Chapter 1791: So Angry That He Was About To Vomit Blood

Huo Sanyan didn't leave any opportunity for Ye Xun to speak. She got into the car, stepped on the gas, and left the place straight away.

Ye Xun looked at the car as it sped away and he really felt like he was so angry that he was about to vomit blood.

What important meeting? It was obvious she was covertly trying to reject talking about marriage!

Humph! This woman was becoming more cunning than a fox!

This wouldn't do. If she continued to drag it on like this, wouldn't this mean there wouldn't be a possibility for the two of them to get married in this lifetime?

Whenever he thought about his future life, Ye Xun felt like his entire life was filled with gloominess. What should he do to make her accept him?

Although he was almost driven crazy by Huo Sanyan's torture, Ye Xun never thought about giving up.

He always carried with him a tinge of hope. A hope that Huo Sanyan could remember the past. That she could turn back into that girl who loved him to death.

Jing Xi had returned and even recovered the memory she'd lost. It was because of this that Ye Xun firmly believed that day would definitely come. His Three-Eyed Monster would also come back.

A week later.

Huo Sanyan chaired a high-level meeting in the morning and then dealt with a lot of company affairs.

As a company's president, there were too many policy decisions she needed to make.

Someone knocked outside the door but Huo Sanyan didn't lift up her head. She said, "Please come in!"

Lin Xianjing opened the door, stepped in while wearing high heels, came in front of her, and called out respectfully, "President Huo."

Huo Sanyan stopped the movement of her hand and lifted her head. "Jingjing, sit!"

After Lin Xianjing sat down, she asked, "May I ask why President Huo asked to see me today?"

Lin Xianjing thought they were going to talk about new work. She had heard in private that the company had recently been working on a movie and they would choose a famous singer in the company to star in it.

She thought this was an opportunity that was prepared for her and that she had called her in right now because of this.

Unfortunately, she thought too much. Straight away, Huo Sanyan put a contract termination document in front of her.

Lin Xianjing saw the contract termination and remained perplexed despite much thought. "President Huo, what is this?"

"You should be able to read the words on it. That's right, it is a termination of the contract. Right now, I am telling you solemnly that Kaidi wants to terminate the singer's contract with you. You can leave after you give your signature!"

Lin Xianjing was stunned. It felt as though someone had slapped her. "President Huo, why? Why do you suddenly want to terminate my contract? My contract is for five years. There are still two years left."

"I know. I reckon you should still remember the minimum standard a singer should possess. This was something that I kept on emphasizing at the beginning when I signed the contract with you."

Huo Sanyan held her chin with both hands as she looked at her quietly.

"President Huo, I don't understand. What exactly did I do wrong? Can you please point it out?"

Lin Xiangjin was completely dumbfounded and her mind was also in a mess. She did not understand the meanings of what the president said at all.

She also didn't connect it with Evening Star. After all, a long time had already passed since the incident at the dance. No one had found out about it.

"The previous incident at the dance was secretly caused by you, right?"

After Huo Sanyan finished speaking, she stared at her with a cold pair of eyes.

The only thing Lin Xiangjin felt in her brain was a loud explosion that shook her so much that she was stunned.

I'm finished. Could it be the president also knows something?

A cold sweat broke out on her back. Lin Xiangjin pretended to be calm and said, "President Huo, may I know what you mean? What did I cause at the dance?"

Chapter 1792: A Pain To Watch

Huo Sanyan had already found proof that Lin Xianjing was the one who had tinkered with the podium on the award night. Seeing Lin Xianjing acting all innocent when Huo Sanyan knew the truth was just a pain to watch.

"Don't try and deny what you've done!" Huo Sanyan scolded. "You were the one who paid the technician that night to make Ye Fanxing fall. I have a recording of it!"

Huo Sanyan played the recording where Lin Xianjing was making a deal with another man.

Upon hearing the recording which proved she was guilty, Lin Xianjing fell down in the chair speechless.

"Jingjing, the company had high hopes in you, and reaching where you are now wasn't a breeze," Huo Sanyan continued. "But you tried to hurt someone. Didn't you know what would happen if you did that?"

"I... I'm so sorry... I'm so sorry..." Lin Xianjing sobbed as she realized that her future was doomed. "Please don't fire me... Please give me another chance..."

"It's not me that you're supposed to beg," Huo Sanyan said. "You should ask Ye Fanxing for forgiveness."

"Ye Fanxing... I see... Thank you..." Lin Xianjing thanked Huo Sanyan and quickly got up. "I'll go look for her now."

Lin Xianjing quickly left Huo Sanyan's office and went straight to Ye Fanxing's dedicated recording studio.

Ever since the party, Lin Xianjing had not met with Ye Fanxing even though she had heard other colleagues saying that Ye Fanxing was in the company.

To save her career from ending, Lin Xianjing knew that she had to beg Ye Fanxing even if it meant throwing away her pride.

Lin Xianjing arrived at the recording studio and asked one of the workers, "Is Ye Fanxing here?"

"Yes, she's inside," the worker replied.

Lin Xianjing turned and saw a woman inside the recording room. A beautiful woman.

The first thing that came to Lin Xianjing mind was that the woman could not be Ye Fanxing. She realized that she had seen the woman somewhere.

Lin Xianjing then remembered seeing the woman in the news. She was the queen of the Dragon Kingdom.

The legend that came back after having been presumed dead for years.

Lin Xianjing was sure that the woman was the queen.

But it also made her curious as to why the queen was at Kaidi.

Stunned by the queen's beauty, Lin Xianjing almost forgot that she was there to look for Ye Fanxing.

Lin Xianjing knocked on the door and pushed it open.

"I'm sorry, but is Ye Fanxing here?" Lin Xianjing asked.

Jing Xi was talking to her producer when she heard the knock and turned around. She noticed Lin Xianjing and turned back to tell something to her producer.

The producer then left, leaving Jing Xi and Lin Xianjing alone in the recording room.

"Are you looking for me, Miss Lin?" Jing Xi asked.

"..."

Lin Xianjing was stunned once again. She did say she was looking for Ye Fanxing, and the queen's reply was not what she was expecting.

"You... You are..."

Lin Xianjing had not ever imagined that the beautiful queen and the ugly Ye Fanxing were the same person.

It was unimaginable.

"I'm Ye Fanxing. Do you need anything?" Jing Xi asked, unable to understand why Lin Xianjing had asked for her.

"You... I can't believe... that you're Ye Fanxing... No! Aren't you the queen, Jing Xi?" Lin Xianjing asked as she tried to force a smile that was unbearable to watch.

Chapter 1793: Not Helping Her

"My stage name used to be Jing Xi, and now it's Ye Fanxing," Jing Xi explained. "What do you need from me, Ms. Lin?"

Lin Xianjing's legs trembled as she fell to the floor.

She still could not understand how Ye Fanxing became the queen of the Dragon Kingdom, yet that was the truth, as she could recognize Ye Fanxing's voice.

Realizing who she'd tried to hurt, Lin Xianjing turned pale.

"Please forgive me, my queen!" Lin Xianjing begged. "I admit I was the one who tried to hurt you by tinkering with the podium. I shouldn't have done it! I beg you, please forgive me! I don't want to leave Kaidi!"

Jing Xi finally understood why Lin Xianjing came to find her, but she wasn't going to help her.

Lin Xianjing should've thought of the consequences when she tried to hurt another person.

Jing Xi was no saint. Even though she had escaped the tragedy, Huo Yunshen was hurt in the process. That alone was enough for Jing Xi to not help the person who was begging hard in front of her.

"I'm sorry, but I can't help you. You should go and ask Ms. Huo instead. She's the boss," Jing Xi said coldly as she stared at Lin Xianjing.

Lin Xianjing didn't even dare to raise her head as she knew the difference in status she had with the woman in front of her.

The queen told Lin Xianjing to go back to Huo Sanyan, and obediently she did so.

Lin Xianjing regretted everything.

She cursed at her past self that was unforgiving to people and who proved to be a harm to her own benefits.

Lin Xianjing went back to Huo Sanyan's office. Huo Sanyan had already predicted that Jing Xi would tell her to come back.

"Lin Xianjing... Now you know who Ye Fanxing is, don't you?" Huo Sanyan asked. "There is no place left for you at Kaidi. Please sign the letter of cancellation and leave."

Huo Sanyan did not banish Lin Xianjing from the entertainment business because of what she had done for the company. Huo Sanyan hoped that she could reflect on her actions and start again after leaving Kaidi.

Lin Xianjing changed the moment she walked out of Kaidi's building.

Even though she wasn't banished, her career would be affected profoundly.

And the center of the change was Ye Fanxing, who was also the queen.

Realizing that Ye Fanxing's identity was a closely guarded secret, Lin Xianjing smiled cunningly as she thought she held a powerful scandal on her hands.

Just you wait and see, Ye Fanxing!

Lin Xianjing smirked.

Huo Sanyan asked Jing Xi to her office after Lin Xianjing had left and apologized. "Jing Xi, sorry for what has happened. It's my fault for not managing my staff properly. Well, at least Lin Xianjing is gone now."

"It's not your fault." Jing Xi smiled. "She tried to harm another person, that's just unacceptable. Even I would not help her."

Chapter 1794: Love Rival

"I know you won't help her," Huo Sanyan said. "I asked her to go to you because I wanted her to apologize to you personally."

"Thank you."

"You don't have to thank me. We're family, aren't we? Plus, I'm your boss too. There's no way I can sit idly by when someone is trying to harm my employee." Huo Sanyan smiled and took Jing Xi's hand.

"Come on, let's go get some lunch."

"I can't. You'll have to go alone," Jing Xi said. "I have to go home and check on the kids."

"Fine, fine," Huo Sanyan sighed. "Then, let's leave together."

Huo Sanyan also understood how much Jing Xi treasured her family. She wasn't going to stop a mother from thinking about her children.

They left Kaidi together, and a white car was waiting outside the building.

When they stepped out of the building, a man in a white suit and sunglasses came down from the car.

He was also carrying a bouquet of white roses in his hands.

Jing Xi's first impression towards the man was that he had to be a gentleman, and someone romantic.

"Miss Huo," the man greeted as he took off his sunglasses.

“Mr. Bai?” Huo Sanyan exclaimed. “What are you doing here?”

The moment Jing Xi realized that Huo Sanyan and that Mr. Bai could be old friends, plus the roses were a gift, Jing Xi began to feel worried for Ye Xun.

She was worried that the man could be Ye Xun's potential love rival.

The car from the palace arrived at that moment, and Jing Xi had no choice but to part ways with Huo Sanyan. The moment she got into the car, she messaged Ye Xun about the situation.

Even though it was just speculation, she still believed that Ye Xun had to be wary.

After Jing Xi left, Huo Sanyan continued her conversation with Bai Yanchuan and asked, “Have you had your lunch yet?”

“No. I'm still waiting for you to buy me lunch.” Bai Yanchuan laughed.

“Of course! Let's go.”

Huo Sanyan finally learned why Bai Yanchuan was in the Dragon Kingdom while they talked over lunch.

Bai Yanchuan wanted to set up a subsidiary in the Dragon Kingdom, but he encountered a small problem during the application. He needed Huo Sanyan's help.

Bai Yanchuan knew about Huo Sanyan's relationship with the king and was hoping that she could help him solve his problem. His future in the Dragon Kingdom depended on her.

“I see. Leave it to me!” Huo Sanyan nodded.

“Thank you so much.”

Huo Sanyan was willing to help Bai Yanchuan because he used to help her when they were back in Estan. If not for him, she would've had a hard time finding a job there. Now that Bai Yanchuan wanted to extend his business to the Dragon Kingdom, it was time for Huo Sanyan to return the favor.

“How are things between you and Mr. Ye?” Bai Yanchuan asked after they'd come to an agreement on the subsidiary problems.

“Same old same old.”

“Aren't you two going to marry?” Bai Yanchuan then asked as he looked at Huo Sanyan's face.

“Not at the moment.” Huo Sanyan sighed as she thought of the man who never really cared about what was happening around him.

“That's too bad. I think Mr. Ye is a really great guy,” Bai Yanchuan said. “But if you don't like him,” he joked, “why not consider me?”

Chapter 1795: Would've Went Out With Him

“You sure are good with your jokes, Mr. Bai.” Huo Sanyan smiled.

“Oh, I'm actually quite serious about it.”

Bai Yanchuan smiled back.

Bai Yanchuan was the type of person who would make his joke seem serious and treat serious matters like a joke.

Huo Sanyan quickly evaluated what kind of person Bai Yanchuan was. He was good looking, loaded with money, and attractive in many ways, but getting into a relationship with him was something Huo Sanyan never even wanted to think of.

The most crucial problem was that it seemed like Huo Sanyan was not able to accept another man other than Ye Xun.

Just as she was pondering how to respond, her phone rang.

Huo Sanyan looked at her screen and realized it was from Ye Xun.

"My apologies. I have to take this call." Huo Sanyan smiled apologetically and answered the call. "Hello?"

"Yanyan... Where are you... I... I don't feel so good..." Ye Xun's weak voice came from the other side of the phone.

Huo Sanyan's heart instantly tightened and she asked what happened to Ye Xun, yet Ye Xun didn't tell her anything on purpose.

"Wait for me! I'm coming back right now!" Huo Sanyan said and hung the phone up before turning to Bai Yanchuan. "I'm sorry but I have to leave! It's an emergency!"

Bai Yanchuan also got up and said, "Let me take you home."

When Huo Sanyan wanted to pay, she realized Bai Yanchuan had already paid beforehand.

Since she came to the restaurant with Bai Yanchuan, the only way for her to get back was by cab or Bai Yanchuan's car.

But she would have to wait a while before she could grab a cab, which was why she decided to let Bai Yanchuan drive her home.

Huo Sanyan was then staying at Ye Xun's home, the Ye Manor.

Bai Yanchuan drove onto the property and stopped in front of the main mansion of the Ye Manor.

Huo Sanyan thanked Bai Yanchuan and invited him in for a cup of tea, but he declined, saying that he would visit some other time.

After seeing Bai Yanchuan off, Huo Sanyan ran into the mansion.

Neither Huo Sanyan nor Bai Yanchuan had noticed that Ye Xun was spying on them from the window in his room.

Ye Xun saw an unfamiliar car stop in front of his mansion and saw Huo Sanyan coming down from the shotgun seat, while another man was sitting in the driver's seat.

Ye Xun recognized the man. He was the president of Estan's Bo'si Picture, Bai Yanchuan.

He recalled that Bai Yanchuan once offered Huo Sanyan a job back in Estan, and Huo Sanyan seemed really close to him. If not for Ye Xun interfering from the dark at that time, Huo Sanyan could've left him and gone out with Bai Yanchuan instead.

Ye Xun was glad that he got the message from Jing Xi, or else he wouldn't have known that Bai Yanchuan was in the Dragon Kingdom too.

Now that he got his woman back, he quickly ran back to his bed and lay down.

Huo Sanyan opened the door and saw Ye Xun lying in the bed like he was sick.

“What's wrong?” Huo Sanyan asked worriedly as she put her jacket and purse down.

Ye Xun took the thermometer he had in his mouth and handed it to Huo Sanyan.

Huo Sanyan almost had a heart attack when she saw the numbers on it.

41.5 °C.

“What happened? Weren't you normal this morning?”

“I don't know... Cough...,” Ye Xun replied as he faked some coughs.

Chapter 1796: The Biggest Problem

“No! You need to go to the hospital now! Get up! I'll take you there!”

Huo Sanyan scolded as she tried to pull Ye Xun up. Huo Sanyan was one who believed that illness would have to be treated as soon as possible.

But Ye Xun refused to go to the hospital and pulled her hand to stop her instead.

“Yanyan, I don't need the hospital. A good night's rest is enough for me,” Ye Xun said. “As long as you're here with me...”

“Fine, I'll stay...” Huo Sanyan sighed, agreeing to stay at home with Ye Xun since he was sick. “Lie down. I'll go get some meds for you.”

The truth was that Ye Xun was only faking his fever, but there was no way he could say that he didn't need the meds.

Huo Sanyan got the meds and forced Ye Xun to drink them.

“All right. Get some rest and see if your fever goes down or not. We're going to the hospital if it doesn't,” Huo Sanyan said.

It was clear that Huo Sanyan was worried about Ye Xun, but she hadn't realized how important that man was to her.

The moment she heard that he was sick, she rushed back home worriedly.

Now that he wanted her to stay, she put all her work aside and stayed with him. No work was more important than Ye Xun.

Huo Sanyan put a sheet over Ye Xun after he lay down.

As someone afraid of the heat, Ye Xun was already sweating under the sheet.

He tried to take his hands out but was scolded by Huo Sanyan immediately.

Huo Sanyan noticed Ye Xun was already covered in sweat and got a bucket of warm water to help wipe his sweat off.

She then got the thermometer again and said, "Here, let's recheck your body temperature."

And this time, Ye Xun's body temperature returned to a normal level.

"Look! What did I tell you?" Huo Sanyan laughed. "A little meds and some sweat are all you need!"

Ye Xun forced a smile as he knew that Huo Sanyan would go back to work now that he was healthy again.

But what worried Ye Xun the most was that she might meet up with Bai Yanchuan again.

Ye Xun knew that he had to think of a way to stop Huo Sanyan from leaving.

"Get a little more rest," Huo Sanyan then said as she touched Ye Xun's forehead to check if he was still burning up or not. "I'll have to go back to the company. See you tonight."

But just as Huo Sanyan was about to get up, Ye Xun grabbed her wrist and said, "Can't you stay at home with me?"

Seeing Ye Xun pleading like a little kid, Huo Sanyan couldn't help but sigh.

"Fine. I'll stay."

The answer almost made Ye Xun jump up from the bed from happiness.

But then he realized having Huo Sanyan at home was no different than when she was outside.

Huo Sanyan sat down by the table and turned on her laptop to continue her work. Calls came in one after another. She was either working on replying to emails or she was accepting calls.

Ye Xun had no chance to talk to her.

He then realized the most significant problem between him and Huo Sanyan was that she was too busy to give him any attention.

He wanted to talk to her but realized that their relationship was breaking apart.

Chapter 1797: It Won't Work

Ye Xun was too bored, so he started playing games. He recalled the time when he used to play with Huo Sanyan, a time that he missed dearly.

Now, he was left alone.

Huo Sanyan continued to work on her computer until it was night time.

She turned her computer off and thought about going home only to find that she was already home.

She turned and saw Ye Xun lying on the bed, wondering about his life and realized why she had stayed at home.

“Oh! I'm so sorry! I totally forgot about you! Are you feeling any better?” Huo Sanyan asked as she sat down by Ye Xun's bed.

“Yanyan... Which is more important? Me or work?” Ye Xun asked as he looked at her, wondering when their roles had switched.

“You're...Why are you even asking that?” Huo Sanyan laughed wryly.

“Because I realized you always forget about me when you're working...”

“I'm sorry!” Huo Sanyan apologized wholeheartedly. “But still, taking care of a whole enterprise is not easy... Didn't you say you'd support me when I decided to start my own company? Are you regretting your decision now?”

“No... It's just that...”

“I get it. Don't overthink it. What do you want for dinner? I'll go make something for you.”

“Don't even think about going into the kitchen!” Ye Xun stopped Huo Sanyan, knowing fully how bad a cook she was. “We can just ask the servants to make something for us.”

“Oh, come on! I'm still your girlfriend, have some faith in me. I'll go make some congee for you.”

Huo Sanyan believed that since Ye Xun just got better, he shouldn't eat any oily foods.

After Huo Sanyan had left, Ye Xun quickly called Jing Xi asking for help.

“What else can you do?” Jing Xi said on the other side of the phone. “Bring out your manliness and conquer her!”

Even Jing Xi was starting to worry about Ye Xun and Huo Sanyan's future.

“But it's not working!”

Whenever Ye Xun tried to do that, Huo Sanyan would complain that he was too forceful.

“Then, the only thing you can do is to look for something online. How about asking on Reddit?” Jing Xi suggested.

Ye Xun took Jing Xi's advice and posted a question online.

And he got a lot of answers a few seconds later.

One particular answer mentioned something about tying the man's left leg and woman's right leg with a red string while sleeping. It was believed to be able to tie the woman's future to the man.

Ye Xun never trusted stuff like this. But he was too desperate and was willing to give it a try.

Huo Sanyan finally finished cooking the congee and brought it up to Ye Xun.

But the moment she entered the room, Ye Xun could smell something burning.

“What happened? Why does the congee smell like this?”

Chapter 1798: Soft-hearted

“I'm sorry.” Huo Sanyan laughed wryly. “I got a call when I was cooking and when I came back, the congee was already burned. But it looks like it's still edible.”

Ye Xun was already staring at Huo Sanyan with a speechless expression.

Can't you turn off your phone when you're at home? Ye Xun scolded in his head, as he couldn't believe that she had actually burned the congee.

But there was no way Ye Xun could scold her as she was making the congee for him.

Ye Xun ate a bowl of congee and asked, “What are you going to eat?”

Ye Xun was always in charge of making dinner for Huo Sanyan, and now that he was pretending to be sick, he was worried about what she would eat.

“Oh, I already asked the servants to prepare some food for me. I'll eat in the room if it's fine with you. That way, I can stay by your side.”

“Sure thing.”

Of course it would be okay with Ye Xun. As long as Huo Sanyan was with him.

A few minutes later, one of the servants came in with a tray of food.

The table was soon filled with food. Huo Sanyan had been working the whole day, and she was famished.

Ye Xun caught the smell of the food and got up from the bed only to see the number of meals that Huo Sanyan was about to eat.

There were so many dishes that even Ye Xun could not finish them.

As he looked at Huo Sanyan enjoying all the foods by herself, Ye Xun could hear his own stomach grumble as the congee before was not enough to fill him.

Ye Xun was about to get out of the bed to have some of the food when Huo Sanyan noticed it and stopped him.

“Why are you up?” Huo Sanyan asked.

“I... I want to keep you company...”

Huo Sanyan was a little bit touched by the answer as Ye Xun still wanted to accompany even when he was sick. But she again stopped him.

“Lie back down! You need your rest! I'm fine alone!”

“...” Ye Xun was hungry too and he stared at the foods. “Can you finish all that food alone? Let me help you.”

“No, I'm fine! These foods are too oily for a sick person like you,” Huo Sanyan said as she took a bite.

Ye Xun was completely attracted by the foods, but he was also worried that his lies would be seen through if he insisted on having them.

He could only lie back down as he planned his next step.

The sound of Huo Sanyan eating was painful to hear, and Ye Xun decided to close his eyes and put on his headphones.

But he never thought that he would fall asleep right away.

When he woke up later, it was already 11 at night. He turned around and found that he was alone in the room.

Just as he thought Huo Sanyan had left, the door opened, and in came Huo Sanyan.

Huo Sanyan had just finished showering, and she was in her sleeping gown. Ye Xun could see her beautiful body through the faint light from the bedside lamp as he swallowed his saliva.

Ye Xun quickly closed his eyes as Huo Sanyan approached the bed to check on him.

After making sure his forehead wasn't burning, Huo Sanyan went to the other side of the bed and lay down beside Ye Xun.

Huo Sanyan turned the bedside lamp off. But before she could close her eyes and sleep, she felt the man's hands running along her body.

Chapter 1799: Conflict

“Ye Xun! What are you trying to do?” Huo Sanyan questioned angrily.

“Yanyan... I'm hungry...” Ye Xun pleaded.

“Hungry? Then let me get some more congee for you. There's still some left in the pot,” Huo Sanyan said.

Why would I want some burnt congee? I want you! Ye Xun thought.

"I don't want some congee. I want you," Ye Xun said as he sat on top of Huo Sanyan.

"Hey! You're still sick! What are you trying to do?"

Huo Sanyan tried to push Ye Xun away, but his grip was stronger than usual. There was no way she could match his strength.

Realizing something was off, Huo Sanyan scolded, "Don't tell me you were pretending to be sick all this time!"

"I was really sick."

"Bullshit! Have you ever seen someone at full strength while they were sick?"

"... Yanyan, don't reject me..."

"Stop! Ye Xun! Not tonight..."

"But, I want you..."

Ye Xun wanted all of her.

He wanted her all for himself.

Huo Sanyan always thought that Ye Xun was way too persistent, just like how he was persistent on having sex even when she wasn't aroused.

Huo Sanyan was also a little against having sex, and it caused some conflicts in her mind.

Ye Xun always liked S&M play and it wasn't something Huo Sanyan was fond of.

Huo Sanyan was completely drained of her energy after being devoured by Ye Xun, and her hands were even tied to the bed. When Ye Xun undid the belts on her hands, signs of her being tied were left on her wrists.

She even felt pain in her private part.

"Yanyan... I'm sorry for hurting you again..."

Ye Xun apologized when he saw the bruises on Huo Sanyan's wrists.

"You're always like this!" Huo Sanyan scolded as she covered herself with the sheet and lay down with her back towards Ye Xun. "You never cared if I wanted it or not!"

"But I just wanted to love you...," Ye Xun explained as he tried to hug Huo Sanyan from behind.

But Huo Sanyan pushed him away.

"You're just using your method to love me! You never asked if I was okay with it or not! Do you know that you look like a psycho right now?"

Ye Xun was deeply hurt as he always thought that his own passion wasn't something wrong.

Huo Sanyan ignored Ye Xun after that and fell asleep while still angry.

Ye Xun then helped apply ointments to Huo Sanyan's bruises and found a red string to tie his and her legs together.

He then went to sleep, hoping it would work.

Huo Sanyan woke up the next day to her alarm. She looked at the man next to her who was still sleeping and got up while enduring the pain on her body.

Yet the moment she tried to leave the bed, she was tripped by something tied to her leg and hit her head on the corner of the bedside table.

She screamed in pain as she touched her forehead, which was now covered in blood.

Ye Xun was woken up by Huo Sanyan's scream and found her lying on the floor naked, with their legs tied together.

Chapter 1800: Enjoy It Yourself

Realizing that Huo Sanyan might've tripped because of the string, Ye Xun quickly untied it and helped Huo Sanyan up.

"Yanyan! Are you alright?"

As Ye Xun helped Huo Sanyan up, he was shocked to see that her forehead was bleeding, and he panicked.

"Your forehead is bleeding!" Ye Xun exclaimed.

Huo Sanyan looked at the string on the floor then the mark on her leg.

"Is this your doing?" Huo Sanyan scolded.

Ye Xun nodded as an answer.

"Are you crazy? What is wrong with you? Are you that worried that I might run away? How can you do this while I'm asleep! You're... I don't even know what to say anymore! Look at my head!"

Huo Sanyan was too angry and began to cry.

"I'm sorry... Let me get you to the hospital!" Ye Xun said as he went to look for his clothes.

But as soon as Ye Xun got up, Huo Sanyan pushed him onto the bed and grabbed the belts that he had used the night before to tie him up.

"You pervert! You like S&M play, do you? I'll let you enjoy it to the fullest today!"

Huo Sanyan scolded as she hit him.

She was already at her limit.

Ye Xun did not fight back. He knew he was in the wrong. He knew that he should not have tied her up. That was why he let her hit him without even expressing his pain.

Huo Sanyan kept hitting him until a call came in.

She noticed Bai Yanchuan's name on the caller ID and picked it up.

“Mr. Bai?”

The moment Ye Xun heard Bai Yanchuan's name, it immediately caught his attention.

Bai Yanchuan could tell Huo Sanyan was puffing slowly from the other side of the phone and asked if she was okay.

“Oh, I'm fine,” Huo Sanyan laughed. “I just got back from a run.”

Ye Xun stared at Huo Sanyan lying like it was a natural thing to do. He smiled as he remembered someone told him to never believe a woman's words.

Huo Sanyan touched her forehead while on the phone and realized it was still bleeding.

It pained Ye Xun to see her injured. All he wanted to do at that moment was to take her to the hospital. He shook his hands, signaling Huo Sanyan to release him.

But Huo Sanyan ignored him and left the bed.

“Okay. I'll see you later at the Blue Mountain Café. Yep. Goodbye.”

Huo Sanyan ended the call and went to clean herself up.

“Yanyan, let me go. Let me take you to the hospital,” Ye Xun begged.

“Why do I need you to take me? I can go on my own. I thought you liked this kind of play? Just enjoy it.”

Huo Sanyan quickly dressed and left for the hospital.

She even gave all the servants a day off before leaving so that no one could help Ye Xun.

After Huo Sanyan had left, Ye Xun lay on the bed naked.

He tried to release himself, but he knew the effort was useless as he was the one who had the belt specially made so that no one could escape.

He started to yell for help, hoping one of the servants could help him.

But no matter how much he cried, no one came to his assistance.
