

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 1219: Submission

Xie Pinggang had crawled out from under a stove. That small exit had almost trapped him inside.

He crawled out with his face covered in dust. He was extremely irritable, and his face was filled with killing intent. It was very frightening.

He rushed into the courtyard and was about to arrange for his brothers to come out to handle matters right away. However, before he could finish his words, he saw Yu Xian.

The glaring sunlight was a little dazzling.

Under the sunlight, Yu Xian's eyes were very eye-catching.

Her body was a little bloody, and there were five or six death warriors lying in a mess in front of her. On both sides of her body, one of them was holding the head of a fainted man and pulling his hair, afraid that he would run away.

"Quick, quick, quick, this person is very cunning. I did not dare to find a rope to tie him up. I was afraid that he would disappear in the blink of an eye..." Yu Xian looked anxious. Her arm was injured, and now it was bloody and painful.

Xie Pinggang immediately went up to arrest the person.

The dignified Great Consort Hui's hair was in a mess, and she was unconscious.

Only then did Yu Xian free her hands and grimaced. “When I learned from my father, I really did not face such a scene. It scared me to death... Fortunately, you and I did not hold back during our sparring sessions, so my fighting skills increased without any loss. Otherwise, I would have died here today...”

She really had lingering fear in her heart!

There were quite a few death warriors!

These people used killing moves, and she felt that she was going to die several times.

“Are they dead?” Xie Pinggang said while lowering his body to probe.

“No, no, this is...” Yu Xian hurriedly shook her head and said in a low voice, “She’s the great consort... Although she is a bad person, I don’t dare to kill her... but aren’t they evil? They are very capable, and I’m afraid that I would be possessed by them. Just in case, I did not give them a chance to speak and knocked them out... It’s fine, I didn’t hurt them...”

Yu Xian’s position was very clear.

She could not cause any trouble.

“It doesn’t matter even if you kill them. Great Consort Hui has long set herself on fire and died. These two? They are evil,” Xie Pinggang said as he tilted his head and glanced at Yu Xian.

His heart skipped a beat at this glance.

“Ahem.” He pretended to be fine. “Well done, you’ve made a great contribution. I’ll ask His Highness for money for you later.”

“Okay!” Master Yu agreed immediately.

She could not ask for less, could she?

“I’m rich now. I’ll treat everyone to a drink...” She added.

She could not afford to buy drinks that were too expensive, but she could also buy drinks that were cheaper. She had more options as a brother. The work at the criminal division was too easy, and the money came quickly. She hoped that everyone would come to her for lucrative jobs in the future...

Master Yu was too embarrassed to say the rest of her sentence.

After all, she had just done a meritorious deed, and it was not good to say these words immediately. It would seem like she was showing off.

“There are benefits to not killing this person...” On the way back, Xie Pinggang suddenly remembered Xie Qiao’s instructions and said, “If she dies and becomes a vengeful soul, it will be even more troublesome. It’s fine for now, but leave her alive. When we go back, let Mo Chusheng think of a way to deal with it so that there won’t be endless trouble in the future.”

That was why Yu Xian did a really good job.

She was different from other dainty women.

If she had the ability, she could drink and practice martial arts. She had a decisive personality, and she was also good-looking. She had delicate and pretty eyes, and she looked like a decent person. It was more comfortable for her not to act coquettishly...

A thought began to sprout in Xie Pinggang's mind.

Yu Xian was so good, and it was simply a match made in heaven with him. Such a good lady would only be suitable to bring her home and become the wife of a bandit...

As for whether she would agree or not...

He would ask her another day. If she agreed, everyone would be happy. If she did not...

Then what should he do? It should not be the same as what he did to Xie Pinghuai. He should not just beat her into submission, right?
