

# THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 1206: Father and Daughter

The man was nervous. When he heard Xie Pinggang's voice, his whole body trembled.

"We sent people to protect the grand preceptor. However, the grand preceptor was annoyed and asked us to leave. After that, he left the house. We followed him from afar. However, in the blink of an eye, he disappeared..."

Xie Pinggang was so angry that he wanted to slap the table.

However, because of Xie Qiao, he endured it.

He immediately went out and led his men to look for him.

At this moment, Peng Tianming arrived at an abandoned village. Lu Yuping appeared behind him with a complicated look in his eyes.

"Ha, master, how have you been?" Lu Yuping's tone was sarcastic.

Back then, he wanted to pursue the dao, but he met his master.

Seeing that he was like an immortal, he was very excited and joined the sect. He taught him for some time, but soon, he was gone.

There was only a large pile of books left.

He could only read and learn on his own. As he was the eldest senior brother, he had to take care of his two junior brothers. The three of them depended on each other. They did not understand what should be read and what should not be in those books.

If he was not careful, he would be stained with karma and suffer a lot.

Later, he met his master's daughter.

His master was even more ruthless toward his own daughter. She actually ended up alone in the palace and was taken over by that old man, the late emperor, and even gave birth to a b\*stard.

His junior sister's temperament changed drastically and she was emotional. It was all his master's fault.

Peng Tianming seemed to have returned to his senses. He looked at Lu Yuping with a strange gaze. "You are my disciple? The puppet technique is not bad. However, such a technique is very easy to be discovered and easily backfired."

"But isn't Master here?" Lu Yuping sneered.

It was indeed easy to backfire. However, he bet that his master would not resist.

As expected, the mission today was extremely smooth. This person had arrived.

"Go and see junior sister. She is your daughter after all. You should see her before you die. Don't worry, junior sister and I will not do anything to you. There is no need," Lu Yuping said.

His junior sister only wanted to know why he had abandoned her that year and never heard from him again.

He knew that she had been bullied all those years and wanted a backer, but he still left without hesitation.

Peng Tianming did not say anything but followed Lu Yuping.

They followed the well and arrived at the underground secret room. It was very big and should have been built by Prince Rong after he entered the capital. This place was remote, and there were many twists and turns inside. It was indeed a good place to hide.

There were even death warriors in the secret room.

This daughter of his seemed to be very unusual.

Outsiders only knew that the grand preceptor of the current dynasty had a cold personality and did not like to smile. However, they did not know that the grand preceptor had lost his memory, and no one dared to ask about his past.

Not long after, he saw a woman.

It was somewhat familiar, but after thinking about it carefully, he felt a headache.

This woman... looked very young, about twenty years old, but... her bone structure was not right.

She should be very old, and no one knew how she maintained her appearance.

“Father is here?” Great Consort Hui raised her eyebrows and looked at the center of the dark room.

There was an altar there, and this place was filled with a strange and disgusting aura, which made people want to vomit.

“You are... Ms. Hui.” The grand preceptor found this name from the only memory he had.

“So you still remember me.” Great Consort Hui sneered, “Since you remember me, why haven’t you come to look for me all these years? Or am I also a monster to you? A monster that you are afraid of or loathe?”

“Why do you say that?” The grand preceptor did not understand.

He forgot.

Great Consort Hui was stunned, then, she became a little crazy. “You are really heartless. When I was young, you were always away from home. My mother and I waited for you every day! You let her die. She left. What about me? I had to wait! I had to wait for you!”
