

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 1166: Slaughter

Xie Qiao had someone prepare a chair for the black-clothed man so that he would not faint when she asked questions.

However, her actions made the black-clothed man panic even more.

He could not live, he could not die, and he had endured so many great punishments... He thought that after the great punishment, he would die, but he did not expect things to change again.

What were they doing...

Could it be that after he recovered, he was punished again?

“What is your name?” Xie Qiao asked the ghoul.

The black-clothed man thought that Xie Qiao was asking him, but he still gritted his teeth and did not say anything. When the ghoul saw that Xie Qiao seemed to be staring straight at him, although he knew that Xie Qiao was not looking at him, he still muttered, “I am Fu Ankai from Dongyu... I have sons and a daughter. My sons are Fu Jian and Fu Chao, and my daughter... Fu Ruozhen...”

“Fu Ankai,” Xie Qiao repeated, “The person in front of you killed you?”

As soon as Xie Qiao’s voice was heard, the black-clothed man revealed a terrified expression and looked at her in disbelief.

His entire body began to tremble violently. He struggled non-stop as if he wanted to escape.

Fu Ankai's ghoul also looked at her in shock. Suddenly, the ghoul that was initially not breathing became restless. "It's them! They did it. His sword fell on me and my wife! My entire family, the elderly, servants, children, except for my daughter, all died! 17 people died! Please do justice for me!"

"17 people? Can you tell me in detail?" Xie Qiao asked again.

It was painful to relive the past, but it was clear that this black-clothed man cared about his name. The more he said, the more likely it was to pry the black-clothed man's mouth open.

"My family was quite wealthy. We made a living by buying seafood from fishermen and know many merchants who come and go. That night, my wife and I went to bed early. In the middle of the night, we heard a commotion. When we came out, we saw that it was a group of beasts who were slashing people with swords! My elderly parents were already stabbed. My wife and I were also killed in the courtyard... After I died, I was unwilling and wandered around the courtyard..

"My parents were stabbed more than ten times, my two sons and daughter... I don't know the whereabouts of my daughter. My sons..."

As he said that, he shed tears and said hatefully, "These animals. My youngest son was only seventeen or eighteen, and his arm was cut off. He bled to death, and my eldest son fought back with all his might. He was killed and pushed into the well! All the other servants were not spared!

"I followed them all the time, but I could not do anything. They killed everyone and searched my house thoroughly. There were pearls, corals, and other goods in my house's warehouse, but they were all robbed.

"These animals wanted money, so I gave it to them. Why did they kill my family and take my daughter away?"

“It was this man who killed me. I could only follow him, but I could not find my daughter...”

It was truly tragic.

Xie Qiao relayed his words one by one.

The more the black-clothed man listened, the more afraid he became.

He knew the most about the situation that day!

He knew more than anyone else how many of those corals and pearls there were!

Back then, he had followed them to slaughter the entire Fu family. Some of them had died long ago, while some had not followed them at all. In the team that assassinated the Crown Prince this time, not a single person knew about this matter in such detail. After so many days, he did not say a single word. H-How did this person know so much?!

“I beg you, Master, I don’t beg for revenge. My family is already in such a state. I only want to know where my daughter went...” Fu Ankai said.

After following the black-clothed man for so long, he probably knew why he had died.

He had never thought about revenge, because it was too difficult.
