Chapter 911: More Than What Meets the Eye

Xu Xiyang could feel an itch on her face and instinctively shot her punch forward.

It was as if she hit something, and a loud thud could be heard.

A person groaned in the dark and woke the two of them up. Li Ruochu went straight for the light.

As soon as the room was lit up, they could see a man with his back against them, and Li Ruochu screamed.

"Don't worry! I'm here!" Xu Xiyang shouted and shielded Li Ruochu, ready to fight the intruder.

"Who are you?" Li Ruochu asked, peeking from behind Xu Xiyang.

The man slowly turned around, his hand over his bleeding nose.

The man took his handkerchief out to wipe the blood, and the girls could finally see who he was.

They thought it was some burglar, but he turned out to be the master of the mansion, Helian Qingyu.

If Li Ruochu did not tell Xu Xiyang about her relationship with Helian Qingyu, Xu Xiyang would've been in shock by then.

"It's you? Why didn't you turn on the light?" Li Ruochu asked since Helian Qingyu did tell her that he would be away for quite some time. "Wait, why are you bleeding? Are you hurt?"

Li Ruochu noticed the blood on his shirt and thought he had been injured on a mission.

Xu Xiyang also noticed his bleeding nose and instantly recalled the punch she threw when she was half awake. She remembered she did feel someone touching her face and wondered if Helian Qingyu mistook her for Li Ruochu.

The most awkward person in the room was Helian Qingyu. He had no idea what had happened to him, but as he was out on a mission for the past few days, all he could think of was Li Ruochu's cute face. As soon as the mission was over, he rushed back to his mansion.

He went straight to her room the moment he was back, wanting to touch her face.

But he had no idea that there were two people on the bed, and the other was Jing Xi.

He hoped that the face he touched just now was not Jing Xi's.

And he really wished that Jing Xi was not the one who punched him in the face

Helian Qingyu did not reply to Li Ruochu's question but looked at Xu Xiyang and greeted, "Jing Xi?"

"Mr. Helian, I'm really sorry for punching you just now... I had no idea it was you..." Xu Xiyang quickly explained.

"Don't worry about it. I'm the one who was at fault just now."

Xu Xiyan looked at him and realized that he was actually trying to touch Li Ruochu's face.

It seemed to her that the relationship between the two of them wasn't as bad as Li Ruochu had mentioned.

There might be more than what meets the eye.

Li Ruochu noticed Helian Qingyu was staring at Xu Xiyan and said, "It's late, we have to go back to sleep. Can you leave us?"

"Okay, goodnight."

Helian Qingyu was very polite in front of a guest, and it almost made Li Ruochu believe that he had a good side.

Priceless Baby's Super Daddy 912 Extremely Embarrassed

After the man left the room, the two women lay back down in bed again, but they could not sleep after being scared just now.

So the two chatted until dawn before they fell asleep again.

The next morning, Xu Xiyan got up on time. She had a lot of scenes to shoot today and she dared not to be late.

Li Ruochu was still sleeping in. Xu Xiyan didn't want to wake her up; she wanted to let her sleep a little longer.

After tidying herself up, Xu Xiyan picked up her bag and got ready to leave. When she walked out of the room, she was shocked at the scene in the corridor just outside the door.

There were about a dozen servants, all dressed in the same uniforms as they stood on both sides of the corridor. When they saw Xu Xiyan coming out of the room, they all bowed and greeted her loudly in unison, "Good morning, Miss Jing."

They had chorused so loud and clear that Xu Xiyan almost dropped her bag in shock.

Xu Xiyan composed herself then greeted them awkwardly, "Uh... m-mo-morning..."

General Helian's family is really rich! she thought. This is just a mountain villa and yet it's already so huge and magnificent. What if it was the presidential palace?

What would it be like?

A female butler said politely to her, "Miss Jing, breakfast is ready. Please come with me."

It seemed that Xu Xiyan had no choice but to follow the butler to the dining room. As soon as she entered the dining room, she began to click her tongue, once again impressed.

Scrumptious and exquisite breakfast foods filled the long table from one end to the other. It was a meal simply fit for a king.

Tsk, tsk... do they really have to? It's just breakfast.

Xu Xiyan saw Helian Qingyu sitting at the end of the long table. The noble-looking man wore a white uniform, his expression cold and majestic on his well-chiseled face, his body exuding a chilly air that was unwelcoming and lethal.

Only when Xu Xiyan appeared did he withdraw the iciness in his eyes. "Morning, Jing Xi!"

"Morning, General Helian," Xu Xiyan greeted him. As long as she thought about what had happened last night, she felt extremely embarrassed.

"Please have a seat."

"Thank you."

"I don't know what Miss Jing's favorite food is, so I've told the servants to prepare a simple meal. Please help yourself!"

"..." Xu Xiyan glanced at the food on the table. She could not help but criticize inwardly: This is considered a simple meal?

General, how extravagant are you really at home usually?

Xu Xiyan did not dare to ask that. She only smiled and began to eat.

She did not talk with Helian Qingyu. She only ate her meal quietly, just eating enough to fill her tummy. She put down her knife and fork and said, "General, I'm already full. Please enjoy your food."

Helian Qingyu also put down his knife and fork. He lifted his handsome face and asked, "What's your itinerary today, Miss Jing?"

"I have a full day of shooting today. Thank you for your hospitality. I have to go now."

Xu Xiyan stood up, bowed and thanked him. When she was about to leave, Helian Qingyu called her to stop.

The man had already stood up from his seat and was walking towards her. "I'm going out now too. Let me send you there on the way."

In the face of Helian Qingyu's courteous hospitality, and as long as Xu Xiyan remembered the truth Li Ruochu had told her last night, she felt that she should keep a distance from him.

"Oh no, no need. General, you have a lot of important matters to attend to daily. You don't have to care about a commoner like me. I can get a taxi and leave," Xu Xiyan said, waving her hand to decline his kindness.

Helian Qingyu had probably expected her to refuse. He said, "This place is tens of kilometers away from the city. Also, there are no taxis around here. Are you sure you want to walk there?"

"..."

"Well, didn't you say that you're in a hurry? Let's go!"

Helian Qingyu took the lead and went out through the door. Outside, a stretch limo version of a luxury car (Xu Xiyan could not recall its name) with good bulletproofing was already parked in front of the door.

Xu Xiyan indeed had to hurry. In order not to delay the filming, she thanked him and got into the car.

During the journey, the two hardly talked. When they finally reached the vicinity of the filming location, Xu Xiyan told the driver to stop the car.

...

Chapter 913: A Different Person

Xu Xiyan tried to unbuckle her seatbelt to get out from the car but was stopped by Helian Qingyu.

He got out of the car and opened her door for her.

Not only was Xu Xiyan shocked by his action, but even his assistants were also shocked by him too. It was as if he was a different person.

It showed how important Xu Xiyan was to him.

Helian Qingyu even helped her with her seatbelt, a generosity that a general should not have given.

And just as Xu Xiyan was about to head inside, the man stopped her again and said, "I have a dinner at my place tomorrow night; it would be my pleasure if you could attend it."

"I'm sorry, but my schedule is full tomorrow. Thank you for the invitation."

Xu Xiyan said what she wanted to say and left quickly.

Helian Qingyu stood near his car and stared at Xu Xiyan leaving. He had no idea why, but it felt like she was someone important to him.

Even though they'd only met three times, he felt like he'd known her longer.

He tried to invite her to the dinner out of his gratitude for her saving his life but was rejected.

But since there was still time, he thought of inviting her the next time.

After waking up from his thoughts, Helian Qingyu left. Little did he know, a paparazzo had captured the moment he helped Xu Xiyan with her seatbelt.

Xu Xiyan was busy the whole day and had no idea a scandal had spread out through Estan.

[General Helian's Mysterious Girlfriend!] was the title.

Under the news was a picture that barely showed Xu Xiyan's face

But the news was enough to cause a huge uproar.

Helian Qingyu was like an idol in Estan, a person that many maidens dreamt of.

He was a man that governed all the soldiers in Estan, and girls would drool over him in his uniform.

When Helian Qingyu called the President's mansion to let them know that he'd be bringing his female partner, they were all happy he had finally found someone.

The filming for that day ended and Xu Xiyan was exhausted.

"Let's go for dinner together. It's my treat!" Huang Guoqiang suggested.

Almost everyone was excited, except for Xu Xiyan. The only thing she could think of was finding a place to crash

It might be because of her falling asleep late last night, but the day had felt extra tiring to her.

"Hey! Look at this! Doesn't this look like Jing Xi?" someone suddenly shouted.

Everyone looked at the person's phone and then back at Jing Xi. The person in the photo really looked like her.

Some of them even showed Jing Xi the photo.

Who else could this be? Xu Xiyan sighed in her head. How did they even get this?

Priceless Baby's Super Daddy 914 To The Presidential Palace

Furthermore, it was rumored that she was Helian Qingyu's mysterious girlfriend. You've really got to hand it to Estan's reporters' eagerness to stir up drama.

"How could it be me? She just looks a little bit like me."

Xu Xiyan would never admit it. Anyway, she had been busy filming and nobody would doubt her.

However, she was still worried about the scandal being seen by the "King of Jealousy" back at home; the consequences would be unimaginable if he were to see it.

She hoped that Huo Yunshen would not know, but was it possible for him not to?

His beloved little wife had gone to Estan. Could he not order his men to watch for any signs of trouble in Estan?

In fact, at this moment, Huo Yunshen had already arrived in Estan. He was now resting in his hotel, and he had also seen the scandal.

Now, he only wanted to look for Helian Qingyu and have a good talk with him about life.

The crew packed up their things and prepared to go to the dinner gathering venue. At this moment, a group of men-in-black approached, making a beeline towards Xu Xiyan and surrounding her.

Xu Xiyan looked up and almost jumped in shock at the black wall of men before her. She thought her captors had come back to catch her again. She silently groped for a piece of brick.

If this group of men dared capture her, she would take them on.

However...

When a familiar young man emerged from the group, Xu Xiyan dropped her urge to throw the brick. It was the man she had met on the plane. She looked at the approaching man astonishingly. "You guys..."

"Hello, Miss Jing Xi. I am Jin Xiu, at your service. I've come to look for you at the command of my master."

Jin Xiu had already inquired about Jing Xi's background. He knew that she was an actress from Zstan and she had come to Estan to shoot exterior scenes.

"Why did you want to look for me?"

"Well, it's like this. My master wants to thank you for saving his life on the plane at that time, so he has specially prepared a banquet for you to express his gratitude."

"No, no, I've said it before, there's no need to thank me. Really, there's no need to."

Xu Xiyan threw the brick away secretly. It turned out that they were only inviting her to dinner. She had thought that they had come to rob her!

"Miss Jing Xi, please, you must honor him. My master has given me an order I must obey. If I fail to invite you today, me and my comrades will be sent directly to South Africa to become miners. So, please, I beg you. Please help us out!"

Jin Xiu had come with a "conquer or die" determination to succeed. If he could not invite this girl, he could not imagine what kind of terrible things his president would do.

Since they were this desperate, Xu Xiyan decided not to make things difficult for them. She could only agree, "Well, okay then! I'll go."

"Wonderful! Thank you so much!"

Jin Xiu breathed a sigh of relief inwardly, silently thanking her for her kind understanding in his heart.

"Please come this way, Miss Jing Xi. Our car is over there."

Everyone in the crew knew about Xu Xiyan's rescue of a man on the plane. Now that the other party had come to invite her for dinner, everyone could only envy her.

After bidding the director and the other crew members goodbye, Xu Xiyan followed Jin Xiu and got into their car.

Jin Xiu did not take her directly to the presidential palace. Instead, he took her to a make-up and styling studio and had them style and dress her up first before taking her back to the presidential palace.

It was 7 in the evening. The magnificent presidential palace was lit up with beautiful lights.

When she arrived at the destination, Xu Xiyan was so nervous that her palms were sweating a little.

She was going to meet the supreme head of all of Estan—the President of Estan. Was this real?

She felt like a commoner being granted an audience with the king!

How exciting!

It must be the blessing of her ancestors to have this honor!

"Miss Jing Xi, you may get out of the car."

Jin Xiu personally opened the car door for her and asked her to get out from the car.

...

Chapter 915: Becoming Unreliable

Xu Xiyan lifted her skirt with one hand and covered her chest with the other as she got out of the car.

She raised her head to look at the enormous mansion, and her heart skipped a beat.

She tried to calm herself down and made sure that she looked normal.

Xu Xiyan appreciated the design of the mansion as she walked through it. Even though she had no idea what the mansion looked like in daylight, during the night, it looked like she was wandering in the starry sky.

There were a lot of expensive sports cars stopping in the parking lot and a lot of well-dressed people walking towards the Star Viewing Tower.

The president, Helian Wei, was sitting in the tower with his wife, Yun Xuerou.

As most of his guests have arrived, he asked his men to go and look for his son.

"Go and ask when is Qingyu coming? Tell him that this is a dinner he must attend!"

"Yes, sir!"

Yun Xuerou scanned through all the young maidens that were present. Most of them were daughters of politicians and millionaires.

The real intention of the dinner party that night was to look for a suitable partner for Helian Qingyu.

Yun Xuerou wanted to help her son choose a maiden of virtue and beauty as her daughter-in-law.

Yun Xuerou also heard from her husband that he'd also invited a maiden who was not only gorgeous but also kind in heart. She was the girl who had saved his life on the plane.

Yet, the girl was still nowhere to be seen.

"Helian, when is the girl you invited going to arrive?" Yun Xuerou asked.

"Soon."

Helian Wei also wasn't sure if Le Xiu managed to invite Xu Xiyan or not. It seemed to him that Le Xiu was becoming unreliable in getting stuff done.

Just as Helian Wei finished his words, Le Xiu came with the person he'd invited and reported, "Sir, I've brought the person you requested."

“Good. Where is she?”

Le Xiu looked at the door, and Helian Wei followed his gaze. Before long, a girl with a perfect body walked into the hall under the moonlight.

She wore a long white dress, and she looked like she was shining under the moonlight.

She had perfect facial features and a pair of beautiful eyes as if they were the stars in the sky.

If people believed that angels did exist, then Xu Xiyan would be the reincarnation of an angel.

A beautiful and pure maiden with the power to cleanse one's heart.

The noisy crowd quieted down as soon as they saw Xu Xiyan.

Everyone had their attention on her.

They only had one question in their head:

Who is that girl?

Chapter 916: What A Real Slut

At this time, Helian Wei could not restrain the shock in his heart. He could not help but stand up from his seat slowly.

Was he hallucinating?

Was that his little moon?

Helian Wei had not seen the girl who had saved his life on the plane clearly. When she was invited last time, the situation that time was not right and he hadn't had the chance to look at her face carefully.

At this moment, he could clearly see that the girl was even more beautiful than he had imagined. Her facial features were so similar to his little moon's.

At that moment, he felt dizzy for a while as though he saw his little moon.

But he clearly understood that it was impossible that she was his little moon. His little moon had passed away many years before. He had even gone to pay his respects at her grave a few days ago.

The girl walked step by step into the banquet hall. Helian Wei asked Jin Xiu, “What is her name?”

Helian Wei had been so busy until now that he hadn't had time to ask his assistant for the girl's name.

“Jing Xi. ‘Jing’ as in ‘scenery,’ ‘Xi’ as in ‘sunny.’”

“Jing Xi...?”

When he heard the name, he felt as though thunder had struck a deep part of his heart, echoing and vibrating inside him for a long time.

Helian Wei said the name several times in his heart silently. He was surprised. Her surname is “Jing” too?

Suddenly, there was a feeling he could not describe that came back to haunt him, making his heart beat in a chaotic rhythm.

It was bad enough that she looked like her, but now he found out that she had the same surname as her. Was this a coincidence, or...

Not only was Helian Wei shocked; Yun Xuerou was also so shocked that she knocked over the glass in her hand.

She looked at the woman who was slowly approaching them, dumbstruck. Fear instantly ignited in her heart and she felt horror shooting straight to the top of her head.

Ah...she is that woman?

Fortunately, Yun Xuerou was usually calm and composed. She only panicked for a short while then calmed herself down.

She could already tell that the other person was not that woman. The girl before her eyes obviously looked even younger.

Inquisitiveness flickered in her eyes. Where did this girl come from?

What is her relationship with that woman?

At the moment Xu Xiyao stepped into the gorgeous ballroom, she felt as though she had accidentally stumbled into a strange world that she didn't belong in.

Her beautiful eyes were filled with awe. Especially when she saw all the young ladies in the banquet hall wearing colorful dresses and vying each other in beauty, she was even more surprised. Was it a beauty pageant night today?

As she glanced around at the crowd, Xu Xiyao unexpectedly spotted Lan Ling-Er.

She had actually come to attend the party tonight?

Xu Xiyao was suddenly confused. She was told that the banquet was held to thank her, but why were there so many people?

Lan Ling-Er also discovered Jing Xi at the same time. After confirming that the stunningly beautiful girl before her eyes was Jing Xi, Lan Ling-Er immediately gaped in shock.

Jing Xi, that bitch! Why did she keep haunting her like a ghost?

Lan Ling-Er's eyes seethed with jealousy and hatred. She was curious. What kind of tricks had Jing Xi used to sneak into today's banquet?

Damn little bitch. Whenever she appeared, it seemed everyone's eyes would be attracted to her. Even President Helian Wei was staring fixedly at her.

What a real slut!

A sly fox demon of a woman!

Lan Ling-Er guessed that Jing Xi was definitely targeting Helian Qingyu.

Almost every girl who attended the banquet tonight had come for Helian Qingyu, including Lan Ling-Er.

When Lan Ling-Er had received the invitation, she was very excited.

All this while, her favorite prince charming had always been the young supreme commander of Estan's three armed forces, General Helian Qingyu.

The man had a divinely crafted handsome face and an unparalleled family background. He also commanded the entire military of Estan and he was a man with extraordinary ability and power.

Chapter 917: The Excitement

Almost all of the maidens in Estan had fallen for Helian Qingyu.

But since Lan Ling'er was the fairest of them all, and with her brother backing her up, she saw herself as the best out of all of them.

No maiden could give her any pressure, except for Jing Xi. It was as if the stars in her heart dimmed as soon as Jing Xi appeared.

Lan Ling'er thought of the trouble that Jing Xi could cause, and her heart began to tremble.

Even though Jing Xi was married to Huo Yunshen, Lan Ling'er was afraid that Helian Qingyu had no idea about it and would fall for her.

Lan Ling'er even noticed that the President had left his seat and was walking towards Jing Xi.

She couldn't help but wonder if Xu Xiyan was actually made of a huge magnet that could attract anyone.

Xu Xiyan also noticed the stare from Lan Ling'er, but she chose to ignore her.

She turned her head and saw the President was walking towards her with his bodyguards.

Xu Xiyan bowed to Helian Wei and greeted formally, "A pleasure to meet you, Mr. President."

"Miss Jing, I would like to thank you for saving me on the plane," Helian Wei said, his eyes locked on the girl in front of him. He was dying to learn about her birth date and her relationship to his Little Moon.

"You're welcome, Mr. President," Xu Xiyan smiled, a smile that looked a lot like Little Moon's.

It was as if Helian Wei was looking at his Little Moon from 20 years ago, and he wouldn't dare stare at her any longer.

Xu Xiyan was also amazed at Helian Wei's appearance. Even though he was already over the age of 50, his body was perfectly cared for.

Huge and muscular, without a sign of excess fat in his body.

Even though Helian Wei was famed for being strict, he did not give off that vibe when meeting with Xu Xiyan. In contrast, he was gentle and friendly to her.

Just as Xu Xiyan was wondering what to say, a voice cut in.

“Helian, is this the girl you invited, Jing Xi?” Yun Xuerou asked.

“Yes,” Helian Wei replied.

“Miss Jing, thank you for saving my husband,” Yun Xuerou thanked as she extended her arm.

Xu Xiyan looked at the woman and realized she was the First Lady of Estan, Yun Xuerou.

Yun Xuerou smiled warmly, like a mother to the whole nation.

“You're welcome, Mrs. Helian.”

Xu Xiyan extended her arm as well and shook hands with Yun Xuerou.

She noticed that Yun Xuerou wore a white jacket with embroidery on it.

One of the embroideries looked like a pair of White Camellias.

As soon as Xu Xiyan saw the embroidery, she recalled the clue that Xu Jinshan gave her, Madam White Camellia.

Chapter 918: The Most Important Person Is Still Missing

Was there any correlation between the embroidery of a white camellia flower on Lady White Tea's cuffs and the one on the First Lady before her?

At this time, there was no time to think about other things. Xu Xiyan was honored to shake hands with the First Lady.

Yun Xuerou nodded and smiled at her, her eyes showing her praise for her.

However, no one knew that a storm was roiling inside her heart.

She looked at the girl in front of her whose face was quite similar to Jing Ruyue's and became even more suspicious. Had Jing Ruyue kept the truth from her and given birth to a daughter secretly?

Had Helian Wei found out something?

In order to know more about Jing Xi, she took Jing Xi's hand and said kindly to her, “In any case, you're the savior of the Helian family and you deserve the seat of honor. Come with me.”

Like a good wife, Yun Xuerou led Jing Xi back to her seat and arranged for Jing Xi to sit next to her.

On the surface, Yun Xuerou looked amiable, but in fact, she was despising Jing Xi very much. Especially when she touched Jing Xi's tender little hand and looked at her youthful and beautiful appearance, she could not help but be reminded of that woman more than twenty years ago.

Lan Ling-Er, who was standing among the other guests looking up at them, could not think properly anymore. She felt that her brain was not working hard enough or there might even be problems with her eyes.

She saw the president and his wife come down personally to welcome Jing Xi and take her up to the seats of honor. She simply couldn't believe her eyes.

She really wanted to know what kind of things Jing Xi had done that the President and the First Lady were being so courteous to her?

Almost all of the banquet guests had already arrived. Now, the only one missing was the most important person of the event.

Yun Xuerou did not see her son arriving and told Helian Wei to send someone to bring him back. Helian Wei could only tell Jin Xiu to contact him again.

Meanwhile, at another place, an impromptu shooting competition was taking place at a shooting gallery.

The two competitors who were having a showdown were Helian Qingyu and Huo Yunshen.

The competition started. Helian Qingyu lifted his gun, aimed at the bull's eye and fired five shots in succession. Bang-bang-bang-bang-bang!

Soon the results were announced. Three of Helian Qingyu's five shots scored the highest score of 10.9 while the other two shots scored 10.7 and 10.8.

“Woooooow... the General is amazing!”

“If it isn't the god of sharpshooters!”

“They were too precise! Great shots!”

There were a lot of spectators around the venue and they were all cheering for Helian Qingyu.

He was really impressive to be able to score such results. At least for now, very few people had been able to surpass his record.

Helian Qingyu took off his shooting glasses and earmuffs, confidence glinting in his eyes as he turned to Huo Yunshen and said, “Your turn.”

Huo Yunshen praised him generously, “General Helian, you really proved yourself to be the supreme military commander of Estan and the god of sharpshooting. Impressive!”

Helian Qingyu curved his lips, “If you want to concede right now, it's still not too late.”

“I've not yet started. Why would I want to admit defeat?”

A sharp glint of light flashed across Huo Yunshen's eyes. He raised his gun, took aim, then also fired five shots in succession.

Bang-bang-bang-bang-bang!

Soon enough, the results were out. Helian Qingyu listened carefully as a monotone female voice began to announce the results: 10.9, 10.9, 10.9, 10.9, 10.9.

After listening to the results, Helian Qingyu jumped in shock. The usually noble and composed man shouted incredulously, "What the f*ck!"

All of them are actually the highest score?

Is there something wrong with the broadcasting system?

Chapter 919: To Provoke Him

The crowd that had been cheering for Helian Qingyu was now cheering for Huo Yunshen.

"Oh my god! He got the highest score! How did he do that?"

"He broke the general's record!"

"I've only heard that the Movie King was good at acting. I never thought that he would be this good at shooting too!"

Huo Yunshen was the perfect reincarnation of "Never judge a person by appearances."

If not for his wife, Huo Yunshen would've never shown his marksmanship in public.

It was as if Helian Qingyu had finally found his best friend. He threw away the cigarette in his hand and walked towards Huo Yunshen with his eyes wide.

"You sure are something! You even broke my record!" Helian Qingyu exclaimed.

"That's your punishment for trying to make a move on Jing Xi," Huo Yunshen said coldly. "Now that you've lost, please leave her alone."

After finishing what he intended to say, Huo Yunshen turned to leave.

"Hey, brother, wait, let's be friends." Helian Qingyu stopped him.

Calling a person brother meant that Helian Qingyu had acknowledged him. Helian Qingyu had never bowed down to anyone, but Huo Yunshen was entirely on a level that even he would idolize.

He had to befriend Huo Yunshen.

The truth was that he was already friends with Zeus because they'd been contacting each other from time to time, but Helian Qingyu had no idea about Huo Yunshen's true identity.

"Not interested," Huo Yunshen said without stopping.

"Good!"

The more arrogant Huo Yunshen was, the more Helian Qingyu wanted to befriend him.

Helian Qingyu got a call from the President's mansion as soon as they left the shooting range, telling him that his father had used the military order to order him back to the party.

Even though he intended to invite Xu Xiyan to the party too, she refused him beforehand.

He suddenly thought of an idea. If he could force Huo Yunshen, then Xu Xiyan would have to follow him too.

Huo Yunshen was already in his car ready to look for his wife when Helian QIngyu barged into his car.

“The President's mansion, please,” Helian QIngyu told the driver.

“I think you've got the wrong car,” Huo Yunshen said.

“Nope, I'm inviting you to the party at the President's mansion.”

“And what if I don't want to go?”

“Then Jing Xi will belong to me tonight.”

“What have you done to her?”

“Don't worry, I have no intention of courting her. I just want to express my gratitude and give her a huge surprise.”

“What surprise?”

Helian QIngyu looked at Huo Yunshen and smiled cunningly.

The buffet party started at the mansion.

Maidens gathered around each other waiting for the main character of the party to show up.

Without waiting long, one of the servants came in and announced, “The general is here!”

Chapter 919: To Provoke Him

The crowd that had been cheering for Helian QIngyu was now cheering for Huo Yunshen.

“Oh my god! He got the highest score! How did he do that?”

“He broke the general's record!”

“I've only heard that the Movie King was good at acting. I never thought that he would be this good at shooting too!”

“And what if I don't want to go?”

“Then Jing Xi will belong to me tonight.”

“What have you done to her?”

“Don't worry, I have no intention of courting her. I just want to express my gratitude and give her a huge surprise.”

“What surprise?”

Helian Qingyu looked at Huo Yunshen and smiled cunningly.

The buffet party started at the mansion.

Maidens gathered around each other waiting for the main character of the party to show up.

Without waiting long, one of the servants came in and announced, “The general is here!”

Chapter 920: He's So Charming

“General Helian is finally here!”

“Quick, quick, quick, let's squeeze to the front!”

Upon hearing that General Helian had returned, all the ladies in the banquet hall became excited

Lan Ling-Er stood at a spot that was the most conspicuous so that she could ensure that she would be the first thing General Helian would see when he came in.

There was a commotion at the door and everyone turned to look and waited.

In a moment, a tall figure in white came in gracefully, his escorts naturally making way for him. The man seemed to glow with an aura, attracting everyone's attention as soon as he entered the hall.

“Aaaah... the General is so handsome...”

“He's so charming in that military uniform!”

“Oh, my prince charming!”

One second before, the girls had been very composed and graceful. But as soon Helian Qingyu appeared, they all went mad and screamed excitedly.

Lan Ling-Er seized the opportunity. When she saw Helian Qingyu come in, she immediately greeted him with a glass of wine. “General Helian!”

With a sense of self-entitlement, she puffed out her bosom proudly and greeted him. However, General Helian only glanced at her briefly, then strode away with an expressionless face.

Damn it. Did he not recognize her?

Lan Ling-Er remembered back during a charity event, she had the privilege of having a meal together with Helian Qingyu.

At that time, Helian Qingyu had even personally praised her acting skills. How could he forget her now?

Maybe he did not forget it. He just didn't notice her.

It must be because of the girls behind her; they were too noisy.

Lan Ling-Er was good at making excuses for herself. She remained very confident, considering herself to be the most qualified one.

Ignoring everyone around him, Helian Qingyu strode past the guests and went over to greet his father first.

“Father!”

“You certainly took your time!” Helian Wei said in a hushed voice. He had specially prepared this banquet for his son but his son ended up coming late, making everyone wait for him for nearly half an hour. How was that appropriate?

Though Helian Qingyu had always been a dauntless person, he still respected his father. He explained, “I had something up and was caught in it.”

“What is it that could make you not obey my orders?”

Though Helian Wei wanted to see his son, he still had to order him to return in his name as president.

“I went to meet a very important friend.”

“You think military orders are to be trifled with? Outrageous!”

Helian Wei was somewhat unhappy.

No matter what his father said, Helian Qingyu listened. Inadvertently, he caught a glimpse of a girl sitting at the side, stifling her laughter.

Hmm?

Isn't that Jing Xi?

It's really Jing Xi!

Helian Qingyu widened his eyes in disbelief as he looked at the beautiful girl. He almost did not recognize her.

Helian Qingyu strode past his parents, ignoring Helian Wei's nagging, and came over to Jing Xi. “Jing Xi? Is it really you? I didn't expect you to come.”

What a big surprise. Originally, he had wanted to invite her to the banquet but she refused. He had even thought of using Huo Yunshen later to convince her to come but he never thought that she was already here.

Helian Qingyu had not even bothered with anyone after coming to the banquet, and yet the first thing he did was to sit beside Jing Xi. His actions made all the girls at the banquet extremely jealous.

They all wanted to know: What is that girl's relationship with Helian Qingyu?

What did she do that she was able to win Helian Qingyu's good grace?

The most jealous and the most hateful was Lan Ling-Er. Just now, she had taken the initiative to greet Helian Qingyu, but the man acted as though he did not see her. Now he was sitting right next to Jing Xi, talking and laughing. How infuriating!

Who is Jing Xi really?

Why is the president's family being so courteous to her?
