

## Priceless Baby 1111

### Chapter 1111: A Complete Stranger

Ye Xun thought that he was the type that Huo Sanyan liked and he was confused when she showed no interest in him.

“Sis, he's your boyfriend,” Huo Yunshen quickly explained.

“No way!” Huo Sanyan laughed as she shook her head. “There's no way I would get myself a boyfriend, I don't even want to get married. Plus, he's not even my type.”

“...” It was as if thousands of needles had pierced through Ye Xun's heart as Huo Sanyan had completely forgotten about him. He was a complete stranger to her.

What made him panic was the fact that Huo Sanyan mentioned that he wasn't the type she liked.

But no matter how panicked he was, no one could help him. The only thing that anyone could do was to wait until she regained her memories.

The report from the investigation of the explosion showed that it was a terrorist attack.

The culprits who were apprehended were terrorists from the Dark Zone.

While most of the people had left Hawaii and gone back to their homes, Xu Xiyao and her family remained in Hawaii to take care of Huo Sanyan.

When Huo Sanyan was much better, Huo Yunshen was about to leave with his wife and kid.

“Wait, what about me? Who's going to take care of me?” Huo Sanyan asked in a panic when she heard that they were leaving.

“You still have Ye Xun, right?”

“Who wants that weirdo to take care of them?” Huo Sanyan scolded. “Is this mum's plan? Trying to force a guy on me when I can't remember anything?”

She held firm a belief that Ye Xun had been put by her side by her mother so that she could force her to marry.

“...” Ye Xun's face was as dark as charcoal as he had become a weirdo in Huo Sanyan's mind.

“Uncle Treeleaf is not a bad guy,” Ying Bao said when she was about to leave. “He'll protect you.”

“I don't need anyone to protect me! I still have a lot of things to do!” Huo Sanyan scolded, remembering that she was still in charge of Yunhai Entertainment's PR.

"I'm giving you a one month vacation!" Huo Yunshen ordered. "Ye Xun will take care of you from today onwards, and you are to listen to everything he says. If you don't, then we have no choice but to set up a wedding once you get back."

"..." That kept Huo Sanyan's mouth shut instantly, as the thing she was afraid of the most was being forced into a marriage.

She had gone back to the woman she was, a person who despised marriage. She was being cold towards Ye Xun and rejecting him from the bottom of her heart.

Ye Xun was also to blame, as he had never treated Huo Sanyan well and now he was tasting his own medicine.

Yet he still threw away all his pride and remained next to Huo Sanyan.

There was a reason for Huo Yunshen's sudden departure.

He had gotten the news that Huo Erqi's headquarter in Fstan had been attacked by a suicide bomber, and she was admitted into the hospital.

### **Priceless Baby's Super Daddy 1112 He Could Not Help But Feel Anxious**

Several hours later, the plane landed at the Fstan Airport. Their group rushed to the hospital where Huo Erqi was admitted.

When they arrived at the hospital, Huo Erqi had already undergone surgery and was now lying in the intensive care unit. Fortunately, she had only suffered a few external injuries and her life was not in danger.

Police in Fstan had begun to investigate the cause of the suicide attack. After the investigation, it was confirmed that the incident was caused by local dark forces in Fstan—members of the Dark Zone.

It was the Dark Zone again!

Huo Yunshen made a bold speculation: Was it because Mo Yutian wanted revenge against him that he had deliberately ordered his men to create such a vicious incident starting from his loved ones?

As he thought of his family far away back in Peijing, Huo Yunshen could not help but feel anxious. Looks like he had to hurry back to Peijing to be at ease.

After there were no more major problems with Huo Erqi, their family of three immediately flew back to Peijing without delay.

...

Back in Peijing, the family of three first returned to the Huo family mansion. Chen Yunlu had already ordered the servants to prepare a hearty lunch. Now she was just waiting for them to come home to have lunch together.

Chen Yunlu had been standing at the main entrance for more than an hour, craning her neck to look out for them.

Huo Zhen came over in his wheelchair and teased her, "Stop looking for them. You're going to be a giraffe if you continue looking out for them like that!"

Chen Yunlu turned around and said, feeling peeved, "I'm happy to become a giraffe. I just can't help missing my granddaughter! I'm not like you. You don't even bother to ask about our children after they've been gone away for so long."

"Won't they be annoyed if we ask too much? When they're supposed to come back, they will naturally come back!"

"Okay, okay, I understand. You're such a reassuring person."

Despite saying that, Chen Yunlu still stood in the same place, looking outward anxiously.

Not long after, a few figures finally appeared in the shade of the trees. Chen Yunlu squinted her eyes to look clearly. "They're here! Dear! They're back!"

"I see them!"

Huo Zhen looked in the direction she pointed with her finger and saw his son and daughter-in-law arriving with his little granddaughter. The family of three were walking towards them.

Chen Yunlu noticed that only the family of three had come. She did not see Huo Sanyan. She wondered, "How come I didn't see our little Sanyan?"

"It's not like you don't know that she's always not at home."

Chen Yunlu did not ask anymore. When the family of three was nearing, she went up to greet them happily. "You're all finally back! Oh, Cherry, come to Grandma!"

After seeing her grandmother, Ying Bao ran happily to her and plunged into her arms, greeting her sweetly, "Grandma~!"

"Oh, my precious granddaughter, let Grandma take a good look at you. Have you gotten fatter?"

Chen Yunlu hugged her granddaughter happily, then looked down at her. "Mmm, it seems you've gotten fatter. Your little face has become round."

"Heheh, Grandma! Baby has been eating seafood every day, so that's why Baby has gotten fatter!" Ying Bao said proudly as she clung onto her grandmother's neck.

"Mm-hmm! It's good to grow fatter! Best to eat till you're strong and chubby."

After kissing her granddaughter, Huo Yunshen and Xu Xiyan came in front of her and greeted her, then they entered the house together.

When he saw that his family was well, only then did Huo Yunshen feel the knot being freed in his stomach.

The lunch had been prepared long ago and was already served on the table. After coming back from washing their hands, the family sat down to eat.

The family patriarch Huo Xun also came to eat together with everyone. At the dinner table, Chen Yunlu couldn't help asking why Huo Sanyan had not come home.

"Mom, Third Sis wanted to play in Hawaii for a little longer. She will take care of herself. Don't worry!"

Huo Yunshen would not dare say anything about her sister's accident in Hawaii otherwise his aging mother would definitely buy a ticket and fly over there to see what had happened to her daughter.

"I'm not worried about her. It's just that your sister is no longer young. She's the only one in this family who is unmarried. How can your father and I not be anxious?"

...

### Chapter 1113: Pregnant

"I'm not," Huo Xun said, making Chen Yunlu stare at him angrily.

In truth, Chen Yunlu was worried that her daughter, who was well over 30 years old, might not be able to get married.

"She has Ye Xun, and he's taking really good care of her," Huo Yunshen explained.

"Are they even real? When I met Ye Xun last time, it didn't seem like he had any interest in your sister," Chen Yunlu replied, as Ye Xun had not left a good impression when she last met him.

"No, he really likes her. You just have to sit and wait for their wedding."

That made Chen Yunlu calm down a little, but only just for a while as Huo Yijing's problem still remained unsolved.

"Yunshen, is there any news on your big sis?" Chen Yunlu asked. "Can't you find someone to look for her?"

"I've already found her, but she said she's not planning to come back. Don't worry, she'll come back once she's thought it through."

Huo Yunshen had indeed already found his sister, but she refused to go back to Peijing, as both Jing Zhannan and Lu Mingsheng were still looking for her. She did not want to meet either of them for the time being.

"I don't know why, but I have a bad feeling something might happen to us shortly..." Chen Yunlu mumbled, worried about her children.

"You might be tired. You should get more sleep," Huo Yunshen said, keeping the incidents that had happened to both of his sisters from her.

"You're right, I might be overthinking it. Jing Xi, here, try some of the fish I made," Chen Yunlu said as she placed a piece of fish on Xu Xiyuan's plate.

Chen Yunlu had really changed a lot, and she really cared for both Ying Bao and Xu Xiyuan a lot. The only thing she wished was that Xu Xiyuan could give her another grandchild.

"Thank you," Xu Xiyan said, putting the fish into her mouth. But she spat it out right away and coughed heavily.

"What's wrong? Are there bones in the fish?" Huo Yunshen asked as he helped her by patting on her back.

"No, my stomach doesn't feel well."

"Here, have some tea," Huo Yunshen said as he poured a cup of hot tea for her.

"Wait!" Chen Yunlu stopped Xu Xiyan from drinking the tea.

Huo Yunshen raised his head to look at his mother, wondering why she stopped Xu Xiyan from drinking the tea.

Chen Yunlu thought of a possibility and smiled. "Jing Xi, could it be that you're pregnant?"

"..." Xu Xiyan had never thought about it, but Chen Yunlu's words made her think.

She had been very tired in recent days and her periods were late.

"You're pregnant?" Huo Yunshen asked as he looked at her, full of surprise.

Chapter 1114: I'm Going To Be A Father!

Even the two elders, Huo Xun and Huo Zhen, were very pleasantly surprised to hear the news.

The most pleasantly surprised was little Ying Bao. She lifted her head and asked, blinking her big eyes, "Is Mommy going to give birth to a little brother for me?"

"I don't know. It can't be!"

Although Xu Xiyan especially wanted to bear Huo Yunshen another child, he had always put on protection; by right, she shouldn't be pregnant.

If she was really pregnant, then when did it happen?

Could it be the time after she was rescued by Huo Yunshen after jumping into the sea?

"Don't you know Chinese medicine? Why don't you check your own pulse and see whether you're pregnant?"

Huo Yunshen urged her to check her own pulse quickly.

Xu Xiyan obeyed and put her right hand over her left wrist. She bit her lip as she began to feel own pulse.

But after feeling it for a while, she still felt a bit uncertain. "It doesn't seem like it!"

Maybe she was being so nervous that she was not able to feel her own pulse accurately.

“You must not be checking it accurately. I'll take you to the hospital for examination now.”

Huo Yunshen immediately got up and left the table, pulling Xu Xiyan with him as he headed out of the house.

Seeing that her son was in a hurry, Chen Yunlu quickly reminded him, “Slow down, Yunshen. Don't touch Jing Xi's stomach.”

“I know, Mom.”

Without saying anything, Huo Yunshen directly picked up Xu Xiyan in his arms and strode out of the door.

“...” Xu Xiyan didn't know what to say. It was not even confirmed whether she was pregnant or not but everyone acted as though she was confirmed to be pregnant.

“Daddy, Mommy, Baby also wants to see Little Brother.”

Ying Bao also wanted to follow but Chen Yunlu stopped her. Her grandmother coaxed her, “Cherry, your father is going to accompany your mother to the hospital for examination and they may not have time to take care of you. Why don't you wait for them at home with your grandma and grandpa and great-grandpa?”

“Okay then! I hope Mommy will give birth to a little brother for me this time, otherwise, the other children will laugh at me.”

Ying Bao had boasted to her classmates several times that her mommy was going to give birth to a little brother for her. Later, when her classmates asked her whether her little brother was already born or not, she was embarrassed to speak.

“Yes, as long as you be a good girl and wait for them at home, your mother will definitely give birth to the most beautiful little brother in the world for you.”

“Yay, okay! I'm going to give my flower dress for my little brother.”

“Haha...”

The little rascal's words had amused the adults.

Outside, Huo Yunshen carefully placed his wife in the passenger seat, helped her strap on her seatbelt, then drove out of the Huo family mansion.

The Huo Yunshen of today had changed his usual speedy driving habits. He was now driving the car very, very carefully.

Half an hour later, their car had not yet reached the city's inner ring road. Xu Xiyan peered at the speedometer on the dashboard. The needle was constantly hovering at 30 mph. She could not help but say, “Dear, why don't I drive instead?”

“You... You must be joking!”

Huo Yunshen was worried that a mishap would happen to her; that was why he had driven the car so slowly.

Before it was confirmed whether there was a child in her belly, he still had to assume that there was one. So he had to be careful—it's better to be safe than sorry.

Therefore, this very cautious prospective father had broken a new low speed record. All the other cars around him overtook his luxury car. Even the old man riding on his motor tricycle was driving faster than him.

Slowly, they arrived at the First People's Hospital. Huo Yunshen took Xu Xiyan directly to Qin Kun.

Qin Kun first ordered a urine test. The urine test results came out as “faint positive.”

“Great! You're really pregnant, dear! I'm... I'm going to be a father!”

Chapter 1115: Her Wish Came True

Huo Yunshen was so happy that he hugged his wife tightly as tears filled his eyes.

“Didn't you say you don't want any kids any time soon?” Xu Xiyan asked with a smile.

“Of course I want another one! But I was worried that you'd have to suffer from it. I don't want anything to happen to you.”

“That's why I want one,” Xu Xiyan smiled. “The thing I wanted to do the most is to welcome the baby with you and let the baby grow up with the father right next to him.”

Huo Yunshen was not a selfish person; if his wife did not want a kid, he would never force her.

Even if they only had Ying Bao, that would be enough for him.

In truth, Huo Yunshen would also be happy if Xu Xiyan was the only person by his side.

“I'll be a good father, I promise,” Huo Yunshen said. “But the report mentioned something called weak positive...what does it mean?”

Qin Kun explained that, since Xu Xiyan had only become pregnant a few days ago, or perhaps because the test wasn't in the early morning, the result was weak positive. But Qin Kun assured them that Xu Xiyan was indeed pregnant, but would still have to undergo a blood test to be 100% sure.

And they waited for another half hour for the blood test, and the result was “Early Pregnancy.”

“There's nothing to worry about here,” Qin Kun said. “Come back in 10 days for an ultrasonography scan. If you have folic acid at home, you can take it until three months before the delivery.”

“Got it.” Xu Xiyan had already prepared the folic acid, as she had been taking it ever since she planned to have another baby.

“Congratulations, you're going to be the father of another child soon,” Qin Kun smiled as he shook Huo Yunshen's hand.

“Thank you.” Huo Yunshen smiled back, his heart melting at the thought of having another baby in nine months.

Huo Yunshen was extra careful on their way out of the hospital.

“Be careful, there are rocks on the ground,” Huo Yunshen warned.

“Don't worry, I'm not that weak,” Xu Xiyan smiled. “I can even run a 200-meter dash if you want me to.”

“You better not do anything harsh until the baby is born!” Huo Yunshen scolded as soon as he heard her mentioning the 200-meter dash.

“I will.” Xu Xiyan laughed even harder.

“You are not allowed to do anything dangerous!”

“Fine, fine.”

Both of them went back to Huo mansion to tell everyone about the good news.

Ying Bao jumped up and down when she heard the news, as her wish had finally come true; her mother was going to give her a baby brother.

Chapter 1116: Everlasting Love

After having dinner at the Huo Family Mansion, Huo Yunshen returned to Shengshi Yujing with his wife and daughter.

Originally, Xu Xiyan wanted to share the good news with Fang Xiaocheng at once. But when she saw that the lights in apartment No. 103 were not lit up, she remembered that Fang Xiaocheng had already followed Yi Xiao back to his hometown with her child. It might be a while before she came back.

After they got home and had a bath, the husband and wife lay down on the bed with their daughter between them.

Huo Yunshen stroked his daughter's little head and asked, “What kind of story does Cherry want to hear tonight?”

Ying Bao thought about it for a while before she suddenly had an idea. She got up and leaned close to her mother's stomach and said, “Daddy, Baby doesn't want to listen to a story anymore. Baby wants to tell a story to Little Brother.”

“Sure. What story do you want to tell your brother?”

The couple was pleasantly surprised to hear her say that.

They always knew that she was a sensible child, but they didn't expect her to be this sensible. Now she even knew to start loving her brother.

“Baby is going to tell the story of Three Little Pigs!”

Ying Bao cleared her throat and began to tell the story animatedly.

She finished one story, but she was still not content. So she started a second story.

As their daughter was telling the story seriously, Xu Xiyan and Huo Yunshen leaned against the headboard of the bed, watching the little girl.

Xu Xiyan suddenly said, “I feel a strong sense of premonition.”

“What premonition?”

“I feel that after this child is born, he will definitely be spoiled.”

Xu Xiyan could imagine it. In the future, this child would be spoiled by his father and his sister all day long. Furthermore, he would be favored by his family elders and aunts. It could really be said that he would be loved by many.

“It's alright. I'm willing to spoil my baby!” Huo Yunshen said very proudly. Before his daughter could look back, he quickly kissed his wife on her cheek.

Xu Xiyan shot him a look and smiled. She couldn't describe the sweetness she was feeling in her heart.

They rested for the night. The next day, Huo Yunshen sent the child to school.

Xu Xiyan continued to stay at home, but her holidays were over; she was supposed to start work again.

Previously, the drama Let's Divorce, Mr. Huo had entered the casting stage and most of the cast was selected. The launch of the shooting would be held three days later.

Huo Yunshen knew that she couldn't bear to be idle, but for the safety of her unborn child, he had helped cancel her lead role of this film so she could take care of her fetus at home.

In the following period, Huo Yunshen began his wedding preparations in full force. Xu Xiyan only needed to cooperate. When the time came she could just comfortably become a bride.

At a wedding photography studio in Peijing.

Today they had a wedding photoshoot appointment. Wandou and Ni Xuelin accompanied Xu Xiyan to the studio first to pick a wedding dress and get ready for the studio shoot.

In the end, after looking at all the dresses, the three women had their eyes on a specially customized wedding dress. Xu Xiyan's eyes lit up as she was attracted by this wedding dress with a cut-out top.

Pleasantly surprised, Wandou said, “Sister Jing Xi, this is so beautiful. Try this one!”

Ni Xuelin also agreed, “It looks like only this one is suitable for you.”

Xu Xiyan also felt that this dress was very beautiful. She said to the staff, “I'll try this!”

The staff explained to her on the spot, “Mrs. Huo, you really have good taste. This is the Elie Saab wedding dress that Mr. Huo had specially ordered for you from abroad. It has a nice name called 'Everlasting Love.'”

She put on the wedding dress. At the moment when the curtain slowly unveiled, Xu Xiyan stunned everyone in her wedding dress.

The perfect combination of exquisite beaded diamond motifs and the lightweight gossamer cloth created a dreamy and romantic look for the wedding dress.

Chapter 1117: Force Kiss Her

The wedding dress was definitely made for Xu Xiyan and only her. As she put on the dress, she looked like an angel descending from Heaven.

“Oh my god! You're so pretty!”

“Wait, I'll snap some pictures!”

“Isn't Mr. Huo ready yet? He should see this!”

And it was then that Huo Yunshen appeared from behind in his tuxedo, his eyes set on his wife.

“You're so pretty,” Huo Yunshen exclaimed.

She was the prettiest bride in his mind, and no one could even come close to her.

Xu Xiyan raised her head and looked at Huo Yunshen, who was in his black tuxedo as if he was a prince from the medieval era.

“Hubby? Are you really my husband?” Xu Xiyan asked, unable to believe how good looking the man was.

Xu Xiyan's words made the people all around them laugh as Huo Yunshen walked towards Xu Xiyan and took her by her hand, leading her into the photo booth.

“I finally know what a match made in Heaven means,” Wan Dou sighed. “They were really made for each other.”

“Aren't you and Mu Chenguang the same as them?” Ni Xuelin laughed. “When are you two going to get married?”

“In which part of us do you see us as a match?” Wan Dou scolded. “We aren't even in that kind of relationship. We're just an employer and an employee.”

Ni Xuelin had known both Wan Dou and Mu Chenguang together for a lot of time, and from the way they talked to each other, Ni Xuelin could clearly see that Mu Chenguang was interested in Wan Dou.

Ni Xuelin even saw them kissing by chance when they were in Hawaii.

“You don't have to deny it...I even saw you two kissing in Hawaii!”

“...” Wan Dou was so embarrassed that she wanted to dig a hole and hide in it.

When they were in Hawaii, Mu Chenguang had force kissed her while under the influence of alcohol.

That damn bastard! This is so embarrassing! Wan Dou scolded.

After Huo Yunshen and Xu Xiyan had their photos taken in the booth, the next stop was at Qingyun Residence.

Since the residence was built on an island in the middle of the Jade Lake, every corner of the place was suitable for photo shooting.

It was the best place for wedding photos.

The couple changed their clothes and posed for the camera.

Since they were both in the acting industry, posing was not a challenge for either of them. They even reflected their love for each other in all of their poses.

They kissed and hugged each other like there was no one beside them.

The photos were so natural that any of them could be used during the wedding.

### **Priceless Baby's Super Daddy 1118 Kiss All He Wants!**

Wandou could not help but cry out, "Oh my god, I really felt as though I was being stuffed with dog food seeing Mr. Huo and Sister Jing Xi shooting their wedding photos."

"What are you afraid of? You have Prince Mu anyway—at least you can spread dog food too. I'm the one who is suffering here as the dog food is being fed to me alone!"

Ni Xuelin was the one who was the "single dog," okay!

Wandou clenched her delicate fists as she said hatefully, "I don't want to spread dog food with him! Best not to let me see him! Otherwise, I'll wallop him whenever I see him!"

She didn't know that the man, who was quietly approaching her from behind, had heard everything she said.

She didn't want to spread dog food with him?

She would wallop him every time she sees him?

Mu Chenguang really did not know that the girl was so resistant towards him. Back then when he had kissed her in Hawaii, hadn't she enjoyed it?

In order to let the girl know what to say and what should not be said and the consequences of speaking inappropriately, Mu Chenguang grabbed her head by force as he came from behind and gave her a fiery kiss.

"Uhm..."

Wandou was in the middle of a conversation, but actually ended up being kissed by someone by force. When she saw the close-up handsome face before her eyes clearly, she felt goosebumps rising on her skin.

Her mouth was sealed by his kiss and her body was also hugged by him. She could not move. She wanted to beat him with her small hands but her beatings would feel like a tickle to him.

Ni Xuelin saw such an intense scene when she turned around and looked. She could not help laugh and remark, "Are you two trying to kill me? Oh please, I suggest the both of you go somewhere else and kiss all you want!"

Mu Chenguang let go of her and Wandou was able to breathe. She could not help but widen her eyes and curse him, "Mu Chenguang, are you sick!?"

"Yup! Only you have my cure!"

The man really listened to Ni Xuelin's words, directly picking up Wandou in his arms.

Wandou screamed in terror when she was lifted off the ground. "What are you doing? Let me down! How can a man like you be so unruly!"

Mu Chenguang did not budge. "I'm only unruly towards you alone! Who taught you to be so disobedient!"

"But you can't just force a kiss on me in public! You hooligan!"

"Hmm, seems like Sister Xuelin's suggestion is good. We can go somewhere else and kiss all we want. Sister Xuelin, we'll be going now."

Mu Chenguang had long realized this: He didn't have to be courteous at all when treating Wandou. The more polite he was, the farther she would run.

The only right thing to do was to trap her in his sphere of control domineeringly.

Ever since Mu Chenguang forced a kiss on her last time, he'd gotten addicted to doing it. Now he felt like kissing her every day. There was not a single second that he didn't want to.

Thus, he ignored Wandou's beatings and carried her away, planning to look for a clean place to enjoy kissing her.

As Ni Xuelin watched them both leave, she couldn't help smile at them.

At this time, a text message came in her mobile phone. She looked down at it—it was Mr. Qi, the lawyer. He was asking her what she was up to.

Ni Xuelin sent a photo of beautiful scenery that she had taken just now: [Enjoying the scenery.]

[With your boyfriend?]

[I don't have a boyfriend.]

After answering him with this sentence, he did not reply for a long time.

Ni Xuelin was going to stare a hole through the screen. She thought that he was not going to reply. Just as she was about to put down her phone, Qi Fang's message came in.

[You don't have a boyfriend, and I don't have a girlfriend either. Miss, do you think we could try out dating each other?]

Through the screen, she could tell from the humorous tone of Qi Fang's message that he must be very nervous. He must've hesitated for a long time before sending that message; he must be afraid of being rejected.

When Ni Xuelin saw his message, she was so pleasantly surprised that she almost leap with joy.

Since knowing Qi Fang back in Estan, the two had become especially fond of chatting with each other. They would chat on the phone almost every day.

...

Chapter 1119: Giving Your Best

But neither Ni Xuelin nor Qi Fang ever asked the other about their past relationship. They never discussed anything about it.

But progress was finally made.

[Aren't you afraid of being in a long-distance relationship?] Ni Xuelin asked.

The message showed that Ni Xuelin wanted to be in a relationship with Qi Fang but also expressed her concerns.

[I'll go look for you. Send me your address.] Qi Fang replied.

[Let me know when you're coming, I can pick you up at the airport.] Ni Xuelin texted back, unable to believe that Qi Fang was planning to visit her in Zstan.

[Sure thing. I can't wait to meet my pretty girlfriend.]

They kept texting each other until Huo Yunshen and Xu Xiyan were finished with their photoshoot.

After the photographer left, Huo Yunshen asked his chef to prepare food for everyone that was still on the island.

Xu Xiyan took off her dress and changed back into her original clothes.

"Oh my god! I'm so tired!" Xu Xiyan complained.

"Tired? Then let me carry you," Huo Yunshen said and gave her a piggy-back ride.

Xu Xiyan did not say anything and rested her whole body on his back as they walked out of the bedroom.

When they arrived at the garden, only Ni Xuelin was there waiting for them.

“Where's Wan Dou? And Mu Chenguang?” Xu Xiyan asked.

“They must be kissing somewhere.” Ni Xuelin smiled as she put down her phone.

Just as she finished her sentence, Mu Chenguang and Wan Dou came back, hand in hand, while Wan Dou had her head down the whole time.

When Wan Dou raised her head, everyone noticed that her lips were a little swollen.

“Oh my... Looks like both of you are giving your best,” Xu Xiyan laughed.

Wan Dou was so embarrassed that she wanted to die, wishing that she could kill Mu Chenguang and get away with it.

Mu Chenguang had kissed her until she was almost suffocating, as she could not feel any strength in her limbs. She began to wonder if Mu Chenguang had a lot of girlfriends before her, because he was too well-versed in kissing.

But in truth, Mu Chenguang hadn't had any other girlfriends.

He was still feeling pity that he'd only gotten to kiss Wan Dou for 40 minutes and he vowed to find more time to kiss Wan Dou in the future.

They left the Qingyun Residence after having their lunch.

Huo Yunshen took Xu Xiyan back to Shengshi Yujing while Mu Chenguang was in charge of sending the two girls back home.

He sent Ni Xuelin back to her place first. When Ni Xuelin got out of the car and walked towards her apartment, he noticed someone standing in the shadows.

She walked closer to see who it was and was surprised by the person standing there.

“Mr. Qi?”

The man turned and smiled at her.

“Long time no see.”

“Why are you here?”

Ni Xuelin remembered that she had just sent him the address to her place and she thought that he was joking about visiting her.

“I wanted to give you a surprise,” Qi Fang said. After chatting with Ni Xuelin, Qi Fang noticed that he was falling for her.

He'd even had a dream the night before where Ni Xuelin was in trouble, and he quickly bought a plane ticket to Zstan.

“It... it really is a huge surprise!”

Ni Xuelin could not explain what she was feeling at that moment. It was as if she was a maiden in love once again.

Ni Xuelin was about to invite Qi Fang back to her place when their path was blocked by a few people.

Chapter 1120: Carried Away By Joy

“Miss Ni, come with us. Mr. Xue wants a word with you.”

They were obviously sent by Xue Zhengrong, father of Xue Yating. And it must be about Xue Yating's whereabouts.

Ni Xuelin had just come home from hiding for a while. She thought the hounding should be over. Yet they were still here.

“I seriously have no idea where she is!”

“Whether you know or not, you have to come with us and tell Mr. Xue yourself. Take her and let's go!”

They came for her no matter what. Qi Fang tried to protect Ni Xuelin instinctively. He kicked off the guards and took her to run.

The two of them kept running while the guards kept chasing. After a long while with a lot of turning, they eventually got rid of them.

They hid in a narrow lane and finally felt safe. The lane was no more than a meter wide. They stood face to face clinging onto each other.

They were both panting heavily after the long run. Their chests heaved drastically and Ni Xuelin could feel the man's breathing above her head.

They were so close that her heartbeat accelerated.

“We should be fine now.”

Qi Fang's pleasant voice came from above.

Ni Xuelin looked above into his alluring eyes. His lips were right next to hers, while their breath overlapped.

Right then, time seemed to have ceased. They could see nothing else but each other.

Qi Fang stared at the pretty girl, her charming eyes and rosy lips. His Adam's apple rolled once while he felt some uncontrollable impulse that led to an unexpected action.

He lowered his head and placed a kiss upon her lips.

It started gently, but went vigorously when he felt her bewitching tenderness.

Finally, he lost control.

He pulled the girl into his arms and cuddled her tightly while lavishing endless kisses on her.

Ni Xuelin was not expecting such an immediately elevated encounter. They had only met once in Estan and were merely seeing each other for the second time after some online chatting. And they were unbelievably intimate now.

But when love called, who could ever resist?

The young man and woman indulged themselves in caressing in the narrow lane.

When kissing her, Qi Fang realized how badly he had been longing for her. There was only one thing he wanted in the world – to be with her for the rest of his life.

After his visit to Zstan, Qi Fang successfully made Ni Xuelin his girlfriend.

But due to other business, he could only stay for two days in Zstan before he flew back to Estan.

They agreed that they would live together in Estan in the future, and that Qi Fang would wait for her to settle her business in Zstan, then take her home to his parents.

Ten days later, there came the check.

Huo Yunshen accompanied his wife to the hospital for a B-ultrasonography. There they saw the pregnant sac, the embryo, and even the fetal heart.

The results came as a bigger surprise. It seemed that Xu Xiyan was conceiving two babies instead of one. They were twins!

“Honey... I'm overwhelmed! It's like winning a double jackpot!”

Huo Yunshen lifted his wife joyfully, made a few circles and put her back onto the bed gently. He placed his ear onto her belly and listened carefully.

“They are probably no bigger than the size of a rice grain now. You won't hear anything.”

Xu Xiyan laughed at him, the one who was already carried away by joy.

“I can feel them. They are waving and calling me daddy.” Huo Yunshen declared as if he indeed heard it.

“Nonsense!”

Xu Xiyan dabbed on his forehead and smiled contentedly.
