally heard Ye Xu confessing his feelings to her. Her death was worth it!

Huo Sanyuan reached out with her fingers, trying to touch his face. But blood suddenly spilled out from the corner of her mouth. After coughing violently, she fell unconscious again.

"Sanyuan! Sanyuan..."

Ye Xun was going crazy. He held Huo Sanyuan tightly. There were no other moments that were sadder than now.

He didn't know what would happen if he were to lose such a woman who loved him so much. What was he going to do?

Heartache. Sadness. Despair. And he would not forgive himself forever.

The rescue boat sent them to the shore first as the ambulance was waiting there. Huo Sanyuan was taken to the island's hospital.

Outside the emergency room, Ye Xun looked helpless and lost. His heart was full of anxiety. He really wished that the injured person was him. He didn't want Huo Sanyan to be hurt.

His friends came to the hospital to visit. Ni Xuelin saw Ye Xun looking very pained. So she comforted him, "Brother, don't be too upset. Sister Sanyan will definitely be fine."

Ye Xun lifted his reddened eyes and glanced at his sister. He asked, "Tell me, am I usually being too fierce to her? Am I such a jerk?"

Ni Xuelin nodded. "Yeah, a little."

Ye Xun was regretful for his actions. He punched the wall with his fist in his hatred for himself.

If Huo Sanyan were to really die just like that, he would blame himself till the end of his life.

God knows how long he had waited anxiously before the emergency surgery was finally completed. At the moment when the doctor came out, Ye Xun and everyone went up to him to ask about her situation.

The doctor told them very solemnly, "The patient's brain was damaged. Now we've already done our best to keep her alive. We'll see if she can wake up within a week, otherwise, be prepared that she would fall into a vegetative state if she doesn't wake. Even if she wakes up, there will still be aftereffects."

Nobody could imagine what it would be like when an energetic and lively person such as Huo Sanyan became a vegetative person.

Ye Xun fell into great sorrow. Xu Xiyan patted his shoulder as she comforted him, "Second Senior, Third Sis is a good person. God will surely help her. Who knows? She might wake up tomorrow!"

"Whether she can wake up or now, I will not let go of her again."

Right now, he only knew that whether or not Huo Sanyan would become a vegetative person, he would not simply leave her again.

He could still hear her words in his mind when she had gotten the flower bouquet; she had smiled and said that she wanted to marry him.

In a blink of an eye, they had almost become separated into two worlds of the living and the dead.

Huo Sanyan, please wake up soon!

Didn't you say that you wanted to marry me?

As long as you wake up, I'll marry you!

At the sea, the police had begun their investigations. The sea area was temporarily barricaded and thorough investigations were being conducted on the yacht rental company.

Huo Yunshen had already given the order to cover up the incident. For the time being, Huo Sanyan's injury must not be known by their family back in Peijing for fear that they would become worried.

In the hospital, Huo Sanyan had already gone through emergency treatment after her head was injured by the blast. Her life was recovered but she had yet to pass the critical period.

Ye Xun had been watching over Huo Sanyan without rest.

After surviving the critical period, Huo Sanyan still remained unconscious and was sent to the intensive care unit. Her friends came to visit her one after another.

Huang Guoqiang and Qi Liya also came to express their sympathy. They also expressed their regret for this accident happening on their wedding day.

#### Chapter 1109: She Finally Wakes Up

When Xu Xiyan and Huo Yunshen went to visit Huo Sanyan, Ye Xun remained quiet the whole time. His eyes reflected his regrets and remorse, and the couple knew what he was going through.

Humans have the tendency to feel those things only when they've lost the things they took for granted.

Ye Xun had not slept for the past two days, and he was in a bad state. His eyes were red and his beard unshaved. It looked like he could collapse right away.

"You should get some rest," Xu Xiyan said. "You might collapse before she wakes up."

"I'm fine, I want to stay by her side," Ye Xun replied as he grabbed Huo Sanyan's hand. "I was a bastard. I really wish I could turn back time and make her right."

"It's not too late yet," Xu Xiyan comforted. "The doctors said she will wake up soon, and when she does, treat her better."

Ye Xun was thinking of the same thing too. As soon as Huo Sanyan woke up, Ye Xun vowed that he would treat her the best he could.

"But... But it's been seven days."

"She might wake up tomorrow."

And just as Xu Xiyan finished her sentence, Huo Sanyan's eyelids and hands moved.

"Hey!" Xu Xiyan shouted as soon as she noticed it. "I think she's waking up!"

Huo Sanyan slowly opened her eyes but quickly closed them again because it was too bright.

"Huo Sanyan! Sanyan!" Ye Xun shouted, and Huo Sanyan opened her eyes again.

"You're finally up!"

Ye Xun could not hide his excitement as he grabbed her hand and kissed it.

Huo Sanyan realized her hand was being grabbed by a stranger and tried to pull it back, but she did not have any strength in her body and could not do so.

She was troubled as she had no idea who the man was and why he was grabbing her hand.

"Thank God..." Xu Xiyan sighed in relief.

Huo Sanyan noticed the pretty lady in front of her, and she also had no idea who the lady was.

“Who are you?” Huo Sanyan asked as she frowned.

The question shook both Xu Xiyan and Ye Xun as it seemed like Huo Sanyan could not recognize them.

“I'm Ye Xun, and she's Jing Xi, did you forget?”

“No, I don't know either of you.”

No matter how hard Huo Sanyan tried to remember, she could not recall who either of them was.

Xu Xiyan hurried and called Huo Yunshen over.

“Sis?” Huo Yunshen greeted as he entered the room.

“Yunshen...” Huo Sanyan finally met a face she was familiar with.

Xu Xiyan and Ye Xun remained silent as they were both puzzled as to why Huo Sanyan could not recognize them but could recognize Huo Yunshen.

“How are you feeling?” Huo Yunshen asked.

“My head hurts...”

Huo Sanyan tried to get up but realized the pain in her head was killing her.

“Lie down. You're hurt, and you need your rest.”

Chapter 1110: Completely In Despair

Ye Xun thought that if Huo Sanyan was able to recognize Huo Yunshen, then she could definitely recognize him too. It was just that he had not shaved for a few days.

He tidied his messy hair and wiped his face, then came over and grabbed Huo Sanyan's hand. “Sanyan, take another good look at me. I'm Ye Xun. Have you forgotten?”

Huo Sanyan withdrew her hand, then hugged her own head, imploring Huo Yunshen, “Brother, my head hurts. Can you please tell these people to get out!”

She didn't know this man. He was just like a madman going up to her and simply touching her.

Considering that she had just woken up, she might need time to adjust herself. Huo Yunshen had no choice but to ask them to go outside, then call the doctor in to check on Huo Sanyan.

After the doctor came over and checked on her, he said that she was suffering a traumatic aftereffect. Her hippocampus was definitely damaged and she may have short-term amnesia. It was very normal for her to lose some parts of her memory and not remember the people around her.

After hearing such an explanation, Ye Xun was completely in despair. “So that means I don't exist in her memory? She has completely forgotten me?”

Xu Xiyan comforted, "Please don't be sad, Second Senior. She does not remember you, but she also does not remember me either!"

Was she trying to comfort him?

What Ye Xun was sad about was: If Huo Sanyan could never remember him anymore, how was he going to bring the old Huo Sanyan back?

After Huo Sanyan's emotions and spirits were stable, Huo Yunshen took Xu Xiyan into her ward and asked her to recognize her. "Third Sis, do you know who she is?"

Huo Sanyan looked blank. After looking at her for a while, she said with pleasant surprise, "Bro, is this your girlfriend?"

"She used to be my girlfriend, but now she is my wife, Jing Xi. Have you forgotten?"

"Third Sis..." Xu Xiyan called out to her.

Huo Sanyan's reaction was once again surprising. "Sis-in-law is so beautiful. When did you two get married? How come I don't remember it?"

The couple: "..."

Huo Yunshen and Xu Xiyan exchanged looks, guessing that Huo Sanyan might have forgotten the memories of a certain period of her life. For example, if she could not recognize Jing Xi, then it could be speculated that she had lost all the memories after Huo Yunshen and Jing Xi's meeting.

They brought their daughter to Huo Sanyan and let her see her. "Then, do you still remember her?"

Huo Sanyan thought for a long time but she could not recognize her. Ying Bao felt hurt. "Auntie Three-Eyes, how could you forget Baby? Did water go into your head?"

Of course, how could water not have entered her head after she fell into the sea?

In her surprise, Huo Sanyan had accepted the fact that her brother had secretly married a wife and given birth to a child. After seeing their daughter, she expressed how much she adored the child.

"Oh my God, a niece has fallen from the sky for me. Mom and dad must be really happy to hear this."

"Yeah."

After that, Huo Yunshen said a few more things and it was clear that Huo Sanyan's memory was stuck in the time one or two years ago.

Since Huo Sanyan could not remember recent matters, they did not force her to recall them.

Let's just let things go with the flow!

The door of the ward opened again and Ye Xun entered. He had already gone back to refresh himself.

He had already shaved his beard, had a shower and changed his clothes. He was completely refreshed, returning to his former handsome self.

He thought that if Huo Sanyan saw his usual handsome self, she would definitely remember him.

However, when Ye Xun stood before her bed with fresh flowers in his hands, Huo Sanyan asked Huo Yunshen, "Is this person in the wrong ward?"

Ye Xun almost vomited blood. He had groomed himself up so finely, and yet she still could not remember him?
