

Priceless Baby 1341

Chapter 1341: Don't Tease Me

Jing Xi could not find herself believing that she would actually let Mo Yutian into her house.

She wondered if she should actually believe that the devil had really changed.

The servants had prepared lunch for the family. When Huo Yunshen walked into the dining room and saw Mo Yutian at the table, he couldn't help but frown.

Even though Mo Yutian was his brother, he was also his love rival at the same time. Huo Yunshen felt really uncomfortable dining at the same table as Mo Yutian.

“Daddy! Hurry up!”

Ying Bao ran to Huo Yunshen's side and pulled her father into his seat.

“Let's eat!” Huo Yunshen said.

When Huo Yunshen was about to get some food for his wife, he noticed Mo Yutian grabbing some with his hands.

Su Wanqin also noticed it and quickly pulled his hand back.

“Don't use your hand! That's disrespectful!” Su Wanqin scolded, but Mo Yutian did not care and shoved the food into his mouth.

“Let me know what you want next time, okay? I'll get it for you,” Su Wanqin said and turned to Huo Yunshen. “I'm sorry. I'll teach him some manners in the future.”

Huo Yunshen did not reply. He always felt a little distance between himself and Su Wanqin. In contrast with Huo Yunshen, Mo Yutian really looked like Su Wanqin's son; they even had the same face.

Jing Xi could also feel the difference in how Su Wanqin treated both of her sons. Even though she'd gotten both of them back on the same day, her attitude towards each of them was different.

It was as if Mo Yutian was her only child, and Huo Yunshen was adopted.

She couldn't help but pity her husband and get some food for him.

“Here, hubby, try some of these.”

“Thank you. You have some too.” Huo Yunshen smiled and placed some food on Jing Xi's plate too.

Huo Yunshen gave Jing Xi a look that showed that he did not mind how his mother treated him.

Ying Bao played with Mo Yutian for a little longer after the dinner until Su Wanqin took him back.

Huo Yunshen was reading a book on the bed after their showers when Jing Xi latched herself onto him like an octopus.

“Hubby...”

Jing Xi flirted and stared at him with a cute face.

“Go to sleep!” Huo Yunshen said without averting his gaze from his book.

“What? Can't a pregnant woman have some fun?”

“Woman! You're already in the later stage of pregnancy! The doctor said you have to restrict yourself, that's why I won't do anything for you. You better not try and tempt me, or else...”

“Or else what?”

“Or else you'll regret it!”

Even though Huo Yunshen did try and restrict himself, he still couldn't hold his ground against his wife's tempting sound. He grabbed his wife's face and gave her a big kiss.

The kiss lasted for a very long time, and by the time Jing Xi finally got free, she was gasping for air.

“Should we continue?” Huo Yunshen asked while flicking Jing Xi's nose.

“No... That's... that's enough...”

Huo Yunshen smiled and hugged her.

They started to talk about what had happened in the morning.

“My parents' wedding is in three days. Should I invite both Jun Yan and Feifei?” Jing Xi asked.

Chapter 1342: A Small Happiness

“Sure, whatever you want,” Huo Yunshen replied.

“Will he kill me if I tell him the truth?” Xu Xiyan asked.

“Don't worry. He won't touch you while I'm still alive.”

Xu Xiyan was happy to hear that. She moved closer to Huo Yunshen.

“Hubby, don't you think it's dangerous for Mo Yutian to stay so close to us?” Xu Xiyan said. “I really don't want to see him, but I also don't want to make your mother sad...”

“I also don't like what's happening right now, but I think it's better to keep him somewhere near. I would be more worried if he were somewhere I couldn't monitor. I can take care of him if I begin to suspect something fishy.”

“You're right...” Xu Xiyan nodded and sighed. “I really hope he's going to stay like this forever. At least he won't be hurting anyone anymore.”

A shadow was moving through the window outside the apartment Mo Yutian was staying at.

He opened his eyes and noticed the shadow was closer than it usually was.

Ever since he had “lost” his mind, the shadow had been visiting him frequently, but he paid no attention to it.

But he realized that it was time to meet with the shadow.

He changed into clothes of darker shades and left quietly while the guards were slacking off.

A woman with a white veil covering her face was waiting in the small forest next to the apartment.

One glance and Mo Yutian knew that she was Lady White Camellia.

“Why are you here?” Mo Yutian asked as he walked up behind her.

Lady White Camellia turned around and looked at Mo Yutian.

“Xiao'er, we're both the remaining people of Lstan!” Lady White Camellia said. “We can still rebuild our country!”

“And then what?”

Mo Yutian suddenly realized that the killings were already making him sick.

He did not want to conquer the world anymore. It was a mission that Mo Xie had brainwashed him to do. When he lost everything he once had, he finally found the freedom he never had.

He even felt that being an idiot was a hundred times better than being a king.

At least he could look at the girl he once loved living happily. That was also a small happiness for him.

“Don't give up just yet! Huo Yunshen and Helian Qingyu have to die for killing your father and destroying our country! You have to avenge your father!” Lady White Camellia persuaded.

“Then, let me ask you a question. Why do I have to avenge him? That was his karma for doing too many bad deeds!”

Lady White Camellia could not help but gasp at Mo Yutian's words.

“You've changed...”

“People do.”

Lady White Camellia had not been not hoping to meet Mo Yutian in the state he was in. She was still counting on him to rebuild the country.

Chapter 1343: Trying To Convince Her

"I don't care if you're with me or not, I'm going to take my revenge!" Lady White Camellia vowed. "I'll have Helian Wei pay me back what he owes me! Why should I be the one who loses everything while Jing Ruyue gets to live with her daughter? I will make her taste what it's like to lose everything!"

The anger in Lady White Camellia's eyes showed that she would go on with her plan even if Mo Yutian decided not to join her.

When Mo Yutian thought of Helian Wei losing everything, including Jing Xi, his heart tightened.

He did not wish for anything to happen to Jing Xi. He wanted her to live a peaceful life.

And the only thing Mo Yutian could do at that moment was to try and stop Lady White Camellia.

"You could live a better life...why do you want to waste it on someone who doesn't even love you?" Mo Yutian asked.

"Aren't you the same? You also could not let Jing Xi go," Lady White Camellia snorted.

"No, I understand it now. There should be no selfishness in love. If you truly love someone, then you should wish for their happiness. I know you really love Helian Wei, but anyone can see that he's meant to be with Jing Ruyue. They are going to get married in a few days. If you really love him, you should wish for his happiness and not seek revenge."

Mo Yutian had no idea whether his words had reached Lady White Camellia or not. But Lady White Camellia could only focus on the wedding that Mo Yutian had mentioned.

"What did you say? They are getting married?"

"Yes."

Lady White Camellia could not believe her ears. She scolded Helian Wei for being unfaithful to her, for getting married right after they got a divorce.

"I'll definitely not let them have a happy life!" Lady White Camellia cursed. "You should snap out of it too! Do you think they will really let you live? The only path for you is to regain your power! When you do that, the world will be beneath you!"

Lady White Camellia kept trying to persuade Mo Yutian in the hopes that he could stand at her side.

Mo Yutian began to think. He knew that if he wanted to protect Jing Xi, he had to learn what Lady White Camellia was planning and when she would take action.

He made a decision to convince Lady White Camellia that he was siding with her to gain her trust. He would then use that trust to learn her plan and put a stop to it.

Mo Yutian believed that he should earn salvation through his own strength.

"I get it. You're right. I should not have given up this easily. How can I be the leader of the underworld if I can't even stand my ground?" Mo Yutian said, raising his head. His expression was enough to convince Lady White Camellia that he wanted revenge.

"Very good! That's Mo Xie's son for you! The Dark Zone will soon rise again if we work together!"

Mo Xie's son? Mo Yutian laughed in his head. I'm not even his real son!

"What should we do now?" Mo Yutian asked with a nod.

Chapter 1344: A Reason to Decline

"I plan to go to the Northern Country to look for my sister. I hope I can persuade them to help us," Lady White Camellia said.

"My mother?" Mo Yutian asked.

"Yes. To tell you the truth, she's still alive. When your father tried to kill her in the past, I rescued her and sent her back to the Northern Country."

Mo Yutian understood that the "mother" Lady White Camellia had mentioned was Mo Xie's ex-wife and Lan Ling'er's mother, Lan Qiwei.

"How is she doing?"

Mo Yutian always thought that Lan Qiwei had been executed by Mo Xie and had no idea that she was alive.

"She's the queen of the country now. It won't be long before she takes over all of the Northern Country."

The reason Lady White Camellia thought that her plan would succeed was that her sister held a higher position than she had in the past. If she were to take over the whole Northern Country, she would have the power to support Lady White Camellia.

"I think you should leave with me and that we should go find her together," Lady White Camellia said when she noticed that Mo Yutian remained quiet.

"No, you'll have to go alone. I won't be able to leave with my current situation," Mo Yutian said.

In truth, Mo Yutian did not want to meet with Lan Qiwei because she wasn't even his real mother.

"Very well. I'll contact you once I meet up with her."

"Okay."

Mo Yutian quickly returned to his apartment after Lady White Camellia had left. Everything was done in secret, and no one even knew about it.

Ying Bao took a leave of absence three days later.

Xu Xiyan woke up early that day to prepare her husband's and daughter's clothes.

Huo Yunshen changed into a grey bespoke suit while Ying Bao wore a cute princess dress. Xu Xiyan wore a one-piece that was suitable for pregnant women.

It was an important day for all of them.

After everything was prepared, they left for the Moon Castle.

They did ask whether Su Wanqin wanted to join, but she declined, saying that she wasn't feeling well.

"Mommy, why are we going to the castle today?" Ying Bao asked.

"For... a wedding."

"Whose?"

"Grandma's."

"Why is she getting married at this age?"

"So that she can become a family with grandpa."

Xu Xiyan was smiling. It was a day that she had been waiting dearly for. Her parents were about to hold an invite-only wedding at the Moon Castle.

"Do people have to get married to become a family?" Ying Bao asked.

"Of course."

"I want to become a family with Brother Feimo too. Can I marry him?"

Ying Bao was starting to miss Tang Feimo even it had been only days since she had last called him.

"... Yes, you can. But not before you are a little bigger."

"How big?"

"Around how big I am now," Xu Xiyan explained.

"But mommy's so tall, can I even reach your height?" Ying Bao sighed but then suddenly thought of a good idea.

She stood up from her seat and crossed her arms.

"Look! Now I'm taller than mommy!"

Chapter 1345: A Huge Taboo

"Hey! Sit back down! It's dangerous!" Jing Xi scolded, pulling Ying Bao back to her seat.

They reached the Moon Castle in no time.

The castle had been redecorated from the inside out. Flowers and purple ribbons covered every corner of the castle, making the whole place look like it came straight out from a fairytale.

Jing Xi and her family walked towards the castle with Ying Bao leading the way, hopping happily in front of her parents.

Huo Yunshen held Jing Xi hands as they enjoyed the decorations.

“My dad sure is romantic! I can see why mom fell for him.”

Huo Yunshen turned to look at Jing Xi, realizing that he hadn't done anything romantic for Jing Xi for quite some time.

Ever since they'd arrived in Estan, a lot had happened, and he had sort of neglected his wife.

He couldn't help but feel a little guilt. He promised Jing Xi in his heart that he would learn more from Helian Wei to lock her heart in his.

The person they first met in the castle was Helian Wei. He wore a black tuxedo and a white button-down beneath it. He looked tall and sturdy in the wedding outfit.

There was no hint of him being old; the outfit even made him look younger than he actually was.

“Dad!” Jing Xi greeted.

“Oh, Jing Xi, Yunshen, both of you are here.”

“You look really handsome today!”

“You do know that it's a huge taboo to compliment another guy in front of your husband, right?” Helian Wei warned Jing Xi with a smile.

Jing Xi laughed and turned to look at Huo Yunshen.

“No, I can take it since father-in-law is so much better looking than me,” Huo Yunshen smiled.

“Is mom done with her preparations?” Jing Xi asked, looking at the second floor.

“You can go take a look. The makeup artist is putting her makeup on as we speak.”

“Okay!”

Jing Xi went to look for Jing Ruyue, leaving Huo Yunshen with Helian Wei to help with the arriving guests.

Jing Xi entered the room and saw a few stylists helping Jing Ruyue with her makeup and hair. Ying Bao was sitting next to her grandmother and looking at her with her curious eyes.

“Mom,” Jing Xi greeted as she saw her mother's reflection in the mirror.

“Yanyan!” Jing Ruyue also saw Jing Xi in the mirror. “Don't you think people will laugh at us for having a wedding at such ages?”

Jing Ruyue had actually proposed to not hold the wedding. All she wanted was to live the remainder of her life with Helian Wei.

But Helian Wei insisted on the wedding, saying that it was compensation for all the regrets they'd gone through.

“I will punch their teeth out from their mouths if anyone laughs at you,” Jing Xi said as she sat down next to her mother. “You and dad finally get to have a happy life after so much hardship. The wedding is a ceremony that represents a promise to spend the rest of your life with your partner. It shows how much dad really cares for you. Since you don't want the public to learn about this, that's why dad decided to hold a private one in the castle. He only has one wish in his life, and that is to marry you. Can't you at least promise him that?”

Chapter 1346: Breaking Off The Engagement?

“You seriously have no idea! He's like a little kid, doing anything he wants!” Jing Ruyue scolded.

She realized that Helian Wei was more persistent than he used to be after living with him for a while.

He cared for her so much that he would do things for her no matter how small the things were.

Jing Ruyue told him not to trouble himself, but he did not even listen to what she said.

She had even once said that she did not want a wedding. Once Helian Wei heard about it, he straight up planned a marriage for her.

Xu Xiyan could not help but laugh after hearing her mother out.

“Come on, mom, why do you have so many opinions right now?” Xu Xiyan laughed. “Does he know about them? Don't tell me you want to break off the engagement? That would hurt him.”

“No, I'm just telling you what's been happening recently.”

It was Jing Ruyue's dream to marry Helian Wei and grow old with him.

She vowed that no matter how much Helian Wei would change, she would still be by his side.

“Then there's nothing to worry about, right?”

Xu Xiyan looked in the mirror with her mother. The makeup Jing Ruyue wore elevated her elegance, bringing it to a whole new level.

Perhaps because Jing Ruyue had been happy for the past few weeks. Ever since she was being taken under Helian Wei's care, Jing Ruyue had gained some weight.

“You're beautiful! Dad would say that only he could get to marry someone as pretty as you when he sees this!”

“Stop it!”

Jing Ruyue flicked Xu Xiyan's nose.

Next was Jing Ruyue's hairdo.

While Xu Xiyan waited, she noticed a few cars stopping at the Rose Garden. People were getting out of them.

“I'll go greet some of my friends now.”

The first to arrive were Qi Fang and Ni Xuelin. Xu Xiyan was surprised when she saw them coming together.

“Did you two come in the same car?”

“Oh, we happened to meet by coincidence,” Ni Xuelin quickly explained.

They hid the fact that they were dating from others and acted as if they were only friends.

“I see. Please, take a seat inside.” Xu Xiyan invited them in.

Qi Fang was familiar with the surroundings of the Moon Castle and was explaining it to Ni Xuelin.

Helian Qingyu and Gu Yici came after Qi Fang and Ni Xuelin. When both of them walked towards the castle together, it was as if Xu Xiyan was looking at a model runaway.

Jing Huaduo, Jing Zhannan, Jun Yan, Ye Xun, and Huo Sanyan arrived after that.

It was Huo Sanyan's first visit to the castle. She did not go into the castle at first and instead pulled Ye Xun to walk around the Rose Garden.

The last to arrive was the Ouyang family.

Ouyang Feifei noticed that Jun Yan was also present at the wedding. She could not help but recall the night when Jun Yan dumped her coldly.

She no longer greeted Jun Yan like she always did and stayed by her parents' side.

Jun Yan was talking to Helian Qingyu when he heard the last batch of guests had arrived. He turned around without thinking to see who they were.

Chapter 1347: A Hard-earned Wedding

Ouyang Feifei came through the door in her pink dress. She looked cute and pretty in her outfit, but Jun Yan noticed the sadness and loneliness in her eyes.

Ouyang Feifei did notice Jun Yan but averted her eyes as soon as she saw him.

Even though Jun Yan should not have felt anything, when he thought of the lady crying sadly when he left her, it left a bitter taste in his mouth.

Most of the guests had arrived, and the wedding was about to begin.

Helian Wei had invited a priest to host his wedding.

The main hall of the castle had been redecorated into the venue for the wedding. The guests stood on both sides while Helian Wei waited at the front.

They didn't have to wait long before someone announced that the bride had arrived.

Everyone turned their heads and saw a person walking into the hall in a long white dress.

Jing Ruyue ambled towards Helian Wei with her father by her side.

Helian Wei couldn't help but gasp at how beautiful Jing Ruyue was; she looked completely the same as when she was still young.

Everything was like a dream to him, and being able to marry Jing Ruyue was a dream come true.

Tears began to fill his eyes as his bride walked towards him.

Jing Ruyue was the same. Even though she had a faint smile on her face, she was trying her best to keep her tears from falling.

Jing Huaduo placed her daughter's hand on Helian Wei's, and Helian Wei guided Jing Ruyue up to the priest.

The priest began the wedding in the name of the Lord.

"Helian Wei, do you take Jing Ruyue for your lawful wife, to have and to hold, from this day forward, for better, for worse, for richer, for poorer, in sickness and in health, until death do you part?" the priest asked.

Helian Wei turned to look at Jing Ruyue and nodded. "I do."

"And Jing Ruyue, do you take Helian Wei for your lawful husband, to have and to hold, from this day forward, for better, for worse, for richer, for poorer, in sickness and in health, until death do you part?"

"I do," Jing Ruyue replied as she looked at Helian Wei.

"Then, in the name of the Holy Spirit, I now solemnly declare you husband and wife. You may now kiss the bride," the priest concluded.

Helian Wei looked at Jing Ruyue affectionately. It was as if time had stopped for them as everything they'd been through flashed before them.

They had been separated from each other for more than 20 years, and they'd finally made it.

It was hard-earned happiness.

Helian Wei held Jing Ruyue's face softly and kissed her.

Tears couldn't help but roll down their faces when they kissed.

Not only them, but a lot of the guests, Jing Xi included, were already crying.

The wedding ended with their guests as witnesses.

The wedding lunch followed after the ceremony, and guests started to play outside the castle.

They could play golf on the golf course or have fun in the Rose Garden. They could even ride horses on a nearby farm. It was a well-spent evening.

The ball began when the moon rose.

Chapter 1348: I'm Straight!

The groom and bride were the first to move onto the dance floor while the rest of the couples followed them.

"Let's dance too," Ye Xun said to Huo Sanyan.

"Should I look for a handsome man to dance with me?"

"Hell no!"

Ye Xun grabbed Huo Sanyan by her hand and pulled her onto the dance floor.

Even Qi Fang invited Ni Xuelin for a dance.

Ouyang Feifei was left with her parents, and she looked at them.

"Aren't you two going to dance too?"

In the end, Ouyang Qing and Ren Meixin joined the dance too.

Huo Yunshen looked at all the couples that were dancing and asked his wife, "Hey, do you want to dance too?"

"Can I?" Xu Xiyan asked as she pointed at her belly.

"Who said that a pregnant woman can't dance? We can do it slowly," Huo Yunshen said while extending his arm. "May I have the pleasure to have a dance with you?"

"Of course!"

Jing Xi got up and joined him on the dance floor.

Only five men and Ouyang Feifei were left. Since Jing Huaduo and Jing Zhannan wouldn't be dancing, they started to play with Ying Bao.

The only single men that were left were Helian Qingyu, Gu Yici, and Jun Yan.

“Aren't you guys going to dance?” Gu Yici asked.

“With who exactly?” Helian Qingyu asked.

“Isn't Miss Ouyang alone?”

Helian Qingyu and Jun Yan both looked at Ouyang Feifei, who was tapping on her phone.

“Why don't you go and invite her? I don't feel comfortable with her,” Helian Qingyu said.

“Are you sure?”

Gu Yici also wanted to dance and he thought of inviting Huo Yunshen since Jing Xi was pregnant.

But he never thought that they would still dance together.

“Yes! You're really annoying!”

“Then, how about you dance with me?” Gu Yici asked.

He tried to invite other good looking men, but all of them turned him down.

“Hey! Hands off! I'm still straight!”

“Oh! Come on! I even took a bullet for you once! Is it too much to ask for a dance? Do you really think I want you? You aren't even that good looking!”

Gu Yici complained and turned to look at Jun Yan.

Jun Yan had guessed from the conversation that the famous doctor had a different taste than other people.

And now that Gu Yici was staring at Jun Yan, he had a feeling something terrible was about to happen.

“Mr. Jun, you're alone, too, right? How about...”

“I'm sorry, doctor, but I intend to invite Miss Ouyang to a dance,” Jun Yan smiled.

He then walked towards Ouyang Feifei.

“What the hell! Why do all the men like girls now?” Gu Yici scolded after being turned down.

Chapter 1349: Alone Forever(1)

“Hey! Men always loved women until you came!” Helian Qingyu scolded.

“What's wrong with liking men? Don't you know that boy-love is the best thing in the world?”

“Is that so? Then I wish you happiness.”

“Just you wait! I'll find myself a boyfriend like Huo Yunshen!”

“Then I guess you'll have to be alone forever,” Helian Qingyu laughed.

“Don't you dare curse me! I'll follow you like a ghost if I don't find one!”

“Dude! Get away from me, as far as possible!” Helian Qingyu scolded and kicked Gu Yici.

Ouyang Feifei was scrolling through her phone when someone blocked the light in front of her.

She raised her head and saw Jun Yan staring at her.

Surprised by him, Ouyang Feifei dropped her phone. Luckily, Jun Yan caught it with his fast reflexes, and he gave it back to her.

“Thank you,” Ouyang Feifei said, lowering her head.

“May I have a dance with you?” Jun Yan asked.

Ouyang Feifei was once again surprised by Jun Yan. She couldn't react to his question.

She couldn't help but wonder what had made Jun Yan change his attitude.

She thought that he was pretending to not know her, but now he was inviting her to dance.

Ouyang Feifei began to feel afraid of the man in front of her, for he was unpredictable. Just as she thought that she was over him, he came and messed up her life again.

Ouyang Feifei calmed herself and looked at Jun Yan.

“Mr. Ouyang? What are you trying to do? Do you think I'm the type of lady that you can order around when you're happy and ignore when you're not?”

Ouyang Feifei scolded him and ran out of the ballroom.

“Hey!”

Jun Yan tried to stop her, but Ouyang Feifei kept running away.

He really wanted to know what had really happened between them so that he could clear up the misunderstanding.

Ouyang Feifei ran straight towards the stone bridge outside the castle. She leaned on the handles while she tried to catch her breath.

She thought that she could just view Jun Yan as a stranger, but she was wrong. She still couldn't calm herself down whenever Jun Yan was around her. His words would even hurt her.

She had never thought that she would fall in love with someone to that extent.

But she knew that still had to face reality. She had to face the fact that Jun Yan did not like her.

She even began to wonder if Jun Yan had approached her from the beginning just so that he could become the General.

And when he had achieved his goal, she was no longer needed.

"I'm sorry, Miss Ouyang." Jun Yan's voice came from behind Ouyang Feifei. "But I really wanted to ask this. Is there any misunderstanding between us?"

Ouyang Feifei wiped her tears and turned to face him.

"No, there's no misunderstanding. I now know my own position, and you, the General, are out of my reach," Ouyang Feifei said as she forced a smile. "I plan to forget you from now on. I really hope you can do the same."

Chapter 1350: Can't Leave Her Alone (2)

Jun Yan was confused, as he could not even understand a word Ouyang Feifei was saying.

It sounded to him that they used to be in love, but he had no memory of it.

It also did not occur to Jun Yan that Jung Xi would pretend to be him.

"I'm sorry if I might've caused some misunderstanding, which I did not intend to do. I'm really sorry," Jun Yan apologized, which was the only thing he could do.

"Why are you apologizing? You didn't do anything wrong. You made me understand how the real world works. I'll be engaged next month, so I won't be a bother to you anymore," Ouyang Feifei said and turned around before her tears could drop.

She walked into the night along the stone bridge with her broken heart.

Jun Yan looked at her back and could not understand why he felt depressed by it.

Jun Yan waited until he could not see her anymore and decided to go back to the castle. But before he could leave, he heard a shriek from a girl.

Without any hesitation, Jun Yan raced after the voice.

With his phone's flashlight on, he followed along the road and finally saw the owner of the shriek.

Ouyang Feifei sat on the ground while her shoulders moved up and down like she was crying.

Her bag had dropped, and her heels were thrown to one side.

She had tripped since she was walking in the dark with her heels on.

With the help of the light, Jun Yan noticed that Ouyang Feifei had cut her knee, and blood flowed out from it.

"Hey! Are you okay? Let me help you!"

Jun Yan was about to help her up, but Ouyang Feifei pushed him away.

"No, thank you, General. I don't need your pity," Ouyang Feifei said sadly as she raised her head to look at Jun Yan.

“...”

Jun Yan did not know what to do.

He could still remember how she had greeted him when they first met at the Blue Palace. She had addressed him as Brother Jun.

And then she started to call him Mr. Jun not long after.

Now, she was addressing him as General.

Ouyang Feifei stood up, in pain. She picked her bag up and put her heels back on.

But she could feel the pain coming from her ankle as soon as she took the first step.

“Ouch!” Ouyang Feifei cried out in pain.

“Did you hurt your ankle too?” Jun Yan asked.

Ouyang Feifei did not respond and continued to walk while supporting her body on the fence. Each step she took was excruciating but she endured it.

“Where are you trying to go with that sprain? Let's go back to the castle,” Jun Yan said as he caught up with Ouyang Feifei.

He had no idea what he was doing, but he knew he couldn't leave her alone.

“It's none of your business! Please leave!” Ouyang Feifei cried.

Jun Yan realized that he could not talk her out of it. Without any thinking, Jun Yan lifted her off the ground.

Ouyang Feifei was shocked by Jun Yan's sudden action and scolded him.

“What are you doing? Let me down!”

“My apologies, but I have the responsibility to protect everyone as the General. That's why I can't just leave you here,” Jun Yan explained and took Ouyang Feifei back to the castle.
