

## Priceless Baby 741

### Chapter 741: The Same Plan

Not long after Xu Xinrou made the headline in INMIS, her mother followed her footsteps.

Xu Xinrou could not figure out why it was her mother in the room and not Jing Xi and wondered where she had gone.

The man finally let Xu Xiyang go when night fell.

Xu Xiyang lay in Huo Yunshen's arm as he stroked her beautiful dark hair.

"Hubby, what are you going to do about the news?" Xu Xiyang asked as she suddenly remembered the scandal from that morning.

"Don't worry, I've taken care of it."

Huo Yunshen had already settled the whole thing through Huo Sanyan and Juxing, while on the other hand Tang Shixue was still troubled by the scandal.

But since she was in contract with Jingyue Entertainment, Xiao Yuqian was working on the scandal.

Since the scandal was totally a fake one, it did not cause Xu Xiyang and Huo Yunshen many troubles.

"Is it true that Tang Shixue's son has leukemia?" Xu Xiyang asked as she recalled about the boy who was almost as big as Ying Bao.

"Yes, it's really unfortunate."

"Let's go visit them when we're back in Peijing."

Xu Xiyang still remembered that she promised Mike that she would bring Ying Bao to visit him.

Now that the problem between them and Tang Shixue was solved, they took it as a chance to visit a friend who was in trouble.

"Sure thing."

Huo Yunshen also had the same plan as his wife.

On the third day since Xu Xiyang had arrived in Fstan, she went to Mason's studio for the poster's photoshoot.

While the crew was preparing, Xu Xiyang and Xu Xinrou got their makeup done.

After their makeup, they went to have their clothes changed.

According to LK's line, the person who would be representing the Sweet Angel would be dressed in white that represented a pure angel, while the one representing the Bewitching Fae would be dressed in black to represent a dark elf.

Xu Xinrou was amazed as soon as she saw Xu Xiyang in the black dress.

It was as if the dress was blessed with magic and turned Xu Xiyan into an attractive night elf.

With the two fake elfish ears on Xu Xiyan, she looked like the reincarnation of Galadriel from the Lord of the Ring series.

Xu Xinrou looked at her own white dress and felt that it lacked the impact that the black dress had.

Without even giving a second thought, Xu Xinrou told the dresser, "Hey, I should be the one wearing the black dress. I'm the one who was assigned to use the Bewitching Fae!"

After confirming what Xu Xinrou had said, the dresser asked Jing Xi to switch her dress with Xu Xinrou.

And yet when Xu Xiyan came out again in the white dress, Xu Xinrou was once amazed by her.

The same dress, yet two different impacts.

Xu Xinrou regretted her choice as she looked at Xu Xiyan who was as pure as an angel, yet she could not change it back because they were being summoned to the set.

Xu Xinrou rushed over to show herself first. Both of them entered the set attracting the eyes of everyone at the scene.

It was the perfect representation of Eastern beauty.

Chapter 742: Determined Not To Let Things Go Her Way

Even though the people of these film crews had seen thousands of beautiful women every day that they were sick of it, their breath was still taken away by their beauty.

Director Meissen was the most excited of them all. He said "Perfect!" three times in a row and even gave them a big thumbs up.

Xu Xinrou was very proud and she thought that these people were praising her. Even Director Meissen was very satisfied with her style today.

Unfortunately, Xu Xinrou was very wrong.

Director Meissen had been looking at Jing Xi who was walking behind Xu Xinrou and he had been so delighted that he said "Perfect!" three times. As for Xu Xinrou's black dress and style, he didn't have anything particular to say about it.

As the two female stars stood together, everyone could see at a glance that Xu Xinrou's beauty was the typical traditional oriental beauty.

However as for Jing Xi's beauty, other than possessing the beauty of the oriental, she had the looks of a biracial person too.

Her facial features were more prominent and good looking than those of Ysians. It could be said that she could command both styles of the East and the West very well.

They entered the shooting process and both displayed their professionalism as they cooperated with the photographer and struck different poses one after the other.

The first set of posters was shot and they had an intermission for a break.

A crew assistant came to deliver freshly squeezed orange juice and some snacks for them.

After they were done resting, they got ready to shoot the next set. Just as Xu Xiyan was standing up, the orange juice Xu Xinrou was holding suddenly poured all over Xu Xiyan's skirt unerringly.

"Oh, sorry, I didn't mean it, Jing Xi," Xu Xinrou pretended to apologize. In fact, it was deliberate. Hahaha.

"Xu Xinrou, are you looking for trouble?"

"I wouldn't dare! It was really an accident! Oh, it's my turn to shoot. See ya later."

Xu Xinrou hung an apologetic smile on her face, her slender hips swaying as she strutted off to the set first.

Xu Xiyan stood in place and looked down at her white dress. The hemline of the skirt was stained all over with yellow-colored orange juice. It would not wash off no matter how much she tried. Even if she had managed to wash it off, it would not dry in time.

There were only two skirts provided by the wardrobe manager suitable for the commercial shoot and they were specially custom-made. How were they going to find a replacement in time?

Xu Xinrou had taken advantage of that fact to stop Jing Xi from shooting the commercial.

Damn woman. Xu Xiyan decided to teach her a lesson after the commercial shoot!

Xu Xinrou was constantly taking things that were supposed to be hers. Xu Xiyan could not stand it anymore but the important thing now was that she must not delay the shooting.

The more Xu Xinrou did it, the more Xu Xiyan did not want her to participate in the shoot. Xu Xiyan was determined to not let things go her way.

After the shooting of the second set of photos for "The Bewitching Fae" at the photography set, the photographer asked if Jing Xi had come for the shoot for "The Sweet Angel" series.

"Coming! Coming!" Xu Xiyan called out as she rushed over.

When she appeared before everyone's eyes, everyone was once again surprised by her.

Her long white dress had disappeared and she had put on a skirt with a shorter hemline instead. But when this dress was worn on her, she had completely transformed into a different style.

It was sexy, wild, prideful, mischievous, and a variety of different temperaments concentrating on her at the same time.

In fact, she did not change her skirt but had improvised in the spur of the moment. She had torn off the hemline of the skirt that was stained with orange juice and also the sleeves of her dress to match with the style of the short skirt.

The irregular hemline of the skirt showed off her slender thighs, embodying a kind of beauty that bewitched.

Director Meissen's pen fell from his hand unwittingly. After his assistant picked it up for him, he recollected his wits and began to praise her profusely. "Jing Xi, you are the most beautiful oriental woman I have ever seen."

"Thank you, Director," Xu Xiyan simply thanked him, then walked into camera's view to begin the second set of shooting.

#### Chapter 743: Post-Abortion Syndrome

After making a few changes, the photoshoot for the Sweet Angel began.

Xu Xinrou stared at Xu Xiyan, unable to believe that Xu Xiyan was able to make something out of it.

As she looked at how the people complimented Xu Xiyan, she regretted not going with the white dress.

After the photo shoot was completed, the editing and publishing were next.

In the meantime, it was time for them to begin the actual shooting for the commercial video at a beach in Fstan.

The dresses for the video were still the same, one black and one white.

Xu Xinrou quickly chose the white dress, leaving Xu Xiyan with only the black dress to choose.

Yet again, both of them attracted every person on the scene as soon as they came out.

The director did notice that they switched their dresses but did not comment any further because of the effect it gave.

As the shooting began, Xu Xiyan and Xu Xinrou walked down the beach, hand in hand, towards a handsome actor.

As the actor caught the scent of their perfumes, he approached them with the prepared script.

Xu Xiyan recited her line perfectly, and yet Xu Xinrou forgot what she had to say.

"Cut!" Mason shouted. "Ms. Xu, what is wrong with you?"

"I'm really sorry, I forgot my line."

"There are only three lines, how could you even forget that!"

Mason was already fed up with the so-called "professional" actress.

Even Xu Xinrou had no idea what was going on with her. Her memory wasn't as good as it used to be and she was always forgetting things.

She suspected that it was because of the post-abortion syndrome.

The director requested a reshoot and the second take began.

When it was Xu Xinrou's turn to speak, she could only remember the first half of her line and forgot everything after that.

“Ms. Xu! What the hell are you doing?” Mason scolded as he pointed at Xu Xinrou. “Are you even using your brain? Did you read the script?”

Xu Xinrou could only bow and apologize for her mistake, and yet that was not what Mason wanted.

“Forget it,” Mason said. “Change places with Jing Xi, you don't have to speak anymore.”

Because of Xu Xinrou's mistake, Mason decided to make a few changes.

In the third take, Xu Xinrou had no line, and her position was changed to a much more supporting perspective.

The third take was successful, and they continued to the next few scenes before everything ended.

And thus the post-editing process began.

LK was fast with their work. The poster was already finished and published onto different media. The people were attracted to LK's new line of products because of their new ambassadors.

In just three days, the sales for the “Bewitching Fae” broke LK's record.

LK had received a lot of feedback asking who the one representing the product was.

With success in the new line, LK decided to hold a celebration dinner, inviting both of their ambassadors over.

Xu Xiyan and Xu Xinrou once again showed themselves in front of the crew. Xu Xinrou attended the dinner wearing a dress with huge cleavage just to attract more attention.

Chapter 744: Stolen Her Limelight

But Xu Xiyan was just the opposite of her. She had chosen to wear a Chinese Cheongsam style dress with a fishtail skirt. Though she did not expose much of her body, she exuded an air of nobility and elegance all over her. She was indescribably beautiful.

At the celebration banquet, a huge poster was hung from the ceiling. They had chosen a picture of Xu Xiyan in a white dress with the torn skirt for the poster.

She had shown off her beauty to the extreme. She was really breathtaking.

And Xu Xinrou was standing beside Xu Xiyan in a black dress in the poster.

Until this moment, Xu Xinrou realized that something was not right. There was a problem with the poster. She wore black and was endorsing “The Bewitching Fae.” Jing Xi wore white and was endorsing “The Sweet Love Angel.”

But why was Jing Xi endorsing “The Bewitching Fae” now?

Xu Xinrou told Wen Li to go ask the LK representatives about it. Wen Li came back with the answer saying that LK had made a last-minute change before the poster was released. They had decided to let Jing Xi, who conformed to the style requirements to the product, to become the endorser of “The Bewitching Fae” series.

Xu Xinrou felt like vomiting blood again. Fine then. So if she were to back down and let Jing Xi endorse “The Bewitching Fae,” then what about “The Sweet Love Angel?”

Why didn't anyone mention “The Sweet Love Angel” she was endorsing?

When they walked into the banquet hall, many reporters gathered around them for an interview.

“Are you 'The Bewitching Fae,' Jing Xi?”

“Jing Xi, how did you manage to speak with your eyes?”

“Jing Xi, your advertisement is really outstanding. Have you considered growing your career internationally?”

The foreign media was particularly interested in the Zstanese girl who could speak with her eyes. Almost all of their questions were about her.

Xu Xinrou was being pushed aside by the reporters. She was feeling particularly upset as she watched the reporters interviewing Jing Xi.

Why her?

There were two of them shooting the commercials together, okay?

She had occupied half of the space in the advertisement. Why did they only notice Jing Xi?

In fact, Xu Xinrou should really ask herself these questions. Take another good look at the poster!

Xu Xinrou's eyes in the poster did not face the camera and it was unclear where she was looking at. She was standing sideways in the poster and her pose looked stiff.

If nobody said that it was her, Xu Xinrou really looked like some random dark-colored prop at first glance.

No one is going to be interested in some prop. Everyone was going to only notice the expressive-eyed Jing Xi.

It was such an advertising poster that had successfully pushed Jing Xi into the limelight and the eyes of the world.

Anyone who had seen the advertisements would remember Jing Xi as well as her “Bewitching Fae” perfume series.

But only Xu Xinrou would feel that it was Jing Xi who had deliberately stolen her limelight!

Xu Xinrou was unreconciled in that her own efforts went unnoticed. She kept squeezing her way through the crowd towards Xu Xiyang until she was in front of the cameras.

If Xu Xinrou wanted to steal the limelight like an uncultured person, Xu Xiyan would certainly lend her a hand kindly.

Xu Xiyan gave Xu Xinrou a little space so she could push her way through, and then quietly stepped on her skirt.

Xu Xinrou pushed herself through very hard and finally got to the front, but did not realize that her tube top dress had slipped while she was squeezing her way through, completely exposing her silicone bra.

The reporters probably did not expect that the woman who was trying to squeeze her way to the front would suddenly expose her body. They all started to snap away with their cameras.

When Xu Xinrou realized that her dress had fallen and her body felt very chilly, she really felt like crying.

She kept fumbling with her skirt to cover herself and told the reporters to stop snapping photos of her. Finally, with the help of Wen Li, she fled the banquet hall shamefully.

In the resting lounge, Xu Xinrou changed into a more conservative dress she had prepared as an alternative. Wen Li asked her if she wanted to go back and rest. She refused. "I don't want to go back. I don't believe Jing Xi could take the spotlight on her own. I don't care, this is a double endorsement. I've contributed half of the effort that led to this celebration banquet!"

Chapter 745: It Might Ruin All Her Hard Work

Yet, it was still too early for Xu Xinrou to go back, as she still had something installed for Xu Xiyan.

She did not mind exposing some skin in public, it was something normal for an actress.

Xu Xinrou went back into the party as if nothing had happened. Unlike before, she did not try to get herself in front of the camera but instead waited quietly for the time to come.

She was still hoping to regain what she lost with the commercial video.

LK had invited many business people and top models to witness the new video.

The 15-second video was the most perfect editing the people had ever seen.

Every person had their eyes on Xu Xiyan after the video had ended, praising her for her performance.

Xu Xinrou stood at one side as her eyes widened.

She only appeared a few times on the video.

The distance between her and Xu Xiyan was clear.

Xu Xinrou had no script nor a perfect angle. If people had no idea who she was, they could just mistake her as a tourist that had happened to pass by.

Xu Xinrou was so furious that she wanted to point her middle finger at the director and the editor.

It was clear that they liked Xu Xiyan more.

The way Xu Xinrou stared at Xu Xiyang was more vicious. She believed more and more that Xu Xiyang had someone controlling everything behind the scenes.

Xu Xinrou decided that it was time for her to use her trump card.

Just as the video was playing in a loop, the scene switched.

In the scene, a man was standing in the hallway at a hotel. The door opened, and Xu Xiyang jumped into the man's arm as he picked her up and went into the room.

Everyone was shocked at the video and wondered if it was Jing Xi's scandal video.

In the video, the man was dressed like a wild west cowboy and had a long beard.

Xu Xiyang never expected that her date with Huo Yunshen would be secretly recorded by someone and exposed at the party.

She panicked as she was worried that her image might be ruined because of the video.

The door suddenly opened, and everyone averted their gaze.

A man in a black suit came in with his assistants.

"It's Tianyu Group's president, Mr. Mo!" one of the reporters shouted as he recognized Mo Yutian.

Mo Yutian always had his name on the Forbes' World Billionaires list. As soon as he came, he was surrounded by reporters, eager to interview the elite of the business industry.

People were curious as to why Mo Yutian would show up at the dinner.

"I'm here for a friend," Mo Yutian explained as he smiled at Jing Xi.

Xu Xiyang was surprised. She did not expect Mo Yutian would come to the dinner. Yet it also made sense as he would have connections with LK.

No one knew that LK belonged to Mo Yutian, but the reason for him to join the dinner was Xu Xiyang.

As soon as Xu Xinrou sent him the photo, he rushed over to understand the situation.

As the reporters were snapping photos of him, Mo Yutian strolled towards Jing Xi.

When he stopped in front of her, the reporters realized that Mo Yutian almost had the same back as the man in the video.

Chapter 746: The Best Attack

So the reporters started to interview him one after another. "President Mo, did you disguise as the man in that video?"

"President Mo, just now you said that you had come for a friend. Is that 'friend' referring to Jing Xi?"

"President Mo, are you in a relationship with Jing Xi?"

Mo Yutian faced the cameras and curved his lips in a suggestive smile. "Jing Xi and I are..."

He deliberately dragged the last word as he said this, raising a hand to brush aside a strand of hair beside Jing Xi's cheek.

In the eyes of the reporters, this kind of intimate gesture was undoubtedly an attestation to their relationship.

Xu Xiyan did not want the media to misunderstand. She quickly distanced herself from Mo Yutian, laughing as she answered, "He's just a friend."

Mo Yutian's eyes were curved upwards. He had more to say. At this time, there was a commotion at the entrance.

Everyone turned toward the sound and saw a handsome man in a high-end handmade custom suit. He was surrounded by black-suited bodyguards as he walked into the banquet hall.

The screams of women came from all directions. Their excitement just showed how attractive the newcomer was.

"Aaaaaahh... he's so handsome!"

"Who is he?"

"He has a beard! Isn't he the bearded man in the video just now?"

The crowds murmured with discussion. Director Meissen was the first to recognize the newcomer. Pleasantly surprised, he walked up to him in and greeted him with open arms. "Oh, I didn't think it was you, Elvis!"

"Long time no see, Mr. Meissen."

After Huo Yunshen and Meissen greeted each other with a simple hug, Meissen looked up and down at his fake beard. He gave him a thumbs up and said, "Your acting is getting more and more impeccable!"

Before shooting the commercial, Meissen had received a call from Elvis, telling him that he would come and visit him in the near future.

But he was very surprised. He didn't think that Elvis would suddenly appear today.

After the reporters recognized Elvis, they gave up interviewing Mo Yutian and turned their cameras to Elvis and interviewed him instead.

After all, this international movie king had a greater influence internationally than a pure businessman would have.

The voices of women became even louder and their eyes glittered with hearts ceaselessly.

"He turns out to be the movie king Elvis!"

"He will always be my prince charming forever..."

"He is really such a great legend!"

The reporters were also going crazy. They were more excited than a hungry pack of wolves who had been starved for half a month.

“Oh my god, I never thought I could see Elvis again in my lifetime. I'm so lucky! Quick, photograph him!”

“The man in the video just now looks more like Elvis. He has the same beard!”

“Are Elvis and the perfume goddess in a relationship?”

The emergence of Huo Yunshen was the best attack on those rumors.

The truth was Mo Yutian had intended to make up a story that he and Jing Xi were in a relationship in front of the public. Well, Huo Yunshen was sorry to say: no one should ever dream of coveting his woman!

The reporters began to discuss among themselves noisily at once, snapping away with their cameras, but no one dared to go up to him for an interview.

They did not dare to approach him because he stood tall and straight in an imposing posture. His body was emitting a powerful aura that daunted anyone before him.

This prince charming and former movie king, who had suffered for five years in a wheelchair, had finally recovered his health due to his strong will and returned to his former domineering and confident self today.

The cool and aloof man was surrounded with a bright aura, instantly snatching everyone's breath away with a single look of his eye.

This was also the first time Xu Xiyan had seen Huo Yunshen looking very powerful and imposing.

It could be said that Huo Yunshen was simply ravishing in his suit!

Even Mo Yutian looked inferior standing side by side with him. After all, Huo Yunshen's beauty was universally recognized.

Chapter 747: Their Relationship

Huo Yunshen had a different feel and aura around him with his change of clothes. He was the type of man that could wear anything and still look great.

“The video, are you and Jing Xi...” Mason asked as he was curious like everyone else.

Huo Yunshen raised his head and looked at the video that was on a loop.

He then walked towards Jing Xi, pulled her into his arm and announced, “Jing Xi is my wife.”

It was the first time that Huo Yunshen announced that he had someone he loved

It was a huge headline for the reporters as they discussed it right away.

“So she's the secret wife the movie king was hiding.”

“They're such a match!”

“I've heard that Elvis was able to walk again because his wife was there to support him!”

As soon as the women heard Elvis confirm the fact that he was married, their hearts broke.

Their prince charming was taken.

Xu Xiyan raised her head and looked at Huo Yunshen. She was curious as to why Huo Yunshen would suddenly announce their relationship.

She thought they decided to hide the fact they were married.

Huo Yunshen was clear on what he was doing. Not only did he want to take up his responsibility as her husband, but he also wanted to show who was the boss in front of his rival.

He loved living a secluded and quiet life, but even then he also wanted to show his perfect wife to the world.

He wanted to tell the world that she was the woman he loved.

Mason instantly understood that Jing Xi was the wife that supported Elvis in his time of need.

It was fate that he would direct the commercial film with Jing Xi in it.

It was clear that Elvis had a sight for talent, as Jing Xi was attractive in a unique way that people could just not resist.

People started to realize that the scandal video was nothing more than a scandal. It was perfectly normal for a married couple to hug and kiss in a hotel.

In total contrast to Huo Yunshen, who was surrounded by people, Mo Yutian tightened his fists as he felt like he'd been punched in the chest.

His Dark Zone was being pressured by JS.

His leg was gone because of Huo Yunshen.

The woman he fell for was taken by him.

And while he was still crippled, Huo Yunshen was able to stand again already.

Mo Yutian stared with intense hatred at the man that was living the best of his life.

Huo Yunshen had never looked at him even once ever since he showed up.

And whenever Huo Yunshen did see him when he turned his head, his eyes showed that he despised him, and he acted like Mo Yutian was not there.

That was the worst feeling a person could feel. The person you hated the most did not even give a damn about you.

When Mo Yutian was angry to the point where he might explode, Huo Yunshen was not affected by it as he continued to show the world how much he loved his wife.

Other than Mo Yutian, Xu Xinrou also stared at them enviously.

She thought that she finally had control over Xu Xiyan and was planning to sell those videos to the media in Peijing.

In the end, not only had her plan failed completely, it even felt like she was giving them a present for their marriage.

She always thought that Xu Xiyan was only one of Huo Yunshen's many lovers and never expected that they were actually married.

#### Chapter 748: Dealing With The Devil

At this moment, Huo Yunshen and Jing Xi had become the main stars of the dinner banquet. Mo Yutian was feeling very bored staying at this place. After finishing his last cup of wine sullenly, he left.

Xu Xinrou noticed that Mo Yutian was leaving and followed him out. She followed him to his car and came to the passenger seat side. She thought she could get a ride home from him.

Who knew that Mo Yutian had never intended to invite her into his car. He suddenly reached out and grabbed her neck with his big hand like a vice, almost breaking her neck. He glared at her angrily and said, "Why did you do that?"

When Mo Yutian had first seen the photos and videos Xu Xinrou had sent to him, he had immediately rushed over to the banquet. He didn't expect Xu Xinrou to be so stupid that she released the video at the celebration banquet.

If she wanted to ruin Jing Xi, did she even have his permission to do so?

"President Mo... I... I was trying to help you..." Xu Xinrou struggled to explain. She felt like she was going to be out of breath.

How could he believe this kind of explanation?

Mo Yutian narrowed his dark eyes and warned her, "From now on, if you dare to do anything without my permission, I'll make sure you suffer the consequences!"

"I-I... I know..."

"Hmph!" the man snorted sharply from his nose and flung her to the ground ruthlessly, then got into his car and drove away.

Xu Xinrou lay on the ground gasping for air. Her back was soaked all over with cold sweat.

She knew very well how heartless Mo Yutian had become. She was literally dealing with the devil by helping him out.

If she were to be a little careless, she would be doomed forever.

The man wanted to separate Huo Yunshen and Jing Xi, and yet did not want to hurt Jing Xi. How could it be possible for him to have it both ways?

Though, she would like to see whether Mo Yutian and Huo Yunshen would fight to the death and cause themselves to suffer a great loss just because of Jing Xi in the end.

Xu Xinrou picked herself up from the ground when Wen Li just happened to come out to look for her.

“Xinrou, are you okay?”

Just now she had seen the President of the Tianyu Group strangling Xu Xinrou, but she didn't know what was going on.

“I'm fine. I'll tell you more after we go back.”

Xu Xinrou and Wen Li returned to the hotel. After opening the door, they discovered that Xu Xinrou's mother, Su Rui, was gone. They looked all over the room and found that Su Rui's luggage was gone too. There was a note on the table. It read:

[Rourou, Mom is not going to wait for you to come back and has to leave now. Mom has a little debt, please help me pay it!]

Xu Xinrou was so angry. How could her mother be so troublesome?

She had told her to stay at the hotel and wait for her to come back, and yet she actually ran off again?

And she even left a debt behind for her to settle?

“What should we do now? Should we go look for Auntie?” Wen Li asked.

Before Xu Xinrou could say anything, someone knocked at the door. Xu Xinrou guessed, “Maybe my mom is back?”

“I'll go get the door.”

As soon as the door opened, Wen Li saw several big and fierce-looking men standing outside. They were all looking at her with malicious eyes.

“Who are you looking for?” Wen Li asked.

One of the men grabbed Wen Li's collar and said to her fiercely, “You're Xu Xinrou? Your mother owes us 20 million Fstan dollars. Pay up now!”

Xu Xinrou took a peek. The people outside looked like trouble and were most likely there to collect their debts.

“No, I'm not. You're mistaken,” Wen Li hurriedly explained.

The men noticed that there was another woman in the room. They let go of Wen Li and barged into the room to grab Xu Xinrou.

“So you are Xu Xinrou? When are you paying up the 20 million Fstan dollars?”

One of the men held up a receipt for a usury loan. Su Rui's signature and stamp were on it.

After seeing the loan receipt, Xu Xinrou almost vomited half a kilo of blood. It turned out that her mother owed the loan sharks a debt. Oh, 20 million dollars! Where was she going to find so much money now?

Chapter 749: Only The Two of Them Are Left

Xu Xinrou did not want to pay the 20 million debt. She quickly shook her head, pointed at Wen Li, and said, "I'm not Xu Xinrou, she is!"

Wen Li could never expect that Xu Xinrou would try to make her take the fall.

Wen Li was completely disappointed as she stared at Xu Xinrou.

"I'm not! She's the Xu Xinrou you're looking for!" Wen Li shouted.

The men realized that the two women in front of them were trying to escape from the debt by selling each other out.

Since they weren't cooperative, there was only one thing for them to do.

"Take them both back!" the man in charge shouted.

Xu Xinrou and Wen Li were both stunned by his order. Before they could even yell for help, they were both tied up and had their eyes covered before being taken out of the hotel.

On the other side, the dinner was still going on.

Huo Yunshen invited his wife for the first Waltz dance.

The handsome man dancing with the attractive woman in his arms was the attention of the whole night.

The dance ended with Xu Xiyan resting her body on his chest as the crowd clapped for their performance.

Huo Yunshen stared at the girl in his arms gently as their love intensified.

As soon as the dance ended, Huo Yunshen left the dinner with Xu Xiyan after bidding farewell to Mason.

Huo Yunshen took Xu Xiyan back to the hotel that he was staying at.

Now that everyone knew that they were married, no one would talk about it even if they saw them going into the same hotel.

As soon as Huo Yunshen closed the door behind him, he grabbed Xu Xiyan by her waist and pulled her into his arms.

After a romantic kiss, Huo Yunshen started to move his hands to remove Xu Xiyan's fishtail dress.

Yet no matter how he looked, he could not locate the zips.

Since he was eager, he tore her dress apart as Xu Xiyan looked at her good dress turned into a useless piece of cloth.

“Hey, you tore my dress!”

Xu Xiyan scolded him, as the dress was expensive.

“I will buy another one for you! You don't have to save my money!”

Xu Xiyan was speechless as her man was becoming a master in tearing clothes apart. In just a few seconds, her dress was completely shredded into pieces.

The man pushed her down onto the carpet like a hungry wolf.

It was a sweet night that was not disturbed. Only their shadows could be seen in the room.

Just as they were having a romantic night, Xu Xinrou and Wen Li were brought to a secluded place and was locked up in there.

They had no idea where they were. They could only see people coming in and out from the reinforced windows.

The people were dressed in soldier's uniforms and boots, but they could not recognize which army they belonged to.

Those people weren't like normal soldiers, as soldiers would never play and drink like they did.

In reality, Xu Xinrou and Wen Li were in a small Dark Zone base in Fstan, a base for loan sharks. It was also the place where they would bring back people who could not pay them back.

Chapter 750: Bang Her To Death

Though they did not manage to catch Su Rui, they caught her daughter instead.

A few drunkards suddenly became lustful after seeing the two beautiful women they had just captured.

Their mouths were full of vulgarities as they discussed among themselves. They decided to “play” with the women first.

In the cell, Xu Xinrou saw the group of men coming towards them. She asked, “Do you think they would let me go if I promised to pay the debt?”

“How would I know?”

Wen Li was angry and could not be bothered with Xu Xinrou anymore.

She had decided. After getting out of here, she would make a clean break from Xu Xinrou. No matter how much Xu Xinrou would beg her in the future, she would never help her again.

Xu Xinrou was being optimistic. As long as they released her, she would go to Mo Yutian for help.

But it was a pity that Xu Xinrou's plan was destined to fall through. Those men were not even coming to release her.

The iron door of the cell opened and several drunkards barged in. Without any explanation, they began to work separately, dragging Xu Xinrou and Wen Li into two different rooms.

Xu Xinrou and Wen Li were both scared out of their wits. They knew that the men were going to do something perverted to them. It was unfortunate that they were completely unable to resist them.

At first, Xu Xinrou was quite enjoying it. The experience was fresh and so exciting that she even climaxed.

However, when more and more men took turns to bed her, she could not take it anymore. Were they planning to bang her to death?

She wept, begged, screamed, and howled... Her cries were so loud that it could pierce the heavens.

About forty or fifty men switched between the two rooms to toy with the women. By the time they were all done, the two women were completely ruined by their abuse and they were half dead.

They were dumped back at the hotel entrance at 3 in the morning.

When the hotel bellboy saw them, the two were in rags, looking extremely wretched.

Both women were marked with the seal of the Dark Zone—a black mandala.

The bellboy knew that it was the Dark Zone's doing and he did not dare to report to the police. He only called for the other hotel staff to help send the two women back to the hotel room.

Here in Fstan, members of the Dark Zone terrorizing the people was nothing new. As long as the common people saw the black mandala, they would hide as far away as they possibly could.

Even in the whole world, the unruly behaviors of the members of the Dark Zone were established as customary by the higher-ups of the Dark Zone.

The Dark Zone itself was an unlawful organization. It was a gathering of dark forces and it was a representative of evil.

As the ruler of the Dark Zone, Mo Yutian had never requested his members to change their ways, but rather hoped that the more chaotic the world became, the better it would be.

Only when the world was in chaos would there always be demand for his army and his drugs in the market.

At this time, Mo Yutian was in the Black Gold Tower in Fstan. His subordinate Reid was reporting something important to him.

“I've already found out that Miss Jing Xi made a bone marrow donation three years ago. This is a copy of her donation agreement.”

“Well done!” Mo Yutian slapped on the table excitedly when he saw the copy of the agreement.

With this donation agreement, he could start implementing the third plan.

Two plans had been implemented in the past. The first was to use an illegitimate child scandal to destroy Huo Yunshen's reputation but it had been taken care of by Huo Yunshen.

The other was to erase Jing Xi's memory through a memory loss perfume.

He had originally wanted to let Jing Xi endorse "The Sweet Love Angel." As long as she continued to use the perfume one of his specialists had concocted for her, it would make her lose her current memory soon after using it.

By that time, he would be able to drag her into his sphere of influence and re-establish her memories with ones he had exclusively fabricated for her.

But now, Jing Xi had ended up endorsing "The Bewitching Fae" by accident, and the two bottles of perfume with modified ingredients were being used by Xu Xinrou instead.
