

Priceless Baby 721

Chapter 721: Even Thought of Dying

Xu Xiyan did not go through any backdoor for the spot. She won because of her own talent.

If she really wanted to use her connections, she would've called Huo Yunshen and had him land her the spot.

But she did not do so because she wanted to challenge herself. Success came with losing; that was the way she wanted to live

Xu Xinrou began to waver. Xu Xiyan was right since there was no way Xu Xinrou could've won too if Huo Yunshen had a part in it.

Yet she felt angry since she had to share the part with Xu Xiyan.

“Do you really think I want to share the spot with you?” Xu Xinrou scolded. “Thinking of it makes me want to puke!”

Xu Xinrou stared at Xu Xiyan with a twisted face. If it were legal, she would've strangled Xu Xiyan to death on the spot.

Yet Xu Xiyan did not bite back at her, but slapped Xu Xinrou instead.

“Jing Xi! What was that for!”

Xu Xiyan waved her hand and said, “We really are sisters, huh? You want to puke, and I want to hit you. Do you want to try again?”

“Stay... stay away from me!” Xu Xinrou staggered backward as she saw Xu Xiyan raise her arm again.

Xu Xinrou could never forget how Xu Xiyan punished her parents and her grandmother, how crazy Xu Xiyan could get when she wanted to.

Xu Xiyan did not approach Xu Xinrou, but instead, she just raised her hand.

Xu Xinrou was afraid that she was going to get hit and quickly jumped backward. Xu Xinrou slipped as she landed and fell backwards.

Coincidentally, there was a bucket of dirty water used by the cleaners behind her. She hit the bucket, and the dirty water splashed all over her body.

Xu Xinrou screamed as her newest Chanel was covered in the dirty water.

It was so embarrassing that she even thought of dying at that moment.

Her dress was dirtied, and she reeked of a weird smell.

“Looks like you love to play with water, huh?” Xu Xiyan smirked. “Have fun then.”

Xu Xiyan did not pull Xu Xinrou up and left.

Xu Xinrou stared at Xu Xiyan as she dug her nails into her own flesh. She struggled to get up and ran to the washroom.

Xu Xinrou quickly took her phone out and called Mo Yutian.

“Mr. Mo? I have something to report... Yes, Jing Xi was at the audition too, we both won the spot... That's all.”

Xu Xinrou thought that she could be a mistress to Mo Yutian, but she never expected that Mo Yutian had no interest in her. Circumstances led her to earn his trust by doing other things.

Her job was to report every move that Xu Xiyan made back to Mo Yutian. It was the only way for Mo Yutian to continue to support her financially.

If Mo Yutian were not there to support her, she would've crumbled into nothing.

Yet the only thing that Xu Xinrou would've never expected was that Mo Yutian was the one who changed the outcome of the audition.

Chapter 722: Never Needed Him To Intervene

No one knew that the Louise-Krylova perfume company was actually one of the offshore companies belonging to Mo Yutian. It was not registered under the Tianyu Group so it was difficult for the average person to find out that it was his company.

When Mo Yutian came to Zstan, he had also brought LK into the country. Originally, the main person he had meant the advertisement contract for was Jing Xi of Jingyue Entertainment.

It could be said that it was he who had arranged for her to become the brand endorser for the whole of Ysia. He hoped that she could become a brand endorser under his company. This way, they would have more reasons and opportunities to meet up with each other frequently.

As for Xu Xinrou's ability to participate in the audition, it was purely an exchange of interests.

When Mo Yutian had learned about the audition results and that Jing Xi had been defeated by one point, he immediately ordered his staff to change the results to retain her.

After the audition had ended, Xu Xiyan was about to drive home. Before starting the engine, she gave Huo Yunshen a call.

“Hello? Jing Xi?” The faint magnetic voice of the man came through the speakers, melting Xu Xiyan's heart.

“My audition is over, Dear, and I got the endorsement.”

“Wow, well done,” Huo Yunshen praised her, then asked again, “Do you need me to come pick you up?”

“No, it's alright. I just wanted to ask you a question. Did you help me win the endorsement through a backdoor?”

“No, I didn't, my beautiful, lovely, and extraordinary wife. Why would you need to resort to using a backdoor?”

Huo Yunshen understood Xu Xiyang's abilities. Generally, she would never need him to intervene for minor matters like this.

Xu Xiyang had also made it clear that she didn't want him to interfere too much with her career and choices. He respected her.

“Alright, enough with the sweet talk. Actually, I had been unsuccessful, then suddenly they told me that I was selected. Don't you think this is strange?”

“What's so strange about that? If they didn't choose you, that would be strange.”

Huo Yunshen felt that his wife was the best in the world. No matter what her appearance, temperament or professional accomplishments were like, she still had a good and unique foundation. Generally, as long as people were not blind, they would still choose her.

After clearing up that Huo Yunshen was not behind her odd victory, Xu Xiyang said, “Okay then, I'll speak to you later. I have to drive now.”

After hanging up the call, Xu Xiyang put on her seat belt and prepared to start the car. Just as the car was moving, she saw a shadow rushing across in front of her car. She immediately slammed on the brakes.

When she got out of the car, she saw a woman hugging a little boy on the left side of her car. The little boy was probably being disobedient and had suddenly run off and his mother had caught him in her arms in time.

“Mike! Don't simply run off next time, understand? Do you know how dangerous it was just now? What if you got hit by a car?” the woman reprimanded the little boy.

“Is he okay?” Xu Xiyang came over and asked about the situation. The woman turned and was very surprised to see her. “Oh, it's you, Jing Xi!”

“You are...” The other person was wearing a flu-mask and she could not recognize her.

Tang Shixue picked up her son and stood up, smiling as she greeted her, “I'm Tang Shixue.”

Xu Xiyang finally realized it was her. She looked at the little boy in her arms. His eyes and brows resembled Huo Jingtang's and he had a face almost similar to Huo Yunshen's. She asked, “Is he your son Mike?”

“Yes. Mike, say hello to Auntie.”

It was probably because it was their first time meeting, but Mike was a bit shy. He clung onto Tang Shixue's shoulders and was not willing to greet Xu Xiyang.

Tang Shixue explained awkwardly, “Sorry about that, he has a slight fever today and he was not feeling very well. I was going to take him to the hospital to see a doctor.”

So that was the case. Xu Xiyan knew that the Peijing Children's Hospital was nearby. It turned out that Tang Shixue had appeared in the parking lot with her child because she was originally going to take her child to see a doctor.

“Do you need my help?”

Chapter 723: A Not So Small Scandal

Xu Xiyan looked at Tang Shixue, who was holding her child and carrying a bag on her back.

“Oh, can you help me get the stroller from the trunk?” Tang Shixue asked.

Xu Xiyan got the stroller from the trunk and let Mike sit in it.

“Thank you, let's meet up sometime,” Tang Shixue said as she pushed her son into the hospital.

“Do you want me to accompany you?”

Xu Xiyan understood how it felt to take a child to the hospital alone. It was very troublesome due to the complicated procedure.

“Thanks, but I can handle it on my own.” Tang Shixue refused and went into the hospital.

Xu Xiyan sighed as she looked at Tang Shixue's back.

Tang Shixue was not a bad person, and she was facing many challenges by raising a kid on her own. Xu Xiyan prayed from the bottom of her heart that Tang Shixue could find her happiness.

Xu Xiyan went back after Tang Shixue left her sight. Yet she did not notice that Xu Xinrou was hiding behind a car and had seen the whole thing.

Xu Xinrou noticed that the boy looked like Huo Yunshen and followed Tang Shixue into the hospital to learn more about her.

Tang Shixue registered her kid at the hospital and took her son for a checkup.

Yet when the doctor saw the report, he scolded, “What kind of a parent are you? How could you drag this out when your son has such serious leukemia? Is his life a joke to you? You have to admit him to the hospital right away!”

Leukemia? Tang Shixue was stunned by the news. It's not a fever?

It was as if everything became darker, and Tang Shixue found it hard to stand still.

It felt like the sky was crumbling down on her.

Tang Shixue listened to the doctor's every instruction and admitted Mike into the hospital right away.

Xu Xinrou followed Tang Shixue all the way and realized that the girl was Tang Shixue and the kid was her son, Mike.

If Xu Xinrou was not wrong, Tang Shixue was the female singer from the OM group who had sat next to Xu Xiyang at the gala.

Xu Xinrou recalled that there was not any news about Tang Shixue having a child.

If word got out, it would be a not so small scandal.

Xu Xinrou took a closer look at Mike. The more she looked at him, the more he looked like Huo Yunshen.

Too bad that such a handsome kid was diagnosed with leukemia.

Xu Xinrou snapped a few photos of Mike, believing that if the photos were made public, it would cause some distrust between Xu Xiyang and Huo Yunshen.

Even if it would not separate them, it could still cause them quite a bit of trouble.

Xu Xinrou hurried out of the hospital and rushed to Mo Yutian.

She knew that Mo Yutian hated the fact that Xu Xiyang was together with Huo Yunshen and they could gain something from making the news public.

Xu Xinrou had gotten smarter. She decided not to publish the news herself but instead went to Mo Yutian and let him decide what to do.

The Blackwater Manor.

Xu Xinrou finally met Mo Yutian.

He was playing darts and could hit the red-dot even when he was blindfolded.

“Wow, you are good at it!” Xu Xinrou praised.

Chapter 724: Threatening Him With Her Life

“What is the matter?” Mo Yutian asked as he took off his blindfold.

“It's like this...” Xu Xinrou reported everything she had found to him truthfully.

“Well done!” Mo Yutian praised her, then tossed a bank card to her. “This is your reward.”

The bank card fell to the ground. Xu Xinrou put her dignity aside and squatted down to pick up the bank card from the ground. She thanked him, “Thank you Mr. Mo, I'll continue to work hard. If I find anything I'll definitely report to you in a timely manner.”

“Okay, you can go now.” Mo Yutian waved Xu Xinrou away and she left the room in a deferential manner.

Mo Yutian looked at the photos of the child in his hand, his dark eyes slightly arching.

Yes, he really looked quite like Huo Yunshen.

Thinking of Huo Yunshen, Mo Yutian couldn't help but clench his fists, his hatred for Huo Yunshen amplifying.

It turned out that he was Ni Yun, and Ni Yun was him. He was really good at hiding his identity.

The most despicable thing was, no matter what his identity was, he would always have Jing Xi.

This was something Mo Yutian could not accept the most!

Xu Xinrou was right. As long as these photos were sent out along with an advertorial, Huo Yunshen's reputation would be greatly tainted.

He wanted to release this piece of news via various media channels after the launch of the LK perfume advertising campaign. That time Jing Xi would be far away in Fstan, and she would not be able to resolve her misunderstanding with Huo Yunshen.

As long as a misunderstanding was created to damage the couple's relationship, he would have an opportunity.

Also, there was just one more thing he had to do.

Mo Yutian stood up and told his assistant to prepare the car.

At Peijing High-Tech Development Zone, in a household chemicals plant.

There were all kinds of advanced machinery and equipment here with first-rate production lines. To the eyes of an outsider, it only looked like a modern household chemicals production plant.

But no one knew that there was a secret laboratory hidden below the factory.

In the laboratory, liquid dripped into laboratory glassware, filling it with various unknown drugs.

There were many white-coated researchers with flu-masks and goggles working on these things.

They sorted the refined items into categories and labeled them.

There were many models, including the new invention code-named "IK-99."

At this time, a secret door opened, and a group of people filed in. A masked black figure came in too.

As the man arrived, everyone bowed and greeted him deferentially, "Boss."

The man waved his hand, gesturing for them to continue with their work. He walked straight into the office inside.

The light in the office was very dim. After the man was seated, someone soon came in to report the work status.

"Boss, the orders due for delivery on the 15th have been produced."

"Mmm." The man said in a deep voice, "Call Dr. Ni into my office."

Not long after, a grey-haired elderly man in a white coat was brought in. "Sir, you wanted to see me?"

"Dr. Ni, the IK-99 you've developed has the ability to induce a strong and irreversible hallucination once it enters the bloodstream. It is really a great invention," the man praised.

Dr. Ni bowed his head, his expression dark and unclear. His heart was filled with bitterness.

He was an academician at the Z Academy of Science. His specialization was in biological agents and he had made great achievements in his career.

But one day, a few years ago, a group of people had suddenly come out of nowhere and taken him away. They had imprisoned him and forced him to develop new drugs.

At first, he had resisted, but his captors had threatened him with his daughter's life. He had no choice but to obey their orders to keep his daughter safe.

“Dr. Ni, I wanted to ask you something. Last time, I had asked you to develop a drug that could induce memory loss. How is it now?”

“It has been developed,” Ni Jianghe answered truthfully and handed a transparent glass vial to the man.

The man opened the bottle cap and took a sniff of the drug. It was colorless and odorless. He asked again, “Can you mix this drug into a perfume and make it undetectable?”

Chapter 725: Degrade Herself

“I should be able to do it,” Ni Jianghe replied.

“Very good, do it,” the man compelled as he handed the perfume, Sweet Angel, over to Ni Jianghe.

Xu Xiyao got the notice from LK and rushed over to their company. Xu Xinrou was already there when she arrived.

The representative for LK's advertisement group handed them a schedule.

They realized after reading the schedule that they would be heading to the LK's headquarters in Fstan and shooting their advertising video there.

Other than the schedule, the representative also handed them two different bottles of perfume to test.

Because there were two ambassadors, the perfumes that Xu Xiyao and Xu Xinrou got were different.

Xu Xinrou got the “Seducing Elf” which represented mature woman, while Xu Xiyao got the “Sweet Angel” which represented younger audiences that weren't older than 25 years old.

Xu Xinrou was unhappy with how LK had grouped her towards an older audience, but did not bring it up at the meeting

Instead, as she stepped out the door, she snatched the Sweet Angel from Xu Xiyao's hands.

“What are you doing?” Xu Xiyao scolded.

Xu Xinrou hugged the box that contained the Sweet Angel and threw the perfume that was assigned to her to Xu Xiyao.

“Let's change,” she said.

“You call this a change? More like robbing!”

Xu Xiyang could not believe that Xu Xinrou would even resort to doing something that would degrade herself for a bottle of perfume.

"This Sweet Angel is more suitable to me, while you, on the other hand, are much more suited to using the Seductive Elf," Xu Xinrou said.

"Fine, I get it. You are afraid to admit that you're older than me," Xu Xiyang smiled. "Well, this isn't something you can hide by just changing our perfumes. You should look in the mirror and look at your dark circles, your wrinkles, and your loose skin. On second thought, I think you should take the Sweet Angel. At least it can make you feel a little younger."

Xu Xiyang insulted and turned to leave.

Xu Xinrou looked at Xu Xiyang as she left, her eyes filled with anger.

Xu Xinrou hated Xu Xiyang's mouth, she hated the fact that every word that Xu Xiyang uttered was able to harm her, but she had no way to counter them.

Xu Xinrou had already noticed the symptoms Xu Xiyang had mentioned.

Since the last miscarriage was the third time she'd had a miscarriage, it had caused a huge impact on her health.

She could feel that her skin was getting dry and wrinkles were starting to appear, and she'd even started to show symptoms of gynecopathy.

Xu Xinrou took out a small mirror and checked the dark circles beneath her eyes that could not be covered no matter how much makeup she put on.

She cursed the fact that, as she grew older, Xu Xiyang seemed to grow younger.

It was as if Xu Xiyang was still an 18-year-old.

The trip to Fstan was set for three days later.

The night before Xu Xiyang left for Fstan, Xu Xiyang packed her stuff and told Ying Bao to listen to her father.

"Mummy, can daddy and I go with you?" Ying Bao asked as she hugged Xu Xiyang's leg.

Chapter 726: Bewitched By Her

"Mommy is going for a commercial shoot, not for a holiday. I won't be able to take care of you at that time!" Xu Xiyang tried to explain.

"But... Mommy hasn't traveled with Baby for a long time. Even Uncle Tang and Auntie Liang is taking Big Brother Feimo on a holiday. When will my mommy and daddy take me on a holiday?"

Ying Bao was rather envious of Feimo who could go on a holiday together with both of his parents. Although she would often go on a day out, it had always been her daddy or Uncle Tree-Leaf or Uncle Yi Xiao who had accompanied her.

They were all big old men. Boring.

“Please wait for a little longer. After Mommy finishes this commercial shoot, Mommy and Daddy will take you on a holiday when there's free time, okay?”

“Okay then. Pinky promise!”

Ying Bao extended her pinky finger and they hooked their pinky fingers together.

At this time, Huo Yunshen came in from outside. He asked, “Everything all packed up, Dear?”

“Yup. Almost!”

“Then let's tell our child a bedtime story and go to sleep!”

“Yay, okay!” Ying Bao clapped her hands excitedly, then scurried up onto her bed and lay down at the middle, waiting for her daddy and mommy to come over and accompany her.

Xu Xiyan lay next to the child and Huo Yunshen began to tell a bedtime story.

One after another the stories were told, and Ying Bao finally fell into a sweet dream.

“Well, that's all for tonight's stories.”

Huo Yunshen closed the storybook, lowered his head and kissed his daughter on her forehead. “Good night, Baby.”

Xu Xiyan also kissed her daughter and said goodnight to her, then got up to go take a bath.

After her bath, she sprayed a bit of “The Bewitching Fae” on herself and returned to the bedroom.

Her husband looked up from his book before she even got close to him. The keen-nosed Huo Yunshen had already caught a whiff of the faint perfume.

“What's that smell? It smells really good!” he said.

Xu Xiyan lay down beside him, smiling as she replied, “I was trying out LK's perfume, 'The Bewitching Fae.'”

She had never used a perfume before because she already smelled good with her own natural body fragrance.

Huo Yunshen was particularly obsessed with the natural fragrance of her body. “You're already very fragrant.”

“What about now?” Xu Xiyan asked, lifting her head.

Now, as a product endorser for the perfume, she had tried “The Bewitching Fae.” Though she had only applied a little bit of it on herself, the effect was still quite good.

And not surprisingly, the man was successfully “bewitched” by her.

The man put down his book and directly took her into his arms. He took a whiff of her hair near her temples and said in a soft voice, accusing her, "You bewitching little fae, now you're deliberately seducing me!"

His hot breath sprayed across her ear, sending tingling currents down her body and throughout her limbs.

Sensing a dangerous power coming from the man, Xu Xiyan surrendered, "I didn't mean that, my dear husband. Please spare me."

Instead of letting her go, he hugged her even tighter. "You'll be gone for a week after leaving tomorrow. You have to satiate me first."

Can't he bear it without her for a week?

It seemed that LK's perfume wasn't just 'generally' effective. Xu Xiyan knew that she was not going to escape from the man's web tonight. She begged, "No, no... not here. We might wake up our daughter. It will be bad if she hears us."

"Okay! Let's go to the balcony."

Huo Yunshen picked the woman up and went to the balcony. He wanted to do it in every corner of the house one by one.

The balcony had a lounging couch and very good privacy. It was just like a small room.

Xu Xiyan was placed on the lounging couch. The light was dim and she could not tell how the man had produced a rope, directly tying her wrists with it to the armrests of the couch.

Chapter 727: Let Me Go

The handles had been installed for Huo Yunshen to use when he was still in a wheelchair, and now it had become a tool for his pleasure.

Huo Yunshen played with Xu Xiyan the whole night until they collapsed from fatigue.

Ying Bao woke up the next morning and noticed her parents were not sleeping beside her. She jumped off the bed and searched for her parents outside her room and cried when she could not find them.

She was afraid that her mother had left and her father was missing, that they had abandoned her.

"Mummy... Daddy..." Ying Bao cried.

Her cries woke both of the adults up. Xu Xiyan realized that she was still in Huo Yunshen's arms while her hands and legs were still tied to the couch.

The man was still half awake while his hand was still in a place where it shouldn't be.

"Hubby! Wake up! I think Ying Bao is crying!"

Huo Yunshen was so tired after the fun that he had overslept. He could hear Ying Bao's cries as soon as he woke up.

"I'll go take a look!"

Huo Yunshen quickly put on a robe, but Xu Xiyan stopped him.

"Hey! Let me go first!"

Huo Yunshen looked at the girl that was still tied to the couch, and it was appealing.

If not for Ying Bao, he would've continued where they stopped the night before.

He quickly undid the rope as he scanned the marks that he had left the night before and smiled, "I'll go take care of our little princess first."

Huo Yunshen walked past the bedroom and into the living room, where he saw Ying Bao was sitting on the ground crying.

"Cherry! Daddy is here!"

Ying Bao suddenly heard her father's voice and turned around. She quickly crawled towards him as soon as she realized that it really was her father.

"Daddy, where have you been? I was so afraid..."

"Don't worry. I was in the house the whole time playing cat and mouse," Huo Yunshen said as he hugged Ying Bao and wiped the tears off her face. "I'll hide where you can find me next time, okay?"

"Okay," Ying Bao replied as she stopped crying. "Where is mummy, did she leave already?"

"No, mummy is in the bedroom. Let's get you cleaned up, and we'll go find her, okay?"

"Okay!"

Huo Yunshen took his daughter to the washroom and cleaned her up. They went to the bedroom after that, and Ying Bao saw that her mother was still in there.

"I thought daddy and mummy had abandoned me..." Ying Bao said.

"There's no way we'd do that," Xu Xiyan said as she kissed Ying Bao on her cheek. "You're our precious baby, we wouldn't be able to live if we lost you."

Ying Bao finally had a big smile on her face as she was surrounded by happiness.

A van arranged by Jingyue was waiting outside Shengshi Yujing when Xu Xiyan finished her breakfast.

Since Xiao Yuqian was the president of Jingyue Entertainment, the workload prevented her from accompanying Xu Xiyan to Fstan. So she arranged a new manager for Xu Xiyan; her name was Li Ruochu.

Li Ruochu was Xiao Yuqian's friend from Estan, a person that could be trusted.

Xiao Yuqian also arranged Wan Dou to follow Xu Xiyan to Fstan as her assistant.

Other than the two girls, there were also four other well-trained guards to protect Xu Xiyan at all times.

Since Xu Xiyuan had risen to fame in Beijing, a few of her fans went to the airport to see her off when they heard that she was going to Fstan for a commercial shoot.

Chapter 728: A Cold Reception

When they arrived at the airport, there were indeed many fans holding up plaques such as “Jing Xi” and “I Heart Young Master Jing” as they waited for her.

When the fans saw Jing Xi getting out of the celebrity van, they swarmed over to her.

“Jing Xi! Jing Xi! I like you very much!”

“Jing Xi! Please give me your autograph!”

“Jing Xi, can we have a photo together!”

In the face of enthusiastic fans, Xu Xiyuan experienced the feeling of being adored for the first time. She did not refuse the fans' requests and patiently signed, shook hands and took photos with them.

Here, Xu Xiyuan was surrounded by fans. Nearby, Xu Xinrou, who was on the same flight, also arrived at the airport.

She also brought a personal assistant, but she did not see her fans at the airport.

She took off her sunglasses and glanced at the lively scene around Jing Xi. She lowered her head and asked her assistant Fan Tong, “You didn't tell my fans that my flight was today?”

“I did!” Fan Tong was also perplexed.

This can't be!

He had clearly informed them about the time, but why had not one of Xu Xinrou's fans appeared?

In fact, after Xu Xinrou had lost Wen Li, she had found a new assistant, Fan Tong, who had a slight tendency of not doing things right.

It was true that he had informed the fans, but he had carelessly informed them of tomorrow's date and caused Xu Xinrou to see none of her fans at the airport.

Xu Xinrou fumed with anger as she stood at the entrance of the airport. Now it was too late to say anything. She could only helplessly watch Jing Xi being smothered by her fans while she had a cold reception herself.

“Let's go!” She shot an angry look at Fan Tong and then stomped off into the airport.

Jing Xi was almost done with signing autographs and taking photos with her fans. As a qualified manager, Li Ruochu knew how to help her artists escape from being entangled with fans.

“I'm sorry, everyone, Jing Xi has to catch a flight and she's a bit short on time. She will sign more autographs for you all after returning from abroad, okay?”

With the help of bodyguards and her manager, Xu Xiyan successfully escaped from her fans and walked into the airport.

In addition to Xu Xiyan and Xu Xinrou's staff, the LK perfume representative was also in their entourage. The representative had booked business class seats for Xu Xiyan and Xu Xinrou and economy class seats for everyone else.

After boarding the plane, Li Ruochu took Wandou and the others to the economy class. Xu Xiyan found her seat and sat down, put on her headphones, and closed and rested her eyes.

Xu Xiyan's seat was a window seat. Soon after she sat down, Xu Xinrou came over too. She realized that her seat was right next to Xu Xiyan's, and she suddenly felt disgusted as though a fly had become stuck in her throat.

She didn't want to sit with Xu Xiyan. She turned and asked Fan Tong, "Why did you make me sit together with her?"

Fan Tong scratched his head. "The tickets were bought by LK. Maybe both seats were bought at the same time."

"Go help me change my seat. I don't want to sit with her," Xu Xinrou requested.

Fan Tong felt that they had already boarded the plane and it was already too late to change seats, but he thought of a good idea. "Sister Xinrou, since you don't want to sit here, why don't we exchange seats?"

Xu Xinrou had to scold Fan Tong. "And let me sit in economy class? Do you think I deserve to sit in economy class with the status I have now? Are you a 'fan tong?'" [1]

Fan Tong nodded, "I am!"

Xu Xinrou: "..."

She was so angry that she was speechless. Why did the company find such a slow-witted assistant for her?

In the end, Xu Xinrou sent Fan Tong away to economy class and stayed in business class herself reluctantly. One must know that she would travel in first-class wherever she went.

Endnotes

[1] In Chinese, the word for "rice bucket" is also pronounced as "fan tong." Usually, if someone scolds you, saying that you're a "rice bucket" or "fan tong," he or she means that you're a good-for-nothing who only knows how to consume rice.

Chapter 729: Keep Your Mouth Shut

Xu Xinrou blamed LK for seating her in Business Class and not in First Class.

In truth, it was not that LK did not want to seat them in First Class, but it was because First Class was fully booked by a certain someone.

As Xu Xiyan was resting, she could feel someone kicking her legs. She opened her eyes, and it was Xu Xinrou who had her bitch face on.

“What?” Xu Xiyan asked as she frowned.

“Get up! I want the window seat!” Xu Xinrou requested.

Xu Xiyan realized that Xu Xinrou was starting to become more like a robber.

Who does she think she is? Xu Xiyan scolded in her head. Does she think that I'm gentle like Hello Kitty because I did not bite back at her?

“Why should I even do that? This seat is mine, there's no reason to give it to you.”

“I have motion sickness! Don't blame me if I puke all over you!”

Not only had Xu Xinrou made up an absurd excuse, she even acted like she wanted to puke. It was a disgusting sight.

In spite of Xu Xinrou's provocations, Xu Xiyan still remembered her status and did not argue with her since there were many civilians on the plane. Getting into a fight with Xu Xinrou would only attract unwanted attraction.

Xu Xiyan decided to give the seat to Xu Xinrou.

“Fine! Since you're the senior in the acting industry, it's best for me to respect the elder one. Here, you can have my seat, Senior Xu,” Xu Xiyan said as she stood up.

“Shut your damn garbage mouth!” Xu Xinrou scolded as she got angry for being called old.

“Why don't you show us the garbage in your mouth then?” Xu Xiyan said as she grabbed Xu Xinrou by her wrist and twisted it.

“Ouch!” Xu Xinrou screamed. “It hurts! Let me go!”

Xu Xiyan threw Xu Xinrou's arm to one side and warned in a low voice, “You better keep your mouth shut, or you'll definitely regret it.”

Xu Xiyan sat back down in her own seat as Xu Xinrou finally stopped causing a scene.

The plane was about to take off after all the passengers had arrived.

An old woman suddenly came out from First Class and stopped beside Xu Xinrou while she covered her nose.

“Young lady, can I change my seat with you?” the old woman asked.

Xu Xiyan and Xu Xinrou both turned to look at the old woman. She was a huge lady with heavy makeup on her face. Her hair was white, and she wore a red shirt and a green dress. A necklace made of pearl was hung around her neck, and each of her fingers had a diamond ring on it.

The amount of jewelry the old woman had on her almost blinded Xu Xiyan and Xu Xinrou.

Yet from how the old woman dressed, both of them were biased on her aesthetic standard.

“Why should I change my seat with you?” Xu Xinrou asked out of curiosity.

“There's someone with huge body odor in the First Class, and I have asthma,” the old woman explained as she fanned herself with her hand. “I will faint if I keep staying in there. Are you willing to change your seat with me?”

Chapter 730: Occupied By Him

“I'm really sorry. I tend to have airsickness so I can't change my seat.”

Xu Xinrou had understood why the old lady had come to change her seat. Although she wanted her business class seat in exchange for her first-class seat, she still didn't want to go there to smell someone's bad body odor!

After the old lady was refused by Xu Xinrou, she asked Xu Xiyan, “What about you, young lady? Be a good lass and change your seat with an old lady?”

After Xu Xiyan understood what was going on, she sympathized with the elderly lady who had asthma. She said nothing more and immediately stood up and agreed, “Okay, I will change with you.”

“Ooh, thank you so much, young lady.”

Xu Xiyan gave up her seat. After the old lady sat down, Xu Xiyan made her way towards first-class to look for the old lady's seat number.

Xu Xinrou crossed her arms, smirking as she watched Xu Xiyan head off into the first-class cabin. Haha! She can go there and marinate herself with the stink!

Xu Xiyan walked into first-class. The first thing she saw was the bodyguards with black sunglasses sitting at the last row. She guessed that there must be someone very important in first-class.

Here, the cabin did not smell like bad body odor as expected. A light and refreshing smell wafted over her. It smelled particularly good.

Xu Xiyan moved on and continued looking for her seat in first-class. She discovered that, except for the men occupying the last row, most of the seats were empty; only two other passengers were in this part of the aircraft.

To be exact, the two passengers were an adult and a child.

They were wearing black casual wear from top to bottom. Their faces were unclear as they were also wearing caps, sunglasses, and flu-masks.

“Excuse me, are the seats here free-seating?”

Xu Xiyan found that the old lady's seat was being occupied by the man.

She looked around and saw so many empty seats. She planned that if nobody were sitting in them, she would just simply take any seat.

At this moment, the child and the man took off their hats and sunglasses and flu-masks at the same time, then turned to look at her.

An extremely cute little face and a handsome face she had missed so much appeared before her eyes. Xu Xiyan jumped in surprise. "Ah! Why are you guys here?"

Ying Bao swung her legs excitedly on her seat. "Hi, Mommy! Are you very surprised?"

Surprised? She was almost shocked, okay!

Xu Xiyan remembered that Ying Bao still had to go to school. How was she going to school now that she was on the plane?

"Surprised, my foot! Tell me, what did you bring her here for? Is she not going to school?" Xu Xiyan asked Huo Yunshen.

Huo Yunshen explained with a poker face, "Soon after you left, the child kept saying that she missed you so much that she was having a stomachache. I was afraid that things would become more serious the more she missed you, so..."

Xu Xiyan knew Huo Yunshen very well and all of this must be the result of him spoiling the child too much. If the child said that she wanted to come, he would definitely give in to her.

"Why didn't you say that it was you who missed me too much and could not bear to be separated from me for a minute? Funny that you used the child as an excuse."

Yes-yes-yes, that's right. That's exactly it. Huo Yunshen nodded furiously.

After reprimanding the big one, Xu Xiyan began to reprimand the little one. "And you, you little rascal... don't you know how to persuade your father? You actually banded up with your father and came to stir up trouble."

Both father and daughter exchanged looks, then stuck out their tongues.

They had only wanted to give her a surprise but alas the two of them got criticized in the end. Both father and daughter could only look to each other for comfort.

A criticism is a criticism. After that, Xu Xiyan sat down beside Huo Yunshen and asked, "And don't tell me, you've bought the whole of first-class."

Huo Yunshen curved his lips innocently, "I only wanted a quiet time with my daughter."

"What about that old lady who is dressed like a Christmas tree? Was that your doing too?"
