

Priceless Baby 841

Chapter 841: Not Her Opponent

Xue Zhenrong was furious but could only accept their relationship.

With Xue Zhenrong's acceptance, An Xianming planned to continue their discussion on their marriage after he returned from his work overseas.

The only thing that An Xianming did not expect was that Xue Zhenrong accepting them was just a feint to stall time.

As soon as An Xianming left, he arranged for his daughter to go to a hospital to get the baby removed.

Xue Yating was locked in the hospital by her father and could only wait for the surgery the next day.

"Jing Xi, what should I do? You're the only one that can think of something now," Ni Xuelin begged.

After being helped by Xu Xiyan when she was betrayed by Chu Tian in D City, Xu Xiyan had Ni Xuelin's full trust.

Xu Xiyan had not contacted Xue Yating for a few weeks and had no idea of the development.

"Does An Xianming know?" Xu Xiyan asked.

"Yes, he booked a flight for tonight, but the earliest he could be back was tomorrow morning."

"Then we have to make a move now. Let's go get Tingting out of the hospital right away."

"With just the three of us? How? There are a lot of people guarding her room," Ni Xuelin asked, unable to think of a way for the rescue to succeed.

Ni Xuelin had already visited Xue Yating in the hospital. Xue Yating's room was guarded by a lot of guards; even getting near her was a challenge.

"Let's go, we should at least try."

Xu Xiyan planned to scout the hospital first.

Wan Dou noticed the look that Xu Xiyan had and knew that she was sure that her plan would work.

Xu Xiyan left with Wan Dou and Ni Xuelin, heading straight for the car that Huo Yunshen had prepared for her.

Ye Xun was her driver that day.

He noticed Xu Xiyan, opened the door for her and asked, "Little Xixi, where do you want to go today? I'll drive you."

Xu Xiyan understood that Ye Xun had been arranged as her driver to protect her.

As they reached the hospital, Ye Xun learned about what the girls were trying to do and said, "A rescue? All right, you all wait here, and I'll go in and take care of the guards first."

In truth, Ye Xun wanted to get some exercise, as it had been a long time since he last fought.

But Xu Xiyan did not want to resort to violence in the hospital and stopped him.

“You stay in the car and wait for us. You too, Xuelin, I'll go in with Wan Dou.”

Xu Xiyan was afraid that the guards would notice Ni Xuelin and ruin their plan.

“Fine, let me know if you run into trouble, I'll charge straight in,” Ye Xun said, believing in Xu Xiyan's strength and that normal guards would not even be able to stand their ground against her.

After the two left, Ye Xun stayed inside the car with Ni Xuelin. Since they weren't acquainted with each other, they did not converse.

Yet ever since the first time he met Ni Xuelin, he had a weird feeling that he could not describe.

Especially the way Ni Xuelin bit at her thumb when she lowered her head while playing on her phone, she reminded Ye Xun of his younger sister.

Maybe, just maybe... No, I'm just overthinking it...

Chapter 842: Lady Boss, You're So Awesome!

Xu Xiyan and Wandou entered the hospital. Before going to Xue Yating's ward, Xu Xiyan first brought Wandou into a resting lounge. They had some disguising to do.

When they came out, the two had transformed themselves into hospital nurses.

Pushing a trolley, they came to the floor where Xue Yating's ward was. They found that there were many bodyguards on this floor.

When they got near the ward, one of the bodyguards stopped them, asking them warily, “What are you doing here?”

“Ward inspection!” Xu Xiyan answered confidently. At this time, she had put on the makeup of an average person's face and had even worn a flu-mask. She was not worried about being recognized.

Yet Wandou was still Wandou. She didn't need any makeup and she was also not afraid of being recognized.

The bodyguards were very vigilant. After looking up and down at them, they said, “Take off your flu-masks!”

Xu Xiyan and Wandou cooperated and took off their flu-masks. The bodyguards let them go.

After entering the ward successfully, Xu Xiyan pushed the trolley aside as Wandou closed the door behind her.

The ward of the private hospital was very upscale, just like the suites in a luxury hotel.

They pushed the door of the suite open and saw Xue Yating, who was lying on the hospital bed, looking very forlorn.

Xue Yating heard someone coming in; she thought they had come to force her to undergo the surgery. She cried out in terror, "Get out! I don't want to go for the surgery! Tell my father, I will never agree with it no matter what!"

Since An Xianming had confessed to her, she had decided to accept him and welcome the birth of their child together.

She was now reluctant to abort her child.

"Shh!" Xu Xiyan came to the hospital bed and made a gesture to keep quiet, then whispered to her, "Tingting, keep quiet."

Xue Yating heard the familiar voice and looked at the nurse in front of her, astonished. It was a completely unfamiliar face to her. She asked, "Sister Jing Xi? Is that you?"

She knew that Jing Xi was good at makeup and disguise. Back when Jing Xi made herself look like Xue Yating, it was difficult to distinguish who was the real one when the two stood together. To change her face now was just a piece of cake for her.

"Yes, it's me."

"Sister Jing Xi..." Tears of grievances streamed from Xue Yating's eyes at the sudden sight of Jing Xi.

Finally someone had come to save her!

"Don't cry! I'll think of a way to help you escape later."

"How could I leave this place?"

Xue Yating shook her arm. Xu Xiyan realized that both of her hands hidden under the blanket were shackled onto the guardrails on both sides of the bed.

Tsk, tsk. She always thought Xue Zhengrong was usually very pampering of his daughter, but who knew he was actually willing to shackle his daughter here with handcuffs.

This simply showed that Xue Zhengrong was really outraged with Xue Yating and An Xianming this time.

Xu Xiyan removed the blanket and saw two deep red marks on her wrists, the handcuffs almost cutting into her flesh.

Generally, there was no way to remove someone's handcuffs without a key, but this was not a problem for Xu Xiyan.

She found a thin piece of wire in her carry-on bag and tried to pick the cuffs open with it.

After attempting it for a while, the handcuffs finally opened.

Wandou's eyes were sparkling with admiration and worship. Lady Boss, you're just so awesome!

After freeing Xue Yating, Wandou helped lift her up. Xue Yating sat up and wiped tears off her face. She said gratefully, "I'm so lucky that you girls came. Otherwise I don't know what I would do."

Compared to before, Xue Yating had lost a lot of weight. Xu Xiyuan had heard from Ni Xuelin that Xue Yating had been in a “war” with her father, and her most-used tactic against him was a hunger strike.

However, for a pregnant woman, a hunger strike would affect the child's growth.

Xu Xiyuan sighed inwardly, feeling sympathy and pity for her friend. She comforted her, “Don't worry. As long I'm here, I won't let anything happen to you.”

Chapter 843: Go All Out

After Xu Xiyuan told Xue Yating of her plan, they began their preparations for the escape.

With makeup, Xu Xiyuan changed Xue Yating's face into the face of a normal person and let Xue Yating wear her clothes. She also made some changes to herself too.

Xu Xiyuan disguised herself as Xue Yating and lay on the bed while Wan Dou left the room with Xue Yating.

“Sis, if my dad finds out that you're here in my place, he would...” Xue Yating voiced her worries.

“Don't worry, I have a plan, hurry up and go,” Xu Xiyuan urged as she lay down on the bed.

Yet before they could even leave, one of the guards came in and noticed the two nurses were still in there.

“Are you two done yet? Hurry up and leave!” the guard scolded.

“All right, we're leaving,” Wan Dou said while sending a message to Xu Xiyuan with her eyes and leaving with Xue Yating.

They left the building and went straight into Ye Xun's car

They did not leave and waited for Jing Xi

After the guards were sure that their young miss was still lying on the bed quietly, they closed the door and left

As soon as the door closed, Xu Xiyuan jumped down from the bed and climbed out the window.

Xu Xiyuan had studied the structure of the hospital beforehand and knew that every room had an outdoor unit for its air conditioner and a water pipe that led to the ground.

Anyone could leave if they got to the pipe using the outdoor unit.

Yet, when Xu Xiyuan opened the window, she noticed that bars were set up and the only way to leave through the window was to remove them.

Since it was the only way, Xu Xiyuan took out a hacksaw blade that she had prepared and began to saw through the bars.

After a few minutes, she finally removed the bars, but the sound from sawing through them also attracted the attention of the guards.

They barged into the room and noticed that their young miss was trying to escape through the window.

“Young miss! Stop! Don't do anything stupid!” one of the guards shouted as he advanced towards Xu Xiyan with the other guard.

One of the guards grabbed Xu Xiyan by her ankle. Xu Xiyan tried to free herself, but his grip was tight. The only choice she had was to go all out.

She raised her other leg and locked the guard's head with both of her legs before twisting it.

The guard fainted instantly while the other guard lunged towards her. Xu Xiyan kicked both of her legs up and sent the guard flying into the wall.

The impact was so powerful that the guard fainted while blood dripped from his mouth.

Even though Xu Xiyan had taken care of the two guards, the commotion also attracted the remaining guards. They were all shocked by the force that their young miss had shown when they came into the room.

Without thinking about it, Xu Xiyan jumped onto the outdoor unit and climbed down the pipe carefully.

“Young miss!” the guards shouted as they ran to the window and stared at the girl descending towards the ground.

“Hurry up and go after her!” one of the guards shouted, and almost half of the guards ran down the stairs.

They had barely made it through the front door of the building when Xu Xiyan descended safely.

“Young miss! Come back with us!”

Chapter 844 Secretly Kissing Him

The bodyguards chased her madly. Xu Xiyan kept going, dashing towards Ye Xun's car.

Ye Xun saw a woman running towards his car in the distance and there were also many people behind her chasing after her. She must be Xu Xiyan.

He immediately turned on the engine, starting the car.

When Xu Xiyan reached his car, she leaped directly to the roof of the car. “Second Senior! Drive now!”

Ye Xun slammed on the gas pedal. Vrooom! The car sped off, shaking off the pursuing bodyguards.

When they reached a safe place, Ye Xun stopped the car and let Xu Xiyan climb down from the roof and get into the car.

Wandou had just witnessed a live stunt and she was really impressed. She really wanted to know: Is there anything her lady boss couldn't do?

Xu Xiyan turned around and said to Xue Yating, “Everything's alright now, Tingting. They should not be chasing after us anymore. You're safe.”

“Thank you, Sister Jing Xi.”

Xue Yating was very grateful that Jing Xi had risked herself to save her. She thought about the next step and asked, "I've escaped from the hospital now, but where can I go next? My father will definitely order his men to look all over for me."

"Don't worry. Sister Xuelin has informed Director An. When he comes back, we will have further discussion."

"Okay."

"You shouldn't go back to the Xue family house for the time being, not even Sister Xuelin's place." Xu Xiyuan pondered about where she should stay. "How about..."

Before she could finish her words, Wandou answered, "How about my place? I live alone anyway, and I have a vacant room."

"That's a good idea too. I hope you don't mind sharing a place with Wandou."

Xue Yating agreed, and once again thanked everyone for their help.

Ye Xun drove the car and sent Xue Yating and Wandou to their place first, then finally took Xu Xiyuan back to Shengshi Yujing.

Back at her apartment, the house was still lit. Xu Xiyuan changed her shoes and entered the house. She could hear the sound of the TV coming from the living room.

The cute cartoon show "Peppa Pig" was showing on TV. The man and the child were sitting on the sofa, but they had already fallen asleep.

Huo Yunshen was leaned back on the sofa with Ying Bao nestled in his arms. Both father and daughter must have waited for her too long and had fallen asleep in the end!

Xu Xiyuan's heart was filled with great tenderness as she watched the way her husband and her daughter slept. She leaned over and secretly planted a kiss on Huo Yunshen's forehead, nose, and sexy lips.

When their lips touched, the man roused from his sleep.

Huo Yunshen had vaguely felt a cool and gentle touch on his lips. After waking up, he saw his wife's face as she kissed him, her eyes closed in the bliss of it.

It turned out that his little wife was secretly kissing him.

Ha! He wondered whether he should continue to pretend to be asleep?

He felt that the kiss was becoming lighter and her lips were about to leave his. He promptly reached out one hand to hold the back of her head, securing and deepening the kiss.

After kissing passionately, Xu Xiyuan fell, nestling into Huo Yunshen's arms. She said under her lightly heaving breaths, "Should we send the child back to her room? What if she catches a cold sleeping here?"

"Okay, let me carry her to her room."

Huo Yunshen released her and carried the child back to her room.

When he returned to the living room, he discovered that his wife was no longer there. He looked around for her until he heard the sound of flowing water coming from the bathroom.

He had become restless all over by the small woman's kiss just now. He looked at the beautiful figure behind the misty glass and felt fire rousing and howling in his body, shooting straight to his loins.

He took off his sleeping robe, opened the door and went straight into the bathroom to take a sensual bath with his little wife.

On the following day, An Xianming returned to Zstan and met up with Xue Yating.

After learning what had happened, he felt a chill creeping out from the soles of his feet. He thought his elder brother had clearly agreed to their relationship, and yet he went back on his word after he left.

If it wasn't for Jing Xi and the others, he was afraid that he and Tingting's child would be lost by now.

Xu Xiyan also went over to Wandou's place in the morning. She asked him in person, "Director An, what's your plan now?"

Chapter 845 Elope

"I'll go talk to my brother again," An Xianming said as he frowned.

He wanted to ask Xue Zhenrong face to face.

He really loved Xue Yating and was willing to take responsibility, and he wanted to know why Xue Zhenrong would not let them be together.

Yet Xu Xiyan believed that it would be impossible to convince Xue Zhenrong otherwise.

It would be better if they left Peijing with all the help they could get.

"I think it's better if you just leave with Tingting," Xu Xiyan suggested.

"Leave?" An Xianming asked in surprise. "You mean that I should elope with Tingting?"

"There's only a little chance you can convince Xue Zhenrong," Xu Xiyan nodded. "It's better if you two leave Peijing and give birth to the baby first. Xue Zhenrong would be left with no choice but to accept both of you after you come back when the child is older."

Xue Yating looked at An Xianming as he was lost in thought.

After a few seconds, he held Xue Yating's hand and said, "All right, that's a good idea. But, Tingting, are you sure you want to do this?"

He was worried, as eloping was not a small matter for her.

It would ruin Xue Yating's fame if word got out. She would be excluded from the Xue family and would have to live a hard life with him.

"I do." That was Xue Yating's reply. She was willing to risk everything to stay with An Xianming.

"Okay, I'll go make some preparations, and we'll leave tomorrow," An Xianming said, letting out a sigh of relief. "Jing Xi, I really have to thank you for all of this."

“Don't sweat it. Tingting is like my little sister, I hope the two of you can find happiness.”

Xu Xiyao was the type of person that would not ask for anything in return. It would be enough for her if she could help her friend out.

Yet An Xianming would always remember the helpful hand she had offered and vowed to repay her whenever she needed his help.

Everything was taken care of swiftly. Xu Xiyao and Ni Xuelin went to the airport to send them off the next day.

Xue Yating cried as she hugged Xu Xiyao and Ni Xuelin.

They would have to separate for a long while, unable to see each other for quite some time.

Xue Yating might not even make it to Xu Xiyao and Huo Yunshen's wedding.

And Ni Xuelin would have to find a new job too.

“Don't worry, we'll definitely invite both of you when we hold our wedding,” Xu Xiyao said. “I'll help you take care of Xuelin, just leave her to me.”

After Xue Yating and An Xianming had boarded the plane, Xu Xiyao and Ni Xuelin were stopped by the Xue family's bodyguards as they were leaving.

“Where's our young miss?” the bodyguards asked, suspecting that Ni Xuelin was the one who had helped Xue Yating escape.

“I don't know,” Ni Xuelin replied.

“You're telling us you don't know even when you're her personal assistant?”

They did not buy her story and were about to grab her.

Xu Xiyao stepped forward to block the bodyguards' path and said, “I know where she is. She's already on the plane heading to Gstan.”

Chapter 846: So Handsome That It Was Unbelievable It Was Him

Xu Xiyao deliberately reported a wrong flight and destination. The credulous bodyguards believed her words and rushed off into the airport.

“Come on, let's go!” Xu Xiyao grabbed Ni Xuelin's hand, seizing the opportunity to get her out of there.

On the way back, Ni Xuelin was somewhat worried. “If they find out that we've deceived them, they will not let us get away with it.”

“Sister Xuelin, you shouldn't go back to your house for the time being. Just stay by my side and wait until things have settled down.”

Xu Xiyao had prepared long ago. The bodyguards Huo Yunshen had arranged for her could protect them for the time being.

“Okay.”

After Ni Xuelin agreed, Xu Xiyan directly drove to the studio, taking Ni Xuelin with her.

Xu Xiyan had to put on makeup and get ready for her shoot, so she let Ni Xuelin stay with Wandou.

Today's shoot was a scene between Yun Qingge and the second male lead, Wen Zhengting.

The second male lead was being played by Mu Chenguang. Mu Chenguang donned the moon-white robe of an official, jades and precious gems coiling around his waist, his long hair adorned with tassels, looking very noble and dignified. He looked really handsome in his ancient Chinese costume, so much so that it was unbelievable that it was him.

In this drama, Wen Zhengting was the youngest prime minister of the current dynasty. He was a man with thousands of subordinates under him and only the emperor above him; he was a dedicated advisor to the emperor.

Therefore, knowing that Yun Qingge was disturbing the peace of the palace, he proposed to the emperor that he was to not especially favor her alone.

Yun Qingge had always felt that the official Wen Zhengting was a big hindrance to her. Thus, she had asked to meet him privately with the intention of showing him her power, so he would withdraw after learning her capabilities.

But who would know that, while under the cherry-blossom tree, Yun Qingge's song "Guangling San" had managed to make Wen Zhengting fall in love with her at first sight and become unable to forget her forever.

It was because of this that she and Wen Zhengting had ended up helping each other in secret, his assistance indispensable to Yun Qingge's subversion of the government.

Although this was Mu Chenguang's first time acting in a movie, he had his own unique comprehension of acting and he was able to get in character very quickly.

The shooting of the scene of the two characters went very smoothly. After the filming, Xu Xiyan received a phone call from Lu Zeyan. He told her that the movie "Those Beautiful Bygone Days" was successfully wrapped up.

As the owner of Jinxi studio, Xu Xiyan told Lu Zeyan to be in charge of booking a hotel and holding a small celebration banquet at night as a reward for the whole production crew.

After that, Xu Xiyan invited Mu Chenguang, Wandou, and Ni Xuelin to come for dinner together at night.

Wandou asked Xu Xiyan, "Want to invite Yang Wenxue?"

Usually, Yang Wenxue would always join them for a chat, so everyone was familiar with her now and their relationship with her was good.

Just now, Wandou had seen Yang Wenxue sitting there alone reading her script, so she was wondering if they should invite her too.

"Okay, go and ask her if she would like to come."

"Okay."

Wandou ran over to ask her. Yang Wenxue inquired about who was going for the dinner gathering. After learning that Jing Xi was going, she readily agreed.

On the surface, she was a lovely and innocent girl just like Wandou; they were like sisters.

But in fact, she was sneering in secret. Joining Jing Xi's circle of friends had always been her plan, and she had been working hard to build a good relationship with them.

Now she had finally succeeded; they had thought about her when they were going for dinner together.

The celebration banquet was being held in a five-star hotel in Beijing. In order to save money for his boss, Lu Zeyan had booked a small-to-medium-sized banquet hall that could accommodate up to 100 people through a friend. He had even gotten a discount for the feast and the wine.

In order to liven things up at the party, Mu Chenguang had contacted his friend and brought a small band to the venue. If anyone felt like singing or dancing later, they could help by playing music.

Xu Xiyan arrived with Wandou and the others. All the staff of the studio greeted her warmly, calling her "boss."

After Yang Wenxue followed them into the hall, she heard them call Jing Xi "boss." Puzzled, she asked Wandou, "Wandou, why are they calling Jing Xi 'boss?'"

Chapter 847: Enchanted by Their Voices

"Oh, didn't I tell you? Jing Xi is the boss of the studio," Wan Dou said proudly.

Yang Xuewen was shocked by the news, unable to believe that a newcomer like Jing Xi already owned a studio.

Yang Xuewen firmly believed that Huo Yunshen must've helped her, that the studio might have even been a gift from him.

The news only intensified the jealousy deep down in Yang Xuewen's heart.

Why is she the one that's living to the best? Does Huo Yunshen even know about her studio? What is she still hiding?

Xu Xiyan was invited to give a speech on the stage. Since she was not a businesswoman, she just mentioned anything that came to her mind.

Yang Xuewen had already learned that the online movie name was Those Beautiful Bygone Days, the first movie that Jinxi Studio would produce.

Without even looking at the script, Yang Xuewen convinced herself that the movie would be bad from the title.

She dared to make that assumption because the movie trend was either action-packed movies or movies cast by pretty actors and actresses.

Yang Xuewen was eager for the day when Jing Xi's movie got a bad reception.

As Xu Xiyan was giving her speech on stage, she reminded Yang Xuewen of what had happened after the ROSUE incident.

After Huo Yunshen's men had force-fed her her own drug, she had an indecent relationship with her uncle, and it made her lose everything, forcing her to have plastic surgery done on her face in a foreign country.

She blamed it all on Huo Yunshen and Xu Xiyan.

She thought that it would be a waste if she did not do something for revenge since she was invited to dinner.

Yang Xuewen took the chance and told Lan Ling'er of her situation.

After Yang Xuewen eavesdropped about the incident regarding Lan Ling'er's ruined back, she left a note for Lan Ling'er telling her that Jing Xi was responsible for it.

Even though Yang Xuewen had no idea of the truth, she still blamed it on Xu Xiyan so that she could frame her.

She believed that Lan Ling'er would not sit still and do nothing when she learned about the truth.

Yang Xuewen had learned from her mistakes. Instead of performing the bad deeds herself, she turned to other people's help and made them the instrument for her crime.

Xu Xiyan ended her speech by inviting the guests to eat and drink to their heart's content.

After getting the message from Yang Xuewen, Lan Ling'er had already passed her order down.

Ever since she saw the note telling her that Xu Xiyan was responsible for what happened to her back, she vowed to seek revenge.

Her order was to let Xu Xiyan have a taste of her back being ruined.

Mu Chenguang and Ma Haodong were invited onto the stage to sing a song.

Their beautiful voices had the crowd enchanted.

As Xu Xiyan was enjoying the music, her phone rang. Huo Yunshen was calling her.

She left the hall quietly so as to not disturb the guests.

Yang Xuewen had her eyes on Xu Xiyan the whole time until Lan Ling'er replied to her, telling her to get Xu Xiyan away from the crowd.

Chapter 848: Shall Soon Taste Retribution

Now the opportunity had finally arrived and without needing to trick Jing Xi; she had gone out by herself.

As Jing Xi was going out, Yang Wenxue made an excuse to go to the restroom. She followed her in secret, cooperating with Lan Ling-Er's hirelings in time.

Outside the corridor, Yang Wenxue saw Jing Xi talking on her phone as she walked toward the restroom. She followed her and reported Jing Xi's tracks to Lan Ling-Er's men.

Both of them went into the bathroom. Yang Wenxue came out first to wash her hands, but Jing Xi was still talking on the phone in her stall.

She waited for about five minutes, but Jing Xi had yet to come out. After ten minutes, her feet were going numb from standing and yet Jing Xi was still inside talking on the phone.

The phone conversation lasted for at least 15 minutes before Xu Xiyan finally came out of her stall and saw Yang Wenxue.

As she was washing her hands, she glanced at Yang Wenxue in the mirror and asked, "You're done, Wenxue?"

"Yeah, I'm done. I just need to wash my hands."

The two finished washing their hands almost at the same time, then walked out of the restroom one after the other.

At the entrance of the restroom, Xu Xiyan suddenly remembered something. "You can go back first, Wenxue. I've forgotten my bag and I need to go back for it."

Xu Xiyan turned and went into the restroom again. Yang Wenxue decided to go back first as Lan Ling-Er's men would definitely come and capture Jing Xi soon.

But who knew that, as she took a few steps away from the restroom, someone had placed one hand over her mouth, grabbing and dragging her away from the restroom.

The towel over her mouth must have been soaked with diethyl ether. Yang Wenxue quickly lost consciousness.

The two men quickly sealed her mouth with tape, then tied her up with a rope. After that, they put her in a sack, then in a big box, and snuck her out of the hotel.

Here, Xu Xiyan had retrieved her bag and was walking out of the bathroom. She did not see Yang Wenxue outside; she thought she must've gone back to the banquet hall.

When she returned to the banquet hall, she did not see Yang Wenxue there either. She asked Wandou privately about it and after hearing Wandou say that she might have gone home, she did not press on.

After Yang Wenxue was mistaken for Jing Xi and was taken away, she was taken to an unfamiliar place.

This was a place that even Mo Yutian could not find. It was an apartment that Lan Ling-Er had secretly ordered her hirelings to lease.

After the two men dragged the box Yang Wenxue was in into the apartment, they promptly contacted Lan Ling-Er.

At this time, Lan Linger was still at the set for "The Beauty of the World" for a night session of filming. Her makeup artist was putting on makeup for her.

She noticed that it was a call from one of her lackeys. She told her makeup artist to leave before answering the phone. "Hello? How did it go?"

"Miss Lan, we've already caught her. What do we do with her now?"

Lan Ling-Er was very pleased to hear that. She told him, "As a reward for your hard work, I'll let you both indulge in her first. After that, mutilate her back and then send me a photo of it."

After hanging up the call, Lan Ling-Er was filled with glee, a glint of viciousness flashing across her eyes.

Hmph! You shall soon taste retribution, Jing Xi!

This time, I'll let you experience the pain of being ruined. When your back has become as rotten as a toad's back, I'll see how my brother is still going to like you!

Hahaha!

The secret apartment was dim.

The two men took Yang Wenxue out of the box and flung her onto a big bed.

Their lady boss had already given them permission to enjoy the girl however they wanted before going back to business.

Without further hesitation, the two seized the time and hurriedly undressed her.

Yang Wenxue would never dream of her plan backfiring. She had meticulously schemed against Jing Xi but in the end, she was the one reaping the whirlwind.

The two men took turns tormenting her. When she was woken up by their stimulations and realize the situation she was in, it was too late to call for help.

Her torture was even more terrible than she'd imagined, as the way Lan Ling-Er's men tormented her was not ordinarily perverted.

Chapter 849: Got the Wrong Person

Yang Xuewen thought everything was over when the two men pulled themselves away from her body, but she never knew the real torture was just starting.

They turned Yang Xuewen over and had her face down.

One of the men caressed her back and sighed, "It's a pity that such a beautiful back is going to be ruined."

As soon as Yang Xuewen heard that they were going to ruin her back, she began to struggle.

"It's no use begging us. This is your punishment for going against our young miss," one of the men said as he tightened the rope around her.

Yang Xuewen finally realized that they got the wrong person.

They thought that she was Jing Xi.

Just as she was scolding them in her head, they'd already taken a pair of hooks and started to carve her back.

Yang Xuewen struggled and cried with her mouth sealed.

Yet, no matter how hard she cried, her back was being completely ruined.

The two men even got buckets of paint and painted her back.

With her back tainted with blood and paint, they splashed cold water over, and the shock knocked her out.

The men took photos of her and stuffed her back into the sack.

The dinner was still going on.

Xu Xiyan performed an elegant dance which shook the whole crowd up.

After the dinner had ended and everyone had left, Xu Xiyan waited in front of the hotel for Huo Yunshen to pick her up.

Just as she waited, a black Rolls Royce stopped in front of her. Even though the car was familiar, the plate number did not belong to Huo Yunshen.

It was at that moment when a group of people walked out of the hotel.

"Jing Xi?" a familiar voice suddenly called out.

Xu Xiyan turned her head and noticed that it was Mo Yutian, surrounded by his bodyguards.

"Why are you here?" Mo Yutian asked. He was surprised that he would run into her.

"I was having dinner with my friends," Xu Xiyan replied, recalling the time when Lan Ling'er had kidnapped and drugged her.

Even though Mo Yutian was the one who had saved her that day, he also kidnapped her grandfather so that he could protect his younger sister.

"Mr. Mo, when are you going to let my grandfather go?"

"I'm sorry, but I won't let him go as long as my sister remains in Zstan," Mo Yutian said. "But worry not, he's doing well. We treat him like a VIP guest."

"I hope what you're saying is true."

"It is."

"If anything happens to him, I'll definitely have you pay for it!" Xu Xiyan said with anger in her eyes.

Mo Yutian did not reply and looked at her quietly.

His driver got out from the car opened the door for him.

“Do you need a ride?” Mo Yutian asked.

“No, thanks. My husband is coming to pick me up.”

Xu Xiyan had already promised Huo Yunshen that she would not get too close to any man, especially Mo Yutian.

Again, Mo Yutian remained quiet as he stared at her.

“Aren't you going to leave?” Xu Xiyan asked, as she felt uncomfortable from his stare.

Chapter 850: More And More Wild

At this moment, as Mo Yutian was about to get into his car, another black Rolls-Royce came down from the slope, crashing into the back of Mo Yutian's car with a loud bang.

Mo Yutian's car was pushed forward, the front of it hitting a stone pillar at the entrance of the hotel. The hood and the trunk of his car even sprang open due to the damage to both the front and back of the car.

In an instant, his luxury car had turned into useless scrap.

Who was that?

How was it possible to collide into someone's car in front of the hotel?

And who had the audacity to crash directly into the luxury car of a big boss?

Everyone fixed their gaze on the scene. They discovered that after this black Rolls-Royce had crashed into Mo Yutian's car and sent it flying, it took the spot where Mo Yutian's car was, parking firmly on it.

And this car was not damaged at all.

The door of the car opened and a pair of spotless black leather shoes touched the ground, followed by an aristocratic figure coming out of the car.

The man had a well-chiseled face; his facial features were extraordinary handsome and his eyes dark and sharp. He was exuding a strong air of indifference.

His shirt was crisply ironed and the gem on his cufflinks shone dazzlingly, all of which highlighted the man's unique taste.

It was Huo Yunshen!

Xu Xiyan knew that her husband had come when she saw the license plate on the car, but she did not expect that he would show up this way.

He had forced his love rival away while standing his ground firmly like a mountain.

"Dear!"

Wondering if he had injured his head, Xu Xiyan immediately went up to him and asked him worriedly, "Are you alright?"

"I'm fine," Huo Yunshen answered tenderly, then looked over at the man before him, insolence and wickedness flashing across his eyes. "It's just that I've just accidentally hit Mr. Mo's car. Sorry about that, how about I repay you with a new one?"

What did he mean by "accidentally?"

It was obviously he who had deliberately driven his car into his, okay?

Mo Yutian was so furious that he was lost for words, but in front of Jing Xi, he had to suppress his emotions. "No need. It's only a car."

"My, Mr. Mo is really extravagant!" Huo Yunshen said mockingly, curving his lips slightly. After finishing his words, he wrapped an arm around his wife's waist and said to her tenderly, "Let's go home, Dear!"

"Okay."

Huo Yunshen opened the door of his car, shielded Xu Xiyan's head from the roof of the car with a hand as she got into the passenger seat, then leaned over to help her fasten her seat belt considerately.

After the seat belt was fastened, Huo Yunshen directly kissed his lovely little wife in front of Mo Yutian.

After he was done kissing her, Huo Yunshen went around the car, got into the driver's seat and started the engine.

"Beep! Beep!" Huo Yunshen slapped on the steering wheel, sounding the horn to alert Mo Yutian to get out of the way.

Mo Yutian's face became as dark as ink. He could only back away for the arrogant and provocative man.

The black Rolls-Royce drove away smoothly with grace. On the road, Huo Yunshen turned on the car radio, playing some relaxing and beautiful music.

Just like his mood at the moment: he was soaring with triumph.

Huo Yunshen just had to show off his love for Xu Xiyan in a conspicuous manner and make Mo Yutian understand that this woman belonged to him. He was her only legal husband and only he could possess her rightfully and deservingly.

He also wanted to tell Mo Yutian: Don't even dream of coveting what does not belong to you.

On the way back, Xu Xiyan heard the man humming cheerfully to the music in the car and turned to look at his perfectly chiseled profile. She could not help but curve her lips.

"Dear, you're getting more and more wild!" This sentence was to praise him.

She liked the current Huo Yunshen now. He was confident, arrogant, domineering, and an unruly bad boy.

This was his original personality; the characteristics a strong person should have.

"If you continue to praise me like this I'm going to fly up to the sky, Dear."

"You're already up in the sky."

"Yes, you're my sky."
