

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 1076 Dismissed!

Xie Pinggang thought these young masters had quite a lot of problems.

“You’re all so old already, why are you all blindly joining in the fun? If you’re curious about my sister’s prestige as the Princess Consort, wait until the day of the wedding. You can just watch from afar in the crowd!” Xie Pinggang snorted lightly.

He then thought that although his sister was born thin and weak, she was beautiful, so he did not care too much about it.

“I know my sister looks good, but no matter how good-looking she is, she’s still my sister. She’s the Crown Prince’s future wife. What does that have to do with you? If you have the intention to admire her, just look at her from a distance. If you have nothing better to do, pray to the Gods and Buddhas for my sister to get married smoothly. Pray that she’ll have two children in three years and live a long life. That’s enough!

“As a man, be more open-minded! Don’t do such sneaky things!” Xie Pinggang added.

Even Meng Jifang, who had always been unrestrained, blushed at Xie Pinggang’s words.

The others were the same. They looked at Xie Qiao’s face and wanted to say that they had been wronged, but they actually felt that their words were pale!

That was right! With Young Lady Xie’s appearance, anyone who looked at her would think that they had ill intentions!

Perhaps, during the journey just now, there were already many people who thought that they were following her in a wretched manner!

“We... didn’t...” A few of them felt a little helpless.

Xie Qiao was indeed good-looking, but they were not tired of living. How could they possibly admire the Crown Prince’s woman?!

“You didn’t?” Xie Pinggang said with disdain, “A man does things openly. You’re just dilly-dallying and putting on an act. You’re terrible! Although the Crown Prince loves my sister, he will not tolerate people like you. After all, my sister is so beautiful. There are many people in the world who are infatuated with her. The few of you are nothing!”

Xie Qiao’s face did not turn red. She thickened her skin and nodded. “That’s right.”

Meng Jifang felt that he was blind.

With Xie Qiao’s shamelessness, nobody will live a good life in the Crown Prince’s residence!

There was also this eldest son of the Xie family.

This was a person who was even more shameless than anyone.

They were helpless. In the end, they could only say aggrievedly, “Yes, in the future... We will stay away from Young Lady Xie.”

If they did not say that, what else could they do?

Fight with Xie Pinggang?

It was not that they were exaggerating. If ten more of them came, they probably would not be able to defeat this scoundrel, Xie Pinggang.

Although many people looked down on Xie Pinggang's background, they had to admit that he was someone who had fought on the battlefield. His strength was as great as an ox. With a single slap, he would probably be able to knock out young masters like them!

Meng Jifang had never underestimated himself. However, he also knew that fighting with Xie Pinggang was not a wise move.

The Crown Prince's wedding was imminent. At this time, it was not appropriate to have too much involvement with the Xie family.

They obediently admitted defeat. Only then did Xie Pinggang nod. "Alright then, you guys are dismissed."

Meng Jifang gritted his teeth in frustration.

He had lived for so long. Other than suffering a little in front of the Crown Prince, there was really no one else who could make him so angry.

The few of them were led by Meng Jifang. At this moment, they were all looking at his stance.

He snorted. "Let's go!"

After saying that, the others turned their horses around and left in a sorry state.

“A group of noble young masters.” Xie Pinggang was a little envious. “They are so tender. If I were a lion, I would want to eat them alive.”

Xie Qiao pursed her lips. She did not want to talk about such a cruel topic with her eldest brother. Instead, she said, “That Young Master Meng is going to have bad luck lately.”
