

Priceless Baby 1811

Chapter 1811: Satisfy Himself

“Didn't you see how he was looking at you?” Ye Xun explained. “And how he kept holding your hand. Does he think he can do whatever he wants with me around?”

Yet, Huo Sanyan did not realize anything went wrong. Instead, she felt like Ye Xun just did not want her to come into contact with another man.

The way Ye Xun reacted had severely affected her social life. She felt that she really needed a talk with Ye Xun about that.

After saying goodbye to Bai Yanchuan, Huo Sanyan went back with Ye Xun when the party ended.

Ye Xun realized Huo Sanyan did not utter a single word on their way back.

“What's wrong? Why are you so quiet?” Ye Xun asked.

“Do we even have anything to say?” Huo Sanyan asked coldly.

“Of course! We can talk about when we're going to get married or how many kids we want.”

“...” Huo Sanyan could not believe Ye Xun was seriously thinking about getting married when being in a relationship was already filled with obstacles.

“Ye Xun... Don't you think the two of us are not a great match?”

“What? No! I think we're meant to be together. I don't think anyone's better than me for you, in life values or in bed.”

Ye Xun was the only one who thought their life and love were perfect. Even though they would argue from time to time, Ye Xun was still happy because Huo Sanyan was with him.

Life without Huo Sanyan would be hell for Ye Xun.

But Huo Sanyan couldn't agree with him on that. Whether it was life values or sex life, she thought they held really different opinions.

Their life values were completely different. And all the sex they had was only to please Ye Xun himself.

“Don't you even dare bring that up!” Huo Sanyan scolded. “You always just forced your way with me! How many times do I even have to tell you not to do that?”

“But I've changed too, haven't I?” Ye Xun said. “You asked me to limit myself, and I did. Aren't we just doing it once every day now?”

“But can you not want to do it every night? It's like you never get tired! And how the hell can you even last that long? Do you know how painful that is?”

Ye Xun was stunned by Huo Sanyan's remark.

It was his first time hearing a woman complaining that her man lasted too long in bed.

“Why would I get tired?” Ye Xun asked. “Doing it with the woman I love is a pleasure.”

No matter how much Ye Xun thought about it, he could not understand why Huo Sanyan was so against having sex with him.

“Let's just stop talking about it!” Huo Sanyan scolded and kept her mouth shut after that.

They remained quiet until they arrived back at Ye Manor.

Huo Sanyan was about to turn the light on when Ye Xun grabbed her hand and pushed her onto the wall.

Without any warning, Ye Xun locked his lips with Huo Sanyan's.

Ye Xun had drunk a lot of wine before that and was aroused by the way Huo Sanyan was dressed.

He had been holding himself back. But now that they were home, he could unleash the beast inside him.

Without even asking for Huo Sanyan's consent, he kissed her at the doorway.

Huo Sanyan managed to push Ye Xun away a few moments later and gasped for air.

“Not here!”

Huo Sanyan was afraid that the servants might see them.

Chapter 1812: Attracting

“Don't worry, the servants won't be here at night. Only the two of us are here,” Ye Xun said as he moved closer towards Huo Sanyan.

“Ye Xun! Do you not know respect?” Huo Sanyan scolded as she pushed Ye Xun away. “Aren't there other things you could do?”

Huo Sanyan laid her back by the door as she breathed heavily. She had no idea the way she was at that time could stir up any man's desire.

“But the thing I want now is you,” Ye Xun said, also breathing heavily.

“Didn't we just do it last night?”

“That was last night. There's no way you wouldn't eat today because you had dinner yesterday, right?”

Rendered speechless by Ye Xun's reasons, Huo Sanyan threw her jacket at Ye Xun and warned, “Whatever your reason is, you are not to touch me tonight! Go masturbate or something!”

Huo Sanyan left for the second floor and locked herself in the guest room.

She let out a sigh of relief as she believed she could get some peace in there.

Ye Xun went to the second floor too but did not find Huo Sanyan in the master bedroom. He then checked the guest room and realized it was locked from inside.

“Yanyan... Open up...,” Ye Xun said as he knocked on the door.

“Stop it!” Huo Sanyan scolded. “We're sleeping separately tonight!”

Ye Xun sighed as he stopped banging on the door. Hearing Huo Sanyan wanting to sleep in a different room, Ye Xun began to think of what he should do.

Everything quieted down, and Huo Sanyan finally could relax.

She took off her heels and dress and went to take a shower.

She then lay on the bed and thought of her relationship with Ye Xun.

Truth be told, she didn't have a lot of feelings for him. She always thought of breaking up with him but was always touched by his persistence.

But after three years of living with Ye Xun, she felt like she was being choked by his love all the time.

She wanted to be free and live her own life.

Her beliefs as a celibtarian were the reasons why she never accepted marrying him.

Huo Sanyan knew that she and Ye Xun would never work out.

She kept thinking of it until she fell asleep.

Huo Sanyan had no idea how long she had been sleeping, but she was woken up by a tingling feeling. She opened her eyes and saw a person on top of her.

She screamed.

“Wait! It's me!” a familiar voice shouted.

“Ye Xun! How did you get in?”

Huo Sanyan clearly remembered that she'd locked the door.

“How hard is it for me to break into my own home?”

What Ye Xun did not tell Huo Sanyan was that he had climbed into the room through the balcony. If word got out that the General of a country climbed into his own home just to find his woman, it would be a massive joke to everyone.

Chapter 1813: Got What He Wanted

Huo Sanyan never expected that Ye Xun would sneak into the guest room after she fell asleep.

Huo Sanyan was being pinned down by Ye Xun as she scolded, "Why are you here? Didn't I tell you we're sleeping in separate rooms tonight?"

"That was yesterday. It's 12 now." Ye Xun smiled cunningly. "This is a new day."

"You little...!"

"Wait! Don't get angry!" Ye Xun quickly stopped Huo Sanyan before she could scold him. "Don't you miss little Ye Xun too? He misses you so much!"

"Go away!"

"Oh! I'm not going anywhere without you!"

Ye Xun got what he wanted as Huo Sanyan could only endure the pain. When she woke up the next day, she felt like she'd been through torture.

She kept scolding Ye Xun, and she got out of the bed, but Ye Xun was just smiling at her as he was satisfied.

Yet, he had no idea that the woman that slept next to him the night before was about to leave him. Anything could spark that event.

And that event was sparked that night.

Huo Sanyan was busy the whole day, and she didn't even reply to any of Ye Xun's messages. But Ye Xun just kept messaging her, and she turned off her phone in the end.

After having a meeting with all the higher-ups in the company, Huo Sanyan brought them to dinner.

With everything that was troubling her recently, Huo Sanyan drank too much wine and got drunk.

She got her new assistant, Xiao Miao, to drive her home. Xiao Miao drove into Ye Manor and stopped in front of the mansion.

"Watch your step," Xiao Miao reminded as she helped Huo Sanyan out of the car.

But Huo Sanyan still tripped, and Xiao Miao caught her just in time.

It was at that time that Ye Xun got out of the mansion and saw what was happening.

Huo Sanyan looked drunk and couldn't even stand still.

But another person was hugging her, and from Ye Xun's angle, it looked like the person was kissing Huo Sanyan.

There was no way he could allow that.

Without giving the person any chance to react, Ye Xun threw a punch at that person.

He then pulled the person away from Huo Sanyan and kept punching that person.

"Ye Xun... Stop..." Huo Sanyan could faintly see Ye Xun hitting someone and tried to stop him.

But Ye Xun was too enraged to listen to her and shoved her aside.

Huo Sanyan fell and hit her head again.

“Ye Xun! You lunatic! Stop!” Huo Sanyan screamed as she hugged her head.

But Ye Xun kept hitting until the person let out a devastating scream before he stopped.

Xiao Miao's arm was broken by Ye Xun as she lay on the ground.

Ye Xun turned around to look at Huo Sanyan only to be shocked by what he was looking at.

Chapter 1814: Huge Trouble

“Yanyan, are you all right?” Ye Xun asked as he looked at Huo Sanyan, who was hugging her head, with blood dripping from her hand.

“Go away!” Huo Sanyan scolded as Ye Xun tried to help her. “You bastard! Why? Why did you hit her?”

“So what if I did?” Ye Xun snorted as he looked at the person on the floor. “He was trying to harass you!”

“Harass? She brought me home!”

“Didn't you see where he put his hand?”

“Are you hearing what I was saying? The ‘he’ you were referring to is a she! She's my secretary!”

Huo Sanyan was furious. She was done living with the maniac.

“What? A girl?”

Ye Xun looked at Huo Sanyan then at the person on the floor. The person had short hair and was wearing masculine clothing.

He quickly turned the person over and saw two humps on the chest. He immediately realized that he was in massive trouble.

He blamed himself for being too impulsive.

Not only did he hit a woman, but Huo Sanyan was also hurt in the process.

Ye Xun tried to apologize, but Huo Sanyan did not give him any chance.

Huo Sanyan called the ambulance and left in it with Xiao Miao.

Ye Xun wanted to follow them, but Huo Sanyan stopped him.

“Stay away, or I'll call the police!”

That was enough to scare Ye Xun, and he stared as the ambulance took them away.

The doctors did their best to save Xiao Miao. Her neck and arms were fractured, and her organs were damaged. She would have to stay in the hospital for a long time.

Huo Sanyan took care of all the hospital bills and called her family.

Even Huo Sanyan had a bandage wrapped around her head.

She looked in the mirror, and her anger only got worse.

She was done with Ye Xun.

She couldn't live with a man who was selfish and crazy anymore.

Huo Sanyan waited until Xiao Miao's family arrived and explained the situation to them.

Surprisingly, the family did not blame Huo Sanyan, nor did they cause a scene.

After taking care of everything, Huo Sanyan went back to her own place, not Ye Xun's home.

She had a private mansion in Mo City but rarely used it because she was living with Ye Xun.

And now, she decided to stay there for some peace and quiet to think about everything.

Ye Xun was waiting in the Ye Mansion for Huo Sanyan's return, but she never went back.

He tried calling her, but her phone was turned off.

Ye Xun was already on his edge. He then grabbed his keys and left for the hospital.

He found Xiao Miao's room, and Huo Sanyan wasn't there. What he saw was a young lady lying on the bed with casts and bandages all over her.

Chapter 1815: Serious

Ye Xun apologized to Xiao Miao's family and admitted his wrongdoing. Luckily for him, Xiao Miao's family did not make a scene.

Ye Xun asked if they knew where Huo Sanyan was, but the only answer he got was that she had left.

Ye Xun then thought of Huo Sanyan's home in Mo City and drove there. When he arrived, he noticed that the house was pitch black, and he felt that no one was there.

He then left to look at other places but came back empty-handed.

He even called Jing Xi after that. Jing Xi was sleeping soundly when her phone rang. The moment she saw Ye Xun's name on her phone, she knew something must've happened.

“What's wrong? It's rare for you to call me this late.”

“Xiao Xixi, do you know where Huo Sanyan is? Is she at the palace?”

“No. Is something wrong?”

“No, it's nothing.”

Ye Xun did not explain anything and hung up the phone. He then went to every possible place that Huo Sanyan could be, even Kaidi, but couldn't find her.

The search went on for the whole night.

When Ye Xun went back the next morning with his tired body, he noticed a pair of heels at his door. They immediately caught his attention and woke him up.

They were Huo Sanyan's heels.

He thought that she must've returned.

Ye Xun quickly ran up the stairs and found Huo Sanyan in the master bedroom.

She was standing in front of the wardrobe, packing her clothes. A half-filled suitcase could be seen on the bed.

What Ye Xun saw confused him.

“Yanyan...,” Ye Xun called out as he walked in and stood at her side.

When he noticed the wound on her forehead, he felt guilty.

He wanted to apologize but had no idea how to start.

Huo Sanyan ignored him and continued to pack her stuff.

“What are you doing?” Ye Xun then asked. “Are you going on a business trip?”

Huo Sanyan continued to ignore him and closed the luggage.

She was about to turn to leave when Ye Xun pulled her back.

“My wife, where are you going?”

“Shut up! I'm not your wife! I'm moving out!” Huo Sanyan scolded. “I'm not coming back anymore! I'm breaking up with you!”

Huo Sanyan threw Ye Xun's hand away and left the bedroom.

Realizing how serious the situation was, Ye Xun quickly chased after Huo Sanyan.

“Yanyan! Please! Don't go! Let me explain!” Ye Xun begged as he tried to stop her but could only catch her luggage. “I know that I was in the wrong. Please give me another chance... I beg you...”

“I've already given you a lot of chances! But you disappointed me every time!” Huo Sanyan scolded.

“I've already thought about this for the whole night and my conclusion? We were never meant to be together! This is just a waste of time!”

Chapter 1816: Give Up

"I don't care how it used to be. I don't care if I ever loved you before or not, it's not important anymore," Huo Sanyan said. "You've waited for me for three years, and it's about time to let me go. The Huo Sanyan that loved you three years ago died at the explosion in Hawaii. Just let me go. You'll definitely be able to find someone better than me."

Huo Sanyan took her suitcase from Ye Xun and walked down the stairs.

Ye Xun was stunned to hear what Huo Sanyan had said. He'd thought of countless possibilities that could happen, but the only thing he didn't think of was breaking up.

"Please, don't go... Yanyan... Please... I can't live without you..."

Ye Xun chased after Huo Sanyan and grabbed her suitcase, not letting her go.

"Let me go!"

"No!"

"Why are you always so persistent!?"

"I don't care what you say! I'm not letting you go."

The suitcase handle could not withstand the force of two people pulling on it and broke. The suitcase then fell to the floor and rolled down the stairs.

The suitcase then broke and everything inside it was scattered all around the floor.

"See? This is what's happening between us!" Huo Sanyan scolded in tears. "It's broken, just like that suitcase! And it's never going back to how it was."

"No... It's not broken... I can fix it..."

Ye Xun ran down the stairs and tried to put everything back into the suitcase. But the more he tried, the worst things got.

After pilling everything back in, he tried to close the suitcase but realized he couldn't.

The zipper was torn apart in the process, and the lock was broken. The suitcase could never go back to how it was.

Ye Xun tried to mend everything as Huo Sanyan walked past him and left the mansion without turning her head to look at Ye Xun once.

She chose to give up on everything.

She didn't want anything to do with Ye Xun anymore.

"Yanyan! Wait for me... I can fix this..."

But no matter how loud Ye Xun shouted, Huo Sanyan did not stop. When Ye Xun chased her until outside the door, Huo Sanyan's car was already leaving the manor's grounds.

“Yanyan... Huo Sanyan...”

Ye Xun chased after the car, but there was no way he could outrun a machine.

Huo Sanyan really left, without any regrets.

Ye Xun stared at the tail lights of the car as it drove off, and he dropped his arms. He turned to look at the messy mansion as his heart broke.

The person he loved the most had left him, and he was the one to blame.

He scolded himself as he cried.

Ye Xun tried to look for Huo Sanyan after that. But no matter how hard he tried, he couldn't find her. It was as if she'd never existed before.

She wasn't at the company either.

Ye Xun even went to Bai Yanchuan to look for her. He suspected that Huo Sanyan might've gone to Bai Yanchuan to hide.

Bai Yanchuan was drinking at a bar when Ye Xun appeared at the door.

“Oh my. Mr. Ye, what a coincidence.”

“Bai Yanchuan, where's Huo Sanyan?” Ye Xun asked.

Bai Yanchuan noticed Ye Xun's untrimmed beard and red eyes and could guess what was happening.

“Mr. Ye, are you blaming me for your woman's disappearance?”

Chapter 1817: Had No Other Choice

It was indeed inappropriate for him to blame Bai Yanchun, and he also didn't have the right to do so. However, Ye Xun only thought about looking for him when he had no other choice.

He sat down on the sofa beside him and said mournfully, “Bai Yanchuan, President Bai! I know my attitude towards you was a bit excessive in the past. I apologize. I hope you will let bygones be bygones. If you know where she is, you have to tell me, please. I can't find her anywhere and I'm about to go crazy!”

Ye Xun hugged his head after he finished speaking. Grabbing his own hair, he sank into suffering.

Bai Yanchuan saw how much pain he was in so he prepared a glass, poured a glass of beer for him and placed it in front of him.

“If she is hiding from you, there is definitely a reason why. You definitely must've hurt her. Otherwise, she wouldn't hide.”

"I know..."

"Why not give each other some time. You guys both need to calm down."

Bai Yanchuan leaned back on the sofa and said with a relaxed attitude, "As for your pain, why not drink. All your worries will disappear once you are drunk."

"..."

Ye Xun didn't know why but he listened to his advice and started to drink for some strange reason. In the end, he drank so much that he was as drunk as a lord.

He was drunk and kept on calling Hou Sanyan's name and saying some sad words.

Bai Yanchuan, on the other hand, was like a god who had seen through worldly things. He shook his head and knew deeply how troublesome relationships were. That's why he never got into a relationship with others.

Ye Xun was drunk and didn't know how he had returned to his house. The only thing he knew was that it was already a new morning when he woke up.

The sun was shining brightly outside but his heart was in a sea of darkness. There was only one less woman in the house but it made him feel as if the entire world was empty.

When he heard footsteps outside, his first reaction was, could it be that Huo Sanyan came back?

He quickly got up and rushed downstairs, not even bothering to put on his shoes. When he arrived downstairs, he saw that it wasn't Huo Sanyan, but was Jing Xi instead.

Jing Xi had received his call at midnight the other day. When she went to the company later, she realized Huo Sanyan had taken the day off. She couldn't reach her by phone either. She guessed that the two of them might've had a falling out. She set aside some time today so that she could come to take a look at what was going on.

Jing Xi saw him coming down while looking like a mess and asked, "Ye Xun, what is going on? Why are you in such a state?"

Ye Xun wiped his face and then let out a breath. "Sigh..."

"That's enough. Stop sighing. Quickly go and tidy yourself up. How can you see people in such a state? If Sanyan comes back and sees you like this, she will definitely leave!"

Ye Xun immediately pulled himself up when he heard this. "Oh. Then I will go wash up and change my clothes. Wait for me for a while."

"Okay."

After Ye Xun finished washing up and changed his clothes, he came out to the garden to meet Jing Xi.

He told Jing Xi everything that happened and she shouted angrily, "Ye Xun, how could you be so foolish? Why didn't you tell me immediately when something like this happened?"

He made Jing Xi so angry that she was speechless. Their relationship was so good but he caused it to become like this. He also didn't tell her the truth immediately after what had happened and now they were broken up. They would have to figure out how to get them back together!

“What should I do, Jing Xi? Quickly think of something to help me. You have the best ideas. I beg you. I will do anything if it means I can get Yanyan back.”

Ye Xun put his hands together and begged.

Jing Xi let out a sigh. “The problem right now isn't Sanyan, but instead, it is you. Even if I can help get her back, if you don't change at all, then the final result, in the end, will still be a breakup.”

Chapter 1818: Trying To Change

Ye Xun was a little anxious and lost.

“How should I change? What did I do wrong? I did all I could for her and would even give her my heart. Isn't that more than enough?”

“Everyone knows how much you love her. But have you ever thought that there's a limit to how much you can love someone?”

“A limit?”

“To put it simply, when two people are in love, they are standing on a balanced scale. Both sides have to give the same to keep the scale balanced,” Jing Xi explained. “Try and think back to the time when she loved you, and you were cold to her. The scale was not balanced then as the heavier side was on her. And after Hawaii, you realized you loved her too but she forgot about you. The balance shifted from her side to yours.”

Jing Xi took a deep breath and continued, “You tried to give her everything, and the scale shifted even more. And you know how she is now after the explosion. She went back to her old celibatarian self who praises freedom more than anything. Your love is like a rope tying her back. That's why she thinks you're annoying, that's why she chose to stay away from you. In the end, things exploded and she chose to leave you.”

After hearing what Jing Xi had to say, Ye Xun seemed to understand where it had all gone wrong. But the most critical problem was what step he should take next.

“Xiaoxi... What should I do then? How can I get her back?”

“There's only one way, and that's to follow the flow.”

“Follow the flow? No way! She wants to leave me! Are you telling me to give up on her?”

Ye Xun knew that Huo Sanyan would not come back on her own. Thinking of his future without Huo Sanyan made Ye Xun's heart bleed.

“Calm down! I'm telling you to let nature take its course when you are with her,” Jing Xi explained as she kneeled down and grabbed a fistful of sand. “See, if I try to grab the sand with all my force, the sand will

just leak through the cracks between my fingers. But if I open my palm and let it sit quietly on it, it will just stay there. Do you get it now? The harder you grab onto a relationship, the faster it leaves you.”

Ye Xun stared at the sand, finally realizing his mistake.

“So, you're telling me to not meddle in her business too much?”

“Yes. Doing that will just get you the opposite result. And you have to change your temper and impulsivity too. Be steadier, don't act like a kid all the time.”

Ye Xun nodded. “I get it now... I'll try to change.”

“Good. Don't contact her for the time being. Give her some time to calm down. I'll try to contact her and set both of you up when things get better.”

“Thank you...”

Without any other choice, Ye Xun could only listen to Jing Xi's advice and try to hold himself back.

He also put all of his hopes of bringing Huo Sanyan back on Jing Xi.

After hearing Ye Xun's part of the story, Jing Xi set off to find Huo Sanyan.

Chapter 1819: She Simply Didn't Want To Talk About It

Yunshen told him Huo Yunshen had other residences in the Dragon Kingdom. She asked if Ye Xun had searched through them and he said he had already gone but he didn't find her. Right now, Jing Xi decided to go try her luck.

She came to the Mantingfang Garden neighborhood and found Huo Sanyan's residence. She pressed the doorbell but no one came to open the door.

However, Jing Xi was sure there was someone inside. That was because there was a bag of trash that hadn't been thrown away and there was a takeaway box in the bag. The date on the takeaway box was for today. That's why she guessed that there was definitely someone staying there.

Huo Sanyan was definitely inside. She was only unwilling to open the door.

“Sis! Sis... It is Jing Xi... I know you are inside! Can you please open the door?”

Jing Xi stood at the door and kept on shouting. She believed Huo Sanyan could definitely hear her.

Huo Sanyan was inside and did, in fact, hear her. She initially thought it was Ye Xun who came to look for her when she heard the doorbell. In her heart, she had the thought of not opening the door no matter what.

However, now that she heard it was Jing Xi who kept on calling her from the outside, she finally got up and opened the door.

The entrance was finally opened and Huo Sanyan appeared at the door. She only had pajamas sloppily put on and her hair was a mess. Her eyes were red and there were two strips of white bandages on her forehead.

When Jing Xi saw her, she actually thought she had been cut. She really looked so miserable.

It was only after Jing Xi saw Huo Sanyan in such a state that she understood why she was determined to break up with Ye Xun. Even she thought Ye Xun had crossed the line.

If he were reliable he wouldn't hurt his woman like this. Even if he didn't do it intentionally, he still had to take responsibility for it.

Although she was unhappy with Ye Xun, she didn't forget why she came here. She was here to mediate peace.

Huo Sanyan didn't even try to cover her situation when she saw Jing Xi. "Jing Xi, why are you here?"

Jing Xi had a look of sympathy on her face. "Sis, are you okay? I heard you broke up with Ye Xun. That's why I'm here to see you. Can you let me in?"

"Come in!" Huo Sanyan invited her into the house and closed the door.

Jing Xi went and sat inside. She saw that the trash can in the living room was stuffed with napkins. There were also a lot of balls of tissues on the floor. Jing Xi could imagine how big of an impact the break up was having on Huo Sanyan.

She definitely hid here by herself and cried in secret for a long time. Otherwise, her eyes wouldn't be so swollen and red.

Jing Xi's instinct told her that Huo Sanyan still had feelings for Ye Xun. She only decided to break up because of what happened.

"Jing Xi, just sit anywhere!"

Huo Sanyan invited her in but didn't have the strength to take care of her guest. She could only ask Jing Xi to help herself.

She sat down on the sofa and pulled a blanket to cover her body, looking completely spiritless.

Jing Xi saw she didn't have a good complexion, so she put her hand on her forehead. It was very hot. "You have a fever!"

"I'm fine." Huo Sanyan pushed her hand away and showed an expression of resistance. "Did he ask you to come to see me? Don't say anything, Jing Xi, I won't go back!"

She guessed Ye Xun might've asked her to help come persuade her. However, right now, she simply didn't want to talk about it.

Jing Xi really was indeed entrusted to help him. However, seeing how Huo Sanyan resisted, she had no choice but to adopt an indirect approach. "I heard about the two of you from Ye Xun. I only came to see you because I felt a bit worried about you. You can relax. I won't meddle in the issues between the two of you. However, you are sick right now and need to go to the hospital."

"I don't want to go out. Have you seen what I look like? How can I go out in such a state?"

Chapter 1820: Stop Himself

Huo Sanyan lay down on the couch and said, "Look at me! If I continue to stay with him, I might lose my life! This isn't love! He's just treating me as his personal property!"

Jing Xi remained quiet and listened to Huo Sanyan's complaints. It was a good thing since Jing Xi could try and understand how Huo Sanyan really felt that way and help her from there.

"You're right. I never thought he could be so unreasonable. You were even hurt in the process." Jing Xi sighed. "But what really happened? I don't think he did that to you intentionally, did he?"

"That's where you're wrong! I don't even know how to communicate with him any further! You don't even know how bad it could be!" Huo Sanyan scolded. "He would stop me from meeting my friends or going to parties! He even beat my assistant that night for driving me home! And my assistant's a girl too! Isn't that too much?"

Huo Sanyan was counting all of the things that Ye Xun had done wrong in the past few days.

"You're right, that's way too overboard." Jing Xi nodded.

"Then he kept worrying about me meeting another man and tied my leg to his with a rope! What does he think I am? A pet?"

"I guess it's because he doesn't feel safe..."

"Other than that, he never asked if I wanted to have sex or not! You know about my job and how tiring it can be, but he never cared! How can he even last so long during sex? It's like he has an engine in him or something!"

"..."

Jing Xi was trying to hold back her laughter as it was her first time hearing a woman complaining about a man lasting too long during sex.

Jing Xi wanted to tell Huo Sanyan how lucky she was, but it wasn't the right time.

"He does have to change how he treats you. I'll try and convince him." Jing Xi nodded.

Huo Sanyan then kept on rambling about how bad Ye Xun was, and Jing Xi was with her the whole time. She even recorded the conversation in secret to let Ye Xun listen to it.

Huo Sanyan fell back onto the couch, feeling drained after all the shouting.

"Stay here. I think I have some fever drugs and a thermometer in the car."

Jing Xi went to her car and came back with a bag.

Huo Sanyan was too tired to reject Jing Xi's help and let her be.

Jing Xi took Huo Sanyan's body temperature, and she was already burning up at 38.5°C. Jing Xi quickly took out the fever pills and gave one to Huo Sanyan.

She then helped Huo Sanyan back to her bedroom and went to make a pot of congee for her.

Jing Xi waited until the fever cooled down a little before leaving Huo Sanyan's home.

Ye Xun went to the army base in the morning and came back around the evening.

Breaking up with Huo Sanyan had caused a significant impact on him. He kept picking his phone up to call Huo Sanyan but stopped himself every time when he thought of what Jing Xi had said.
