

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 1128: Eldest Senior Sister's Abilities

What Xiao Yurong wanted to say more was to let His Highness ride the carriage and take eldest senior sister away.

However, there were too many people and the carriage was a burden. They could not run far. By then, both of them would be in trouble. At this time, they could only choose the Crown Prince. There was no other way.

"Don't worry." They were about to rush up when Xie Qiao spoke.

She took out something from the bamboo basket.

There were some soul-guiding incense, strange little flags, and some bottles, jars, and talismans.

She shot the flags in a few directions, and the flagpoles were all stuck on the ground. They did not move at all. After she placed them in a few directions, Xie Qiao asked some ghouls that had not been sent away to help.

In addition, there were also some guards of the spirits of the dead who were protecting Zhao Xuanjing not far away. They were all summoned by her at this moment.

She got off the carriage and chanted a spell.

Pieces of talismans were thrown into the air. They floated in the air like Ghouls' Flame for a while. It looked very strange, and it successfully distracted the attention of the people in black.

“Riding on the heavenly dipper, take nine steps. Riding on Yuan Dou, flying immortals. Heaven Immortal, myriad spirits, invisible transformation... “Search our n?wn0?el.?rg”The great scholars of light, the yin spirits. Come to me, all souls, with fire bells on the left, and golden bells on the right... The mighty light spreads 10,000 kilometers, hear my command!”

She started to chant, and the dark wind instantly drifted over.

The dark energy of the ghouls became powerful in an instant, and they could not help but drift toward the direction where the flags were.

The sudden gust of wind made these black-clothed people feel that something was wrong.

These ghouls were invited by Xie Qiao, so they naturally knew who to deal with.

They slashed at Zhou Weizong, but the hands of the black-clothed people suddenly became soft. They spun and for some reason, they fell to the ground and cut off their hands and feet.

The others were also in a mess.

For a moment, everyone was confused.

Xie Qiao could not get the ghouls to kill people. Even though she was the one who bore the karma, for the sake of caution, she only let the dark energy to affect the judgment of these people. The surrounding environment also became worse and worse, it was no longer suitable for fighting.

Mournful cries continued.

In the eyes of the black-clothed man, this place suddenly became strange.

The wind blew so hard that they felt cold through their bones. It was as if there were countless pairs of eyes around them looking at them, making their hearts jolt.

Not only that...

For no reason at all, fog slowly began to appear.

In such a short period of time, they could not see anything!

Xie Qiao walked over and gave Zhao Xuanjing and the others some talismans. There was nothing in front of them.

Jiang Jinlu was so scared that his legs went soft.

They were surrounded by ghouls! They looked fierce and terrifying. Some of them were emitting blood energy, some of them had a dark aura, and some of them flew out of their bloody mouths and rushed toward the black-clothed men...

He saw a ghoulish open its mouth and bite the black-clothed men's arms. One moment, the people were holding a sword, and the next moment, their hands turned soft. The sword fell, so how could they fight?

Elders senior sister's ability... was it actually so powerful?!

Xie Qiao really did not have the strength at this moment.

With Xie Qiao's help, Xie Pinggang and Zhou Weizong dealing with these people was as simple as chopping vegetables and cutting melons. It was so simple that it made them anxious.

Was this person capable of fighting against an army of thousands?!

Not long after, all of them were defeated.

These men in black had brought a huge net over. They were probably trying to use it as a trap. Now, they were using it to protect them, and each of them was tied up firmly with ropes.

Xie Pinggang was also fast in tying people up, but even so, Xie Qiao was holding on to the point where she wanted to vomit blood.

Her job was too difficult!
