

# THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 1005 Master and Disciple

The bell at the Fortune Pavilion was still ringing non-stop.

The ghouls of the Baili family on the second floor were bored. Many of them were sitting at the door, watching the passers-by. Shopkeeper Chang had already tried his best to calm down his uneasy heart. There was an unchanging smile on his face. Obviously, he had already gotten used to it.

He even spent some money to buy some offerings and food, as if he was afraid that the ghouls in the Fortune Pavilion would starve.

As soon as Xie Qiao arrived, the ghouls dispersed. "Tsk, tsk, tsk. These men who are full of Yang energy are here again. It's too intense. Our souls are weak, so we won't accompany you." A few weak ghouls said kindly to Xie Qiao, then they went upstairs and hid in the bottles.

Xie Qiao went upstairs quickly. She sat on a chair and took a breath.

Previously, the guards did not go to the second floor, but this time, they caught someone, so they had to follow behind to prevent this Taoist master from going crazy and hurting the master.

When they went up to the second floor and saw the decorations on the second floor, the guards were shocked.

The second floor was huge, but there were only a few rows of cabinets and the altar. There was almost nothing more.

Taoist Master Liuming was directly pressed down and knelt down.

“Let me ask you, who set up the formation in your house?” Xie Qiao asked.

She was very straightforward and did not beat around the bush. When Liuming heard that, he trembled twice. “I-It was me... Why are you asking this... It’s for making money, and i-it doesn’t harm people...”

“Is that so? It looks like you don’t know where this is.” After saying that, Xie Qiao suddenly snapped her fingers. There were many ghouls here, and they immediately lit up the candles. The candles had dark energy, so it was not difficult for them to do that.

In an instant, all the lamps in the surroundings instantly lit up.

The guards were all shocked.

This ability... could not even be done by magic, right?

“Since you know such an expert, you should also know that there is someone better than him in this world. There is always someone better out there. That person can help you make a soul-gathering and wealth-generating formation. Then, I can break that formation and set up a White Tiger Star-Swallowing Killing Formation for you at the same time. I will let you die without leaving even a bone,” Xie Qiao threatened.

When Liuming heard that, his entire body shivered.

White Tiger Star-Swallowing Killing Formation. He had heard of it before...

It was just a formation. If it was completed, the person inside would be in the star position. The surroundings would be filled with ferocious tigers. The person with the star position would definitely be disturbed by the white tiger's evil energy every day. He would definitely die miserably!

"No, it wasn't me... who did it. It was Master who did it. He wanted to help me make some money to live." Liuming said again.

"Who is your master?" Xie Qiao asked again.

The evil formation was just a casual remark by Xie Qiao.

One would need to bear the consequences if they did anything that harmed people. If they did something bad, they would definitely suffer karma, or their relatives and descendants would. She would never do such a foolish thing

"I-It's that young Taoist you saw... A few months ago, I could no longer live in the Taoist temple anymore, so I came down the mountain to make some money. But it wasn't easy to make money, and I was almost beaten up. Later, thanks to Master's guidance, my fortune came." Speaking of the master, he still had a face full of admiration.

Xie Qiao chuckled. "It looks like you think your master treats you very well?" "Of course! If Master didn't look young and like a child, it wouldn't be convenient for him to do things. Why would he need me?" Liuming immediately said.

"It seems that you really don't have much ability. You actually don't know that this formation that gathers souls to make money uses up your own karma and luck. Now that you've earned some money, it won't last for long. This kind of formation can last for three years at most. Within three years, you'll definitely be able to rely on the ghouls to make a fortune. However, after this formation reaches a certain date, no matter how lucky you were in the past, you'll suffer ten or a hundred times more in the future. You'd suffer the karma. In the future, the one who will be unlucky will naturally be you. That's a legitimate thing that will shorten your life..."
