

# THE PRINCESS CONSORT HAS A LETHAL DESTINY

## Chapter 1093 Leave Them

Xie Niushan did not know how to show courtesy, so he was really happy now.

On the other side, Wen Lancheng, who was forced to take leave to be here, had an awkward and helpless smile on his face.

He only hoped that the Crown Prince did not mind. He was an outsider who came to join in the fun, how annoying...

“You brought your wife too? Perfect.” Zhao Xuanjing glanced at Feng Yingying and then said to Xie Qiao, “I’ll chat with my father-in-law for a while. You ladies haven’t seen each other for a long time. Let’s get together. Don’t worry about me.”

Xie Qiao looked at him sympathetically. “My father can really drink.”

“It’s okay. I still have two brothers-in-law to accompany me.” Zhao Xuanjing looked quite brave.

The Xie Residence was definitely no different from the bandit’s mountain stronghold today.

Zhao Xuanjing was such a fair and tender person. She was really worried that he would not be able to return in one piece.

However, she did not want to get involved in the communication between men. Her father was stupid, but her elder brother and Wen Lancheng were not. They would not force Zhao Xuanjing to drink so much that he would be drunk.

After Xie Qiao pretended to be concerned, she dragged her sister and Feng Yingying to the backyard.

Coincidentally, Yu Xian also returned to the Xie Residence today.

“How could the Zhou family let you go so easily?” Xie Qiao asked people to prepare snacks and chatted as they ate.

At the mention of the Zhou family, Yu Xian laughed. “How could they not let me go? My cousin from the Zhou family k-knows that I know Master Mo. She respects me now. How could she dare to offend me? The Zhou family even sent a letter to put an end to the wedding in Dong’an on my behalf. I’m guessing that the letter has clearly stated the pros and cons. In the future, I won’t have to worry about being sent back.”

When Master Mo fainted earlier, she saw that the master’s face was slightly off.

After some guesses, she thought the master and Xie Qiao were the same person.

However, it was only a guess.

Before and after Xie Qiao’s wedding, she went to the Fortune Pavilion a few times. The shopkeeper said that Master Mo would only return a few days after she had some matters to attend to.

She was even more certain in her heart.

Now that she looked at Xie Qiao and thought of Master Mo, her heart was filled with admiration.

They were both young ladies, how could there be such a huge difference?

Look at Young Lady Xie. It was one thing for her to be good-looking, but her fortune-telling ability was so amazing. Furthermore, she was Old Master Li's disciple. In this world, other than the imperial family's daughters, who could compete with her?!

Now that Xie Qiao had married into the imperial family, there was no one who could compete with her!

"I only know Master Mo. How could the Zhou family take it so seriously?" Xie Qiao did not quite understand.

"They are not good-natured, and they want to do evil things." Yu Xian did not hide it from her and said directly, "I don't like to hide things, and I don't have the intention to cling to the powerful. Therefore, I'll make it clear to Young Lady Xie so that there won't be any misunderstandings in the future."

She was so serious that Xie Qiao was shocked.

"Just say it," Xie Qiao said immediately.

"My cousin works for the Crown Prince, and I know Master Mo. Master Mo is also the Crown Prince's senior sister. Everyone knows that the Crown Prince respects Master Mo very much. In addition, I have lived in the Xie Residence for so long, and my relationship with you can be considered close. That old lady from the Zhou family thinks that this is a heaven-sent opportunity. She wants my cousin to find an opportunity to offer me to the Crown Prince. She thinks that I, an orphan, will definitely pay her back when I become rich in the future. Moreover, once I enter the Crown Prince's residence, in order to seek the support of my family, I will definitely become closer to the Zhou family." Yu Xian said clearly.

"They are terrible. My cousin is also very angry. Everyone in the residence is putting pressure on my aunt. My aunt is very annoyed now. She says that she has long wanted to divorce. If she is forced to do it again, she will stir up trouble in the Zhou family. Then, she will leave them and live a carefree life!"
