

Priceless Baby 811

Chapter 811: Caught Them in Bed

Huo Yunshen called Xu Xiyan twice again and got the same response.

Xu Xiyan's phone was off, and Huo Yunshen panicked.

He quickly called Yi Xiao and made him investigate which hotel it was in the news.

Even though Huo Yunshen was skeptical about it, he still couldn't stop himself from making sure.

Only when he saw it with his own eyes would he be able to calm down.

When the door to the hotel room was kicked down, they could clearly hear the moaning inside.

The closer he got, the faster his heart beat.

He couldn't even begin to picture what it was like to see his own wife in bed with another man.

A woman was riding on a man in the bed as her boobs shook from her motion.

It was disgusting to see.

But one look at the woman's back and Huo Yunshen was sure that it wasn't Xu Xiyan.

Because Xu Xiyan had a cloud-shaped tattoo on the bottom right of her back.

It was a surprise for Huo Yunshen, representing that she would never separate with him.

It was regretful that she ruined her perfect skin, but Huo Yunshen actually was grateful for her tattoo for once.

The two people on the bed were surprised by the sudden intrusion, and they screamed while they tried to hide in the blanket.

Huo Yunshen looked at the woman, but she only looked like Jing Xi from a certain angle. Otherwise she was a completely different person.

Huo Yunshen also recognized the man. It was the billionaire, Mei Xiangdao, from the cruise ship.

Mei Xiangdao was well-known for being a playboy, and he was shocked when Huo Yunshen barged into his room.

"Mr. Huo, did I do something wrong?" Mei Xiangdao asked. "What have I done to deserve this visit? Could it be... that you're actually close with Linlin? Please, I had no idea she's your woman..."

"Oh, shut up and continue what you're doing," Huo Yunshen scolded and left with his men.

The most important thing at that moment was to find out where Xu Xiyan was.

But he had no idea that a person was recording the whole "catching his lover in bed with another man" act in the shadow.

Not long after Huo Sanyan shut the scandal down, another surfaced.

The scandal mentioned that Huo Yunshen caught Xu Xiyan at the hotel and they fought.

Huo Sanyan could not help but slap her own forehead.

What the heck are those two

doing? Can't they live a scandal-less life?

Huo Yunshen asked his men to trace where Xu Xiyan went after she left the studio.

They contacted Wan Dou and learned that Wan Dao was having stomach issues and spent most of her time in the bathroom.

Because the van broke down in the middle of the road, Xu Xiyan hailed a cab and went off.

Huo Yunshen called Fang Xiaocheng, but Ying Bao and Fang Xiaocheng told him that Xu Xiyan wasn't back yet.

Where did this woman go? Could it be... Mo Yutian? Is he behind this? Is he planning to kidnap Xu Xiyan and spread the scandal about her having an affair? No, it must be him! There's no one else I can think of!

Chapter end

Chapter 812: I Would Like To Keep Her As My Lover Too

With this kind of affirmation, Huo Yunshen rushed to Blackwater Manor with a group of his men angrily.

The Blackwater Manor was Mo Yutian's residence in Zstan and the security of the place was relatively tight.

His men stopped outside the security border. Huo Yunshen gestured for them to proceed.

A flash bomb fell into the manor grounds and detonated, alerting the guards around Blackwater Manor. One by one they took up their firearms in a defensive stance.

After Mo Yutian was alerted, he asked what happened. His men told him that Huo Yunshen had come to take someone back.

Mo Yutian's forehead was beaded with sweat as he appeared at the entrance of his manor. He saw Huo Yunshen; he looked very angry. It seemed that if he was late in coming out to meet him for one second, he would have blown up his manor.

Huo Yunshen's dark eyes were cold and sharp as a knife. He demanded, "Hand Jing Xi over to me!"

"How could Jing Xi be here with me? If Mr. Huo wanted to catch her in bed with another man, you must also look in the right place."

Mo Yutian had been watching the news about the scandal just now. Before he even had time to order his men to check the authenticity of the scandal, Huo Yunshen had already appeared at his residence with his men.

"I'll give you three minutes and you better hand her over to me, or else don't blame me for my lack of manners!"

Huo Yunshen's patience was limited. If it wasn't for Jing Xi's safety, he may have already ordered his men to attack and flatten the manor to the ground.

Mo Yutian's eyebrows furrowed in helplessness. He spread his hands out as he said, "I would like to keep her as my lover in my house too, but she is really not here. If you don't believe me, you can come in and search."

Mo Yutian ordered his servants to open the gates, inviting them to come in.

Huo Yunshen sent his men into the manor for a thorough search. They did not find Jing Xi.

At this moment, Mo Yutian received a call. After the call ended, he frowned as he told Huo Yunshen, "I know where Jing Xi is."

The two bosses took their own men and rushed to the LK Tower.

After Mo Yutian arrived at the LK Tower, he immediately ordered the captain of the security guards, "Repair the elevator immediately!"

Men of both sides gathered in the vicinity of the elevator. Mo Yutian kicked the "Under Maintenance" sign away. After waiting for a few minutes, power was finally supplied to the elevator and it began to operate normally.

The elevator descended to the first floor and the elevator doors slowly opened. Then at the same time, Huo Yunshen and Mo Yutian discovered the woman who had fainted in the elevator.

The elevator was completely enclosed and there was only air conditioning when it was running. But when it was not powered, there would not be any air circulation.

Xu Xiyan was locked up here for nearly an hour. The air had slowly thinned and she had almost suffocated to death.

Her body was drenched with sweat and she looked very pale due to the lack of oxygen.

"Jing Xi! Wake up, Jing Xi..."

He finally found her. He had never imagined that she could be locked up here.

Huo Yunshen's heart ached as he picked up the little woman. He tried to call her name to wake her up, but she was already unconscious.

"The elevator is completely sealed and anyone will suffocate inside if there is no electricity," Mo Yutian said, explaining the situation. He was also worried after seeing that Jing Xi had fainted.

How did he know that so clearly? Huo Yunshen thought.

Huo Yunshen narrowed his eyes at him, then carried Jing Xi out of the elevator and placed her on the flat ground and checked her breathing and pulse.

They were very weak.

With almost no hesitation, he began to give her CPR.

After completing two rounds of CPR, the ambulance arrived. Huo Yunshen promptly sent Jing Xi to the hospital.

Before he left, he warned Mo Yutian harshly, "This is not over!"

If he found out that Mo Yutian was behind this, don't blame him for being merciless when the time comes.

Chapter 813: Entangled

After the ambulance left, Mo Yutian had his man take the person in charge of the elevator in for questioning.

He was curious about why the person did not repair the elevator and had waited instead.

After being beaten terribly, the person finally confessed that he did it for money.

Yet he had no idea who paid him because he never met them.

Mo Yutian was furious. Who dares to touch Jing Xi under my nose? They're dead!

Xu Xiyan woke up the second day after being treated in the hospital.

She checked her surroundings and realized that she was alive in a hospital.

She could feel two huge hands holding her small hand tightly.

Xu Xiyan turned her head and saw a man praying next to her with his eyes closed.

It was a man that she almost could not see again.

She almost suffocated in the broken elevator.

Luckily, she was still alive and was still able to meet her husband.

"Hubby..."

Huo Yunshen opened his eyes and said, "You're up..."

"Yes."

He placed his huge hand on her head and caressed her hair.

"Are you feeling better? Does it hurt?" Read the next chapter on our vipnovel.com

"Hubby..."

Xu Xiyan shook her head and began to cry.

She had felt fear when she was trapped in the elevator...it was the fear of dying.

Even though she was not a person that was afraid of dying, she wasn't ready to die yet...she wasn't ready to leave her husband and daughter behind.

She cried because she thought she could never see Huo Yunshen or Ying Bao again.

“Everything is fine now...” Huo Yunshen comforted and hugged her. He lowered his head and kissed her tears dry.

He slowly lowered his lips until hers met with his.

Her lips were like a magnet attracting his lips towards her and locking them in place.

The kiss intensified until Huo Yunshen pried her teeth open and entangled his tongue with hers.

It was the only way he could think of calming her down.

The kiss was so intense that Xu Xiyan could feel that she was suffocating from it, but it was different from suffocating in the elevator.

Her heart calmed down from that instead.

As their lips separated, she finally calmed down and her tears stopped.

“Tell me, how were you trapped in the elevator?”

Huo Yunshen wanted to know the whole story so that he could have better progress with the investigation.

Xu Xiyan told him how she went to LK after the shooting ended.

With how Wan Dou suddenly had a bad stomach and how the van broke down, and with the scandal surfacing at that time, it was all too well timed.

Chapter 814: A Terrible Truth

In Huo Yunshen's view, when all coincidences happened to come together, they were not coincidences anymore; they were deliberate.

Who had actually planned this incident?

Was their intention to break their relationship as husband and wife?

Mo Yutian had confirmed that the person in charge of the elevators had been bribed, deliberately causing the false impression that the elevator had failed. So who had been planning all this behind the scenes?

No matter how much he thought about it, Huo Yunshen felt only one person was responsible, and that was Mo Yutian.

There were no other people who wanted to separate him and Jing Xi more than Mo Yutian. Besides him, who else was able to carefully and meticulously plan such schemes?

After a short time, Yi Xiao returned and reported the situation to Huo Yunshen.

In order not to disturb Xu Xiyan's rest, the two temporarily left the ward to speak outside.

Yi Xiao had found laxatives in Wandou's leftover drink that led her to visit the toilet repeatedly.

Also, someone had secretly tampered with the celebrity van, otherwise it would not have broken down for no reason.

The most terrible thing Yi Xiao had found out was something related to LK.

Nobody knew the truth about the company of the perfume Xu Xiyan was endorsing. It turned out that LK was an overseas company belonging to Mo Yutian. He had not registered the company under Tianyu so it was difficult for ordinary people to find out the relationship between the two companies.

Through very unconventional means, Yi Xiao had resorted to asking for help from Nightfall's great apprentice who was the world's top hacker, Jun Yan, before finding out the truth of LK.

After figuring out all of this, Huo Yunshen clenched his fists in anger. It turned out that it was Mo Yutian again.

He had deliberately lured Jing Xi away and then created a scandal about them for the purpose of breaking them up. It had to be it.

This Mo Yutian was being too arrogant. When Xu Xiyan was discharged from the hospital, he would find the time to teach him a good lesson.

In fact, Huo Yunshen did not know that while he was pondering how to teach him a lesson, his rival had already arrived at the ward.

Mo Yutian stood in front of the hospital bed, studying the woman lying on it.

The woman's snow-white skin exuded a warm luster. Her eyelashes were thick and long like the wings of a butterfly. Her clean and clear face was pale.

Mo Yutian did not wake her up. He watched her quietly until she woke up.

Xu Xiyan had not fallen asleep. She was only closing her eyes and resting her mind. She sensed someone had come into the ward; she thought that Huo Yunshen was back.

When she opened her eyes, she realized it was Mo Yutian.

Her heart jumped and she sat up in reflex. "Mr. Mo, what are you doing here?"

"I'm here to see you."

Mo Yutian handed her the bouquet of flowers he had been hiding behind him. "For you, Jing Xi."

Xu Xiyan looked down at the bouquet of flowers. They were red roses. She shook her head. "I'm sorry, I can't accept these flowers. Thank you for your good intentions."

She had promised Huo Yunshen that she would not accept flowers from another man. She had to keep her word.

"It's just a bunch of flowers."

Mo Yutian decided to push the flowers directly into her arms, stepping up to her. However, before he could take a second step, he felt a sudden rush of air beside his ear.

Before he could turn, a strong punch had landed on his face.

Just now, after Huo Yunshen and Yi Xiao had finished talking, they returned to the ward and found the bodyguards guarding the ward sprawled on the floor.

Worried that Xu Xiyan was in trouble, he had rushed into the ward and saw Mo Yutian handing flowers over to Xu Xiyan.

Without much thought, Huo Yunshen directly gave Mo Yutian a heavy punch, sending his rival reeling backward until he hit the sofa with his back.

"Mo Yutian, how dare you come again?"

Huo Yunshen narrowed his dark eyes slightly, his sharp gaze like an icy wind sweeping over him.

Before Huo Yunshen had even gone to look for him, Mo Yutian had already come appearing before him.

"I'm here to visit Jing Xi. What's wrong with that?"

Chapter 815: Overly Arrogant

Mo Yutian found his footing and rubbed the blood on his lips as he stared at Huo Yunshen furiously.

It was the second time he was hit by Huo Yunshen when he was defenseless.

"And why do you think you can do that?" Huo Yunshen scolded as he grabbed Mo Yutian's collar.

"Why can't I?" Mo Yutian asked back.

Huo Yunshen was slightly taller than Mo Yutian, and the former looked at the latter with his head slightly tilted down.

Because there were people that he wanted to protect, Huo Yunshen was on full defense mode, his eyes glaring with killing intent.

Xu Xiyan was worried that they would start a fight in the room.

Yet they did not and brought it outside instead.

Huo Yunshen pushed Mo Yutian out of the room.

It was a battle that could not be avoided.

Both of them stared at each other as they stood on the roof, their clothes flapping in the strong wind.

“You really tried everything just to get your hands on Jing Xi, huh?” Huo Yunshen scolded. “From the marrow transplant last time to the broken elevator yesterday, it was all you, am I right?”

“I admit that I was behind the transplant, but what happened yesterday was not me!”

“Not you? Do you think that I have no idea that LK is one of your companies? It's also a way for you to get closer to Jing Xi!”

“So what?” Mo Yutian admitted that LK was his, but it did not mean that he was responsible for the elevator.

“I've warned you that I won't go easy on you if you try to make a move on my wife!”

“Really? I don't remember that!”

Mo Yutian was not afraid of Huo Yunshen's threat.

He would not have gone to the hospital alone if he was not prepared.

“Then don't blame me for not going easy on someone who's disabled! I'll only defend for the first 10 attacks!”

Mo Yutian got angrier as Huo Yunshen called him “disabled” and gripped his fists tightly.

He would never have lost a leg if not for Zeus. Read the next chapter on our vipnovel.com

It was time for them to find out who was better between them.

Mo Yutian made the first move and threw a punch towards Huo Yunshen's face which he dodged.

It wasn't until Mo Yutian launched his first 10 attacks that Huo Yunshen started attacking back.

They exchanged punches like a storm rampaging through the roof, every attack aimed at the weakest part of a human body.

In the end, Mo Yutian was still not a match for Huo Yunshen. Even though he could keep up at the beginning, it became harder as the fight went on.

All because of his prosthetic leg.

Mo Yutian could only endure the hits from Huo Yunshen as he could not react to them until his body was thrown to the edge of the roof by one of Huo Yunshen's kicks.

Huo Yunshen landed a punch on Mo Yutian's nose and stopped.

“It's your loss! Don't ever try to get near Jing Xi again!” Huo Yunshen warned and left.

Mo Yutian stared at the person that had his back to him and was sure of one thing.

He was a hundred percent sure that Huo Yunshen was Zeus.

And he had just lost to the person he had vowed to take revenge on.

Chapter 816: Couldn't Help But Blush

Huo Yunshen returned to the ward with a dark face. The murderous aura about his body had not completely dispersed.

The first thing he did after entering the ward was to throw those bothersome roses directly out the window.

They didn't realize that, at this moment, a young couple was bickering below outside the hospital. The girl was leaving and the boy was going after her to apologize to her.

At this moment, a bunch of flowers fell from the sky directly into the boy's arms, and he caught them.

As soon the girl saw the roses, she was pleasantly surprised and her anger was immediately placated.

She took the flowers and her boyfriend's arm and left with him happily.

The boy couldn't help but look back at the sky. How strange. He had almost broken up with his girlfriend and thanks to these flowers, their relationship was saved. He wondered which god had saved him?

Back in the ward, Xu Xiyan peeked at Huo Yunshen. She noticed that there was a terrible expression on his face.

When she saw the blood on his white shirt, she sat up in shock. "Dear, are you injured?"

"How could I get hurt?"

If he was not injured, then Mo Yutian was the one who was injured?

Xu Xiyan breathed a sigh of relief. As long he was not injured, everything would be fine. She could not care less about the life and death of others.

Huo Yunshen took off his stained shirt, exposing the well-defined muscles of his upper body.

Seeing his exposed strong and sexy chest, his well-defined abdominal muscles, as well as the V lines that crept deep behind his belt, Xu Xiyan turned her head away in embarrassment, her cheeks flushing red and warm.

Even though they had been married for a while, every time she saw the man's fine body, she still could not help but blush.

Yi Xiao brought a clean shirt for him and he put it on.

Feeling good, Huo Yunshen sauntered over and leaned close to her, touching her forehead with the back of his hand. "Why is your face so red? Are you having a fever?"

"No, I don't have a fever." Xu Xiyan did not know whether to laugh or cry. She took his hand down, holding it in her hands as she said, "I'm fine now, Dear. Can I go home?"

"If Professor Qin says you can, you can."

Huo Yunshen was not trusting of other doctors now because he was afraid that Mo Yutian might be up to no good again. Therefore, whenever Xu Xiyan was unwell, he would get Qin Kun to treat her.

After all, Qin Kun was a general practitioner who was both a physician and a surgeon. He was also the family doctor for the Huo family so he could be trusted.

It just so happened that Qin Kun came into the ward to check on his patients. He checked Xu Xiyan's situation, then said, "You're fine now. You can be discharged from the hospital."

These words were exactly what Huo Yunshen wanted to hear. He said nothing and immediately picked Xu Xiyan up and carried her out of the hospital and took her home.

After being discharged from the hospital, Xu Xiyan learned about the incident and everything that had happened. Someone had deliberately locked her in the elevator, and at the same time, someone also had taken pictures of her and a wealthy businessman entering a hotel for a room.

The Internet went into an uproar after the news spread. Many busybodies who were ignorant of the truth were criticizing her for being an ingrate; she was married to the most handsome prince charming, Huo Yunshen, and yet she still courted other men.

She heard from Huo Yunshen that the woman was just Yunhai's newcomer, named Qin Linlin. Her back looked quite similar to Xu Xiyan's; that was why the reporters had mistaken her for Xu Xiyan.

Jingyue Entertainment had already released an official statement, saying that they would hold a press conference for Jing Xi. Before then, they requested all fans and netizens to calm down and believe in Jing Xi.

Since then, the netizens calmed down a bit and fans who were sensible waited for an explanation from public relations.

Xu Xiyan rested at home for a day. The next day, she had a press conference and had to return to the company.

Wandou and a driver came over to pick her up with the celebrity van. After the celebrity van arrived in front of the Jingyue Building and Xu Xiyan got out of the van, a group of reporters and paparazzi came up to surround her.

Chapter 817: An Over-Protective Wife

The paparazzi was waiting there just so they could ask Jing Xi about the cheating scandal from a few days before.

Even though she would be clarifying the scandal during the press conference, they still wanted to get first-hand knowledge from her.

"Jing Xi, can you explain the scandal?"

"Do you think it's okay to cheat on the movie king?"

"Could it be because things aren't going well between the two of you?"

The questions became harsher as a reporter from the Southern Press asked, "Could it be because the movie king still could not do that in spite of him recovering? And you cheated because he can't satisfy you..."

Xu Xiyan finally lost it when she heard someone talking bad about Huo Yunshen.

She threw a punch straight at the reporter.

The reporter fell to the ground, and when others helped him to his feet, his nose was bleeding, and his glasses were shattered.

"How dare you hit me? Are you insane?" the reporter scolded, as he had never expected a celebrity to have the nerve to hit a reporter in public.

"Am I insane?" Xu Xiyan asked back. The question he asked was a personal remark, and there was no way she would tolerate it.

Xu Xiyan threw another punch in front of everyone and even kicked him before she warned, "Let me warn all of you! You can ask questions about me, but if any of you dare to defame my husband, I'll definitely not sit back!"

What Xu Xiyan did was not wrong, and instead, the people felt that what she did was justice.

The lesson the reporters had learned that day was that they should not offend someone who started her job as a martial arts stunt double as she would definitely give them a taste of her strength.

Xu Xiyan stood still and stared at the reporter as if she was staring at evil.

She had proved the rumor about her being a protective wife with her fist.

She could tolerate people bullying or insulting her, but she would never hold back if someone did that to Huo Yunshen.

Xu Xiyan turned and went into the office.

"Did anyone record that? Can I have the video?" the Southern Press reporter asked.

He felt happy because Xu Xiyan had just made another headline by herself.

Beating a reporter in public could defame any celebrity instantly.

Before the press release even began, the Southern Press uploaded the video with angry descriptions.

The reporter was waiting for the netizens to do him justice.

In just 10 minutes, the news became the third most searched topic online

It would be hard for the people to ignore her anymore since she wasn't a newcomer anymore. What was more was that she was the wife of Huo Yunshen.

The people were curious, wondering if Xu Xiyan had become a tyrant after becoming Mrs. Huo, to the point where she would even beat up a reporter.

Chapter 818: Something Unspeakable

However...

All the netizens, after watching the video and hearing the reporter's questions and Jing Xi's words of challenge towards him, became very shocked.

It turned out to be the reporter's fault. His question had caused a personal attack on Jing Xi and Huo Yunshen.

In order to protect Huo Yunshen, Jing Xi had beaten up the reporter.

One would expect criticisms flooding the comments area, but there were none; everyone was waiting for public relations to explain Jing Xi's adultery. Now they were commenting on Jing Xi's behavior and clicking "like" on the video.

[That reporter is literally looking for trouble!]

[Who is he making up little Xixi's adultery? The love between my little Xixi and my prince charming is stronger than gold, okay!?!]

[He deserves it! She is beating him too lightly! If I was her, I would definitely rip him into 18 pieces!]

[How could that bastard insult my prince charming? He's not worthy of being a reporter!]

[Good job, little Xixi! She even dared to challenge the reporter to protect prince charming!]

[Wow, she is really a crazy husband protector!]

[You are so brave! I'm your fan now!]

It was also from this day that the entertainment circle had given Xu Xiyan another nickname, calling her "Crazy Husband Protector."

Before Jing Xi was even criticized, the netizens had already torn into that Southern Press reporter with their harsh criticisms. In the comments section, many netizens were calling on the unethical reporter to get lost from the media industry.

When the Jingyue Entertainment press conference officially began, all journalists were invited to enter except for the Southern Press reporter, who was refused entry outside.

A conspicuous sign was erected outside the entrance. It read:

[Southern Press reporters and dogs are not allowed to enter]

Regarding such a badly-behaved journalist like him, not only was he unable to enter the press conference as his punishment, but from now on, in the entire media industry, the whole of Peijing and even Zstan, he could never dream of becoming a reporter or work a similar occupation again.

He had been banned by the whole industry.

The press conference was held on the third floor of Jingyue Tower.

It was a full house in the huge conference room that could accommodate thousands of people.

After Xu Xiyan was seated on the stage, Xiao Yuqian led her public relations team and personally acted as Jing Xi's spokesperson.

Infographics, timelines, pictures of Qin Linlin and Mei Xiangdao's faces when they were getting a room at the hotel, as well when they were caught in the act, and information about Jing Xi being trapped in the LK Tower elevator and sent to the hospital—these were all pieces of evidence put out to the audience, putting an end to the rumors.

The astute reporters had figured it out that behind the adultery scandal, it seemed that there was someone manipulating it.

That person knew Jing Xi and the artists of Yunhai Entertainment like the back of his hand.

The little newcomer named Qin Linlin was just a tool to fabricate this scandal.

Qin Linlin wanted to take advantage of this matter to become famous. But unfortunately, before she could become famous, her reputation was already tainted.

At the end of the press conference, Jing Xi's adultery scandal was clarified. The men Huo Yunshen had dispatched were working with Mo Yutian's men to investigate who was the behind-the-scenes perpetrator.

They traced the clues and found out that it was Xu Xinrou.

Those who had been bribed confessed the truth, saying that they were instructed by Xu Xinrou.

Huo Yunshen was very angry after learning the truth. Xu Xinrou was really being very bold and unscrupulous. It was already bad enough that she had harmed Xu Xiyan before, and yet she was still not repentant now.

Looked like it was time to settle both old and new scores.

Huo Yunshen's men found Xu Xinrou first. When they found her, she was with her sugar daddy Hua Zhenghong—the director who had started his career by directing porn. The two were having fun doing something unspeakable together.

Chapter 819: The End of Xu Xinrou

The scene they saw was unsightly. Hua Zhenghong pushed Xu Xinrou off the bed as soon as he noticed a ton of people had just barged into his room. As for Xu Xinrou, she did not even notice them as she was under the influence of drugs.

After being pushed away by her sugar daddy, she climbed over to the people who had just barged in, unable to recognize who was who.

She grabbed onto Yi Xiao's leg and tried to latch onto him but was kicked three meters away by Yi Xiao. She hit her head on the wall and fainted.

How dare she touch me! Yi Xiao scolded in his head. Ugh! It's so disgusting!

“Who the heck are you people?” Hua Zhenghong scolded. “What are you doing in my house? Do you even know who I am?”

Who you are? Looks like I have to teach him proper manners! Yi Xiao raised his hand, and his underlings began to kick Hua Zhenghong until he cried.

“Please... Stop... I'll give you whatever you want... Just stop hitting me...”

Hua Zhenghong lay on the ground while spitting blood from his mouth.

“You're the movie director, Hua Zhenghong, am I right?” Yi Xiao asked as he stepped on Hua Zhenghong's head.

“Yes...”

“I've heard that you are good at directing R rated movies.”

“Yes... That was before...”

“Very good. You can have your old job back.”

Hua Zhenghong went back to his old career with Xu Xinrou as his main actress while Yi Xiao's men supervised the whole thing.

There was only one female character in the whole movie, but the actors changed over and over again. They weren't technically actors as they were beggars that Yi Xiao had found on the street.

As soon as they saw Xu Xinrou without her clothes on, they began to do what their male instinct told them to do.

That was how Xu Xinrou became a porn actress, a plaything for the beggars.

That was her punishment, a public toilet for the beggars.

Yet, someone was more vicious than Yi Xiao

When Mo Yutian's people found Xu Xinrou, they were also disgusted by what they were seeing. After pulling her away from the beggars, they threw her in front of the gate of Moshui Villa.

Even a person as vicious as Mo Yutian was disgusted by her when he saw her as his car passed by.

His subordinates asked him what should they do with her.

“Skin her and debone her, then throw her into the lake for the crocodiles. I don't want to see this disgusting thing again.”

“Yes, sir!”

Mo Yutian left the villa and went to pick his younger sister up.

After Mo Yutian had left, his subordinates carried Xu Xinrou to the lake and started to skin and debone her before throwing her to the crocodiles.

And that was the end of Xu Xinrou, the punishment for the green tea bitch. [1]

Chapter 820: The Behind-The-Scenes Perpetrator Of The Whole Thing

The police were investigating the disappearance of the first lead female actor for "The Beauty of the World" but they could not find Xu Xinrou's whereabouts. The disappearance of the actress became one of the cases that could not be solved.

However, there were also rumors that Xu Xinrou had owed the loan shark a debt and had fled from the country to go to her mother for help.

But no one knew that her mother, Su Rui, who was far away from home, had been caught by members of the Dark Zone because she had owed them a large amount of money. Her hands and feet were chopped off, and she finally ended up as a limbless corpse.

At this point, the Xu family completely collapsed.

Since then, there was no such person as Xu Xinrou in the country.

Everyone in "The Beauty of the World" production crew was discussing Xu Xinrou's disappearance. Yang Wenxue was sitting next to Jing Xi, gossiping, "Sister Jing Xi, do you think Xu Xinrou really disappeared?"

"I don't know."

Xu Xiyan had already heard that the incidents she and Ying Bao had before were undoubtedly connected to Xu Xinrou.

Huo Yunshen had already given a strict order that Xu Xinrou would not be let off easily. So Xu Xiyan guessed and feared that Xu Xinrou had received the punishment she deserved.

Yang Wenxue asked again, "Since Xu Xinrou has disappeared, I wonder who will replace her as the first female lead actor? Sister Jing Xi, do you think the director will promote you to first female lead?"

Xu Xiyan smiled lightly at the naïve Yang Wenxue. "I'm sure the director has his own plans. Alright, you should stop gossiping now. Looks like the next scene is yours, you better go get ready!"

"Okay, okay, I'm going to do my makeup now!"

Yang Wenxue went away cheerfully. Xu Xiyan watched her as she went, her gaze lingering on her for a while.

Why did she keep feeling that there was something odd about Yang Wenxue?

She could not explain it as she would occasionally feel it inadvertently. Xu Xiyan noticed that there was an ominous look in Yang Wenxue's eyes; it was simply not in line with her innocent appearance.

Maybe she was just overthinking it!

In fact, Xu Xiyan's sixth sense was still quite accurate.

No one knew that Yang Wenxue was Yang Qiong, and no one knew that Yang Qiong was the behind-the-scenes perpetrator of the whole thing. Xu Xinrou was only one of her dumb pawns on the chessboard.

Because Yang Qiong had been using Xu Xinrou as a shield from the start. When she was bribing those people, she had acted under Xu Xinrou's name.

Even if the matter was exposed, no one would suspect her as she could not be traced.

Now that Xu Xinrou had disappeared, Yang Qiong suspected that she may have been dealt with by Huo Yunshen's men. His men had probably claimed that she had escaped and went abroad as a pretense.

Her plans for revenge had failed. She felt very bitter watching Jing Xi still alive and well.

It seemed that she had to implement the next plan!

Regarding Xu Xinrou's fate, Xu Xiyan began to believe in public opinion and thought that she had escaped.

Later, Huo Yunshen told her that her incident in the elevator and the scandal of her adultery had all been Xu Xinrou's schemes.

Huo Yunshen had ordered his men to punish Xu Xinrou ruthlessly.

But, what about her disappearance?

Two days later, Xu Xiyan received a gift from Mo Yutian's staff. When she opened it, she saw a thumb drive inside.

Xu Xiyan was curious what was inside the thumb drive. She let Wandou insert the thumb drive into the computer to look at the contents.

"Aaaahhh!"

As a result, Wandou screamed.

"What happened, Wandou?" Xu Xiyan asked, not knowing what was going on.

"Sister Jing Xi, the contents inside... they are so disgusting and terrifying. Someone must be deliberately trying to intimidate you..."

Wandou was almost scared to death. She could not stand it anymore; she covered her mouth as she ran out to throw up.

Tempted by her curiosity, Xu Xiyan opened the video file in the computer. She also jumped in shock at what she saw.
