

Priceless Baby 1161

Chapter 1161: Only He Knows

“Mum!” Helian Qingyu quickly stopped his mother as he almost choked on his food. “I still don't want to get married yet, it's still too early.”

“Well, since the boy said so, we shouldn't pressure them,” Helian Wei added, respecting his son's choices.

Lan Ling'er almost fell off her chair as she heard Helian Qingyu saying that he did not want to marry her just yet.

“They are both in their 20's now, how can they not be anxious?” Yun Xuerou scolded. “Qingyu, do you still remember your grandpa's dying wish? He wanted you to get married soon, did you forget?”

“You better not listen to what your father is saying,” Yun Xuerou added. “You should set the wedding date soon. I can't wait to see my grandson!”

Yun Xuerou always thought that the biggest success she had in raising Helian Qingyu was that he respected her and would listen to what she told him.

But that was in the past, as Helian Qingyu now had his own thoughts and beliefs. Even though he would say yes to everything his mother told him, deep down, he would still do what he intended to do.

Just as how he married Li Ruochu just to fulfill his grandfather's wish. And once his grandfather had passed, he filed for divorce with Li Ruochu.

From the marriage to the divorce, everything was kept a secret from his parents.

Helian Qingyu felt a little disgusted when his mother started to pressure him into marriage, as he still could not get over Li Ruochu.

“Mum, both of us are still young, we still plan to date for a few years before we get married. Right, Ling'er?” Helian Qingyu said as he grabbed Lan Ling'er's shoulder.

“Yes...” Lan Ling'er said, enchanted by Helian Qingyu's look.

“Fine, fine, let's just stop here. Come on, it's time to eat,” Yun Xuerou said, giving up on forcing her son to marry Lan Ling'er.

Even though Xu Xiyan remained silent the whole time, she knew that Helian Qingyu kept on the act so that they could save her mother.

Yet the act was so perfect that the media was already talking about it. Xu Xiyan was really worried about Li Ruochu at that point.

But Xu Xiyan had no idea that Li Ruochu had already learned about it and was tormented by Helian Qingyu the whole night.

Xu Xiyan kept quiet and listened to the conversation throughout the whole dinner. Sometimes she would meet eyes with Helian Wei, and it made her feel curious.

The way that Helian Wei looked at her was different, as if there was some deep feeling behind it.

Then again, Xu Xiyan thought that the President might find her amusing because she was dressed up as a guy.

Yet in truth, Helian Wei was the only person present at the table who knew that his daughter was sitting right in front of him. Even though he could not tell her the fact yet, she was still his long lost daughter.

He felt strange yet excited when the thought of him having a grown-up daughter with Jing Ruyue.

Chapter 1162: The Indescribable

He was full of sensations, mostly joy.

He was rejoicing to know that he had a child with the woman he loved.

She was the proof and continuance of their love, and a priceless treasure.

After the banquet, Huo Yunshen left with Xu Yanxi. Helian Wei had Helian Qinyu escort them out.

Stepping out of the presidential palace, they bid each other goodbye.

When Huo Yunshen and Xu Xiyan were gone, Helian Qingyu started worrying about how to get rid of Lan Ling-Er.

Lan Ling-Er was slightly excited and asked, "General, what shall we do next? Movie? Or go somewhere else?"

Previously during dinner, Helian Qingyu had mentioned that he wanted to date her for a longer while before they got married. So now they had plenty of time for dating.

While Helian Qingyu was thinking of an excuse, his phone rang just in time. "Excuse me. I need to take this."

Helian Qingyu picked up the phone and immediately put on an increasingly serious look upon hearing the man's words.

He turned to Lan Ling-Er when he hung up. Lan Ling-Er asked, "General, what's the matter? Is everything okay?"

It was the guard of his house. He said that Li Ruochu was suddenly sick and being delivered to the hospital.

Upon hearing this, Helian Qingyu felt a gripping around his heart and could not help from worrying.

What happened to Li Ruochu?

When he had done that to her last night, she was perfectly fine.

How come she was being sent to the hospital now?

The guard did not explain why. But it gave Helian Qingyu a perfect excuse to leave Lan Ling-Er. "It's the army. I have to leave for an urgent matter."

Lan Ling-Er understood how busy he was as a general, and what a soldier's bound duty was. Therefore she had to pretend to be considerate and said, "Okay. You should go right now. Drive safe."

"Fine. I'll have someone send you home."

Helian Qingyu assigned his man to send her home, while he drove himself in the jeep toward the Top Military District Hospital.

It was Room No. 7 at the Top Military District Hospital.

Helian Qingyu arrived and the two guards saluted.

The two guards opened the door for him and he entered the room.

The door was closed behind him. Helian Qingyu came to the bed, stood straight with his hands on his back and his eyebrows furrowed.

Li Ruochu was lying on the bed with her eyes closed. Color had drained from her face and a drip was put on the back of her hand.

She looked extremely weak, as if she could turn into a wisp of smoke and disappear at any moment.

Darkness flashed in Helian Qingyu's eyes. He felt like he was being pounded by something indescribable on the heart.

He had no idea what it was and felt irritated. So he took out a cigarette and was about to light it up, then put it back, realizing that he was in a hospital.

After a short while, Li Ruochu was woken up by some clear clicks.

She opened her eyes to find a man sitting by the window and playing with his antique lighter. The clear clicks were created by the repeated bouncing up of the lighter cap.

She slightly frowned and tried to move her body. But a sharp pain came from the lower part of her body and she fell again onto the bed.

Helian Qingyu heard the noise and found that she was awake. He came to the bed and his tall figure enveloped her.

Li Ruochu hated the sight of him. So she turned to the other side and closed her eyes again.

Chapter 1163 Can't Control His Strength

But every movement that Li Ruochu made, Helian Qingyu thought of as a form of silent insult.

Helian Qingyu had been waiting patiently for Li Ruochu to wake up ever since he'd set foot in the hospital room.

"What are you thinking? Trying to take your own life because you can't get away from me?" Helian Qingyu scolded while grabbing Li Ruochu by her chin, thinking that Li Ruochu was trying to make him feel bad.

"Let me go..."

Li Ruochu started to think that Helian Qingyu might have some mental problem for saying words as stupid as what he'd just blurted.

She pulled Helian Qingyu's hand away from her, but the pain from his grip still remained.

That was how Helian Qingyu had been treating her for the past few months, not knowing how to control his strength and hurting her.

That was also the reason why she'd ended up in the hospital. After being tormented by Helian Qingyu the night before, Li Ruochu woke up to intense pain in her stomach. When she went to the toilet to check what had happened, she noticed that her pants were soaked in blood.

After being sent to the hospital, she learned that she was pregnant, and having sex without control over the past few days caused her to experience a threatened abortion.

Even though she was pregnant with Helian Qingyu's child, he still thought that she was trying to take her own life.

"Is this a part of your plan? Pretending that you are seriously in pain and escaping from the hospital?" Helian Qingyu asked.

"You're over-thinking it."

Li Ruochu's phone suddenly vibrated, and Helian Qingyu noticed it was a call from a person called Bai Yanchuan.

He recalled that Bai Yanchuan was adopted into the Li family and was called Li Yanchuan before changing his surname back to Bai.

He still remembered that Bai Yanchuan was trying to court Li Ruochu when he'd first met Li Ruochu in the bar.

At that moment, Helian Qingyu lost all trust in Li Ruochu.

He thought that Li Ruochu tried to escape so that she could meet up with Bai Yanchuan.

"Am I? Let me guess, you're so eager to get away from me so that you can meet up with that dude called Bai Yanchuan, am I right?"

“...” Li Ruochu was already speechless as she heard Helian Qingyu adding an unrelated person into the conversation. “Why the silence? I'm correct, aren't I?” Helian Qingyu scolded.

Li Ruochu tried to get her phone as it continued to ring, but Helian Qingyu was a step faster as he picked the phone up and throw it against the wall.

“Hey! What was that for?” Li Ruochu scolded as she tried to get up despite the pain in her stomach.

She was angry, as Helian Qingyu had misunderstood her relationship with Bai Yanchuan and gotten angry when his name appeared on her phone.

Chapter 1164 “It's Not Yours.”

What was wrong with him!?

Did she ever ask about his scandals with Lan Ling-Er?

How dare he try to control her?

“I smashed it. So what? I can always buy you a new one, as many as you want. But never reach to another man in front of me. Otherwise, I'll smash it every time I see it!”

Li Ruochu was truly shocked by this possessive man. He was a scary freak!

She was too weak to challenge him again. Therefore she could only close her eyes and curse him silently.

“How dare you? Open your eyes and look at me!”

Helian Qingyu could not bear the contempt in her look and commanded with a cold voice.

Li Ruochu felt hopeless. She tried to pull herself together, opened her eyes and stared silently at him.

Upon a few seconds of looking into her eyes, Helian Qingyu got even more irritated. He sensed there was something wrong but could not figure out what.

Was it her look, or her attitude? Why was she always looking at him hostilely?

It was extremely quiet in the room. There was only an infusion tube between them that kept dripping.

Helian Qingyu found that the bag was almost empty, so he pressed the button by her bed.

After a short while, someone knocked on the door. Two nurses came, upon their approval, to take her temperature and change the bag.

The two nurses recognized Helian Qingyu and were surprised by his presence. They suddenly became very shy.

“General!”

After greeting him they came to Li Ruochu to take her temperature and change the bag. Then they said, “Miss Li, this is to prevent a miscarriage. It will drip very slowly.”

The powerful presence of the man was intimidating. The two nurses finished their business without breathing and left as soon as they could.

But Helian Qingyu stopped them. The two nurses were shocked and anxious, and wondered what he wanted from them. Their hearts kept beating faster.

Helian Qingyu was confused to hear the word miscarriage and asked, "What is that medicine again? What's wrong with her?"

"General, Miss Li is in her early pregnancy and has shown some symptoms of threatened abortion. Therefore we are giving her miscarriage prevention medicines."

What did they just say?

Li Ruochu was pregnant?

Helian Qingyu felt like he was being hit on the head and it took him quite a while to come back to earth.

With the nurses having left and him realizing what was happening, he turned terrifyingly gloomy and took hold of Li Ruochu's wrist all of a sudden. He questioned harshly, "Whose it is?"

"It's yours."

Li Ruochu was frightened. Would he even doubt if the baby was his?

"How could it be?"

Helian Qingyu could not believe it. He had been with Li Ruochu only a few times and had been using condoms. How could she get pregnant?

So could this suspicious baby be someone else's?"

Seeing him with doubts, Li Ruochu felt some overwhelming despair and could not help mocking herself.

Li Ruochu, wake up! This man never trusted nor loved you. He even won't believe that you are pregnant with his baby!

"I was kidding. It's definitely not yours."

Li Ruochu was heartbroken and said this to keep herself as far as possible from the man.

"What did you say?"

Helian Qingyu was outraged. How dare she admit it was not his! It was like telling him that she had been with someone else.

Chapter 1165: Putting Salt In His Wound

How dare she cheat on me! Helian Qingyu scolded in his head as anger could clearly be seen on his face.

He was so furious that he wanted to rip Li Ruochu into pieces.

He grabbed Li Ruochu by her neck and scolded, "Didn't I warn you not to betray me? And yet you dare to cheat on me?"

But Li Ruochu had given up on explaining to Helian Qingyu and would rather put salt in his wound instead.

"What's done is done," Li Ruochu replied. "Is there any reason for you to still keep me by your side? A woman that has cheated on you? There might be a second time and a third time..."

"Woman! Do you want to die?" Helian Qingyu shouted as his grip tightened. "Do you know what I always do to betrayers? Don't worry, I won't kill you, but I'll get rid of the bastard inside your belly and keep you by my side forever!"

"..."

Li Ruochu could feel herself suffocating, and she had given up on looking for help or even struggling. It wasn't until Helian Qingyu threw her to the floor that she was finally able to breathe again.

She gasped for air, and with every gasp, she could feel the pain in her belly.

She was really hurt when she heard Helian Qingyu say that he would get rid of the baby, but she had completely given up on persuading him.

If that's what he wants, then so be it! Li Ruochu thought.

Li Ruochu had already made up her mind to leave once the baby was out from her body.

Helian Qingyu left to get Gu Yici, the best doctor in all of Lstan, who was tasked with tending to Li Ruochu if she was sick, to check on her body.

"General, congratulations, you're about to become a dad," Gu Yici smiled.

But those words were like thorns pricking Helian Qingyu's heart.

"Shut up!" Helian Qingyu scolded back. "I don't care what you have to do, but get that baby out from her!"

"Wait, is the child not yours?" Gu Yici asked, unable to believe that another man would dare to touch the General's woman.

Helian Qingyu did not reply, but his face was giving Gu Yici his answer.

Gu Yici suddenly realized the seriousness of the situation. If the child was indeed not Helian Qingyu's, then there was no way that he would keep the baby.

"But General, I've already done a check-up on Miss Li," Gu Yici explained. "It's already a miracle that she could get pregnant, because her uterus wall is very thin. If we perform the abortion surgery, she might not be able to get pregnant in the future."

Chapter 1166: Trying Hard To Control Himself

Gu Yici explained the seriousness and asked him to think it through.

After hearing his words, Helian Qingyu was silenced.

If it was as serious as Gu Yici described, did it mean that he had to let Li Ruochu give birth to the bastard's child?

Did he have to accept that she was carrying another man's baby?

The thought irritated Helian Qingyu. He lit a cigarette and sucked hard.

What should he do with Li Ruochu now?

Inside the Yunjing Villa.

Xu Xiyan returned home, removed the makeup and became herself again.

After a shower, she thought about Li Ruochu. She was worried about her and had to give her a call.

She wanted to explain to Li Ruochu the scandals of Helian Qingyu and Lan Ling-Er so as to dissolve the misunderstandings.

But when she called, the response was "the number you are calling is not in service."

It remained the same after several attempts.

Xu Xiyan was worried and wondered what had happened to her.

How come she could not reach Li Ruochu?

Since they were heading back next week, Xu Xiyan figured she could pay a visit to Li Ruochu in their mountain top villa before they left and talk to her in person.

Right then she heard something falling upstairs.

Xu Xiyan followed the noise upstairs and found it to be from the study. Huo Yunshen was there. What was he doing? Why was it so noisy?

She knocked but no one answered. Xu Xiyan opened the door and stepped in.

She was shocked upon seeing the scene inside.

It was chaotic. Things on the desk were wiped onto the ground. And her husband was nowhere to be found.

"Honey?"

Xu Xiyan sensed something serious, and walked through the chaos to search for Huo Yunshen.

Bypassing the desk, she found him sitting on the ground with his hands tied and himself being gloomy and ferocious.

“Honey, what's going on?”

Who had tied him up?

Recognizing Xu Xiyan's voice, Huo Yunshen managed to raise his head. When they looked at each other, Xu Xiyan gasped. “Honey!”

His eyes were scarlet. And his face was stiffened and distorted in pain.

Blue veins stood out on his forehead, neck and the back of his hands. She could tell that he was trying hard to control himself.

“What happened, Honey? What's going on?”

Xu Xiyan squatted down and tried to lift him up, only to get yelled at by him. “Stay away! Get out!”

She would never leave her man alone without knowing why. “Honey, tell me what's going on. Why did you tie yourself up?”

“I don't want to hurt you... Get out right now...”

Huo Yunshen exerted his energy to utter these words. He was almost losing control. He was experiencing the mania again and tied himself up in order not to hurt her.

Seeing him in such great pain, Xu Xiyan could not figure out what to do but listen to him and step out of the room.

When she got out, Xu Xiyan called Helian Qingyu immediately. The man picked up the phone after a few rings. “Hello?”

“General Helian! It's Jing Xi! We've got some trouble here. Can you help me find a reliable doctor? ...”

Xu Xiyan would never bother anyone else if it was not extremely urgent.

Chapter 1167: A Mistress?

Since they were both in Estan, a country that none of them were truly familiar with, the only thing Xu Xiyan could do was call Helian Qingyu for help.

When Helian Qingyu got the call from Xu Xiyan, he was smoking in Gu Yici's office. Even though he had no idea what had happened to Huo Yunshen, he decided to go and take a look.

“Hey!” Helian Qingyu turned to Gu Yici. “Follow me! There's an emergency!”

“A house call? It will cost you a lot,” Gu Yici joked.

“Since when did I never pay you?” Helian Qingyu frowned and scolded.

“Okay, okay,” Gu Yici laughed. “Then why don't you help us take care of the hospital's expenses too? We're going broke.”

Gu Yici dared to make the joke because his father was the director of the hospital.

“Don't act like you're poor in front of me!” Helian Qingyu bit back and walked out of the office.

Gu Yici laughed even harder as he reached for his medical bag and followed Helian Qingyu.

They arrived at Yunjing Manor in just a few minutes.

When Gu Yici saw the luxurious mansion, he asked, “Hey, since when did this place become the Yunjing Manor?”

“Shut up and follow me!” Helian Qingyu scolded and pressed the doorbell.

After making sure it was Helian Qingyu, Xu Xiyan opened the door for them.

When Gu Yici noticed a very pretty lady was waiting at the door for them, he was surprised.

“I never thought that you had it in you,” Gu Yici said. “Since when did you learn how to hide a mistress?”

Gu Yici really thought that the pretty lady was the General's mistress, which would explain why Helian Qingyu was so anxious to get to the mansion.

“One more word and I'll rip that tongue out from your mouth!” Helian Qingyu warned.

Upon hearing that, Gu Yici quickly covered his mouth with his hands.

“Jing Xi!” Helian Qingyu greeted as he noticed that Xu Xiyan was very anxious.

“You're finally here!” Xu Xiyan quickly greeted back.

“This here is Gu Yici, he's a doctor. Where's Yunshen? What's wrong with him?” Helian Qingyu asked.

“Follow me!”

Xu Xiyan guided them to the study room.

Helian Qingyu was shocked when he saw the study room was trashed. He looked for Huo Yunshen and found him all tied up in a corner.

“Brother! Are you all right?” Helian Qingyu asked as he rushed to Huo Yunshen's side.

Yet Huo Yunshen did not reply to him.

“Yici! Come and take a look at him!” Helian Qingyu shouted.

Gu Yici finally realized who the house belonged to.

Even though this was the first time meeting Huo Yunshen, Gu Yici had already heard a lot about him from Helian Qingyu and briefly understood his relationship with Jing Xi.

Without any hesitation, Gu Yici kneeled beside Huo Yunshen to check on him. But when he tried to turn Huo Yunshen over, Huo Yunshen reached to and grab him by his neck.

“General...” Gu Yici coughed. “Help!”

Chapter 1168: So Worried For Him

Gu Yici got hold of Huo Yunshen in time. Helian Qingyu cursed, “Quack,” and had to help him remove and hold Huo Yunshen's hand.

When losing control, Huo Yunshen was extremely powerful and troublesome.

The two men worked together to get him checked. Gu Yici gave him a tranquilizer in order to calm him down.

When it took effect, they got Huo Yunshen back on the bed.

Inside the bedroom, Gu Yici gave Huo Yunshen another thorough check. Xu Xiyan was so worried and kept asking, “Dr. Gu, what's wrong with my husband?”

“It's mania.”

Gu Yici stood up, took off his stethoscope and answered seriously.

Xu Xiyan became stern upon hearing the word mania. She knew he was suffering from some psychological problem, but still found it hard to believe. “How could he get mania?”

“When a patient suffers from a lot of traumas, it can easily lead to mania. Now I'm asking you, for how long has he been like this? Did he suffer from any shock lately?”

Xu Xiyan recalled and realized that it must have been the tragedy of the Huo family that overwhelmed him.

The loss of his grandfather and parents was a blow. And she had been taken away by Mo Yutian. It was all a shock to him.

Xu Xiyan briefly explained and Gu Yici was more certain that was why he got mania.

It was not obvious at the beginning. And if the patient deliberately hid it, it was hard for people around him to detect.

“So what should we do now, Dr. Gu?”

Xu Xiyan found herself helpless and so worried for her man. She could not imagine how he could live with mania from now on.

“We'd better send him to the hospital for psychotherapy.”

Gu Yici explained the worst scenario for her. "If we let him suffer, it will become worse and worse. And eventually he might no longer be able to recognize his own family, or even hurt them. Then it would be too late."

Indeed, Huo Yunshen had locked himself in the study tied up simply not to hurt Xu Xiyao.

"We were about to head back next week."

Xu Xiyao thought it might be better for Huo Yunshen not to go back at the moment.

"I think you should not go back now. If he recalls the tragedy when you are back, it might get worse."

"I see. I just hope my husband can recover soon. Could you, General and Dr. Gu, help me send him to the hospital?"

"Sure."

Helian Qingyu and Gu Yici helped her take Huo Yunshen to the Top Military District Hospital for further treatment.

When Huo Yunshen woke up again, he seemed perfectly normal.

When he opened his eyes and found himself in an unfamiliar place, he immediately got up and wanted to leave.

"Stay there, Honey!"

Xu Xiyao was disguised as a man again. She entered the room and stopped him.

Huo Yunshen recognized her disguised as Jun Yan. He looked around and realized it was the hospital they had been in previously. He asked, "Why am I here?"

Xu Xiyao cuddled him and said, "It's the hospital. Of course you have to be here given your situation."

"I'm totally fine."

Huo Yunshen knew exactly what was going on with him. Such psychological issues would come and go easily.

Chapter 1169: Misunderstanding

"What do you mean you're okay?" Xu Xiyao scolded as she held Huo Yunshen's chin up. "How long did you plan on keeping this from me?"

"I'm sorry..."

Huo Yunshen never thought of keeping it a secret from Xu Xiyao. It was just that he thought that his problem wasn't that serious and that it would go away before Xu Xiyao could even realize.

"If you really care about our children and me, you better not run away from therapy!" Xu Xiyang continued. "The General has already found us the best therapist in the country, you'll definitely get better!"

"All right, I'll do whatever you say..."

They stared at each other, and even if Xu Xiyang was pretending to be a guy, Huo Yunshen still could not hold his urges back and kissed her.

Just as they were immersed in the kiss, a few nurses came in. When they saw two dudes kissing each other, they could not believe their eyes.

Huo Yunshen finally let Xu Xiyang go when he felt other people's presence in the room. Xu Xiyang turned her face away, a little embarrassed by it.

The nurses performed a quick check-up on Huo Yunshen and left abruptly.

In just a few hours, the news of a gay couple staying in the military hospital spread throughout the staff.

The couple couldn't help but laugh when they heard about it.

But the news was actually better for them, as long as they could keep Xu Xiyang's identity safe.

The psychiatrist that Helian Qingyu invited was actually none other than Gu Yici.

Before Gu Yici worked at the hospital, he had studied psychology and worked as a psychiatrist for a few years.

Having him treating Huo Yunshen was the best choice.

Gu Yici visited Huo Yunshen in the afternoon and explained to him the treatment procedure.

Huo Yunshen stayed in the hospital for the next few days, and when his symptoms died down a little, he was allowed to return home. But he still had to take his medication every day and visit the hospital at least once per week.

"Hey, hubby, why don't we just move to Estant?" Xu Xiyang asked, thinking that going back to Beijing would only worsen Huo Yunshen's condition. "I think this is a good place to live."

"That might be for the best," Huo Yunshen said after thinking for a few seconds. "If you want it, then let's settle down here."

Huo Yunshen was happy to stay anywhere as long as Xu Xiyang remained by his side.

The only thing that Huo Yunshen had to take care of was relocating his company over to Estant.

"All right then, I'll go get something," Xu Xiyang said and left.

When she walked past the lobby counter, she noticed that Lan Ling'er was talking with the receptionist.

"Look closely, I'm the General's girlfriend," Lan Ling'er said. "Tell me which room Li Ruochu is staying in."

Xu Xiyan stopped when she heard Li Ruochu's name.

Is Ruochu staying in this hospital too?

Chapter 1170: Meet The Rival

She recalled that when she had called Li Ruochu, it was not in service. Could it be because she was hospitalized?

In order to figure out what happened to Li Ruochu, Xu Xiyan followed Lan Ling-Er to maternity ward No. 7.

Lan Ling-Er opened the door and went in. Xu Xiyan peeped through the window and saw Li Ruochu lying on the bed. She could see half of her face.

She was indeed in the hospital!

Instead of going in, Xu Xiyan stayed outside and wanted to know what Lan Ling-Er was here for.

Inside the ward, Li Ruochu heard some noise and turned to see a charming woman at her door.

It was Lan Ling-Er!

What was she doing here?

Lan Ling-Er stared at the pale woman on the bed and sneered, "I've been wondering who that woman could be. How could she be someone like you?"

Upon these words, both knew that she was not here to do her good.

Li Ruochu paid barely any attention to her but asked, "What brings Miss Lan here?"

"What brings me here? I think you should know that I am officially the General's girlfriend now. And you are merely some insignificant affair. If you are clever enough, you should leave him right away. Don't push me to do anything bad to you."

Lan Ling-Er had found out that the woman Helian Qingyu cared about was Li Ruochu, and that she was in the hospital. Therefore she came to the Top Military District Hospital as the official girlfriend of Helian Qingyu, just to meet her rival.

Some insignificant affair... It did break Li Ruochu's heart again.

Instead of being intimidated, she replied calmly, "It's not me clinging onto him, but rather him not letting me go. Miss Lan should have gone to Helian Qingyu rather than talking to me now. If you can convince him, he would probably let me go."

Lan Ling-Er seemed to have heard a big joke, "Haha ... don't try to fool me. You think I don't know that you are trying to hold him by being pregnant? If it was not for you making this threatened abortion, how would he care the least about you?"

Lan Ling-Er assumed Li Ruochu was a very scheming woman. Otherwise, how could she have won Helian Qingyu's attention?

Only then did Xu Xiyan realize what was going on. So was she pregnant with Helian Qingyu's baby and had a threatened abortion?

Li Ruochu did not answer. Only she and Helian Qingyu knew the exact reason for her threatened abortion. As for what the others thought about, she couldn't care less.

Lan Ling-Er was deliberately making a scene here. She would never believe it even if Li Ruochu gave an explanation.

Li Ruochu's silence made Lan Ling-Er more firm about her speculation.

She looked down on her mockingly and said, "I've investigated you. Your lover is Bai Yanchuan, isn't it? He is namely your brother, but you've been together for a long while. Now you are conceiving his baby yet trying to blame it on the General. Do you think you can even marry Helian Qingyu with that bastard? How dare you!"

Why would everyone think they were together?

Ever since Bai Yanchuan gobbled up the Li family, she no longer saw him as a brother.

She would never have anything to do with an ungrateful person like him.
