

Priceless Baby 1271

Chapter 1271: Meet That Bitch

"I know that I'm not fit to be the First Lady, but as long as I don't sign the paper, I won't step down!" Yun Xuerou scolded.

Yun Xuerou was determined to live and die with Helian Wei and bury herself in Helian's tomb when she passed.

She wanted the First Lady position so dearly that even if Jing Ruyue were to return, she would not give it to her.

Helian Wei did not want to argue with Yun Xuerou and lay back down. He covered himself with a sheet and turned his back to Yun Xuerou.

"Then we have nothing else to say. You can leave now. I want to rest."

Looking at Helian Wei turning his back on her, Yun Xuerou became furious.

But since Helian Wei did not want to talk to her, she could not do anything by remaining in the room, and she left.

Yun Xuerou let out a deep breathe when she thought of the woman in the garden and decided to go and meet her.

Jing Ruyue was about to go back to her room after she bathed herself in the sunlight.

But on their way back, Xu Xiyan realized that she had forgotten the pillow.

"Mum, I forgot to take the pillow. Why don't you head back up first?"

"Okay."

Jing Ruyue waited for the elevator while Xu Xiyan jogged to the garden to get the pillow.

But when the elevator door opened, Jing Ruyue realized a woman was standing in it.

Jing Ruyue was shocked because she knew who the woman was. She was Helian Wei's wife, Yun Xuerou.

Even though they hadn't met for more than 10 years, Jing Ruyue still remembered what she looked like from recent interviews of her.

Yun Xuerou had changed a lot from what Jing Ruyue could remember of her.

Yun Xuerou stared at Jing Ruyue and walked out of the elevator, stopping right in front of her.

"Jing Ruyue?" Yun Xuerou snorted. "Are my eyes all right? Aren't you supposed to be dead?"

"Ma'am, I think you have the wrong person," Jing Ruyue lied, not wanting to have a fight with Yun Xuerou.

Jing Ruyue tried to walk past Yun Xuerou, but Yun Xuerou grabbed her wrist from behind.

“No! You're Jing Ruyue! I could even recognize you if you were a pile of ash now! It's been, what, 10 years? Why don't we have a chat?”

Yun Xuerou pulled Jing Ruyue into the staircase next to the elevator.

With how skinny Jing Ruyue was, she was dragged into it easily.

Yun Xuerou threw Jing Ruyue away, and she slammed into the wall.

Jing Ruyue climbed up and asked, “Yun Xuerou! What do you want?”

“I thought you said you were someone else? You seem to remember my name clearly,” Yun Xuerou scolded. “How are you still alive? How did you come to Estan, and what are you doing here? Are you here to take Helian Wei back?”

“No! I've never thought about something like that. You're already the First Lady, why can't you just let me go?”

Chapter 1272: Getting Closer To Him

Jing Ruyue would never forget when she was with Helian Wei many years ago, Yun Xuerou used to try her best to jeopardize their relationship.

She was framed by Mo Xie and Lady White Camellia. Yun Xuerou was probably a part of it.

“Leave you alone? Do you think I would give up being Mrs. President so easily? How could you dare to think that I would give my best wishes to you and Helian Wei? I'm telling you now – I'll never let you be together,” Yun Xuerou yelled hysterically.

“I'm not in the mood to argue mentally or physically. I only wish to live a peaceful life. Please leave me alone.”

“A peaceful life? You choose to stay in this hospital when Helian Wei is hospitalized. Is that what you call a peaceful life? How stupid do you think I am to believe you? You are simply trying to get closer to him.”

Yun Xuerou sounded outraged and looked ferocious.

It was exceptionally unbearable for her to see Jing Ruyue as beautiful and young as she was over a decade ago, while she herself was already an elderly woman.

How she wished she could tear her face up!

“Whatever. I'm telling you again. No one can take it from you if it belongs to you. Otherwise you could never win it whatsoever. Behave yourself!”

Jing Ruyue did not want to talk to her further. She turned to leave upon finishing these words.

But Yun Xuerou grabbed her once again and slapped her in the face. She was blown into a corner.

A bruised handprint appeared distinctively on her fair skin. And blood dripped out from her lips.

Jing Ruyue covered her cheek in pain and raised her head to stare at Yun Xuerou. "I didn't realize you've become even more ruthless after all these years."

"Thanks to you! It's you who has always occupied his heart! He never touched me even when he married me. Just because of you! Do you have any idea how I felt or what I went through? It's all your fault!"

Yun Xuerou could no longer control her anger. She kicked at Jing Ruyue violently and kept abusing her. "You bitch! Do you know he is divorcing me because of you? He proposed a divorce immediately after he learned you were back! Why didn't you die!"

Jing Ruyue was so weak and could never stand up to Yun Xuerou's abuse. She felt sharp pains on her ribs and could only curl up in pain.

Outside, Xu Xiyan found the cushion in the garden and returned to the ward on the eighth floor. But she did not see her mother there.

Xu Xiyan asked the nurses but none of them had seen Jing Ruyue.

How strange. Had she not come back to the ward?

Where could she be?

She wondered if her mother could have gone to her father.

Then Xu Xiyan rushed to the sixth floor and came to the president's ward. The guards and Jin Xiu were standing at the door. Jin Xu saw her and knocked for her.

The door was opened. Xu Xiyan darted in but did not see her mother. It was only Helian Wei who stood by the window and seemed to be searching for something downstairs.

Hearing the noise, he turned and was surprised at the sight of her. "Oh, Jing Xi."

The man standing in front of her, the president of Estan, was her own father. But Xu Xiyan could not say much right now.

She had no time for that and had to find her mother first. "Mr. President, have you seen my mother?"

Chapter 1273: Suffer

"I thought she was in the garden with you?" Helian Wei asked, exposing that he was keeping his eye on them in secret.

"Yes, we left a few minutes ago, but she's not in her room now," Xu Xiyan explained.

"Did she go to the balcony?"

"I've looked there too, and she's not there. I'm worried!"

Xu Xiyan was worried that her mother might collapse somewhere.

“Don't worry, I'll get my men to look for her. She'll be fine if she's still in the hospital.”

Helian Wei was already walking out of his room and ordered Le Xiu to take his men and look for Jing Ruyue while he went to the elevator with Xu Xiyan.

“Tell me, where did you last see your mother?”

“Just outside the elevator on the ground floor. I asked her to wait for me while I went and get something from the garden. But when I got back, she was already gone. I thought she went back to her room, but she's not there.”

“I see. Let's split up and look for her. Why don't you go and check the bathroom on the 8th floor? I'll go look for her on the ground floor.”

“Okay!”

They waited for the elevator, but it was crowded, so they took the stairs.

Xu Xiyan ran towards the 8th floor while Helian Wei descended to the ground floor.

But when Helian Wei reached the 2nd floor, he heard something from below and peeked, only to see something that made his blood boil.

What he saw was Yun Xuerou kicking a woman on the ground, and he instantly recognized who the woman was: it was his Little Moon.

If Helian Wei did not see the scene with his own eyes, he could not have imagined how vicious Yun Xuerou could be.

“Stop!” Helian Wei yelled as he jumped from the stairs and kicked Yun Xuerou away.

Yun Xuerou stumbled and fell down the stairs to the floor below, her head hitting the wall, causing her to faint.

Helian Wei did not even look at Yun Xuerou and rushed to Jing Ruyue's side.

He kneeled down and could see red marks on Jing Ruyue's cheeks while blood flowed from her lips. Marks of her being kicked from heels could be seen all over her body.

Helian Wei was angered by what he saw, so furious that he could kill the person responsible for it.

“Little Moon!” Helian Wei shouted, hoping that she was not critically injured.

He could not imagine whether Jing Ruyue's weak body could take the beating or not.

Helian Wei picked Jing Ruyue up and ran up the stairs, meeting Xu Xiyan by chance on the third floor.

Xu Xiyan realized that her mother was in Helian Wei's arms and said excitedly, “You found her!”

“Yes, but she's hurt and has no consciousness now!”

“What happened?” Xu Xiyan asked, noticing the blood on her mother's lips and marks from being kicked on her body. “Who did this?”

She could not imagine anyone from the hospital who would harm her mother.

"I'm sorry, it was Qingyu's mother... They were on the ground floor.."

"The First Lady?"

"Yes, I'm really sorry."

"It's not your fault," Xu Xiyan said. "Mr. President, could you please take my mother up and find a doctor for her?"

"What are you..."

"I'm going to have a chat with the First Lady and ask why she hurt my mother. Where is she now?"

Chapter 1274: She Deserved It!

"Downstairs."

Very well!

Xu Xiyan never refrained from seeking revenge. Whoever mistreated her or her family was definitely her enemy.

Helian Wei said nothing further. Whatever Jing Xi would do to Yun Xuerou, she deserved it.

If Yun Xuerou was not a woman, he would have beaten her up himself. It would be good if Jing Xi could teach her a good lesson.

Helian Wei got Jing Ruyue back upstairs, while Jing Xi went downstairs. She saw the woman lying by the corner of the stairs leading to the basement.

She poured cold water on Yun Xuerou and woke her up.

Yun Xuerou was awakened. She felt distinctive pains as a result of falling down from the stairs. She tried hard to get up and found a woman standing by her side.

It was not Jing Ruyue, but her daughter, Jing Xi.

She was shocked.

Shouldn't Jing Xi be in Lstan now?

Who is this woman?

Xu Xiyan did not put on any disguise these few days, because she thought it was safe in the hospital and that no one would expose her identity.

Now that Yun Xuerou had seen her real self, let it be.

“Mrs. Yun Xuerou, I have always respected you as Mrs. President. But how could you do such things? Why did you abuse my mother?”

Xu Xiyan stood high and akimbo, stern and chill.

She could actually kill when she was enraged!

Yun Xuerou managed to stand up despite the sharp pain. She laughed and said, “You should have asked your mother. What the hell has she done?”

“What did she do? She and Mr. President were truly in love. If it was not for your dirty work, how could you have become Mrs. President?”

Xu Xiyan disdained this woman. She did nothing but sabotage their relations.

Embarrassed as she was, Yun Xuerou did not want to lose her elegance and grace. She tried to put her hair back in place.

“You already knew it? Ha! Then I have nothing to worry about. After all, it was your mother who played the mistress. You are the daughter of a mistress. How dare you yell at me?”

Slap.

Upon finishing these words Yun Xuerou was slapped badly in the face, with a bruise in the shape of a handprint being left on her cheek and blood dripping from her lips.

“How dare I? Let me show you what you've done to my mother!”

After a series of slaps, Yun Xuerou fell back onto the ground again.

Then Xu Xiyan rolled up her sleeves and started kicking at Yun Xuerou.

She could not stop kicking at her. Xu Xiyan would serve this woman ten times what she had done to her mother just now.

Mrs. President? Mother of the General? What the hell! She just deserved it!

Yun Xuerou was beaten up so badly that she kept howling, “Ouch! Ouch... I'm Mrs President. How dare you! You'll pay for this!”

“Sure. I will pay for your treatment. Shall we send you to the emergency room right now? Ha?”

“How dare you do this to me... I'll ask my son to have you arrested...”

“Even if Helian Qingyu was here, he could not save you!”

Xu Xiyan kept venting her rage and almost forgot that she had already been pregnant for over four months.

Eventually, Helian Qingyu came to stop her. “Please, stop it, sister, for my sake.”

Helian Qingyu had heard about what happened today from his father, and that Jing Xi might be with his mother now. Helian Wei was worried about Jing Xi and her babies. So he asked his son to go for them.

Chapter 1275: Bad Acting

Helian Qingyu initially thought that Xu Xiyan, who was pregnant, would be the one losing the fight, but when he reached the scene, he knew he was wrong as his mother was the one being beaten one-sidedly.

After Jing Xi was being pulled away, Yun Xuerou finally noticed that her son had come and grabbed onto his leg.

“Yu'er, you're finally here... Look at what she did to me... she's the culprit!” Yun Xuerou shouted as she pointed at Jing Xi. “You have to avenge me! Hurry up and capture her!”

Xu Xiyan looked at the crying Yun Xuerou as if she was watching a show; the only difference was that Yun Xuerou's acting was terrible.

“That's enough, mum! I'll let someone send you back.”

Helian Qingyu was also disgusted with his mother, but he could not do anything because of their relationship.

After having Yun Xuerou sent away, Helian Qingyu turned to Jing Xi.

“I'm really sorry, I did not expect something like this to happen...”

“It's not your fault anyway.”

“Are you all right? The baby...”

“I'm fine. I'll go check up on my mum first,” Xu Xiyan said and ran back up the stairs.

“Hey!”

Helian Qingyu tried to stop her, wondering if Xu Xiyan was really a pregnant woman or a warrior.

Xu Xiyan ran back to her mother's room on the 8th floor, and Helian Qingyu followed after her.

Helian Wei was with Jing Ruyue in the room while Jing Ruyue still remained unconscious.

“Mr. President, how's my mum?” Xu Xiyan asked as she grabbed her mother's hands.

“She has gone into shock, but they managed to save her in time. The doctor said she will be fine once she wakes up,” Helian Wei replied. “I'm really sorry...”

“There's nothing you need to apologize for. Please leave...”

Xu Xiyan had her back to them and did not turn to look at them.

All she wanted to do at that moment was to protect her mother.

Helian Wei decided that he should leave, and he took Helian Qingyu with him.

When they went back to the room on the 6th floor, Helian Wei asked, "Where's that woman?"

"She got beaten badly by Jing Xi. I've already sent someone to take her home," Helian Qingyu answered, knowing that his father was angry.

"Have someone watch over her 24/7. She must not leave the mansion without my order."

"Okay."

Helian Qingyu also believed that putting Yun Xuerou on house arrest was the best course of action. He was worried that she might go to Helian Xiong if she was lonely again.

"Make some preparations. I'm leaving the hospital today."

Helian Wei decided to leave early because there was a lot of work that had piled up.

"But, dad, your body..."

"I know my body very well, and it's already fine. Hurry up!"

"Dad, calm down. Please take a look at this first."

Helian Qingyu got a file from his assistant and handed it to his father. Helian Wei was shocked by its contents when he finally read through it.

"Traitor!" Helian Wei scolded as he slapped the table with the file.

Chapter 1276: Never Afraid Of Her

He coughed.

He coughed violently because of the shocking news.

Helian Qingyu patted him on the back and tried to calm him down. "Father, don't worry. If they play dirty, we will take them all."

"Right."

Upon hearing the news, Helian Wei decided not to leave the hospital in a rush. He wanted to wait and see what they were up to.

Inside the ward on the eighth floor.

Xu Xiyan was helping her mother in applying the ointment.

The bruises all over her body had been made by Yun Xuerou's pointed high-heels.

The bruises looked shocking on her fair, even transparent skin.

Luckily Xu Xiyan had her grandfather's ointment for traumatic injuries. She applied it on her skin and hoped the bruises would disappear soon.

After a short while Jing Ruyue woke up. Xu Xiyan stayed by her side, held her hand and asked, "Mother, how do you feel?"

"Yanyan, I'm still alive..."

Jing Ruyue opened her eyes and found herself back in the ward. She had survived.

"Yeah, mother. You are safe here."

"That woman..."

The thought of Yun Xuerou made Jing Ruyue worried. "She knows I'm alive now. What if she..."

"Mother, no worries. You will live a decent life here! We did nothing wrong and should never be afraid of her.

"OK. I'm fine now. Can we transfer to another hospital? I don't want to stay here any longer."

Jing Ruyue would like to stay away from Helian Wei and Yun Xuerou.

"Sure. But mother, we have to wait for the results of your kidney match. The doctor said we will know by tomorrow. If we can find a match, let's have the surgery here and leave afterward. Shall we?"

Xu Xiyan tried to comfort her.

"Fine!" There was nothing else she could do now.

But Jing Ruyue did not want to make a scene and told Xu Xiyan, "Don't tell your grandfather and uncle I'm here. OK?"

"Sure. I didn't tell them. I said we went for a trip."

"Good."

At noon, Huo Yunshen brought lunch for them. Seeing his mother-in-law looking pale, he asked, "Is mother OK?"

"My mother..."

She was about to tell him when Jing Ruyue pinched her hand slightly and hinted for her not to say anything. Xu Xiyan had to say instead, "Mother is fine. Let's see what you've got for us."

"Just some simple dishes. See if you like them."

Xu Xiyan had been in charge of taking care of her mother in the hospital lately, while Huo Yunshen stayed at home and took care of their daughter.

Whenever he had time he would cook at home and bring it to the hospital for them.

Looking at the various healthy and nutritious dishes Huo Yunshen cooked for them, Xu Xiyan could not help praising, "This is great! Thank you, darling!"

They placed a small table over the bed and took out the dishes. Jing Ruyue also praised, "Well, Yunshen, you do cook great! Yanyan, how lucky you are to have married him."

"Couldn't agree more." Xu Xiyan smiled.

But Huo Yunshen did not think so. "Mother, you are wrong. It was I who was lucky to marry Yanyan. Please, enjoy the lunch. Is the portion OK?"

"More than enough. We won't be able to finish it all." Xu Xiyan worried about him too, "Have you had yours?"

"I had lunch with grandfather. These are all for you."

"How is everything with grandfather?" Xu Xiyan asked.

Chapter 1277: Changed A Lot

"The renovation is almost complete. The grand opening will be held in a few days. I'll have to accompany him to get some herbs in the afternoon," Huo Yunshen said.

Huo Yunshen has been helping Jing Huaduo with his new clinic in Xu Xiyan's place and has little time to visit the hospital.

"Then hurry up and go!"

"All right. I'll come again after that."

After Huo Yunshen had left, Xu Xiyan ate lunch with her mother.

Because Jing Ruyue could not eat much, she stared at the remaining foods and sighed.

"What a waste it would be if we were to throw these away."

Xu Xiyan agreed with her mother, as it was a waste to throw away the food that her husband had prepared.

But she suddenly thought of an idea and said, "Mum, I'll take care of them."

She packed the remaining foods that were untouched and took them to the 6th floor.

But she did not take the food directly to Helian Wei and gave them to Le Xiu instead.

In Xu Xiyan's opinion, she believed that her father needed as much nutrition as her mother.

She really hoped for them to recover as soon as possible.

Initially, Le Xiu was supposed to bring hospital food for Helian Wei.

But before he could even leave the 6th floor, he met Jing Xi in the hallway. She gave him a lot of food and told him to not tell Helian Wei that it was from her.

Le Xiu brought the food back to Helian Wei's room happily. When he entered, Helian Wei checked the time.

He was curious as to how Le Xiu had returned with food in just one minute.

"I've brought the food, Mr. President," Le Xiu smiled and placed the food in front of Helian Wei.

Helian Wei looked at the food and asked, "Since when did the hospital food get so good?"

Le Xiu smiled wryly and replied, "These are not from the hospital... They were from Jing Xi."

"Really?"

Helian Wei was amazed. He was worried that Jing Xi and Jing Ruyue would ignore him after the incident that had happened a few hours ago, but now he was able to feast on food that his daughter had gotten for him.

He quickly chowed down on the food, not forgetting to compliment how good they were.

"These are really good!"

"Please, enjoy your meal," Le Xiu smiled.

Le Xiu was happy to see the President chomping down on the foods, as Helian Wei had not been eating a lot for the past few days.

Le Xiu could not help but think that Jing Xi was an angel that was sent by God.

Ever since Jing Xi had come, a lot of changes had happened to Helian Wei.

Huo Yunshen hurried to the hospital the next day after taking Ying Bao to school, because it was the day that the report on Jing Ruyue's donor would be completed.

Jing Ruyue's attending doctor came into her room and smiled.

"Congratulations, we were able to find a match for you."

"Seriously?" Xu Xiyan asked happily as she hugged her mother. "Thank God!"

Jing Ruyue also felt relief as the hospital had actually been able to find a matching kidney for her.

"Who's the donor?" Jing Ruyue asked.

"My apologies, but we can't disclose the information about the donor. All we can tell you is that he's a very selfless person."

Chapter 1278: He Owed Her

"Thank you so much indeed! He must be a living buddha!"

Jing Ruyue pressed her palms together and expressed her gratitude.

“Doctor, do we know when the operation is scheduled for?”

“We will let you know after the consultation today.”

The doctor stepped out and they were left with cheerful minds. Huo Yunshen told his mother-in-law, “Mother, once the operation is done you will be able to live a normal life.”

“Good. If so, I will be able to help you take care of the kids.”

Jing Ruyue had not had much hope for the future. But now, the kidney donated by a complete stranger gave her something to look forward to.

When she recovered she would definitely cherish her health and try living a longer life.

Her daughter would be giving birth soon. She would be of great help if she could take care of the kids.

More good news followed after the consultation. The operation was scheduled for three days later at eight o'clock in the morning.

At the same time in the ward on the sixth floor.

The only two insiders were getting ready.

The doctor came to inform him, “Mr. President, the operation is scheduled for three days from now at eight o'clock in the morning. Is that OK?”

“Sure.”

“But I still have to warn you. You suffer from heart disease, which could easily lead to other problems during the operation. You might not be able to wake up again. Or in the worst-case scenario, you could die. Are you sure you want to take the operation?”

“Yes, definitely yes, even if it will cost me my life. Now go get ready for it!”

The doctor had warned him of every possible risk. But instead of getting worried, Helian Wei only hoped that the operation could be finished sooner.

He could not find any words to describe his feelings now. He was happier than ever.

Out of the thousands of thousands of registered donors, he was the only one that made a good match to Jing Ruyue. It was a miracle.

It was probably what he owed her, or God's plan. Either way, it was a comfort and salvation for Helian Wei.

He wanted to give one of his kidneys to the woman he loved. A part of him would be living inside her from now on. It literally meant that they would be together forever.

In the meantime, they had another plan executed. Helian Wei asked his son, “Is everything ready?”

“All ready.”

“Good.” Helian Wei added, “No matter what happens, you should never let them know I am the donor. Remember.”

"I see."

Helian Qingyu knew that his father was donating his kidney to Ms. Jing anonymously in order not to make them feel guilty.

He could not help being touched by his father's selfless dedication.

Before he got to know what had happened between his parents, he used to think that his father was cold and heartless, that he was too cruel to his mother.

Now he understood that no one could be forced to love someone.

While if it was true love, one could give up everything, even his life.

There was another important thing Helian Wei had to do before the transplant.

"Qingyu, ask for Qi Fang. I need to talk to him."

"OK."

Helian Qingyu had his man get Qi Fang.

Coming into the ward, Qi Fang showed his concern for President Helian Wei. "Mr. President, how do you feel?"

"Not too bad. Have you gotten everything I asked for?"

Chapter 1279: Punishment

"Everything is prepared, please take a look at it." Qi Fang handed an envelope to Helian Wei.

Helian Wei had already passed on all the evidence he had from his spy to Qi Fang beforehand.

"What is in it?" Helian Qingyu asked curiously.

"Take a look at it yourself."

Helian Qingyu opened the envelope and took the files out. He could not hide his surprise after looking through them.

In the files was evidence of various cases, such as the bombing on the bridge, the fire at the National Theater, and more. And all of the evidence led back to Yun Xuerou.

"Are these real?"

Helian Qingyu could not believe what he was looking at. He knew that his mother was cheating on his father, but he had never learned that she was doing things that endangered the country and its people.

"Do you know now why I wanted a divorce?" Helian Wei asked as he sighed. "All I ever wanted to do was to make this country better, but I always found myself in front of countless incidents. And now I know that she's the one behind them."

"..."

Helian Qingyu would need time to absorb all of the newly found information and Helian Wei did not force his son.

“Are these enough for the divorce?” Helian Wei asked Qi Fang.

“The things that Madam First Lady has done were enough to lock her up for a lifetime,” Qi Fang analyzed. “She's a traitor. The court will definitely approve the divorce.”

“Very well! I'll let you handle the rest!”

“Yes, sir!”

Huge news hit Estan two days later.

The First Lady, Yun Xuerou, had been taken into custody for putting the public in danger.

According to sources, the evidence of the First Lady's misconduct was submitted by the President himself.

Yun Xuerou would have to face Estan's Supreme Judicial Court in a few days.

Reporters went to the hospital to get an interview with the President.

“Anyone who brings harm to the people's benefit is my enemy!” Helian Wei told the whole country through a live feed. “I assure the people of Estan that I'll file for a divorce with Yun Xuerou! I'll not tolerate anything that she had done in the past!”

Helian Qingyu was also interviewed by the reporters.

“Even though she's my mother, she's betrayed the people!” Helian Qingyu said. “She's not fit to be called my mother anymore! I'll stand with my father, and I'll protect the benefit of the people!”

Their acts and decision shocked the whole country.

The people cheered when they saw the news.

“That's what a President should be like!”

“Even the General has decided to follow his in father's footsteps! He's a hero!”

“Yun Xuerou deserves what's coming to her!”

The people would always care about their own benefit. If the government stood by their side, the people would definitely support them.

And the Helian family did not disappoint them.

Yun Xuerou was being held in prison, but she had not given up hope yet.

“I want to see Qingyu! I'm his mother, he would never leave me here to rot!” Yun Xuerou shouted.

Chapter 1280: Getting Rid Of A Huge Trouble

Yun Xuerou's son was her only hope now. And finally, he came.

Helian Qingyu came to the detention center and saw his mother. She was no longer elegant or graceful at all.

When being imprisoned, she looked extremely wretched and seemed to have gotten much older overnight.

“My son! Qingyu! Finally, you are here!”

Yun Xuerou was very excited at the sight of her son and said from the other side of the grating, “Use your power and get me out of here! I don't belong here!”

However, Helian Qingyu did not feel the slightest bit for his mother. He could only recall her having an affair with his uncle Helian Xiong.

He closed his eyes and swallowed the pain. When he opened his eyes again, he said, “Mother, you should have predicted this when you conducted all those deeds. You persecuted our people. How could I cover your sins?”

“I did nothing! It was your father making things up in order to divorce me! He wronged me! I'm telling you, it was he who betrayed me first. Throughout the years of our marriage, he had been thinking of another woman. He betrayed me mentally. Son, you have to feel for your mother. Do you have any idea how much I paid to raise you up? Do you think that was effortless?”

Yun Xuerou would never admit her evil deeds and blamed it all on Helian Wei instead.

But Helian Qingyu knew exactly what his mother had done. He would no longer believe her.

“Mother, I have it announced in front of our people. I will stay on father's side and defend our people. Therefore I cannot do anything against justice. You have to pay for what you did.”

Helian Qingyu claimed his stand, which made Yun Xuerou enraged.

She had raised him for over 20 years. And it turned out that he would not stand up for her.

Right. He was not her own son. How could he feel for her?

Seeing that Helian Qingyu was leaving, Yun Xuerou yelled insanely, “You cold-blooded bastard! You are as ruthless as your father! If only I had known you would do this to me, I would have killed you 20 years ago, rather than having you betray me now!”

No matter what she said, Helian Qingyu never turned back. And he paid no attention to what she said.

When running out of curses, Yun Xuerou fell onto the ground.

Only then did she realize that she was doomed.

Now there might be only one chance left for her. She wanted it to be escalated, the more serious the better. And hopefully they could hear about it in Lstan.

When the news broke out, the supreme court held an open trial for Yun Xuerou's case.

They arrested her assistant Eugene and some others, who then turned against her and told whatever they knew.

With all the irrefutable evidence, Yun Xuerou could make no more excuses.

It was also found out that she was a spy for Lstan.

In the end, the judge announced her divorce with President Helian Wei, sentenced her to life imprisonment, and waived her right to appeal.

Xu Xiyan read about the news immediately on her mobile phone.

She was shocked. She never expected that Helian Qingyu would join his father and send his own mother to prison.

With Yun Xuerou taken down, they got rid of a huge trouble.

Now that the court has announced their divorce, does that mean Mr. President is free again?
