

# THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 417: I'll Give You A Couple of Words

Xie Qiao also took a careful look at Zhao Xuzhi's appearance.

A person's appearance could not determine their entire life. However, with her abilities, she could tell that this person's fate had changed recently.

King Ning Bei was the Emperor's cousin. He would only be demoted after three generations. Hence, the Crown Prince would inherit the throne in the future.

The fate of a b\*stard son was not as bright as that of a legitimate son. However, after all, he was a descendant of the imperial family. How could his fate be terrible?

Based on the current situation, Zhao Xuzhi would probably be conferred the title of Commandery Prince in the future.

Especially since Prince Ning Bei had few heirs, Zhao Xuzhi's position as Commandery Prince was almost in the bag..

There were some princes in the royal family. There were many concubines and many sons. In such a situation, other than the eldest son inheriting the title of king, the other children who were lucky and capable might be able to obtain the position of Commandery Prince. However, if they were not capable, they could only be given some insignificant titles and become some low-ranking officials.

In terms of noble charisma, the person in front of her had some. However, he now had some dark energy.

Perhaps... it had something to do with that dirty thing.

Xie Qiao drank her tea slowly.

Zhao Xuzhi did not expect that this master was actually a woman.

"I heard that Master saved my Second Brother, so I came to thank you. I don't know what Master likes, so I bought some random things. I hope that Master doesn't mind," Zhao Xuzhi said.

Xie Qiao looked at his eyes and smiled, "Young master's eyes are a little similar to someone."

Zhao Xuzhi was stunned, "Are you talking about the Crown Prince?"

Xie Qiao raised her eyebrows, "Yes."

"So Master Mo has also met the Crown Prince," Zhao Xuzhi looked very gentle and amiable, "Someone mentioned it before that the Emperor specially asked to see me because of my looks. It's a fortune to look similar to the Crown Prince."

"When you speak like that... you don't look like him. There are stars in the Crown Prince's eyes, but it's as if there's a black wind blowing in your eyes. You look gloomy," Xie Qiao said faintly.

Zhao Xuzhi was stunned.

He put on a fake smile.

Xie Qiao only thought he looked a little similar to the Crown Prince when she met his eyes.

After all, they were both surnamed Zhao and they were from the same ancestors. It was inevitable that they looked similar, but now she could not see any similarities.

People said that the Crown Prince had a cold and cruel personality. Whoever he targeted would be finished. However, in reality, she had interacted with the Crown Prince so many times and could feel that the Crown Prince's coldness was mostly directed at people who were not that sensible.

The Crown Prince was generous and benevolent. He had a magnanimous heart, which was why he looked good.

"Master saved my brother. From now on, you will be my benefactor. In the future, I will also have to visit Master more often," Zhao Xuzhi's face was sincere, but his smile was a little creepy.

"Seeing that you have given such a generous gift, I'll give you a couple of words," Xie Qiao took the horsetail whisk.

Then, she dipped it into the tea and wrote on the table, "Greed leads to no good. If you're content, you will grow old and prosper."

It was obvious that this person was intelligent. If he was content with what he had, he would keep what he had and put in all his effort. In the future, he might be able to become a king by relying on his own abilities.

It was terrible to only focus on what was in his father's hands.

Xie Qiao's words were written quite clearly.

Zhao Xuzhi looked at it and smiled, "Thank you for your guidance, Master. However, have you performed divination on your own fate?"

"No, I have not. Those who are involved in the matter are confused and can't see clearly," Xie Qiao was very calm.

"Since Master is so capable, you're naturally a wealthy and noble person. Why don't you have any confidence in yourself?" Zhao Xuzhi joked, "I came to see Master today with sincerity. Master doesn't need to tell me these useless things. What I want to know is... is my brother really okay? Will he no longer suffer and free from disaster in the future?"
