

Priceless Baby 2071

Chapter 2071: What His Mother Did

“Mom, I have nothing to do with that woman. She took advantage of me being drunk and created a scandal to use me as a stepping stone. Don't you trust your son's character?” Yi Xiao explained.

“I believe you, but will the outsiders believe you? They will definitely think it's true when they see the news. Sigh, look at you guys. Can't you just let us old people live comfortably for a few more years? Five years ago, I asked you to marry a girl from our hometown, but you were unwilling and insisted on marrying Xiaofang. In the end, look what happened? She gave birth to a child that was not from our Yi family. She made you a cuckold for five years, but you didn't even know. Are you stupid? It's all your fault for not listening to me.”

Old Madam Yi sighed.

Yi Xiao heard something from his mother's words and asked in surprise, “Mom, what did you say about Orange...”

Old Madam Yi thought that Yi Xiao did not know about it and decided to tell him the truth. “Yes, you are the only one that doesn't know. You were kept in the dark. If it wasn't for them asking why Beibei doesn't look like you, I wouldn't have asked your sister to do a DNA test on your behalf. In the end, Beibei is not your biological son at all. He has nothing to do with our Yi family. Sigh...”

Yi Xiao never expected his parents to do such a thing behind his back. He quickly asked, “Did you tell Orange about this?”

“I did! I called her back as soon as I could. How could she hide something like this from us? No way! I've already warned her to divorce you! Our Yi family will not raise a child for her!”

Old Madam Yi still felt that what she had done was the right thing. She didn't think she had done anything wrong..

When Yi Xiao heard this, he couldn't help but feel angry. Everything had been going fine and dandy before this. It was no wonder Fang Xiaocheng suddenly proposed a divorce. He had been wondering what it was he had done wrong. So it was his mother who had caused this!

“Mother! What am I supposed to say? I knew from the beginning that Orange had a child. You two don't even know anything about the situation and you just messed around! Do you know that you've hurt Orange's heart? Sigh, you two have gotten me into deep sh*t!”

Yi Xiao then told his family about the story between him and Fang Xiaocheng.

“Get it? She's not the kind of woman you think she is. On the contrary, she values friendship and loyalty. If it wasn't for the child, she wouldn't have chosen to give herself to me. I've always been the one begging Orange to be with me. I've been chasing after her for five years. I waited for her for five years, and you guys made her run away in one shot. It's all your fault! If I don't have a wife, you all can just wait for the Yi family name to die out!”

Yi Xiao couldn't help but chide his parents and sister.

Old Madam Yi knew that she had wronged her daughter-in-law and also realized her mistake. She was a little flustered. "Then... then what should we do now? Haa, look at what I've done. To be honest, I quite liked this girl too. Beibei too, I feel terrible every day that I don't see her. Hurry up and get them back."

Finding her was easy. After all, Fang Xiaocheng did not take Beibei away from Peijing. But how could he easily make up for breaking her heart?

Having talked his mother round, Yi Xiao left the house hurriedly.

After leaving the Yi residence, Yi Xiao received Guan Mei's number from his assistant. He thought for a while and called her. "Hello!"

"Is this President Yi?" Guan Mei asked as she secretly saved Yi Xiao's number in her phone.

"Guan Mei! Didn't I warn you enough? Why did you scheme so much? Do you want to die?"

Yi Xiao's voice was icy cold and dangerous.

Guan Mei pretended to be innocent and said, "President Yi, I didn't expect this to happen. I'm really sorry for causing you so much trouble."

Chapter 2072: What A Dream

"It's good that you know. I'm warning you. It's best if you come forward and clarify everything. Otherwise, I use the whole of Juxing to smother you!"

Yi Xiao gritted his teeth. He might not be able to control himself and strangle Guan Mei to death if she were in front of him..

"I understand, President Yi. I'll be attending the press conference tomorrow."

Yi Xiao breathed a sigh of relief when the other party agreed to attend the press conference.

In actuality, Guan Mei was already thinking of another plan when she hung up the phone.

Now that her first goal had been achieved, she wanted a chance to rise to the top. As long as she got a chance to be known, she would clear up the misunderstanding at the press conference.

This way, not only would she be able to leave a good impression in front of President Yi, but she could also protect her own reputation. Would she still be afraid the company would not arrange resources for her once the public got to know her?

However, while having her beautiful daydream, she never imagined that her boyfriend, Li Song, was standing behind her in secret. When she turned around, she received a hard slap to her cheek.

Li Song hit her again and Guan Mei was knocked to the ground. Li Song sat on her and continued to hit her for a while. "Bitch! How dare you cheat on me! Are you tired of living?"

When Li Song saw the news that Guan Mei was staying at a hotel with another man, he couldn't help but feel angry. He couldn't allow himself to be cheated on, and now he really wanted to kill her.

"Stop it! Stop it... I didn't... I didn't cheat on you... Listen to me..." Guan Mei begged.

Li Song let go of her and panted. He glared at her fiercely. "Tell me! Let's hear what you have to say."

Guan Mei was afraid of being hit and her clothes were torn. She took a few steps back in panic and said, "I didn't have sex with another man, and I didn't cheat on you. What you saw was just a scandal. It's fake. I got my friends to help me make it. You also know that I'm not famous now. I need a chance to rise up. As long as I have a chance to show my face, I can have a chance to earn money. Don't you want me to make a lot of money? If I don't have money to earn, are we going to starve?"

When Li Song heard this, he finally found a trace of rationality. For the sake of money, he no longer fussed over it.

Thinking that the person in the scandal was Juxing's president, Li Song thought of something and said smugly, "That man is the president of your company, right? He must be very rich. Why don't you go borrow some money from him for me to use?"

"I can't ask him for money. He definitely won't give it to me!" Guan Mei refused.

"How do you know he won't give it to you if you don't go?" Li Song picked up her collar again and questioned fiercely. "I owe 200,000! Hurry up and get it for me!"

"Why did you lose so much?"

"None of your business! Hurry up and go! I'll teach you a lesson if you can't get the money!"

Li Song pushed her out of the house and the door being slammed made Guan Mei jump.

Right now, she was really forced into a corner by Li Song. This kind of boyfriend was the clingiest and she couldn't even chase him away, let alone break up with him.

Moreover, Li Song kept using violence on her. She was an artiste who told the company that she was single, so making a police report would put her in a bad light. Therefore all she could do was put up with it.

But Li Song was now squeezing her even harder, and treating her like his money tree. He would probably kill her if she didn't get some money now.

Chapter 2073: Finally Settled

Yi Xiao did not go to look for Fang Xiaocheng immediately. He was currently involved in a scandal. He had to solve his problem first before he could face her.

Yi Xiao returned to the company and met with Wandou.

Wandou and the others had already gathered some evidence and had also gotten the hotel's surveillance video. Yi Xiao had seen the surveillance video and roughly knew what had happened last night.

He also saw Fang Xiaocheng coming to the hotel with clothes for him. When Guan Mei opened the door, the two women were talking.

Shortly after Fang Xiaocheng entered, she left in a huff and slammed the door. This scene hurt Yi Xiao.

He could imagine how hurt Fang Xiaocheng must have been at that time. That was why she was so heartless to her.

After he finished watching the video, Wandou said, "We have all the evidence and information we need here. But when Guan Mei didn't pick up the phone when we called her. What should we do?"

"Don't worry, I've already contacted her. She promised to attend the press conference tomorrow." Yi Xiao's eyes were filled with ruthlessness. "She will definitely come if she still wants to remain in the entertainment industry."

Not long after Wandou left the office, Yi Xiao's phone rang. He looked down and saw that it was from Guan Mei.

Yi Xiao frowned and picked up the phone. "Hello?"

"Hello? Is this President Yi? I'm Guan Mei!"

"Why did you call me?" Yi Xiao asked coldly.

"It's like this, President Yi. I think I might not be able to attend the press conference tomorrow!"

"Guan Mei! What are you trying to do? Don't try any tricks on me!"

Yi Xiao was fuming when he heard this. She had already agreed to come. How could she go back on her words now?

"That's not it, President Yi. I'm really in trouble. I'm a little short on cash..."

So it was money she wanted!

This woman's intentions were starting to show!

She had promised Yi Xiao that she would attend the press conference, and now he was using this as an excuse to ask for money. Her appetite was not small.

"How much do you want?"

Yi Xiao could no longer care about anything else. He only wanted to resolve this troublesome problem as soon as possible.

"Two hundred thousand. Take it as I'm borrowing it from you, President Yi. When I have fame and money in the future, I will return it to you," Guan Mei said sincerely.

Yi Xiao scoffed. "Send me your account number."

Just like that, Yi Xiao transferred 200,000 yuan to Guan Mei. The next day, Guan Mei indeed attended the press conference.

Guan Mei dressed herself up carefully as if she was making a grand red carpet entrance. It could be said that she stole all the limelight during the press conference.

The press conference was led by Wandou. Juxing Entertainment took out evidence and Guan Mei's explanation, successfully clarifying the scandal about Yi Xiao's affair.

Yi Xiao finally cleared his name and went to Jin Xi Company to look for Fang Xiaocheng.

“Orange, did you see news about Juxing today? I'm innocent!” Yi Xiao told Fang Xiaocheng after meeting her.

Fang Xiaocheng looked at him calmly and suddenly asked, “How much did you spend to settle it? 200,000?”

“Orange, I...” Yi Xiao choked. He wanted to know how she knew about the 200,000.

“Enough. I don't care what you did to that woman. I don't care if it happened between you or her. I only know that it's impossible between us.”

Fang Xiaocheng did not know about it at first but Yi Xiao had overlooked one thing: the card he had given Fang Xiaocheng was bound with Fang Xiaocheng's information. The other party could see the details as long as he spent any money from it.

Chapter 2074: Only Her Opinion

Fang Xiaocheng suddenly received a notification that her card had been stolen. She went to the bank to check and found that it was a transfer from her husband.

200,000!

Why did he transfer 200,000 to Guan Mei?

Who would believe that there was nothing going on between them?

“Listen to me, Orange. I transferred the money to her so that she would attend today's press conference. I really wouldn't have transferred the money to her for no reason.”

Yi Xiao admitted that the way he handled this matter wasn't very appropriate, but his hand had been forced.

The evidence gathered by the company was not enough to prove his innocence. Therefore, they had to rely on Guan Mei's explanation to convince the audience.

He had agreed to pay for the press conference so that Guan Mei could attend. Otherwise, he would not have been able to clear his name.

Compared to his loyalty, the 200,000 yuan was really nothing. He didn't care about money. He only cared about Fang Xiaocheng's attitude and opinion towards him.

After settling Guan Mei's matter, he hoped that Fang Xiaocheng could give him a chance to return to his side.

“Go home, Yi Xiao. Let's just leave it at that!” Fang Xiaocheng said.

“Are you still not going to trust me? Am I really that horrible in your heart?” Yi Xiao had mistakenly thought that she had never trusted him before.

“No, it's not important anymore. What's important is that I can't get along with you.”

Fang Xiaocheng had no choice but to continue making up excuses. But what she didn't know was that these excuses were like knives that could cut people bloody.

"I know! My mother told you something you shouldn't have said. I know it now. I've already criticized them. And they also realized their mistake and asked me to come to you. Orange, take Beibei and come home with me!"

Yi Xiao sincerely prayed that she could go back with him.

Now that the press conference had started, it meant that the matter about Guan Mei had been explained clearly. His parents had also talked about it. Yi Xiao hoped that Fang Xiaocheng could give him a chance to apologize on behalf of the Yi family.

Fang Xiaocheng continued to shake her head. "Yi Xiao, sometimes, something broken, will never return to how it was before. Even if I follow you back to the Yi family now, my heart will still feel uneasy. I will still be worried that your parents and family will look at my Beibei differently. After all, we are not related by blood. You won't be able to experience that feeling. Let's calm down for a while! Give each other some space! That's it, Yi Xiao! Take care!"

Fang Xiaocheng turned and left. The wound in Yi Xiao's heart kept bleeding. In the end, he could only drag his exhausted body back alone.

Yi Xiao went back alone and did not bring his wife and child back.

Old Madam Yi felt bad seeing her son return home alone.

She was the one who had chased the girl away. She was afraid that she would still have to personally take action to get the girl back.

After a sunny day, Old Madam Yi went out and waited at the entrance of the kindergarten.

Finally, Fang Xiaocheng sent the child to school.

The old lady had not seen Little Yibei for a long time. She started to panic and shouted from afar, "Beibei... Beibei..."

Little Yibei's disappointment was swept away when he suddenly saw his grandmother coming. He had no idea what had happened to the adults at home. It was only because he had not seen his grandparents for a long time that he missed them dearly.

Now that she finally saw her grandmother, she immediately broke free from her mother's hands and ran into her arms. "Grandma!"

Chapter 2075: Deep Thoughts

"Beibei, I missed you so much. Did you miss grandma?"

Old Madam Yi squatted down and hugged the child in her arms, kissing him vigorously.

After being separated for a while, the old lady finally understood that being blood-related was just a term. Only the one she raised was the closest.

It was a kind of familial love that could not be let go!

“Beibei missed Grandma very much. He also misses Grandpa and Aunt.” Little Yibei's eyes were innocent and pure. If he really did mean what he said.

Old Madam Yi was moved to tears. After being intimate with the child for a while, she got up and looked at Fang Xiaocheng.

Fang Xiaocheng did not reply. She took her son's hand and said, “Beibei, Mommy will send you to class first. You're going to be late!”

Yi Bei was about to leave but did not forget to wave goodbye to her grandmother. “Goodbye, Grandma!”

“Goodbye, Beibei. Go to school now!” Old Madam Yi waved her hand and watched the child leave.

When Fang Xiaocheng came back with the child, the old man was still waiting at the same spot. He took the initiative to go up and greet her. “Xiaofang, give me some time. I want to talk to you.”

Fang Xiaocheng stopped and replied to the old lady respectfully. “Please go ahead!”

Old Madam Yi immediately slapped her own mouth. “Sigh, it's all my fault for saying such things. I didn't understand it clearly and wronged you. Xiao Fang, don't be angry with me. Come home with me!”

“Mom, you're not wrong. I shouldn't have dragged Yi Xiao down. He's already wasted five years because of me. I don't think I can continue to drag him down. Maybe it's best if I divorce him. He can find a suitable woman to marry again, and not choose a woman like me who has a child and is not innocent.”

Fang Xiaocheng said those words coldly. Grandma Yi felt her face hurt.

It was her words that hurt the girl's heart. Otherwise, she wouldn't have minded it so much.

“I won't let Yi Xiao find any other girl. You're the most suitable for him. It's also good to have Beibei. I've always treated Beibei like my own grandson. We can still continue to be the same in the future. You have no idea how much I've missed Beibei these past few days. I really regret it. I won't dare treat you like that anymore! What must I do to make you forgive me? Should I kneel down for you?”

Old Madam Yi lowered herself to beg Fang Xiaocheng. She did not care about her seniority and directly knelt down to Fang Xiaocheng, begging her to go back.

Fang Xiaocheng was stunned.

Fang Xiaocheng immediately helped the old lady up. “Mom, don't be like this! Quickly get up!”

“If you forgive me, I'll get up. If you don't forgive me, I won't be able to get up.” Old Madam Yi had given up her dignity just to beg her daughter-in-law to go home.

“Okay, mom, get up!”

Fang Xiaocheng pulled the old lady up from the ground and explained, “Actually, you guys are not wrong. The problem is with me. It's because I can't live with Yi Xiao. There are still problems between me and him that haven't been solved. Mom, you should go back first!”

“Sigh...” Old Madam Yi could feel that her daughter-in-law was no longer blaming her. She knew that it might be because of the incident with her son that night. She also helped Yi Xiao explain, “Xiao Fang, you have to believe in Yi Xiao. He's not that kind of person. Give him another chance. You two should have a good talk!”

“I know, mom.”

For the next few days, the couple continued to live separately. Yi Xiao could only see Beibei when he was studying or after school.

He wanted to take Beibei home, and Fang Xiaocheng had no objections. She did not stop the father and son from meeting, but there was one thing she did not want to do.

Chapter 2076: Ungrateful

To put it simply, the two of them were basically in a “divorce” state. They were only relying on Beibei to maintain their remaining relationship, but they were also treading on thin ice.

Yi Xiao did not give up hope. He hoped that he could get to know Fang Xiaocheng through their interaction. He hoped that she would change her mind and bring Beibei home with him.

A month later, misfortune struck again.

The source of the problem was still Guan Mei. She had gotten 200,000 from Yi Xiao, but Li Song had lost all of it in less than a month.

Li Song had found yet another way to make money. He felt that there would be great returns if Guan Mei could get 200,000 from Yi Xiao.

She decided to close the door and look for Yi Xiao.

Guan Mei refused. After the press conference, the company gave her a chance to appear on screen because of her performance.

She had been acting as the third female lead in a film. Now that she had a job and a few scenes, she just wanted to focus on her acting. She didn't want to go down the wrong path again.

But now, Li Song was like a dog addicted to eating meat. One meal without meat and he felt that he could start eating human flesh.

“Are you going or not?” Li Song raised his fist and threatened.

“Li Song, I can't go. I look for President Yi to ask for money anymore. If I do that, I'll lose everything I have now. I've been working hard on acting. I'm acting now. Wait a little longer. When I get my pay, I'll have money,” Guan Mei explained.

“It will be too late by the time you finish filming! I need money, and I want it now! Are you going or not? If you don't go, do you believe that I will beat you to death right now?”

Li Song kicked Guan Mei angrily. Guan Mei protected her stomach in pain and begged, “Stop kicking! Stop hitting me! Li Song, I'm pregnant!”

“What?” Li Song was shocked.

“I said I'm pregnant! I'm pregnant with your child! For the sake of the child, don't hit me anymore!” Guan Mei's eyes were filled with fear and her heart was even more frantic.

“Really? What if you're lying to me?”

An insidious idea popped up in Li Song's head.

“No, I'm not lying to you.”

Guan Mei showed him the report. After Li Song finished reading it, not only was he not surprised at all, but his eyes also lit up. “This child came just in time! Guan Mei, just say that this child belongs to your boss. He will definitely give you more money now!”

“Li Song, you're crazy!”

“I'm not crazy! Hurry up and ask him out for money!” Li Song threatened. “If you don't, I'll tell everyone about your pregnancy. I'll tell everyone that not only do you have an affair with your President Yi, but you also have a child. When the time comes...”

Guan Mei did not dare to think about what would happen. Although she wanted to use underhanded means to get to the top, she really did not want to ruin President Yi's reputation.

The things she had done last time had already damaged President Yi's reputation and affected the company's development.

She didn't want to do that anymore, but Li Song wouldn't let her go. In the end, Guan Mei had to compromise. “Okay! Give me some time. I'll go seek out his family and see if I can get the money.”

Guan Mei did not dare to look for Yi Xiao. She was afraid that he would do something to her. She was afraid that she would lose her life if that happened, so she could only walk around outside.

The first person Guan Mei found was Fang Xiaocheng. When Fang Xiaocheng saw Guan Mei looking for her, she wasn't very pleased.

“Why are you here?”

“I'm sorry, Mrs. Yi. I'm really sorry for causing you and President Yi so much trouble last time.”

Fang Xiaocheng sneered. “Miss Guan, let's get straight to the point! If you have anything to say, just say it!”

Chapter 2077: Trying To Threaten Her

She had already guessed that Guan Mei wanted something. Otherwise, she would not have come to look for her one month after the previous incident.

“Mrs. Yi, you're such a straightforward person. Since that's the case, I'll get straight to the point.” Guan Mei paused for a few seconds before continuing, “After what happened last time, I'm pregnant!”

“...” Fang Xiaocheng suddenly heard her say she was pregnant and felt her scalp go numb. But her rationality urged her to maintain her calm composure. “Didn't you clarify everything at the press conference? You didn't have sex with him. Why are you telling me this now?”

Guan Mei could only bite the bullet and explain, “Last time, it was because President Yi gave me 200,000 yuan and asked me to say that. But now, I realized that I'm pregnant, so I had to come to you again. Mrs. Yi, don't think too much about it. I never thought of destroying your and President Yi's family. I only wanted to support the child in my belly. After all, the child is innocent.”

“...” Hearing this, Fang Xiaocheng could not help but put a hand to her forehead. She didn't distrust Yi Xiao, but what had Yi Xiao done over and over again?

Now that Guan Mei was pregnant, what was Fang Xiaocheng supposed to think?

Even though she was furious, Fang Xiaocheng still asked indifferently, “How do I know if you're telling the truth?”

“Here's my pregnancy report.”

Guan Mei showed her real pregnancy test report. The timing was exactly the same as the previous night's sleepover incident.

Fang Xiaocheng read the report and took a deep breath. “What are you here for?”

She could tell at a glance that Guan Mei had come to look for her privately with the report. She must have some ulterior motive.

“Mrs. Yi, I didn't tell President Yi about this. I only told you because I wanted your help. If you are willing to give me a sum of money, I will leave Peijing immediately and never appear in President Yi's and your life again,” Guan Mei said.

Fang Xiaocheng stared at her coldly for a long while. In the end, she told her rudely, “I don't have money. Even if I have money, I won't give it to you. As for this child, you can handle it yourself. Anyway, I've already divorced your President Yi. I don't care about his affairs!”

Fang Xiaocheng took her bag and left.

She said that on purpose so that Guan Mei could not find her weakness and would not be threatened by her.

As for whether Guan Mei would look for Yi Xiao, Yi Xiao would definitely take care of it himself.

When Guan Mei learned from Fang Xiaocheng that she and Yi Xiao were divorced, she felt a little guilty. If it wasn't for her ambitious scheming, President Yi and Mrs. Yi might not have divorced.

But now, there was no turning back since she had come this far.

Since Fang Xiaocheng could not do it, she went to the Yi family and informed the old madam about her pregnancy.

Now, Old Madam Yi would no longer be bewitched by the demoness outside. She directly chastised Guan Mei severely.

“You shameless woman! How dare you come to our door! My son has never touched you before! How dare you fool us with a child! Do you think we're blind? Get lost! If you don't get lost, I'll beat you up with a broom!”

Grandma Yi picked up the broom and chased Guan Mei out of the Yi family mansion.

This time, Guan Mei couldn't gain anything at all. She did not expect the Yi family's old madam to be immune to this trick. She could only leave resentfully.

After Yi Xiao's scandal broke out, many friends knew that there was a problem with his marriage with Fang Xiaocheng.

Jing Xi, who was far away in the Dragon Kingdom, saw Yi Xiao's news through the group chat. She immediately called Fang Xiaocheng and expressed her comfort.

“Orange, what's going on between you and Yi Xiao?”

Chapter 2078: Ridiculous!

“We're fine. It's just a scandal. Don't worry, it's already been settled.” Fang Xiaocheng said nothing about her relationship with Yi Xiao, mainly because she did not want Jing Xi to worry.

“If you have any problems, you have to explain it clearly. Don't keep everything in your heart and be suspicious of each other,” Jing Xi said to Fang Xiaocheng. “How about this? I'll see if I have time in the near future. If I'm time, I'll go back and look for you.”

“You really don't have to. Yanyan, you have so many things to take care of. You don't have to shuttle around over this small matter.”

Fang Xiaocheng was very grateful to Jing Xi. She was already the queen of a country, yet she still remembered her as a friend and never forgot to care about her.

“It's okay. It's almost your birthday anyway. I'm not far from Zstan. It's settled.”

Jing Xi had already made up her mind to go back and visit Fang Xiaocheng and the others. She would also help Fang Xiaocheng celebrate her birthday.

Fang Xiaocheng's birthday was a week later. Jing Xi had already booked a flight in advance.

It was Fang Xiaocheng's birthday.

Yi Xiao got off work early, bought a bouquet of flowers, and drove to Jin Xi's company to look for her.

Fang Xiaocheng's attitude towards him was as cold as ever. When she saw him, she treated him like air.

Yi Xiao was hurt by her attitude. “Orange, don't go! I've booked a restaurant tonight. Can we have dinner together? I have a lot of things to tell you.”

“Forget it, Yi Xiao! Don't play tricks in front of me anymore. There's really nothing to talk about between us. If you have time, you should go and accompany your Miss Guan! She's about to become a father! Congratulations!”

Fang Xiaocheng did not feel relieved at all, but she felt a sharp pain in her heart.

She knew that the Yi family valued the child's bloodline, but her Beibei was not Yi Xiao's. Now, how could she not be upset that there was finally a woman pregnant with Yi Xiao's child?

Fang Xiaocheng shook off Yi Xiao's hand and got into her car.

Yi Xiao stood where he was. What was going on? Was Fang Xiaocheng misunderstanding him again?

Seeing Fang Xiaocheng start the engine, Yi Xiao did not even think about it and directly opened the door of the passenger seat and got into the car.

"Please get out!"

"No."

"You're not getting out, are you? Fine! I'll go!"

"Hey!" Seeing that she was serious, Yi Xiao immediately grabbed her arm. "Don't be angry! This flower is for you. Happy birthday, my wife!"

There was a bouquet of roses in front of her, but there was a storm in Fang Xiaocheng's heart.

She felt that Yi Xiao had changed. He already had a child with another woman and he could still act like he was deeply in love with her.

No matter what he said or did, Fang Xiaocheng did not want to say anything anymore. She missed the past Yi Xiao.

At that time, he was still not the president of Juxing Entertainment. He was not in a high position, and his status was naturally much simpler. He would not have so many messy social engagements, and he would also not come into contact with complicated people and affairs.

At that time, they got along so well together!

Yi Xiao did not want to push Fang Xiaocheng into a corner. After giving her the flowers, he got out of the car and watched the car drive away.

Fang Xiaocheng had to go to the airport to pick her up. Jing Xi who was flying in today.

Fang Xiaocheng stopped the car at the airport and looked at the roses on the passenger seat. She picked them up and counted them. There should be about 99 roses.

The meaning of 99 roses was that their love would last forever.

How could she and Yi Xiao last forever?

How ironic!

Fang Xiaocheng was about to put the bouquet down when she found a card and a gift box.

Chapter 2079: He's Awakened!

The card had the words "Happy Birthday" written on it. It was an exquisite square box. When she opened it, she found an exquisite ring inside.

The outer ring of the ring was glossy and unadorned. Fang Xiaocheng looked at the inner ring and noticed words engraved on it.

F

I Love You

Y

Seeing the confession, Fang Xiaocheng smiled bitterly in her heart. She knew that Yi Xiao was not a man who was good at expressing his feelings. In the past few years, he had never expressed such feelings to her.

It was only during their divorce that he finally released all the feelings he had been hiding.

Not only did he tell her that he loved her, but he also claimed her body.

Yi Xiao became more domineering than before. With every inch he took, she could only retreat.

During this period of time, after the scandal was cleared up, she often wondered if she should give him a chance. Originally, her heart might have already been shaken, but now she had a child. Even a mistress was pregnant and came to find her. How could she remain calm?

Thinking of this, Fang Xiaocheng angrily threw the roses back to her seat. She really hoped that everything would start all over again. She might not decide to marry Yi Xiao.

If it weren't for the fake marriage back then, she wouldn't be so troubled now!

At the exit, Fang Xiaocheng waited quietly. She raised a sign but did not write Jing Xi's name, afraid that it would cause chaos.

There was only a huge strawberry on her sign. This was the secret signal she and Jing Xi had agreed on beforehand.

Soon, Fang Xiaocheng saw a woman with a slim figure and fashionable clothes. She exuded the aura of a queen.

She wore a pair of sunglasses and a mask to cover her face. She walked out of the terminal under the protection of her bodyguards.

Fang Xiaocheng didn't even need to recognize her. She could immediately recognize her as Jing Xi. Only Jing Xi would emit a glow despite keeping a low profile.

Many passers-by turned to look at Jing Xi, thinking that she looked like a celebrity.

Some people even guessed that she was Jing Xi and wanted to talk to her, but they were blocked off by the bodyguards.

Jing Xi only wanted to meet her friends and did not want to be in the limelight. After leaving the station, she began to look for strawberry designs in the crowd.

“Mother Strawberry!”

Fang Xiaocheng raised the sign and shouted at her.

“Orange!”

Even though the two of them had just met at Xiao Yuqian and Ma Haodong's wedding not too long ago, because Huo Yunshen had to return to the country to settle some urgent matters, the entire family had gone back together and the two friends didn't have a chance to have a proper chat.

The two women were very happy to see each other again. It was just like the time when she brought Ying Bao back to the country many years ago.

“You're so busy and you still have to rush back for me. I'm really sorry,” Fang Xiaocheng said apologetically.

“What are you talking about? Your business is my business. If Yi Xiao is insensible, I'll help you talk to him!”

“Okay, let's talk when we get back!”

The car was already prepared, but Jing Xi asked the bodyguards to take her luggage to a separate car.

She got into Fang Xiaocheng's car and opened the door. When she saw the red roses, Jing Xi smiled and said, “Is it from Yi Xiao? This guy is enlightened!”

Fang Xiaocheng placed the bouquet on the back seat and invited her into the car. “He's acting like he's in the wrong. Otherwise, why didn't he give me flowers in the past?”

Jing Xi put in a good word for Yi Xiao. “Maybe he didn't dare to in the past! He had nothing to say to you. He always respected you and waited for you. He never behaved inappropriately. It's rare for a man to have such self-control.”

Chapter 2080: How Heavy Is It?

Fang Xiaocheng could only complain in her heart in front of Jing Xi. “But he has changed!”

“You're talking about the scandal? I think it's most likely fake. That kind of woman would do anything if she wanted to climb up the social ladder. Don't malign a good person. At least you know what kind of person he is. Why don't you try to believe him and instead believe the unrelated gossip?”

Jing Xi had already seen through the entertainment industry. Nothing could escape her eyes.

Fang Xiaocheng did not say anything and drove the car out of the airport. The bodyguard's car followed behind.

At night, they booked a private room at the hotel to celebrate Fang Xiaocheng's birthday and also to welcome Jing Xi.

Jing Xi had invited Yi Xiao without telling Fang Xiaocheng. When Yi Xiao saw Fang Xiaocheng, he smiled at her. Fang Xiaocheng turned away and did not look at him.

Yi Xiao sat down beside her and Beibei. Since his wife was ignoring him, he could only make out with his son.

“All right, everyone is here. Today is Orange's birthday. Let's toast to Orange together. Happy birthday!”

Jing Xi was originally a guest, but the couple in front of her had yet to resolve their conflict. They looked like enemies, and she could only host the meal.

They ate happily at the dining table. After dinner, the birthday cake was served and everyone celebrated Fang Xiaocheng's birthday together.

After the birthday party ended, they left the hotel together. Yi Xiao wanted to drive them back, but Fang Xiaocheng did not give him a chance. Yi Xiao made gestures with his eyes at Jing Xi.

Jing Xi smiled and said, “President Yi, you should go back first. Leave Orange and Beibei to me.”

What she meant was that she could handle Fang Xiaocheng. She wanted him to go back and wait for the letter.

At night, Jing Xi did not stay in the hotel. Instead, she stayed in Fang Xiaocheng's rented room and shared a bed with the mother and son.

After Beibei fell asleep, the two women began to talk to each other.

Jing Xi asked her to tell her everything that had happened recently. She would help her analyze and find the reason.

Jing Xi was Fang Xiaocheng's best friend, and she didn't want to hide the truth from her.

After learning the whole story, Jing Xi roughly understood the reason. It turned out that the Yi family knew about the child's identity and accused Fang Xiaocheng of being unfaithful. They first chased her out of the main gate and hurt Orange's pride.

After that, she proposed a divorce and Yi Xiao got into a fight with her. Later, Yi Xiao got drunk and stayed at a hotel with a woman named Guan Mei. She saw it with her own eyes.

It wasn't easy to clear up this misunderstanding, but now the other party came to her door and claimed she had Yi Xiao's child.

Any woman would not be able to tolerate this.

That was why Fang Xiaocheng was still not willing to forgive Yi Xiao. The problem was not with Fang Xiaocheng, but if Yi Xiao could not resolve the matter about Guan Mei, their marriage might really be in danger.

In the end, Jing Xi advised, “Give him some time to deal with the problem. After he is done settling the matter, give Yi Xiao another chance and try to live with him. If he's not done well, then it's a problem of his ability. It's fine if you don't choose him. I'll help you find another good man!”

Jing Xi deliberately said this to see how important Yi Xiao was to Fang Xiaocheng.

“Forget it. I won't look for another man. You're right. If I give him another chance, it's the same as giving me another chance. Moreover, if I leave him, it will hurt Beibei too much.”
