

Priceless Baby 1321

Chapter 1321: Another Important Figure

There came some more good news. When they screened through the relics of Mo Xie's castle, Helian Qingyu's men found a prisoner in the dungeon.

They heard from the guards that she might be the former queen of the Dragon Kingdom, namely Huo Yunshen and Mo Yutian's mother.

Helian Qingyu brought her back to Estan. Xu Xiyan went to visit upon hearing the news.

She was frightened at first sight.

After being imprisoned in the dingy dungeon for so many years, the woman was dirty and stank with wild hair sticking on her face.

She could no longer walk properly, but lay on a stretcher.

Xu Xiyan tried to ask questions in order to confirm her identity.

She reacted to none of her questions until Xu Xiyan asked if she had given birth to two twin boys over twenty years ago. She burst into tears.

“Give me back my sons! You devils! Give back my sons! My sons...”

She almost cried her heart out.

Xu Xiyan patted her on the back and tried to calm her down. “Auntie, don't be scared. I am Jing Xi. I know your sons are still alive. I'll take you to them shortly.”

Xu Xiyan sent for DNA testing and proved that she was indeed Huo Yunshen and Mo Yutian's mother, Su Wanqin, the previous queen of the Dragon Kingdom and wife of Long Rui.

Now that Huo Yunshen was still in a coma, she volunteered to take care of her mother-in-law.

She helped her cut her hair and take some showers to get rid of the dirt.

When dressed up in proper clothes, she seemed like a normal person again.

But she looked extremely pale and skinny, the same as Xu Xiyan's mother when she was rescued.

Despite that, she was still a pretty woman. Xu Xiyan could imagine how charming she used to be when she was young.

“You said you would take me to my son. Where is he?”

After the showers and a proper meal, Su Wanqin asked this of Xu Xiyan. She was no longer as hostile as she had been.

“I'm taking you there now.”

Xu Xiyan had someone bring a wheelchair and got her seated. Then she took her to her sons.

They first visited Huo Yunshen. Xu Xiyan introduced him. "His name is Yunshen, your first son. He was taken to Zstan after he was born, and was brought up in a decent family."

Su Wanqin looked at the young man lying on the bed. He seemed identical to Long Rui. He was no doubt her son.

"My poor kid..."

Su Wanqin burst into tears again upon hearing why he'd gone into a coma.

She recalled how exhausting it was to give birth to the child the night Long Xie went for an uprising.

The child was immediately sent out after he was born.

Then in another half hour, she gave birth to the second boy.

Unfortunately, that child was taken by Long Xie. They took her, too, and kept her in the dungeon till now.

"Auntie, I'm taking you to your second son now."

Su Wanqin saw Mo Yutian outside the apartment. He looked more identical to her, which proved that he was also her son.

Throughout the years of imprisonment, she had been told that her son was raised by Long Xie, also known as Long Xiao. But she was never allowed to meet him.

Seeing that he was acting like a junior, Su Wanqin wondered, "What's wrong with him?"

Chapter 1322: Let Him Rest

"Let me do it. You just got up," Xu Xiyan said, worried that Huo Yunshen's body could not take it since he just woke up.

She wanted him to have more rest.

"I've had enough sleep. I'll do it. You are the one who needs the rest. Just stay here and play some games or watch some TV. You have to take care of your body for our sons."

"How are you so sure that the twins are boys? What if they are girls?"

"There's nothing bad about that. I'll have three daughters then."

Huo Yunshen smiled and went to the kitchen.

But when he got up, everything in front of him went black for a moment. It was just an instant, and his eyesight recovered right away.

Huo Yunshen did not pay attention to it because he thought that he'd gotten up from the couch too fast.

While Huo Yunshen was preparing dinner in the kitchen and Xu Xiyan was waiting in the living room, Ying Bao came back from school.

"Mommy!" Ying Bao greeted.

"Welcome back," Xu Xiyan smiled.

"Yes! Today was tiring at school," Ying Bao said as she threw the bag onto the couch and lay on her mother's lap.

"Why's that?"

"We practiced badminton today. Guess how many I got today?"

"Two?" Xu Xiyan guessed.

"Of course not!" Ying Bao pouted. "28!"

"Wow! That's great!" Xu Xiyan said as she hugged the little girl.

"Are my brothers behaving today?" Ying Bao asked.

"Yup, they are."

"Then I'll give them the lollipop I got!"

Ying Bao took out the lollipops she had asked Ye Xun to get for her and showed them to her mother.

"You have them. Your brothers are still small, so they can't eat them yet."

"Then I'll give it to daddy," Ying Bao said as she slid down from her mother's lap and was about to run upstairs.

"Hey, your daddy is not up there. He's in the kitchen," Xu Xiyan said.

"In the kitchen? Did daddy wake up?"

"Why don't you go look for yourself?"

Upon hearing that, Ying Bao quickly ran to the kitchen and saw her daddy in an apron.

"Daddy!" Ying Bao shouted.

Huo Yunshen stopped what he was doing and looked at the little girl.

Ying Bao ran towards her father and into his arms.

"Daddy! You're finally awake! I was about to shout through a loudspeaker through your ears."

"Of course," Huo Yunshen laughed. "You were always calling out to me. That's why I had to wake up."

"Yay!"

“Go out and wait with your mother. Dinner's almost done.”

“Okay! I'll call Brother Feimo first!”

And the little kid ran out of the kitchen.

Tang Feimo returned to his home with his head down. He threw his bag to one side and lay down on the couch.

He sighed, as it was another day without any news of Ying Bao.

Chapter 1323: The Biggest Regret

“She's your grandma,” Jing Xi explained.

“But, didn't grandma go to Heaven?” Ying Bao asked, unable to comprehend. “Oh, I get it! Uncle Treeleaf told me yesterday that if I behave, then I will have a huge surprise! Grandma is the surprise, right?”

“You could say that. Do you want to play with grandma?”

“Yes! Grandma, I'll push you!”

Ying Bao ran to the back of the wheelchair and pushed Su Wanqin to the garden.

Su Wanqin couldn't help but love the little girl who was smart and quick-witted.

Jing Xi's parents came from the Moon Castle in the afternoon. Helian Wei used to be good friends with Long Rui, so it was natural that he knew Su Wanqin.

They were filled with emotion, for they were still able to meet their old friends.

“All I want now is for the kids to have a happy life,” Su Wanqin sighed with emotion.

“Don't worry, everything will be all right,” Helian Wei comforted. “You can return to your home once the Dragon Kingdom is rebuilt.”

“So what if the kingdom is rebuilt? One of my sons is still unconscious, while the other has become an idiot. There's no one to take over the country...”

Everyone shared the same worry as Su Wanqin.

“Just be patient. Yunshen will definitely wake up soon.”

All they could do was tell themselves that everything would be alright.

Jing Xi started to talk about the fall of Lstan with her parents.

“The biggest regret right now is that Mo Xie is dead, and Mo Yutian has gone crazy,” Jing Xi said. “They were the last two people who knew who Lady White Camellia is. Now we have no way to find where my brother is...”

“We can just hope that he's living a happy life...” both of Jing Xi's parents sighed.

Half a month had gone by. Jing Xi had registered herself to a well-established designer college in Estan. She had decided to study jewelry design.

When she was not in school, she was staying at home taking care of her husband.

She would draw a few designs while she had nothing to do. When she finished drawing a design for a wedding ring, she couldn't help but recall the scene where Huo Yunshen proposed to her.

It was as if the proposal had just happened the day before.

“What do you think? Is it pretty?” Jing Xi asked.

She had been talking to Huo Yunshen, hoping that her voice could wake him up someday.

She put down the drawing pad and rested his palm on her belly.

“Look, the babies are moving! They've been kicking me non-stop. Can you feel them? Three more months and we can finally meet them. Are they going to be boys or girls? Who will they look like?”

Jing Xi was not the only one who would talk to Huo Yunshen. Ying Bao would also talk non-stop by her father's ear whenever she got home from school.

“Mommy, can daddy hear us?”

“Of course he can.”

“Then why is he still sleeping?”

“Because... because...” Jing Xi had no idea how to reply to the little girl's question. “It's daddy's birthday today, why don't we go and bake him a cake?”

“Okay!”

Jing Xi prepared all the ingredients for the cake and began to work while Ying Bao sat quietly.

Chapter 1324: Same Wish

When the cake was baked, Xu Xiyan and Ying Bao began to decorate it with cream and fruit.

Xu Xiyan drew Huo Yunshen's face on the cake with chocolate while Ying Bao placed cut fruit on the side.

“This biggest strawberry is for daddy, then this is for grandma, and this is for mommy,” Ying Bao smiled.

“Then what are you going to eat?”

“I can eat chocolate daddy!”

With Su Wanqin and Ying Bao by her side, Xu Xiyan celebrated Huo Yunshen's 29th birthday that night.

After they finished singing the Birthday song, all of them made a wish for Huo Yunshen. They wished for the same thing: for Huo Yunshen to wake up as soon as he could.

Xu Xiyan took Ying Bao to school in the morning and went to a design college after that,

When she was almost at the gate, she saw a man trying to drag a girl into his car.

"Help! There's a pervert!" the girl screamed, and she noticed Xu Xiyan standing near them. "Please help me!"

Xu Xiyan did not give any thought to it and ran up to them. She pulled the man's hand away from the girl and stared at the man.

"What are you doing? Trying to kidnap a person in broad daylight?" Xu Xiyan scolded.

The man, who was wearing a suit and had a pretty face, stared back at Xu Xiyan angrily.

He then turned to the girl and scolded, "Qiao Ruoxi! Tell her who I am!"

"Please! I don't know who he is," Qiao Ruoxi begged. "He tried to pull me into his car!"

"Mister, you'd better leave," Xu Xiyan warned as she pulled Qiao Ruoxi behind her, "or else I'm going to have to call the police."

"Qiao Ruoxi! Just you wait!" The man laughed coldly and left in his car.

Qiao Ruoxi let out a sigh of relief after the car was gone.

"Thank you. You really helped me back there," Qiao Ruoxi said.

"Who is that guy?"

"A bad guy, but worse."

Xu Xiyan nodded, and they walked towards the college's gate.

"Are you a student here too?" Qiao Ruoxi asked.

"Yup."

"I'm a freshman here too. Class of '05. My name is Qiao Ruoxi, nice to meet you."

"Nice to meet you too. I'm in the Class of '05 too. My name's Jing Xi."

"What a coincidence. We both have Xi in our name, and we're in the same class too." Qiao Ruoxi smiled and stopped, suddenly remembering something. "You're Jing Xi, right? Why does your name sound familiar?"

Xu Xiyan smiled and did not answer the question.

"Wait!" Qiao Ruoxi suddenly yelled. "Don't tell me you're that famous actress from Zstan? That Jing Xi?"

Xu Xiyan put a finger over her lips, signaling Qiao Ruoxi to quiet down.

“Oh, my God! Are you for real? I'm so lucky!”

It was from that day Xu Xiyan got to know a new friend, a girl called Qiao Ruoxi. She also learned from that day that a man was always stalking her new friend.

The man was one of Zstan's Yun City's richest man. Most girls would do anything to be with him, except for Qiao Ruoxi, who tried her best to run from him.

Chapter 1325: The Best

Jing Xi quickly became good friends with Qiao Ruoyi. They would often hang out after class.

When they were leaving the campus one day, they noticed that the man who had harassed Qiao Ruiyi was waiting outside in the car.

Qiao Ruoyi quickly hid behind Jing Xi. Jing Xi had no choice but to take Qiao Ruoyi with her.

“Why are you so afraid of him? He's good looking and rich,” Jing Xi asked when they were on their way to Yunjing Manor.

“You have no idea! He's a complete maniac!” Qiao Ruiyi scolded.

Jing Xi had no idea what really went down between them. But she knew that no one would avoid another person if the latter was helpful to them.

Jing Xi guessed that something had happened between them, and that it hurt Qiao Ruoyi deeply. That was why Qiao Ruoyi was hiding from him.

Jing Xi drove all the way straight back to her home. It was her first time having her classmate over.

Qiao Ruoyi walked past the garden and was amazed by the flowers and trees in it.

“I always heard that Mr. Huo really loves his wife. I guess the rumors were true. Look at all these plants! He must've spent a lot of time on them for you!”

“Yup. He's the best in the world.”

Jing Xi could not hide her pride for her husband.

“Is Mr. Huo home? I'm actually a fan of his. I hope I can get an autograph,” Qiao Ruoyi said excitedly.

“I'm sorry, but you might be disappointed.”

Qiao Ruoyi only learned that Huo Yunshen was in a comatose state after entering the manor.

“I really can't believe it, the hardships that the both of you have to go through. I still remember the two of you in the news just a few weeks ago, but now he's here lying unconsciously...”

“But I believe that he'll wake up soon.”

“Yes, I'll pray for you, Jing Xi.”

Jing Xi asked Qiao Ruiyi to stay for dinner after that.

Having known Jing Xi for quite some time, Qiao Ruoyi gladly accepted the offer.

"I still remember seeing you at the cooking competition! I was thinking then that you must've caught Mr. Huo's attention with your cooking skill."

"Cooking has nothing to do with love," Jing Xi laughed. "But knowing how to cook is definitely a plus."

They kept talking until Ying Bao was back from school.

When Qiao Ruoyi saw the little girl, she could instantly recognize her as the internet celebrity Cherry Baby.

"That's Cherry Baby, right? She's cuter in real life!"

Ying Bao ran into her mother's arms and looked at Qiao Ruoyi.

"Hey, say hello to Auntie Qiao," Jing Xi said as she patted Ying Bao's head.

"Hello, Aunty Qiao."

"What a cute little girl. Can I hug you?"

"Since Auntie Qiao is so pretty, okay!"

Ying Bao turned around and let Qiao Ruoyi hug her.

Chapter 1326: A Clue

Qiao Ruoxi could not help but think about the baby she once had when she met Ying Bao.

If the kid were to have lived, he or she would've been around two years old.

Qiao Ruoxi played with Ying Bao while Xu Xiyan went to prepare dinner.

After dinner, Xu Xiyan and Qiao Ruoxi discussed the homework they had on jewelry design.

When Qiao Ruoxi noticed Xu Xiyan's design with the name "Lady White Camellia" by the side, she suddenly thought of something.

"Lady White Camellia? I think I've heard of this name once somewhere," Qiao Ruoxi said.

"From my movie?"

"No, not that."

Qiao Ruoxi thought about it more clearly and was sure that she did not hear the name from Landscape. It was from the company where she used to work, the Diruiling Jewelry in Yun City.

“Are you sure? Where have you heard it from?”

“Have you ever heard of Diruiling?”

“Yes, I have. It's one of the three big jewelry stores. The Diruiling, Baodilan, and Mu. Are you talking about the one that was at the top? That Diruiling?”

“Yes. That's one of Feng Yunan's companies. I used to work there and saw the list of employees once. Lady White Camellia was on it. I remember it because it was a unique name.”

Qiao Ruoxi told Xu Xiyan everything she knew about Lady White Camellia.

“Ruoxi, can you help me with something? You are very close to Feng Yunan, right? Can you help me get the details of Lady White Camellia? I really need to know who she is. It's essential to me.”

“All right, I'll help you,” Qiao Ruoxi agreed.

But when Qiao Ruoxi thought of meeting with Feng Yunan again, her heart sank.

She would have to ask for Feng Yunan's help if she wanted to learn who Lady White Camellia was. But Qiao Ruoxi hoped to avoid meeting Feng Yunan as much as she could. And yet since it was a request from Jing Xi, she had to help.

“Thank you really much! You've really helped me!”

“Don't thank me yet; I'm not sure it will succeed” Qiao Ruoxi smiled and checked her watch. “I guess it's time for me to leave.”

“All right, I'll get someone to take you home.”

Xu Xiyan arranged for her driver to send Qiao Ruoxi back.

Even if Qiao Ruoxi could not find anything, she already gave a huge clue to Xu Xiyan.

Xu Xiyan was not going to give up until she found her brother.

The day finally came for Xu Xiyan's check-up after six months of pregnancy.

Everything went smoothly. Xu Xiyan could see the babies from the scan, and they were moving around a lot.

Huo Sanyan also looked at the screen and sighed.

“Yunshen would be very happy if he was here to see this...”

Xu Xiyan felt the same way.

She really wanted Huo Yunshen to be by her side.

He promised her that he would never miss any of her check-ups, but fate was cruel to him.

After the check-up was completed, Huo Sanyan accompanied Xu Xiyan back to Yunjing Manor.

“What are you going to do now that you're free?” Xu Xiyan asked Huo Sanyan.

“I still have no idea yet,” Huo Sanyan shrugged.

Chapter 1327: Back To What I Used To Do

“What does it feel like to forget someone important?” Jing Xi asked.

“I don't really feel anything. It's just that something is gone from my memory, but I don't get troubled by it. In fact, I think that it's a good thing.”

Losing her memories did not affect Huo Sanyan much.

But Jing Xi had a different opinion. Even though Huo Sanyan might not be affected by it, it was a nightmare to the people who loved her.

Jing Xi could not even imagine how hurt Ye Xun was.

“Oh, right, I'm going to start working in a few days.”

“Where?”

“Celebrity Times. I'm going back to what I used to do.”

Huo Sanyan wanted to do something because she was bored. She had already passed the Celebrity Times' interview and would start working the next Monday.

“Ye Xun's okay with it?”

“Why do I need his approval?” Huo Sanyan scolded. “Do you even know how bossy he is? It's my first time meeting a person like that! What's wrong with me going to work? It's not like I'm going to stay at home and take care of babies!”

“Wait... Are you pregnant?”

“No, no, no,” Huo Sanyan quickly shook her head, realizing that she had said the wrong thing. “There's no way I'm going to get pregnant with his child!”

“To tell you the truth, Ye Xun is a completely different person now. Maybe you should give him a chance, no?”

“Can we stop talking about him? We're here.”

Huo Sanyan parked in front of the Yunjing Manor and let Jing Xi out.

“Are you not coming in?” Jing Xi asked after getting down from the car.

“No, I still have something to do. I'll come when I have the time,” Huo Sanyan said.

“Okay. Be careful then.”

After Huo Sanyan left, Jing Xi went into the manor and put her bag down.

"I'm back!" Jing Xi shouted as she went upstairs.

But when she pushed the door open, there was no one lying on the bed.

Realizing that Huo Yunshen might've woken up, Jing Xi couldn't hide her joy. She had been preparing for the worst, but Huo Yunshen had woken up earlier than she'd expected.

She looked through the whole mansion searching for Huo Yunshen but couldn't find him.

She even asked the servants, and none of them had noticed him leaving.

Just as Jing Xi was about to check the CCTV, the servant noticed a familiar person walking in the garden.

"Ma'am, isn't that...?" the servant said, pointing outside the window.

Jing Xi looked towards the garden and saw Huo Yunshen taking a stroll in the garden.

"Yunshen..."

Tears began to fill Jing Xi's eyes. Without giving any care, Jing Xi jogged to the garden.

When Huo Yunshen heard someone calling him, he raised his head and saw his wife running towards him.

"Hey! Slow down!"

Chapter 1328: The Biggest Comfort He Could Give

Huo Yunshen was worried that Xu Xiyan might hurt the babies if she ran too fast.

Xu Xiyan ran straight up to Huo Yunshen and into his arms, banging her head on his chest.

Xu Xiyan was already in tears.

"You're finally up... I knew you would wake up... I knew it..."

Huo Yunshen hugged his wife tightly. He quickly loosened his hug when he remembered that Xu Xiyan was pregnant.

"Hey, I'm fine, ain't I?" Xu Xiyan comforted.

Huo Yunshen had no idea how long he had slept. But when he did not see Jing Xi by his side the moment he woke up, he decided to go and take a stroll in the garden and wait for her.

He was glad that he got to see her again.

"Hubby..."

Xu Xiyan thought of the pain they'd had to go through for the past few weeks, and she could not stop her tears.

"I'm sorry for making you worried again..."

Huo Yunshen blamed himself a lot when he saw his wife in tears.

He had promised her he'd return safely, and he could uphold it.

He could not imagine the pain Xu Xiyan had gone through when he was unconscious.

Huo Yunshen lifted Xu Xiyan's face up and kissed her tears dry before kissing her lips.

That was the most comforting thing he could do for her, telling her how much he loved her.

Huo Yunshen did not let go of Xu Xiyan until she stopped crying.

"Hey, stop crying, will you?" Huo Yunshen whispered. "It pains me to see you in tears."

Xu Xiyan nodded and looked at Huo Yunshen's head.

"Does your head still hurt? Are you feeling unwell anywhere?"

"No, I'm perfectly fine."

"That's good... As long as you're okay..."

"Hey, I did promise you I would live with all I could, right?" Huo Yunshen smiled and grabbed Xu Xiyan's shoulder. "Come on, let's go home."

As they were walking towards the manor, Xu Xiyan suddenly thought of Su Wanqin.

"Hey, hubby, have you met your mother yet?"

"My mother?"

Only a few servants had seen Huo Yunshen waking up. Thus not many knew of it.

"Big bro found your real mother in the prison dungeon under the old castle. She was being imprisoned by Mo Xie this whole time."

"..."

Huo Yunshen suddenly remembered Mo Xie talking about his mother, but he thought Mo Xie was faking it.

"Where is she now?"

"I'll ask the servants to look for her."

After asking one of the servants, they learned that Su Wanqin has gone to visit Mo Yutian.

Xu Xiyan felt that Su Wanqin loved Mo Yutian more than Huo Yunshen, but it was understandable.

Ever since Su Wanqin was being kept in the dungeon, Mo Xie had been telling her that her son was also in the castle.

She even got the chance to meet Mo Yutian when he was young, and that was the reason he would be her favorite son.

“How is that man?”

Chapter 1329: Introduction

Huo Yunshen's mind was in chaos when he thought of Mo Yutian.

His life had completely changed after learning that Mo Yutian was actually his brother by blood.

Everything that had happened between them was all because of Mo Xie.

In the end, Mo Yutian was just another victim.

“He's... not really well...”

“I want to see him.”

“I'll go with you.”

The couple left their house and arrived at the apartment that Mo Yutian was locked in.

They went into the apartment and noticed that Su Wanqin was talking with Mo Yutian.

Huo Yunshen found it weird, as Mo Yutian was sitting on the carpet playing with toys like a little kid.

“What's wrong with him?”

Huo Yunshen still remembered that he had saved Mo Yutian by shielding him from the falling pillar.

But he could not recall anything that happened after that.

“He also got hit in the head. While you fell unconscious, he lost his mind...”

Su Wanqin heard people talking outside. She turned her wheelchair around and noticed it was Jing Xi, but that another person was with her too.

“Yunshen? Is that really you?” Su Wanqin asked. She looked at her eldest son, a person that she had never met since he was taken away right after he was born. Su Wanqin had no idea how to face him.

“Yes. He just woke up,” Jing Xi replied.

“That's good... That's really good...”

Tears of happiness rolled down Su Wanqin's cheeks.

Huo Yunshen's eyes were also wet. He looked at the skinny woman but did not say anything.

He knew that she was his own mother, but the distance between them for the past 20 years had turned them into strangers.

“Come on in,” Su Wanqin said.

They knew it was time to get to know each other, as mother and son.

Jing Xi pulled Huo Yunshen into the apartment and to Su Wanqin's side.

“Thank God you're finally awake. I thought I would never see either of my sons again. At least I still have the chance to be together with both of you again...”

Su Wanqin couldn't help but shiver when she thought of everything that had happened during the war.

She blamed the war for everything, for the loss of her husband and the downfall of her kingdom.

She would not have been separated from her own children if not for the civil war.

Her sons could've grown up in happy environments, but they were both forced to separate from each other and even become enemies in the end.

But with everything in the past, Su Wanqin hoped that they could become a family again.

Huo Yunshen looked at his mother, who was crying, and turned to look at Mo Yutian. He could feel as if his heart was filled with lead.

There was no way that he could accept Mo Yutian as his own, as the hatred that had gathered between them was too overwhelming.

If he were to forgive Mo Yutian, then no one would have to take responsibility for killing his foster family back in Zstan.

The reason why Huo Yunshen had saved Mo Yutian back in Lstan was that they were related by blood, nothing else.

Even though Huo Yunshen had decided not to let Mo Yutian die, it did not mean that he could forgive him.

Chapter 1330: His Plan

“Yunshen, what do you plan to do with him?” Su Wanqin asked.

She knew that it would be near impossible for Huo Yunshen to reconcile with Mo Yutian.

No matter who Mo Yutian was to Huo Yunshen, it would not erase the evil deeds he had done in the past.

Huo Yunshen thought for a moment in silence.

"If he recovers one day, he will have to face the International Court," Huo Yunshen finally said.

"Are you willing to see your only brother rot in prison?" Su Wanqin asked.

"Yes, he has to take responsibility for his actions."

"But he's already paying for his sins. Look at him! Can you at least promise me one thing?"

"What is it?"

"Can I at least take him home with me? I promise to take care of him, and we won't cause you any trouble."

It was a hard request. Even if Huo Yunshen would allow it, Xu Xiyao wouldn't.

It would even be hard for Su Wanqin to take care of Mo Yutian since she was in bad shape herself.

They were also worried that Mo Yutian would try to harm them again when he recovered.

They had to take in the risk of that happening.

"We understand what you want, but we can't allow it," Xu Xiyao said. "You might not know how dangerous he is, but bringing him back with us is out of the question."

Xu Xiyao hoped Su Wanqin could understand her feelings.

Su Wanqin begged Huo Yunshen with her eyes, but Huo Yunshen chose to side with his wife.

"She's right, he's not coming back with us."

"Please, I beg you, both of you. He's just a kid now, a kid with a half-functioning brain. He won't do anything that will hurt you..."

Su Wanqin even fell to the floor to beg her son.

"Mum! Please!"

Huo Yunshen quickly stopped his mother.

"I'm happy that you can call me mum, but I also want to hear your brother call me that too... I don't want you to bring him back to Yunjing Manor. You could let him stay somewhere near so that I can go and visit him everyday..."

Huo Yunshen turned to look at his wife and then turned back to look at his mother.

"All right, you can live with him outside of the manor. But I'll have him watched 24/7."

"Oh, Lord, thank you so much!" Su Wanqin thanked him and turned to Mo Yutian. "Xiao'er, did you hear them? We can live together now..."

Mo Yutian did not respond and continued to play with his paper plane.

Huo Yunshen looked at Mo Yutian and turned to Jing Xi.

“Jing Xi, can you take mum and leave now? I have something to say to him.”
