

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 1133: Arrogant

Zhao Xuanjing looked serious.

Xie Pinggang was at a loss, and Zhao Xuanjing continued, "I am angry. How could the Princess Consort hide such an important matter from Minister Xie? As an elder brother, I understand Minister Xie's love for his sister. I have been very moved. I have advised her many times to tell you as soon as possible, but she's really... worried about you, right?"

Xie Pinggang was stunned.

Worried about him?! Nonsense!

Of course, he could not say that the Crown Prince was spewing nonsense... He had to take that back...

"Hey, do you know that your fate is a little bad?" Zhao Xuanjing sighed and continued.

"Yes, my younger sister..." Xie Pinggang scratched his head in frustration. "She told me before that it's my destiny to bring lethal fate to my wife and not understand romance."

"Exactly. Qiaoqiao also knew that you had a serious problem. She's worried and wants to find the solution for you. That was why she was helpless and did not tell you the truth. If you knew that she was Mo Chusheng, I'm afraid that you wouldn't allow her to go out, and you wouldn't allow her to worry too much..." Zhao Xuanjing continued to talk nonsense.

Xie Qiao nodded. "Yes, Eldest Brother, I'm worried about you!"

She looked at him eagerly.

Xie Qiao's eyes looked brilliant. At this moment, they were still shining with crystal light, which made people feel soft-hearted.

"This little problem of mine doesn't matter. If I can't marry a wife, then I won't marry. Who cares?" Xie Pinggang snorted.

"If you don't care, your sister would be even more worried." Zhao Xuanjing patted his shoulder, "Even if I'm her husband, I'm only an outsider in the matter between you and your sister. It's not good for me to interfere. If you have something to say, you can talk it out. But don't use violence. You know how weak her body is. She only worked for one night last night and is physically and mentally exhausted.

"Be gentle with your tone. Don't scare her," Zhao Xuanjing added.

These words made Xie Pinggang feel a little better.

He did not want others to interfere when he was lecturing his sister, even if the person was the Crown Prince.

"Thank You, Your Highness. I understand." Xie Pinggang could still understand human words.

At this moment, Sang You and Jiang Jinlu finally understood.

Oh, it was not that their eldest senior sister was missing...

Their eldest senior sister was right in front of them. She was the Princess Consort?!

Now that they looked at her...

They all remembered.

She seemed... very similar!

They had only seen the Princess Consort on the day of the Crown Prince's wedding. At that time, the Princess Consort had heavy makeup and was very dignified. They were not too close to her, so they could not see her clearly...

However, now that they had been reminded, they felt that the images overlapped.

The two of them were stunned on the spot.

They did not move at all, as if they were big rocks.

Zhao Xuanjing left between Xie Qiao and Xie Pinggang.

He wanted them to have a good talk.

Xie Qiao seized the opportunity and quickly said, "Eldest Brother, I'm doing this for our bodies. Look, my body is much better now... and Eldest Brother, you can marry a wife sooner or later. I've been using a formation to protect our house..."

Xie Qiao had never been so cowardly.

She, Mo Chusheng, and Half-immortal Xie, who was she afraid of?

Even with the Crown Prince, they had discussed things together. They knew each other well, but only with her own eldest brother...

She was helpless. It was all her mother's fault for giving birth to her eldest brother who was so fierce.

As long as she was born a little stronger than Xie Pinggang, she would not allow Xie Pinggang to be so arrogant...

Xie Qiao had quite a backbone inside her, but on the surface, she was as obedient as a kitten.

Xie Pinggang was about to speak when Sang You shook his head and said in despair, "Y-You're not ugly... Eldest Senior Sister, why did you hurt my eyes so much..."
