

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 1121: Possession

The only thing Xie Qiao could do was to fulfill her last wish.

However, she was afraid that this ghoul would be as unwilling to leave as before.

If this ghoul did not cooperate, she could only use force. By then, both sides would be injured, so what was the point?

Xie Qiao was quite conflicted. Fortunately, Ms. Cai was silent for a moment before she actually nodded. "I'm a short-lived person with little knowledge and ability. I have no other wish. I just want to... be an unvirtuous person, even if it's only for one day."

"What do you mean?" Xie Qiao frowned.

"I've been obedient all my life. I work every day and worry about others every day. If you ask me about my last wish, then I just want to be myself when I was alive..." The ghoul added.

This last wish was actually a little troublesome.

If she wanted to be herself, then she definitely could not achieve it on her behalf.

In other words, she needed the ghoul to possess her body and let her live for a day.

However, if that was the case, did it mean that she had to give up her body?

Xie Qiao was not willing.

In order to survive, she really did her best in everything, but this possession was the situation that she hated the most.

She had suffered in the past, so she knew that this was not a good feeling. Moreover, her body was for others to use. If she had no other choice, it would have been fine, but now... it was awkward.

No.

“What’s wrong?” Seeing Xie Qiao frown, Zhao Xuanjing asked.

Xie Qiao told him about the situation.

When Zhao Xuanjing heard it, his brows relaxed. “It’s easy to handle this. Isn’t Meng Jifang a ready-made candidate for possession? Although possessing a normal living person has side-effects, you are a master. You can definitely minimize it, right?”

“I think so... it might be difficult to possess other people, but Ms. Cai has been with Meng Jifang for a long time, and there is karma between the two of them. If she possesses him, it won’t be a big problem.” She could basically guarantee that with a few more talismans, she would not harm Meng Jifang’s body, and it would not harm the virtue of the ghoul.

“Isn’t that enough?” Zhao Xuanjing said casually.

“But he’s a man?” Xie Qiao was a little helpless. Ms. Cai wanted to be an unvirtuous woman!

“Just change into a woman’s outfit. It’s only for a day. Just pretend that he’s a woman,” Zhao Xuanjing said after a moment of silence, “Tell the others to turn a blind eye later. It’ll work.”

Anyway, it was impossible for Xie Qiao to be possessed.

He had once seen Xie Qiao being possessed with his own eyes. He did not want to see that again.

Moreover, her body was not in a good condition to begin with. She did not know how long it would take for her body to recover after being possessed once.

Xie Qiao looked at the ghoul and asked, “Do you think... that’s possible?”

When Meng Jifang heard their words, he was already dumbfounded.

He wanted to howl and reject them!

However, Zhou Weizong put his hand on his shoulder. “Young Master Meng, if you want to make Master Mo suffer, His Highness would be unhappy. Young Master Xie would be unhappy. Teacher Xiao, Teacher Sang, and Young Master Jiang would hold a grudge against you.”

Meng Jifang’s face was full of despair.

He should not have come here alone with these animals!

They were bullying him because he was weak and had no backer!

However, Zhou Weizong felt that this was supposed to solve Meng Jifang's problem, so it was only right for him to put in some effort. In addition, in comparison, after the master was possessed, it would be more dangerous. He knew this person was proficient in both worlds. She was different from ordinary people. What if after she made an exception for this ghoul and other ghouls nearby took the opportunity to swarm over?

By then, they would be helpless!

Ms. Cai was a little hesitant.

However, Xie Qiao's aura did make her a little afraid, so in the end, she agreed to it.
