

Priceless Baby 901

Chapter 901: He Also Wanted One

Lu Zeyan did not pressure Xu Xiyan to take on the role and waited patiently until she finished her current job .

They'd already begun filming the latter part of the Beauty of the World while only a fourth of Scenery was filmed . Huang Guoqiang had also informed Xu Xiyan beforehand that they would be heading to Estan next week .

Xu Xiyan thought of meeting her uncle when she was in Estan .

And Li Ruochu too .

To catch up with their schedule, Huang Guoqiang pressured his crew and stars to hasten their process for the whole week .

Xu Xiyan would arrive home late every day and throw herself onto the bed without changing her clothes . It was Huo Yunshen who helped her remove her makeup and change her clothes .

A week later, Xu Xiyan was about to follow the crew to Estan .

Sponsored Content

The day before she left, she went to visit her mother at the graveyard; coincidentally, that day was her mother's birthday too .

She wanted to tell her mother of her schedule and pray that she would watch over her .

Just as Xu Xiyan was walking towards Jing Ruyue's grave, she did not notice a person leaving the other way .

When she stopped in front of her mother's grave, she was shocked to see that a white rose had been placed on it .

The rose was still fresh, which meant the person who placed it there had just left .

Xu Xiyan was wondering who would leave a flower at Jing Ruyue's grave on her birthday .

She looked around and could not find anyone nearby, but instead, she spotted a white pill case . She realized from the name on the case that the pills inside were used to treat heart attacks .

Sponsored Content

Xu Xiyan thought that it might belong to the person who left the flower on her mother's grave and left the case on her grave too in case the person came back looking for it .

Xu Xiyan offered her prayers and went back the way she came from .

After reaching home, Xu Xiyan prepared dinner for her family .

All three of them had a wonderful dinner, and the couple played games with their kid after that .

Xu Xiyan and Huo Yunshen talked about Xu Xiyan's trip the next day, and Ying Bao overheard their conversation .

“Mummy, when are you coming back?” Ying Bao asked .

“Maybe in a few days . I'll come back as soon as I finish my work . ”

Sponsored Content

“Then can you bring me with you?”

“I'm sorry, but I can't do that because I'm going there to work . You have to listen to daddy when I'm not home . Promise?”

Huo Yunshen also planned to go with Xu Xiyan, but Xu Xiyan stopped him and asked him to remain in Peijing to protect Ying Bao and his family . Since Xu Xiyan would meet up with Jing Zhannan in Estan, she would be well taken care of .

“Okay...” Ying Bao sighed . “Will you forget when my birthday is? Will you be here?”

“I will never forget . It's on the 20th of November . I'll try to be back by then . ”

Xu Xiyan kissed Ying Bao on her cheek, and Huo Yunshen noticed it . He pointed at his own cheek, telling her that he wanted one too .

Xu Xiyan looked at Ying Bao and back at Huo Yunshen . Since she wasn't left with any choice, she landed a quick kiss on his cheek .

The couple accompanied Ying Bao until she was sleepy .

As soon as Ying Bao fell asleep, Huo Yunshen picked Xu Xiyan up and left Ying Bao's bedroom .

“Hubby! What are you doing?”

Chapter 902: What A Stroke Of Bad Luck

“Since you're going away for so many days, you have to heal the pain of my love sickness now . I don't need much, just once is enough . ”

Xu Xiyan complied and wrapped her arms around his neck, nestling in his arms as he carried her into the room next door .

When she got up in the morning, Xu Xiyan realized that she had been deceived .

A certain man had kept saying that he didn't want to do it too much and just once was enough . But in the end, "just once" had become "all night long ." Very typical of him .

Her body was so sore as she got up from bed that she almost missed her flight .

Fortunately, Huo Yunshen was there to personally drive her to the airport, making good use of his mad driving skills to send her to the airport in time .

Inside the airport hall, a group of reporters had gathered and they were interviewing Lan Ling-Er .

Lan Ling-Er was planning to return to Estan and her flight was today . The media had been informed about her flight before her departure and that was why they were here to interview her now .

Lan Ling-Er faced the cameras and struck a pose she thought was beautiful, a light smile on her face, trying her best to show her perfect side in front of the cameras .

Sponsored Content

But just as she was answering the reporter's questions gracefully, suddenly someone shouted, "Look over there!"

Those with sharp eyes had already recognized who was over there .

"It's Jing Xi!"

"It's Jing Xi and Huo Yunshen!"

"Quick, quick, quick... let's interview them..."

When the reporters realized that it was Jing Xi and Huo Yunshen who had appeared at the airport, they immediately swarmed over to the couple to interview them .

Lan Ling-Er froze in place in one of her coquettish poses as she realized the reporters had left . She looked in the direction they had run to and saw a man and a woman . The man's figure was tall and the woman's lithe and beautiful .

The two were wearing trench coats of the same color and black flu-masks and sunglasses . They were just like supermodels who were so famous that it was difficult not to draw attention .

Sponsored Content

Damn Jing Xi and Huo Yunshen!

Why do they have to appear right now while she is having an interview?

Now the reporters were lured over by the both of them . What a stroke of bad luck!

Helpless, Lan Ling-Er could only stomp her feet angrily, take her assistants and her accompanying bodyguards and walk through the security checkpoint to board the plane .

As for Xu Xiyao and Huo Yunshen, the two did not expect that there would be reporters waiting for them at the airport so early in the morning . When they came, they had not brought any bodyguards . At this moment, they were tightly surrounded by reporters with no way out .

The reporters were very curious . Where is the couple going today?

Are they going traveling abroad? Or going abroad to hold their wedding?

They were all very concerned about the couple's marriage . They were asking them when they were going to prepare for the wedding or whether they were even going to hold a wedding or not .

Sponsored Content

“Please give way! We're in a hurry!”

Huo Yunshen persisted in protecting Xu Xiyao . He rejected the interviews with a cold look on his face, his body exuding an icy aura of ominousness, making the reporters present at the scene feel a chill running down their backs .

They all gave way obediently after Huo Yunshen told them to . None of them dared to get in their way, and they could only watch the couple enter the airport with regret . It was really rare to catch the two of them together, and it was a pity not to be able to interview them .

However, just publishing news about the couple appearing at the airport was already interesting and fascinating enough itself .

Huo Yunshen escorted Xu Xiyao all the way to the waiting lounge . After she had met up with the film crew and boarded the plane, he left .

Xu Xiyao and the film crew boarded the plane . After the plane took off, Xu Xiyao inadvertently saw a profile of a person diagonally in front of her that looked very much like Lan Ling-Er's . She craned her neck out to take a good look . Isn't that really her?

She really did not expect that Lan Ling-Er was also on the same flight with her .

It was as though Lan Ling-Er could sense Xu Xiyao looking at her . She turned around to look at Xu Xiyao, and glared at her hatefully .

Chapter 903: Show Off

Xu Xiyan averted her eyes and looked at a cute little boy sitting in the same row. Because of her love for kids, she could not stop herself from smiling at the boy and waving at him. The boy replied with a shy smile and shifted into his mother's arms.

Suddenly, Sha Labi called the air stewardess over and demanded that they be moved to first class, yet the pretty stewardess replied that the first class was fully booked.

“What do you mean fully booked? I always fly in first class!” Lan Ling'er scolded.

“Our apologies, but first class was chartered by one of our customers,” the stewardess explained.

“What? Who does he think he is? The president?”

“I'm sorry, I can't tell you that because of the client confidentiality.”

In the end, Lan Ling'er could not get what she wanted and stayed at her original place with an angry expression.

As soon as the plane ascended over the troposphere, Xu Xiyan began to read her script.

Lan Ling'er was still in a bad mood. She blamed her assistant for not doing her job properly and herself for not checking if Xu Xiyan was flying on the same day as her.

Lan Ling'er was on her way back to Estan for an advertisement audition, and she wondered what Xu Xiyan was heading there for.

She was worried that Xu Xiyan was also there for the audition.

She'd already heard that Xu Xiyan had taken advertising spots from other people on more than one occasion.

But her worries disappeared a few moments later as it was her homeland they were talking about. There was no way a famed person like her should be afraid of some actress from Zstan with no fame in Estan.

Yet, to prevent any accidents, Lan Ling'er decided to take some precautions.

She touched the diamond bracelet on her arm and secretly thought of a plan.

3 hours after the plane has ascended, one of the stewardesses came running out from the first class, asking if there was any doctor as one of the passengers in the first class had a heart attack.

Yet no doctor was on board the plane.

The passengers had no idea who the person was, but they knew that if a heart attack occurred during flight and was not treated immediately, it could prove fatal.

The cabin crew even used the broadcasting system to look for doctors, but there was still no reply.

At first, Xu Xiyan was listening to her headphones, so she did not hear the stewardess, but she heard it when they used the broadcasting system.

“I practice a little medicine, will that help?” Xu Xiyan asked weakly as she raised her hand.

“Yes, please follow me!” the stewardess said.

Xu Xiyan took her tools with her and went to the first class cabin.

Lan Ling'er noticed that Xu Xiyan was the one who volunteered and couldn't help but laugh at what a showy person Xu Xiyan was.

She couldn't believe that Xu Xiyan had the nerve to cure someone.

But it was an excellent opportunity for her. If Xu Xiyan could not cure the patient, and he somehow passed away, she would have to take the blame.

And Lan Ling'er's instincts told her that the person who booked the whole first class was a powerful individual.

Chapter 904: 904

After Xu Xiyan followed the flight attendant into the first-class cabin, the first thing these black-suited bodyguards requested was to do a body search on her and asked her to hand over dangerous goods .

Xu Xiyan only wore a one-piece dress and she didn't even bring her jacket . She only carried her medicine kit in her hands . She opened it and showed it to them . “These are my tools, nothing else . ”

The bodyguards let her in . Xu Xiyan saw a man in a black suit leaning back in his seat . His eyebrows were scrunched tight and his lips were darkening, his face twisting in pain as he pressed his right hand over his heart .

After taking a good look at him, Xu Xiyan vaguely recognized that he was the President of Estan!

She remembered that a while back, she had been lucky enough to see him once at the hospital in Estan . It was really unexpected that President Helian Wei would appear on this flight from Zstan to Estan today .

As his situation was critical, Xu Xiyan began to carry out first aid . She looked under his eyelids and checked his tongue, then told his assistants to fully recline his seat and began to apply acupuncture on him .

When Xu Xiyan took out some silver needles, Helian Wei's assistant, Jin Xiu, asked her warily, “What's this? What are you trying to do?”

Sponsored Content

Xu Xiyan explained, “This is acupuncture of Chinese medicine . Do you know? I'm going to apply needles on this gentleman . I am trying to save him . ”

“You can save him by sticking needles into him?”

“Well, we've got to try to heal this dead horse as if he is still alive!”

“Hey! You dare insult—”

Before Jin Xiu could flare his temper, Xu Xiyan told him sternly, “If you keep delaying me like this, don't blame me if I fail to save his life!”

Jin Xiu did not speak anymore and Xu Xiyan began to concentrate on applying acupuncture on Helian Wei . She applied needles on his head, neck, hands and other places on his body .

Sponsored Content

After that, she placed one hand on top of the other and began to press down on Helian Wei's chest, performing CPR on him .

After three sets of CPR, Xu Xiyan was exhausted and her arms were sore . She stopped to shake her hands to relax them .

Jin Xiu was pleasantly surprised; it seemed that the President was waking up and he could open his eyes . “It worked! I really didn't think you were that amazing!”

This sentence was to praise Xu Xiyan . Xu Xiyan smiled lightly as she removed the needles from Helian Wei's body .

Xu Xiyan packed up her tools as she advised them, “He's okay for the time being . After landing in Estan, he still needs to go to the hospital for an examination . Since he had a heart attack, you all must have his medicine ready at all times just in case . ”

Jin Xiu felt he had been derelict in his duty . This time, the President's visit to Zstan was a covert operation . The President had brought along his medicine but he had inadvertently left it back in Zstan .

Sponsored Content

Only then the President realized that his bottle of medicine was gone after boarding the plane . But the plane had taken off so he could not go back to look for his medicine .

He had thought that he should be fine during the flight . But who knew, he had a heart attack .

This time, Helian Wei had just escaped from the gates of the netherworld . He struggled to open his eyes . In the bright light, he could vaguely see a face he thought was familiar .

He thought he was dead . Otherwise, how could he see his little moon again?

He reached out to grab her, but she had faded away before his eyes . His arm fell down in vain, and then he heard his assistant's voice beside his ear . “Your Excellency! You're awake! Please don't move, just lie down and rest . After the plane lands, we'll send you to the hospital .”

Helian Wei was very weak at the moment; he could only close his eyes and rest .

After waiting for a while, Lan Ling-Er saw Jing Xi returning from the first-class cabin . She had not heard any news of someone dying in the first-class cabin . Could it be said that Jing Xi had really saved that person?

After saving the man, Xu Xiyan returned to her seat . Just now, those inside the first-class cabin had asked for her name, but she had not told them because she didn't need them to thank her .

After lunch, Xu Xiyan felt a little sleepy . She took out the travel pillow and eye mask that Huo Yunshen had prepared for her, closed her eyes and rested .

The aircraft maintained a smooth flight and many people were starting to feel sleepy .

Chapter 905: A Smart Move

It was two in the afternoon, and most of the passengers were sound asleep in their seats.

Lan Ling'er had been pretending to fall asleep. She opened her eyes slightly to make sure everyone was asleep and knew that her chance had come.

She made eye contact with Sha Labi signaling for her to take action. Sha Labi moved towards Xu Xiyan quietly and dropped a diamond bracelet into her bag.

A shriek pierced through the quiet cabin, and everyone woke up.

“Where's my bracelet? It's gone!” Lan Ling'er shouted.

Xu Xiyan was also woken up and looked at Lan Ling'er.

“Are you talking about the 5 million diamond bracelet?” Sha Labi asked.

“Yes!”

“Isn't it on your wrist all the time?”

“But it's not now!”

One of the stewardesses went over to check the situation, and the cabin crew began to help look for Lan Ling'er's bracelet.

Because the item was costly, the cabin crew requested that everyone help look for it.

Since Xu Xiyan had no interest in it, she put her eye mask back on.

But a few seconds after that, a sweet voice whispered beside her, “Miss, the young lady over there has lost her bracelet. Can we have a look inside your bag?”

“What? Why do you need to check my bag?”

“Our apologies, but we searched the whole cabin but couldn't find it. That's why we asked all of the passengers to cooperate with us.”

From the stewardess's words, it seemed like Lan Ling'er suspected someone had stolen her bracelet.

“Fine.”

The stewardess opened Xu Xiyan's bag and found a diamond bracelet inside.

“Miss, may I ask, is this yours?”

“No, it's not.”

“Miss, isn't that your bracelet?” Sha Labi asked. “Why is it in Jing Xi's bag?”

“How should I know?” Xu Xiyan replied.

Xu Xiyan had just woken up, and her mind was still fuzzy.

“You are a thief!” Lan Ling'er scolded with a high pitched voice.

After clearing her head, Xu Xiyan looked at Lan Ling'er, and she noticed what Lan Ling'er was planning.

Lan Ling'er was trying to frame her.

“I'm not a thief.”

“Then what? Are you saying that the bracelet ran into your bag on its own?”

Xu Xiyan had no way to fight back.

She was sure that Lan Ling'er was trying to frame her, but she knew she had nothing to prove that with.

If she could not prove her innocence, her fame would be ruined.

She couldn't help but admit that it was a smart move from Lan Ling'er.

Chapter 906: 906

The odds were now against Xu Xiyan . If she wanted to prove her innocence, there had to be surveillance camera recordings or eyewitnesses .

Sponsored Content

However, in the aircraft cabin, there were no surveillance cameras in order to protect the privacy of the guests .

Those around her were asked, but they all had been asleep at the time . Nobody had seen what had happened .

This meant that Xu Xiyan had no way of proving her innocence .

Lan Ling-Er said triumphantly, “You little thief, just wait and see . I'm going to call the police after getting off the plane . I'm going to let everyone in the entertainment circle of Zstan see what kind of person you are!”

Sha Labi chimed in, “Even our police in Estan will not let her go . A thief should be sent directly to prison .”

The two echoed each other, obviously making Xu Xiyan the key suspect .

Sponsored Content

Huang Guoqiang and the other members of the film crew were also trying to testify for Xu Xiyan . They requested the airline to find a way to clarify and explain the matter .

Just when the two women were being very hardheaded on accusing Xu Xiyan, a childish voice interjected, “I know who stole the bracelet!”

Everyone was attracted by the childish voice . When they turned to look, they saw a cute little boy .

He was sitting in his seat, wrapped in a blanket . He looked as though he had just woken up, his little hand still rubbing at his eyes .

Xu Xiyan knew this little boy; he sat in the same row as hers, separated by an aisle . When she first got on the plane, she had even waved and greeted him!

Everyone knew that children would not easily lie . A flight attendant hurried over and asked, “Little One, can you tell us who stole the bracelet?”

Sponsored Content

The little boy was now completely awake . He raised his chin and looked around, then pointed at Sha Labi with a finger . “It was that auntie!”

Sha Labi, who had been standing at her seat to watch the drama, did not expect the little boy to point her out . Feeling a bit flustered, she said, “Don't talk nonsense, kid! It was us who lost the bracelet!”

“Everything I've said is true . I saw that auntie with my own eyes . When everyone was asleep, she snuck by to put the bracelet in the beautiful big sister's bag, and then snuck away again .”

In order to express the concept of “sneaking,” the little boy used his index finger and middle finger to make a “sneaking” gesture .

It was indeed so . When the adults in the cabin were all asleep, the little boy had not fallen asleep yet and that was how he had inadvertently seen the scene .

After hearing the little boy testify for her, Xu Xiyan's heart was filled with gratitude .

Sponsored Content

At this time, Sha Labi was breaking down inside . It was already bad enough the little boy had called her an “auntie” and yet he called Jing Xi a “beautiful big sister .” But instead of feeling annoyed by that, she felt dumbfounded since the little boy was accusing her .

She could only do her best to object . “Impossible! You lie! You must've seen it wrongly! Maybe you've banded up with her and you want to help her clear her name! Am I right, kid?”

Innocence in his eyes, the little boy said, “I didn't lie . All I've said was true . If I lied, the plane will fall from the sky!”

Oh my! This kind of vow cannot simply be made, kid!

Everyone believed the little boy's words . The flight attendant asked Sha Labi, “Why did you do that? Why do you want to frame this lady?”

“...” Sha Labi was lost for words, totally dumbstruck .

Lan Ling-Er did not expect that the plan would fall through so quickly . In order to not get involved in it, the best way was to pretend to not know anything .

She directly slapped Sha Labi in front of everyone and asked her bitterly, “You stupid thing, look at what you've done! Why did you do that? Why did you steal my bracelet and frame someone else?”

Chapter 907: Complication

“Why did you try to frame her?” Lan Ling'er scolded.

“...” Sha Labi remained quiet as she looked at Lan Ling'er while resting her palm on her cheek where Lan Ling'er had slapped her.

Lan Ling'er was the one who had ordered her to do so, but she also knew that Lan Ling'er needed someone to take the fall.

“I'm sorry...” Sha Labi cried. “I just wanted to give her a hard time because of her arrogance...”

The case was closed, and Lan Ling'er got her bracelet back while Sha Labi was being bad-mouthed by everyone on the plane.

But some also talked about how it was impossible for Sha Labi to act alone.

The plane landed at the airport in Estan's capital city, Linshi. Xu Xiyan thanked the little boy before they left the plane.

She even gave the boy her number, telling him that he could contact her if he ever wanted any present.

As for Lan Ling'er, as soon as she left the plane, she called the cops to avoid any backfires. The cops were already at the airport when they passed through the custom, and Sha Labi was taken into custody.

The case finally came to an end, and Lan Ling'er managed to maintain her image.

Since the incident did not directly affect Xu Xiyan, she just let it slide.

Xu Xiyan followed the crew straight to the hotel.

After getting used to the jet-lag, they began filming the next day.

The first scene that they would shoot was in the evening, where the female protagonist, Jing Ruyue, met with the injured male protagonist played by Shu Ji.

Jing Ruyue saved the man and hid him in the forest while she tried to divert the attention of the soldiers who were after the man.

That was how the story of a smart woman meeting with a man with secrets began.

Since the crews were too into the filming, they did not notice a bulletproof limousine stopping not far away from them. The window was rolled down, and a man looked at them.

Even though the man had no idea where the crew came from, the scene they were shooting reminded him of how he met with his Xiao Yueliang.

The memory of how a woman saved him from being pursued was still clear in his head.

Le Xiu noticed that their President was staring at one of the actresses and seemed interested in the girl who saved his life.

If wasn't until the crew finished their first scene that Helian Wei ordered his driver to start the car.

"Mr. President, that girl..." Le Xiu said.

"Can you get her to meet with me?"

Le Xiu instantly understood that the President had fallen for the girl.

Xu Xiyan went straight back to the hotel after the shooting ended that day.

But just as she was about to open the door to her room, a shadow appeared from behind.

She tried to defend herself with her instinct, but she wasn't fast enough and was knocked out.

Priceless Baby's Super Daddy 908 He Had Misunderstood

In a luxurious and elegant villa in the Baroque style; the privacy and security here was very good.

A man of great nobility walked into this residence. His accompanying men stationed themselves inside and outside to ensure security.

Helian Wei took off his white gloves and collar jacket and handed them to his assistant. He asked, "Is she here yet?"

"She's already here."

Jin Xiu's face was full of excitement. He secretly thought he had executed something very beautifully today without being seen by anyone.

It would definitely make the President very satisfied.

The servants opened the gorgeously carved great door. Helian Wei walked in; he noticed the master bedroom had been slightly redecorated.

Romantic white mesh bed curtains fluttered gently with the wind. The faint incense and gentle candle lights made the atmosphere of the room just right.

Behind the white mesh bed curtains, a vague outline of a woman lying on the big bed could be seen.

The woman was also wearing a mesh dress, her beautiful figure partly visible under the thin fabric. She looked very alluring.

Jin Xiu, who was waiting at the door, silently observed his own president, waiting to see him become overjoyed.

However...

After seeing such a beautiful scene, Helian Wei did not show his joy, not even a single bit. Instead, he scrunched up his thick eyebrows, turned around and demanded, "Who told you all to dress her like that?"

???

Jin Xiu was stunned. Could it be that the President didn't like his woman dressed seductively like that?

Then, what does he like?

Or could it be that... he prefers her to wear nothing at all?

"I understand now, I'll tell the servants to take off all of her clothes right away!"

"..."

For the first time, Helian Wei discovered that his usually clever assistant could actually make such an extremely stupid mistake.

He had to yell for him to stop. "Stop! I've asked you to invite her over to see me, not because I wanted to do 'something' with her. What I had wanted you to do was to treat her like a VIP, understand?"

Oh shit! Shit, shit, shit!

After realizing that he had misunderstood the president's intentions, Jin Xiu was so shocked that he broke out in a cold sweat. He answered hastily, "Understood! Understood, understood, understood! I've been derelict in my duties! I'll get the servants to dress her up at once..."

Helian Wei exhaled deeply and glared at Jin Xiu, then walked out and slammed the door behind him.

Jin Xiu wiped cold sweat from his face and quickly called the maids to change the clothes of the girl on the bed.

Blearily, Xu Xiyao felt someone touching her body. After waking up in shock and finding that someone was taking off her clothes, she directly punched that person with both of her fists without even looking at who it was.

Bam! Bam!

"Aaaaaaahh—"

Two maids, who each had one eye that suddenly became like a panda's, were knocked down to the ground, immediately passing out.

Her fists were not to be trifled with!

Xu Xiyao sat up and withdrew her fists. She looked at her almost half translucent dress, then looked around at her surroundings.

What a luxurious room. Where is this place?

She only remembered that someone had attacked her from behind when she was trying to open the door of her room back at the hotel. After she fainted, she knew nothing else.

Could it be said that... someone had kidnapped and took her here because... they wanted to gift her to someone wealthy?

What appeared in Xu Xiyao's mind was a fat pig of a man just like Li Dazhuang. Was she being targeted by some rich fat pig in Estante?

Otherwise, why would they dress her up in such revealing clothes?

And make the room like this?

After realizing the situation was not right, Xu Xiyao got out of bed, and the first thing she did was to look for her clothes and change back into them.

She opened the door quietly and saw many black-suited bodyguards guarding outside. Darn it, this was really a place of trouble!

She'd better get out of here fast!

Chapter 909: Other Ways

Xu Xiyao noticed that there were a lot of people guarding outside, and the chances of her escaping through confrontation were slim. She had to think of other ways.

She raised her head and noticed the air conditioner that was linked to every other air conditioner in the mansion.

The escape was successful after half an hour. She crawled through the vents of the air conditioner and made her way out of the mansion.

She turned her head to look at the mansion that was lit under the moonlight, and ran.

Helian Wei was sipping on his tea as he checked his watch.

“How is our guest?” he asked.

“I'll go check,” Le Xiu said and went to check on Xu Xiyuan.

But it did not take him long to get back and report, “Sir, the girl is missing!”

“Missing? Is she hiding somewhere?”

“I've already asked our people to check the whole mansion, but she was nowhere to be found! I think she escaped after knocking our maids out.”

Helian Wei couldn't help but smile. Being able to escape from the President's mansion meant that Xu Xiyuan was a capable person.

“What are you even doing? You can't even keep watch of a girl!” Helian Wei scolded as he stood up. “I think you should consider retiring.”

“...” Le Xiu was shocked by Helian Wei's words. He kept begging for Helian Wei's forgiveness and promised that he would get her back.

Just as Le Xiu was thinking of how to invite Xu Xiyuan over, Xu Xiyuan had already reached the hotel.

She met Li Ruochu, who was waiting for her in the lobby.

“Jing Xi,” Li Ruochu greeted as soon as she saw Xu Xiyuan. “I went to your room just now and you weren't there.”

“Ruochu? How did you know I was staying here?”

“Qianqian called me beforehand. I came to see if you needed anything.”

“Thank you. Looks like I'll be in your care again..”

“Don't worry about it,” Li Ruochu said, noticing the dust on Xu Xiyuan's clothes. “What's wrong? Why are your clothes so dirty?”

“I think I'm in trouble, let's talk back in my room.”

Xu Xiyuan led Li Ruochu to her room and told her everything that had happened.

Li Ruochu frowned and suggested, “Looks like the hotel isn't safe anymore. How about you come and stay at my place? There are many rooms left over there.”

“Good idea.”

After informing Huang Guoqian, Xu Xiyuan packed her stuff and left the hotel with Li Ruochu.

They came to a private mansion that looked like a castle halfway up a hill.

Xu Xiyuan was shocked by the place Li Ruochu was living and said, “Is this your house? Isn't it way too luxurious?”

The mansion would've been a place suited for a princess

If Xu Xiyao did not witness the mansion herself, she would've never believed that her former manager was loaded with cash.

Instead of being protected by Li Ruochu, Xu Xiyao thought that it should be the other way around.

Priceless Baby's Super Daddy 910 Win His Hear

"This is not my home. This is just where I live."

Li Ruochu did not specifically explain that the property here belonged to Helian Qingyu, and by staying here, it was equivalent to semi-free imprisonment to her.

During this time, Helian Qingyu had returned to the army, so she dared to bring Jing Xi back without fear.

There were a lot of rooms in the mansion, but it was rare for Li Ruochu to have a friend over and she wanted to chat with Jing Xi. So the two slept in the same bed in the largest room at night.

"Sister Ruochu, last time you left in a hurry and I didn't have the chance to ask you. What is going on between you and General Helian? I'm very curious!"

Xu Xiyao should not inquire about other people's personal affairs, but, everyone has a heart of a gossip. Now that she had come to Estant, she would naturally ask about this matter.

"He and I? What can I say? Sigh, it's a long story."

On a comfortable night, Xu Xiyao listened to Li Ruochu talk tirelessly about her story with Helian Qingyu.

In a nutshell, she and Helian Qingyu had known each other since a long time ago. Due to a certain reason, the two had a short-term secret marriage.

She knew that Helian Qingyu did not love her. Especially after he had met a girl he liked, he proposed a divorce.

But the man was very strange. After the divorce, he forbade her to show herself in public and kept her in his care in this mansion.

In fact, Li Ruochu really hoped that Helian Qingyu would free her. What's the point of staying bound to each other without love?

After listening to Li Ruochu, Xu Xiyao was incredulous. She didn't expect that the story between the two was quite complicated.

"Sister Ruochu, I think General Helian still cares about you! Otherwise, he would not keep you around."

"Impossible! He only did it for his face and male ego." Li Ruochu could vouch for it. "Jing Xi, do you know? He never liked me before. The girl he likes is the girl who once saved him at the Vikio bar."

!!!

"You mean... me?" Xu Xiyang asked, pointing at her own nose, cursing to herself several times inwardly. What the f*ck... What the f*ck... What the f*ck...

"Yeah, and he finally found you when he went to Zstan last time."

When Li Ruochu said this, a faint emotion surged from her heart. She couldn't tell whether it was despair, envy, or something else.

"..."

Xu Xiyang was silent. From Li Ruochu's words, it was difficult not to hear that she still had feelings for Helian Qingyu, but she was sad that Helian Qingyu's heart was not on her.

"However, you don't have to worry as I already have a husband and a child. I'm a married person and I'll never flirt with other men. But as for you, you can still seize the opportunity and win his heart!"

If Helian Qingyu had fallen in love with Xu Xiyang just because she had saved his life, that would be very unrealistic.

Xu Xiyang still felt that Li Ruochu and Helian Qingyu were very suitable for each other. Wouldn't it be great if the two could stay together?

"Heheh, Me with him...? Impossible!"

Li Ruochu was not confident at all that she was able to control a man who was strong and domineering like Helian Qingyu.

It was getting late. Xu Xiyang yawned. Li Ruochu said, "You just had a busy day. You should sleep early. Good night."

"Okay, good night."

Xu Xiyang closed her eyes; she wanted to go off into her dreams to look for her husband and daughter and kiss them.

After the two girls were done chatting, they fell asleep.

During the middle of the night, when the two girls were sleeping soundly, a dark shadow appeared in the room.

The room was pitch-black. The shadow slowly approached the big bed, and reached a hand out into the darkness towards the sleeping girl.
