

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 1096 Only Brings Lethal Fate to Her Family Members, Not Husband

Xie Qiao had an exaggerated look on her face. Yu Xian smiled and said, "Of course!"

Feng Yingying and Xie Xi did not know what Yu Xian and Xie Qiao were whispering to each other. They only knew that Xie Qiao's expression had become very cautious, as if she had been provoked. It was very pitiful.

At the same time, the main courtyard of the Xie Residence was even more lively. There was a table full of food and five men.

Only Xie Niushan was not afraid of death. He poured a bowl of wine for the Crown Prince one after another.

Other than Wen Lancheng, even Xie Pinghuai had wine in front of him. Wen Lancheng, on the other hand, was lightweight. He really could not drink it and did not dare to drink it.

At the beginning, there was not much interaction. After a few big bowls of wine, Xie Niushan had his guards down. "My good son-in-law, my daughter is not bad, right?! I dare say that no one's daughter is better than my daughter in this world!"

Zhao Xuanjing had never seen such a wine tasting before.

No one would be like this in front of him.

Only his father-in-law dared to drink himself to the point of passing out.

Such a foolish father-in-law, his wife had worked so hard. Fortunately, he met a straightforward and upright Crown Prince. If he met a narrow-minded person, this father-in-law would not have a good ending if he was so indulgent.

Zhao Xuanjing took a sip of wine. "That's right, Qiaoqiao is the best girl."

"Of course! In my family, my sons are useless and only my daughter is good. My eldest daughter is even more beautiful than a flower. She is like her mother. She is the best thing that I can show. I have given her to you..." Xie Niushan sighed.

Zhao Xuanjing wanted to know how Xie Niushan could say that.

Thing?

Xie Qiao was not an object.

Sigh, since he was drunk and he was Xie Qiao's biological father, he did not care about such details!

"Your Highness! Drink! Take big mouthfuls. Don't be like Lancheng. He's such a sissy. He doesn't even know how to drink!" Xie Niushan shouted.

Wen Lancheng was quite innocent.

In the past, his god-father had praised him for being gentle and filial. In the blink of an eye, he was no longer favored?

“Your Highness, you have to treat my daughter well! It’s not easy for her, and I, as her father, have never cared about her. I made her follow that stinky Taoist master since she was young, and I don’t know how much she has eaten and drank...”

Zhao Xuanjing almost swallowed the wine.

“Father, this is your fault. My sister’s health is not good, and that’s why people need to care about her. If she had been staying at home, then my sister would definitely be... better.”

If his biological sister had been with him since he was young, he would definitely be very obedient!

Xie Pinghuai also drank some wine and his face turned red.

“What do you know? Isn’t it all because of you useless things?!” Xie Niushan suddenly shouted angrily, he slammed the table. “It’s all because I wanted to protect your little lives that I sent her away. Otherwise, of course, I will take care of my daughter myself!”

“Ahem.” Xie Pinggang coughed to remind

him.

Wen Lancheng felt that he had heard something incredible.

He wanted to cover his ears.

It was too late.

“Why can’t I say that? Isn’t there someone out there who told my daughter’s fortune and said that she has a lethal fate? It’s not a secret.” Xie Niushan was so drunk that he could spit bubbles. “But don’t worry, Your Highness. My daughter only brings lethal fate to her family members, not her husband!”

Zhao Xuanjing took another sip of wine.

Drink, he should take this opportunity to drink a few more mouthfuls.

After today...

The sky was warm, and he felt that Xie Niushan should stop drinking.

Under the table, Xie Pinggang stretched out his foot and gave his father a fierce kick. This useless thing, how could it show off his sister’s ability in front of His Highness!

This old geezer, he should have shoved chicken feet into his mouth today!

Now he did not know who he was after two sips of wine!
