

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 319: The Subject Under the Skirt

Xie Qiao had no idea why Dong Xiyun would target her eldest brother. There were no relations to the both of them at all.

However, she knew that Dong Xiyun was definitely not a good person.

Her eldest brother was unfortunate to have been targeted by Dong Xiyun.

Fortunately, there was no involvement later on. Otherwise, with Dong Xiyun's ability to cause a heart ache, it would be difficult for her eldest brother to turn the table around!

Xie Qiao ignored her at that moment.

Seeing her like that, Qi Huai thought this girl had such a beautiful face for nothing. She was actually so vicious.

"Young Lady Xie, Young Lady Dong is different from you. She's put in a tough spot at home. If those words of yours were to be spread to the Dong family, it might destroy her! Young Lady Xie, since your health is lacking, you should do more good deeds to gather good karma. Only when you are reincarnated as a person in the next life can you be blessed, right?" Qi Huai said again.

These words had punctured Xie Qiao's bottom line.

Her face turned pale, and she suddenly began to cough violently.

Then, she hurriedly took out a pill from her cloth bag and stuffed one into it. She opened her mouth and bit it, blood actually flowed at the corner of her lips!

When Qi Huai saw that, he was shocked.

Xie Qiao wiped the corner of her lips, “Young Master Qi, are you saying that I, Xie Qiao, have a vicious heart and deserve a short life? You have a good life, full of vigor and longevity... Cough, cough, it’s just that... your brain is a little dumb. You two are actually so warm-hearted. Young Lady Dong didn’t come forward herself, but you actually fought for her injustice...”

Qi Huai was stunned for a moment.

The other people in Orchid Courtyard looked at Qi Huai and the rest with a somewhat disdainful gaze.

“All of you keep saying that you want to stand up for Young Lady Dong. May I ask who you are to Young Lady Dong? Father, brother, husband, or lover? Today, for Young Lady Dong, you actually forced me to this extent and even verbally cursed me. Aren’t all of you vicious?” Xie Qiao said, she closed her eyes slightly.

Young Lady Dong was pitiful?

The blood pill that she had prepared was used, and she had to spend money to do that. Clearly, she was even more pitiful.

Qi Huai did not expect Xie Qiao to vomit blood.

Behind him, there were a few other men.

At that moment, they all stood there awkwardly.

“Young Lady Dong is really ostentatious. She hid herself and cried a few times, and she actually triggered all of you to come. Xie Qiao is right. Who are you? Dong Xiyun’s subordinate! If that’s the case, then the First Young Master of the Xie family is actually much more righteous than Dong Xiyun. At the very least, the First Young Master doesn’t have a group of women like you by his side!” Qin Liu said angrily when she saw Xie Qiao bleeding, she was furious.

“This is Orchid Courtyard, who asked you to behave atrociously here?! Do you really think that there’s no one in our Orchid Courtyard?!”

“In the past, I thought Young Lady Dong was innocent and pitiful, but now that I think about it, Young Lady Dong sure has tricks up her sleeves! Don’t tell me none of you understand? Everyone knows that Young Lady Dong suffers at home. It can be seen that she often complains to Young Master Qi and the others!”

“There are differences between men and women, and they are neither family nor relatives. Isn’t Young Lady Dong disgusting to be doing that?!”

Fang Muxue, Feng Shuangshuang, and the others also chimed in.

In addition, their impression of Dong Xiyun instantly dropped.

As they were not familiar with her, they only heard that she was a talented woman, so they naturally had a good impression of her.

However, forget it that she provoked Xia Yayun’s incessant criticism, but she actually provoked Qi Huai and the rest to come and stir trouble!

Qi Huai and the rest were all men!

Did they not cross the line? They would not believe that Dong Xiyun was innocent!

They were all girls, and Dong Xiyun's intention had become too obvious!

Qi Huai did not know what to say after being scolded by these people.

"Don't slander Young Lady Dong. We saw that she was wronged, so we asked around and took the initiative to stand up for her!"
