

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 1109: What Did You See?

Meng Jifang almost vomited blood from the Crown Prince's words.

How can he say that?!

Ostentatious?!

'Who is the ostentatious one?! Crown Prince, when you say these words, you should at least open your eyes and see clearly. Don't open your mouth and lie casually!'

However, his friends hurriedly nodded at this moment. Without saying a word, and without even looking at him, they actually... left?!

Meng Jifang was a little stunned and felt a chill in his heart.

After his friends left, he felt like a lamb that had been left in a pack of wolves.

"I suddenly feel much better. I don't need to go..."

"Since it's an appointment, how can you go back on it? The weather is nice today and the spring scenery is pleasant. Do you feel wronged by going out with us?" Zhao Xuanjing's voice sounded quite kind.

He had been in a good mood lately.

Meng Jifang felt really irritable in his heart and wanted to curse out loud. However, the truth was that he could only nod his head listlessly like a defeated rooster, looking somewhat innocent.

“What’s wrong with him?” Jiang Jinlu asked.

He asked this question to remind his eldest senior sister that it was time to the cow’s tears.

This was the thing that he was most persistent about, and it was also something that he had been curious about.

Xie Qiao did as she said. At this moment, she happily took out the cow’s tears and placed it on his eyelids. Then, she sprayed some talisman water on it and waited for the effect to take place.

Jiang Jinlu’s heart was beating fast as he sat nervously.

After confirming that it was done, he slowly opened his eyes.

The moment he opened his eyes...

His face instantly turned pale.

His entire body tensed up, and his hair seemed to stand on end. If he had not been mentally prepared, he would have definitely fainted from fright at this moment!

In the midst of all this, in such a small room, other than living people like them, there was actually something else!

Right in front of him was a bearded old man. His face was full of wrinkles, and his strange expression was obvious that he was dead!

Also, there were two or three people hanging on the screen. There were a few people standing behind Senior Brother Xiao. They were looking at senior brother with their heads stretched out as if they were very satisfied with him. Only the Crown Prince had a clean side...

That was not right!

He swept his gaze across and through the window, he saw the outside of the Fortune Building.

There were actually quite a few spirits that were lined up neatly and were staring at him seriously!

They were dressed like guards, like the guards of His Highness!

His breathing was a little hurried. Xiao Yurong and Sang You were very curious. They kept staring at him, waiting for his reaction. Seeing that he did not say anything, they were even more puzzled. "Junior Brother Jiang, what did you see?"

"Look, look, look..." He opened his mouth with difficulty, but he stuttered and could not speak!

There were really ghouls in this world. Not only that... There were many of them!

"This little friend is not very brave." Having seen Xie Qiao's courage, Baili Ji looked at Jiang Jinlu and began picking on him.

Hearing his words, Jiang Jinlu was more like a frightened cat, and all the hair on his body trembled, he opened his mouth with great effort. “D-Did you hear that... T-There’s someone there... It’s an o-old man...”

“Old man?” Sang You could not help but speak up for him.

Jiang Jinlu’s eyes lit up. “You saw it too?!”

“No?” Sang You shook his head as if it was a matter of course.

Where did the old man come from?

The room was full of young and aggressive young men.

Jiang Jinlu felt as if someone was strangling him. He was nervous and scared.
