

## Priceless Baby 2081

Chapter 2081: How Dare You!

Even if it was for nothing else, Fang Xiaocheng might still choose Yi Xiao in the end.

Not only did Beibei love him, but she also loved him!

Jing Xi was relieved to hear Fang Xiaocheng say all this. Her original plan was to stay in the country for a few more days to accompany Fang Xiaocheng.

But the Dragon Kingdom called and said that Princess Strawberry was sick. Jing Xi had to go back to the Dragon Kingdom.

Before she left, she said to Fang Xiaocheng, "I hope that the next time I come back, there will be good news about you two. It would be best if you two had a second child. I'm waiting for the wedding."

Fang Xiaocheng felt much better now that Jing Xi had returned to the country. She decided to wait and see how Yi Xiao would perform.

It was not easy for Yi Xiao. Before he could ask for his wife's forgiveness, he learned from his sister that Guan Mei was looking for him again.

And it was even more ridiculous this time. He actually said that she was pregnant with his child.

Yi Xiao finally understood why Fang Xiaocheng had said that he was about to become a father.

Did that mean that Guan Mei had gone to look for Fang Xiaocheng behind her back?

Fang Xiaocheng must have believed Guan Mei's words and misunderstood him even more. That was why she kept her distance from him.

When he thought of this, Yi Xiao was almost angered to death. Why did that Guan Mei come to cause trouble again? The problem was that he had never had sex with her, and the child could not be his!

In order to clarify the matter, Yi Xiao took the initiative to call Guan Mei. After confirming the meeting location, he drove over to look for her.

Guan Mei was with her boyfriend, Li Song. Li Song had asked her to ask for at least a million dollars over the phone.

But Guan Mei did not say anything and hung up.

Seeing that she was not listening to him, Li Song was furious. "Are you a fool? I asked you to ask for money. Why don't you want it?"

"How am I supposed to explain it over the phone? I've already made an appointment with him. He'll come and find me immediately," Guan Mei said.

Li Song clapped his hands and said, "Okay, you can bring it up in person when the time comes. You can ask for as much as you want! Anyway, he's the CEO of Juxing and has plenty of money."

"I got it. You should leave first!" Guan Mei said.

Although Li Song was pushed out of the room by Guan Mei, he did not leave. He hid near the door. He would not leave until he got the money today.

About half an hour later, Yi Xiao found the neighborhood where Guan Mei lived. He followed the address provided by Guan Mei and came to her place.

"What are you trying to do?" Yi Xiao asked.

"I'm sorry, Mr. Yi. I'm really desperate."

"Don't pretend to be innocent in front of me. I only gave you 200,000 last time, and now you're asking for money at my house. How could you do this!"

Yi Xiao was fuming with anger. He wanted to strangle the woman in front of him to death.

"I gave my family the 200,000 that you gave me last time. My family is sick, but I still lack money. I didn't dare to disturb you, so I went to look for your mother..."

"Not only did you look for my mother, but you also looked for my wife and told her that you were pregnant with my child, right?"

Yi Xiao pointed a finger at her nose and said sternly, "I never touched you from the beginning to the end. Your child isn't mine at all! Don't you dare blame it on me!"

"I'm sorry, Mr. Yi. Now that things have come to this, there's nothing I can do. If you're willing to give me a sum of money, I can abort this child and disappear from your sight. I'll do what I say this time."

"How much more do you want?" Yi Xiao asked as he gritted his teeth.

The pain of meeting such a woman was unbearable. She felt like a cancer that would grow again if it was not removed from the root.

Chapter 2082: This Life Is Too Painful

"One million." Guan Mei raised a finger.

Yi Xiao sneered. "You really dare to ask for too much! Do you believe that I can take your life right now?"

He grabbed Guan Mei's neck and pressed her against the wall.

"Mr. Yi... Spare me... Let me go..."

Guan Mei could not breathe and kept begging.

He waited for her face to turn red and her face to become slightly ferocious before he stopped and said threateningly to her, "Have you gotten a taste of death? Remember it well!"

Yi Xiao took out a bank card with no password. "There's no 1 million. Here's 500,000! Take the money and get lost! Go as far as you can! I'll take your life if there's another time! Do you understand?"

"Ahem... I... I understand..."

Guan Mei could feel the danger that Yi Xiao was in. She had already decided in her heart that 500,000 was enough for her to live. This time, after getting the money, she would quickly escape.

After leaving Peijing, Li Song would never find her again.

She did not want Li Song to treat her like a money tree or a money maker anymore. This kind of life was too painful.

Yi Xiao glared at Guan Mei and then left without looking back. Guan Mei had escaped the disaster. She picked up the bank card on the table and prepared to hide the card away from Li Song.

Unfortunately, as Yi Xiao was walking ahead, Li Song, who was hiding nearby, rushed back.

“Did he pay? Where's the money?”

Before Guan Mei could hide the card, Li Song came out and said evasively, “No money, he didn't give me money!”

“Nonsense! I heard it from outside the window! He gave 500,000! Give me the money!”

“No! No!”

Guan Mei did not want to give it to him, but Li Song kicked her again. He kicked her to the ground and rushed over to snatch the bank card from her.

Guan Mei resisted. She grabbed a shoe on the ground and kept hitting Li Song. After Li Song was angered, he grabbed a bottle from the side and smashed it on Guan Mei's head. He only stopped after Guan Mei fainted.

Guan Mei ceased struggling and lay on the ground with blood all over her head. Li Song threw the bottle away and immediately took the bank card from her and put it into his waist.

Just as he was about to escape, Li Song turned around and wiped the bottle clean with a cloth.

After Li Song escaped, a man wearing black sports shoes appeared at the door of the rental house. After this man entered the house, he tested Guan Mei's breathing and found that she was still alive. He picked up the bottle on the ground with his gloved hand and violently bashed her head till she died.

Then, the bottle rolled on the floor and the black sports shoes disappeared from the door.

Guan Mei's death was discovered by the neighbors. They called the police and the police immediately rushed to the crime scene to investigate.

The autopsy showed that Guan Mei's neck was strangled before she died, and then her head was smashed by a wine bottle.

After a series of investigations, the police confirmed that the suspect was Yi Xiao, the president of Juxing Entertainment.

A day later, the police found Juxing Entertainment and showed them the arrest warrant. “Mr. Yi, we suspect that you are related to the murder case. Please follow us back to assist in the investigation.”

Yi Xiao did not understand. “What murder case? I've never killed anyone!”

“Do you know this woman?”

“Yes.”

Yi Xiao looked at the photo. Wasn't that Guan Mei? Why was it her again? She was dead? What was going on?

“Mr. Yi, please come with us.”

Chapter 2083: Kill Her

Yi Xiao was handcuffed and taken away. One could imagine the impact it had on Juxing Entertainment. Originally, there were a lot of paparazzi gathered around Juxing Entertainment every day. At this time, when they saw Juxing's boss being taken away by the police, they all came to snatch the first-hand information.

Soon, news of Yi Xiao, the president of Juxing Entertainment, being suspected of murder spread like wildfire.

This time, it was a huge shock to all the Juxing employees. When Wandou found out, the first person she contacted was Fang Xiaocheng.

“Sister Orange, bad news! President Yi has been arrested by the police!”

“What?”

Fang Xiaocheng took Wandou's phone and realized what had happened. Even though she and Yi Xiao had many conflicts, Yi Xiao was still a very important family member in her life.

Now that she knew he was in trouble, Fang Xiaocheng immediately put down her work and drove to the police station to understand the situation.

She did not see Yi Xiao at the police station. Fang Xiaocheng quickly drove to the Tang Group to look for Tang Yichen. He used to be a professional lawyer and definitely knew a lot about this.

Tang Yichen had long since stopped being a lawyer and had always been the president of the Tang Group. However, Fang Xiaocheng and Yi Xiao were on good terms with them and were even neighbors in the same neighborhood.

On one hand, Tang Yichen comforted Fang Xiaocheng not to worry. On the other hand, he helped Yi Xiao find the best lawyer.

The lawyer went to the police station and found out that the suspect in the case of Guan Mei's death was Yi Xiao. For this case, there was no evidence that Yi Xiao hadn't been present. Moreover, there was quite a lot of evidence that was bad for Yi Xiao.

The lawyer had also seen Yi Xiao and understood the situation. Yi Xiao kept denying that he had killed someone and told the lawyer everything that had happened.

The lawyer comforted his client. They would also find evidence to prove his innocence.

After the murder case broke out, public opinion also pointed at Juxing Entertainment and Yi Xiao himself. After contacting them, netizens who did not know the truth all believed that Yi Xiao wanted to get rid of Guan Mei and so killed her.

The situation was not good for Yi Xiao at all. Because of this incident, it led to a chain reaction.

The reputation of Juxing Entertainment had been affected. Many cooperative projects in the film and television industry had been terminated. Juxing Entertainment's shares had also been greatly affected and plummeted. The company's shareholders held a temporary shareholders' meeting and announced that they would remove Yi Xiao from his position as CEO. They also wanted Yi Xiao to bear all the losses and responsibilities.

For the time being, Yi Xiao's assistant, Lu Nan, was responsible for managing the company's affairs.

Yi Xiao was locked up in the detention room, in great pain.

He had no idea what had happened after he left. Why was Guan Mei killed?

He wasn't worried about himself, but his wife, children, and family. They would definitely be disappointed because of him.

First it was an "affair," then it was a "child," and now it was a "murder."

His "dark" history was growing, and it could not be washed away.

He knew how terrifying the power of public opinion was. Even if he wasn't the one who did it, there was no way he could clear his name now.

Luckily, Fang Xiaocheng had decided to leave him. A man like him was not worth wasting her youth.

Just as Yi Xiao was in pain and unable to extricate himself, a policeman informed him, "Yi Xiao, someone wants to see you!"

Yi Xiao raised his head and was a little confused. He did not know who was looking for him. In the past few days, the only person he had seen was the lawyer.

In the guest room, Yi Xiao walked in and saw Fang Xiaocheng sitting quietly at the table. He was surprised. Why was she here?

Chapter 2084: Many Suspicions

"You only have ten minutes," the policeman said as he led Yi Xiao out of the room.

Yi Xiao sat down and felt a little guilty. He was silent for a long time and did not speak. Fang Xiaocheng raised her head and looked at him. She saw that his hair was messy and his chin was full of stubble. He looked so miserable and dispirited. He did not have his usual high spirits. Her heart ached for him.

"Only ten minutes. Do you have anything you want to tell me?"

Fang Xiaocheng spoke first.

Yi Xiao's expression was filled with a sense of defeat. He felt like he had given up on himself. "I've fallen to such a state. Why are you still looking for me?"

It was all because she was worried about him. In the past few days when he was locked up, she had not slept a wink. She had been running around everywhere, looking for Tang Yichen, Xiao Yuqian, and Ma

Haodong. She had found all the connections she could find so that she could get him out of here as soon as possible.

But she did not say anything. She only asked calmly, "Did you kill her?"

"No! I didn't kill anyone! I would never do that!"

Yi Xiao held his head in frustration, smoothed his hair, and put it down again. He clenched his hands into fists and slammed them on the table. The grievance in his heart was indescribable.

Tears welled up in his eyes, but he didn't want her to see him in such a sorry state.

At this moment, he felt a gentle hand wrap around his fist. He raised his head in shock and met a pair of gentle and beautiful eyes.

"I believe you, Yi Xiao."

Fang Xiaocheng said lightly.

"You... you believe that I didn't kill anyone? I didn't... you believe..." Yi Xiao was very surprised as he looked at her hand on his fist. He was so excited that he was a little incoherent.

"I believe you."

Fang Xiaocheng nodded firmly and told him, "Don't give up, Yi Xiao. We're all working hard for you. You'll be fine."

Fang Xiaocheng had been running around with her lawyer during this period of time. She also had some understanding of everything about Guan Mei. According to their investigation, there were many suspicious points about the cause of Guan Mei's death.

They also found a neighbor to confirm that Guan Mei had a gambling addict boyfriend who often abused her.

Based on the progress of the case, they found a fourth person's footprint in Guan Mei's rental apartment.

In other words, other than Guan Mei, Guan Mei's boyfriend, Li Song, and Yi Xiao, another person had appeared.

This meant that Guan Mei's death could not be confirmed to be Yi Xiao's doing alone. The other two were also suspected.

As for who had killed Guan Mei, the truth would be revealed as the two others could be interrogated.

But the question was, who was the fourth person?

Yi Xiao felt speechless. He thought that he was so unlucky that the whole world would abandon him and hate him. But now, being able to gain Fang Xiaocheng's trust and understanding, he felt like he was in a bottomless abyss, suddenly throwing a ray of hope into it.

He grabbed Fang Xiaocheng's hand and held it tightly. He was so touched that he cried. He was so excited that the corners of his lips trembled and he couldn't say a word.

"I hope you don't give up on yourself. You have to have faith in yourself. No matter how difficult it is outside, you shouldn't give up so easily."

Fang Xiaocheng knew that what he lacked the most right now was faith and courage. She did not want this matter to crush him.

Moreover, she realized an important problem. She would be angry because he had "cheated" with another woman and had a child. But when he was in trouble, she felt how much she loved him.

She could not lose Yi Xiao!

She loved this man and hoped that he would be fine.

#### Chapter 2085: Can't Leave Him

Yi Xiao was very touched. He opened his mouth again but choked up, "I'm sorry, Orange. I'm not a suitable husband or a good father. You were right to leave me. You should take Beibei with you if I can't get out this time! I'm sorry, Orange!"

It was useless even if Fang Xiaocheng alone believed him. From the beginning to the end, he always felt that Guan Mei was a trap one after another, dragging him down step by step.

It would not be easy for him to get out.

He did not want to be a burden to Fang Xiaocheng and the child anymore.

"Silly girl, I will wait for you. Beibei and I both need you," Fang Xiaocheng comforted him. The more difficult it was, the more she couldn't leave him.

Yi Xiao had never thought that Fang Xiaocheng would not mind the current him and actually say that she was willing to wait for him. He felt happy and sad. "But I don't want to burden you anymore!"

"You're about to become a father, how could you say you're not a burden?" Fang Xiaocheng asked.

Yi Xiao thought she was talking about Guan Mei and smiled bitterly. "Don't mock me. I really didn't touch Guan Mei, and the child in her belly isn't mine. Even though you might not believe me, it really isn't mine!"

"I know. I'm not talking about her."

Fang Xiaocheng knew that she had misunderstood Yi Xiao after some investigation. He had never betrayed her. It was all a trick that Guan Mei had used to raise her social standing.

Now, no one would pity that the woman had sacrificed her life because of her own actions.

"So... you mean... you are expecting?"

"Yes, from that time."

Yi Xiao had used a forceful method to take her that time. It was only recently that Fang Xiaocheng felt unwell and realized she was pregnant when she went for a checkup.

It was probably fate that made her unable to leave this man!

That was why they had been given a child.

Yi Xiao was stunned. It took him a while to regain his senses. He was so surprised that he didn't know how to describe his feelings. "I... I... I'm going to be a father... I... Orange... I..."

He held her hands excitedly, his eyes shining brightly. He was so touched that he wanted to pick her up and spin her around three times.

Unfortunately, at this time, the police came over to inform them, "Okay, time's up! Meeting is over!"

Yi Xiao had no choice but to let go of Fang Xiaocheng and leave the room. When he went out, he still looked back at her reluctantly.

Fang Xiaocheng smiled at him and pointed at him with both hands. She then patted her own heart and told him with a gesture:

She would keep him in her heart!

She would always think of him!

With Fang Xiaocheng's visit, Yi Xiao gained strong psychological support. His dispirited mindset was swept away and he began to face the pressure from the outside world.

He was willing to cooperate with the lawyer and take the initiative to explain the problem clearly. The lawyer and the police would handle the rest. He believed in justice and believed that the law would not wrong an innocent person.

During the time he was detained, his assistant Lu Nan had visited him a few times and reported to him about the company.

"I can't go out for the time being. Thank you for everything, Lu Nan," Yi Xiao said gratefully.

"Don't worry, President. Yi. I'll take care of everything."

Lu Nan was dressed in a black suit and looked very serious. When he closed his documents and was about to leave, he did not forget to tell Yi Xiao, "Oh right, President Yi, the company will hold a temporary shareholder meeting tomorrow. The shareholders may choose an executive president to take over your position."

Chapter 2086: Big Changes

"I got it. Go back to work!"

Yi Xiao no longer cared about the position of president. He only cared about when he could regain his freedom and when he could return to his wife and son.

Everything else were just worldly possessions. Money could be earned back and new jobs could replace lost ones. But what would be left of a person if freedom and family were lost?

Due to Yi Xiao's incident, Juxing Entertainment was severely impacted and now, there would be a massive internal adjustment.

The shareholders held a temporary shareholders' meeting. After a vote, Juxing finally had a new CEO.

It was the former president, Yi Xiao's assistant, Lu Nan.

Lu Nan took over the role of the CEO during a critical period. He stood at the head of the meeting room and began his first important inauguration speech.

After the speech, Lu Nan entered Juxing Entertainment's president's office.

Sitting in front of the president's desk, Lu Nan spun the leather chair and felt a sense of accomplishment.

He turned the chair around and eyed the crystal plate on the table. Yi Xiao's name was still engraved on it.

He called the new beautiful secretary in and got her to replace the nameplate on the table. He also asked the administrative center to come over and change the items in the president's office.

After the office was completely changed, Lu Nan stood in front of the floor-to-ceiling window and gazed at the rising sun. He felt that a new era had arrived.

He would let Juxing develop better. He would prove to everyone that his leadership was better than Yi Xiao's.

The first thing Lu Nan did after taking office was to clean up the company.

In fact, ever since Chu Yuhe stepped down, the company had been through two CEOs. One was Huo Yunshen's third sister, Huo Sanyan, and the other was Yi Xiao.

Under the leadership of the two of them, Juxing's culture and management had been shaped into a new standard and heights.

Juxing Entertainment was on the right track and had always been in close contact with Jingyue Entertainment. They followed Huo Yunshen's principles and standards when he was in charge of Yunhai Entertainment in the past. The general direction was definitely correct and there was no need to make too much adjustments.

However, after Lu Nan went on stage, he directly changed the blood of those senior executives who assisted Yi Xiao.

Even Wandou, the head of the public relations department, was not spared.

Wandou was fired. She came out of Juxing with her suitcase and happened to meet Fang Xiaocheng.

"Wandou, didn't you do a great job?" Fang Xiaocheng asked. "Yi Xiao always praised you and said that you were perfect for the job. Why are you fired now?"

"Don't mention it! As soon as President Lu went on stage, a lot of staff were cut off. He didn't even talk about their past relationship. He's not as easy to talk to as President Yi."

Wandou sat in Fang Xiaocheng's car and complained.

Fang Xiaocheng listened to Wandou's complaints about the company's changes and did not know what to say.

From what she knew, during Yi Xiao's tenure, the company had been developing in an orderly manner. Even though Yi Xiao was usually strict, he treated his employees equally.

Why had Lu Nan's style changed so drastically after replacing Yi Xiao?

Shouldn't he follow the principles and ideals that Yi Xiao had left behind and continue on the good work? Did he need to destroy Juxing and reestablish a new rule?

Chapter 2087: I Love You So Much

Wasn't this Lu Nan completely denying Yi Xiao's style of management?

Fang Xiaocheng had not interacted much with Lu Nan, and she could not easily judge him. At this moment, she asked Wandou, "Do you have a place to stay?"

"No, I used to live in the company's dormitory. Now that I've left my job, I definitely have to move out of the dormitory. I plan to find a place to stay first."

Fang Xiaocheng had always treated Wandou as a good sister. They had been getting along very well these past few years. They would usually gather together on weekends or eat at home.

"If you don't mind, why don't you move in with me?"

"How can I? It's not appropriate for me to stay at your house, right?"

"I'm renting a house outside now. Beibei and I are the only two living in it. There's an extra empty room for you."

"That's great! Sister Orange, you've solved a huge problem for me. I love you so much!"

Wandou smiled.

The problem with the house was easy to solve. Fang Xiaocheng was also concerned about her job. "Now that you've lost your job, what are you going to do next?"

"What else can we do? Listen to my mother and go home to find a rich and handsome man for a blind date, then get married and have children."

Wandou was not young anymore. Her family had been urging her to find a partner and get married soon, but she had not considered anyone for the past few years.

She never had another boyfriend ever since she broke up with Mu Chenguang.

Wandou's heart ached when she thought of Mu Chenguang.

The last time they met was at Sister Jing Xi and Mr. Huo's wedding. Although they had met, they had become strangers.

"Is it really impossible between you and Mu Chenguang?"

"How can it be possible? He's a rich young master. I'm just a commoner. I'm not worthy of him at all. Marrying a rich young lady would be perfect for him!"

Wandou said it very casually on purpose. In fact, only she herself knew how bitter her heart was.

It isn't easy giving up on someone you loved.

Wandou did not want to think about sad things anymore. She changed the topic and said, "Forget it, forget about me. What about President Yi! Have we found enough evidence? What are we missing? Is the test report out?"

"The report is out. The autopsy report and DNA report can confirm that the child is Li Song's and not Yi Xiao's."

After this was confirmed, there was no misunderstanding between Fang Xiaocheng and Yi Xiao. Yi Xiao had indeed never touched Guan Mei from beginning to end. The child was also a tool that she and Li Song used to blackmail Yi Xiao.

"So, do we have a good chance of winning?"

"The police have caught Guan Mei's boyfriend, Li Song. Right now, Li Song is both a suspect and a witness. He can provide proof that Yi Xiao did not kill anyone. As long as he is willing to tell the truth when he is in court, we have a 70% chance of success. The trial will begin in three days. If everything goes smoothly, Yi Xiao will be out very soon."

Fang Xiaocheng was relieved. She was looking forward to the trial and hoped to release Yi Xiao as soon as possible.

"Does that mean that even if we can't find a fourth person, President Yi will be able to clear his name?" Wandou asked.

"Yes, I think so."

"In that case, Li Song will become the most important witness in this case. Is he safe now? What if the fourth person wants to harm him?"

Wandou asked casually but her point made sense.

Chapter 2088: Deliberately Plotting Trouble

"I think Li Song is being detained at the police station now. It must be safe there."

Fang Xiaocheng also realized the importance of this problem. If Guan Mei's death could be the fourth person deliberately killing and framing her, then that person would definitely find a way to get rid of Li Song.

It seemed that Li Song's safety was very important. After all, the trial was about to begin.

Fang Xiaocheng took Wandou back to the rental apartment and settled her down before going to her assistant Peach's place to fetch her son back.

After entering the house, Xiao Yibei was surprised to see Wandou. Wandou smiled and greeted him. "Hello, Beibei. You didn't expect me to be at your house, did you?"

Fang Xiaocheng let the child greet her. "Beibei, quickly call Sister Wandou!"

Yi Bei was also very familiar with Wandou. He ran over and shouted, "Sister Wandou!"

“Wandou, I don't know how to cook,” Fang Xiaocheng said as she looked at the time. “Why don't we order takeout tonight?”

“Anything is fine! Ask Beibei!” Wandou pinched the little boy's chubby little face and asked, “Beibei, what do you want to eat tonight?”

“I want to eat the sweet and sour pork made by Sister Wandou,” Yi Bei said.

“Ha, little brat, your memory is really good. You can't forget after eating once, right?”

Wandou's culinary skills were not bad. She had shown her skills in the past, but she did not expect the little boy to still remember it!

Fang Xiaocheng coaxed the child. “Beibei, we can't cook now. There's no food at home.”

Little Yibei pouted, feeling a little disappointed.

Wandou had a good idea. “It's okay, it's okay. I'll make it for you. It's okay if there's no food at home. I can get it done online.”

Just like that, under Wandou's request, she ordered some ingredients to be delivered within an hour.

When all the ingredients were ready, Wan Dou said to Fang Xiaocheng and her son, “All right, you two just wait and see! I'll make you something delicious!”

Wan Dou knew that Fang Xiaocheng did not know how to cook. She had seen a takeaway box in the trash bin just before she entered the house. She thought that it would not be nutritious for the mother and son to eat takeaway all day. Now that Fang Xiaocheng had kindly taken her in, she had to do something to repay her.

Wan Dou busied herself in the kitchen for a while. Soon, a few dishes were served on the table. There was Beibei's favorite sweet and sour pork ribs.

“Time to eat.”

The three of them sat down and ate together. Little Yibei was very happy to eat delicious food.

Wandou told him to eat more, but the child did not eat all of it. Instead, he left half of it for his father.

“Beibei is so sensible!” Wan Dou praised.

“You should eat. Daddy can't come back today.” Fang Xiaocheng told her son not to leave any food for her father.

“When is Daddy coming back? Beibei misses Daddy so much!”

“Soon.”

The adults did not tell children about Yi Xiao's matter. Yi Bei did not know where his father had gone. His mother only told him that his father had been very busy recently and had gone on a business trip.

But why wasn't he back yet?

Little Yibei woke up in the middle of the night and had a nightmare. He kept calling his father. Fang Xiaocheng immediately hugged her son and comforted him.

“Don't worry. Are you having a nightmare?”

Yi Bei hugged his mother tightly and nodded. “Mommy, I dreamed of Daddy. He was bleeding badly!”

Fang Xiaocheng felt a little upset when she heard that. She comforted him, “Dreams are normally the opposite of reality. Daddy is doing very well now.”

“Then why isn't he back to find me yet?”

Chapter 2089: Something Unusual

“He's abroad now!”

“But why did some kids call my dad a murderer?”

“Your father is not a murderer. Don't listen to other people's nonsense. Your father is the best father in the world. He will not do anything bad. He has never killed anyone. He is a hero. It's just that he is in some trouble now.”

Fang Xiaocheng patiently explained to her son.

Yi Bei nodded.

“Go to sleep. When you wake up, Daddy might be back in a few days.”

Yi Bei lay down and closed his eyes obediently. Fang Xiaocheng kissed her son's forehead before lying down again.

But all she could think of was Yi Xiao.

The court would be held the following day. She hoped that everything would go well and that Yi Xiao could hold on.

Beibei and I are waiting for you!

Everyone knew about Yi Xiao.

It had only been a few days since Jing Xi had returned to the Dragon Kingdom, and something like this happened again. She showed the news to Huo Yunshen. “Husband, Yi Xiao is in trouble this time!”

“Yes, I know. I've already contacted Old Tang and Xiao Yuqian. Old Tang will arrange for the best lawyer to defend Yi Xiao. Don't worry, he will be fine.”

Huo Yunshen comforted his wife.

“The last time I went back, I had already thought it through and planned to give him a chance. I didn't expect this to happen again. I'm really worried that Orange will break down.”

“Don't worry. Old Tang has already investigated in secret. Moreover, this matter is not as simple as it seems on the surface. Someone is deliberately targeting Yi Xiao. Otherwise, he wouldn't be so unlucky. You should know what it means when it's easy to dodge a spear in the open but hard to defend against a

hidden arrow in the dark. If someone is trying to frame you in secret, then it will be very difficult for you to realize it. I'm thinking, should we completely cut down Juxing this time?"

"Cut down?"

"Yes."

Even though they were no longer in the country, they still had shares in Juxing Entertainment, Jingyue Group, and the Tang Group.

They were both major shareholders of the company and had the right to speak.

Usually, when she did not return to the country, she would be represented by a lawyer.

Lu Nan, Juxing's newly appointed CEO, had already gone against the Huo family's original development plan.

Huo Yunshen noticed something unusual from Lu Nan's behavior.

"I hope everything will get better!"

Jing Xi could not go to Zstan for the time being. She could only pray for Yi Xiao and the others here. However, they would also keep an eye on Zstan in the Dragon Kingdom.

The day before the trial, Fang Xiaocheng met with Lawyer Jin, who was in charge of Yi Xiao's case. They confirmed the evidence needed for the trial.

Mr. Jin told her not to worry. He had never failed a case before.

Fang Xiaocheng was very confident about this. Lawyer Jin was the most powerful person in the modern world, and it was very difficult for ordinary people to hire Lawyer Jin. But because Tang Yichen had a good personal relationship with him, Lawyer Jin was willing to help.

Everything was ready for the court session.

That night, the suspects were already asleep in the detention center.

In the middle of the shift, a figure sneaked into the detention center.

Not long after, this person came out from a certain place. He had already changed into a police uniform. He looked for the route and found the suspect, Li Song, who was in the innermost cell.

Li Song was already sleeping on the bed with his back facing the outside.

The metal door behind him was quietly opened. The slightest creak couldn't wake him at all.

Chapter 2090: Extremely Bad For Him

Soon, the man who was disguised as a police officer came in. He took advantage of Li Song's surprise and covered his mouth and nose. He stabbed Li Song's back with a sharp knife repeatedly.

When he felt that Li Song was no longer breathing, the man wiped the blood off the knife on Li Song's body and left quietly.

Everything was done in total secret.

The next day, on the day of the court hearing.

Yi Xiao stood at the defendant's seat and glanced at the people sitting at the bottom of the court. He saw his wife Fang Xiaocheng, Wandou, Xiao Yuqian, and his parents and sister all attending the trial.

Other than that, there was also his former assistant, the current president of Juxing, Lu Nan, and a few colleagues from his previous company.

They sat below the stage and waited for the trial to begin.

The lawyer in charge asked Yi Xiao about the incident on the day of the victim's death. Yi Xiao answered them one by one, but the lawyer in charge was aggressive. Everything was pointed at Yi Xiao, and it was extremely disadvantageous for him.

His lawyer, Lawyer Jin, used the evidence they already had to defend Yi Xiao.

Lawyer Jin requested for the second defendant to be the most important witness in the case, Li Song. However, the news that Li Song was killed in the detention center came instead.

In an instant, the whole courtroom was in an uproar. Everyone was discussing the cause of Li Song's death.

“Order! Order!”

The judge pounded his gavel and signaled for the crowd to keep quiet.

Now this case became even more complicated. Li Song being killed meant that there was no witness, so Yi Xiao could not escape the suspicion of murder.

In the end, the judge announced that the trial was over. The second trial would begin in a week's time.

Yi Xiao was taken away by the police. Before he left, he looked at Fang Xiaocheng, who was watching him through the crowd.

They were too far apart to talk, but Fang Xiaocheng told him with a determined look that she would wait for him.

After leaving the court, Fang Xiaocheng waited until Mr. Jin came out and asked anxiously, “Mr. Jin, what should we do now? Is there any way for my husband to clear his name?”

“Don't worry, Mrs. Yi,” Mr. Jin said. “I'll go to the detention center now.”

“Thank you.”

Fang Xiaocheng left with the Yi family. Old Madam Yi was very sad now. She felt that her son was in deep trouble and it would be difficult for him to get out.

“Mom, don't be sad. The trial isn't over yet. No one can accuse Yi Xiao of being guilty till then! I believe he's innocent!”

Fang Xiaocheng comforted the old lady and asked Yi Hanyue to bring the two old men back.

She went to look for her friends once more to think of solutions.

After suffering for a week, the second trial finally began.

Everyone went back to their positions and appeared at the scene of the trial. Yi Xiao was once again standing at the defendant's seat, but he did not show any signs of being dispirited. Instead, he had a belief in his heart that the law would definitely give him justice.

The trial officially began. This time, the prosecution's lawyer brought up a new charge against Yi Xiao for Li Song's murder. He accused Yi Xiao of hiring an assassin to silence Li Song.

“No! I didn't do such a thing!”

Yi Xiao felt that the new charge was simply laughable. He had been detained by the police all this time so how could he hire someone to kill Li Song?

The prosecution lawyer requested to call the witness.

The man who was brought in just happened to be the man who broke into the detention center the night before the first trial and tried to kill Li Song in secret.
