

## Priceless Baby 1995

### Chapter 1995: Tangled Up Together Again

Xiao Yuqian was woken up by the crisp sounds of birds early in the morning. She opened her eyes and could feel she was sleeping in another person's embrace.

When her memories returned and she recalled how crazy last night was, Xiao Yuqian couldn't help but sigh. She was done for. What happened to the three rules she set?

They actually got tangled up together again.

Moreover, she was so filled with gratitude and affection for him last night that she didn't actually mind getting close to him at all. She even felt pleasure and contentment she hadn't felt before.

Forget it. She would just treat last night as thanking him!

Xiao Yuqian wanted to quickly escape from his embrace and prepared to get up. However, Ma Haodong felt it. He didn't open his eyes and his arms pressed her back into his embrace.

"Don't go. Sleep for a while longer."

He treated her as a pillow and hugged her comfortably, seeming to be in enjoyment.

However, Xiao Yuqian felt oppressed by a dangerous feeling and she really didn't dare to continue lying down. "You continue to sleep! I... I will get up now."

Not only did he loosen his hand, he even asked for an evaluation. "Woman, were you satisfied with my service last night?"

How was she supposed to answer?

Xiao Yuqian's face started burning up. Ma Haodong opened his long and narrow pupils and smiled lightly. "You kept praising me last night. You even asked me to do it harder. Have you forgotten?"

"Stop talking!" Xiao Yuqian was about to die from embarrassment. Who would remember words that were said in those moments?

Ma Haodong rolled around again and enveloped her in his embrace. He looked into her eyes attentively and said seriously, "Qianqian, be with me! I will protect you in the future!"

He'd already proven his strength through the events last night. He had the ability to protect her. He was completely able.

"I... I will think about it..."

Xiao Yuqian didn't immediately give an answer but she agreed to think about it. Ma Haodong was very happy and couldn't help but kiss her.

"Stop it. I'm very tired from last night." She found his enthusiasm to be slightly unbearable.

"Relax, I guarantee I will serve you well. I won't make you feel tired!"

He changed to another method to attack her heart. He said he wouldn't make her feel tired but in the end, she was still so tired that she couldn't open her eyes and she fell asleep again.

After last night's incident, the relationship between Xiao Yuqian and Ma Haodong had a subtle change.

It was already around ten o'clock in the morning when Xiao Yuqian woke up. She went downstairs after tidying up and found Ma Haodong was cooking in the kitchen.

This was the first time she saw a hedonistic rich young man cooking. Xiao Yuqian stretched her neck forward to take a look. Ma Haodong heard sounds of footsteps and he turned around to smile at her. "Awake?"

"Yeah."

The way the two of them interacted was as though they were a couple that had been married for a long time. They also had a touch of chemistry between them.

"Wait for me for a while, the food will be ready soon."

Not long after, Ma Haodong brought the dishes out. Xiao Yuqian saw he had cooked western cuisine and asked, "Is this breakfast or lunch?"

"Whichever. Just treat it as brunch. Try it and see how it tastes. It's been a long time since I cooked."

Ma Haodong was very carefree when he lived by himself. It was fine as long as he could fill his stomach. But now, he needed to seriously train his craftsmanship again for Xiao Yuqian.

Xiao Yuqian took a few bites and nodded. "Not bad. Your craftsmanship is very good."

Ma Haodong was very happy from getting praised. "Besides my craftsmanship being good, are other parts of me not good?"

"..." Xiao Yuqian understood what he meant immediately and cast a glance at him. Couldn't he just let her enjoy her meal?

Ma Haodong saw it and pulled back. He changed the topic. "I already applied for leave for you in the morning."

"You helped apply for leave for me?" Xiao Yuqian's tongue was tied. If he helped her apply for leave, wouldn't the entire company know they were together?

"I called that guy whose last name is Guan and asked him to help apply for a leave."

Chapter 1996: A Sight to See

Ma Haodong probably asked Guan Hao to help on purpose. He was sure that Guan Hao would never spread any news about Xiao Yuqian that would ruin her image, and he could irritate Guan Hao at the same time.

Xiao Yuqian was relieved if Guan Hao was the only one who knew.

"I'll have to head to the TV station later," Xiao Yuqian said after having her breakfast/lunch. "Su Jimo has to shoot his variety show there."

"I'll go with you," Ma Haodong offered.

"It's fine. Don't you have training later?"

"I asked for a leave of absence too," Ma Haodong said as he packed his stuff. "Come on, let's go."

"But..."

"No buts!" Ma Haodong stopped her. "What if you get targeted again?"

Xiao Yuqian stopped arguing at that moment. She was also worried that the group of people would come after her again. It was clear that they knew who she was.

The only thing that remained a mystery was who had sent them.

The two of them went to the TV station together after that.

When they arrived, the crew and the celebrities were on a lunch break.

Danni was among the celebrities. Li Muhao was there too. He had bought lunch for everyone.

Danni was giving out the food that Li Muhao bought. The lunch consisted of a main dish with fruits and drinks.

There were two reasons for her to do that. One, she was trying to show off, and two, she wanted to expand her connections.

But one of the people whom she was giving food to didn't fall for it.

Danni handed the food to Su Jimo and smiled. "Mr. Su, this is for you."

"It's fine," Su Jimo declined with a cold expression. "Give it to other people."

Su Jimo then started to eat the food that the crew had prepared for him.

Being rejected by Su Jimo made it super awkward for Danni. She tried to hide her embarrassment and continued to give food to other people.

It was then that Xiao Yuqian and Ma Haodong arrived.

When Danni noticed Xiao Yuqian coming in, she gave her a stare.

"Oh my, Miss Xiao is here." Danni smiled cunningly. "I'm so sorry, but I'm out of food. If I knew you were coming, I would've asked Muhao to prepare another serving. Oh, wait, two servings."

Danni then turned to Ma Haodong and smiled.

"It's fine. I've already had my lunch," Xiao Yuqian said. Even if Danni were to offer her one, she would never take it.

Ma Haodong looked at Danni and sniffed.

"What's that smell?" Ma Haodong asked.

"Oh, must be my perfume," Danni said excitedly.

Before Danni could even show off what type of perfume she was using, Ma Haodong shot her down.

“I see, that explains why it smells like trash.”

Ma Haodong quickly fanned in front of his nose with his hand as if he'd smelled something disgusting.

Xiao Yuqian did not expect Ma Haodong to help her and was shocked. But the sight of Danni's expression turning dark was a sight to see.

“Let's go over there,” Ma Haodong said. “I can't stand the smell.”

Ma Haodong and Xiao Yuqian then proceeded to where Su Jimo was.

Danni did not expect Ma Haodong to insult her. It made her lose all her pride.

When Li Muhao saw Danni coming back with a sad expression, he quickly asked her what had happened.

“Tell me... Does my perfume smell good?” Danni ask.

“Of course! Isn't this the high-end perfume you asked me to get you?”

“But that person over there said it smells like trash!”

“Who did?”
