

Priceless Baby 1901

Chapter 1901: I Know What I Must Do

Just as he stood up and steadied himself, Huo Yunshen grabbed him by the collar again and warned him, "Let me tell you Ye Xun! Disabled... paralyzed... none of these things are scary. The scariest thing is losing the courage to face your life!

"War is cruel! You should know this better than anyone else. Many people sacrificed a lot because of the war. People who lost both their legs and hands can be found everywhere. You are much luckier than them!

"You only lost an arm but why don't you think that you are lucky that you still have a healthy arm and still have a complete pair of legs?

"You should know I was paralyzed for five years. How did I pass through those five years? I couldn't walk and it was basically the same as not having two legs! Life brought me to hell but it was love that made me stand again.

"Do you think your hand will be complete if you chase away Huo Sanyan? No! You will realize you lost even more! Your heart, your soul... they will all be lost!"

"Right now, you still have the chance to get them back. Nothing is too late. It just depends on how you want to continue living!"

Huo Yunshen finished shouting all this while filled with anger. He pushed him away fiercely.

Ye Xun stood stupefied in the heavy rain but he was thinking deeply about what Yunshen said and was reflecting on himself.

Jing Xi knew he would definitely listen to him. She handed her umbrella to him. "Ye Xun, go quickly! I saw that Sanyan was still outside the entrance just now. She shouldn't have gone far."

Ye Xun lifted his head at this moment and in front of his eyes was a dark curtain of rain. However, he now understood his heart and knew the direction of his future life.

He was very thankful to Huo Yunshen for waking him up at a crucial moment.

"I know what I must do!"

He didn't take the umbrella but instead, rushed straight into the heavy rain and fog.

At the Ye Residence.

Right now, Huo Sanyan realized she had made a very stupid decision by leaving the car behind. The wind and rain outside were very heavy. The wind had blown her umbrella away.

She was currently dragging her luggage on an unknown street while getting drenched by the rain. If someone saw her, they would definitely think she was crazy.

She wanted to find somewhere to hide from the rain. She thought about hiding under a tree but she remembered there was lightning right now. To be safe, she had no choice but to continue to walk forward.

As she walked, she heard the faint sounds of someone calling her name. It sounded a bit like Ye Xun's.

It couldn't be!

She must've imagined it!

Huo Sanyan continued to walk forward and didn't stop until the shouting grew louder and louder, nearer and nearer.

"Huo Sanyan..."

It was impossible that she imagined it this time. Feeling astonished, she turned around and saw a figure running in the rain towards her from afar

It was Ye Xun!

Did he come to look for her?

Huo Sanyan's sorrowful heart immediately started to get excited. However, she forced herself to calm down the next second. He might've only come to ask her to go get the things she left behind, or something like asking her to return the wedding ring.

Ye Xun finally stopped when he was almost near.

He saw that the woman was completely soaked as she hugged herself and shivered in the cold. Ye Xun couldn't describe how much self-blame and how much pain he felt in her heart.

He knew she would end up like this! Giving her the umbrella was of no use!

"Huo Sanyan! Are you an idiot? Where is the umbrella I gave you?" Ye Xun shouted to ask.

Huo Sanyan even thought he'd chased after her to ask for the umbrella so she felt apologetic. "I'm sorry. The umbrella was blown away. I will repay you with a new one tomorrow."

"Who asked you to repay me?"

Ye Xun took big steps towards her and Huo Sanyan stared straight at him. The rainwater was in her eyes so she used her hands to wipe it away before taking another clear look at him.

Chapter 1902: You Stole My Heart

Ye Xun stood in front of Huo Sanyan, his shirt soaked just like hers.

He stared at her and said, "Do you think you can leave like that?"

"What else do you want?" Huo Sanyan asked, unable to cope with the situation.

It looked like Ye Xun came chasing after her, but she thought that was impossible.

"You stole something from me. I want you to give it back," Ye Xun said as he extended his hand.

"I didn't steal anything from you..." Huo Sanyan argued.

"You're lying! You stole my heart!"

Ye Xun grabbed Huo Sanyan's hand and pulled her into his embrace.

Even though he only had one arm, he still tried to hug her with all he had.

"I'm sorry... I shouldn't have treated you like that..."

Huo Sanyan heard Ye Xun's apologies coming from above her head. She felt like she was dreaming, as she couldn't believe Ye Xun was hugging her.

But he was apologizing too. She was sure of it.

Ye Xun hugged her tightly, but Huo Sanyan gave no response.

"What's wrong? Are you not forgiving me?" Ye Xun asked in disappointment as he let her go. "Is it because I only have one arm left?"

Huo Sanyan regained her senses as her tears mixed with the rain on her face.

"You idiot! Of course not!"

Huo Sanyan hugged Ye Xun's neck and kissed him.

Ye Xun also grabbed Huo Sanyan's waist as he enjoyed the kiss.

The two idiots stood in the rain as they found their love for each other once more.

They finally let go of each other minutes later.

They stared at each other before Ye Xun hugged her again.

"I'm sorry for putting you through that... Come back with me," Ye Xun said.

"Of course!" Huo Sanyan nodded. Even though she was still crying, they were tears of happiness.

"Come on. You'll catch a cold."

"Wait! My suitcase!" Huo Sanyan stopped Ye Xun.

"Leave it. I'll buy another one for you."

Ye Xun did not let Huo Sanyan go and get her suitcase, and Huo Sanyan did not insist either. There wasn't anything significant in the suitcase other than a few shirts.

They walked back together with Ye Xun grabbing Huo Sanyan's shoulder while she hugged his waist. Even though the rain was cold, their hearts were warm.

"I didn't lose my memory... I was just faking it..." Ye Xun tried to explain.

"It's not important. I don't care what happened; all you have to know is that I'll never leave you. And I was just pretending to leave when I grabbed my suitcase," Huo Sanyan smiled.

They then looked at each other and laughed.

When they returned to the mansion, Huo Yunshen and Jing Xi were still there.

They'd already showered in Ye Xun's house and changed into spare clothes they'd brought.

"Welcome back." Jing Xi smiled warmly.

Huo Sanyan knew that Ye Xun could come back to his senses because of the couple in front of her.

"Jing Xi... Little Bro... Thank you..."

Chapter 1903: Need To Control Yourself

"There's no need to keep on thanking us. Quickly go up and have a hot bath. I made some ginger soup to treat colds. Drink it after you finish bathing. Yunshen and I will head back now to take care of some things," Jing Xi instructed them.

"Oh, okay. Be careful when you guys are driving back."

After they sent the husband and wife out, both of them felt thankful in their hearts and then went upstairs to bathe.

Huo Sanyan entered the bathroom in the second bedroom and Ye Xun followed. Huo Sanyan asked, "Aren't you going to bathe in the master bedroom?"

"It is hard for me with my arm. I will bathe with you and you can help me take off my clothes."

"Okay."

After they entered the bathroom, Huo Sanyan took off her wet clothes and then helped him to take off his. She turned on the water and said, "Okay, you go ahead and bathe!"

"I already said we will bathe together."

Ye Xun used one hand to grab her waist and brought her into the bathtub to bathe together straight away.

"Yanyan..."

"Hm?"

"Punish me! I was an asshole to you before!"

"How could I bear to do so? I understand how you feel. Everything will pass!"

The more Huo Sanyan tried to play it down, the more self-blame Ye Xun felt.

"I really am a bastard!"

Huo Sanyan held his face and told him seriously, "Even if you are bastard, I still love you!"

The next second, the two of them kissed each other deeply and coiled around each other.

The two of them did it once in the bathtub. After they came out, Ye Xun still wanted her but Huo Sanyan rejected his idea.

“Not now!”

“Why? We only did it once!” He kept clinging to her. He wanted her so badly.

Now that they reconciled after their relationship experienced challenges, Ye Xun felt like he loved her even more. It was almost like he really wanted to become conjoined twins with her so that he could be with her every minute and every second.

Huo Sanyan knew he had good endurance and could last a long time. He wouldn't get tired after doing it once or twice. However, the circumstances now were different!

“Ye Xun! You need to control yourself for the sake of our baby!”

“Baby?”

Astonished, Ye Xun looked at her face and then looked at her belly. He asked in disbelief, “Are you telling me that you are pregnant?”

“Yes.” Huo Sanyan nodded slightly shyly.

“Really? This is wonderful!”

When Ye Xun heard this good news, almost all of his misfortune and despair was chased away.

He was overwhelmed with joy!

Huo Sanyan was finally pregnant!

He was about to become a father!

Ye Xun took her into his embrace. He held her then let go, held her then let go, repeating this several times. He said, sounding very regretful, “Do you know how happy I am, Yanyan? I'm astonished! I'm pleasantly surprised! I really want to lift up my princess and turn around three times.”

However, he only had one hand right now and had no way of lifting up his princess.

Huo Sanyan thought for a while and said, “Since you can't lift up your princess, then you can just be a knight and carry me on your back!”

“My queen is right!”

Ye Xun quickly bent at the waist to let Huo Sanyan get up. After she got up, he carried her out of the bathroom and went around in the bedroom. He then wanted to walk out but Huo Sanyan shouted for him to stop. “Hey! Don't go out! What if people see us?”

Only then did Ye Xun remember neither of them was wearing clothes. He had no choice but to go back to the bedroom to get dressed.

While putting on their clothes, Huo Sanyan saw his amputated left hand. The wounds there were healing and new flesh was growing. It looked a bit brutal and it really pained her heart.

Huo Sanyan couldn't help but kiss the damaged part and it shocked Ye Xun so much that he wanted to step back. "Don't do that! Yanyan... don't look..."

He was scared it might frighten her. However, how could she dislike it or feel afraid of it?

"Don't worry, Prince Ye. No matter if you lost only one hand or both hands, in my heart, you will always be the most perfect man. Don't you know? You are my hero!"

Chapter 1904: Let's Get Married

Ye Xun was deeply touched by Huo Sanyan's words. He thanked God for letting him have such a wonderful woman in his life.

He vowed to love her with all he had for the remainder of his life.

"Yanyan, thank you." Ye Xun smiled.

They looked at each other affectionately.

Their tragedy had finally ended.

Ye Xun was grateful to Huo Sanyan, Jing Xi, and Huo Yunshen for letting him know that losing part of his body wasn't scary at all. As long as he and Huo Sanyan could protect their love, their future would still be bright.

Huo Sanyan put on her cloth and sneezed, which almost scared Ye Xun to death.

He quickly helped dry her hair and took her to the dining room.

"Here. Jing Xi made some ginger soup for us. Drink it," Ye Xun ordered as he put a bowl in front of Huo Sanyan.

"You should drink some too."

"I will."

Both of them finished the soup Jing Xi had prepared for them. They then sat on the couch with Huo Sanyan lying in Ye Xun's arm.

"I even chased you out when you're pregnant... I'm a bastard..."

"I don't blame you. I know you did it because you love me too much." Huo Sanyan smiled. "You know, this reminds me of how desperate Yunshen was when he couldn't move his legs. He even locked himself up. Only you and he understand what that pain feels like."

"Yes." Ye Xun nodded.

"But he fought hard to overcome all that hardship because of love for Jing Xi," Huo Sanyan said as she raised her head to look at Ye Xun's face. "That's why I'm asking you to do the same too. Don't blame yourself anymore and think of our baby."

"I promise you." Ye Xun smiled.

Huo Sanyan smiled back and closed her eyes.

Knowing that Huo Sanyan was tired, Ye Xun suggested, "Why don't we go to sleep?"

"Okay."

They both went back to the master bedroom and realized it was trashed.

"I'm sorry. You went through so much to decorate the room for me, and yet, I..."

"Don't worry. We can decorate it again, together this time."

"You're right."

They didn't go to sleep immediately and started to tidy the room.

Ye Xun made a list of all the items that were destroyed and asked some of the servants to go and buy new ones. They spent two days cleaning the mansion.

"What should we do next?" Huo Sanyan asked.

"Well..." Ye Xun started to think. "With everything in place, why don't we get married?"

"Yes! I've got the invitations here! Let's make a guest list first!"

Huo Sanyan got Ye Xun the invitation letters that were printed and started to write names on them.

When Huo Sanyan suggested inviting Bai Yanchuan, Ye Xun pondered a little.

"Can... Can we not invite him?"

"Why not? I thought you two were close?"

"Not at all! We aren't close at all!"

Ye Xun was trying to forget the unfortunate event that had happened at the resort.

"Well, we still have to invite him since he's Xiaoxiao's husband now."

"Wait, what did you say? Xiaoxiao's husband?"

"Oh? Didn't I tell you? Bai Yanchuan and Ning Luoxiao are a married couple now."

Ye Xun had no idea that Bai Yanchuan and Ning Luoxiao got married before him. He only knew that Ning Luoxiao had a crush on him and couldn't believe how fast Bai Yanchuan and her had progressed.

Chapter 1905: After Clearing Up The Misunderstanding

"Why did the two of them suddenly get married? That is what I'm more curious about." Ye Xun pondered it.

"It started when we were at the holiday villa before. On that night, you got drunk and accidentally entered my room, and Bai Yanchuan accidentally entered your room. He then did it with Xiaoxiao and Xiaoxiao got pregnant that night. I got pregnant on that night as well," Huo Sanyan explained.

Ye Xun thought about it carefully. Didn't this mean Bai Yanchuan didn't sleep with him that night?

The person Bai Yanchuan slept with was Ning Luoxiao. Moreover, the person whom he slept with in Huo Sanyan's room was his own woman?

That was definitely it!

The baby in Huo Sanyan's tummy was also conceived that night. Didn't that mean they had relations?

Oh my god...after Ye Xun cleared up the misunderstanding, everything became clear at once.

He initially thought he accidentally had gay sex with Bai Yanchuan. However, it was only now he knew he did not let down his own wife.

This was great, simply great!

Ye Xun's mood immediately brightened up after he figured it out. He decided immediately. "Okay, invite him! Write down Bai Yanchuan's name! I want to have a proper toast with him."

After they finished writing the wedding invitations, Ye Xun arranged for them to be sent out.

Triumph Palace.

When Jing Xi received Ye Xun and Huo Sanyan's wedding invitation, the corner of her mouth lifted up. She finally let out a sigh of relief in her heart.

This could be considered as the sun coming out after the rain. The two of them could finally have their wedding peacefully and harmoniously.

Right after Jing Xi finished reading the wedding invitation, a servant came in to report that Ye Xun and Huo Sanyan had arrived.

Speak of the devil. Jing Xi came out to welcome them. She saw Ye Xun holding Huo Sanyan's left hand with his right hand. The two of them walked in with smiles on their faces.

She looked at Ye Xun's left arm again. The empty sleeve was tucked away on the side of the belt. He was missing one arm but not only did it not look ugly, but it instead made him look slightly more imposing.

Ye Xun saw Jing Xi and greeted, "Xiaoxi!"

Huo Sanyan also greeted her.

"Ye Xun, Sanyan. I only just finished reading the wedding invitation. You guys finally came! I've been waiting for you guys! Quickly come in!"

Jing Xi was comforted when she saw how fast Ye Xun was able to pull himself together. She welcomed the two of them into the house.

Ye Xun showed his thanks to Jing Xi as soon as he saw Jing Xi. "Xiaoxi, I have to thank you and Yunshen. If you guys hadn't helped me at that time, I wouldn't be standing here today."

"That's enough. There is no need to keep thanking us. You guys have already set the wedding date but have you guys finished tidying your new house?" Jing Xi asked out of concern.

"We've finished tidying it. Everything is ready, all that is left is one tiny crucial thing."

Huo Sanyan sat down beside Ye Xun. The two of them were so close it was as though they were joined together by glue. There were joyful smiles in their eyes while they were speaking.

“That is good. Have you already chosen the bridesmaids and groomsmen?” Jing Xi asked again.

Huo Sanyan replied, “We are not planning on having bridesmaids and groomsmen. Ye Xun wanted to have a military-style wedding. We might have our wedding on military grounds.”

They had initially planned to have a church wedding but Ye Xun suddenly had a change of ideas. He planned on getting married on the day he received his military honors while at the military building.

“That is quite good. I am looking forward to that day's arrival,” Jing Xi said with a smile, and then said, “Go see the children. They all miss you and have been nagging us about how they want to see you!”

They had all heard uncle Ye Xun won another war and left the enemy bloodied. That's why Ye Xun was a hero like Spiderman in the children's hearts.

After this, Jing Xi brought them to the garden to see the children.

Chapter 1906: Their Real Uncle

“Uncle Treeleaf!” Litter Grape and Little Apple shouted excitedly as they ran towards Ye Xun.

Ye Xun wanted to hug them like he always did, but losing one arm stopped him from doing that.

Little Grape ran into his arm and kept asking him to throw him in the air.

When Little Apple tried to grab Ye Xun's left arm, he found out nothing was inside the sleeve.

“Where's your arm?” Little Apple asked.

Thinking that the question might hurt Ye Xun, Jing Xi tried to change the subject, but Ye Xun explained his situation to the kids himself.

“A bomb took my arm away in the war.” Ye Xun smiled. “I'm sorry, but I can't throw any of you in the air anymore.”

“Then... Does it hurt?” Little Grape asked as he tried to massage where Ye Xun's arm was amputated.

Little Grape also joined his brother and said, “I'm going to invent a machine arm for you when I grow up! Then Uncle Treeleaf can become Superman!”

“Okay! I'll wait for you.” Ye Xun laughed as he patted the little kids' heads.

Ying Bao was also staring at Ye Xun's empty left sleeve. Knowing that he'd lost his arm, Ying Bao was deeply saddened by it.

“Uncle Treeleaf...”

Ye Xun heard a faint sob and turned to see the little girl standing at the door with tears in her eyes.

“My daughter! Come and let me have a good look at you!”

Ying Bao had always been the closest to Ye Xun. Ye Xun felt really bad as he saw her cry.

Ying Bao ran into his hug and cried.

“Come on, I'm still perfectly fine, aren't I?” Ye Xun smiled as he lifted her up. “Look, I can still lift you up.”

“Wait! Let me down!”

Ying Bao didn't want to harm Ye Xun even further since she had gotten heavier than when she was younger.

Ying Bao then sobbed and asked, “Are you really marrying Auntie Sanyan this time?”

“Of course I am! I'm 100% sure of it!”

“Then, you'll be our uncle for real this time!”

“Yes!”

“Wait, does a man have to lose one arm to become someone else's uncle?”

“What? Who told you that?”

“The wuxia novel that Uncle Jin Yong wrote!”

Everyone couldn't help but laugh when they heard Ying Bao referencing Jin Yong's *The Return of the Condor Heroes*.

In the story, the main protagonist, Yang Guo, had to go through twists and turns, even losing an arm to be with the one he loved.

Ye Xun and Huo Sanyan also had a similar story. They finally got together, not before going through a lot of setbacks.

It showed them that obstacles will always be present to reach true love. Happiness was not something that could be achieved easily.

And that was what made happiness precious.

Both Ye Xun and Huo Sanyan stayed at the palace for lunch before heading off to Bai Yanchuan's mansion.

Ning Luoxiao had been staying in the mansion for quite some time. Yet, when they arrived, Ning Luoxiao was the only one at home, and Bai Yanchuan was nowhere to be found.

Chapter 1907: Have Such Strong Resistance

Ning Luoxiao saw that Ye Xun's arm had been amputated and felt sad in her heart. “I was just about to go visit you guys after I got the news but you guys already came.”

“Thank you for your concern. I'm fine, so you can relax!” Ye Xun said while laughing slightly.

After Huo Sanyan entered the house, she said, “We were coming from the palace and it was on the way. Where's Yanchuan? He isn't home?”

A lonely expression appeared on Ning Luoxiao's face. "You ask me where he is, but to be honest, I really don't know where he is. Although I've become his wife, at most, I am just a decoration for him. Ever since we got married, I don't know his whereabouts. He rarely comes back here."

Huo Sanyan frowned when she heard her. "This Bai Yanchuan is unbelievable. How can he just leave a pregnant woman like you at home? He really is too much! I will definitely give him a lecture when I see him again!"

"Sigh. Don't do that. Otherwise, he will definitely think I am a schemer again." Ning Luoxiao sighed.

"What do you mean schemer. I was the one who planned it. Sigh, I never thought it would turn out like this."

Back then, Huo Sanyan only hoped to help Ning Luoxiao get married to Bai Yanchuan. However, she didn't consider other factors. If she had known Bai Yanchuan would have such strong resistance, perhaps she wouldn't have played matchmaker for them.

Right now, Ning Luoxiao had to stay in an empty room by herself while pregnant. How could this be a good thing?

"Sigh, we should stop talking about me. I'm already used to living by myself. How about you guys? Have you set the date for the wedding yet?" Ning Luoxiao asked, showing her concern for them.

"Yeah, we've already set the date. We wanted to give you the wedding invitation while we were here today. I hope you can attend our wedding with Bai Yanchuan when the time comes."

Huo Sanyan gave her the wedding invitation. After Ning Luoxiao took it, she said, "You can rest assured I will definitely notify him. We will attend your wedding on time when it comes."

After she gave her the wedding invitation and had a chat, Huo Sanyan and Ye Xun left 'Above The Waves' and went back to the Ye Residence together.

The two of them already planned to seize the moment and go take their wedding photos the next morning.

At night, after they bathed, the two of them had an early rest and went to bed. Huo Sanyan nestled herself in Ye Xun's embrace and chatted with him.

Huo Sanyan remembered the Cute Little Angel Ye Xun previously "married" in The Royal Alliance. She asked, sounding sour, "Who was that angel?"

"What angel?"

"The one in the game who you married."

Huo Sanyan asked Ning Luoxiao before and she said it wasn't her. She didn't play video games.

Who could that angel be?"

Ye Xun couldn't help but laugh. "You can't get mad if I tell you."

"Okay, tell me!"

“It was Xiaoxi. She helped to think up the idea for me. She said to create a fake enemy to provoke you and to make you jealous. The Cute Little Angel was an account Xiaoxi registered.”

After Ye Xun finished speaking, he pursed his lips and looked at her. After Huo Sanyan understood what happened, she was so angry that she punched his chest with her small fist.

Ye Xun pretended to be in pain and let out an “oww.” Huo Sanyan then panicked and helped him massage it. Before she could even massage him for long, he grabbed her hands, holding them in the palm of his hand.

Huo Sanyan cast a glance at him and said coquettishly, “Only Jing Xi could be that smart! But you are also so bad! You caused me to become so angry back then!”

“Getting angry means you cared about me! Although our method was a bit inappropriate, I do not regret it,” Ye Xun said.

“Yeah. We also need to thank Jing Xi. If it wasn't for her, I wouldn't have known how much I love you.”

Huo Sanyan placed her face on his chest and listened to his strong and powerful heartbeat and felt very safe.

Ye Xun lowered his head to look at her delicate face. He couldn't help but want to press down to ask for some love. Huo Sanyan promptly stopped him. “Hey! I already said we can't!”

“Sigh. I can only look and can't taste it. Are you planning on starving me to death?” Ye Xun asked, feeling aggrieved.

Chapter 1908: Gifts

“Seriously, can't you think of anything other than that?” Huo Sanyan asked.

“Like what?” Ye Xun asked back.

“Like the kid's name?”

“You're right! We do have to think of that! Let's think of two names for each gender! What should we name our baby if it's a boy?”

Ye Xun started to rummage through his vocabulary, and Huo Sanyan joined him.

“Well, how about Ye Wen?” Huo Sanyan suggested. [1]

“You do know that's the name of a legendary master, right? We can't use that!”

“Then... Sicong?”

“No, that's too vulgar!”

“Hell! Do you have any idea then?”

Ye Xun couldn't come up with any good idea either but thought of some other ways.

“Why don't we ask everyone to help us think of one in the group chat?”

“That's a great idea! Lemme ask them!”

Huo Sanyan quickly unlocked her phone and pulled up the chatting app.

[Three-Eyed Monster]: [Notice] Guys! I'm looking for names for our baby. We need two for both boys and girls. Any ideas?

Wan Dou was the first to reply.

[Lady Wandou]: What? You're pregnant? Twins?

Huo Sanyan laughed at Wan Dou's reply. Since she hadn't done the actual ultrasound yet, there was no way for them to know if she had twins or not.

[Three-Eyed Monster]: No, we aren't sure yet.

[Lady Wandou]: Ye Qiu and Ye Feng?

[Qianqian QueGe]: Ye Lin. [2]

[Dongxie Xidu]: Ye Lüsü.

[Qianqian Quege]: Are you here just to make jokes? @Dongxie Xidu

[Dongxie Xidu]: Yep!

[Shenlan Shuiqian]: Ye Manman, Ye Duoduo.

[Dongxie Xidu]: Wait, so the wedding's soon, right?

[Qiufeng Shao Luoye]: (Voice Message) 18”

Ye Xun wanted to join the chat, but because typing with one arm was a challenge, he decided to send a voice message instead.

[Three-Eyed Monster]: Soon. We've just sent out the invitations. Oh! Don't forget about the gifts!

The group was supposed to help the couple to think of names for their baby, but they started to talk about the wedding in the end.

Huo Sanyan let them know the actual date first so that they could get ready for it.

They talked in the group chat until late at night. Huo Sanyan woke up naturally the next day and realized Ye Xun was not in bed.

She wondered where he'd gone.

The first thing Huo Sanyan did when she woke up every day was to find where Ye Xun was. Seeing him was the only thing that could calm her heart down.

She didn't even clean herself and went downstairs. Hearing sounds coming from the kitchen, she went in and saw her man cooking.

“Ye Gongzi?”

Ye Xun turned around and smiled at her.

“You're awake?”

Huo Sanyan went in and saw he was making breakfast. He was frying a heart-shaped egg in the pan.

“Didn't I tell you to let the maids do the cooking?” Huo Sanyan scolded.

She was worried that he might hurt himself.

Chapter 1909: Ill-Suited For The Kitchen

“It's fine. I am still able to make a simple breakfast.”

Ye Xun kissed her on the cheek and said, “I just hope that you will be able to eat breakfast I personally make for you every day in the future.”

“But that will be too hard for you. I should be the one to do it. I already learned some culinary skills. If you don't believe me, just let me try.”

Huo Sanyan insisted on taking over his spatula and wanted to help him flip the fried egg. However, the spatula instantly turned into an instrument for torture when it was in her hand. Within moments, she turned the beautiful fried egg into a smashed up egg.

“Ahhh! My heart!” Ye Xun played along and acted out a scene of heartbreak.

Huo Sanyan showed an expression of embarrassment. She turned her head and apologized. “I'm sorry, I made a mistake just now. Let me try fry another one. Check this out!”

Huo Sanyan cracked open another egg. Unfortunately, she had another slip of the hand.

Just as the egg cracked open, the egg whites had already spilled out on the tile countertop and pan.

How could the egg retain its shape when it entered the pan?

Huo Sanyan really had to admit she was simply ill-suited for the kitchen!

Huo Sanyan was discouraged when she saw that she'd made a mess in the kitchen. “Prince Ye, I think it is better if you do it! I don't seem to be in the right state today! I haven't found my inspiration yet!”

Ye Xun snickered. Couldn't she just admit she didn't know how to do it? Why did she try to find so many excuses?

“Let's do it together. I will cook and you watch.”

“Okay.”

And just like this, with Huo Sanyan standing in Ye Xun's embrace and Ye Xun placing his chin on her head, he started frying an egg skillfully with one hand.

He made two beautiful heart-shaped fried eggs and placed them on the breakfast plate. Huo Sanyan was incredibly impressed. “My Prince Ye is really the most handsome and awesome! You can even make fried eggs look so beautiful!”

“You have the sweetest mouth!” Ye Xun gave her another kiss on her face and said, “Quickly go wash up and come down to eat after you are done. We will go take our wedding photos after we eat.”

“Okay!”

Huo Sanyan ran happily out of the kitchen. Ye Xun saw her skipping out and had no choice but to chase after her to remind her, “Hey! Walk slower! Don't run! Be careful of the baby!”

“Oh...” Huo Sanyan hadn't gotten used to being a mother. If he didn't remind her, she would have completely forgotten about the pregnancy.

She slowed down right now and walked slowly. So slowly, so slowly, walking slowly... She was so slow that it felt like she was moving in slow-motion.

Ye Xun facepalmed. “Sigh, I didn't ask you to be a sloth! Just be normal.”

“I know! I'm just joking with you!”

Huo Sanyan went back to normal again and happily went upstairs.

Not long after, she finished tidying herself up and appeared prettily in front of Ye Xun. Ye Xun also already finished making breakfast and placed it on the table. He handed the heated milk to her when she arrived.

Huo Sanyan saw that there were many varieties of food placed in front of her. The amount was several times more than what she usually ate. She asked, feeling shocked, “Are all of these for me only?”

“No, it is for both you and the baby.”

“But I can't eat this much!”

“You have to eat more for the baby to be healthy. These are the foods that best compliment each other. They will provide comprehensive nutrition for the pregnancy.”

Ye Xun spoke very logically as if he was a dietician.

“I will definitely turn into a pig if I eat like this every day. What will happen to my weight loss plan?” Huo Sanyan really wanted to maintain her nice, slim figure.

“You will also be cute if you turn into a pig!” Ye Xun pinched the meat on her face and said, coddling her, “From today onwards, I will be in charge of all your life. Your weight loss plan has been canceled!”

Chapter 1910: Wedding Photos

The way Ye Xun warned her sounded like when he always ordered the army.

Huo Sanyan quickly saluted and replied, “Yes, Commander!”

Huo Sanyan then smiled and took a bite of the sunny side up.

They then left after breakfast.

Since Ye Xun couldn't drive and wouldn't let Huo Sanyan drive, they got their driver to drive them out.

They'd already made bookings with the bridal shop and a photography studio to help take their wedding photos.

After making a few arrangements, the stylist started to help Huo Sanyan put her makeup on, and she chose her first outfit.

They both changed, and when they came out, they were both shocked by how good they looked.

Even with one less arm, Ye Xun looked dashing enough in his tuxedo for others to ignore that.

As for Huo Sanyan, she looked amazingly beautiful in her white dress.

The dress was decorated with embroideries and small diamonds. She looked like a goddess standing on a cloud.

Even though it wasn't the dress that she would be wearing during the wedding, it still suited her perfectly.

They then went into the studio and started to pose, according to the photographer.

When the photographer asked if it would be better for Ye Xun to turn and hide his lost arm, Ye Xun shook his head.

He said that there was no need to hide the fact that he was incomplete. He chose to face the camera confidently.

The way Ye Xun and Huo Sanyan interacted with each other, the way they smiled at each other...it made everyone present feel the happiness within them.

They then changed into traditional Chinese attire after that.

They took four sets of photos in total before Ye Xun asked, "Are you tired?"

"A little, but I can still go on," Huo Sanyan answered.

"No, that's fine. Let's find another date to take outdoor photos."

The outdoor photos were set to be taken on Lin Island two days later.

The snow on the island was gone, revealing the beautiful scenery there.

It was the best spot for outdoor photography.

After finishing the shoot, Ye Xun and Huo Sanyan went to visit Huo Yunshen's master, Qi Zhengming, too. Qi Zhengming was one of the people who had profoundly helped Huo Yunshen to rebuild the country.

But after the country was rebuilt, Qi Zhengming left all of his glories behind. He led a hermit life on Lin Island, focusing on his inventions every day.

Qi Zhengming was surprised when Ye Xun visited.

Even though he led a secluded life, that didn't mean he was ignorant of what was going on outside.

He knew that Fei Country had surrendered and promised to not invade the Dragon Kingdom ever again.

He also knew about Ye Xun's arm.

“You're here just in time!” Qi Zhengming exclaimed. “Here, I have something to show you!”

Qi Zhengming had prepared a present for Ye Xun's wedding.

He took Ye Xun and Huo Sanyan into his laboratory and showed them one of his newest inventions.

It was an artificially intelligent prosthetic limb.

Ye Xun was confused when he saw the mechanical arm, wondering if Qi Zhengming was thinking of putting one on him.
