

## Priceless Baby 1851

### Chapter 1851: A Big Pervert

"You can let go now!" Huo Sanyan said with full confidence.

"Are you sure?" Ye Xun asked suspiciously.

"There's nothing hard about riding horses!" Huo Sanyan said proudly.

"You're not wrong. As long as you think of how you always ride me, then it'll be easy."

Ye Xun blurted this out without thinking, and his words stunned Huo Sanyan.

She never expected that Ye Xun would make a metaphor like that.

That moment, Huo Sanyan could only look at Ye Xun like he was a big pervert.

"Whatever! Just let go!" Huo Sanyan scolded, deciding not to talk to Ye Xun anymore.

She then kicked the horse and rode off.

Ye Xun quickly grabbed a horse for himself and chased after her, as he was worried.

It was true that Huo Sanyan knew the basics of riding a horse, but what she didn't know was how to control the speed.

Probably because she'd kicked the horse too hard, the horse was increasing its speed.

It was so fast that Huo Sanyan couldn't control her balance.

She kept feeling that she was going to fall, and she started to scream.

Ye Xun caught up with Huo Sanyan. When he saw that Huo Sanyan was on the verge of falling, he could feel his heart almost stop.

"Huo Sanyan! Don't let go! Bend down and hug the horse!" Ye Xun instructed.

It was clear that the horse Huo Sanyan was riding on was scared as it kept increasing its speed.

Huo Sanyan could clearly hear Ye Xun's instruction, but she couldn't control herself to bend down.

Just as she was about to fall, a hand grabbed her shirt from behind and pulled her back.

She then bumped her back into a broad chest. She could tell that she had almost fainted just now.

Luckily for her, Ye Xun jumped onto her horse's back in the last second and managed to pull her back.

If not for him, she could've died just now.

Ye Xun hugged Huo Sanyan tightly as he slowed the horse down.

The horse finally stopped. But owing to the close accident just now, Huo Sanyan was pale as a ghost.

“Are you alright?” Ye Xun asked next to her ear.

Huo Sanyan turned to look at him. She couldn't respond as her mind was blank.

Ye Xun let go of the lead rope and hugged her.

“Don't worry. I'm here. You'll be all right...,” Ye Xun comforted.

Huo Sanyan finally came back to her senses, and tears started to roll down as she cried.

“Hey, it's all right now...” Ye Xun knew that she was scared.

All he could do was keep on comforting her.

“I want to get down... I'm not riding on a horse ever again...,” Huo Sanyan sobbed.

Chapter 1852: Like A Little Kid

“All right...”

Ye Xun climbed down from the horse and hugged Huo Sanyan down.

Huo Sanyan was still crying. When Ye Xun saw the over 30-year-old woman sobbing like a little kid, he hugged her tightly.

He could feel her body shaking and sweating. It showed how scared Huo Sanyan was.

Ye Xun patted Huo Sanyan's back and let her cry.

After a while, Bai Yanchuan came back with Ning Luoxiao, and they saw them hugging together.

“What's wrong?” Bai Yanchuan asked. “Why is she crying?”

Huo Sanyan raised her head and saw that Bai Yanchuan and Ning Luoxiao were back. Realizing that she was still in Ye Xun's arms, she quickly pushed him back.

She then turned around and wiped her tears.

“It's okay. It was just a minor accident...,” Ye Xun explained.

“Ms. Huo, are you okay?” Ning Luoxiao came down from her horse and asked.

“I'm fine...”

Huo Sanyan raised her head and forced a smile.

“Is this your first time riding a horse?” Ning Luoxiao then asked. “Why don't I teach you?”

“It's fine... I think I'm going back...”

There was no way Huo Sanyan was going to ride a horse any time soon. Even though Huo Sanyan looked like a strong woman, she was always afraid of doing things that she wasn't good at.

"I see. Then, let's go back together," Ning Luoxiao said.

"Are you sure you're okay?" Ye Xun asked.

"Yes." Huo Sanyan nodded. "Go, your Ms. Ning is waiting for you."

Ye Xun didn't say anything and left with his horse.

Bai Yanchuan helped take Huo Sanyan's horse back to the stable, and they went back together.

Huo Sanyan went back to her room and started to pack her stuff. She didn't want to stay at the resort any longer.

Seeing that Huo Sanyan was determined to leave, Bai Yanchuan decided to go with her too.

When they came out from their room, Ye Xun and Ning Luoxiao were on their way back to their room.

"Are you two leaving?" Ning Luoxiao asked.

"Yes. Yanyan isn't feeling that well," Bai Yanchuan explained and left with Huo Sanyan.

Ye Xun kept on staring at Huo Sanyan, but Huo Sanyan didn't even look at him once.

All Ye Xun could do was stare at them as they left.

The moment Ye Xun went back to his room, he started to pack his stuff too.

"Are you going back too? There are still a lot of activities left."

"Yes," Ye Xun replied sternly.

"You just want to go after your wife, don't you?" Ning Luoxiao joked.

Ye Xun did not decline and instead asked, "Do you want to go too? I'll drive."

"Okay!" Ning Luoxiao replied and left with Ye Xun.

Huo Sanyan quickly calmed herself down the moment she got home and rushed to a meeting after that.

She went back to her company. After having lunch, she started to focus on her work.

After all of the work had ended, she dragged her tired body back home.

Chapter 1853: Misses His Food

Huo Sanyan opened her door and turned on her lights only to find her messy house was once again clean. Food was even already prepared for her on the table.

There were a couple of white roses on the table too. She sat down and tried some of the food and realized it was still warm.

The food tasted like what Ye Xun always made for her, but she quickly shook the thought away.

Huo Sanyan knew that when she left the resort, Ye Xun was still there. She guessed that the foods were actually prepared by Jing Xi.

As for how the food tasted like Ye Xun's food, it must've been because she missed his meals too much.

Since she was too hungry at that moment, she quickly gobbled down the food in front of her.

As Huo Sanyan was enjoying her food, she had no idea that hidden cameras were set up inside her house.

And one of the cameras was pointing at her.

Ye Xun was lying on his bed inside Ye Manor with his laptop on his thighs.

He was staring at Huo Sanyan, enjoying the food he made through the screen.

Seeing that was enough to satisfy him.

He realized that no matter what, watching Huo Sanyan eat was more enjoyable than making out with her.

She looked like a cute little hamster munching down on its food whenever she ate.

Ye Xun was happy that he was able to cook for her, but at the same time, he was also depressed that he wasn't able to win her over with just his cooking skills.

Ye Xun continued to watch each and every move the woman made.

Even though he knew that what he was doing was wrong, he wanted to feel like she was still next to him.

After finishing her dinner, Huo Sanyan removed her makeup and took a shower. Since it had been a tiring day for her, she went to bed right after the shower.

But as soon as she lay down, she could feel something was wrong with her. She felt stuffed up and that it was hard to breath,

She even had the urge to puke, and her stomach began to hurt a few minutes later.

Ye Xun could see from the screen that Huo Sanyan struggled out from bed and ran to the toilet with her hands over her stomach.

Feeling that something might be wrong, he realized that she kept coming back and forth to the toilet a few times. And in the end, she had to crawl her way back to her bed.

He was thinking that Huo Sanyan must've gotten the stomach flu due to her not reheating the food.

Ye Xun quickly changed his clothes and sped towards Huo Sanyan's house.

Ye Xun opened the door to Huo Sanyan's house and ran into it.

When he found Huo Sanyan in her room, she had just gotten out of the bathroom and was supporting herself on the wall.

“Yanyan!” Ye Xun shouted, running to help her.

Chapter 1854: What She Was Thinking

Huo Sanyan was shocked to hear Ye Xun's voice. Even though she was curious as to how he was there, she was too weak to voice it.

“What's wrong? Are you okay?” Ye Xun asked as he picked Huo Sanyan off the ground and laid her down on the bed.

He then quickly got a small dustbin for her and patted her back when she puked.

Huo Sanyan looked drained from all the puking. Her clothes were already sticking to her body because of the sweat.

Ye Xun placed his hand on her forehead to check if she had a fever or not. Luckily, she didn't.

“What are you doing here...” Huo Sanyan moaned weakly. She didn't want Ye Xun to see her in this state and wished for him to leave early.

“That's not important. I'll have to take you to the hospital!”

Ye Xun quickly helped Huo Sanyan change out of her pajamas.

He then put Huo Sanyan in his car and drove towards the hospital.

After having her body checked at the hospital, the doctor confirmed that Huo Sanyan had a stomach flu. The only problem was that Huo Sanyan was extremely dehydrated and had to be admitted into the hospital.

And so, Huo Sanyan stayed in the hospital for the night as Ye Xun stayed by her side.

Huo Sanyan still had the urge to puke even after the infusion. Luckily for her, Ye Xun was by her side.

But she managed to recover after a few hours. Seeing how weak she was, Ye Xun urged her to get some rest.

But Huo Sanyan didn't want to close her eyes. She was scared that the moment she did so, Ye Xun would leave. She just kept staring at him without uttering a single word.

Ye Xun could guess what she was thinking and said, “I won't leave. You need some rest, and you'll be fine.”

Ye Xun gently brushed away the hair on Huo Sanyan's forehead.

Ye Xun knew that underneath the strong woman, she was actually a weak little girl.

Huo Sanyan let out a breath of relief and closed her eyes.

When she woke up, Ye Xun was still by her side. It was three in the morning and Ye Xun had fallen asleep next to her bed while holding her hand.

Huo Sanyan did not move a muscle and just kept staring at him quietly.

She was feeling better then, and the urge to puke was already gone.

But she was confused. She was really curious as to how Ye Xun was able to appear in front of her when she was sick.

And also the fact that Ye Xun had a new girlfriend now.

Ye Xun woke up in the morning when the nurse entered the room.

Realizing that Huo Sanyan was already awake, Ye Xun's eyes widened.

“Yanyan, you're awake?”

Huo Sanyan nodded.

“Are you feeling better?”

“Yes.”

Ye Xun checked how she was and realized she wasn't as pale as the night before. Huo Sanyan seemed healthier, which was a huge comfort to him.

After the nurse had left, Huo Sanyan asked, “How did you know I was sick?”

Chapter 1855: You're Evil

“I... I could feel that you were sick, so I went to see you.”

Ye Xun made up an excuse as his heart skipped a beat.

“Then why do you have my keys?” Huo Sanyan asked.

After recovering, Huo Sanyan's mind became clearer, and questions began to pop into her head.

“I... Isn't it normal for me to have your keys?” Ye Xun asked back.

“You better tell me the truth! If I sense even one lie from you, then you'll never see me again!” Huo Sanyan scolded as she could instantly tell that Ye Xun was lying.

“Fine, fine... Jing Xi gave me the keys,” Ye Xun said as he apologized to Jing Xi in his head.

“Jing Xi gave you...?” Huo Sanyan's eyes widened. “Then, all the cleaning...that was you?”

“Yes.” Ye Xun nodded slowly.

“And the food?”

“Me too...”

“Wow! Just wow! I knew you were planning something!” Huo Sanyan scolded. “You purposely poisoned my food, didn't you? So that you could take revenge on me for leaving you! You're just plain evil!”

The only thing Huo Sanyan could think of that could have made her suffer so much was the food she ate the night before.

It was easy to see why she got angry if that was what she thought.

“Why would I do that? I made food for you so that you wouldn't starve...”

Ye Xun tried to explain.

“Don't try and deny that! This was your plan all along, wasn't it? You poisoned my food so that you could show up just in time like a hero! Or else how do you explain the timing?”

Huo Sanyan analyzed the situation.

“I didn't... I saw that you were sick and rushed to your house...”

It was then Ye Xun realized Jing Xi was right. Showing that he still had feelings for Huo Sanyan was the wrong move. It could spark a lot of questions that couldn't be explained.

And now, Huo Sanyan was determined to get all her answers.

“Then, how did you know I was sick? Huh?” Huo Sanyan folded her arms and asked. “Don't tell me you can see a dozen miles away!”

Ye Xun could feel him slapping himself when he heard the question.

It was a question that he had no excuses for.

“Well? How do you explain that?” Huo Sanyan scolded.

Ye Xun took a deep breath and answered, “I'm sorry... I... There's a camera in your room... so...”

That was how he found out.

Or else Huo Sanyan could've died.

“Ye Xun!” Huo Sanyan roared. She never expected Ye Xun to fall this far. Not only did he have her keys and entered her house uninvited, but he even set up cameras in her home.

She couldn't believe what he did. He was trying to control her even after their breakup.

“You're just a big pervert! How dare you put cameras in my home! Get out of here!”

Chapter 1856: A Mess

Huo Sanyan was outraged, as she was sure that Ye Xun had poisoned her food.

“Yanyan, please... Let me explain...,” Ye Xun begged. “I did that all for you...”

“Get out of here! Now! I don't ever want to see you again!” Huo Sanyan scolded as rage shrouded her decision.

She wasn't going to give Ye Xun any chance to explain himself.

Seeing that Ye Xun wasn't going to leave, Huo Sanyan grabbed the fruit by the table and threw it at him.

“Go away! As far as you can!”

She threw all of the fruit at him.

Seeing how unstable Huo Sanyan's emotions were, Ye Xun decided that it was best that he left.

“Okay... I'll go...”

Ye Xun quickly ran out of the room.

Huo Sanyan puffed up and down after Ye Xun had left, unable to believe how vicious Ye Xun could be.

Even after their breakup, Ye Xun was still trying to control her.

All the thoughts of starting again with Ye Xun instantly disappeared from Huo Sanyan's head.

Not only could she not forgive him for moving on so fast, but also for trying to interfere with her life too.

She'd had enough of him.

All of Ye Xun's actions after the breakup were just too much for Huo Sanyan to handle.

The more she thought of it, the more she believed they weren't meant to be together.

After being chased out of the room, Ye Xun was worried that no one could take care of Huo Sanyan.

The only person that he could think of was Jing Xi. He called her and told her all about what had happened until then.

“Didn't I tell you not to do that?” Jing Xi scolded on the other side of the phone. “Why did you have to mess everything up? Do you still want to get her back or not?”

“I know I shouldn't have done that, but what now?”

“What else? I'll have to go to the hospital to check on her.”

Jing Xi decided that she had to help Ye Xun right away before it was too late.

Jing Xi got to the hospital half an hour later and met up with Ye Xun first.

Ye Xun then told Jing Xi the whole story, including what had happened at the resort.

“Didn't I warn you to not be so impulsive? Look at how angry she is now,” Jing Xi sighed.

“I know... What should I do now? If this goes on, she'll never talk to me ever again.”

Jing Xi was Ye Xun's savior, and she was the only one who could help him now.

"I think you should go under."

"Go under?"

"Yes. I've heard that things at the border haven't been going great. Why don't you go there and let her calm down? She'll definitely think of you after seeing you gone for a few weeks. Then it's time for plan B."

Jing Xi thought of one last plan that might help mend the relationship.

"Okay. I'll do whatever you say."

Chapter 1857: She Was Behind It

After hearing Jing Xi's plan, Ye Xun found his confidence again. He left Huo Sanyan in Jing Xi's care and left for war.

After making sure Ye Xun had left, Jing Xi went to the room Huo Sanyan was staying at.

When Huo Sanyan heard footsteps approaching her, she thought that Ye Xun has returned.

"Ye Xun! Don't you dare come in! I don't want to see you again!" Huo Sanyan scolded.

"Calm down, it's me," Jing Xi laughed.

Hearing Jing Xi's voice, Huo Sanyan turned around. Even though she didn't say anything, it was clear from her expression that she was angry at Jing Xi too.

Huo Sanyan was furious because Jing Xi was actually the one behind everything.

"Hey, don't stare at me like that," Jing Xi laughed wryly. "I admit I was in the wrong this time. Please don't blame Ye Xun."

"I am blaming him!" Huo Sanyan scolded. "Look at what he did to me? Look at my scars! And look at how he put me in the hospital! Even if I had nine lives, it wouldn't be enough!"

Huo Sanyan started to count all the wrongdoings that Ye Xun had committed.

"I know what he did was wrong, but weren't you the one who always said that we should look for the reasons?" Jing Xi smiled. "Why do you think Ye Xun still does all of that even after breaking up? He could've found himself a new girlfriend and lived the rest of his life with her. Instead, he chose to do things just for you in secret."

"How should I know?"

"Because he loves you," Jing Xi said as she took Huo Sanyan's hand. "He has been waiting for you, do you know that? He told me that he wasn't going to marry anyone other than you and that he was willing to sacrifice everything just for you. Do you think you can even find another man like him who is willing to give up everything for you?"

Huo Sanyan was stunned as she tried to process what Jing Xi had said.

"I know that he's the impulsive type, that he does things without thinking too far ahead," Jing Xi continued. "But I can tell you that he's only like that when he's with you. Have you ever seen how he goes to war? How decisive and powerful he is? Only you can make him weak and worried about everything. And why's that? Because he was afraid that you might leave him. In the end, how a woman acts can always change a man. If you give him reasons to trust you, then he'll be confident. If you give him reasons to be courageous, then he won't fear anything."

After hearing what Jing Xi had to say, Huo Sanyan lowered her head and didn't say anything.

All she could think of was the days she had spent with Ye Xun for the past few years. Now that she thought of it, Ye Xun had been giving all he could for the relationship while she was just trying to avoid responsibility.

She realized she was being too selfish and had never admitted that she was in the wrong.

Chapter 1858: She Was Wrong

"But the moment we broke up... Didn't he find himself a new girl?" Huo Sanyan asked. "That host you met, that Ning Luoxiao. She's younger than me, prettier than me, and she's even gentler than me. They look better together..."

Huo Sanyan was already on the verge of crying when she thought of Ye Xun and Ning Luoxiao.

"You are so wrong about that," Jing Xi laughed. "Ye Xun and Ning Luoxiao aren't even in that type of relationship."

"What do you mean?"

"Here, take a look at this."

Jing Xi took her phone out and showed Huo Sanyan a video.

Ning Luoxiao was smiling at the camera as she greeted, "Hi, Sanyan, it's me! First, let me apologize for deceiving you. Ye Xun and I aren't in that type of relationship. We were both born in the Dragon Kingdom and have known each other since we were children. We've been really close friends for a very long time."

Ning Luoxiao then paused and continued, "After you broke up with him, he came to me and told me about it. I instantly agreed to act as his girlfriend to make you jealous. He just wanted to see how much you love him. How was it? You care about him a lot, don't you? Or else you wouldn't have gotten that mad when you saw us pretending to be a couple. He really is a nice person. Please don't let go of him, okay? I hope both of you can sort things out soon."

After the video ended, Huo Sanyan kept staring at the screen and couldn't utter a single word.

"Do you know the truth now?" Jing Xi asked. "He never betrayed you. He squeezed everything out of his brain just to think of ways to get you back. As for the cameras and the poison in the food, I can explain that. I know that planting cameras is wrong, but he was just worried about you. And thanks to those cameras, he was able to save you in time, wasn't he? As for the food, he didn't poison it. The reason you felt sick was that you didn't reheat the food and went for a cold shower after that, which, in the end, caused the stomach flu. You should blame your laziness instead of him."

After hearing so much, Huo Sanyan realized that she had been blaming Ye Xun wrongly.

Her mind was thrown into chaos.

She thought about how she'd treated Ye Xun in the past.

And then she thought of whether she could even find another man like Ye Xun who accepted all of her.

In the past three years of the relationship, Ye Xun kept giving, and Huo Sanyan never thought much about it.

The relationship was like a priceless treasure to Ye Xun, while Huo Sanyan just thought of it as something troublesome.

Huo Sanyan realized she was the one in the wrong the whole time.

She had always thought that she never loved Ye Xun.

But weeks after breaking up, she realized that Ye Xun was already in her heart.

Seeing him with another woman made her jealous and made her do things that she never thought of doing.

Chapter 1859: The Way He Loved Her Was Quite Perverted!

She even went so far as to hide her things and fantasize she would return to his house.

That's why, if this wasn't love, what was it?

She already fell in love with him!

When she thought of Ye Xun, the only thing she felt in her heart was an indescribable feeling of feeling wrong. She was very upset and also missed him. The thing she wanted to do right now was to have a good cry while in his embrace.

When she thought of this, she couldn't help but ask Jing Xi, "Where is he? Where did he go?"

She thought about how badly she scolded him just now and even asked him to take a hike. Right now, she felt like she really overdid it!

"Ye Xun went to the border. It might be some time before he comes back so you should just wait for him at home. Once he comes back, don't throw a temper tantrum anymore. The two of you should share all the things in your hearts. There is nothing that is unsolvable as long as you guys have enough trust in each other."

As their mediator, Jing Xi really had so many worries. She really wanted to turn all of her past relationship experience into a book and then personally teach it to them.

"Oh, I understand. I will wait for him to come back."

Huo Sanyan promised she would still give him a chance.

Jing Xi's mission was complete. The rest would depend on them.

The problems all arose from them. There was no one else besides them who could save themselves. Other people didn't have the power to do so.

Jing Xi finished saying all that needed to be said and then said, "Sanyan, you should think about it carefully. Once you are discharged, I will come back to get you."

"Okay. You go and do your work."

Jing Xi wanted to give her some time alone so that she could think by herself.

She got up and left the patient's room. Before she left, she met the doctor and asked about when Huo Sanyan would be discharged. She planned on driving here to fetch her.

Huo Sanyan was the only one left in the patient's room. She lay down on the bed and started to think about the past, about all of her time with Ye Xun.

Although she didn't believe in marriage, he treated her so well for so many years. He'd already infiltrated her life long ago and she had grown to rely on him for her life.

She admitted that ever since she left Ye Xun, she felt like an insect that had lost a leg, unable to move a single step.

Right now, she started to feel regret again. Regret for everything that she did to Ye Xun.

They would often say how much she loved Ye Xun three years ago. However, because of that explosion, she had already forgotten the time when she loved him.

She really wished she could remember that time right now so that she could love him as much as he loved her.

Huo Sanyan could be discharged in the afternoon. Jing Xi made some porridge that would help treat the stomach. She filled a bowl and brought it over for lunch.

Huo Sanyan felt that she became a lot better after she ate it.

"The doctor said you can be discharged. I will send you back later," Jing Xi said as she put away the tableware.

"Okay. Thank you, Jing Xi."

Huo Sanyan really wanted to thank Jing Xi. If it weren't for her help, she wouldn't be able to clearly see her own heart.

Huo Sanyan left the hospital after the meal and Jing Xi sent her back to the Mantingfang Garden.

After she arrived home, Huo Sanyan said, "Okay, you should go back to be with your kids. I am fine on my own."

Jing Xi stood at the door and didn't go in. Instead, she returned the keys Ye Xun had kept back to her. "Okay then! I will return the keys to you. I have something I need to do."

"Okay."

Jing Xi drove away and Huo Sanyan went back into the house. She remembered the remote camera in the house so she kept an eye out for it.

In the end, she found at least three cameras in the house. If it weren't for the fact that they had cleared up their misunderstandings, Huo Sanyan would definitely be cursing Ye Xun right now.

However, she didn't say anything right now. Instead, she felt that he really was a pervert. Even the way he loved her was quite perverted!

Chapter 1860: Worried

Huo Sanyan then cleaned the dishes that were left on the table and tidied the room before leaving.

She decided to move back to Ye Manor and wait for Ye Xun to return.

Huo Sanyan drove to Ye Manor, and the guard let her in with a warm smile.

Ye Xun had ordered the guards to let Huo Sanyan come in whenever she wanted to.

Returning to Ye Manor moved her deeply, as it felt like she finally got home.

All she hoped for now was that Ye Xun did not change, like the manor did not.

After returning to Ye Manor, Huo Sanyan finally learned that Ye Xun left to the border in a hurry and had no idea when he could return.

Even though Ye Xun wasn't at home, the servants were enough to take care of Huo Sanyan's meals.

She still went to work every day.

One day after work, Bai Yanchuan asked her to dinner. While they were eating, Bai Yanchuan told Huo Sanyan what Ye Xun had said when he was drunk at the resort.

It was only then that she realized how much pain Ye Xun had to endure every day for the past three years. He had never told her about the pain and decided to face it alone.

The more she knew, the more hurt she was.

Huo Sanyan suddenly felt like she was the evil one for all those years.

And after that, Huo Sanyan finally got a taste of what waiting for someone felt like.

It was how Ye Xun had been waiting for the Huo Sanyan that loved him to return.

Huo Sanyan would send Ye Xun messages every day but never got a reply.

But she also knew that the moment Ye Xun went to the border, he would have to turn off his personal smartphone and switch to telecommunication devices that the army used. Huo Sanyan had no way to contact him.

All she could do was keep sending him messages and hope he noticed them when he returned.

She kept on waiting, even until Jing Xi's second album was released.

Huo Sanyan also learned from the news that tension at the border was already reaching its peak.

Knowing Ye Xun had to live dangerously at the border, Huo Sanyan was always worried about him. She would even visit the palace every day so that she could get first-hand news on him from her brother.

"When is Ye Xun coming back?" Huo Sanyan asked Huo Yunshen when they were having dinner in the palace.

"I can't say..." Huo Yunshen shook his head, knowing that his sister was worried.

"Can't you get someone to go to the border?"

"He's the General, that's his responsibility. Now that war is imminent between the Fei Country and us, his leadership is greatly needed. I can't just bring him back."

"Then... Can I go to him?"

Huo Sanyan was worried that if war really erupted, Ye Xun could lose his life at any moment.

"Of course not! Do you know how dangerous it is? You going there will only cause more trouble!"

"Then what should I do?"
