

Priceless Baby 1941

Chapter 1941: But She Experienced It Today

Xiao Yuqian knew what kind of situation she was in. She only just got out of a bad relationship with Li Muhao and she was still covered in wounds. She really didn't want to have a relationship or get involved with anyone.

The man in front of her was too young. He looked even younger than her and seemed to be very frivolous. The two of them were from completely different worlds and nothing should happen between them again.

“Is that so?”

Ma Haodong only asked a question back at her. He then stepped down heavily on the gas pedal. With the sound of a boom, he drove the sports car out.

Young, wild, and unruly. These were attributes that showed themselves clearly in Ma Haodong. Xiao Yuqian felt like she was about to be thrown out as she sat in his car.

When the car arrived at their destination, she was still completely in a frightened and confused state. Her stomach was churning and she was gasping heavily for breath.

She had never sat in a car of someone who would drive so fast, as if they didn't value their lives, but she experienced it today.

“Bag...vomit...”

She initially wanted to grab her bag but she couldn't hold it in and she threw up directly on him.

The inside of the sports car was quickly filled with the unpleasant smell of vomit. Ma Haodong's expression froze. Lady! This was his most beloved sports car!

The sports car couldn't be driven anymore and Ma Haodong parked it beside the road. He got out and called someone to come and tow the car away.

Xiao Yuqian got out of the car and saw that his expensive jacket was already covered with so much of her vomit that it was unrecognizable. She felt extremely apologetic and said, “I'm sorry. I didn't do it on purpose.”

It was his fault for driving so fast. That's why it caused her to vomit all over.

Ma Haodong had a cold expression and he didn't say anything. He took off the jacket and threw it into the trash can straight away. He then threw her bag to her. “You can go now! Don't let me see you again!”

He would always be so unlucky when he ran into this woman!

She kicked him in the nuts the last time and vomited all over his body this time. This was just terrible!

Xiao Yuqian felt as though she had been forgiven of a great crime. She caught her bag and quickly disappeared from his sight.

She called a taxi home. When Xiao Lan saw she was back, she walked behind her and asked, "What is going on, Qianqian? Weren't you going to meet President Li last night? Why did he send someone here to look for you? Moreover, they even said they would give you three days to go see him on your own. And that if you don't go, he would buy the business over straight away."

It seemed Li Dacheng still hadn't given up and gave her another three days grace period. Whether or not a miracle would appear in these three days all depended on her.

"I understand."

Xiao Yuqian gave a simple answer and dragged her tired body upstairs.

"Hey, what do you mean you understand? He only gave three days. Don't forget! Your father and the Xiao business are all counting on you alone."

Xiao Yuqian suddenly stopped when she heard this. She turned around to look at Xiao Lan and said, "Auntie, why only count on me? Aren't you and Yuxin also humans? You guys have eaten and lived in the Xiao family house and now when the family is in trouble, you guys should also put in some effort, right?!"

They took advantage when there were benefits to be had but when trouble came, they became stingy.

This auntie Xiao Lan was someone who only knew how to work for appearance's sake.

When Xiao Lan heard what she said, she immediately had an awkward expression on her face.

"Qianqian, about what you said. Would I not help if I had the ability? However, you guys know that I've been staying in the Xiao family house all this while. I don't have a job or friends. Where can I find the money to help?"

"Don't you still have cousin Yuxin? She debuted as a child star and acted in many films throughout all these years. She probably earned quite a bit of money, right!? If you are willing, you can use it to help. If the business can be saved, the money will be returned to you, not one cent less. Our family will also be forever grateful to you guys."

Chapter 1942: Left With No Choice

Xiao Yuqian finished with what she wanted to say and looked at Xiao Lan.

"What money? The pay she got from all that acting was only enough to cover her tuition fees."

Xiao Lan's reaction was what Xiao Yuqian had expected.

"If you can't help, then stay quiet." Xiao Yuqian sighed. "Just let me take care of it."

Xiao Yuqian then turned and went back to her room.

She leaned against her door and closed her eyes. She was tired of what had been happening for the past few days.

She only had three days left. She couldn't think of anyone that could help her anymore.

Xiao Yuqian went and took a shower to remove all the stench that the man had left on her.

She looked at herself in the mirror. The bruises that covered her body reminded her of the night she spent with Ma Haodong.

She quickly closed her eyes and shook her head, trying to dismiss the thought. After refreshing herself, Xiao Yuqian drove to Huayin Entertainment.

Even though her family business was in jeopardy, she still had to work. If things really went sideways in the end, at least she still had a job.

The moment she returned to her office, her phone rang. It was from her brother, Xiao Yuche, asking about the situation.

"Everything is fine," Xiao Yuqian replied. "I've already found a way. Just focus on your studies... Yes, someone is taking care of dad at the hospital. Don't worry about it... Yeah, bye."

Xiao Yuqian hung up the call and sighed. She lied to her brother because she didn't want him, still being in college, to worry.

The truth was that she was out of options.

Xiao Yuqian took a deep breath to calm herself down and turned her computer on.

News popped up on the screen as soon as the computer was on. It was news about Ma Group's president, Ma Hangcheng. The name reminded Xiao Yuqian of her mother, Tang Qingyuan.

She'd taken a peek at her mother's diary in the past and learned that Tang Qingyuan had a relationship with Ma Hangcheng when they were younger. Ma Hangcheng was Tang Qingyuan's first love. The diary mentioned that they were deeply in love with each other, but circumstances kept them apart.

Xiao Yuqian then had a bold idea.

She wondered if she could ask Ma Hangcheng for help if he knew she was Tang Qingyuan's daughter.

Xiao Yuqian picked her phone up and called Ma Group. She then informed the secretary who picked the phone up that she wanted a meeting with Ma Hangcheng, using her mother's name.

As Xiao Yuqian had expected, she got a call back an hour later. The secretary told her to meet Ma Hangcheng at a hotel and gave her a room number.

Xiao Yuqian quickly took leave from her job and drove to the hotel.

She told the reception of her name, and they gave her a key card.

She went to the room that she was told and used the key card to get into the empty room.

She waited for an hour, and no one came.

Two hours passed, and she was still alone.

Three, then four hours passed. Xiao Yuqian was already tired, and her eyes were closing when the door opened.

Chapter 1943: It Was As She Guessed

Xiao Yuqian woke up in shock, immediately stood up, and got ready to greet him.

However, when she saw clearly who it was that came, she was completely dumbfounded. He...wasn't he that fella who she had relations with?

Why was he the person who came instead of Ma Hangcheng?

Xiao Yuqian recalled Ma Hangcheng's face in her mind at this moment and took another closer look at the face of the man in front of her. She actually felt he looked slightly similar to Ma Hangcheng, just that he was much younger than Ma Hangcheng.

When Xiao Yuqian figured out a certain possibility, she froze up like a stone!

"You... Why is it you again?"

"I didn't think we would meet again so soon."

Ma Haodong had both his hands in his pockets and used his leg to open the bedroom door. He walked in and came in front of her, his gaze fixed steadily on her.

"You... who exactly are you?"

Xiao Yuqian really wanted to confirm his identity. She wanted to see if he was who she guessed he was.

Ma Haodong walked past her towards the sofa. He sat down, crossed his legs, and asked, "Why did you come to meet my father?"

His father?

Ah! It really was as she guessed!

Ma Hangcheng was actually his father. No wonder his countenance looked so similar to Ma Hangcheng's.

If he really was Ma Hangcheng's son, then wouldn't he be the young master Ma Haodong who was infamous in the rich families and social circles of Peijing?

She heard he was ignorant, incompetent, dissolute, and spent every day hanging out with a group of youths who were into sports cars. He was a classic playboy.

Moreover, there wasn't anyone who dared to provoke this rich young man in all of Peijing. This was because he behaved very arrogantly and he behaved in a way that disregarded normal behavior. Moreover, he also had his father as support. That's why the impression he gave everyone was that he was crazy and fierce.

Xiao Yuqian felt unwell all over when she learned of his identity. How did she get tangled up with a rich kid who didn't do proper work?

How was she supposed to face Ma Hangcheng now?

"You are actually Ma Hangcheng's son? You are Ma Haodong?" Xiao Yuqian came to the conclusion and spoke calmly.

Ma Haodong's lips moved up into a light smile. "Finally figured out who I am?"

"What are you planning to do?" After Xiao Yuqian figured out his identity, she started to suspect whether he had any ulterior motive for getting close to her.

"I should be asking you that. Why did you come to see my father by using your mother's name? Could it be that you came to become his wife in order to save the Xiao business?"

Ma Haodong's words were incisive. At this moment, his sharp eyebrows gave off a feeling of nobility, further reinforcing his cold and threatening aura.

If it weren't for the fact he knew about her or that he heard the secretary's report at his father's office, he wouldn't have known she had come to see his father using her mother's name.

That's how he could pull off a switcheroo. He pretended to be his father and came to this appointment while his father was in another room waiting for Tang Qingyuan.

"No, you think too much. I didn't have that intention at all," Xiao Yuqian explained frantically.

"That's good. I admit you are very beautiful but you are too young to be my stepmom," Ma Haodong said sarcastically, snorting quietly.

"Mister Ma, you really misunderstood. I want to meet Director Ma to discuss some things. I don't have any other intentions."

"However, don't you think that you, a woman, coming alone to meet a man is a dangerous thing?"

When Ma Haodong said this, he'd already gotten up from the sofa and was walking towards her.

The pressure got stronger and stronger and Xiao Yuqian kept on walking backward until she hit the wall. He put his arms over her and trapped her in between him and the wall.

Chapter 1944: My Kiss

The man was looking at Xiao Yuqian with his unpredictable stare as if he wanted to peek at all of her secrets.

Xiao Yuqian started to breathe slowly as she lay against the wall.

Ma Haodong extended his arm and raised Xiao Yuqian's chin. Her red and wet lips were tempting him to eat them.

Ma Haodong could not control himself and kissed her.

Xiao Yuqian's lips were suddenly sealed, taking away her means of breathing. She tried to push him away but realized he was too strong for her.

She could feel the man's muscular chest pushing on her as she was being consumed by him.

When she'd had sex with Ma Haodong a few nights before, it was because of the drug. She did not remember what it felt like to be loved by him.

But now, she could feel everything. The torrent of kisses from the man was too much for her to handle, so much that she was afraid of it. Yet, even though it scared her, she couldn't resist it.

Ma Haodong grabbed Xiao Yuqian's waist. His cold fingers sent a chill down Xiao Yuqian's spine and woke her up.

What am I doing?

“Let me go!”

Xiao Yuqian pushed Ma Haodong away with all her might.

Ma Haodong took a few steps back and stared at Xiao Yuqian.

“What? You looked like you were enjoying it. Do you like my kiss?” Ma Haodong smirked.

“If Mr. Ma is not coming, then I'm leaving!” Xiao Yuqian scolded and quickly changed the topic.

“Why don't you become my woman?” Ma Haodong suggested, not even trying to stop her. “I can give you whatever my father can.”

Ma Haodong still thought that Xiao Yuqian was that kind of woman.

Xiao Yuqian did not stop and wasn't even going to consider his suggestion.

Ma Haodong was a boy to her, someone that was as young as her little brother was.

“That's funny. Talk to me when all your hair is fully grown down there! You're still a brat.” Xiao Yuqian insulted him and left.

The door slammed shut, leaving Ma Haodong standing there. He touched his chin and thought of what Xiao Yuqian had said.

So, she means she will date me once my hair there is fully grown? Do women like men with a lot of hair?

Xiao Yuqian quickly left the hotel, not planning to meet with Ma Haodong ever again.

While on her way back, she got a call, and she put her Bluetooth earbuds in.

“Hello?”

“Sis... Help...” Xiao Yuche's voice came from the other side of the phone.

“Xiaoche? What's wrong? Where are you?”

Xiao Yuqian could hear her brother's painful moan coming from the other side of the phone regularly.

“Xiaoche?”

Xiao Yuqian quickly stopped her car by the roadside. She could hear her brother being beaten.

She kept shouting her brother's name until someone picked the phone up.

“Miss Xiao? Your brother is here with Mr. Li, don't worry.” The stranger laughed.

“What do you want? Let him go!” Xiao Yuqian roared.

“Mr. Li is not a patient man. You have one hour! Get here if you want to see your brother ever again.”

Chapter 1945: Heart Tightened Up

“That can't be! Wait! Didn't President Li say he would give me another three days? Not even one day has passed.”

“It is however long our President Li says it is. If you want your brother to live, then come quickly and stop speaking nonsense!” he said fiercely.

Xiao Yuqian's heart tightened up. The person she was most worried about was her brother Xiao Che, so she had no choice but to give in. “Okay, tell me...where are you guys?”

After Xiao Yuqian hung up, she rushed back to the resort hotel once again. She had to go back to that same old place.

She pushed open the door of the booked room. What entered her sight was two guys pressing Xiao Che's head down on the ground.

“Xiao Che! I'm already here. Quickly let go of him!”

“Sis... I'm fine...”

Xiao Yuche was on the floor and he spoke with difficulty.

Xiao Yuqian saw her little brother had been beaten up to the point he had a black eye, and her heart was in pain. Her tears kept falling down.

She saw the man sitting on the sofa at the side and she begged, “President Li, please let my brother go, okay? I will do anything you want!”

“You almost broke my head the last time. However, I won't be angry with you. Since you are willing to come to see me, I will let this brat go.”

Li Dacheng waved his hand to ask them to let Xiao Yuche go.

Once Xiao Yuche was free, Xiao Yuqian quickly went to help him up. “Xiao Che, are you okay...”

“Sis, I'm fine.” Xiao Yuqiao forced himself to show a smile to comfort his sister. In actuality, the beatings were very severe and he was beaten within half an inch of his life.

“Quickly leave this place! Go quickly!” Xiao Yuqiao asked him to leave.

Xiao Yuche was not willing. “Sis, I can't leave you here alone... I want to protect you...”

He couldn't even save himself, how could he protect her?

“Listen to your sister and quickly go back. I will be fine. President Li won't hurt me.”

Xiao Yuqian tried to coax him and pushed Xiao Yuche out of the room. However, when she tried to get out, she was stopped.

The bodyguards expelled Xiao Yuche out of the hotel. At the entrance of the room, Xiao Yuqian had no choice but to turn around and face Li Dacheng.

"I'm sorry, President Li. I didn't do it intentionally the last time. I ask for your forgiveness."

As the saying goes, when you are under the eaves of a low house, you have to bend your head. Xiao Yuqian had no other choice but to apologize to him.

"I am a very easy person to talk to. I accept your apology but you need to show your sincerity. Drink the alcohol on the table and come over to serve me. I will forget about the previous incident immediately."

Li Dacheng brought up his conditions. Xiao Yuqian looked at the alcohol on the table. She knew that the drink was definitely drugged with the same kind of drug she drank the last time.

She didn't want to drink it. If she drank it, when the effect of the drug kicked in, she didn't know what she would turn into!

Li Dacheng could tell what she was thinking and knew she had no sincerity at all. He waved his hand to ask the bodyguards to come. "Miss Xiao doesn't want to drink it. Don't you guys know how to serve her?"

The bodyguards came over to hold Xiao Yuqian, opened her mouth, and started to force her to drink it.

Xiao Yuqian struggled but much of it still ended up in her stomach and she started to feel a burning sensation in her stomach again.

The bodyguards dragged her beside Li Dacheng. He grabbed her hair and forced her to look at him.

Suddenly, he fiercely slapped her two times. Showing his ferocious appearance, he scolded, "You dirty bitch. Do you dare to play tricks on me?! Who do you think you are? You are in my hands today. Just you wait and see what I will do to you!"

He stopped speaking and pushed Xiao Yuqian down on the sofa straight away. She struggled and wanted to escape but he pulled her back.

His fat body pressed down on her. Xiao Yuqian felt as though a big iron block was pressing down on her. It was so heavy that she couldn't breathe.

Chapter 1946: It's Him

Li Dacheng finally got his hands on the beauty. He tore Xiao Yuqian's shirt impatiently and started to lick her pale skin.

Xiao Yuqian closed her eyes in pain. She was helpless.

Not only could she not save her family, but she also had to give up her body to a pig.

Just as she thought all hope was lost, the door was kicked open. The guards that were outside were thrown into the room and crashed into the table.

Surprised by the commotion, Li Dacheng raised his head and saw a man in a black windbreaker standing at the door.

Li Dacheng did not recognize who the man was, but it was clear that the man was there to spoil his plan.

“What are you doing? Get him!” Li Dacheng roared at his guards.

The guards rushed towards the man, but he wasn't intimidated. He put on his brass knuckles and started to punch every guard that got near him in the stomach.

In just a few seconds, all eight guards were put down by the man.

Li Dacheng saw that the man was approaching him and started to back away.

“Please! Don't hurt me! I'll give you anything you want!”

Yet, no matter how Li Dacheng pleaded, the man pulled him up and hit him in the face.

Li Dacheng yelled in pain as he crashed into the table.

The man then sat on the fat guy and started to rain punches on his face.

Xiao Yuqian was still recovering from the shock. She never thought that the person who would appear like a knight in shining armor would be him.

He was the reincarnation of both an angel and demon. He was Ma Haodong.

Ma Haodong was the same as the rumors had said about him. He was ruthless.

He would hit someone until they were on the verge of death and let him live.

Li Dacheng was unlucky that he got on Ma Haodong's bad side. Ma Haodong took a bottle up and smashed it. He then used the sharp part and stabbed it into LI Dacheng's banana.

That was his warning. Do not touch my woman!

Li Dacheng let out a painful scream and fainted.

Ma Haodong threw the bottle away and stood up. He turned to look at the woman on the couch.

She was still stunned. Her shirt was a mess.

“What are you doing? Come on,” Ma Haodong said as he frowned.

Xiao Yuqian struggled to get up from the couch. But her legs were still shaking and she couldn't stand still.

Seeing that she was falling, Ma Haodong jumped forward to grab her by her waist.

Ma Haodong could smell alcohol coming from Xiao Yuqian and realized her clothes were soaked in wine as well.

“He forced you to drink?”

Xiao Yuqian nodded.

She had no idea why at that moment, she actually wanted to cry in the man's arms.

Chapter 1947: Beg Me To Help You!

He felt that her body temperature was a bit high and he asked mischievously and on purpose, "It couldn't be the drug taking effect?"

She didn't make a sound but she was indeed drugged. Moreover, the drug was very strong this time. Right now, the effect of the drug seemed to be starting. With her body touching his, she basically instinctively wrapped herself around him.

"Do you want me to take you away?"

She buried her head and still didn't speak.

"Do you want me to or not?" he asked again.

Xiao Yuqian had no choice but to accept her fate and nod. She just so happened to need a man right now and he just happened to be here. She remembered she already took advantage of him once, it wouldn't matter if it happened again.

"Then beg me to take you away!" The man's tone was slightly proud.

Why was this damn man so long-winded?

Xiao Yuqian was at her wit's end. The drug in her body started to attack her and her head also started to get dizzier and dizzier. If he didn't take her away, she wouldn't be able to control what happened after.

"I beg you... take me away..."

"Okay. It is my fault for being so kind-hearted. When I help someone, I help them all the way!"

Ma Haodong finally smiled in satisfaction and brought her back straightaway without distraction to the presidential suite they went to previously.

After they went inside the room, he put her on the bed. Xiao Yuqian felt unbearable and tore off her clothes. Her vision also became increasingly blurry.

Her watery eyes were filled with sparkling radiance. She looked like a mermaid that was about to run out of air, fluttering her beautiful body.

"Does it feel unbearable? Do you want a man to love you?"

Ma Haodong knelt down on one knee beside the bed and looked at her from above.

Xiao Yuqian couldn't take it anymore. It felt as though there were thousands of ants nibbling at her heart. When she felt he was near, her hands involuntarily reached out to him.

"Help me... it feels unbearable..."

"Beg me to help you!"

"I beg you to please... take me..." She was in such a dizzy state that even she wasn't sure what she was saying.

"You are the one who is begging me so don't say I took advantage of you later!"

Ma Haodong took off his windbreaker jacket and threw it to the side. He sighed, "Sigh... I am really too kind!"

He'd already gotten up when he stopped speaking. "Good girl. Let me satisfy you thoroughly right now."

And just like that, the two of them became entangled together, their young bodies mutually attracting each other, mutually demanding from each other, not knowing tiredness.

When Xiao Yuqian woke up, it wasn't much different from the previous time. When she opened her eyes, it felt as though she was dreaming, as if yesterday happened again. Why was she lying here again?

She turned her head and saw the man in a deep sleep. She didn't panic this time. Instead, she just examined him quietly.

He wasn't only attractive when he was awake but also as attractive when he was asleep. He really had naturally beautiful skin.

Xiao Yuqian's feelings towards Ma Haodong right now were very complicated. She hated her in her heart but also felt thankful.

She knew clearly in her heart she really couldn't continue to get tangled up with him. Since she said they would not get involved with each other, she would have to do it clearly.

She took advantage of him not waking up and quickly dragged her sore body out of bed and put on her clothes.

After Xiao Yuqian put on her clothes, just as she was about to quietly leave, the man's voice sounded out faintly. "Leaving so soon?"

Xiao Yuqian stopped her in her tracks and didn't look back.

"We are already even for what happened last time but you still owe me for saving you this time. I am your savior; is this how you repay your savior?"

Xiao Yuqian turned around and asked, "Then what do you want to do?"

"Be my woman in the future. Come when I call you." He showed half of his alluring face, the corner of his lips nudged up, looking extremely handsome.

"In your dreams!"

He actually wanted her to become his long-term meal ticket?

Xiao Yuqiao rejected him straight away without even needing to think about it.

Chapter 1948: Real Intention

"I have a video of us doing it, wanna see?" Ma Haodong smirked.

"What?"

Xiao Yuqian had no idea when he'd taken a video of them.

Ma Haodong pressed the play button, and Xiao Yuqian could hear her satisfied moans from the video.

Embarrassed by it, Xiao Yuqian tried to snatch the phone away.

But Ma Haodong raised the phone high in the air and just stared at her. Xiao Yuqian also stared back. They just keep looking at each other as if time had stopped.

It wasn't until the moans got louder that Xiao Yuqian finally came back to her senses.

“You pervert!”

“What? I saved you so many times, and that's how you repay me? Calling me a pervert?”

“I'm just stating the truth!”

“Hey! I didn't force you, you know? You were the one who was in the lead, and you even took away my first time.”

Xiao Yuqian could feel her face burning up.

“But... But, you can't take videos of that... Please delete it...,” Xiao Yuqian muttered as the video was still playing.

“Why? I don't see anything wrong with it. Look at how hard you were riding me. Also, this is a good reference video for the future too.”

“You... You are evil!”

“You do know that's not how you talked to me when we did it, right? What? Are you planning not to take responsibility?”

“Go away!”

“Oh, babe, I'm not going anywhere without you.”

Ma Haodong pushed Xiao Yuqian down, and they did it again. It was then that Xiao Yuqian kept thinking she'd met the world's biggest pervert ever.

After Ma Haodong was satisfied, Xiao Yuqian kept staring at him until he deleted the video.

“Give me your phone,” Ma Haodong then said.

“Why?”

“I'm going to record my number in it. What if you get kidnapped again?”

Even though Ma Haodong was younger than Xiao Yuqian, he kept acting like he was the older one.

When Xiao Yuqian got her phone back, she was confused as to what magic Ma Haodong had played on her phone as his name was the first in her contacts.

Xiao Yuqian always had a question in her mind. She kept wondering if Ma Haodong's appearance had been a coincidence or an arranged one.

“Ma Haodong, why do I keep running into you?”

Xiao Yuqian mustered all her courage and asked this.

Ma Haodong looked at her and asked in a severe tone, "Do you believe in fate?"

"..." Xiao Yuqian had no idea how to reply to his question. It always seemed like their meeting was a well-elaborated plan.

She could never guess his real intention, but he didn't seem like he was lying either.

Chapter 1949: Didn't Let Her Touch It

Ma Haodong stayed behind to take a nap and Xiao Yuqian left the hotel.

She didn't know what the situation was with Li Dacheng but she wasn't able to worry about it right now. She needed to quickly go check up on her brother.

Before she got in the car, she checked her phone for messages and missed calls. She realized they were mostly calls from Xiao Yuche so she gave her brother a call first.

"Sis! Where are you? How is it right now?" Xiao Yuche's anxious voice transmitted through the phone.

"I am fine. I'm at my friend's place and I'm about to head back. Where are you?"

"I'm here with dad at the hospital. Last night, I called my friends to go save you but you guys had already left by then. I couldn't find you and I was worried about you until now. I was going to report it to the police if I didn't get any news from you."

"Don't worry. It's fine now. How are your injuries?"

"They've all been taken care of. Sis, you need to come to the hospital. The head doctor said they require a family's signature for a document and you need to sign it."

"Okay, I understand. I will be there soon."

After Xiao Yuqian hung up the phone, she drove to the hospital straight away.

Inside the patient's ward at the hospital, Xiao Yuqian saw her unconscious dad and her brother Xiao Yuche, who was beside him.

"Sis, you finally came! Did that fat bastard bully you?"

Xiao Yuche got up to greet her when he saw her come and also asked about her condition with concern.

Last night, he brought people back after he left. However, he only saw the workers tidying up the room. President Li was gone and he also didn't know where his sister had gone.

He was very worried that she might've been taken away by Li Dacheng.

"No! A friend of mine showed up by coincidence and taught Li Dacheng a lesson and saved me!" Xiao Yuqian explained.

Xiao Yuqian saw that her brother's left cheek was still bruised and she touched it with her hand, feeling pain in her heart.

"Oww. It hurts!" Xiao Yuche felt pain and didn't let her touch it.

“I will boil some eggs and use them to massage it after we get home.”

Xiao Yuqian looked at her brother's handsome and bright face and lightly blew on it.

Xiao Yuche was only twenty years old this year. He was much taller than Xiao Yuqian. This skinny young man gave off a bright aura. He loved music and founded a band called MAX at his university, with him as the lead singer.

Xiao Yuqian really didn't approve of her brother taking the path to become a musician. As he was the only son in the family, she really hoped he would take over their father's business in the future and bring up their family business.

That's why, even though she was an agent, she already told Xiao Yuche that she would not recommend him to any music company before he graduates.

If he wanted to persevere and follow his dreams, he could accumulate experience as an amateur first. After he graduated, he could then go and forge his path.

After chatting for a while with her brother, Xiao Yuqian turned to look at her father. She saw her father still hadn't woken up. No matter how anxious her heart was, it was no use.

As the man of the house, Xiao Yuche was supposed to shoulder the responsibility. However, he realized he was lacking in such abilities and he needed to depend on his sister for everything.

He was also very worried when faced with their family's situation. “Sis, what should we do about our company? Will the Xiao business go bankrupt?”

Xiao Yuqiao said softly, “Xiao Che, no matter what happens to our family, you need to study hard. Even if we go bankrupt, sis will still support you until you finish university and send you to study abroad. I won't let you suffer.”

Their mother had left their family long ago and their father was busy with the company. While at home, the two siblings had no one else to rely on besides each other.

Xiao Yuqian had always been very mature. She took care of the house and took care of her brother. As long as she was still here, she would not let this family fall apart.

Chapter 1950: A Great Idea

“I don't mind that!” Xiao Yuche said. “I want to help you. I want to find a job so that you don't have to work ever again.”

Xiao Yuqian was deeply touched by her brother's words.

“Don't overthink it, okay? Things will definitely get better.” Xiao Yuqian smiled warmly. “I'll go talk with the doctor. Why don't you go check up on dad?”

“Okay.”

Xiao Yuqian went to meet with the doctor in charge of her father. After learning about the treatment that her father needed, the doctor told her to prepare 300,000 dollars for the surgery on the following Monday. But she was also informed that the operation only had a 50% success rate.

300 thousand was a huge amount of money that Xiao Yuqian had no way of getting her hands on.

She was completely thrown into despair. Before she could even take care of their company's debt, she now had to pay for her father's medical fees.

Xiao Yuqian did not bring up the problem with her brother and left the hospital. She planned to ask if any of her friends could help her.

As soon as she started the car, she suddenly realized she could sell her car too.

The car had been a birthday present in the year she became the top manager of her company.

Since her father had bought the car for 800 thousand, she should be able to sell it for around 300 thousand.

Xiao Yuqian drove straight to a secondhand store and asked them to help look for a buyer.

She then went back to Huayin Entertainment. Ever since her colleagues learned about her financial problem, they'd been keeping their distance from her.

A few of her closest friends and colleagues had already loaned her money once; there was no way she could ask them for help again.

Especially the actor she was managing, Su Jimo. Xiao Yuqian had been there with Su Jimo the whole time until he earned his second Best Actor Award. He lent her 1 million before she even asked him.

But there was still a lot left to pay back.

Xiao Yuqian was drained entirely from everything that had been happening in the past few weeks.

When she got back home, she looked at the place that she had been staying for a long time and thought of the possibility of selling it too.

Xiao Yuqian quickly contacted Tang Yitan and requested that he help check the market price.

After making her mind up on selling the house, the next thing she had to do was to ask her aunt and cousin to leave.

Her family had no means of supporting them anymore.

With Xiao Yuxin's pay, she should be able to find a decent place to live in the city.

Xiao Yuqian took a deep breath and walked in, only to hear clashes of mahjong pieces coming from inside.

She then found Xiao Lan playing with a bunch of her friends in one of the rooms. The scene pushed Xiao Yuqian past her tolerance limit.

She could not believe that Xiao Lan was still having fun while the family was in a deep crisis.

With newly found courage, Xiao Yuqian walked into the room and flipped the table.
