

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 242: Travel the World

Xie Qiao understood when she heard that.

Zhao Xuanjing was different from the previous Crown Princes. Although he lived in the Imperial City, as the Crown Prince, he was always away from home. He even had a residence in the academy. It was no wonder people had always complained about him.

However, as he was doted on and the Emperor did not care, no one else was qualified to question him. In addition, there were too many academies in the Qian Yuan dynasty. It was common for princes and princesses to study outside. Therefore, his behavior was acceptable.

If he got married, he would most likely have to live here with the bride.

The dark energy would naturally be useful.

Xie Qiao looked at him sympathetically.

“Does this place attract dark energy easily?” Zhao Xuanjing frowned and asked again.

His attitude remained modest. Seeing this, Xie Qiao explained patiently, “Of course not. I’ve changed the feng shui here. It’s not easy to attract dark energy on this basis. These two spots are indeed weak points, but it won’t have a big impact.”

“Could you take a look at the residence and the East Palace? I’m afraid this dark energy isn’t here only,” Zhao Xuanjing added. He did not forget to add, “There will be a reward.”

Xie Qiao hesitated for a moment.

“With my status, I shouldn’t be going to the East Palace, right?” Xie Qiao asked carefully.

“Father wants to arrange a marriage for me. After I return to the palace, I’ll let him hold a banquet in the East Palace. By then, all the women of the right age should come and visit. Is it possible for you to go openly?” He pondered for a moment and observed Xie Qiao’s reaction.

Xie Qiao nodded, “It’s a great idea.”

It was a pity.

Zhao Xuanjing was slightly disappointed that he did not see any change in Xie Qiao’s expression, he casually added, “I’m a cripple and have never thought of getting married. Therefore, not to mention wives and concubines, there’s not even a lover’s room in here. The workers have wasted their efforts to create such an artificial mountain.”

Xie Qiao looked at him in surprise, “You don’t even have a lover’s room here?”

Zhao Xuanjing’s expression was a little spirited, but he said calmly, “I have a master. Before he traveled, he repeatedly reminded me after he got drunk and entrusted his beloved disciple, my senior sister, to me. I agreed after giving it a thought.”

Xie Qiao was stunned.

‘No, this isn’t true.’

Her master should not be so deceitful, right? Not that it was Mo Lingzi, that ignorant old man!

However, seeing the Crown Prince's serious face, he did not look like he was lying.

Xie Qiao frowned, weighing the pros and cons secretly.

The Crown Prince was not bad. She liked him quite a bit. He was good-looking, and he was her junior brother. No matter what, he could not escape from her.

However, this person was the Crown Prince. Who knew how many days he could be in this position? If he implicated the entire Xie family, it would not be worth it.

Furthermore, she was already a short-lived person. There were countless ghouls around the Crown Prince. If she were to be with him, she would have to worry that she would not be able to see the morning sun before she went to bed every day.

If she really got engaged...

Then... Mo Chusheng should travel the world...

Thinking to this point, Xie Qiao did not feel any psychological pressure. She smiled gently at the Crown Prince, "Congratulations, Your Highness."

Zhao Xuanjing frowned slightly. Could it be that he had mistaken her for someone else? Impossible.

"Oh, I've agreed to Your Highness' request. It's just that I also have something to ask Your Highness for help," Xie Qiao continued as she spoke, "With Your Highness' identity, you should be able to find someone in the palace, right?"

Earlier, she had even caught a female ghou in a palace dress!

That female ghou insisted on going home, but Xie Qiao did not even know the name of this female ghou.

When she returned, she would sketch the ghou's appearance and ask the Crown Prince to help her investigate... It was the perfect plan.

At this moment, Xie Qiao felt that it was amazing to have a good relationship with the Crown Prince.

There were many ghou in the capital, and it was estimated that many had died in the Imperial Palace. In the future, if she accepted businesses of this aspect, she would have someone to help her.
