

Priceless Baby 1381

Chapter 1381: Getting Rid Of Her

Huo Erqi failed to hold back her tears. Huo Yunshen cuddled her and patted her on the back.

“No worries, second sister. I'll take care of Boris. Tell me...what is he up to now?”

“He is in Estan right now. Their band has a show at the National Theatre tonight. I thought he was busy performing with his band in Estan. How could he have married another woman here?”

“Fine. You stay here and wait for me.”

Having her settled, Huo Yunshen left in an outrage.

He would teach Boris a good lesson tonight.

How could he treat his sister like this? Was that because of the decline of the Huo Family?

No way!

Getting out of the hotel, he sent his men from JS First Squadron to investigate Boris.

In a short while, Jing Zhannan took his troop to join him.

Inside the National Theatre of Estan, a grand show was going on. The Blue Hawk band led by Boris was the most popular and their performance escalated the show to a climax.

People were hailing and applauding.

Boris had done it. He and his band had achieved great success.

From now on, he would become famous and no longer be the man behind a successful woman.

After the show, Boris' wife in Estan came to pick him up. They met backstage and kissed each other violently.

After that the woman cuddled his neck, she said, “Honey, you made it! Congratulations!”

“Thank you! I would have never made it without you.”

“Then when are you divorcing that woman?”

“Very soon... Hey... Who are you? What do you want?”

Before he could finish his words, a group of people surrounded him and pushed him onto the ground. He was well-beaten up.

His Estan wife was frightened and collapsed onto the ground. She did not dare to call out for help or try to rescue him.

Then Boris was propped up and a dark shadow came to him.

When Boris recognized the figure, he gasped, "Yun...Yunshen?"

"How dare you call my name again!"

Huo Yunshen was wearing a black glove on his right hand with lots of metal rivets. He punched Boris in the face, leaving several blood pits on his cheek, with his teeth loosened and mouth bleeding.

"This is for my second sister!"

Huo Yunshen furrowed his handsome eyebrows with distinct killing intent showing in his eyes. He seemed like a most dangerous figure coming out of hell.

Boris felt sharp pain and pleaded, "Yunshen, please stop... It was a misunderstanding."

"Misunderstanding? Then who is she?"

Huo Yunshen pointed at the woman on the ground.

"Nobody... She's nobody. I have nothing to do with her. I don't even know her..."

"You were kissing her and talking about divorcing my sister a minute ago. Now you say you don't know her?"

Huo Yunshen made another hard punch on his belly and continued, "You betrayed my second sister, married this woman and even had a child. Boris, you have committed the crime of bigamy!"

Boris could not defend himself. He was indeed bigamous.

"No more excuses? You thought the Huo Family was gone, so you could do whatever you wanted to my second sister, did you?"

Boris: "..."

He had thought so. With the Huo Family gone, Huo Erqi had no more support and he could finally get rid of her.

He had already transferred all her money and Huo Erqi was of no further use to him now.

Chapter 1382: Let Her Do Whatever She Wants

"Return whatever you took from her! Or you'll get something worse than this!"

Huo Yunshen scolded as he landed a hefty punch on Boris's face.

Boris was captured by JS. The first thing they did was have him transfer whatever he took from Huo Erqi back to her before bringing him to see her.

Huo Erqi looked at Boris from high above as he kneeled before her.

She was already thinking about the losses she had suffered from loving him for ten years.

Boris was terrified. He hugged Huo Erqi's leg the moment he saw her.

“Qiqi! Please forgive me! I know I'm in the wrong, but please let me go just this once... I promise that I won't do that again!”

“And what about that woman?”

Huo Erqi had already seen through what kind of a man Boris was and would not believe his lies.

“I'll divorce her and never contact her again! You're the only one that I've always loved. She's just nothing. You're everything to me!”

Huo Erqi could not believe that Boris could even spout words that were so disgusting.

“You should have known that everything would end when you cheated on me!” Huo Erqi scolded as she kicked Boris. “You'd even hit me for that woman! I'll let you taste what it's like to be hit!”

Huo Erqi continued to kick Boris with her heels.

She was trying to let him know the pain she had felt.

Boris could not do anything. All he could do was hug his head and let Huo Erqi do whatever she wanted.

He thought that Huo Erqi would forgive him when she finished hitting him and calm down since she really loved him.

But he was wrong. As soon as Huo Erqi finished kicking him, she threw a divorce contract in front of him and forced him to sign.

“Isn't this what you wanted? Sign it!” Huo Erqi scolded. “With this, you'll be free! You can be with whoever you want! Sign it!”

Boris finally knew that everything was over for him.

He could only sign the contract.

Huo Erqi took the contract and left without saying a word, utterly disappointed with the man she once loved.

But even after Huo Erqi left, the beating did not stop as Huo Yunshen ordered another round of it.

There was only one thing that Huo Yunshen wanted, and that was to cripple Boris.

He wanted him to taste the pain that he had inflicted on his sister.

Boris could have never even imagined that just when his band was succeeding, he would ruin it just because of one poor choice.

After taking care of Boris, Huo Yunshen took Huo Erqi to the hospital.

Gu Yici was in charge of checking Huo Erqi. When he learned that the patient was Huo Yunshen's sister, he couldn't help but take a good look at her.

"Huh? Aren't you..." Gu Yici muttered as he recognized Huo Erqi.

Huo Erqi looked at Gu Yici through her sunglasses with a puzzled face.

"You don't remember me? You loaned me 200 Fstan dollars when I lost my wallet in Fstan's airport two years ago."

Chapter 1383: Found It Strange

Gu Yici was not expecting to see her again here. Throughout these years he had been trying to reach her and pay back her money, but in vain.

What a coincidence! She happened to be Huo Yunshen's sister!

Seeing Gu Yici being excited, Huo Erqi barely nodded and said, "OK."

She had forgotten about helping him two years ago. It surprised her that he still remembered.

"Could you take off the sunglasses so that I can take a look?"

Gu Yici could not refrain from being excited to see the woman who had helped him again. He wanted to help as much as he could.

Seeing Huo Erqi hesitate, Huo Yunshen urged, "Second sister, if you won't take off the sunglasses, how can the doctor check on your wounds? Come on, take them off."

Huo Erqi had no choice but to take off the sunglasses.

When the sunglasses were removed, her charming eyes were unveiled. But a huge bruise around the corner of her left eye harmed her beauty.

"What happened?"

Gu Yici wondered who had dared to treat his savior like this.

Huo Erqi said nothing while Huo Yunshen explained for her, "It was domestic violence. Take a thorough look and see if she has other wounds."

"Domestic violence?" Gu Yici sounded enraged. "How could a man ever beat a woman? Bastard! This is outrageous! If only I saw him, I would never let him walk away from it!"

Huo Yunshen found Gu Yici to be acting weirdly today. Even the victim herself was not crying. Why was he overreacting?

Furthermore, being a doctor, shouldn't he have been apathetic about such things?

What kind of a doctor would get so angry because of his patient's suffering?

Seeing that both Huo Yunshen and Huo Erqi were staring at him, Gu Yici realized that he was making a scene, and tried to make up for it. "Ms. Huo, please lie down on the bed and let me check for you."

Huo Erqi did not want more troubles and suggested, "No worries. Let's go home, Yunshen."

“No way! You said you suffered on your stomach. What if there was internal injury?”

Huo Yunshen would never feel relieved unless she would get a thorough examination.

“Exactly. We need to make sure there is no internal injury. Otherwise, it could be serious.”

In fact, Gu Yici was trying hard to find an excuse to make her stay.

“Alright.”

Huo Erqi handed her handbag to Huo Yunshen and lay down on the bed as instructed.

“Mr. Huo, please wait here. It will not take long.” Gu Yici had already put on a mask and gloves.

“OK.”

Huo Yunshen sat on the couch to wait.

Gu Yici lifted the curtain and entered the exam room. He took a glance at Huo Erqi and said, “Take off your coat, please.”

“Ha? Taking off my clothes?” Huo Erqi doubted.

“Correct. I don't have X-ray vision. So I won't be able to attend to your wounds unless you take off the coat.”

Huo Erqi was reluctant but had to take it off.

She was only wearing lace underwear under the coat. Gu Yici was stunned upon seeing her dressed like this.

What a charming figure. He felt some tension in his throat and a strangely warm energy flowing inside his body.

Gu Yici found it weird. He had never reacted to any woman previously and had been thinking that he might not be straight.

But right now, he was provoked by Huo Erqi.

Chapter 1384: Too Serious

“Doctor Gu, can we begin? Doctor Gu?”

Huo Erqi called out, pulling Gu Yici back to reality. For a moment there, he had forgotten that he was a doctor.

“Right. Let's begin.”

While Gu Yici checked for any other injuries on Huo Erqi, he started to become furious.

There were bruises all over Huo Erqi's body. From her hands to her waist, and even to her back.

Even her legs were covered with bruises.

When Gu Yici applied pressure on her stomach, Huo Erqi yelled out in pain.

It only made Gu Yici angrier. It was his first time losing his composure as a doctor.

He suspected that Huo Erqi had some broken ribs, and she might've hurt some of her internal organs.

Gu Yici asked Huo Yunshen to take Huo Erqi to have a CT scan to make sure.

Gu Yici's suspicion was right when the results came back.

"There's a slight rupturing of her spleen, and she has two broken ribs. She has to be admitted to the hospital for further treatment."

"Look at this! And you said you were okay!" Huo Yunshen scolded Huo Erqi.

"I didn't think it would be this serious..."

But the truth was that Huo Erqi was too embarrassed to leave her room after being beaten.

"Give me your ID card, I'll go take care of the admission procedure."

"Okay," Huo Erqi said, opening her bag to give Huo Yunshen her ID.

Only Huo Erqi and Gu Yici were left after Huo Yunshen went to the reception desk.

Huo Erqi felt weird from being stared at by Gu Yici.

"Are you going to keep staring at me like that?"

"Oh, right. I almost forgot I still owe you 200," Gu Yici said after letting out a few coughs.

"It's okay. You don't have to pay me back."

Gu Yici had borrowed 200 dollars from Huo Erqi when he was at the airport in Fstan. He realized his wallet was gone and needed the money to take the cab because he was in a hurry. Huo Erqi happened to pass by, and after making sure that he wasn't trying to scam her, she gave him the cash. She never expected him to return the money.

"No. It's normal to pay back the money I borrowed! But I don't have Fstan's money now. I'll give it back to you once I get some."

Gu Yici realized that talking about debt was also a good excuse.

"You're way too serious," Huo Erqi commented.

"That's how doctors are. What happened between you and your husband?"

"Don't mention him. We're already divorced."

Huo Erqi did not want to think about Boris anymore. Mentioning him would only bring her pain and shame.

“Okay, okay. Then, do you have any plans after this?”

Gu Yici actually felt relieved when he heard that Huo Erqi was single.

“No, I haven't thought of anything yet.”

Huo Erqi dropped her head and became even more depressed.

It would be hard for someone who had experienced what Huo Erqi had gone through to recover.

Gu Yici did not try to force his way with Huo Erqi. He knew that a person who was hurt would hide away from others.

Chapter 1385: How Ironic!

In a short while, Huo Yunshen got her admission records and number and came back to pick up Huo Erqi. Gu Yici took them to the ward.

Having settled down, Huo Erqi told her brother, “Yunshen, go take care of your business. I'm fine.”

Gu Yici added, “Yeah, Mr. Huo, I'll arrange a nurse for her. You go ahead!”

“OK. I'll pick up Jing Xi and come back later.”

Huo Yunshen took a look at his watch and said to Gu Yici, “Thank you, bro.”

“No problem.”

Hearing Huo Yunshen calling him that, Gu Yici knew that they were good friends now.

Getting out of the hospital, Huo Yunshen headed for the international exhibition center to pick up his wife.

Inside the international exhibition center.

Jing Xi and Qiao Ruoxi had already watched a series of wonderful jewel shows.

When it came to Mu Jewelry, Qiao Ruoxi was immediately upset upon seeing the model.

She was not expecting Wen Ke-Er to model in the final show and wear the diamond necklace she'd designed for Mu Jewelry.

How ironic!

Some sadness flashed in Qiao Ruoxi's eyes and Jing Xi happened to see it. “Are you OK, Ruoxi?”

“No worries.”

They raised their heads and happened to see Wen Ke-Er passing by. She looked down upon them in contempt.

Qiao Ruoxi felt restless and wanted to run away.

Jing Xi sensed something wrong and asked, "Do you know her? The international fashion icon, Wen Ke-Er?"

"No. Excuse me. I need to use the bathroom."

Qiao Ruoxi ran out of the venue and got into the bathroom.

In a short while, a group of models came in too.

"Sister Ke-Er, you were amazing just now! Absolutely gorgeous!"

"Indeed! Awesome. It is only Ke-Er who could have made it."

"I think I saw Mr. Feng Yunan previously. He must have come for Ke-Er, right?"

"Definitely. We all know how Mr. Feng spoils his Ke-Er."

Being flattered by the group of ass-kissers, Wen Ke-Er found herself up on cloud nine.

Entering the bathroom, she ran into Qiao Ruoxi who was about to leave. Wen Ke-Er blocked her way instantly.

"Qiao Ruoxi, I saw you earlier on. What are you doing here?"

Some of Wen Ke-Er's acquaintances knew Qiao Ruoxi. They mocked, "Ke-Er, what a coincidence. She must have come all the way to Estan for Mr. Feng."

"Yeah. What are you doing here? Who do you think you are?"

"Haha, stop daydreaming!"

They made some fun of Qiao Ruoxi. Then Wen Ke-Er asked them to leave, as she wanted a word with her.

"What do you want?"

Qiao Ruoxi did not want to talk to Wen Ke-Er at all.

Wen Ke-Er paced in front of Qiao Ruoxi with her arms folded. She sneered, "I'm telling you. Don't ever try playing any tricks in front of me. I told you to stay away from him. Why didn't you listen?"

"He came to me. What could I do?"

Qiao Ruxi was not intimidated at all.

"If you weren't seducing him, he would never have taken a single glance at you."

Chapter 1386: Eyes Wide Open

"If I see you anywhere near him or hear anything about you being close to him, I'll kill you!" Wen Ke'er warned. "Don't forget that your mother and brother are still in Yun City! I can have them killed whenever I want to!"

"Don't bring them into this!"

Wen Ke'er had gotten hold of Qiao Ruoyi's weakness, which was why Qiao Ruoyi could only put up with Wen Ke'er's threats.

"What can you do?"

Wen Ke'er raised her hand to slap Qiao Ruoyi, but her hand was caught on its way down.

Wen Ke'er turned and saw that it was a pretty lady who had stopped her. Wen Ke'er thought that the lady looked familiar but couldn't remember who she was.

"Jing Xi!" Qiao Ruoyi let out a sigh of relief.

When Wen Ke'er heard Jing Xi's name, she instantly realized who she was.

The pretty lady was the latest recipient of the Golden Goose Best Actress Award.

"What are you doing?" Wen Ke'er scolded when she could not free her hand from Jing Xi's grip.

"That's my question! What are you trying to do to Ruoyi?" Jing Xi smiled angrily.

"It's none of your business!"

"Ruoyi's my friend, and when you tried to hit her, you made it my business!" Jing Xi scolded.

Wen Ke'er felt an intense pain coming from the top of her head right after that. Jing Xi pulled Wen Ke'er by her hair and dragged her across the floor.

Jing Xi threw Wen Ke'er to one side and started to throw punches at her. Wen Ke'er cried from the beating and fell unconscious after that.

Qiao Ruoyi could only stand by the side and watch everything with her eyes wide open.

"Are you getting bullied like this all the time?" Jing Xi asked.

"..."

Qiao Ruoyi did not know how to answer Jing Xi's question. She knew that she was a weak person and would lose every argument.

"Let me teach you one thing: never give in to people like her. If she's coming for you, don't back off, but take her head on instead," Jing Xi said as she turned Wen Ke'er around so that she was facing the ceiling. Jing Xi then took off Wen Ke'er's clothes and took a few photos of her naked.

Jing Xi sent those photos to Qiao Ruoyi after they'd left the bathroom.

"Use them to protect yourself and your family," Jing Xi said.

Qiao Ruoyi finally understood why Jing Xi had taken those photos. It was so that Qiao Ruoyi could prevent similar things from happening again.

“Thank you so much...”

“You don't have to thank me.”

“But your babies... Are you okay?”

“Of course I'm... Ouch!”

Jing Xi cried in pain before she could even finish her sentence.

“Are you all right?”

Qiao Ruoyi was worried to death. She was scared that Jing Xi might have been injured from the fight.

“I'm fine. I'm fine...” Jing Xi said and rested for a while. “See. All fine! Let's go, my hubby is waiting for me outside.”

But before they could leave the institute, someone grabbed Qiao Ruoyi by her wrist. Qiao Ruoyi turned and realized it was the person that she did not want to meet the most.

“Feng Yunan!”

Chapter 1387: Did Not Want To Wear Her Out

She tried to get rid of him but Feng Yunan insisted. He held her wrist tightly and she could never escape from this powerful man.

“Sorry, Ms. Jing Xi. I need to talk to her,” Feng Yunan said coldly and dragged Qiao Ruoxi away without hesitation.

Jing Xi reasoned that she could not be of much help to Qiao Ruoxi right now, and should let them mind their own business.

Getting out of the center alone, she found Huo Yunshen and left with him.

On their way to the hospital Jing Xi was also enraged upon hearing what had happened to Huo Erqi. “I can't imagine. How could Boris have done that!? Is second sister OK?”

“Gu Yici already attended to her. She probably has to stay in the hospital for a few days.”

“Right. Then I'll make some dishes for her tomorrow.”

They came to the hospital to check on Huo Erqi.

After the infusion, Huo Erqi had finally fallen asleep.

When Huo Yunshen and Jing Xi arrived, Gu Yici was sitting by her side.

Having greeted him, Huo Yunshen saw that his sister was already asleep. Then he said, "Honey, let me take you home. You can come again tomorrow."

"OK."

Gu Yici suggested, "You'd better both go home and come back tomorrow. The nurse and I will take good care of her. No worries."

"OK then, thank you!"

Seeing him being so attentive, Huo Yunshen agreed and took Jing Xi home.

On their way home Jing Xi asked, "Does Gu Yici know your sister?"

Otherwise, why was this doctor staying in a patient's ward?

"Yes. He said my sister helped him once and he was grateful. Now that she is in need, he will help as much as he can," Huo Yunshen explained.

"No wonder why he was so attentive."

Jing Xi thought about Gu Yici and Huo Erqi and suddenly realized that they could have been a good match for each other.

Especially their name; it was indeed funny. [1]

On the following day, Jing Xi prepared some porridge and light dishes and put them in a thermo bento.

After taking Ying Bao to the school, they went to the hospital to see Huo Erqi again.

Coming to the ward, they heard people talking inside. Through the window they saw it was Gu Yici chatting with Huo Eryi.

It seemed they were enjoying it.

Huo Yunshen knocked on the door and took Jing Xi inside. They greeted each other.

Gu Yici stood up and said, "Good, you are here. I have to go now and will come back later."

"Thank you, bro."

"No prob."

With Gu Yici gone, Jing Xi came and asked, "How do you feel today second sister?"

"Jing Xi, I'm fine now."

"Good. You should worry no more and take good care of yourself. I made you porridge. Try some."

"Thank you."

Huo Erqi was touched. The comfort from her friends and family made her feel much better after what had happened recently.

Huo Yunshen set up the table and Jing Xi took out the dishes for her.

"I can do this myself. You are a pregnant woman. How could I ask you to take care of me? I don't want to wear you out."

Huo Erqi felt a bit worried.

"No worries. I'm full of energy. We taught someone a good lesson yesterday. It was a piece of cake."

Jing Xi was very healthy and did not have much reaction to the pregnancy. The results of her examinations were very steady. She seemed nothing like a delicate pregnant woman.

"What did you say just now? What happened yesterday?"

Chapter 1388: Gay

Huo Yunshen frowned when he thought he heard that Jing Xi went out fighting again.

"What? No... nothing..."

Jing Xi realized that she should not have spoken and became anxious.

"Come here! You better tell me everything!"

Huo Yunshen pulled Jing Xi out of the room.

"It really is nothing. I beat a girl, that's all. It was a one-sided beating."

"Jing Xi! Do you even know what you did?"

There was no way Huo Yunshen was letting Jing Xi off easily after he learned about the fight.

Huo Erqi felt happy when she saw her brother and Jing Xi remaining so close, but it almost made her feel lonely.

She thought of herself as the worst amongst the sisters.

She was the first to get married, but only to lose everything in the end.

Even though Huo Yijing had gone through the same thing as her, at least Huo Yijing still had her son.

There was nothing left for Huo Erqi.

The nurses in the hospital realized that their doctor, Gu Yici, would always visit Huo Erqi's room whenever he was free.

Gu Yici would not work overtime like he always used to and would instead visit Huo Erqi.

After a few days in the hospital, Huo Erqi was cleared to be discharged.

Gu Yici visited Huo Erqi again after his shift. He had changed into a navy blue suit that made him look extra handsome.

He even pulled his hair back.

“Are you going on a blind date today?” Huo Erqi couldn't help but ask when Gu Yici came into her room.

She had already heard from Gu Yici that his parents were forcing him to participate in a lot of blind dates.

“Yes. It's making me crazy!”

Even though Gu Yici had already told his parents that he was gay, they would still keep introducing women to him.

He did have a blind date set up that day, but he did not feel like going.

He sat down next to Huo Erqi and talked with her. He asked whether she wanted to have some fruit. Huo Erqi nodded, and Gu Yici started to peel the apples for her.

“I've heard that you like men?” Huo Erqi asked. She had heard a lot about Gu Yici from Huo Yunshen when she was in the hospital.

Huo Erqi was a little down when she heard about Gu Yici being gay since she thought highly of him.

Gu Yici almost choked on his cough when he heard Huo Erqi bringing the topic up.

Even though the fact that he was gay was not a secret, he had no idea why he felt embarrassed by Huo Erqi's question.

“Well, there's nothing wrong with that, though,” Huo Erqi continued to say.

“...”

“Do you have a boyfriend?” Huo Erqi asked without holding back, since they'd gotten close.

“No, never had one.”

Ever since Gu Yici had been hurt in his previous relationship, he made himself believe that he liked men more than women.

But he never dated any men.

Which meant that he was never fully gay.

Chapter 1389: He Was Not Worthy!

Being provoked by Huo Eryi finally made Gu Yici realize that he might still be straight.

“Haha, don't tell me you are still a virgin!”

Huo Erqi rocked with laughter, especially when seeing Gu Yici blush. So she was right about it.

“My apologies. I shouldn't have made fun of you. I didn't mean it. I hope you won't mind.”

Huo Erqi then hurried to apologize. Gu Yici shook his head. “No worries. It's good you are having fun. That's worth it. You should smile more often, you know? You look so charming when you smile.”

Gu Yici raised his head to look at Huo Erqi while she happened to be looking at him. They stared into each other's eyes for a long while.

Until Gu Yici turned away and handed her the peeled apple. “Here you go.”

“Thanks.”

“You will be discharged tomorrow. Are you going back to Fstan?”

“I'll only go back to settle some things. Yunshen asked me to move to Estan and I'm thinking about it.”

Huo Erqi had lived in Fstan for twenty years. There were so many memories of her and Boris. She would never be able to stay there again.

After what had happened, she decided that she would sell her property in Fstan and relocate the headquarters of The Blue Gemstone.

Her brother was asking her to move to Estan. Their family was all here. So she was seriously considering that.

“So where are you moving to tomorrow?”

“Not sure. I might go to Yunshen's place. But I don't want to bother them too much. Perhaps I'll have a rental agent find me a condo to settle down in for a while.”

“If you trust me, I can provide you a place to live, until you figure out some further plans.”

“How can I bother you so much?” Huo Erqi felt that she had received too much help from Gu Yici.

“No trouble at all. You saved my life. I have to pay back your kindness,” Gu Yici replied seriously. He never mentioned paying her back with money because he wanted to use it as an excuse to keep hanging out with her.

“It's merely 200 bucks. Never mind.”

“It might mean nothing to you. But for me, that was a life-saver. You saved me. People always say a little help brings much return. I owe you. If you won't let me help, I'll never find my peace again.”

Hearing his series of excuses, Huo Erqi laughed and agreed, “Fine, fine. I'll take it.”

Yeah!

Gu Yici was so excited to win a first round.

Huo Sanyan rushed to the hospital as soon as she heard about Huo Erqi's story from Jing Xi.

“No Way! I'm teaching him a good lesson! I'll beat the crap out of him! Otherwise I don't deserve the family name Huo!”

Seeing her second sister in the hospital and hearing about Boris' betrayal, Huo Sanyan was immediately enraged and about to seek revenge on the bastard.

She had called him brother-in-law for so many years. How could he have done that to her sister?

“That's enough. Yunshen already punished him for me. You take it easy.”

Huo Erqi knew her sister well. She could have killed him impulsively.

“Second sister, I'm outraged! He is so not worthy of it!”

Huo Sanyan had always regarded her sister as a legendary successful woman. She had always been charming and assertive. But now, what had happened to her ten-year relationship? How could she not feel sorry for her?

Chapter 1390: New Look

“Don't. This is my fate, I'll have to face it no matter what happens,” Huo Erqi said calmly.

She had decided to face the failures.

She knew that she still had to live on.

“I see... When should I come and get you?”

“Tomorrow.”

“Okay.”

Huo Sanyan stayed with Huo Erqi until Ye Xun bombarded her with calls.

“Your boyfriend's calling you, right? You should go back.”

Huo Erqi noticed that Huo Sanyan's phone kept ringing and guessed that the calls belonged to Ye Xun.

“He's not my boyfriend! Then I'll take my leave now. I'll come again tomorrow,” Huo Sanyan said and left.

When she was out of the hospital, Huo Sanyan frowned and picked the call up.

“What the hell is wrong with you?” Huo Sanyan scolded.

“Where are you? I'll pick you up,” Ye Xun said.

“I'm at the hospital visiting my sister. I was just leaving.”

“Send me the location. I'll be there as soon as I can.”

Huo Sanyan unwillingly sent Ye Xun the location of the hospital and waited at the gate.

After 20 minutes or so of waiting, a black Maybach stopped in front of Huo Sanyan.

Down came a man of stature.

He wore a pair of sunglasses and a fitted suit. His slick black hair was pulled back, and his shirt was perfectly ironed.

Huo Sanyan couldn't help but sneak a few peeks at the man.

He was the type that she liked the most.

She wanted to keep looking at him, but she was embarrassed to do so.

Huo Sanyan could hear her own heart beating wildly when the man walked closer to her.

Huo Sanyan thought that she was finally able to meet her knight in shining armor, but her heart sank when she heard his voice.

"Sorry to have kept you waiting," the man said.

Huo Sanyan thought that the man's voice sounded like Ye Xun's voice.

Huo Sanyan finally dared to look at the man's face. She almost slapped the man when he took off his sunglasses.

"You?" Huo Sanyan scolded.

"Yes, me. Surprised?" Ye Xun smiled.

Surprised? More like shocked! Huo Sanyan scolded in her head.

"Did you hit your head or something?" she asked.

Ye Xun's silver hair was dyed black.

His earrings were gone.

He had even changed the way he dressed and the car he drove. It was as if he was another person.

"I thought you said that you didn't like my style, that's why I changed it," Ye Xun smiled. "What do you think?"

"Acceptable," Huo Sanyan managed to say. Even though Ye Xun's new style completely suited her taste, she was not going to tell him that.

"Acceptable? Do you know how many hours I spent on this look?"

Ye Xun could not accept it. He knew that his new look could get him a lot of attention.

"So what?"

Huo Sanyan walked away, but Ye Xun caught her by her wrist.

"Where are you going?"
