

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 1070 You're So Rich

Xie Xi was afraid that Xie Qiao would not believe her. After she said that, she took out a stack of paper and handed them to Xie Qiao. "This is their loan slip," Xie Xi said seriously.

Xie Qiao was shocked and opened her mouth. "You actually brought them with you?"

"They're unreasonable. If I did not bring them with me, they would steal them," Xie Xi analyzed seriously.

"Yes... that's right..." Xie Qiao admitted that her father and brother were terrible. "What about the things in your room? Won't they rob you?"

"They don't steal jewelry and clothes. They only steal money and paper contracts. They don't touch the accounts and only touch my private stash. Therefore, I hide my other belongings very well." Xie Xi's small face was a little proud.

"Then... may I ask..." Where did she hide them...?

Did she forget it again?

Xie Qiao did not finish her words, but Xie Xi actually understood her. She smiled very brightly. "I hid it in your courtyard, Eldest Sister!"

Xie Qiao pursed her lips.

She... really did not know!

If she went back and looked for it... maybe she could make a fortune?

However, looking at Xie Xi's trusting look, Xie Qiao did not know whether to laugh or cry. Forget it, it was not easy for her to find a good place. It was better for her to hide it so that she would not have to hide the silver in someone else's wallet in the future.

As they were talking, Xie Xi's hoe suddenly hit a hard object and she almost jumped up. However, her legs went numb and she fell on the spot.

Xie Qiao was amused. "We finally found it. Let's try harder."

Xie Xi stared at the object. Her movements were much more agile than before, and she dug the soil a few times.

However, the hole was getting bigger and bigger. In the end, it was a big box that was five to six feet long!

The weight was even more shocking. The two of them could not lift it with their little strength!

They could only reluctantly open the chest to take a look.

However, when the chest was opened, Xie Qiao and Xie Xi were both shocked.

Xie Qiao thought that the treasure chest that Baili Ji mentioned should be of normal size. There should be about a thousand taels of silver inside.

However, the reality was not like that. What was placed in front of them was not silver, but gold!

A whole chest full of gold! Moreover, this chest was much bigger than an ordinary chest!

Judging by it, this chest should have about 1,500 taels of gold?!

Xie Xi could not stop staring at it.

“E-Eldest Sister... so many gold ingots!”

Xie Qiao scratched her nose and concealed the shock in her heart. “Well, it’s just a mere chest...”.

“Eldest Sister, you’re so rich!” Xie Xi heard her words and said in admiration.

Xie Qiao almost choked.

She had seen a lot of money before. The two princes and the imperial tutor had paid her a lot of money, but they had only given her silver notes. It would be too heavy for her to carry them if they were silver.

Therefore, it was her first time seeing so much cash.

They were shining gold... “I can’t carry them...” Xie Xi was about to cry. Seeing so much gold and not being able to move them made her feel extremely sad.

“Just move the things to the carriage bit by bit.” It was a laborious task, but fortunately, it was gold that was being moved, not other things, so this task was not tiring!

Xie Xi nodded aggressively. There was no need for Xie Qiao to hurry her. She began to move the gold piece by piece and ran with her short legs.

The coachman was dumbfounded when he saw that.

He also came over to help.

The coachman had been following Xie Qiao all along. He was a very loyal person. He was old. Just now, when the two girls were together, it was not appropriate for him to help.

However, he could still do the task of moving things.

At this moment, Xie Qiao did not have to worry about this person's greed. Of course, those who saw would have a share. He had also helped to move the items. She would have to pay him when they returned.
