

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 1130: Where Are You Going?!

The Crown Prince was full of hostility. Xiao Yurong and the others did not dare to provoke him, so they could not continue to persuade him.

Xie Qiao looked sick. After a while, she went to the carriage to rest. On the other side, Ms. Cai stuck her head out of the carriage. She did not look flustered at all. She was even a little excited?

Jiang Jinlu was very curious about Ms. Cai.

After all, this was the first living dead person he had seen.

He mustered his courage and said to Ms. Cai, "I hope you didn't get scared from the incident last night?"

After saying that, he could not help but have goosebumps all over his body. Ms. Cai was wearing Meng Jifang's face now, right? He was strange, young, and a little good-looking...

Ms. Cai seemed to be quite satisfied with her current appearance. When she heard Jiang Jinlu's words, she smiled slightly and shook her head. "No, it was quite lively."

"Lively?" Jiang Jinlu's mouth twitched. He thought he had misheard her. He glanced at Ms. Cai and saw her nodding in confirmation. Then, he said in a confused manner, "Many people died last night..."

"But people die every day, right?" Ms. Cai said matter-of-factly. "Didn't I die too?"

Jiang Jinlu instantly came to a realization.

Although she had possessed Meng Jifang, she was no longer a living person. Her mentality had also changed.

In her eyes, regardless of whether she would be hacked to death at night or not, she was still a dead person.

It was fortunate that she did not have evil thoughts and did not want to kill Meng Jifang. Otherwise, if she did not cooperate, Meng Jifang's life would be implicated.

Jiang Jinlu secretly sighed.

When Ms. Cai was alive, she must have been an ordinary woman. He did not expect that there would be such a big difference after her death.

He did not know what would happen after his death.

Ms. Cai did not care about this at all. She was even very interested in these scenes that she had not seen when she was alive.

She knew that it was not easy for her to possess someone, so she cherished this time very much.

For instance, when Jiang Jinlu was cooking, there were a few times when she could not help but want to intervene, but after thinking about it, she stopped. However, she did not deliberately make things difficult for others. Her sense of presence was actually similar to when she was alive. It was not exactly different. If Xie Qiao was not present, Xie Pinggang and the others would probably be unable to help but forget about her again.

A few hours later, it was daybreak and the members of the Crown Prince's guards had arrived.

Xie Qiao had almost rested well and looked a little better.

However, after getting out of the carriage, Xiao Yurong, who was concerned about her, was stunned.

He looked at her in a daze.

Xie Qiao was still a little confused and her legs were weak. Seeing Xiao Yurong's shocked expression, she frowned and asked, "What happened again?"

Xiao Yurong was in a daze for a while.

A familiar feeling rose in his heart.

Eldest senior sister's eyes... He seemed to have seen those eyes somewhere before...

Or rather, the upper half of his eldest senior sister's face...

Xiao Yurong opened his mouth but could not remember where he had seen her before...

At this moment, Xie Pinggang walked over.

He was going to bring these men in black back for interrogation. Before he left, he had to say goodbye to the master. At this moment, he ran over with a silly smile on his face.

It was just that when he was far away, his smile was still there. However, when he arrived in front of Xie Qiao, his expression was as if he was going to eat someone...

Xie Qiao felt that something was wrong.

She suddenly thought of her own face and quickly covered it. She turned around and climbed into the carriage.

However, just as she stuffed her head into the carriage, her back was grabbed by Xie Pinggang. "Where are you going?!"

Xie Qiao felt hopeless. Oh, no. He must have found out about her!
