

Priceless Baby 1371

Chapter 1371: Must Look Cool

“Brother Feimo, why are you sleeping on the floor?”

Ying Bao found it weird to see Tang Feimo lying on the floor.

“I have no idea. I was on the bed last night!”

Tang Feimo scratched his head but failed to figure out how he fell on the floor.

“Get up, you guys! Breakfast is ready. We will leave for the beach when you finish your breakfast.”

Jing Xi got the clothes for her daughter and placed them on the bed. She started to dress herself up.

“Feimo, what are you wearing today? Do you need my help?”

“No worries. I'll take care of it.”

Tang Feimo opened his little suitcase and dug everything out.

Seeing that prince looking so good in a suit yesterday, he reasoned that his little wife must have been attracted by his suit. Therefore he must look as good today.

Tang Feimo finally got his top one. Putting on the suit, he felt like he was even becoming taller.

“Cherry, I'm ready.”

Tang Feimo came to Ying Bao and tried to catch her attention. She'd better say something nice.

But Ying Bao wondered, “Brother Feimo, don't you feel hot? We're going to the beach. How can you play with us dressed up like that?”

Tang Feimo was speechless.

How could she not see that he looked extremely cool?

Anyway, Tang Feimo was determined to wear this so as to out-cool the prince.

When the kids got up and finished washing themselves, Jing Xi took them downstairs for breakfast.

Huangpu Xuanye had been waiting quietly in the hall. He stood up when seeing them coming down.

“Hi, Uncle Prince, good morning!”

Ying Bao sounded pleased to see Huangpu Xuanye.

“Good morning.” Huangpu Xuanye smiled back.

“Xuanye, Your Highness, come join us for breakfast.”

When Jing Xi said so, Ying Bao ran to him and dragged him toward the dining room.

But Tang Feimo was annoyed, not because Ying Bao was holding Huangpu Xuanye's hand, but because Huangpu Xuanye was not wearing the suit today.

He had managed to find his suit but Huangpu Xuanye had changed to some casual wear. Why was he doing this? Copying him?

Shit. Tang Feimo hated it when others copied him.

Coming to the dining room, Tang Feimo remained looking annoyed.

Luckily, Ying Bao did not forget him. When Huangpu Xuanye was seated, she came to sit down by his side.

That made Tang Feimo feel slightly better.

Ying Bao could not find her father and asked, "Mommy, where is daddy?"

"He has something to care of. No need to wait for him."

"Oh."

After breakfast, Jing Xi had the maids clear the table while she took the kids to the beach.

They went to Ye Xun's private beach located only a few kilometers from their home. Getting out of the car, Ying Bao introduced the place to Tang Feimo and Huangpu Xuanye as if she was at her own home. "This is my Uncle Tree-Leaf's private beach. I used to play here a lot by myself."

The gate was open. Ye Xun and Huo Sanyan came to greet them.

"Welcome, my dear boys and girl, and the pregnant lady!"

Ye Xun bowed and made everyone laugh.

Huo Sanyan came to help carry the things Jing Xi had brought. "Jing Xi, leave it with me!"

Chapter 1372: He's Evil Reincarnated

Both Ye Xun and Huo Sanyan had already heard from Jing Xi that Ying Bao's new friend would be joining them too. That was why they weren't surprised when Huangpu Xuanye came with them.

They walked through the mansion and to the garden; the beach was just behind it.

The beach was already decorated with beach chairs, umbrellas, and toys.

Even the grill was prepared, and the table was filled with all sorts of food.

Ye Xun had even prepared different colors of balloons to make the beach look prettier.

"It's so pretty!" Ying Bao exclaimed when she saw the balloons. "Come on, Brother Feimo, Uncle Prince, let's play!"

“Okay!”

The two little kids ran towards the beach with Jing Xi behind them.

There were a lot of toys on the beach. Ying Bao threw her slippers away and picked a bucket and shovel that she liked.

Tang Feimo noticed that Huangpu Hengye had also followed them.

He pulled Ying Bao to another spot and said, “Let's play here. There is more sand here! I'll build a huge sandcastle for you.”

“Okay!”

Huangpu Xuanye sat where Ying Bao had been playing and picked up the shovel that she left behind. He began to dig the sand into the bucket.

Since Jing Xi was pregnant, she got full service from Ye Xun. She lay down on the beach chair while Huo Sanyan kept her company.

Ye Xun kept handing them fruit and drinks to keep them comfortable.

Jing Xi looked at Ye Xun, who was running back and forth and smiled at Huo Sanyan.

“Looks like he has become a good man that can take care of a family. You're lucky to have him.”

“Lucky? More like unlucky!” Huo Sanyan scolded as she took a bite of the fruit. “You have no idea how scary he is! He treats me like a prisoner, not even giving me a chance to breathe.”

“Hey, no one's stopping you from breathing,” Xu Xiyan laughed. “Even though you have forgotten this, you were the same as him in the past. You were unstoppable.”

“Are you serious? Why would I do something so shameful? Plus, why would I be like that when there are a lot of men chasing me?”

In Huo Sanyan's eyes, Ye Xun was a scary person. Ever since he started to keep her in his home and restrict her freedom, she had the idea that he was the reincarnation of evil.

Ye Xun heard that the two ladies were talking about him and could not help but listen to what they were saying. He wanted to know what Huo Sanyan thought of him.

But the words that Huo Sanyan spouted made his heart bleed.

He still could not understand why Huo Sanyan would not recognize his feelings even after he had done everything for her.

“What is it about him that you don't like? Other than him being annoying?” Jing Xi asked, trying to learn more about the situation.

Chapter 1373: Doing It On Purpose

Huo Sanyan lay on the couch and gave it a thought before she spoke. "I don't like his white hair. It looks like an old man's."

"And?"

"I don't like his earrings. It looks gay, not manly at all."

"Anything else?"

"And he knows nothing about romance. He was brutal when we had sex."

Hearing Huo Sanyan complaining about that, Jing Xi almost choked on her drink.

Ye Xun was speechless.

He could have hit the roof.

He was most proud of his silver hair. But she hated it and said he looked like an old man.

His earrings were brilliantly cool. But she claimed that they were gay and unmanly.

And she did not enjoy his rough style when making love.

Didn't she like SM?

So did she hate him that much?

What the... Ye Xun felt extremely wronged.

Although he overheard Huo Sanyan's comments, Ye Xun had to pretend not to be heartbroken, and kept serving the ladies and kids.

On the beach, the kids played and laughed in the warm sunshine, while the sea gently rolled its waves.

When finishing his project, Tang Feimo called, "Cherry! Come and see the castle I made for you! How do you like it?"

Ying Bao looked at his sandcastle and got excited. "Wow! Brother Feimo, your castle looks great!"

She ran around the sand castle and kept dancing and singing.

Tang Feimo was also pleased. Although he was soaking wet because of the suit he was wearing, he felt proud and happy when Ying Bao was happy.

But suddenly Ying Bao stopped and looked somewhere not far from them. "Wow!"

Following her gaze, Tang Feimo was also shocked to see that Huangpu Xuanye had made a huge castle, a lot bigger and more gorgeous than his.

Compared with Huangpu Xuanye's castle, his castle was merely a sand dune.

He watched Ying Bao running toward the huge castle with her eyes filled with joy. She seemed happier.

Tang Feimo was immediately upset and felt hurt.

Why!

Why did that prince have to take his Ying Bao away?

He was obviously doing it on purpose, to make a castle better than his.

It was unfair. He was older so he could make a bigger one. But he was just a small boy.

Looking at his tiny hands covered with sand, Tang Feimo felt for the first time in his life that he was too little.

He wished he could grow up instantly and become strong enough to protect his Ying Bao as well as keep her away from other men.

But why was he merely a small boy?

Why couldn't he become a grown-up over night?

After that, Tang Feimo started thinking more deeply. He started seeking answers that were beyond the reach of a seven-year-old boy.

And he seemed to have grown up a little bit.

Running around the super sand castle for quite a while, Ying Bao still could not stop praising it. "Uncle Prince, you are super! Your sandcastle is the biggest I've ever seen."

"Do you like it?" Huangpu Xuanye tried asking.

"I like it, I like it! Big castles are my favorite."

Ying Bao kept nodding with joy.

Huangpu Xuanye paused before he asked again, "My home is a huge castle. Would you like to come and check it out?"

Chapter 1374: Sweet Love

Huangpu Xuanye had visited Estan in the past and knew how big the Moon Castle was.

"My castle is bigger than the Moon Castle," Huangpu Xuanye said.

"Really?" Ying Bao tilted her head and tried to imagine what the castle would look like.

Huangpu Xuanye tried to hide his laughter when he saw Ying Bao's surprised face. He noticed that sand was stuck on Ying Bao's face, and he wanted to help her.

But before his hand could reach Ying Bao, Tang Feimo rushed in and stood between them.

“Cherry, don't believe him. Who knows if he really has a castle or not!” Tang Feimo said as he grabbed Ying Bao's hand.

“But he's a prince,” Ying Bao argued, thinking that all princes lived in castles.

“What's special about that? I have a classmate who's a prince too,” Tang Feimo said. “His father sells fishballs, and everyone calls him the Prince of Fishballs. But he doesn't live in a castle, and instead his house is filled with fishballs.”

Ying Bao laughed when she imagined a house filled with fishballs.

While the kids were having fun, the barbeque was almost done.

“Hey, come and eat!” Ye Xun shouted at the kids.

“Come on, the food's done!”

Ying Bao grabbed Tang Feimo's hand and pulled him back to where Ye Xun was.

But she soon stopped and turned to wave at Huangpu Xuanye.

“Uncle Prince! Come on!”

Huangpu Xuanye got up and walked towards the kids.

The barbequed foods and the sushi that Ye Xun and Xu Xiyan had prepared were more than enough for everyone.

Ye Xun took the first chicken wing and handed it to Ying Bao.

“Come, try your daddy's signature Honey Chicken Wing.”

“Thank you!”

Huangpu Xuanye stared at Ye Xun for a long time and suddenly asked, “How many daddies does Ying Bao have?”

For the usually quiet Huangpu Xuanye to ask such a funny question, the adults all laughed at it.

“I have three daddies,” Ying Bao answered. “First is my real daddy, then is Uncle Treeleaf, and then the last one is Uncle Three!”

Maybe because Huangpu Xuanye had never seen anyone with so many daddies, he started to wonder if Jing Xi was married to three different men.

Ye Xun continued to give both Tang Feimo and Huangpu Xuanye their own chicken wings.

Huangpu Xuanye stared at the wing. It was his first time eating such food.

The chefs in the castle would never make that kind of food for him.

“What's wrong?” Xu Xiyan asked when she noticed Huangpu Xuanye was not eating his food. “Does it not suit your taste?”

“No.”

Huangpu Xuanye took a bite of the chicken wing and found out that it was better than any castle foods he had ever had.

After finishing the first wing, he commented, "Tasty."

"Have some more," Ye Xun said.

Ye Xun also took some for Huo Sanyan. Xu Xiyan was the only one who did not get her share.

Jing Xi knew that the Honey Chicken Wing was Ye Xun's signature dish, and she had not tasted it for a long time.

Jing Xi stared at the wings as her drool dripped.

"Hey, can I have one?" Jing Xi asked.

"No! You're pregnant!"

"Just one!"

Chapter 1375: Murphy's Law

She was desperate in seeing them enjoying the feast without her.

Ye Xun was very determined. "No way. It is my house. If you or your babies got hurt, what would I tell my Boss? You'd better behave. I'll cook whatever you want after you give birth. But not now."

"Second Brother! You used to be so good to me! Now that you've got a girlfriend, I'm nobody to you! Shame on you!"

Jing Xi sat there complaining while rubbing her belly. "Hey, you poor things. Uncle Tree-Leaf only belongs to your sister. Don't you ever think about his roasted chicken wings."

Ye Xun was speechless. How could she use her babies as an excuse in order to get some food?

"Fine, fine. Here you go. No more than one pair."

"Yeah! Sure, sure."

Jing Xi took over the roasted chicken wings and could not wait to enjoy them. She kept praising how wonderful they were.

After a happy lunch, the kids went to play again. Ye Xun got them a kite and Huangpu Xuanye accompanied the two kids playing with it on the beach.

Under the azure sky, the colorful kite flew through the floating clouds. It could have made a perfect painting.

Jing Xi indulged herself in the coziness and wished it could carry on like that forever.

In the afternoon, Huo Yunshen finished his business and came to pick up his wife and the kids.

On their way back, Huo Yunshen told Jing Xi that Helian Qingyu had arrived in Zstan today for a three-day state visit.

Thinking of Helian Qingyu in Zstan, Jing Xi felt worried about Li Ruochu. "Ruochu got pregnant two months after me. It's almost five months for her now. Will he meet Ruochu in Zstan this time?"

Huo Yunshen reminded her, "While you are worrying about Li Ruochu, what are you going to with Lan Ling-Er?"

Jing Xi would have already forgotten about Lan Ling-Er if Huo Yunshen had not brought it up.

Speaking of her, there came Lan Ling-Er's call. Jing Xi showed him the phone and said, "You see, Murphy's Law."

Jing Xi knew that she must have called for Helian Qingyu.

She had promised to arrange a meeting for her with Helian Qingyu merely to get a map of Lstan from her. It had been a while and she had already forgotten it.

It became a difficult case now. Helian Qingyu was never serious with Lan Ling-Er. Now that Lan Ling-Er was no longer needed, what should they do with her?

Anyways, she had to answer the phone. Lan Ling-Er did ask as she expected. "Jing Xi, do you still remember what you promised me last time?"

"Of course I remember. I will take you to President Qingyu. But unfortunately he is in Zstan for a state visit and won't be back soon."

"Alright. I see. I'll keep waiting. Please do remember to help me meet him when he's back."

"Sure. I will."

Jing Xi did not feel relieved when the call ended. She felt that Lan Ling-Er seemed like a time bomb.

What if she realized one day that she was not helping?

Would she be provoked and come after her?

Thinking of that, Jing Xi asked Huo Yunshen, "Honey, how can we make Lan Ling-Er give up on Helian Qingyu?"

Chapter 1376: Depends on Him

"The only way is for him to marry another woman first," Huo Yunshen said after thinking for a while.

"Yeah, you're right..."

Lan Ling'er would lose her interest if Helian Qingyu were to marry another woman. Even if Lan Ling'er did not lose interest, it would be bad P.R. for her if she tried to disturb one's family.

Jing Xi knew that she had to get Helian Qingyu and Li Ruochu back on track.

With that in mind, Xu Xiyan sent Helian Qingyu a message.

That was all she could do for him. Whether or not Helian Qingyu could get Li Ruochu back all depended on him after that.

Zstan.

Helian Qingyu arrived in Zstan where he was warmly welcomed by the leaders of the country.

Helian Qingyu was on an official visit to Zstan for three days, and it was reported all over Zstan.

The news for the three days was all about the meetings between the two leaders.

As the head of Jingyue Entertainment, Xiao Yuqian got to know firsthand about the news. She would relay it to Li Ruochu whenever new information came in.

Li Ruochu was already watching Helian Qingyu on the TV when she got the message from Xiao Yuqian.

Helian Qingyu was in his military uniform, the only difference was the merit on his shoulder. The number of stars signified that he held the highest position in the country.

It meant that Helian Qingyu was now out of Li Ruochu's reach, or so she thought.

Li Ruochu could see from the screen that Helian Qingyu was still the same. The same cold eyes and handsome face that she was once familiar with.

Li Ruochu sighed as she touched her belly.

"Look, he's your father," Li Ruochu said to her unborn child.

Since there would be delays in the news, when the news about Helian Qingyu visit during the third day was reported, Helian Qingyu was already back in his hotel.

He changed out of his military outfit and into casual clothes. He had his secretary prepare a car for him to go out.

He took along a few of his closest guards and told the driver to drive to the address he was provided with.

It was the location of where Li Ruochu was staying that Xu Xiyan had given Helian Qingyu.

When he got the message from Xu Xiyan, he almost jumped out from his seat in excitement during the meeting with Zstan's leaders.

He held his phone tightly and with hope as they moved towards where Li Ruochu was residing.

He had decided to change his attitude towards Li Ruochu and keep his calm.

He knew he had to bring her back to Estan no matter what.

The car stopped in front of a gated apartment, but before he could leave his car, a familiar person came out from the apartment.

It was the person that Helian Qingyu had been dying to meet, Li Ruochu.

She wore a pair of crocs and a full one-piece to hide her belly.

Even though she was pregnant, Helian Qingyu thought that she looked thinner.

Helian Qingyu did not leave his car immediately and decided to follow her instead.

Chapter 1377: Deliberately Hiding From Him

Li Ruochu headed for a nearby grocery store for supplies. She left the building without noticing the car that followed her.

She was about to cross the street to the store on the other side.

But she was engaged in her thoughts and failed to watch out for the traffic.

A car rushed by and almost hit her. The driver cursed, "Watch out! Silly woman!"

Li Ruochu was shocked and realized she was crossing on a red light.

Seeing her almost being hit, Helian Qingyu was scared into a cold sweat. Couldn't she watch properly when walking?

What the hell is she thinking about?

He could no longer stay aside. Putting on sunglasses he got out of the car, he ran after her.

But the light turned red again. He was stopped, while Li Ruochu had already gotten to the other side.

"Li Ruochu!" Helian Qingyu yelled. She seemed not to have heard him. He kept yelling but it was too loud in the traffic.

He saw her turn around, but was not sure if she had heard him.

Li Ruochu seemed to have heard someone calling her name. She turned back and almost saw a tall figure on the other side of the road.

She thought it was Helian Qingyu at first sight.

Could that be him?

No way!

She had seen him on TV just now. He should have been in a meeting with the leaders of Zstan now.

It must be her imagination. Crazy her.

But if the first time was her imagination, then what about the following calling?

She listened carefully and did hear Helian Qingyu's voice. Through the busy traffic, she was able to confirm that it was him.

She had not been expecting him to be here.

Why is he coming after me?

Shouldn't he have been with his fiancée, Lan Ling-Er?

A long bus passed by and blocked their vision. When the bus was gone, so was Li Ruochu.

She was no longer there on the other side of the street. The light turned green again and Helian Qingyu ran across the street to look for her.

How fast could a pregnant woman run?

Helian Qingyu thought that she must have heard him calling and seen him there. Now she was deliberately hiding from him.

He ran to each direction but still could not find Li Ruochu.

That dreadful woman! It was not the time to play hide and seek. He had a tight agenda and had to fly to the next state the following morning.

He had no idea when he could come to Zstan again.

Helian Qingyu searched back and forth around the place where she had disappeared. Li Ruochu hid behind the model hanger of a clothing shop nearby and saw clearly what Helian Qingyu did.

He kept searching for her back and forth, and seemed very worried.

She did want to step out. But thinking of how he had treated her in the past she lost the courage again.

Anyhow, she was still afraid of that dangerous man. She just wanted to stay away from him and raise the child by herself. She wanted nothing to do with him any further.

Chapter 1378: Not Leaving

Helian Qingyu waited at the crossroads for a long time. The signals had been changing from red to green and back to red for God knows how long, but Li Ruochu never showed up.

Helian Qingyu decided to go back to her apartment to wait for her, believing that she would go back.

But he waited for a whole night, and she did not return.

Helian Qingyu knew that Li Ruochu was hiding from him, and he sighed.

Because of his schedule, Helian Qingyu had to leave the next morning.

Li Ruochu did not return to her place for the whole night. She knew that Helian Qingyu would be waiting for her there.

She contacted Wan Dou and stayed at Wan Dou's place until she was sure from the news that Helian Qingyu had gone to another country.

Lin City.

Tang Yitan was ready to go back to Peijing after he finished his work in Estan. It also meant that Tang Feimo had to go back too.

Tang Feimo had been staying at the Yunjing Manor for the past three days, and he did not want to leave.

The little boy even cried when Tang Yitan came to fetch him.

"I don't want to go! I don't want to go back to Peijing! I want to be with Cherry! Why can't I stay here?" Tang Yitan cried.

"We can come again next time," Tang Yitan said. "You still have classes to attend, don't you?"

"No! I don't want to leave. Can we move to Estan too, please?"

No matter what Tang Yitan tried to say, he could not get his son to leave.

"Uncle Tang, why can't he stay?" Ying Bao also asked. "I still want to play with him..."

Hearing Ying Bao's voice, Tang Feimo cried even harder.

He was worried that the prince would steal Ying Bao away from him once he left.

"You can come again during the winter break, okay?" Xu Xiyan comforted. "I'll let Uncle Huo prepare a huge bed for you so that you can sleep with Cherry, okay?"

"But... But what if Cherry forgets about me and leaves with him?" Tang Feimo said while looking at Huangpu Xuanye.

"That's not going to happen. Cherry will always be yours. I can promise you that I'll take good care of her, okay?"

Jing Xi's words finally calmed Tang Feimo down.

"Okay... Wait for me, okay? I'll come to visit again during the winter break."

"Okay!" Ying Bao smiled and kissed Tang Feimo on the cheek. "I'll miss you every day."

"I will too."

Chapter 1379: Grieved To Be Part

Tang Feimo cuddled Ying Bao and placed a kiss on her lips. He felt so grieved to be parting.

Seeing them being so inseparable, their parents could not help curling up their lips. How could they be so precocious?

Finally, Tang Feimo got into the car. Jing Xi and Huo Yunshen took Ying Bao and sent them to the airport.

They held hands all the way to the airport while Tang Feimo made a few more rules for her, such as she could not sleep with Huangpu Xuanye nor visit his home, so on and so forth.

Ying Bao agreed to them all.

When they were gone, Ying Bao seemed very upset on their way home.

She would not be able to see Tang Feimo for a long while and was so sad about it.

However, once they got back to Yunjing Villa and she saw Huangpu Xuanye again, she forgot about her grief instantly.

In her later stages of pregnancy Jing Xi had to go to the doctor more frequently. It was the day to visit the doctor again.

Huo Yunshen accompanied her to the hospital. The result showed that their babies were perfectly healthy. Then he went to the prenatal training class together with her.

He learned carefully from the teacher how to help her ease the burden and fatigue, and took detailed notes.

After the training, Huo Yunshen gave her two tickets on their way home.

Jing Xi was surprised. "Wow! Tickets to the coming jewel exhibition! Thank you, honey! I was planning to go!"

She praised him with a kiss on the cheek. Huo Yunshen smiled. "You can invite your classmate or my third sister to go with you."

Huo Yunshen assumed that women all loved jewels, hence they must also like to see the exhibition. Plus, Jing Xi was studying jewelry design at the moment.

The Blue Gemstone also participated in the show, which would be held in the International Exhibition Center of Estan. Therefore he'd gotten the tickets from his second sister.

"Great. I'll ask Qiao Ruoxi to go with me. She mentioned it last time."

"Sure."

"I'm texting her right now."

Jing Xi texted Qiao Ruoxi and sent her a photo of the tickets. Qiao Ruoxi replied instantly that she would go.

"It is tomorrow at seven o'clock." Jing Xi sent another voice message.

Huo Yunshen passed her a diamond card. "Take this and buy whatever you like there."

“OK. My pleasure. Thank you, honey.” Jing Xi took the card joyfully.

All of a sudden, their car shook violently. Jing Xi hurried to reach for the handle and asked, “What's up?”

Huo Yunshen broke out in a cold sweat. He tried to hold the wheel tightly and turned to comfort her. “Nothing. I almost hit an animal.”

Jing Xi didn't doubt his explanation, despite the fact that she had not seen an animal out there.

In fact, there was no animal at all. It was Huo Yunshen who had suddenly lost his vision for a second.

He wondered if it was because of the tons of pressure he'd been undergoing lately.

Could it cause a decrease in his eyesight?

Considering that his wife was still in the car, Huo Yunshen pulled over and rested for a while to make sure he could see properly again before they drove on.

On the following night, Jing Xi dressed herself up and Huo Yunshen drove her to the venue.

She joined Qiao Ruoxi at the entrance of the exhibition center, said goodbye to Huo Yunshen, and walked inside.

Chapter 1380: All Fake

Huo Yunshen did not leave right away after dropping his wife off. He went to a hotel nearby to meet with his second sister instead.

He knocked on the door and waited for a while before Huo Erqi opened the door for him.

Out came a woman who was well-dressed and had makeup on. But Huo Erqi also had a pair of sunglasses on her face.

“Hey, are you okay?” Huo Yunshen asked.

“Yeah, come on in.”

Huo Erqi invited her little brother into her room, but she still did not take off her sunglasses.

The odor of cigarettes could be smelled inside the room. Huo Yunshen stared at Huo Erqi's face and realized she had heavy makeup on.

“Aren't you going to take off your sunglasses?”

“I didn't have enough sleep last night. I don't want to show my baggy eyes.”

As a distraction, Huo Erqi went and made two cups of coffee.

She placed one in front of Huo Yunshen and asked, “How's everyone?”

“They're fine,” Huo Yunshen said, feeling that something was wrong with his sister. “Where's my brother-in-law? Is he not here?”

“He... he had something else to do.”

Huo Erqi trembled a little upon mentioning Boris, dropping her phone. When she bent down to get it, Huo Yunshen noticed that she had some bruises under the sunglasses.

The bruises were so evident that no amount of makeup could cover them.

Realizing that something must've gone down, Huo Yunshen snatched the sunglasses off Huo Erqi's face. Under her left eye were bruises that covered all of it.

“What's this?”

Huo Yunshen could not believe that someone had hurt his sister. He took her hand and rolled her sleeve up to check.

When he saw that even her hand was also covered in bruises, he got furious.

“Who did this! Was it Boris?”

Huo Erqi realized that she could not hide it from Huo Yunshen anymore and nodded. Then she started to cry.

“What happened?”

Huo Yunshen was confused. He knew Boris very well. Both Boris and Huo Erqi were a DINK family and were happy with each other.

Huo Yunshen could not believe that Boris would hurt his sister.

He waited until Huo Erqi stopped crying. Then Huo Erqi told Huo Yunshen the truth.

To summarize, Boris being a DINK was fake.

She had thought they were perfect until she found out he was cheating on her.

He had even married his mistress, and they had a three-year-old son now.

Boris had been using the money Huo Erqi gave him to support his other family.

Huo Erqi was a woman with a proud personality. She went to learn how to make jewelry and created her own line and company.

Everything was smooth for her. She was a strong woman in the industry.

She even thought that she was happy about having a perfect husband in Fstan.

She never thought that she would be cheated on.

Because Boris had told her that he did not want children, she had given up on getting pregnant.

In the end, the ten years of marriage were just a fluke.

When Huo Erqi found out about the truth, she went to argue with Boris. What she got in return was being beaten by him.

“He's a big liar! He even took away all of my savings, my love, and 10 years' worth of my life! I thought I was happy, but in the end, I turned out to be the stupidest person in the world...”
