

Priceless Baby 661

Chapter 661: Already Knew How To Reserve A Girl In Advance

"Oh, right!" Huo Yunshen changed his words in time, "Mom, I am your son-in-law, Huo Yunshen. This is my first time visiting you."

In front of his mother-in-law, Huo Yunshen took Xu Xiyan's hand and said solemnly, "I, Huo Yunshen, swear to Heaven that in this lifetime, I'll protect my wife and daughter with my life. Please rest assured and leave your daughter in my care!"

Tang Feimo had been watching silently. He saw Huo Yunshen vow as he knelt. He had a notion. He picked up Ying Bao's little hand and said in a very serious tone, "Great-Auntie Jing and Auntie Jing, I, Tang Feimo, also swear to Heaven that in this lifetime, I will protect Cherry with my life. Please leave Cherry to me and rest assured!"

When he finished his words, Huo Yunshen, Xu Xiyan, and Ying Bao turned to look at him at the same time. Tang Feimo did not feel embarrassed at all. He directly asked Ying Bao, "Cherry, are you willing to get along with your big brother?"

Ying Bao thought that he was playing a game with her. She nodded, "Baby is willing. Baby wants to get along with big brother every day."

Tang Feimo was happy. He held Ying Bao's little face in his hands and kissed her on the cheek. "Okay, that settles it! From now on, you can only be your big brother's little wife!"

"Okay," Ying Bao answered crisply.

Xu Xiyan and Huo Yunshen exchanged looks of bewilderment after seeing how the two kids had interacted with each other. They were really amazed—they couldn't not be.

Tang Feimo was only 7 years old, and he already knew how to reserve a girl in advance!

Oh my god. Xu Xiyan was suddenly beginning to worry about her little princess too.

As they were paying respects here, a black car parked by the woods in the distance.

A cold, imposing man sat in the back seat of the car. He was wearing sunglasses and his face was unclear except for the sharp angles of his face.

Sitting beside him was a woman in a sexy open-back dress. The woman traced a painted nail lightly upwards along his muscular chest.

"Hands off!" Mo Yutian reprimanded her coldly. Xu Xinrou's hand jerked in shock and she quickly withdrew her hand away from his chest.

"I'm sorry, President Mo..." Xu Xinrou said gingerly in fear of offending the high and noble man.

However, she was really curious. Mo Yutian had taken the initiative to find her and provided her with excellent quality of life. He was literally her sugar daddy now, yet he didn't touch her. Why?

Was she not charming enough?

Or did he not like her at all?

But if he did not like her, then why bother becoming her sugar daddy?

Basically speaking, Xu Xinrou was completely unable to understand the logic behind Mo Yutian's appearance and his becoming her sugar daddy. It didn't make sense.

Although she was full of curiosity, she did not dare to question him too much.

She looked out the window and realized that they had come to a cemetery. She said gloomily, "President Mo, what are we doing in the cemetery?"

Mo Yutian took a deep breath. He did not answer her. He only stared coldly out of the window at the slender figure in the graveyard in the distance.

That girl is called Jing Xi.

Only after coming to Peijing, he realized that the real name she had left for him, "Xu Xinrou," was actually a fake name.

The Xu Xinrou sitting next to him was not the Miss Yim he knew. If she hadn't said that she knew Jing Xi, he might have already kicked her out of the car.

The origin of the story may have to be traced back to six years ago, when he led the Dark Zone in a battle against the top leader of JS, Zeus. He had not only lost his brother at that time, but he had also lost his right leg.

Three years earlier, when he was going through rehabilitation at the Estan Disabled People's Federation (EDPF), he met with an instructor who helped him with rehabilitation and gave him psychological counseling. Her name was Miss Yim.

Chapter 662: A Particularly Difficult Problem

At first, he did not like her. But after getting used to being around her and accepting her, Mo Yutian grew special feelings for Miss Yim.

Later, she told him that she was leaving EDPF. He had asked her for her name and contact information. He wanted to go to look for her on the day when he was able to walk and move freely again.

But who would've thought that the name she had left for him was "Xu Xinrou." When he came to Zstan and met up with Xu Xinrou, he realized that he had met up with the wrong person. Or perhaps, Miss Yim had deliberately given him a fake name.

One of his staff had spotted Miss Yim in a TV series. Now, he had found her, but she was with Huo Yunshen.

Mo Yutian was silent for a long while before speaking up, "What is the relationship between Jing Xi and Huo Yunshen?"

This was a particularly difficult problem he was encountering now.

The girl he liked seemed to be with his hateful enemy. What should he do?

"They're a couple."

When Xu Xinrou said this, she was very upset because she had made a bold guess about something.

She guessed that the reason Mo Yutian had tracked them here and asked about Jing Xi was most probably because he was interested in Jing Xi.

Damn it, why do all men flock to Jing Xi?

"Those two children are their children?" Mo Yutian asked again.

"No! Certainly not."

Xu Xinrou also saw the two children; a little boy and a little girl. The little boy was tall and looked about seven or eight years old. He couldn't possibly be their child.

The little girl was Cherry Baby. It had already been revealed back then that she was Huo Yunshen's daughter. But to say that the child is Xu Xiyan's...she really could not believe it.

The two had not met at all five years ago. How could there be a four-year-old child between them? It was impossible.

Even if Huo Yunshen had gifted Jing Xi an eighty-million-yuan ring, what would it prove?

The two of them had never announced their marriage and had not even held their wedding. It could only be said that Jing Xi was only a sugar baby that Huo Yunshen had taken in his care.

She just could not accept that Jing Xi was living a better life than her. Xu Xinrou could only delude herself every day and curse Jing Xi, hoping that she would get abandoned by Huo Yunshen as soon as possible.

When she saw the child, it naturally reminded her of her own that was lost in a miscarriage. It was Xu Xiyan's fault that she had miscarried, and hatred began to seethe out of her heart.

She finally had an idea that could turn the tide. Even if the child was not Xu Xiyan's and Huo Yunshen's, she could also make up a story!

As long as Xu Xiyan was at her proudest, exposing the child to the media would definitely be a fatal blow to her.

Just imagine, Xu Xiyan and her illegitimate daughter entangling with the scandal of her premarital pregnancy. Xu Xinrou felt very pleased with that thought.

Mo Yutian looked away from them and ordered the driver to drive. "Drive the car!"

He was willing to believe Xu Xinrou's words that the two children were not Jing Xi's. In his heart, he hoped that Jing Xi was still single and unmarried.

However, even if she was married, so what?

Mo Yutian would use any means to take back the woman he wanted, no matter what.

The question now was: how should he meet up with Jing Xi?

After Xu Xiyan and the others were done paying respects to Jing Ruyue, they directly headed to Yunrui Nursing Home from the cemetery to see Xu Xiyan's grandfather.

After a period of conditioning and treatment, the elderly man's Alzheimer's disease was clearly controlled. His condition had improved a lot.

Xu Xiyan chatted with him for a while. With some prompting, he was able to recognize her.

Chapter 663: No One Will Ever Look Down on Her Anymore

"Yanyan? It's really you? Are you really my granddaughter? You've grown so much!" old man Xu exclaimed. He was glad to be able to see his granddaughter all grown up.

"Grandpa, it's really me. I'm here," Xu Xiyan said as she held her grandfather's hands.

Tears of happiness began to roll down her cheeks as her grandfather was getting better by the day.

The old man noticed a little child standing in front of his bed and asked, "Who's this little thing?"

Before Xu Xiyan could even answer, Ying Bao quickly explained, "Great-grandpa, did you forget about me? I even gave you candy last time. How can you forget that?"

"..." old man Xu looked at the little girl but could not recall any memories of ever meeting her.

"Grandpa, she's Ying Bao, my daughter, your great-granddaughter," Xu Xiyan smiled.

"Great-granddaughter?" old man Xu repeatedly said and finally realize something. "Yanyan is married? And you even have a child now?"

"Yes, she's four now."

Old man Xu regretted not being able to attend his granddaughter's wedding but only for an instant.

"As long as you're happy, then everything will be fine," he said.

The little girl played with the old man until he fell asleep, and they went back home.

It was time for Xu Xiyan to take care of work-related stuff.

The third largest entertainment company in Peijing, Juxing Entertainment, was about to have a huge change in their policies.

The whole management had fallen after Chu Yuhe was sentenced to life and Huo Sanyan quickly took the spot of Juxing's CEO.

The first thing she did was to take care of Juxing's internal problems, changing bad policies and offering new shares, all to bring Juxing back to the right path. It was as if she was giving a new soul to the whole company.

Huo Sanyan was completely different when she was working. She was like Huo Yunshen, strong and diligent.

After the changes happened, people finally understood that the standings of the entertainment industry had changed completely.

The new company, Jingyue Entertainment, had replaced Yunhai Entertainment as the largest entertainment company.

Xu Xiyan was glad for Jingyue's success, which she had already foreseen since Xiao Yuqian was the one handling the company.

No one would ever look down on her anymore because of the company she belonged to.

Xu Xiyan attended the ROSUE product launch event as the global brand representative.

Since she was the main character for the event, she was waiting for her cue in the resting room backstage.

Xue Yating knew that Xu Xiyan was waiting there and went there to support her.

"Tingting, what's wrong? Why did you lose so much weight? Are you on a diet?" Xu Xiyan asked as soon as she saw Xue Yating.

Xue Yating was wearing a black dress, and Xu Xiyan could see how her body was. Even Xue Yating's chin was sharper than before.

Not only did she look skinny, but she also looked depressed.

"Of course not," Xue Yating laughed but stopped as Xu Xiyan stared at her.

Xue Yating's smile disappeared as she frowned. It was as if she had something to say but could not let it out.

"What's wrong? Did something happen?"

Chapter 664: I'm In Trouble

"What's wrong? Did something happen?" Xu Xiyan asked as she grabbed Xue Yating's hands.

"Sis... I... I'm in trouble."

"What trouble?"

As both of them were talking in the waiting room, An Xianming walked past it and stopped in front of the door as he heard Xue Yating's voice.

His niece was there, but not for him.

Xue Yating's expression worsened as she hesitated and explained, "I'm pregnant."

"Say that again?" Xu Xiyan said in surprise. "Whose? When?"

Xue Yating had never mentioned anything about having a boyfriend. The only time she fell in love was with Xu Xiyan's version of Ye Xun, and that ended after Xu Xiyan explained everything to her.

Xu Xiyan was surprised that Xue Yating was pregnant.

Even An Xianming was in shock. Tingting is pregnant? Is it mine?

"I don't know," Xue Yating replied.

It was the reason that her pregnancy was bothering her. She has no idea who the father was.

"Does your dad know?"

Xu Xiyan was more surprised that the child belonged to some stranger.

Xue Yating was in serious trouble.

The Xue family was one of the biggest families in Peijing, and the family was strict on everything. Even though her father loved her, he would still put the name of his family first. If her father knew about it, he would definitely punish her.

"I'm afraid to tell him, he'll definitely beat me," Xue Yating sobbed as she shook her head. The reason she came to Xu Xiyan was that she has no idea how to solve the trouble.

"Do you have anything in mind? Do you want the child or not?"

"I can't have the child," Xue Yating said.

The child would tarnish her family's fame, and she did not want to trouble her father.

It was as if someone was choking An Xianming around his throat as soon as he heard that Xue Yating did not want the child.

He always dreamt of being together with Xue Yating and forming a family with her. They finally had a child, and yet...

"Sis, I really have no idea what to do... Can you help me think of something? You're the only one I can trust now," Xue Yating cried.

"All right, calm down. I'll help you think of something," Xu Xiyan said. "Are you sure you can't find out who the father is? If we can find him, maybe he'll take responsibility, and..."

"I really don't know... If I'd known who it was, I would've killed him already!" Xue Yating shouted in anger.

An Xianming could not help but feel troubled. If Xue Yating were to know that the person she was talking about was him, she would never forgive him.

"Then, since when were you pregnant with the child?"

"About one month ago."

It was the day after the ROSUE audition.

Xu Xiyan thought of the incident where she was drugged and wondered if Xue Yating was the same too. She still remembered that An Xianming was at the scene too and wondered if he knew about the person who took Xue Yating away that night.

Xu Xiyan pondered for a moment and said, "How about this? After the music festival in D City, I'll find a decent hospital for your abortion?"

Chapter 665: Do It In Secret

Due to Xue Yating's unique identity, they could only perform the abortion in secret. If word did get out, it'd be bad for her.

"All right..." Xue Yating nodded, as that was the only choice she had.

An Xianming tightened his fist as he heard them talking about abortion.

He thought that he should at least not hide and should take responsibility for his actions and for Xue Yating.

He decided in his heart that after the event, it would be time to face his brother.

There were quite a few celebrities who had RSVP'd to the event, and Ning Xin was one of them.

She attended the event as one of the candidates for the global brand representative. Since Yang Qiong was out of the picture, she still had a chance at landing the spot.

A few B and C-list celebrities all congratulated her as soon as they saw her.

"Ning Xin, you'll definitely land the spot!"

"She's right. Now that Yang Qiong is out, ROSUE will have to choose from the rest of the candidates. You're the best among them, it'll definitely be you!"

"No one 's even close to taking her spot!"

Ning Xin was happy to hear their praise. Even she believed that her chance was high since ROSUE's president, Madam Lin Lan, had personally invited her to the event.

The event began with Lin Lan giving a speech.

She looked at the camera and said, "Ladies and gentlemen, I would like to express my gratitude to all of you who are here at our launch event! We could not have made it to this day without the support from everyone for the past 20 years."

It was a long speech and Lin Lan ended it with a video.

"I would also like to thank Director An for the advertising film that he has prepared for us. Please sit back and enjoy this year's advertising film for ROSUE!"

Most of the guests were shocked by the sudden introduction of the film. If the film was completed, it would mean that they'd already chosen their representative.

Ning Xin was also confused by the sudden turn of events. She thought that they would be announcing her as the representative.

Lin Lan walked down the stage, and the film started to play.

The first thing that appeared on the screen was a butterfly as the crowd all focused on it.

The butterfly flew past the blue sky and white clouds, the green forest, and blue stream until the back of a beautiful girl appeared on the screen.

The girl was wearing a cheongsam during the times of the Republic of China. The girl was standing in front of a train platform as the butterfly landed on her shoulder because of the fragrance on her. She slowly turned around and looked at the butterfly.

Even though it was just for a moment, the guests were shocked by her beauty, a beauty that was enough to take their breath away.

She stared at the butterfly with her beautiful eyes as if she wanted to stop time.

Everyone was shocked by her beauty, and they began to wonder who she was.

Yet Ning Xin had already figured it out. It was Xu Xiyan.

Chapter 666: In A Dangerous Situation

Don't tell me they've already decided that Jing Xi will be their brand's representative? Ning Xin scolded in her head as she tightened her fist. Then why did they invite me here?

She hated Xu Xiyan. Before she could even take revenge for what Xu Xiyan did to her last time at the Imperial Hotel, Xu Xiyan had already taken away her spot as the representative.

The film continued as a soldier came into the picture. Both of them looked each other in the eyes, filled with love and memories.

In the next scene, the soldier boarded a train and left with his comrades. He waved goodbye to his wife with tears sliding down his cheeks.

Dozens of years pass, and an old man comes down from the train. On his uniform are medals that he was awarded after being apart from his wife for five decades.

Being away from home for that long, he'd already lost contact with his wife, and the first thing he did was to look for her.

He searched through many places until a butterfly brought him to her. She has the same white hair as him.

Even though a long time has passed, she still wears the same dress. It's as if time has stopped ever since he left, as their love for each other never changed.

The film ends with the two old people holding hands. It's the most touching moment of the entire film.

The film was just too beautiful.

Even when Xu Xiyao and her male counterpart were dressed as old people, they merged into the whole film naturally, showing the undying love that every person is seeking.

The crowd began to applaud An Xianming's product. It was an advertisement filled with creativeness and meaning.

In reality, the concept of the whole film was from Xu Xiyao's audition. An Xianming took the butterfly and created a perfect film.

After the film had ended, the runway show began.

Ning Xin knew that Xu Xiyao would end the runway show by coming out in a swing high up in the air.

She smiled cunningly as she saw a chance arrive for her.

Ning Xin ordered her assistant to sabotage the swing and make her fall from it. Even if Xu Xiyao did not die from the fall, she would at least break her arms and legs.

At the end of the runway, a butterfly with blue shiny wings flew up to the ceiling and was followed by many more behind it.

The guests were attracted by the sudden appearance of the real butterflies.

All of the butterflies flew in the same direction, and the guests trailed them with their eyes until the butterflies were high up in the air, when a swing came down from above with Xu Xiyao sitting on it like a goddess.

The butterflies began to dance around her as a shiny butterfly landed in her hand.

Everyone was astonished by the show that had been uniquely prepared by the organizer.

Yet it was at that moment that one of the pieces of cloth that acted as the rope tore and the swing fell to one side.

Everyone was shocked and worried as Xu Xiyao dangled in the air.

Even if she did not die from the fall, she would be seriously injured.

Chapter 667: Taking Advantage of the Situation

Due to the sudden situation, the guards all ran to the stage, ready to help Xu Xiyao.

Luckily, Xu Xiyao caught the cloth that was still intact and dangled in the air.

After she had calmed herself down, she twirled the cloth around her wrist and began to rock her body.

As she began to rotate, she wrapped the cloth around her legs and began performing circus acts.

With her flexible body and her training in martial arts, the circus acts were like a walk in the park for her.

The crowd began to cheer for her performance.

Her actions shocked the higher-ups of ROSUE and An Xianming as they could not believe that she could turn something unexpected into a splendid performance.

She was someone who could take advantage of any situation.

As the crowd was cheering for Xu Xiyan, Ning Xin was cursing in her head.

She initially wanted to hurt Xu Xiyan, but who could've thought that Xu Xiyan would turn the accident into something that benefited her.

Huo Yunshen was watching the live stream of the show. His heart almost stopped when he saw the rope break and the dangerous situation Xu Xiyan was in.

He let out a breath of relief when he saw Xu Xiyan escape the accident with a performance.

Everyone was so immersed in Xu Xiyan's performance, they forgot about the cloth that tore apart. But Huo Yunshen was different, he quickly took out his phone.

He ordered his men at the scene to check how the cloth had torn.

If it was just an accident, then it was all fate; but if someone had tampered with it, then they would have to taste his wrath.

The event ended smoothly, and Xu Xiyan left the hotel through the back door.

She waited until a black Rolls Royce stopped in front of her. She thought it was Huo Yunshen's usual car and ran towards it. She opened the door to the back seat and went in.

"Let's go," Xu Xiyan said as she took off her mask and cap.

The man at the wheel did not reply to her and drove out of the alley.

After the car had left, another Rolls Royce with almost the same plate number stopped where Xu Xiyan had stood. Huo Yunshen sat in the back seat of the car and waited patiently while he checked his watch.

Xu Xiyan sat in the back of the car and could only see the back of the man's head and the sunglasses that he was wearing.

She moved forward and asked, "Hey, hubby, why aren't you saying anything?"

The man remained silent, and Xu Xiyan thought it was weird. She moved even further to the front to check on him and quickly pulled herself back to her seat.

The man that was at the wheel was not Huo Yunshen.

"Who are you?" Xu Xiyan questioned as she looked around the car. The difference from Huo Yunshen was quite huge, and the aroma in the car was different.

Chapter 668: Defensive Mode

The man stopped the car on the side of the road and turned his head around, taking off his sunglasses as he smiled at Xu Xiyan.

Xu Xiyan noticed the perfect facial features of the man and was shocked by who it was.

“Mr. Mo?” Xu Xiyan smiled. “It's really you?”

She knew who the man was. He was a huge client at the place where she did her counseling job in Estan.

She used to be his counselor when his leg was cut off. She helped him get back on his feet, and he installed a prosthetic.

She never thought that he'd recovered and could even drive his own car.

“It's really been a long time, Yim,” Mo Yutian smiled.

Mo Yutian was able to hide all of his darker side in front of Xu Xiyan and showed his brighter side.

“It really has been a long time. Since when did you come to Zstan? I mistook your car for someone else's.”

Xu Xiyan could not believe that the wrong car she'd gotten into was Mo Yutian's.

“I just got here not long ago. I've heard from others that you've changed your name to Jing Xi now?”

“Yeah...” Xu Xiyan smiled awkwardly.

If she was not mistaken, she'd left him a fake name when she left Estan.

She'd told him that she was Xu Xinrou, but she did not expect Mo Yutian to be able to find her.

“Where are you staying? I'll give you a ride home,” Mo Yutian offered gentlemanly.

He decided not to act rashly. The most effective way to get close to Xu Xiyan was to be nice to her.

“It's okay, my husband can come and pick me up,” Xu Xiyan said and smiled as soon as she thought about Huo Yunshen.

She had told Huo Yunshen to meet her at the back of the hotel and wondered if he was waiting there or not.

She was worried that Huo Yunshen would panic if he was not able to find her and was about to open the door.

As soon as Xu Xiyan mentioned her husband, Mo Yutian tightened his grip on the wheel and anger could be seen in his eyes.

He did not give Xu Xiyan any chance to leave the car as he drove it back onto the road and said, “Don't worry. Just call him and tell him I'll send you home. I don't think he'll mind it.”

“All right, I'll call him right away,” Xu Xiyan said. Since the car was already back on the road, Xu Xiyan could only accept his offer.

Huo Yunshen had waited for quite a long time, but Xu Xiyan still hadn't shown up. Just as he was about to call her, his phone rang, and it was Xu Xiyan.

“Hey, hubby,” Xu Xiyan said.

“Jing Xi? Where are you?”

“An old friend is driving me back.”

“Is it a guy or a girl?” Huo Yunshen asked.

“It's... a guy. I'll tell you when I get back.”

A guy?

As soon as Huo Yunshen heard that the friend was the same sex as he was, he instantly switched to his defense mode.

As soon as the call ended, Huo Yunshen ordered his driver to start the car and drive him back.

He wanted to see which old friend his wife had met and take away his responsibility to send his wife home.

Mo Yutian stopped the car in front of Shengshi Yujing's gate and asked, “Is it really fine here?”

“Yup, thank you.”

Xu Xiyan took her stuff and was ready to leave the car.

Mo Yutian came down from the car too and opened the door for her as he said, “Be careful.”

“Thank you for sending me back,” Xu Xiyan said as she got out of the car and stood in front of him.

“No worries. I've always wanted to find a chance to repay you for your kindness. How about a meal next time?”

Chapter 669: A Love Rival

Mo Yutian looked at her as he asked this question with all of his heart.

There was no way that anyone could know that the boss of the biggest criminal mercenary group had such a timid side, especially in front of the person he loved.

“I'm just doing my job. You don't have to thank me for that.”

Xu Xiyan never took her counseling job because she wanted her patient to repay her. All she wanted to do was to show some kindness to the world.

“Is it because of my leg... that you don't want to befriend me?” Mo Yutian asked suddenly.

“Not at all, haven't we been friends since the beginning?”

Any person with disabilities would feel inferior to others. It was the responsibility of a normal person to understand and accept them.

If Xu Xiyan was the type of person who would avoid people with conditions, she would never have chosen to be with Huo Yunshen.

“Thank you, I'll see you again then.”

Mo Yutian smiled and moved forward to hug her and was about to kiss her on the cheek.

Some would think that kissing on the cheek was too intimate for people that weren't a couple.

It was at that moment Xu Xiyan heard something cut through the wind beside her ear and a punch landed on Mo Yutian's face, sending him staggering back to his car.

Mo Yutian stood back up and wiped the blood off his lips as he raised his head and stared at the person who had punched him.

“Hubby...” Xu Xiyan was shocked that the person was Huo Yunshen. Shit, he must've misunderstood the whole thing...

Huo Yunshen stood between them as he clenched his fists, staring at the other man with killing intent. He was totally different from his usual chilled and relaxed self.

Huo Yunshen pulled Xu Xiyan into his arms to show that she belonged to him.

He kept staring coldly at Mo Yutian as he warned him, “Can you please explain why you kidnapped my wife? What were you planning to do?”

Huo Yunshen knew that the man in front of him was Tianyu Group's president, Mo Yutian. He must have his reasons for making an approach on Xu Xiyan.

“Hubby, there must be some mistake here,” Xu Xiyan quickly explained. “He's Mo Yutian, we met while I was in Estan. He's an old friend, and he's the one who drove me back.”

“An old friend, huh?”

Huo Yunshen sounded like he was insulting Mo Yutian. He never thought that Xu Xiyan had known Mo Yutian for a long time.

Since when? Did she meet him before she met me? These were the questions circling inside Huo Yunshen's head as he hugged Xu Xiyan tightly.

He was not going to allow another man to have even the slightest idea of going after his wife.

“That's right,” Mo Yutian said. “Yim is a very dear friend of mine.”

As soon as Huo Yunshen heard him calling her “Yim,” he turned to look at Xu Xiyan weirdly. He was dying to know why Mo Yutian knew her as Yim.

Not only were they old friends, but they were also close to each other.

It really did look like Mo Yutian was becoming Huo Yunshen's love rival.

He could feel danger slowly approaching him as he looked at Mo Yutian from top to bottom. Not only was Mo Yutian handsome and tall, but he was also one of the richest people in the world.

Chapter 670: Sour Tone

Huo Yunshen's expression tightened as he gripped his fists again and looked at Mo Yutian as if he was his enemy.

They were both staring at each other. Even though Huo Yunshen was slightly taller than Mo Yutian, the aura they gave was at the same level.

Both of them knew that the person standing in front of them was their biggest opponent.

Mo Yutian looked at Huo Yunshen as he recalled how his brother had died and how Zeus had cut off his right leg.

If Huo Yunshen was really Zeus, he really wanted to kill him right away and avenge his brother.

Huo Yunshen also stared at Mo Yutian as he felt that he had met him somewhere before. Mo Yutian reminded him of the fight with Dark Zone seven years ago.

It was the time when he killed the right hand of Dark Zone, Long Luo, and injured the head, Long Xiao.

Huo Yunshen thought that Mo Yutian and Long Xiao had the same eyes and wondered if he was overthinking it.

If Mo Yutian really was Long Xiao, there was no way he could've kept his cool in front of Zeus.

Xu Xiyan was afraid that both of the men would start a fight and quickly said, "All right, we'll leave now, thank you for bringing me back."

She quickly placed her arm over Huo Yunshen's waist and said, "Let's go home, hubby, please? Pretty please?"

Xu Xiyan did not wait for him to reply and pushed him back into Shengshi Yujing.

Before they went back in, Huo Yunshen said, "Mr. Mo, I'm warning you, under no circumstances are you to approach my wife! Or else things won't end as well as today!"

Mo Yutian stood where he was and looked at the couple going back into their home. The picture of a tall and powerful man being pushed by a girl was hurting his eyes.

The way Xu Xiyan fawned over Huo Yunshen was something Mo Yutian had never heard of before. She kept all the better parts of her for Huo Yunshen.

Looks like it'll be a big fight if I want to win her over, Mo Yutian thought.

Huo Yunshen was already back in their home as Mo Yutian started his car.

His face was still dark, and he kept quiet the whole way back.

Xu Xiyan kept sneaking looks at him and knew that he was still angry.

"Please don't be angry. Mr. Mo and I are only friends."

"A very DEAR friend," Huo Yunshen added with a sour tone.

"I don't get why you aren't angry with how I flirt with Ma Haodong and Ye Xun, but then get so furious when Mr. Mo sends me home."

“If I did not stop him in time, he would've kissed you already.”

Huo Yunshen was still furious. The scene was like needles pricking his eyes, and it hurt.

Huo Yunshen knew that Ma Haodong and the other guys had no intention of going after Xu Xiyan; that was the reason why he did not despise them.

Mo Yutian was a completely different case; he could sense the provocation and challenge from Mo Yutian's eyes.

His intention was clear: he was there to win Xu Xiyan over.

“What are you even talking about? That's just a kiss on the cheek. It's how people from Estan say goodbye to each other,” Xu Xiyan explained, hoping that her husband would understand.
