

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 1087 Live For Another 90 Years

Xie Qiao felt warm all over. After some thought, she decided not to be a party-pooper. She snuggled into his arms again and fell asleep comfortably.

What she wanted to say was that she brought about a lethal fate to her family.

Earlier, she had wanted to bear a child, but now she did not know how powerful her lethal fate was. She was afraid that she would not be able to bear a child.

It was a serious matter. She should have said it long ago. However, she was also a little selfish. The appearance of the Crown Prince made her really happy. To her, he was really gullible and easy to manipulate. She had been calm for so many years. Looking at this person, she wanted to be intimate with him. She wanted to experience the feeling of a fish swimming in the water.

However, when this person was in her hands, she felt a little guilty. That was also true.

She fell asleep in a daze and slept extremely well.

Early in the morning, an auspicious aura surrounded the house and it was filled with happiness.

When she opened her eyes, she was still in a daze.

She was married...

“You’re awake?” Zhao Xuanjing leaned against her back and looked at her sideways. “I asked the cook to make lotus seed soup, lily bulb cake, and longevity noodles. After you get up and eat them all, we can go to the palace to see Father and Mother.”

It had already been arranged.

Xie Qiao scratched her head and said sleepily, “Aren’t longevity noodles for birthdays...”

“What do you think?” Zhao Xuanjing pinched her nose as he said, “Take good care of your body in the future and live with me for another 90 years. It’s not much.”

Xie Qiao was a little confused and yawned slightly. “It’s so early in the morning, do you have to tell my fortune? Everyone knows that I’m short...”

“Short of what?” Zhao Xuanjing’s eyes were smiling, but there was a bit of a threat.

Xie Qiao perked up. “What outsiders say is wrong. I am also a half-immortal. I am the Princess Consort. I am very powerful.”

“Yes.” Zhao Xuanjing nodded in agreement. His hand was always naughty. He stopped pinching her nose and pinched her earlobe this time.

Xie Qiao was tickled by his pinching. She gently scratched her ear.

On the first day of their marriage, Xie Qiao could not stay in bed. After rolling in the bed for a while, she went to wash up.

From time to time, she peeked at Zhao Xuanjing.

His waist... was so nice. Now it was hers. She could admire it carefully every day.

His face... It was dark yesterday. She could not see him clearly in the dark red everywhere. Now that he was so close, she could see him more clearly than ever before.

Everything was perfect, and his body emitted a special but not greasy fragrance.

His shoulders were broad and thick, his chest was firm, his back was straight, his waist was thin and he had a nice butt. He had long legs and was tall. He had long, fair fingers, and he was full of grace.

Zhao Xuanjing had long noticed that Xie Qiao was looking at him.

He felt proud and even slowed down his speed of dressing. A wisp of morning sun shone in through the window, and it was as if his whole body was glowing. He had a seductive smile on his lips, his eyebrows were raised, and his bearing was relaxed. He was like the sun in the sky.

Xie Qiao was very satisfied.

When she went out in the past, she was most worried about bumping into a person with a face full of sadness. She would feel that the whole day would be ruined. However, now, when she opened her eyes, it was him. Only now did Xie Qiao realize that she was very satisfied with this marriage.

Even though she did not like Zhao Xuanjing very much, she still attached great importance to him. Otherwise, she would not be thinking of accumulating good karma for him at all times and places.

Xie Qiao had a blissful expression on her face.

After a while, breakfast was served.

Only then did Xie Qiao realize that the longevity noodles that Zhao Xuanjing was talking about... were not just noodles.

The breakfast seemed to be too sumptuous.

Rather than saying that it was noodles, it was more like ginseng chicken soup. There were some medicinal herbs that could replenish qi in it, but the taste was extremely delicious. There were other dishes that were very light, but they looked very appetizing. The lily bulb cake and lotus seed soup were just... two of the underrated dishes.
